Specific due dates for these reports have been established, and Odetics is required to report in this proxy statement any failure to file by these dates. Based solely on its review of copies of the reports on Forms 3, 4 and 5 received by Odetics with respect to the fiscal year ended March 31, 2003, and the written representations received from the reporting persons that no other reports were required, Odetics believes that all directors, executive officers and persons who own more than 10% of Odetics' common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section.

(1) Each option was granted pursuant to Odetics 1997 Stock Incentive Plan (the 1997 Plan) and entitles the holder to purchase shares of Class A common stock of Odetics. Each option has a maximum term of ten years, subject to earlier termination in the event of the optionee's termination of employment with Odetics or its subsidiaries. Each option vests in three equal annual installment with the first installment vesting on the first year anniversary of the grant date, subject to acceleration of vesting in the event of the merger, consolidation or reorganization of Odetics if such option is not assumed or otherwise continued in effect in such transaction. In addition, the Compensation and Stock Option Committee has the authority to provide for the accelerated vesting of the option whether or not the option is assumed or otherwise continued in effect or upon the termination of the optionee's employment following such transaction.

Includes shares underlying regrant options issued in May 2002 to replace options cancelled in November 2001. See 2001 Option Exchange Program.

(2) Odetics may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the applicable federal and state withholding taxes to which the optionee becomes subject in connection with such exercise.

(3) The 5% and 10% assumed rates of appreciation are prescribed by the rules and regulations of the SEC and do not represent management's estimate or projection of future trading prices of the Class A common stock. Unless the market price of the Class A common stock does in fact appreciate over the option term, no value will be realized from the option grants. Actual gains, if any, are dependent upon numerous factors, including, without limitation, the future performance of Odetics and its business units, overall business and market conditions, and the option holder's continued employment with Odetics throughout the entire vesting period and option term, which factors are not reflected in this table.

(4) Mr. Fruehauf resigned from his positions with Odetics effective as of May 9, 2003.

(5) Mr. L. Heureux resigned from his positions with Odetics effective as of February 21, 2003.

2001 Option Exchange Program

In November 2001, Odetics implemented an option exchange program to address the substantial loss in value of the outstanding stock options held by Odetics executive officers and the increasing inability of those options to serve as a meaningful incentive for optionees to remain employed with Odetics. Under the program, each executive officer who held outstanding stock options with an exercise price of \$4.00 or more per share under the 1997 Plan or the 1994 Long-Term Equity Plan (the 1994 Plan), was given the opportunity to exchange that option for a new option under the 1997 Plan for the same number of shares that would be granted at least six months and one day after the completion of the

Edgar Filing: ODETICS INC - Form 10-K/A

option exchange program.

On November 16, 2001, Odetics accepted for exchange and cancellation options to purchase an aggregate of 349,000 shares of Odetics Class A common stock representing 100% of the options eligible to be tendered under the option exchange program. On May 20, 2002, Odetics granted new options to purchase an aggregate of 349,000 shares of Class A common stock under the 1997 Plan to replace the eligible options that had been tendered and cancelled under the program.

In general, the exercise price per share for the new options was \$1.40, the last reported sales price of the Class A common stock on the grant date. In the case of Joel Slutzky, who is a holder of 10% or more of the common stock, the exercise price per share for the new options was \$1.54, or 110% of the last reported trading price of the Class A common stock on the grant date.

Each new option issued in exchange for a cancelled option will continue to vest and become exercisable for the option shares in accordance with the same vesting schedule in effect for the cancelled option.

Benefit Plans

Odetics maintains a 401(k) and Stock Ownership Plan (the Stock Ownership Plan) which qualifies for favorable tax treatment under Section 401(a) of the Internal Revenue Code. The Stock Ownership Plan is the result of the merger of the Odetics, Inc. Profit Sharing and 401(k) Plan and the Odetics Associates Stock Ownership Plan.

Employees become eligible to make pre-tax contributions to the Stock Ownership Plan pursuant to Internal Revenue Code Section 401(k) as of the January 1, April 1, July 1 or October 1 coincident with or next following the date on which they are hired. Participants may contribute an amount not in excess of \$11,000 for calendar year 2003. Employees become eligible to receive an allocation of employer contributions to the Stock Ownership Plan as of the January 1, April 1, July 1 or October 1 coincident with or next following the date on which they have completed six months of service with Odetics. These contributions may be made in the form of cash or Odetics stock. No contributions were made by Odetics to the Stock Ownership Plan for the fiscal years ended March 31, 2000, 2001 and 2003.

