ITEM 1. CHANGES IN CONTROL OF REGISTRANT

Not applicable.

ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

Our subsidiary, Primavera Corporation sold 100% of the shares of North Texas Circuit Board Company (NTCB) of Grand Prairie, Texas to BC Electronics, Inc. All closing documents were completed and received on September 13, 2002.

## Edgar Filing: FLEXXTECH CORP - Form 8-K

The purchase price consisted of over \$2.25 million that was loaned to NTCB by BC Electronics over the last three months, and ten percent of the net profits of NTCB through December 31, 2007. (See "Share Purchase Agreement" as attached exhibit for further details of the transaction).

We did not file a proxy statement on Form 14C, but received unanimous written consent from Primavera shareholder, Flexxtech Holdings, Inc., a subsidiary of Flexxtech Corporation. Flexxtech Corporation received majority written consent to the transaction.

Our reason for the sale was based on several factors which included: (1) the inability to continue to finance the company properly, (2) the inability to service the growing debt of NTCB, (3) to eliminate the debt from our consolidated financial statements, (4) to apply future capital and financing efforts on opportunities that are less capital intensive, (5) to allow us to stay in business during the current economic down-turn, and (6) to gain profitability and value for our shareholders.

### ITEM 3. BANKRUPTCY OR RECEIVERSHIP

### ITEM 4. CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANT

### ITEM 6. CHANGE OF DIRECTORS AND EXECUTIVE OFFICERS

We have a change in our Directors of the Company. The following officers and directors of Flexxtech and its subsidiaries resigned from all posts held, to pursue other interest and to make room for additional officers and directors to be appointed: Khahn Tran, David Pimentel, Chris Beshlian, of Flexxtech Corporation; Hector Escamellia and Ed Fearon of Primavera Corporation and Linette Malloy and Ed Fearon of NTCB. Greg Mardock became the sole director and officer of Primavera Corporation and President of NTCB prior to the NTCB and BC Electronics transaction. In addition, on September 16, 2002, Michael Cummings, the CEO and President of Paradigm Corporation, became a director of Flexxtech Corporation.

Mr. Cummings began serving as President of Paradigm in 2002. He has previously served as the President of Network Installation Corp from 1996 to 2001, where he grew the company from a \$400,000 business to a \$7 million business. Prior to that, he was the Vice President of Sales for LAN-LAB Communications, where he increased sales from \$1.0 million to \$6.0 million. Mr. Cummings has already begun putting his magic to work by developing policies and procedures help make all aspects of the Company's operations as efficient and profitable as possible.
