**Section 8 Other Events**

**Item 8.01. Other Events.**

In a Current Report on Form 8-K filed on November 13, 2003 (the "November 13 Form 8-K"), Scientific Games Corporation ("Scientific Games" or the "Company") reported that, on November 6, 2003, it acquired IGT OnLine Entertainment Systems, Inc. ("OES") from International Game Technology. On November 24, 2003, the Company filed an amendment on Form 8-K/A to the November 13 Form 8-K to add certain financial statement and pro forma financial information disclosure.

In this Current Report on Form 8-K, the Company has elected to file unaudited pro forma condensed combined statement of operations for the fiscal year ended December 31, 2003 for Scientific Games and the fiscal year ended September 27, 2003 for OES.

**UNAUDITED PRO FORMA  
CONDENSED COMBINED FINANCIAL STATEMENT  
OF SCIENTIFIC GAMES AND OES  
(In Thousands)**

Set forth below is the unaudited pro forma condensed combined statement of operations for the fiscal year ended December 31, 2003 for Scientific Games Corporation ("Scientific Games" or the "Company") and for the fiscal year ended September 27, 2003 for Scientific Games Online Entertainment Systems, Inc. (formerly IGT OnLine Entertainment Systems, Inc., "OES").

The unaudited pro forma condensed combined financial statement data should be read in conjunction with the historical consolidated financial statements and related notes thereto of Scientific Games included in its Form 10-K for the year ended December 31, 2003 and OES included in Scientific Games' Form 8-K filed February 2, 2004, respectively.

The unaudited pro forma condensed combined statement of operations has been derived by application of pro forma adjustments to the combined historical statements of Scientific Games and OES, respectively, and give effect to the following (the "Transactions"):

- (i) The acquisition of OES by Scientific Games.
- (ii) The November 6, 2003 amendment and restatement of Scientific Games' senior credit facility (as amended and restated, the "2003 Facility") to, among other things, (a) increase the revolving credit facility by \$25,000 to \$75,000 and (b) enter into a \$462,825 Term C Loan, of which \$287,825 was used to repay in full the existing Term B Loan, \$143,000 was used to pay the purchase price for the OES acquisition, and the balance is available for general corporate purposes. The effect of item (b) was an increase in term loan borrowings of \$175,000 under the 2003 Facility, of which \$1,728 is classified as current.
- (iii) The application of \$144,900 of net proceeds of additional borrowing under the 2003 Facility to the financing of the OES acquisition and the payment of the associated fees and expenses.

The summary unaudited pro forma condensed combined statement of operations gives effect to the Transactions as if each had occurred at the beginning of the periods presented (see Notes 1 and 3 to Unaudited Pro Forma Condensed Combined Statement of Operations). The Unaudited Pro Forma Condensed Combined Statement of Operations does not purport to represent what the Company's results of operations would have been if the Transactions listed above had actually occurred as of the dates indicated and is not intended to project the Company's results of operations for any future period.

**UNAUDITED PRO FORMA  
CONDENSED COMBINED FINANCIAL STATEMENT  
OF SCIENTIFIC GAMES AND OES  
(In Thousands)**

The unaudited pro forma condensed combined statement of operations does not include adjustments to reflect cost savings that the Company expects to realize following the acquisition of OES. The unaudited pro forma condensed combined statement of operations does not purport to represent what the Company's results of operations would have been if these transactions had actually occurred as of the dates indicated and is not intended to project the Company's results of operations for any future period.

**NOTES TO UNAUDITED PRO FORMA  
CONDENSED COMBINED STATEMENTS OF OPERATIONS  
OF SCIENTIFIC GAMES AND OES  
Twelve Months Ended December 31, 2003  
(In Thousands)**

1. The amounts in this column represent the consolidated results of operations of Scientific Games for the twelve months ended December 31, 2003 as reported in the historical consolidated financial statements of Scientific Games, adjusted as discussed below.
2. The amounts in this column represent the OES portion of the consolidated results of operations of Scientific Games for the months of November and December 2003.
3. The amounts in this column represent the combined results of operations of OES for the twelve months ended September 27, 2003 derived from the reported historical combined financial statements of OES. The amounts for OES represent the operations of IGT OnLine Entertainment Systems, Inc. and of the systems business of VLC, Inc., a subsidiary of International Game Technology. In January 2003, all assets and liabilities of the systems business of VLC, Inc. were transferred to IGT OnLine Entertainment Systems, Inc.
4. The pro forma adjustments in this column reflect the following:
  - (a) A net increase in interest expense attributable to an increase of \$175,000 in borrowings under the 2003 Facility resulting from entering into a \$462,825 Term C Loan, of which \$287,825 was used to repay in full the existing Term B Loan, and the expense of the related financing costs, is as follows:

	<u>Amount</u>	<u>Interest Rate</u>	<u>Year Ended December 31, 2003</u>
<b>Incremental Term Loan Financing:</b>			
Term C Loan	\$ 462,825	4.458%	\$ 20,633
		4.025%	
Repayment of Term B Loan	(287,825)	5.208%	(14,990)
		4.775%	
Expensed financing costs			898
Deferred financing costs	3,794		
Amortization of deferred financing costs			711
			<u>711</u>
<b>Total new interest expense</b>			<b>\$ 7,252</b>
			<u>7,252</u>

Interest rates on borrowings under the 2003 Facility are based, at the Company's option, on the prime rate or LIBOR plus a margin as specified.

The effect of a 0.125% change in the assumed interest rate on borrowings under the amended and restated senior credit facility would result in an approximate \$583 change in the pro forma interest expense adjustment on an annual basis.

- (b) An increase in the income tax (benefit) based on the additional interest expense and expensed financing costs resulting from the borrowings as calculated in clause (a) of this Note 4, using an effective tax rate of 36%.

The pro forma condensed combined statement of operations does not reflect the effect of the elimination of estimated duplicative personnel and corporate costs.