Contributions that are made to the Stock Ownership Plan are allocated to the separate accounts of participants and are held in a trust. Participant accounts are credited with investment gains and charged with investment losses. Participant contributions are always fully vested at all times, and the Odetics contributions on behalf of participants vest at the rate of 33 1/3 percent per year of service. Following termination of employment, the vested portion of the participant's account balance is distributed in a lump sum payment.

Odetics also maintains an Executive Deferral Plan which allows designated executives to defer the receipt of some of their current compensation until a future year. These executives may elect to defer the receipt of up to 75% of their annual compensation, but in no event may they elect to defer less than \$5,000. Benefits are generally fully vested at all times, and are payable following termination of employment in the manner elected by the executive. The Executive Deferral Plan does not qualify for favorable income tax treatment under Section 401(a) of the Internal Revenue Code.

Employment Contracts, Termination of Employment Agreements and Change of Control Arrangements

Odetics does not currently have any employment contracts in effect with any of its Named Executive Officers. Odetics provides incentives such as salary, benefits and option grants to attract and retain executive officers and other key associates. The Compensation and Stock Option Committee, as Plan Administrator of the 1997 Plan, has the authority to provide for the accelerated vesting of outstanding options held by an individual, in connection with the termination of such individual's employment following an acquisition in which these options are assumed or the repurchase rights with respect to the unvested shares are assigned or upon certain hostile changes in control of Odetics. Other than such accelerated vesting and the agreements described below in Certain Transactions, there is no agreement or policy which would entitle any executive officer to severance payments or any other compensation as a result of such officer's termination.

Compensation of Directors

Directors who are not employees of Odetics or one of its subsidiaries receive an annual fee of \$12,000 per year, paid quarterly, in addition to \$1,500 for each Board meeting attended in person and \$250 for each telephone conference Board meeting. All directors are reimbursed for their

Edgar Filing: ODETICS INC - Form 10-K/A

out-of-pocket expenses incurred in attending meetings of the Board of Directors and its committees.

Non-employee directors are also eligible to receive periodic option grants pursuant to the Automatic Option Grant Program under Odetics' 1997 Stock Incentive Plan. Under this plan, each non-employee director receives an option to purchase 20,000 shares of Class A common stock upon his initial appointment to the Board of Directors and an additional option to purchase 5,000 shares of Class A common stock on the date of each annual meeting after his appointment. Each option granted to non-employee directors under the Automatic Option Grant Program will have an exercise price equal to the fair market value of the Class A common stock on the grant date and will have a maximum term of ten years, subject to earlier termination following the optionee's cessation of service as a Board member.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation and Stock Option Committee of Odetics Board of Directors during the fiscal year ended March 31, 2003 were Messrs. Daly, Seazholtz and Thomas. None of these individuals was an officer or employee of Odetics or its subsidiaries at any time during the fiscal year ended March 31, 2003.

No executive officer of Odetics has served on the Board of Directors or on the compensation committee of any other entity that has, or has had, one or more executive officers serving as a member of the Board of Directors or on the Compensation and Stock Option Committee of Odetics.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In February 2002, Odetics obtained a \$1.25 million line of credit from Technology Lending Partners, L.L.C. (TLP), a California limited liability company that is controlled by Joel Slutzky, Odetics Chairman of the Board of Directors. Interest is payable on this line of credit monthly and accrues at the prime rate of interest designated by Bank of America from time to time plus 4% (8.5% as of March 31, 2003). As of March 31, 2003, \$1.25 million was outstanding under this line of credit. In May 2003, in connection with Odetics sale of the assets of its Zyfer, Inc. subsidiary, Odetics entered into a release of lien with TLP, pursuant to which Odetics repaid TLP \$850,000 under this line of credit to obtain a release of TLP s security interest in the assets relating to the Zyfer business.

In October 2002, Odetics entered into a Receivables Purchase Agreement with TLP, pursuant to which TLP advanced Odetics an aggregate of \$923,672 against certain of Odetics accounts receivable in exchange for certain fees. As of March 31, 2003, the total fees earned by TLP in connection with this agreement were \$111,248. Of the total amounts advanced, \$232,347 remained outstanding and payable to TLP as of March 31, 2003. In May 2003, in connection with the Zyfer sale, Odetics entered into an agreement with TLP, pursuant to which Odetics repurchased the receivables remaining outstanding under this agreement, all of which related to the Zyfer business, for an aggregate repurchase price of \$227,689. In May 2003, Odetics entered into change in control agreements with each of Greg Miner, the Chief Executive Officer and Chief Financial Officer of Odetics, and John E. Johnson, a Vice President of Odetics and the President and Chief Executive Officer and a Director of Iteris. In addition, such officer and his dependents are entitled to all insurance benefits for up to twenty-four months or until such officer obtains new employment with comparable benefits, whichever is earlier.
