ANNUAL REPORT

2003

To our Shareholders:

At fiscal year-end on September 30, 2003, the net asset value per share of your Fund was \$19.63. The net asset value increased by 2.6% during the recent quarter and the stock price increased 2.8%, which is on par with the AMEX Biotech Index and Dow Jones Industrial Average, but lagging the NASDAQ Industrials and Russell 2000. Fiscal year share price performance experienced an increase of 43.5%. Of the comparable indices, only the NASDAQ Industrials marked higher performance. Net asset value performance data for the fiscal year and the quarter ended September 30, 2003, compared to the major indices, are as follows:

	FISCAL YEAR	QUARTER ENDED 9/30/03
	-----	-----
Net Asset Value	+23.8%	+2.6%
AMEX Biotech Index	+41.7%	+5.0%
Dow Jones Industrial Average	+22.2%	+3.2%
NASDAQ Industrials	+49.4%	+11.6%
Russell 2000	+34.6%	+8.8%

As was the case for the prior several quarters, during the most recent quarter there has been a combination of both encouraging and cautionary economic signs. On balance, we think there have been more ups than downs. Economic growth was impressive and Wall Street economic analyst estimates for the next few quarters are within a healthy range. Earnings reports for the third calendar quarter seem to be exceeding expectations. Employment levels seem to be stabilizing or even improving. There are few signs of near term interest rate increase by the Federal Reserve. These kinds of factors, coupled with our entering a presidential election year, suggest to many that we can be somewhat optimistic about the near term. We are still worried about debt levels and have renewed concerns about the potential impact of the geopolitical environment, but in general we are optimistic about the next few quarters or so.

With respect to the biotechnology and healthcare areas, our thinking has not changed much from last quarter. These sectors exhibited strong performance in the second calendar quarter. After a significant run up in the appropriate indices, we would not have been surprised to see some consolidation during the summer months. So far that consolidation has been tractable. In the small market

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

capitalization sub sector, there has been some

1

volatility but we think that is healthy after the considerable gains achieved earlier in the year. It seems that equity share prices are increasingly moving based on company specific events rather than on sector based sentiment. There have been a number of positive news items, including new product approvals, which give us optimism. We think this is indicative of a biotech sector that is maturing. The sector is now more than 25 years old. Its largest and best companies are profitable. A few have larger market capitalization than some of the traditional large capitalization pharmaceutical companies. This is to the good and in our view argues for the long-term viability and vitality of the biotech industry. We know we are repeating ourselves in saying this, but we think healthcare in general and emerging healthcare/biotech, in particular, offer very good prospects for the future.

So, while we are optimistic about our sector, we are quite sad about another development. For our management company, the most notable moment by far in the recent quarter has been the passing of Alan G. Carr, my friend, partner and mentor, as well as the founder of your Fund. Alan was instrumental in my joining Hambrecht & Quist Capital Management in 2000 and in my becoming President of your Fund not long thereafter. Several of us at Hambrecht & Quist Capital Management have enjoyed the benefit of Alan's advice and counsel for a significant portion of the last three years. We have learned much from him that, in combination with our own skills and experience, we will continue to apply on behalf of your Fund. We miss him already.

In the last quarter, we did not add new companies to the venture portion of the portfolio, and we did some minor follow-on investing in existing venture holdings. Within the public portfolio, we purchased Enzon Pharmaceuticals and Neurocrine Biosciences, and added to our existing positions in a number of portfolio companies.

As always, we encourage the Fund's shareholders to contact us with any questions or concerns they may have relating to the Fund.

INDEPENDENT AUDITORS' REPORT

TO THE TRUSTEES AND SHAREHOLDERS OF H&Q HEALTHCARE INVESTORS:

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations, of changes in net assets and of cash flows and the financial highlights present fairly, in all material respects, the financial position of H&Q Healthcare Investors (the "Fund") at September 30, 2003, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the three years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at September 30, 2003 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

The financial statements of the Fund as of September 30, 2000 and for the two years then ended were audited by other independent accountants whose report dated November 3, 2000 expressed an unqualified opinion on those statements.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2003

(1) ORGANIZATION

H&Q Healthcare Investors (the Fund) is a Massachusetts business trust registered under the Investment Company Act of 1940 as a diversified closed-end management investment company. The Fund's investment objective is long-term capital appreciation through investment in securities of companies in the healthcare industries. The Fund invests primarily in securities of public and private companies that are believed to have significant potential for above-average growth. The Fund was organized on October 31, 1986 and commenced operations on April 22, 1987.

The preparation of these financial statements requires the use of certain estimates by management in determining the entity's assets, liabilities, revenues and expenses. Actual results could differ from these estimates. The following is a summary of significant accounting policies consistently followed by the Fund, which are in conformity with those generally accepted

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

in the United States of America.

INVESTMENT SECURITIES

Investments traded on national securities exchanges or in the over-the-counter market that are National Market System securities are valued at the last sale price or, lacking any sales, at the mean between the last bid and asked prices. Other over-the-counter securities are valued at the most recent bid prices as obtained from one or more dealers that make markets in the securities. As indicated in Note 4, investments for which market quotations are not readily available are valued at fair value as determined in good faith by the Trustees of the Fund. Temporary cash investments with maturity of 60 days or less are valued at amortized cost.

Investment transactions are recorded on a trade date basis. Gains and losses from sales of investments are recorded using the "identified cost" method. Interest income is recorded on the accrual basis, adjusted for amortization of premiums and accretion of discounts. Dividend income is recorded on the ex-dividend date.

FEDERAL INCOME TAXES

It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute to its shareholders substantially all of its taxable income and its net realized capital gains, if any. Therefore, no Federal income or excise tax provision is required.

DISTRIBUTIONS

The Fund records all distributions to shareholders from net investment income, if any, and realized gains on the ex-dividend date. Such distributions are determined in conformity with income tax regulations. The Fund has adjusted for the effect of certain permanent book/tax differences, which primarily related to net operating losses, short-term capital gains and market discount for the year ended September 30, 2003. This adjustment has no effect on the Fund's net assets, net investment loss or net realized gain. The calculation of net investment loss per share in the financial highlights excluded this adjustment. At September 30, 2003, the Fund's undistributed net realized gain on a tax basis was the same as accumulated net realized gain on investments.

Pursuant to Section 852 of the Internal Revenue Code, the Fund has designated \$29,863,899 as a long-term capital gain distribution for its taxable year ended September 30, 2003.

15

DISTRIBUTION POLICY

The current distribution policy is to declare distributions in stock. Stock distributions will automatically be paid in newly issued shares of the Fund unless otherwise instructed by the shareholder. Pursuant to an SEC exemptive order, the Fund has implemented a fixed distribution policy that permits the Fund to make quarterly distributions at a rate of 2% of the Fund's net assets to shareholders of record. The Fund intends to use net realized capital gains when making quarterly distributions. This could result in a return of capital to shareholders if the amount of the distribution exceeds the Fund's net investment income and realized capital gains. It is anticipated that net realized capital gains in excess of the total distributed under this policy would be included in the December distribution.

STATEMENT OF CASH FLOWS

The cash amount shown in the Statement of Cash Flows is the amount included in the Fund's Statement of Assets and Liabilities and represents cash on hand at its custodian and does not include temporary cash

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

investments at September 30, 2003.

(2) SECURITIES TRANSACTIONS

The aggregate cost of purchases and proceeds from sales of investment securities (other than temporary cash investments) for the year ended September 30, 2003 totaled \$70,633,853 and \$72,888,497, respectively.

At September 30, 2003, the total cost of securities for Federal income tax purposes was \$247,009,492. The net unrealized gain on securities held by the Fund was \$42,278,858, including gross unrealized gain of \$86,279,493 and gross unrealized loss of \$44,000,635.

At September 30, 2003, the Fund was committed to participate in a round of financing to purchase additional shares of restricted preferred stock for approximately \$122,000. The Fund expects to satisfy this commitment in part through the conversion of a loan.

(3) INVESTMENT ADVISORY FEES AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an Investment Advisory Agreement (the Advisory Agreement) with Hambrecht & Quist Capital Management LLC (the Adviser). Pursuant to the terms of the Advisory Agreement, the Fund pays the Adviser a monthly fee at the rate when annualized of (i) 2.5% of the average net assets for the month of its venture capital and other restricted securities up to 25% of net assets and (ii) for the month, for all other assets, 1.0% of the average net assets up to \$250 million, 0.9% of the average net assets for the next \$250 million, 0.8% of the average net assets for the next \$500 million and 0.7% of the average net assets thereafter. The aggregate fee may not exceed a rate when annualized of 1.375%. Certain officers and Trustees of the Fund are also officers of the Adviser.

Trustees who are not affiliates of the Adviser receive an annual fee of \$15,000 plus \$1,500 for each meeting attended.

(4) VENTURE CAPITAL AND OTHER RESTRICTED SECURITIES

The Fund may invest in venture capital and other restricted securities if these securities would currently comprise 40% or less of net assets. The value of these securities represents 22% of the Fund's net assets at September 30, 2003.

The value of the venture capital and other restricted securities is determined in good faith by the Trustees. However, because of the inherent uncertainty of valuations, these estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

16

During the year ended September 30, 2003, the Fund sold restricted securities for cash and a pro portionate interest in a 5% interest-bearing promissory note due October 31, 2004. The Fund's interest in the note has a par value of \$121,200 whose estimated value of \$60,000 at September 30, 2003 has also been determined by the Trustees and which is included in the Receivable for Investments Sold in the Statement of Assets and Liabilities.

The following table details the acquisition date, cost, carrying value per unit, and value of the Fund's venture capital and other restricted securities at September 30, 2003, as determined by the Trustees of the Fund.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

MANAGEMENT INVESTMENT COMPANIES.

A closed-end management investment company that is filing an annual report on this Form N-CSR must, unless it invests exclusively in non-voting securities, describe the policies and procedures that it uses to determine how to vote proxies relating to portfolio securities, including the procedures that the company uses when a vote presents a conflict between the interests of its shareholders, on the one hand, and those of the company's investment adviser; principal underwriter; or any affiliated person (as defined in Section 2(a)(3) of the Investment Company Act of 1940 (15 U.S.C. 80a-2(a)(3)) and the rules thereunder) of the company, its investment adviser, or its principal underwriter, on the other. Include any policies and procedures of the company's investment adviser, or any other third party, that the company uses, or that are used on the company's behalf, to determine how to vote proxies relating to portfolio securities.

THE REGISTRANT HAS ADOPTED THE FOLLOWING PROXY VOTING POLICIES AND PROCEDURES:

HAMBRECHT & QUIST CAPITAL MANAGEMENT LLC PROXY VOTING POLICIES AND PROCEDURES April, 2003

The following are the policies and procedures adopted and implemented by Hambrecht & Quist Capital Management LLC (the "Adviser") for voting proxies with respect to portfolio securities held by H&Q Healthcare Investors and H&Q Life Sciences Investors (each a "Fund" and collectively the "Funds"). The policies and procedures are reasonably designed to ensure that proxies are voted in the best interest of the Funds and the Funds' shareholders, in accordance with the Adviser's fiduciary duties and Rule 206(4)-6 under the Investment Advisers Act of 1940 (the "Investment Advisers Act"). The Adviser considers the "best interests" of the Funds and their shareholders to mean their best long-term economic interests.

I. General Statement of Policies and Procedures.

The Adviser shall vote proxies for the exclusive benefit, and in the best economic interest, of the Funds and their shareholders. Such exercise of voting rights shall be subject to the same standard of care as is generally applicable to the Adviser's performance of its duties, as set forth in the advisory agreements with the Funds. The policies and procedures contained herein are designed to be guidelines, however each vote is ultimately cast on a case-by-case basis, taking into consideration the relevant facts and circumstances at the time of the vote. Any material conflicts that may arise will be resolved in the best interests of the Funds and their shareholders.

II. Responsibility and Oversight.

A proxy committee is hereby designated and shall be responsible for administering and overseeing the proxy voting process. The committee shall consist of the President of the Adviser, the Treasurer of the Adviser, and the analyst responsible for oversight of the company which is the subject of the proxy.

III. Proxy Voting Procedures.

A. Logistics. The Treasurer shall be responsible for maintaining the proxy log, monitoring corporate actions and confirming the timely voting of proxies. The proxy log shall contain the following information, in accordance with Form N-PX:

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

1. the name of the issuer;
2. the exchange ticker symbol, if available;
3. the CUSIP number, if available;
4. the shareholder meeting date;
5. a brief identification of the matter voted on;
6. whether the matter was proposed by the issuer or a security holder;
7. whether the Adviser cast its vote on the matter;

8. how the Adviser cast its vote on the matter (for, against, abstain; for or withhold regarding the election of directors); and
9. whether the Adviser cast its vote for or against management.

B. Substantive Voting Decisions.

The Adviser's substantive voting decisions turn on the particular facts and circumstances of each proxy vote. The following is a list of common proxy vote issues and the Adviser's standard considerations when determining how to vote such proxies.

1. ROUTINE MATTERS/CORPORATE ADMINISTRATIVE ITEMS. After an initial review, the Adviser generally votes with management on routine matters related to the operation of the issuer that are not expected to have a significant economic impact on the issuer and/or its shareholders.
2. POTENTIAL FOR MAJOR ECONOMIC IMPACT. The Adviser reviews and analyzes on a case-by-case basis, non-routine proposals that are more likely to affect the structure and operation of the issuer and to have a greater impact on the value of the investment.
3. CORPORATE GOVERNANCE. The Adviser reviews and considers corporate governance issues related to proxy matters and generally supports proposals that foster good corporate governance practices.
4. SPECIAL INTEREST ISSUES. The Adviser considers: (i) the long-term benefit to shareholders of promoting corporate accountability and responsibility on social issues; (ii) management's responsibility with respect to special interest issues; (iii) any economic costs and restrictions on management; and (iv) the responsibility of the Adviser to vote proxies for the greatest long-term shareholder value.
5. LIMITATIONS ON DIRECTOR TENURE AND RETIREMENT. The Adviser considers: (i) a reasonable retirement age for directors, E.G. 70 or 72; (ii) the introduction of new perspectives on the board; and (iii) the arbitrary

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

nature of such limitations and the possibility of detracting from the board's stability and continuity.

6. DIRECTORS' MINIMUM STOCK OWNERSHIP. The Adviser considers: (i) the benefits of additional vested interest; (ii) the ability of a director to serve a company well regardless of the extent of his or her share ownership; and (iii) the impact of limiting the number of persons qualified to be directors.
7. D&O INDEMNIFICATION AND LIABILITY PROTECTION. The Adviser considers: (i) indemnifying directors for acts conducted in the normal course of business; (ii) limiting liability for monetary damages for violating the duty of care; (iii) expanding coverage beyond legal expenses to acts that represent more serious violations of fiduciary obligation than carelessness (E.G. negligence); and (iv) providing expanded coverage in cases when a director's legal defense was unsuccessful if the director was found to have acted in good faith and in a manner that he or she reasonably believed was in the best interests of the issuer.
8. DIRECTOR NOMINATIONS IN CONTESTED ELECTIONS. The Adviser considers: (i) long-term financial performance of the issuer relative to its industry; (ii) management's track record; (iii) background to proxy contest; (iv) qualifications of both slates of nominees; (v) evaluations of what each side is offering shareholders as well as the likelihood that the proposed objectives and goals can be met; and (vi) stock ownership positions.
9. CUMULATIVE VOTING. The Adviser considers: (i) the ability of significant stockholders to elect a director of their choosing; (ii) the ability of minority shareholders to concentrate their support in favor of a director or directors of their choosing; and (iii) the potential to limit the ability of directors to work for all shareholders.
10. CLASSIFIED BOARDS. The Adviser considers: (i) providing continuity; (ii) promoting long-term planning; and (iii) guarding against unwanted takeovers.
11. POISON PILLS. The Adviser considers: (i) the Adviser's position on supporting proposals to require a shareholder vote on other shareholder rights plans; (ii) ratifying or redeeming a poison pill in the interest of protecting the value of the issuer; and (iii) other alternatives to prevent a takeover at a price demonstrably below the true value of the issuer.
12. FAIR PRICE PROVISIONS. The Adviser considers: (i) the vote required to approve the proposed acquisition; (ii) the vote required to repeal the fair price provision; (iii) the mechanism for determining fair price; and (iv) whether these provisions are bundled with other anti-takeover measures (E.G., supermajority voting

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

requirements) that may entrench management and discourage attractive tender offers.

13. EQUAL ACCESS. The Adviser considers: (i) the opportunity for significant shareholders of the issuer to evaluate and propose voting recommendations on proxy proposals and director nominees, and to nominate candidates to the board; and (ii) the added complexity and burden.
14. CHARITABLE CONTRIBUTIONS. The Adviser considers: (i) the potential benefits to shareholders; (ii) the potential to detract the issuer's resources from more direct uses of increasing shareholder value; and (iii) the responsibility of shareholders to make individual contributions.
15. STOCK AUTHORIZATIONS: The Adviser considers: (i) the need for the increase; (ii) the percentage increase with respect to the existing authorization; (iii) voting rights of the stock; and (iv) overall capitalization structures.
16. PREFERRED STOCK. The Adviser considers: (i) whether the new class of preferred stock has unspecified voting, conversion, dividend distribution, and other rights;

(ii) whether the issuer expressly states that the stock will not be used as a takeover defense or carry superior voting rights; (iii) whether the issuer specifies the voting, dividend, conversion, and other rights of such stock and the terms of the preferred stock appear reasonable; and (iv) whether the stated purpose is to raise capital or make acquisitions in the normal course of business.
17. DIRECTOR COMPENSATION. The Adviser considers: (i) whether director shares are at the same market risk as those of the shareholders; and (ii) how option programs for outside directors compare with the standards of internal programs.
18. GOLDEN AND TIN PARACHUTES. The Adviser considers: (i) whether they will be submitted for shareholder approval; and (ii) the employees covered by the plan and the quality of management.

IV. Limitations.

The Adviser may abstain from voting a proxy if it concludes that the effect on shareholders' economic interests or the value of the portfolio holding is indeterminable or insignificant. The Adviser may abstain from voting a proxy if it concludes that the cost of voting is disproportionate to the economic impact the vote would have on the portfolio holdings.

V. Conflicts of Interest.

Where conflicts of interest arise between clients and the Adviser which cannot be fully addressed by the process outlined above, the Adviser may convene an ad-hoc committee which will meet to debate the conflict and to give a ruling on a preferred course of action. The ad-hoc committee will be charged with

Edgar Filing: H&Q HEALTHCARE INVESTORS - Form N-CSR

resolving the issue in a manner which will be in the best interests of the Funds and their shareholders.

Alternatively, the Adviser may cause the proxies to be voted in accordance with the recommendations of an independent third party service provider that the Adviser may use to assist in voting proxies.

VI. Disclosure.

The following disclosure shall be provided in connection with these policies and procedures:

1. The Adviser shall provide a description or a copy of these policies and procedures to the Boards of Trustees of the Funds annually and upon request.
2. The Adviser shall make available to the Funds its proxy voting records, for inclusion on the Funds' Form N-PX.
3. The Adviser shall include its proxy voting policies and procedures in its annual filing on Form N-CSR.
4. The Adviser shall cause the Funds' shareholder reports to include a statement that a copy of these policies and procedures is available upon request (i) by

calling a toll-free number; (ii) on the Funds' website, (if the Funds choose); and (iii) on the SEC's website.

5. The Adviser shall cause the Funds' annual and semi-annual reports to include a statement that information is available regarding how the Funds voted proxies during the most recent twelve-month period (i) without charge, upon request, either by calling a toll-free number or on or through the Funds' website, or both; and (ii) on the SEC's website.

VII. Recordkeeping.

The Adviser shall maintain records of proxies voted in accordance with Section 204-2 of the Advisers Act, including proxy statements, a record of each vote cast, and a copy of any document created by the Adviser that was material to making a decision of how to vote the proxy, or that memorializes the basis for the Adviser's decision on how to vote the proxy. The Adviser shall also maintain a copy of its policies and procedures and each written request from a client for proxy voting records and the Adviser's written response to any client request, either written or oral, for such records. Proxy statements that are filed on EDGAR shall be considered maintained by the Adviser. All such records shall be maintained for a period of five years in an easily accessible place, the first two year in the offices of the Adviser.
