Quarterly Segment Information for 2001 and 2000

Edgar Filing: ITRON INC /WA/ - Form 8-K

Effective January 1, 2002 we realigned our organization from six business units, comprised of both market segments and products, to four business units composed of market segments. Results from the former Client Services and Energy Information Systems segments, which are product lines, have been reclassified into our Electric, Natural Gas, Water & Public Power, and International segments. Our Form 10-K, which we filed on March 28, 2002, reflects the reclassified segment information for 2001 and 2000 on an annual basis only. The following table reflects quarterly segment data reclassified for 2001 and 2000 to conform to the January 1, 2002 organization. Corporate information is included to reconcile segment activity to consolidated statements of operations:
