Re: Spectrum Laboratories, Inc.  
14C/A & 13E-3/A  
-----

Ladies and Gentlemen:

Reference is made to the above filings made on EDGAR for Spectrum Laboratories. This letter addresses the comments received from the Commission in its letter of August 19, 2005.

Schedule 13E-3

- (1) Appropriate revision has been made.

Schedule 14C/A

- (2) A marked version has been filed.
- (3) Corrections have been made.
- (4) Revisions have been made to page 12 to clarify that the filing persons specifically chose not to make the transaction contingent on approval of unaffiliated shareholders.
- (5) The disclosure has been modified. Prior references to middle and ranges have been deleted. The filing persons commenced analysis by looking at what a buyer had paid for the shares since January 1, 2004. There were fifteen transactions from January 1 to September 2; thirteen on non-consecutive days at various prices and two at the same price on September 1 and 2. In February 2004 trades were made at \$1.70 (the low for the period on February 3) and \$4.00 (the high for the period on February 4) in the absence of any changes in business factors which typically cause such dramatic fluctuations in share price. The filing persons believed that two transactions at the same price at approximately the same price was a better indication of market value. The filing persons did not compute any weighted average of historical prices during this period or do any other analysis of price (other than add a premium) pending receipt and review of a fairness opinion.

INTRODUCTION

## Edgar Filing: SPECTRUM LABORATORIES INC /CA - Form SC 13E3/A

This Schedule 13E-3(A) Transaction Statement is being filed by Spectrum Laboratories, Inc., a Delaware corporation, ("Spectrum" or the "Company") and by Roy T. Eddleman, Tomas V. Girardi and Walter J. Lack, each of whom is a director of Spectrum and collectively own 98.4% of the Company's common stock and relates to a 1-for-25,000 reverse stock split of Spectrum's outstanding common stock.

The purpose of the reverse stock split is to decrease the total number of Spectrum's Common Stockholders from approximately 450 to 3. By reducing the number of stockholders below 300, Spectrum will be eligible to file a Form 15 with the Securities and Exchange Commission ("SEC") and terminate its registration and reporting obligations under the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). The going private transaction as described herein, will enable Spectrum to save money being spent because of its status as a reporting company, which Spectrum believes provides a limited benefit to a small company like Spectrum.

The reverse stock split will be effected at the time the Company files an amendment to its corporate charter in Delaware which date is anticipated to be on or about the twentieth day after the Company mails an Information Statement to its shareholders. The reverse stock split was unanimously approved by Spectrum's Board of Directors at a meeting held on October 6, 2004. The holders of 98.4% of the Company's stock on written consent have approved this transaction. No additional consent is required from stockholders. The reverse stock split is being effected with the specific intent to reduce the number of stockholders of Spectrum's common stock to a level where Spectrum is no longer obligated to file reports under the Exchange Act.
