PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
To Be Held August 2, 2006

This proxy statement and the enclosed proxy card are intended to be sent or given to stockholders of inTEST Corporation on or about June 30, 2006, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2006 Annual Meeting of Stockholders, to be held on Wednesday, August 2, 2006, at 11:00 A.M. Eastern Daylight Time, in our offices located at 7 Esterbrook Lane, Cherry Hill, New Jersey.

The following questions and answers present important information pertaining to the meeting:

Q: Who is entitled to vote?

A: Stockholders of record as of the close of business on June 7, 2006 may vote at the annual meeting.

Q: How many shares can vote?

A: There were 9,219,249 shares issued and outstanding as of the close of business on June 7, 2006. Every stockholder may cast one vote for each share owned.

Q: What may I vote on?

A: You may vote on the following items:

- the election of seven directors who have been nominated to serve on our Board of Directors; and

- any other business that is properly presented at the meeting.

Q: Will any other business be presented for action by stockholders at the meeting?

A: Management knows of no business that will be presented at the meeting other than that which is set forth in this proxy statement. If any other matter properly comes before the meeting, the persons named in the accompanying proxy card intend to vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Q: How does the Board recommend that I vote in the election of directors?

A: The Board recommends a vote "**FOR**" each of the director nominees.

Q: How do I vote my shares?

A: The answer depends on whether you own your inTEST shares directly (that is, you hold stock certificates that show your name as the registered stockholder) or if your shares are held in a brokerage account or by another nominee holder.

If you own inTEST shares directly:

your proxy is being solicited directly by us, and you can vote by paper, telephone or Internet, or you can vote in person if you attend the meeting.

If you vote by paper

, please do the following: (1) sign and date the enclosed proxy card, (2) mark the boxes indicating how you wish to vote, and (3) return the proxy card in the prepaid envelope provided. If you sign your proxy card but do not indicate how you wish to vote, the proxies will vote your shares "**FOR**" each of the nominees named on the proxy card and in their discretion on any other matter that properly comes before the meeting.

If you vote by telephone or over the Internet

, you will find instructions on the enclosed proxy card that you should follow. There may be costs associated with telephonic or electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

If you hold your inTEST shares through a broker, bank or other nominee:

you will receive a voting instruction card directly from the nominee describing how to vote your shares. If you receive a voting instruction card, you can vote by completing and returning the voting instruction card. You may also be able to vote by telephone or via the Internet. Please refer to the instructions provided with your voting instruction card for information about voting in these ways.

If you hold your shares through a nominee and want to vote at the meeting:

you must obtain a "legal proxy" from the nominee recordholder authorizing you to vote at the meeting.

Q: If I hold shares through a nominee, what is the effect if I fail to give instructions to the nominee?

A: Generally, banks, brokers and other nominees have discretionary authority to vote shares on matters that are deemed routine. The election of directors at this meeting is considered a routine matter. Therefore, brokers, banks and other nominees will have discretion to vote on the proposal without instructions from the stockholder, so if you fail to give instructions to your broker, your shares will be voted "**FOR**" each of the nominees for director.

Q: What if I want to change my vote or revoke my proxy?

A: A registered stockholder may change his or her vote or revoke his or her proxy, at any time before the meeting by notifying our corporate secretary, Hugh T. Regan, Jr., in writing, that you revoke your proxy. You may then vote in person at the meeting or submit a new proxy card. You may contact our Transfer Agent to get a new proxy card. We will count your vote in accordance with the last instructions we receive from you prior to the closing of the polls, whether they are received by Internet, telephone or paper. If you hold your shares through a broker, bank or other nominee and wish to change your vote, you must follow the procedures required by your nominee.

Q: What is a quorum?

A: The presence at the meeting (in person or by proxy) of a majority of the shares entitled to vote at the meeting constitutes a quorum. A quorum must be present in order to convene the meeting.

Q: How will directors be elected?

A: A plurality of the votes cast at the meeting is required for the election of directors.

Q: Do the directors and officers of inTEST have an interest in the outcome of the election?

A: Our directors and officers will not receive any special benefit as a result of the outcome of the election, except that our non-employee directors will receive compensation for such service as described elsewhere in this proxy statement under the heading "Director Compensation."

Q: How many shares do the directors and officers of inTEST beneficially own, and how do they plan to vote their shares?

A: Directors and executive officers, who, as of June 7, 2006, had beneficial ownership (or had the right to acquire beneficial ownership within sixty days following June 7, 2006) of approximately 23% of our outstanding common stock, are expected to vote, or direct the voting of their shares, in favor of the election of the seven nominees for director.

