CORPORATE GOVERNANCE

White Mountains is committed to maintaining sound corporate governance practices. Corporate governance is the system by which companies are directed and controlled and involves the distribution of rights and responsibilities among the Board, management and the Company's Members. The Company has established Corporate Governance Guidelines that spell out its overall approach towards corporate governance.

The Company also has a Code of Business Conduct that applies to all directors, officers and employees in carrying out their responsibilities to and on behalf of the Company. No waivers of the Code of Business Conduct were requested of, or granted by, the Board for any director or executive officer during 2004.

The Company's Corporate Governance Guidelines and Code of Business Conduct are available at www.whitemountains.com. These documents are available in print free of charge to any Member upon request.

The Board has determined that a majority of the Company's current directors are independent, as defined in Section 303A of the New York Stock Exchange ("NYSE") Listed Company Manual. For a director to be independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board has determined that the following directors are independent as defined by the NYSE: Bruce R. Berkowitz; Howard L. Clark; Robert P. Cochran; Edith E. Holiday; Frank A. Olson; Lowndes A. Smith and Joseph S. Steinberg. In making its independence determination with respect to Messrs. Berkowitz, Clark and Steinberg, the Board specifically considered the relationships disclosed herein under "Certain Relationships and Related Transactions." The Board considered these relationships in light of NYSE standards as well as the attributes it believes should be possessed by independent-minded directors. Those attributes include the relative impact of the transactions to the

director's personal finances, the perceived degree of dependence by the director or the Company upon the relationship or transactions continuing in the future and whether the transactions were on terms that were reasonable and competitive. The Board concluded that Messrs. Berkowitz, Clark and Steinberg's relationships disclosed herein would not impair their ability to remain independent from the Company and the Company's management.

At each meeting of the Board, non-management directors meet in separate executive session without Company management present. The Chairman presides over these meetings. The procedures for Members, employees and others interested in communicating directly with any or all of the non-management directors are described on page 37.

The Board

The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management. The primary responsibility of the Board is to oversee and review management's performance of these functions in order to advance the long-term interests of the Company and its Members.

In fulfilling this responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company and its Members. Directors are entitled to rely on the honesty and integrity of senior management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

General Criteria and Process for Selection of Director Candidates. In identifying and evaluating director candidates, the Nominating and Governance Committee does not set specific criteria for directors. Under its charter, the committee is responsible for determining desired Board skills and attributes such as independence, integrity, expertise, breadth of experience, knowledge about the Company's business or industry and ownership interest in the Company. David T. Foy	8,000	3 yrs.	0	8,000	16,000
John P. Cavoores	3,000	3 yrs.	0	3,000	6,000
Charles B. Chokel	5,000	3 yrs.	0	5,000	10,000

- (a) Performance shares are payable only upon completion of pre-defined business goals and are valued based on the market value of Common Shares at the time awards are earned. Performance shares are paid in cash but can be paid in Common Shares if the Compensation Committee so determines. With respect to the 2004 performance shares awarded to Messrs. Barrette, Fass, Foy, Cavoores and Chokel, "Target" performance is the attainment of a corporate annualized return on equity ("ROE") of 13% after tax as measured by the Company's growth in its intrinsic business value. At a ROE of 6% or less ("Threshold") the percentage of

performance shares payable will be 0% and at a ROE of 20% or more ("Maximum") the percentage of performance shares will

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form DEF 14A

become 200% of target. With respect to 50% of the 2004 performance shares awarded to Mr. Gillespie, "Target" performance is the attainment of a 13% ROE, as described above, and for the other 50% "Target" performance is the attainment of an average annual return on invested assets of the greater of 1.5% or 150 basis points over the average annual return on the constant maturity ten-year United States treasury note (the "Treasury Return"). At an average annual return on invested assets less than or equal to the greater of 0% or the Treasury Return ("Threshold"), the percentage of performance shares payable will be 0%, and at an average annual return on invested assets equal to or greater than the greater of 3.25% or 325 basis points over the Treasury Return ("Maximum"), the percentage of performance shares payable will be 200% of target. For results above or below "Target", linear interpolation is used to calculate the performance factor.

White Mountains Re Group, Ltd. Long-Term Incentive Unit Plan (the "WM Re Unit Plan"). The following table summarizes the performance unit award made to Mr. Fass under the under the WM Re Unit Plan during 2004 for the three- year performance period from January 1, 2004 to December 31, 2006:

			Threshold(#)	Target(#)	Maximum(#)
Steven E. Fass	1,400	3 yrs.	0	1,400	2,800

(a) Mr. Fass' performance units are payable only upon completion of pre-defined business goals. In addition, each unit is initially valued at \$1,000 (or \$1,400,000 in total) and increases or decreases in value by White Mountains Re's after-tax underwriting return on capital ("UROC") achieved during the performance period. With respect to this award, "Target" performance is the attainment of a 13% UROC. At a UROC of 6% or less ("Threshold") the percentage of performance units payable will be 0% and at a UROC of 20% or more ("Maximum") the percentage of performance shares payable will be 200% of target. For results above or below "Target", linear interpolation is used to calculate the performance factor. UROC is a proprietary measure which is viewed by the Company as being indicative of White Mountains Re's operating performance.

OneBeacon Performance Units. The following table summarizes the performance unit award made to Mr. Cavoores under the under the Incentive Plan during 2004 for the three-year performance period from January 1, 2004 to December 31, 2006:

			Threshold(#)	Target(#)	Maximum(#)
John P. Cavoores	10,000	3 yrs.	0	10,000	20,000

(a) Mr. Cavoores' performance units are payable only upon completion of pre-defined business goals. In addition, each unit is initially valued at \$100 (or \$1,000,000 in total) and increases or decreases in value by OneBeacon's pretax UROC achieved during the performance period. With respect to this award, "Target" performance is the attainment of a combined ratio of 94%. At a combined ratio of 99% or more ("Threshold") the percentage of performance units payable will be 0% and at a combined ratio of 88% or less ("Maximum") the percentage of performance shares payable will be 200% of target. For results above or below "Target", linear interpolation is used to calculate the performance factor. The combined ratio is viewed by the Company as being indicative of OneBeacon's operating performance.

Equity Compensation Plan Table

The following table provides information as of December 31, 2004 with respect to Common Shares that may be issued under White Mountains' existing incentive compensation plans. Performance shares awarded under the Incentive Plan are typically paid in cash, though they may be paid in Common Shares at the election of the Board or a Committee of the Board. For that reason, these plans are listed in the Equity Compensation Plan Table below. Certain subsidiary incentive plans are cash-based plans which do not provide for the issuance of Common Shares and are therefore excluded from this table.

Plan category	(a) Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at Target	(b) Weighted average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders			281,000
Incentive Plan:			
Performance shares	197,950	\$ 0	
Restricted Shares(1)	15,000	0	
Options(2)	46,530	140.80	
Equity compensation plans not approved by security holders			
Performance Plan(3):			
Performance shares	154,396	\$ 0	500,000

- (1) The outstanding Restricted Shares, which were granted in 2004, are currently outstanding but have not been earned. Restricted Shares vest over a fixed term from the date of grant based on continuous service by the employee throughout such period.
- (2) The outstanding options were granted in 2000 at an exercise price equal to the underlying market value of Common Shares on the date of grant. The exercise price escalates on a straight-line basis by 6% per annum over the ten-year life of the options. The weighted average shown above represents the effective exercise price per Option at December 31, 2004.
- (3) The Performance Plan is a long-term incentive plan of OneBeacon which provides for granting of performance shares to certain of its key employees. The performance goals for full payment of performance shares issued under the Performance Plan are similar to those of the Incentive Plan. The Performance Plan was not subject to Member approval.

COMPENSATION PLANS

Benefit accruals under a qualified defined benefit pension plan and a non-qualified supplemental plan of OneBeacon and a qualified defined benefit plan of Folksamerica were frozen for all participating employees as of December 31, 2002. The table below sets forth the annual benefits payable to Named Executive Officers upon retirement at age 65 under such frozen plans:

Deferred Benefit Plan, a non-qualified deferred compensation plan (the "Deferred Benefit Plan") which was frozen at December 31, 2002. The Deferred Benefit Plan credited each participant's account annually with amounts based on the additional value of pension and 401(k) benefits earned that were above Internal Revenue Service limits on qualified plan benefits. Pursuant to the Deferred Benefit Plan, Mr. Fass' remuneration payable can be invested in various investment options generally available to the investment community. None of the investment options offered under the Deferred Benefit Plan provides an above-market rate of interest. Mr. Fass' account balance under the Deferred Benefit Plan was approximately \$1,636,000 as of December 31, 2004.

Voluntary Deferred Compensation Plans. The Named Executive Officers are eligible to voluntarily participate in various unfunded, nonqualified plans for the purpose of deferring current compensation for retirement savings (the "Deferred Compensation Plans"). Pursuant to the Deferred Compensation Plans, participants can choose to defer all or a portion of qualifying remuneration payable (consisting of base salary, annual bonus or long-term incentive compensation), which can be invested in various investment options generally available to the investment community including Common Shares. None of the investment options offered under the Deferred Compensation Plans provides an above-market rate of interest.

All compensation credited to the Deferred Compensation Plan accounts of the Named Executive Officers has been included in the Summary Compensation Table for the period in which such compensation was earned (subject to deferral).

The table below sets forth the vested balances of the Named Executive Officers under the Deferred Compensation Plans and the percentage of such balances denominated in Common Shares as of December 31, 2004:

Employment, Termination and Change in Control Agreements With Respect to Named Executive Officers. Pursuant to an employment letter dated February 26, 2003, Mr. Foy received, in addition to the Company's customary officer benefits, a sign-on bonus of \$500,000, a guaranteed annual bonus of no less than \$200,000 for 2003, 2004 and 2005 and a one-time grant of 3,000 Restricted Shares vesting at

the end of Mr. Foy's third year of employment. Under certain circumstances, if Mr. Foy's employment with the Company is terminated within the first three years, Mr. Foy is entitled to one year of accrued salary and bonus and a cash payment equal to a pro rated value of his unearned performance share awards in an amount not less than the value of 3,000 Common Shares.

Pursuant to an employment agreement dated January 1, 2001, Mr. John Gillespie is entitled to receive an annual salary of \$400,000, an annual bonus of up to 200% of his salary, minimum grants of performance shares and participation in employee benefit and fringe benefit plans. Under this agreement, Mr. Gillespie may continue his active involvement with Prospector, so long as he devotes the requisite time required to fulfill his responsibilities to WM Advisors. The agreement specifies procedures pursuant to which Prospector's funds have the ability to invest first in opportunities generated by Mr. Gillespie that are appropriate for both White Mountains and such funds. Either party can terminate the employment agreement upon 30 days notice and, upon termination, Mr. Gillespie is entitled to accrued compensation and a cash payment equal to a pro rated value of his unearned performance share awards.

In addition, White Mountains has a revenue sharing agreement with Mr. John Gillespie relating to his interest in Prospector whereby White Mountains pays Prospector's operating expenses in exchange for a portion of certain of Prospector's revenues. See "Certain Relationships and Related Transactions" below.

If a change in control of the Company were to occur, the Incentive Plan provides that certain events, such as involuntary or constructive employment termination or amendments to the Incentive Plan which are materially adverse to Incentive Plan participants, may cause options to become fully exercisable, Restricted Shares to become immediately vested and performance shares and performance units to become payable in full or in part. Such circumstances are more fully described in the Incentive Plan which, as amended, is attached as Appendix A to this Proxy Statement. In addition, a change in control of the Company may trigger distributions under certain of the Deferred Compensation Plans and the Deferred Benefit Plan in accordance with their terms.

Certain Relationships and Related Transactions

Berkshire

Berkshire owned approximately 16% of the Common Shares of the Company as of December 31, 2004. Berkshire acquired the Common Shares through its June 2004 exercise of warrants to purchase 1,724,200 Common Shares for \$294 million. Berkshire bought the warrants in connection with the financing of White Mountains' acquisition of OneBeacon in 2001. The warrants were exercisable at any time until May 2008 and were callable by the Company on or after May 31, 2005. Berkshire and the Company agreed to reduce the exercise price by approximately 2% (\$6 million) to induce Berkshire's early exercise of the warrants.

In November 2004, the Company completed a significant corporate reorganization that made the legal organization of the Company's subsidiaries consistent with its main operating businesses. In order to effect the reorganization, the Company and Fund American Companies, Inc. ("Fund American"), a wholly-owned subsidiary of the Company, entered into or amended certain agreements with respect to the Series A Preferred Stock of Fund American (the "Series A Preferred Stock"), which is owned by subsidiaries of Berkshire. Under the terms of a Keep-Well Agreement dated November 30, 2004 between the Company and Fund American (the "Keep-Well"), the Company has agreed to return to Fund American up to approximately \$1.1 billion, which equals the amount of net assets transferred out of Fund American as a result of the reorganization, if some or all of that amount is required by Fund American to meet its obligations to Berkshire under the Series A Preferred Stock. Additionally, the Keep-Well limits the aggregate amount of distributions that the Company may make to its shareholders to approximately \$1.3 billion plus the Company's aggregate consolidated net income after

September 30, 2004. The Keep-Well will expire when all obligations of the Series A Preferred Stock, which is redeemable in May 2008, have been satisfied, or when approximately \$1.1 billion has been returned to Fund American.

In the ordinary course of its business, White Mountains has, and in the future may, enter into insurance and reinsurance transactions with Berkshire on arm's length terms and conditions.

During 2004, White Mountains paid a total of \$4.5 million to NetJets, Inc., a wholly-owned subsidiary of Berkshire, consisting of \$3.3 million for the purchase of fractional interests in two aircraft and \$1.2 million for the management and operation of White Mountains' fractionally-owned aircraft.

White Mountains and Berkshire co-led the investor group that acquired Symetra for \$1.35 billion on August 2, 2004. See "Symetra" below.

Olympus

White Mountains has entered into various reinsurance transactions with Olympus. In addition, White Mountains receives fee income on reinsurance placements referred to Olympus and is entitled to additional fees based on net underwriting profits on referred business. White Mountains earned \$68.7 million of fee income from Olympus during 2004. White Mountains does not own or control any common shares of Olympus.

Mr. Steinberg is Chairman of Olympus and is President of Leucadia. Leucadia owns approximately 19% of the common shares of Olympus. Investment funds managed by Franklin, which own approximately 19% of the common shares of the Company, own approximately 13% of Olympus. Mr. Berkowitz is Deputy Chairman and a director of Olympus. Through Fairholme Capital Management, Mr. Berkowitz controls approximately 11% of the common shares of Olympus. Mr. John Gillespie, through investment management arrangements including Prospector, controls approximately .1% of the common shares of Olympus. In addition, other directors and Executive Officers of White Mountains (consisting of Messrs. Byrne, Cavoeres, Fass and Zankel) own approximately 3% of the common shares of Olympus.

Symetra

As of December 31, 2004, through its holdings of common shares and warrants, White Mountains owned approximately 24% of Symetra on a fully-converted basis. Berkshire, who co-led the investor group that acquired Symetra, also owns approximately 24% of Symetra on a fully-converted basis. White Mountains is entitled to appoint three persons to Symetra's eight member board of directors (currently Messrs. Byrne, John Gillespie and Foy). In addition, Mr. Foy serves as Chairman of Symetra.

The following entities were among the Symetra investor group that was co-led by White Mountains and Berkshire Hathaway. Investment funds managed by Franklin own approximately 10% of common shares of Symetra on a fully converted basis. Mr. Berkowitz, through Fairholme Capital Management, controls approximately 2% of the common shares of Symetra on a fully converted basis. Mr. John Gillespie, through investment management arrangements including Prospector, controls approximately 3% of the common shares of Symetra on a fully converted basis.

FSA

As of December 31, 2004, White Mountains held phantom shares of FSA (representing approximately 1% of the equity of FSA) with a fair value of \$49.6 million. Mr. Cochran is Chairman and CEO of FSA.

Other relationships

Mr. Clark is Vice Chairman of Lehman. Lehman has, from time to time, provided various services to White Mountains including investment banking services, brokerage services, underwriting of debt and equity securities and financial consulting services. Lehman was the lead underwriter of White Mountains' \$700.0 million Senior Notes. Lehman was also the arranger, the administrative agent and a lender under White Mountains' bank facility.

Mr. George Gillespie is a Partner at CS&M which has been retained by White Mountains from time to time to perform legal services.

Mr. John Gillespie, pursuant to his employment agreement previously described under "Other Compensation Arrangements", may continue his active involvement with Prospector so long as Mr. Gillespie devotes the requisite time required to fulfill his responsibilities to WM Advisors. The agreement specifies procedures pursuant to which Prospector's funds have the ability to invest first in opportunities generated by Mr. Gillespie that are appropriate for both White Mountains and such funds.

Pursuant to a revenue sharing agreement established in connection with his employment by the Company, Mr. John Gillespie has agreed to pay White Mountains 33% of certain revenues of Prospector in return for White Mountains agreeing to pay its operational expenses. For 2004, White Mountains' received total revenues of approximately \$4.2 million and paid total expenses of approximately \$2.8 million under the revenue sharing agreement. Pursuant to another revenue sharing agreement with Prospector, Mr. Gillespie has agreed to pay White Mountains 6% of the revenues in excess of \$500,000 of certain of Prospector's funds in return for White Mountains having made a founding investment in Prospector in 1997. For 2004, White Mountains' received a payment of approximately \$.8 million under the second revenue sharing agreement. Mr. Gillespie's share of Prospector's revenues for 2004 was approximately \$4.2 million.

At December 31, 2004, White Mountains had approximately \$115.9 million invested in funds managed by Prospector. In addition, Messrs. Byrne, George Gillespie and John Gillespie owned investments in funds managed by Prospector as of such date.

In September 2001, WM Advisors entered into a five- year lease at a market-based rate for a building partially owned by Mr. John Gillespie and trusts for the benefit of members of his family (the "Gillespie Trusts"). For 2004, the rental payments attributable to Mr. Gillespie's ownership in the building totalled approximately \$16,000 and the rental payments attributable to the Gillespie Trusts' ownership in the building totalled approximately \$127,000.

Mr. John Gillespie indirectly through general and limited partnership interests holds a 44% interest in Dowling & Partners Connecticut Fund III, LP ("Fund III"). OBPP and Folksamerica Specialty Underwriting, Inc. ("FSUI") have borrowed approximately \$8 million and \$7 million, respectively, from Fund III in connection with an incentive program sponsored by the State of Connecticut known as the Connecticut Insurance Reinvestment Act (the "CIR Act"). The CIR Act provides for Connecticut income tax credits to be granted for qualifying investments made by approved fund managers. The loans made by Fund III to OBPP and FSUI are qualifying investments and, together, have the potential to generate up to \$15 million of tax credits that would be shared equally between Fund III on the one hand and OBPP and FSUI on the other. As a result of his interest in Fund III, John Gillespie could realize up to \$3.3 million from the tax credits, although any such amount would be subject to the revenue sharing agreements with White Mountains described above.

Mr. Zankel is Senior Managing Member of High Rise Capital Advisors LLC, which is the General Partner of High Rise Partners II, L.P. and Cedar Bridge Realty Fund, L.P. At December 31, 2004, White Mountains had a total of approximately \$80.8 million in investments that were managed by these entities.

The Company believes that the above transactions were on terms that were reasonable and competitive and, in the case of Lehman, were obtained through a competitive bid process.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Philosophy

The Company's executive compensation policies are designed with one goal in mind, maximization of Member value over long periods of time. The Company believes that this goal is best pursued by utilizing a pay-for-performance program which serves to attract and retain superior executive talent and provide management with performance-based incentives to maximize Member value. Through this compensation program, the Company seeks to maximize Member value by aligning closely the financial interests of management with those of its Members. To that end, the Compensation Committee has established base salaries and bonus targets for the Company's executives that tend to be lower than those paid by peer companies, while emphasizing highly variable long-term incentives. The long-term incentives are designed to pay a percentage of the value added over a low-risk threshold.

The Company believes that the principal long-term measure of Member value created (or lost) is the Company's ROE as measured by growth in its intrinsic value per share. The Company calculates intrinsic value per share based on its growth in economic value per share (which is weighted 50%), growth in tangible book value per share (which is weighted 25%) and growth in market value per share (which is weighted 25%). This proprietary measure is viewed by management and the directors as being an objective and conservative measure of the value of White Mountains and includes the projected cost of all outstanding compensation awards. The Company believes that, over long periods of time, maximizing its ROE will maximize Member returns.

The Company also believes that performance-based compensation for key employees should be payable in full only if it achieves superior returns for its Members. Therefore, the targets of many of its performance-based compensation programs are directly linked to achievement of a stated annualized ROE. With respect to the Company's 2004 annual bonus program, the target was set at 15%. With respect to the Company's long-term incentive grants made for the three-year performance period from January 1, 2004 to December 31, 2006, the target was set at 13%.

Certain annual and long-term compensation awards at the Company's subsidiaries are not directly tied to the attainment of a particular ROE. Instead, those awards are measured using goals that are pertinent to the subsidiary's overall business objectives which, if met, will allow the Company to achieve its ROE objectives.

2004 Compensation Actions

Compensation of White Mountains' Executive Officers, consists primarily of three components: base salary, annual bonus and long-term incentive awards.

Base Salary

Base salary for each Named Executive Officer is established annually, on or about March 1. When establishing the 2004 base salaries of the Named Executive Officers, the Compensation Committee considered numerous factors including each Named Executive Officer's qualifications, corporate responsibilities, performance since their last salary adjustment and, except for the CEO, the recommendations of the CEO. No changes were made to the base salaries of the Named Executive Officers during 2004. For 2005, the maximum base salary for the Named Executive Officers is \$400,000.

Annual Bonus

For 2004, the target annual bonus for each of the Named Executive Officers, except Mr. Fass, was equal to 50% of base salary. Mr. Fass' target annual bonus for 2004 was equal to 75% of his base salary. For 2005, the annual bonus target for each Named Executive Officer is equal to 50% of base salary.

Each Executive Officer participates in the annual bonus pool of his affiliated business unit. The aggregate bonus pool size for each business unit can range from 0% to 200% of target. Individual bonuses can vary widely around the pool average and no cap (other than the size of the pool) applies to any single individual. Typically, the CEO of a business unit receives the average bonus percentage applicable to the business unit.

When approving the aggregate size of the 2004 annual bonus pools, the Compensation Committee considered numerous factors including performance versus the objectives set forth in the Annual Business Plans of the Company, WM Advisors, White Mountains Re and OneBeacon, their respective financial performance for the latest fiscal year as measured by ROE or otherwise, and the recommendations of the CEO.

After approving the aggregate size of the 2004 annual bonus pools, the Compensation Committee considered the annual bonuses for Executive Officers. The factors considered by the Compensation Committee included individual achievements as compared to objectives contained in the Annual Business Plans, the contribution of such achievements to the Company's overall financial performance and the recommendations of the CEO.

The Compensation Committee determined that the financial results of the Company (the basis for Messrs. Barrette, Foy and Chokel's bonus) warranted a bonus pool of 175% of target or 87.5% of eligible base salary. The principal factor considered by the Compensation Committee in making this determination was the Company's 2004 growth in economic value which was determined to be 20%, which exceeded the target. In light of the bonus pool established and individual performance during the year, Messrs. Barrette, Foy and Chokel were allocated individual bonuses for 2004 of \$350,000, \$400,000 and \$200,000, respectively by the Compensation Committee.

The Compensation Committee determined that the 2004 financial results of WM Advisors (the basis for one-half of Mr. Gillespie's bonus) warranted a bonus pool of 140% of target. The principal factor considered by the Compensation Committee in making this determination was the 7.3% return on the Company's invested assets with the equity portfolios outpacing a strong market and the fixed income portfolios modestly outperforming bond indices with similar duration and credit characteristics. The other half of Mr. Gillespie's bonus was dependent upon the financial results of the Company which, as stated above, was determined to warrant a bonus pool of 175% of target. Based on the average of these two measures, Mr. Gillespie's bonus was determined to be 158% of target or \$316,000.

The Compensation Committee determined that the 2004 financial results of White Mountains Re (the basis for Mr. Fass' bonus) warranted a bonus pool of 200% of target. The principal factor considered by the Compensation Committee in making this determination was White Mountains Re's 2004 after-tax UROC which was determined to be 23%, which exceeded the target. As CEO of the business unit, Mr. Fass was allocated an annual bonus for 2004 equal to the average bonus percentage of 200% of target, or \$700,000.

The Compensation Committee determined that the 2004 financial results of OneBeacon (the basis for Mr. Cavoore's bonus) warranted a bonus pool of 100% of target. The principal factors considered by the Compensation Committee in making this determination were OneBeacon's 2004 combined ratio of 99%, which underperformed its target, and OneBeacon's successful completion of its other operating objectives, including the successful integration of the Atlantic Mutual book of business during 2004. As

CEO of the business unit, Mr. Cavoores was allocated an annual bonus for 2004 equal to the average bonus percentage of 100% of target, or \$200,000.

Long-Term Incentive Compensation

The Company's Incentive Plan provides for granting various types of share-based incentive awards including performance shares, Restricted Shares and options to the Named Executive Officers.

Over the past several years, the Company has principally used performance shares in its long-term compensation plans. Performance shares are payable only upon completion of pre-defined business goals and are valued based on the market value of Common Shares at the time awards are earned. Based on the level of performance against the pre-defined goals, the number of actual shares awarded can range from 0% to 200% of the number of target shares originally granted. Performance shares awarded under the Incentive Plan are typically paid in cash but can be paid in Common Shares if the Compensation Committee so determines.

The Company believes that awards of performance shares are an attractive method of providing incentives for management to maximize Member value over the long term which aligns the interests of management with those of the Company's Members. This belief is predicated on the following factors: (i) such awards are earned over multi-year periods; (ii) such awards derive their value from Common Shares; and (iii) such awards are contingent upon the achievement of a specified ROE, or such other measures as may be selected in advance, over the applicable performance period.

Long-term incentive awards granted during 2004

During 2004, Messrs. Barrette, Gillespie, Fass, Foy, Cavoores and Chokel were granted 10,000, 10,000, 5,000, 8,000, 3,000 and 5,000 performance shares at target, respectively, by the Compensation Committee. The performance period for such awards began on January 1, 2004 and will continue through December 31, 2006. If the level of performance against the pre-defined goals were to result in a payout of 200% of target, Messrs. Barrette, Gillespie, Fass, Foy, Cavoores and Chokel would earn 20,000, 20,000, 10,000, 16,000, 6,000 and 10,000 performance shares, respectively, for this performance cycle.

With respect to the 2004 performance shares awarded to Messrs. Barrette, Fass, Foy, Cavoores and Chokel, "Target" performance is the attainment of a ROE of 13%. At a ROE of 6% or less ("Threshold") the percentage of performance shares payable will be 0% and at a ROE of 20% or more ("Maximum") the percentage of performance shares will become 200% of target. With respect to 50% of the 2004 performance shares awarded to Mr. Gillespie, "Target" performance is the attainment of an 13% ROE, as described above, and for the other 50% "Target" performance is the attainment of an average annual return on invested assets of the greater of 1.5% or 150 basis points over the Treasury Return. At an average annual return on invested assets less than or equal to the greater of 0% or the Treasury Return ("Threshold"), no such performance shares would be earned, and at an average annual return on invested assets equal to or greater than the greater of 3.25% or 325 basis points over the Treasury Return ("Maximum"), 200% of such performance shares would be earned. In all cases, for performance above or below "Target", linear interpolation is used to calculate the performance factor.

Mr. Fass was also granted a contingent award of 1,400 performance units under the WM Re Unit Plan during 2004. Each unit is initially valued at \$1,000 (or \$1,400,000 in total) and increases or decreases in value by White Mountains Re's after-tax underwriting return on capital ("UROC") achieved during the performance period. With respect to this award, "Target" performance is the attainment of a 13% UROC. At a UROC of 6% or less ("Threshold") the percentage of performance units payable will be 0% and at a UROC of 20% or more ("Maximum") the percentage of performance shares payable will be 200% of target. For results above or below "Target", linear interpolation is used to calculate the performance factor.

Mr. Fass also received a one-time grant of 10,000 Restricted Shares during 2004 which is scheduled to vest in February 2007. The Restricted Shares were awarded to Mr. Fass as an additional incentive for him to remain with the Company as it continues its strategy of creating a significant global reinsurance operation.

Mr. Cavoores was also granted a contingent award of 10,000 performance units under the Incentive Plan during 2004. Each unit is initially valued at \$100 (or \$1,000,000 in total) and increases or decreases in value by OneBeacon's pretax UROC achieved during the performance period. With respect to this award, "Target" performance is the attainment of a combined ratio of 94%. At a combined ratio of 99% or more ("Threshold") the percentage of performance units payable will be 0% and at a combined ratio of 88% or less ("Maximum") the percentage of performance shares payable will be 200% of target. For results above or below "Target", linear interpolation is used to calculate the performance factor.

The Company did not grant any options during 2004.

Long-term incentive awards earned during 2004

Messrs. Barrette, Gillespie, Fass, Cavoores and Chokel had, pursuant to a 2002 grant, 15,000, 15,000, 5,000, 10,000 and 7,500 performance shares at "Target", respectively, eligible for payout for the three-year performance share cycle ended December 31, 2004. Mr. Foy joined the Company during 2003 and was not awarded performance shares for the 2002 to 2004 performance share cycle.

With respect to 50% of the 2002 performance shares awarded to Messrs. Barrette, Gillespie, Cavoores and Chokel and 100% of the 2002 performance shares awarded to Mr. Fass, "Target" performance was predetermined to be the attainment of a Company ROE of 12% (at a ROE of 5% or less, no such performance shares would be earned, and at a ROE at or above 23%, 200% of such performance shares would be earned).

With respect to the remaining 50% of the 2002 performance shares awarded to Messrs. Barrette, Cavoores and Chokel, "Target" performance was predetermined to be the attainment of an insurance operations trade ratio of 102% (the "Trade Ratio") on OneBeacon's core insurance operations (at a Trade Ratio of 106% or more, no such performance shares would be earned, and at a Trade Ratio of 96% or less, 200% of such performance shares would be earned). The Trade Ratio is viewed by the Company as being indicative of OneBeacon's operating performance.

With respect to the remaining 50% of the 2002 performance shares awarded to Mr. Gillespie, "Target" performance was predetermined to be the attainment of an average annual return on invested assets of 150 basis points over the Treasury Return. At an average annual return equal to or less than the Treasury Return, no such performance shares would be earned, and at an average annual return equal to or greater than 300 basis points over the Treasury Return, 200% of such performance shares would be earned.

In light of the results attained during the performance period, the Compensation Committee determined that the 2004 performance shares were earned in the following percentages: (i) those contingent on the Company's ROE were earned 160% based on an attained ROE of 18.5% versus a target of 12%, (ii) those contingent on OneBeacon's Trade Ratio were earned 200% based on an attained Trade Ratio of 95.3% versus a target of 102% and (iii) those contingent on WM Advisor's return on invested assets were earned 167% based on the attained average annual return on invested assets of 9.0% versus a target of 8.0%. As a result, Messrs. Barrette, Gillespie, Fass, Cavoores and Chokel earned a total of 27,000, 24,525, 8,000, 18,000 and 13,500 performance shares on February 23, 2005, respectively. The dollar value of such performance shares earned is included in the Summary Compensation Table for 2004.

In addition, Mr. Fass had a contingent cash award under the Folksamerica Holding Company, Inc. Long-Term Incentive Plan for the 2002 to 2004 performance period. The "Target" amount of this award was 100% of Mr. Fass' base salary which was to be subsequently increased or decreased in value by Folksamerica's UROC achieved during 2002 and 2003 and White Mountains Re's UROC achieved during 2004. With respect to this award, "Target" performance was determined to be the attainment of a 13.7% UROC. At a UROC of 6.7% or less, the award would not be earned and at a UROC of 20.7%, the award would be earned 200%. During the 2002-2004 performance cycle, a UROC of 23.5% was attained and as such the Compensation Committee determined that 200% of Mr. Fass' award, or \$1,778,022, was earned on February 23, 2005. This amount is included in the Summary Compensation Table for 2004.

Federal Income Tax Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code (the "Code"), the federal tax deduction for subsidiaries of the Company that are incorporated in the United States ("Domestic Subsidiaries") for all compensation paid to certain highly-paid executive officers of Domestic Subsidiaries in any one year is limited to \$1,000,000 per officer. Compensation that qualifies as performance-based compensation is exempt from this deduction limitation. The Compensation Committee believes that the federal tax deductions arising from an officer's exercise of options or stock appreciation rights and amounts earned by an officer pursuant to performance share or performance unit awards should be exempt from this limitation. However, it is possible that in certain circumstances deductions arising from these awards would be subject to disallowance under Section 162(m) of the Code.

Summary

The Compensation Committee has reviewed all elements of the CEO's and the other Named Executive Officers' compensation including salary, bonus, long-term incentives, perquisites, the earnings and accumulated payout obligations under deferred compensation arrangements, frozen pension plan obligations and other compensation. The Compensation Committee believes the executive compensation policies and programs previously described are appropriate, competitive and are achieving their intended goal of maximizing Member value over long periods of time. The Compensation Committee continues to evaluate and, as necessary, update such policies and programs to assure they reinforce the Company's key principal of "Think Like Owners", while serving to attract, motivate and retain the best talent available.

