**Item 1.02 Termination of a Material Definitive Agreement**

OGE Energy Corp. (“OGE Energy”) is the parent company of Oklahoma Gas and Electric Company, a regulated electric utility with approximately 770,000 customers in Oklahoma and western Arkansas, and Enogex LLC and its subsidiaries, a midstream natural gas pipeline business with principal operations in Oklahoma.

In September 2008, OGE Energy and Energy Transfer Partners, L.P. (“ETP”) entered into an agreement to form a joint venture combining Enogex’s midstream business with ETP’s interstate operations as well as its midstream operations in the Rocky Mountains. One of the conditions to completing the joint venture was obtaining financing that met the minimum specified terms the parties had agreed to in the joint venture agreement. Under the terms of the agreement, if OGE Energy and ETP did not complete the financing and close the joint venture by March 31, 2009, either OGE Energy or ETP could terminate the contribution agreement relating to the formation of the joint venture. Due to the significant downturn in the national economy and resulting uncertainty in the capital markets, the parties determined that obtaining the financing and completing the formation of the joint venture was not feasible and not in their best interests. Accordingly, on February 12, 2009, the parties terminated the agreement to form the joint venture.

**Item 9.01. Financial Statements and Exhibits**

(d) Exhibits

**Exhibit Number Description**

99.01	Press release dated February 12, 2009, announcing OGE Energy, Energy Transfer terminate joint venture agreement.
-------	--

**SIGNATURE**