Q: Who will count the votes?

A: Our Transfer Agent will count the votes cast by proxy. The Assistant Secretary of inTEST will count the votes cast in person at the meeting and will serve as the Inspector of Election.

Q: What is the effect if I withhold my vote?

A: Withheld votes will have no effect on the outcome of the election of directors.

Q: Who can attend the meeting?

A: All stockholders are invited to attend the meeting.

Q: Are there any expenses associated with collecting the stockholder votes?

A: We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes from stockholders at this time. Officers and other employees of inTEST may solicit proxies in person or by telephone but will receive no special compensation for doing so.

VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of June 7, 2006 (except where otherwise noted) by:

- ◆ each of our Named Executive Officers (as that term is defined later in this Proxy Statement under the heading "Executive Compensation");
- ◆ each of our directors;
- ◆ all directors and executive officers as a group; and
- ◆ each stockholder known by inTEST to own beneficially more than 5% of our common stock.

Percentage ownership in the following table is based on 9,219,249 shares of common stock outstanding as of June 7, 2006. We have determined beneficial ownership in the table in accordance with the rules of the Securities and Exchange Commission ("SEC"). In computing the number of shares beneficially owned by any person and the percentage ownership of that person, shares of common stock subject to options held by such person that are currently exercisable, or that will become exercisable by August 6, 2006, are deemed to be outstanding. However, we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by such stockholder.

ELECTION OF DIRECTORS

Our bylaws provide that our Board of Directors shall consist of not less than five directors, as determined by the Board of Directors, and that each director shall hold office until the next Annual Meeting of Stockholders and until a successor shall be duly elected and qualified, or until his earlier resignation, retirement or removal. The number of directors that presently constitute the entire Board is eight; however, in keeping with our ongoing assessment of our corporate governance policies and costs of compliance with regulatory changes following the enactment of the Sarbanes-Oxley Act of 2002, the Board of Directors has determined to reduce the number of directors constituting the entire Board from eight to seven, and Mr. Savarese has agreed that he will not stand for re-election at the Annual Meeting. Mr. Endres has notified the Board of his retirement, to be effective November 1, 2006. Following Mr. Endres' retirement, the number of directors constituting the entire Board is expected to be reduced to six directors, provided that, at that time, the Board determines that a majority of the then incumbent directors are independent as required by Nasdaq Marketplace Rule 4350.

Listed below are the seven nominees for director. The persons designated as proxies in the accompanying proxy card intend to vote "**FOR**" each such nominee, unless a contrary instruction is indicated on the proxy card. If for any reason any such nominee should become unavailable for election, the persons designated as proxies in the proxy card may vote the proxy for the election of another person nominated as a substitute by the Board of Directors, if any person is so nominated. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected, and all nominees have expressed their intention to serve the entire term for which election is sought, with the exception of Mr. Endres who will retire as discussed above.

The names of the persons nominated for election, each of whom presently serves as a director, are listed below, together with their ages and certain other information regarding the nominees.

From April 1991 to December 1999, Mr. Greed was President of VLSI Standards, Inc., a leading supplier of calibration standards to the semiconductor and related industries. Following his retirement from VLSI, Mr. Greed founded Foothill Technology, a consulting firm, and has served as its Principal since its inception. From July 1992 through December 1999, Mr. Greed also served on the board of directors of Semiconductor Equipment and Materials International ("SEMI"), an international trade association, serving as chairman for the 1996-1997 term and chairman of its International Standards Committee since 1994.

James W. Schwartz, Esq. has served as a director since April 2004. Our Board of Directors has determined that each of Messrs. Greed, Endres, Schwartz and Reilly meet the independence requirements of Nasdaq Marketplace Rule 4200 ("Rule 4200").

Committees of the Board of Directors

Our Board of Directors has five standing Committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Intellectual Property Committee. Copies of the charters of each of these committees are posted on our website: www.intest.com.

The Executive Committee is appointed by the Board of Directors to exercise all powers and authority of the Board of Directors in the management of our business and affairs during intervals between meetings of the Board of Directors, and to provide oversight of, and make recommendations to, the Board of Directors regarding corporate initiatives and strategies. During 2005, the Committee consisted of Alyn R. Holt, Chairman, Robert E. Matthiessen, Stuart F. Daniels, Daniel J. Graham and James W. Schwartz, Esq. Mr. Graham served on this Committee through July 2005.

The Committee held five meetings during 2005.