**AMENDMENTS TO THE LONG-TERM INCENTIVE PLAN AND APPROVAL OF
PERFORMANCE CRITERIA**

Members are being asked to approve amendments to the Company's Long-Term Incentive Plan at the 2005 Annual Meeting and to approve, for purposes of compliance with exclusions from the limitations of Section 162(m) of the Code, the performance criteria that the Compensation Committee may use in setting performance goals applicable to awards of performance shares and performance units. On February 23, 2005, the Compensation Committee approved, subject to the approval of the Company's Members, a series of amendments to the Incentive Plan to: (i) create a new inventory of 400,000 shares which may be granted "at target" under the Incentive Plan (and, accordingly, up to 800,000 Common Shares may be issued if all performance shares granted pay out at 200% as a result of Company performance exceeding performance targets and are settled in Common Shares), (ii) add directors and key consultants to the Company and its subsidiaries to the group of eligible recipients of awards under the Incentive Plan, (iii) make administrative amendments to the Incentive Plan, including with respect to the recently adopted Section 409A of the Internal Revenue Code, and (vi) extend the current expiration date of the Incentive Plan from August 23, 2011 to May 19, 2015.

In May 2001, Members authorized 300,000 Common Shares for issuance under the Incentive Plan. Under NYSE rules, 281,000 of these shares remain available for issuance as a result of the Company's typical practice of paying cash or establishing deferred compensation balances to settle its performance share obligations rather than actually issuing shares. However, in keeping with the Company's corporate governance standards, the Compensation Committee has taken a more conservative approach by counting the number of performance shares granted "at target" against the Incentive Plan inventory. As a result, the Committee views the inventory available for future "at target" grants as essentially depleted and is seeking Member authorization for a new inventory of 400,000 shares available for future grants "at target" of any awards which may be made under the Incentive Plan (and, accordingly, up to 800,000 Common Shares may be issued if all performance shares granted pay out at 200% as a result of Company performance exceeding performance targets and are settled in Common Shares, rather than in cash or deferred compensation balances). The requested authorization is currently expected to provide sufficient inventory for approximately five years of future performance share grants (commencing with the 2006-2008 performance cycle).

In addition, the Incentive Plan details performance criteria that may be used by the Compensation Committee as a condition to the vesting and payment of performance share and performance unit awards to management. See "Description of the Incentive Plan-Performance Shares and Performance Units." Under Code Section 162(m), the performance criteria generally must be submitted to and approved by stockholders at least every five years. If the performance criteria are not approved by the Members, the Company may be unable to deduct for federal tax purposes some or all of the value of certain awards that may be granted under the Incentive Plan. The performance criteria set forth in the Incentive Plan were last approved by Members at the 2001 Annual Meeting.

Background

The Company believes that its long-term compensation should be based on "pay for performance" and further believes that management should act as if they were owners. With these objectives in mind, the Compensation Committee believes that the proposed amendments to the Incentive Plan will allow the Company to continue to closely align the financial interests of management with those of the Company's Members. This summary of the material terms of the Incentive Plan is qualified in its entirety by reference to Appendix A attached to this Proxy Statement.

Description of the Incentive Plan

Awards. The Incentive Plan provides for the grant of performance shares, performance units, options, stock appreciation rights and Restricted Shares.

Administration. The Compensation Committee administers the Incentive Plan and has the authority to select employees to receive awards under the Incentive Plan, determine the type, size and terms of awards granted under the Incentive Plan, interpret the Incentive Plan and related awards and establish, amend and rescind rules and regulations relating to the Incentive Plan.

Common Shares. As described above, 281,000 Common Shares remain available for issuance under the Incentive Plan. The proposed amendments would provide that up to an additional 400,000 shares could be granted "at target" under the Incentive Plan with up to 800,000 Common Shares actually issuable if all performance shares granted pay out at 200% of target.

As of the close of trading on March 21, 2005, the value of a Common Share was \$641.00.

Eligibility. Any director, key employee or consultant of the Company or any of its subsidiaries designated by the Compensation Committee is eligible to receive an award under the Incentive Plan. As of the date of this Proxy Statement, the Company believes the numbers of directors, key employees and consultants of the Company and its subsidiaries is approximately fifty.

Performance Shares and Performance Units. Performance shares are awards of phantom Common Shares, some or all of which are earned if performance goals established by the Compensation Committee at the time of grant are satisfied over a specified award period. Based on the level of performance against established goals, the number of performance shares earned can range from 0% to 200% of the number of target shares originally granted. The value earned by an employee pursuant to an award of performance shares is generally equal to the number of award shares earned with respect to the award period multiplied by the fair market value of a Common Share on the date of payment. Performance shares are typically paid in cash, though they may be paid in Common Shares at the election of the Compensation Committee. The maximum amount of compensation that can be earned by an employee pursuant to an award of performance shares with respect to any particular award period of one year or more cannot exceed the value of 50,000 Common Shares.

The Incentive Plan also provides for the grant of performance units. Performance units are awards of phantom units that are paid out if performance goals established by the Compensation Committee at the time of grant are satisfied over a specified award period. Based on the level of performance against established goals, the number of performance units earned can range from 0% to 200% of the number of target units originally granted. The value earned by an employee pursuant to an award of performance units is equal to the number of performance units earned over the award period multiplied by the unit value determined by the Compensation Committee, which is \$100 (or in certain cases \$1,000) increased by the percentage growth in value of the Company, any of its subsidiaries or any combination thereof over the award period. The maximum amount of compensation that can be earned by an employee with respect to an award of performance units during any award period of three years or more cannot exceed \$10,000,000. This limit on the amount of compensation that can be earned with respect to performance units is pro rated for award periods of less than three years.

Awards of performance shares and performance units are generally forfeited if any employee terminates employment with the Company and its subsidiaries prior to the end of the award period for any reason other than death, disability or retirement.

The performance goals that may be selected by the Compensation Committee with respect to performance share and performance unit awards are based upon one or more of the following criteria: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on shareholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) share price; (xi) combined ratio; (xii) operating ratio; (xiii) profitability of an identifiable business unit or product; (xiv) maintenance or improvement of profit margins; (xv) market share; (xvi) revenues or sales; (xvii) costs; (xviii) cash flow; (xix) working capital; (xx) return on assets; (xxi) customer satisfaction; (xxii) employee satisfaction; and (xxiii) economic value per share (computed based on book value per share determined in accordance with GAAP adjusted for changes in the intrinsic value of assets and liabilities whose value differs from their GAAP carrying value). The foregoing criteria may, as determined by the Compensation Committee, relate to the Company, one or more of its subsidiaries or divisions, units, partnerships, joint ventures, minority investments, product lines or products, or any combination of the foregoing and may be applied on an absolute basis and/or be relative to one or more peer companies or indices or any combination thereof. At the time of an award of performance shares or performance units, the Compensation Committee establishes specific performance objectives that must be achieved with respect to the selected performance goal over the specified award period to earn some or all of a performance share or performance unit award. The Compensation Committee may calculate the relevant performance objective without regard to extraordinary items.

The Compensation Committee may settle performance share or performance unit awards earned by an employee in cash or Common Shares.

Options and Stock Appreciation Rights. Options granted under the Incentive Plan may be non-qualified options or incentive stock options and are granted to eligible employees for no consideration. Options may be granted in tandem with stock appreciation rights or performance shares. An employee cannot receive options and stock appreciation rights on more than 10,000 Common Shares during any one year.

