REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees American Ecology Corporation 401(k) Savings and Retirement Plan and Trust

We have audited the accompanying statement of net assets available for benefits of American Ecology Corporation 401(k) Savings and Retirement Plan and Trust (the Plan) as of December 31, 2003 and 2002 and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of American Ecology Corporation 401(k) Savings and Retirement Plan and Trust as of December 31, 2003 and 2002 and the changes in its net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2003 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AMERICAN ECOLOGY CORPORATION 401(K) SAVINGS
AND RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND 2002

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the American Ecology Corporation 401(k) Savings and Retirement Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

GENERAL - The Plan is a defined contribution plan covering all employees of American Ecology Corporation and its subsidiaries (the Company) that have 90 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to January 1, 2003, all employees of the Company who had one year of service and were age eighteen or older were eligible to participate in the Plan. A year of service was defined as a 12-consecutive month period in which an employee completed at least 1,000 hours of service.

CONTRIBUTIONS - Each year, participants may defer up to 100 percent of their compensation as defined by the Plan, up to the maximum deferrable amount allowed by the Internal Revenue Service. Participants may elect to deposit their contributions in any of the investment options available. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the contributions into various investment options offered by the Plan. The Company contributes a discretionary matching contribution, which is determined by the Employer.

For 2003 and 2002, the Company established the discretionary matching contribution for all participants equal to 55 percent of the amount of compensation deferred by each participant for the calendar quarter not exceeding 6 percent of compensation.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's elective deferral, the Company's matching contribution and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. Forfeitures of terminated participant's nonvested benefits are applied to pay administrative expenses and reduce the Company's future contributions to the Plan. At December 31, 2003, forfeited nonvested accounts totaled \$19,627. This amount will be used to reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003 AND 2002

NOTE 1 - DESCRIPTION OF PLAN (Continued)

VESTING - The vesting schedule is as follows on Company matching contributions and actual earnings thereon:

	Percentage of
Years of Service	Vested Interest
1 year	20%
2 years	60%
3 years	100%

The Plan provides for participants to be 100% vested upon death, permanent disability or the attainment of age 65.

PARTICIPANT LOANS - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The term of the loan will not exceed 5 years except in the case of a loan for the purpose of acquiring a primary residence. The term of the loan will be determined by the Administrator at the time the loan is made. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 4.0% to 11.5%. Principal and interest is paid ratably through bi-weekly payroll deductions.

PAYMENT OF BENEFITS - Upon normal retirement or death, vested benefits due to participants and their beneficiaries may be paid in the form of either a lump-sum distribution or fixed period annuities.

RISK - Investment securities are exposed to various risks, such as interest rate, market, and credit risk. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term

could materially affect the investment amounts reported in the financial statements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

USE OF ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2003 AND 2002

There are no reserves against the contract value for credit risk of the contract issues or otherwise.

NOTE 4 - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2003	2002
Manulife Lifestyle Balanced	\$1,131,271	\$ 663,635
Manulife Lifestyle Growth	1,531,265	
Manulife Money Market	673 , 875	776 , 947
Manulife Lifestyle Conservative	275 , 279	580 , 968
MFC Excelsior Value and Restructuring Fund	441,958	303 , 625

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include pooled separate accounts, a money market account and guaranteed investment contracts that are managed by Manulife Financial and, therefore, these transactions qualify as party-in-interest transactions.

The Plan invested in company stock until this investment option was discontinued on November 28, 2003. American Ecology Corporation purchased back the company stock held in the Plan.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest determination letter on April 9, 2001 in which the Internal Revenue Service stated that the original Plan and all amendments through December 11, 2000, were in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan as currently designed is being operated in compliance with the applicable requirements of the IRC.