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to our financial management and controls. The Committee's primary oversight responsibilities relate to the integrity of our accounting and financial reporting processes, audits of our financial statements, and systems of internal control over financial reporting and accounting matters, and the independence, qualifications, retention, and performance of our independent registered public accounting firm. During early 2005, the Committee consisted of Richard O. Endres (the former Chairman), James J. Greed, Jr., James W. Schwartz, Esq., Joseph A. Savarese and Gregory W. Slayton. Mr. Slayton resigned in March 2005. Thomas J. Reilly joined the Committee in May 2005 and was appointed Chairman in July 2005. The Board of Directors has determined that Mr. Reilly meets the criteria of an "audit committee financial expert" as that term is defined in Item 401 of Regulation S-K. The Board of Directors has also determined that each of the members of the Committee is independent within the meaning of Rule 4200. The Committee held eight meetings during 2005.

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of our executive officers and to administer the 1997 Stock Plan with respect to key employees. During early 2005, the Committee consisted of Stuart F. Daniels, Ph.D., Chairman, Richard O. Endres, Alyn R. Holt, James J. Greed, James W. Schwartz, Joseph A. Savarese and Gregory W. Slayton. Mr. Slayton resigned in March 2005, and Thomas J. Reilly joined the Committee in May 2005. The Board of Directors has determined that Messrs. Endres, Greed, Savarese, Schwartz and Reilly are independent within the meaning of Rule 4200. Because the Committee is not comprised solely of independent directors, the recommendation of a majority of the independent directors of the Board (all of whom serve on the Committee) is required before Board approval of any Committee recommendation regarding compensation of executive officers. The Committee held four meetings during 2005.

The Nominating and Corporate Governance Committee is appointed by the Board of Directors to select and recommend to the Board the director nominees to be presented for election at future annual meetings of stockholders and to review and assess our corporate governance procedures. During early 2005, the Committee consisted of James J. Greed, Jr., Chairman, Richard O. Endres, James W. Schwartz, Esq., Joseph A. Savarese and Gregory W. Slayton. Mr. Slayton resigned in March 2005, and Thomas J. Reilly joined the Committee in May 2005. The Board of Directors has determined that each of the members of the Committee is independent within the meaning of Rule 4200. See "Nominating Procedures" for information regarding the process for identifying and evaluating nominees, procedures for shareholder nominations and director qualifications. The Committee held one meeting during 2005.

The Intellectual Property Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding the development, protection, and acquisition of intellectual property that is or may be used in our business. During 2005, the Committee consisted of Stuart F. Daniels, Ph.D., Chairman, Alyn R. Holt, Robert E. Matthiessen and Daniel J. Graham. Mr. Graham served as a voting member of the Committee through July 2005. Mr. Graham continues to serve as a non-voting member of the Committee along with other members of our management team. The Committee held fourteen meetings in 2005.

Meetings

During the year ended December 31, 2005, the Board of Directors held a total of seven meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board and meetings of any committee of which he was a member which were held during the time in which he was a director or a committee member, as applicable.

All members of the Board of Directors are encouraged, but not required, to attend our annual meetings of stockholders. Seven of our directors attended the 2005 Annual Meeting held on July 27, 2005.

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate directly with the Board of Directors, or with a particular director, may send a letter addressed to our Secretary at 7 Esterbrook Lane, Cherry Hill, NJ 08003. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder Board Communication" or "Stockholder Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. If a stockholder wishes the communication to be confidential, such stockholder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the directors, or director, specified on the envelope, or if none, to the Chairman of the Board of Directors.

Director Compensation

We currently pay non-employee directors an annual retainer fee of \$20,000. Non-employee members of the Executive Committee are paid an additional annual retainer of \$12,000. In recognition of their increased responsibility and service, the chairmen of the committees of the Board are paid an additional annual fee as follows: the Chairman of the Audit Committee is paid an additional annual fee of \$12,000; the Chairman of the Compensation Committee is paid an additional annual fee of \$8,000; the Chairman of the IP Committee is paid an additional annual fee of \$60,000; and the Chairman of the Nominating and Corporate Governance Committee is paid an additional annual fee of \$8,000. In addition, we reimburse non-employee directors' travel expenses and other costs associated with attending board or committee meetings. We do not pay additional cash compensation to our officers for their service as directors.

As a result of his selection to join the Board, on May 6, 2005, Mr. Reilly was granted 5,000 shares of restricted stock subject to vesting over four years with 25% of the shares vesting each year beginning on May 6, 2006, and full vesting upon death, disability or change in control. Mr. Reilly was also granted options to purchase 10,000 shares of our common stock, which became fully exercisable on November 6, 2005, six months after the date of grant. The exercise price of the options is \$3.25, the closing price of the underlying shares on the date of grant. In recognition of services rendered by Messrs. Savarese and Endres, the Board of Directors, upon the recommendation of the Compensation Committee, approved the acceleration of the vesting of 3,750 shares of restricted stock previously awarded to each of them, effective as of the respective dates their service as directors ends.