The exercise price of each Common Share covered by an option will be not less than the greater of the fair market value of a Common Share as of the date the option is granted or the par value of a Common Share, provided that the exercise price of each Common Share of an incentive share option granted to certain employees with large shareholdings in the Company cannot be less than 110% of the fair market value of a Common Share on the date the option is granted. Each option becomes vested and exercisable at such times and subject to such terms and conditions as the Compensation Committee may, in its sole discretion, specify in the option agreement. Except in the event of an option holder's death, disability or retirement or except as determined by the Board, each option will expire immediately, without any payment, upon the earlier of (1) the tenth anniversary of the option's grant date and (2) three months after the holder's termination of employment. Common Shares will not be delivered pursuant to an option's exercise until the optionholder pays the exercise price in full. Payment of the exercise price may be made in cash or check, by exchanging Common Shares owned by the optionholder or a combination of these methods.

There are no federal tax consequences to optionholders, the Company or its subsidiaries in connection with the grant of an option. Upon the exercise of non-qualified options, optionholders will generally be subject to federal taxation on the aggregate difference in value between the option exercise price and the fair market value of the Common Shares with respect to which the option is exercised. That amount should be deductible for federal tax purposes with respect to employees of subsidiaries of the Company that are incorporated in the United States. A holder of an incentive stock option is generally not subject to federal taxation, and the Company and its subsidiaries are generally not entitled to a deduction, upon its exercise if the Common Shares obtained upon exercise are held for a specified period of time. Because the Company is incorporated in Bermuda, it cannot take a federal tax deduction for options exercised by its employees.

Incentive stock options on a total of 81,000 Common Shares have been granted under the Incentive Plan, all of which were issued in a one-time award on February 28, 2000. The outstanding options were granted at an exercise price equal to the underlying market value of Common Shares on the date of grant and vest 10% per year through 2009. The exercise price escalates on a straight-line basis by 6% per annum over the ten-year life of the options. Those options were granted to employees of the Company and its subsidiaries as follows: Raymond Barrette, 9,000; Steven E. Fass, 9,000; David G. Staples, 9,000; Reid T. Campbell, 9,000; Kernan V. Oberting, 9,000; Michael S. Paquette, 9,000; Michael E. Tyburski, 9,000; and all other employees of the Company and its subsidiaries as a group, 18,000. As of March 21, 2005, options on 44,730 Common Shares were still outstanding, options on 29,070 Common Shares have been exercised and options on 7,200 Common Shares have been forfeited.

Stock appreciation rights can only be granted in tandem with options and give the holder the right to receive, in exchange for the cancellation of the option on the number of Common Shares with respect to which the stock appreciation right is exercised, a payment in an amount equal to the aggregate difference between the applicable exercise price and the fair market value of Common Shares with respect to which the right is exercised (which for this purpose only cannot exceed 150% of the applicable exercise price). Stock appreciation rights may be settled in cash or Common Shares.

Restricted Stock. The Compensation Committee may award shares of restricted stock, which are Common Shares that may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of during a period designated by the Compensation Committee (the "restricted period"). The Company may purchase the Common Shares subject to an award of Restricted Stock at any price

specified by the Compensation Committee at the time of grant if the holder's employment with the Company terminates before the end of the applicable restricted period for a reason other than death, disability or, in the discretion of the Board, retirement or other voluntary termination.

Change in Control. In the event of an "unfriendly change in control" (as defined in the Incentive Plan), options generally become immediately vested and exercisable.

In the event of certain terminations of an employee's employment with the Company or certain adverse changes to the Incentive Plan, in each case within 24 months of a "change in control" (as defined in the Incentive Plan), options held by the employee immediately vest and become exercisable, awards of restricted stock held by the employee immediately vest and become unrestricted and the employee becomes entitled to a payment (as specified in the Incentive Plan) with respect to performance share or performance unit awards granted prior to the change in control.

Certain Transactions. The Compensation Committee may make equitable changes in the terms of outstanding awards granted under the Incentive Plan or in the number of Common Shares issuable under an award or under the Incentive Plan in the event of any change in the Company's outstanding Common Shares by reason of any stock split, stock dividend, recapitalization, merger, consolidation, reorganisation, combination or exchange of Common Shares or other similar event.

Amendment. The Board may amend the Incentive Plan at any time, but no such amendment may, without the approval of the Company's Members (except as described under "Certain Transactions", above) increase the number of Common Shares that may be issued under the Incentive Plan or change the class of employees eligible to participate in the Incentive Plan.

Limitation on Company's Deduction. Under Section 162(m) of the Code, the federal tax deduction for Domestic Subsidiaries for all compensation paid to certain highly paid executive officers of the Company or its subsidiaries in any one year is limited to \$1,000,000 per officer. Compensation that qualifies as "performance-based compensation" is exempt from this deduction limitation. Compensation may qualify as "performance-based compensation" for purposes of Code Section 162(m) if, among other conditions, the vesting and payment of the compensation is contingent upon the achievement of pre-established performance goals that are set with reference to performance criteria that have been approved by stockholders. Under Code Section 162(m), the performance criteria generally must be submitted to and approved by stockholders at least every five years. If the performance criteria are not approved by the Members, the Company may be unable to deduct for federal tax purposes some or all of the value of certain awards that may be granted under the Incentive Plan. White Mountains believes that the federal tax deductions of a Domestic Subsidiary arising from an officer's exercise of options or stock appreciation rights and amounts earned by an officer pursuant to performance share or performance unit awards should be exempt from this limitation. However, it is possible that in certain circumstances deductions arising from these awards would be subject to disallowance under Section 162(m) of the Code.

A complete copy of the Incentive Plan, reflecting the proposed amendments thereto, has been provided herein as Appendix A. **The Board recommends a vote FOR Proposal 6 which calls for approval of the amendments to the Incentive Plan and the approval of the performance criteria contained in the Incentive Plan.**

White Mountains Long-Term Incentive Plan

(as amended)

1. PURPOSE

The purpose of the White Mountains Long-Term Incentive Plan (the "Plan") is to advance the interests of White Mountains Insurance Group, Ltd. (the "Company") and its stockholders by providing long-term incentives to certain executives, consultants and directors of the Company and of its subsidiaries.

2. ADMINISTRATION

The Plan shall be administered by the Compensation Committee (the "Committee") of the Board of Directors (the "Board") of the Company; provided that each member of the Committee qualifies as (a) a "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and (b) an "outside director" under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). In the event that any member of the Committee does not so qualify, the Plan shall be administered by a sub-committee of Committee members who do so qualify. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

The Committee shall have exclusive authority to select the employees, directors and consultants to be granted awards under the Plan ("Awards"), to determine the type, size and terms of the Awards and to prescribe the form of the instruments embodying Awards. With respect to Awards made to directors and consultants, the Committee shall, and with respect to employees may, specify the terms and conditions applicable to such Awards in an Award agreement. The Committee shall be authorized to interpret the Plan and the Awards granted under the Plan, to establish, amend and rescind any rules and regulations relating to the Plan and to make any other determinations which it believes necessary or advisable for the administration of the Plan. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Award in the manner and to the extent the Committee deems desirable to carry it into effect. Any decision of the Committee in the administration of the Plan, as described herein, shall be final and conclusive. The Committee may act only by a majority of its members in office, except that the members thereof may authorize any one or more of their number or any officer of the Company to execute and deliver documents on behalf of the Committee. No member of the Company shall be liable for anything done or omitted to be done by him or by any other member of the Committee in connection with the Plan, except for his own willful misconduct or as expressly provided by statute.