Nominating Procedures

Generally, in order to identify and evaluate director nominees, our Nominating and Corporate Governance Committee begins by annually assessing the qualifications, expertise, performance and willingness to serve of each current director. If as a result of such assessment, or at any other time during the year, the Board of Directors determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, a search will be initiated utilizing appropriate staff support, input from other directors, senior management, and outside contacts, consideration of nominees previously submitted by stockholders, and, if deemed necessary or appropriate, retention of a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will be identified and reviewed by the Committee and the Board. The candidates will be prioritized and determination made as to whether a member of the Committee, another director or member of senior management has a relationship with the preferred candidate and can initiate contacts. If not, contact would be initiated by a search firm. The Chairman and one or more members of the Committee or the Board will interview the prospective candidate. Evaluations and recommendations of the interviewers will be shared with the Committee for final evaluation. The Committee will then meet to consider such recommendations and to determine which candidate (or candidates) it will recommend to the Board for approval. The Committee will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

Mr. Reilly was selected to fill the vacancy on our Board of Directors created when Mr. Slayton resigned in 2005. Mr. Reilly had been identified by our counsel as a candidate with experience in public accounting and auditing such that he would qualify as an "audit committee financial expert." Mr. Holt and each of the members of the Board met with Mr. Reilly, after which Mr. Reilly was unanimously approved to be recommended for selection to the Board by the members of the Committee (constituting all of the independent directors) and unanimously selected by the Board.

Each of the nominees for director included in this proxy statement were recommended for re-election by the Committee (which is comprised solely of independent directors) and approved by the Board of Directors, including the Chairman and the Chief Executive Officer.

We will consider director candidates recommended by our stockholders. Pursuant to policies adopted by the Board of Directors, recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders may be submitted in writing, received by the Secretary of inTEST at least 60 days prior to the date on which inTEST first mailed its proxy materials for the prior year's annual meeting of stockholders, or, if inTEST did not have an annual meeting of stockholders in the prior year, 90 days prior to the date of the Annual Meeting. Each notice of nomination must set forth (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of common stock of inTEST which are beneficially owned by each such nominee, (iv) the qualifications of such nominee for service on the Board of Directors, (v) the name and residence address of the proposing stockholder(s), and (vi) the number of shares of common stock owned by the proposing stockholder(s).

Director candidates must meet certain minimum qualifications, including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Nominating and Corporate Governance Committee may consider a variety of other qualities and skills, including (i) expertise in finance, economics, technology or markets related to the business in which inTEST and its subsidiaries may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees must also meet any applicable requirements of SEC regulations, state law, and inTEST's charter and bylaws.

Recommendation

The Board of Directors recommends a vote "**FOR**" the election of each of the nominees to the Board of Directors named above.

The companies included in the Peer Group Index consist of Aehr Test Systems, Aetrium Incorporated, Cohu, Inc., Credence Systems Corporation, Electroglas, Inc., LTX Corporation, Micro Component Technology, Inc. and Teradyne, Inc. Compensation Committee Report on Executive Officer Compensation

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of our executive officers and to administer our equity-based compensation plan with respect to executive officers and other employees. As required by Nasdaq Rule 4350(c)(3), because the Committee is not comprised solely of independent directors, the recommendation of a majority of the independent directors of the Board (all of whom serve on the Committee) is required before Board approval of any Committee recommendation regarding compensation of executive officers.

Charter. The Board of Directors has adopted a charter pursuant to which the Compensation Committee operates. A copy of the charter is posted on our website: www.intest.com.

Compensation Philosophy and Objectives. The Committee is committed to the general principle that overall executive compensation should be commensurate with our performance and the performance of the individual executive officers, and that long-term incentives awarded to such executive officers should be aligned with the interests of our stockholders. The primary objectives of our executive compensation program are to attract and retain executive officers who will contribute to our long-term success, to reward the achievement of our desired goals, and to provide compensation opportunities that are linked to our performance and that directly link the interests of our executive officers with the interests of our stockholders.

During 2005, our compensation decisions were guided in large part by the fact that in late 2004, following a sharp downturn in our markets, we had implemented an organizational restructuring and salary reduction program. As part of this restructuring, we eliminated certain executive officer positions, increased responsibilities of certain executive officers, and realigned responsibilities of other executive officers. At the same time, we had reduced the salaries of our Chief Executive Officer ("CEO") and certain other executive officers by 20%. Thus, most of our compensation decisions in 2005 were based upon current assessments of the profitability of our three product segments and the company overall, market conditions, and balancing the competing objectives of returning to profitable operations with reduced overhead, while ensuring the retention of, and incenting, our management team to achieve our objectives despite reduced salaries and increased responsibilities.

Salary. Following the salary reductions we implemented in November 2004, we determined in early 2005 that certain of the salary reductions were inappropriate for the level of ongoing responsibilities of certain of our executive officers. Consequently, we restored the salaries of our CFO and General Manager-Temperature Management Product Segment in early 2005. To offset the increase to the CFO's base salary and to preserve cash, we approved the Chairman's proposal of an equal salary reduction for himself. The salary of the General Manager-Temperature Management Product Segment was also increased later in 2005, reflecting the relatively stronger performance of that segment as compared to our other product segments and further aligning his compensation to his new responsibilities. Effective April 1, 2006, in light of our overall profitability, we restored the salaries of the remaining executive officers whose salaries had been reduced, including our CEO and Chairman, to their 2004 levels.

Long-Term Incentive Compensation. The Committee periodically considers whether to grant awards of stock options or restricted stock under our stock plan to specific executive officers based on factors including: the executive officer's position; his or her performance and responsibilities; the extent to which he or she already holds our equity; equity participation levels of comparable executive officers and key employees at other similar companies; the extent to which cash compensation reflects competitive inducement; and the executive officer's individual contribution to our overall performance. The stock plan does not provide any formula for weighing these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as the future anticipated performance and responsibilities of the executive officer in question. During 2004, we had awarded shares of restricted stock under the stock plan to our CEO and other executive officers (other than our Chairman). Such shares vest in increments of 25% per year on the anniversary of the initial award. Thus, 75% of such shares remain subject to vesting during 2006 through 2008. We did not award any shares of restricted stock or stock options to executive officers during 2005.

Bonus. During 2005, we had a bonus program for our CEO that tied his bonus to a percentage of our pre-tax profits and a similar program for the General Managers of each of our product segments that tied their respective bonuses to a percentage of such segment's pre-tax profits. Our CFO was eligible to receive a bonus based upon a pre-established range set by the Committee. Based upon our performance in 2005, we paid a bonus only to the General Manager-Temperature Management Product Segment. Our bonus program for 2006 remains largely unchanged for each of our executive officers other than our CEO. In early 2006, we determined that the formula for the CEO's bonus should be modified to include a component tied to the operating performance of each of our product segments in addition to a component tied to the operating performance of the company overall. The bonus potential of each of our other executive officers (other than our CFO) remains tied to the pre-tax profits of their respective product segments. If we achieve a pre-tax profit overall, our CFO will be eligible to receive a bonus subject to the recommendation of the CEO, a majority of the independent directors, the Committee and the Board of Directors.

Summary. In summary, it is the opinion of the Committee that the executive compensation program provides the necessary total remuneration package to properly align our performance and the interests of our stockholders with competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long term.

Change of Control Agreements

On April 17, 2001, we entered into Change of Control Agreements with Messrs. Matthiessen and Regan. These Change of Control Agreements provide that, upon termination of their employment with us without cause (as defined in the agreements) within two years following a change of control (as defined in the agreements), or termination by the executive officer for good reason (as defined in the agreements) within two years following a change of control, each is entitled to the following for a period of one year following termination:

- a. payment of base salary on the same basis paid immediately prior to termination;
- b. payment of any bonus the executive officer would otherwise be eligible to receive for the year in which the termination occurs and for that portion of the following year which falls within a period of one year following termination; and
- c. continuation of all fringe benefits the executive officer was receiving immediately prior to the termination.

Notwithstanding the above, the benefits under the Change of Control Agreements will be reduced to the extent that the payments would not be deductible by us (in whole or in part) under Section 280G of the Internal Revenue Code.

On November 23, 2004, certain of our Named Executive Officers were granted awards of restricted stock, as described in Footnote 2 to the Summary Compensation Table. Pursuant to the applicable Restricted Stock Award Agreements, these awards of restricted stock are subject to full vesting upon a change of control (as defined in such agreements).

On an ongoing basis, management defines and communicates specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of KPMG LLP for such services. The Audit Committee has also delegated authority to Mr. Reilly, the Chairman of the Audit Committee, and if Mr. Reilly is unavailable, to any other Audit Committee member, to pre-approve permitted services. Any such pre-approval must be reported to the Audit Committee at its next meeting.