3. PARTICIPATING SUBSIDIARIES

If a subsidiary of the Company wishes to participate in the Plan and its participation shall have been approved by the Board, the Board of Directors of the subsidiary shall adopt a resolution in form and substance satisfactory to the Committee authorizing participation by the subsidiary in the Plan. As used herein, "subsidiary" shall mean a "subsidiary corporation" as defined in Section 424 (f) of the Code.

A subsidiary may cease to participate in the Plan at any time by action of the Board or by action of the Board of Directors of such subsidiary, which latter action shall be effective not earlier than the date of delivery to the Secretary of the Company of a certified copy of a resolution of the subsidiary's Board of Directors taking such action. Termination of participation in the Plan shall not relieve a subsidiary of any obligations theretofore incurred by it under the Plan.

4. AWARDS

(a)

Eligible Participants. Any employee, director or consultant of the Company or any of its subsidiaries is eligible to receive an Award hereunder. The Committee shall select which eligible employees, directors or consultants shall be granted Awards hereunder. No employee, director or consultant shall have a right to receive an Award hereunder and the grant of an Award to an employee, director or consultant shall not obligate the Committee to continue to grant Awards to such employee, director or consultant in subsequent periods.

(b)

Type of Awards. Awards shall be limited to the following five types: (i) "Stock Options," (ii) "Stock Appreciation Rights," (iii) "Restricted Stock," (iv) "Performance Shares" and (v) "Performance Units." Stock Options, which include "Incentive Stock Options" and other stock options or combinations thereof, are rights to purchase shares of Common Stock of the Company having a par value of \$1.00 per shares ("Shares"). A Stock Appreciation Right is a right to receive, without payment to the Company, cash and/or Shares in lieu of the purchase of Shares under the Stock Option to which the Stock Appreciation Right relates.

(c)

Maximum Number of Shares That May Be Issued. A maximum of 400,000 Shares (subject to adjustment as provided in Section 15) may be granted at target pursuant to Awards made under the Plan and, accordingly, up to 800,000 Shares (subject to adjustment as provided in Section 15) may be issued by the Company in satisfaction of its obligations with respect to such Award grants. For purposes of the foregoing, the exercise of a Stock Appreciation Right shall constitute the issuance of Shares equal to the Shares covered by the related Stock Option. If any Shares issued as Restricted Stock shall be repurchased pursuant to the Company's option described in Section 6 below, or if any Shares issued under the Plan shall be reacquired pursuant to restrictions imposed at the time of issuance, such Shares may again be issued under the Plan.

(d)

Rights With Respect to Shares.

(i)

A participant to whom Restricted Stock has been issued shall have prior to the expiration of the Restricted Period or the earlier repurchase of such Shares as herein provided, ownership of such Shares, including the right to vote the same and to receive dividends thereon, subject, however, to the options, restrictions and limitations imposed thereon pursuant hereto.

(ii)

A participant to whom Stock Options, Stock Appreciation Rights or Performance Shares are granted (and any person succeeding to such employee's rights pursuant to the Plan) shall have no rights as a shareholder with respect to any Shares issuable pursuant thereto until the date of the issuance of a stock certificate (whether or not delivered) therefor. Except as provided in Section 15, no adjustment shall be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, securities or other property) the record date for which is prior to the date such stock certificate is issued.

(iii)

The Company, in its discretion, may hold custody during the Restricted Period of any Shares of Restricted Stock

5. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

The Committee may grant Stock Options (including, in its discretion, Stock Appreciation Rights) either alone or, as provided in Section 7, in conjunction with Performance Shares. A maximum of 10,000 Stock Options and Stock Appreciation Rights (not including Stock Appreciation Rights attached

to Stock Options) may be issued in one year to a participant. Each Stock Option shall comply with the following terms and conditions:

- (a) The per share exercise price shall not be less than the greater of (i) the fair market value per Share at the time of grant, as determined in good faith by the Committee, or (ii) the par value per Share. However, the exercise price of an Incentive Stock Option granted to a participant who owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or of a subsidiary (a "Ten Percent Employee") shall not be less than the greater of 110% of such fair market value, or the par value per Share.
- (b) The Committee shall initially determine the number of Shares to be subject to each Stock Option. The number of Shares subject to a Stock Option will subsequently be reduced (i) on a Share-for-Share basis to the extent that Shares under such Stock Option are used to calculate the cash and/or Shares received pursuant to exercise of a Stock Appreciation Right attached to such Stock Option, and (ii) on a one-for-one basis to the extent that any Performance Shares granted in conjunction with such Stock Option pursuant to Section 7(a) are paid, such reduction to be made in accordance with the provisions of Section 7(g)(ii).
- (c) The Stock Option shall not be transferable by the optionee otherwise than by will or the laws of descent and distribution, and shall be exercisable during his lifetime only by him.
- (d) The Stock Option shall not be exercisable:
 - (i) after the expiration of ten years from the date it is granted and may be exercised during such period only at such time or times as the Committee may establish;
 - (ii) unless payment in full is made for the Shares being acquired thereunder at the time of exercise (including any federal, state or local income or other taxes which the Committee determines are required to be withheld in respect of such shares); such payment shall be made (A) in United States dollars by cash or check, (B) by tendering to the Company Shares owned by the person exercising the Stock Option and having a fair market value equal to the cash exercise price thereof, such fair market value to be determined in such reasonable manner as may be provided for from time to time by the Committee or as may be required in order to comply with or to conform to the requirements of any applicable or relevant laws or regulations, or (C) by a combination of United States dollars and Shares pursuant to (A) and (B) above;
 - (iii) by participants who were employees of the Company or one of its subsidiaries at the time of the grant of the Stock Option unless such participant has been, at all times during the period beginning with the date of grant of the Stock Option and ending on the date three months prior to such exercise, an officer or employee of the Company or a subsidiary, or of a corporation, or a parent or subsidiary of a corporation, issuing or assuming the Stock Option in a transaction to which Section 424(a) of the Code is applicable, except that:
 - (A) if such person shall cease to be an officer or employee of the Company or one of its subsidiary corporations solely by reason of a period of Related Employment as defined in Section 10, he may, during such period of Related Employment (but in no event after the Stock Option has expired under the provisions of Section 5(d)(i) hereof), exercise such Stock Option as if he continued to be such an officer or employee; or
 - (B) if an optionee shall become disabled as defined in Section 9 he may, at any time within three years of the date he becomes disabled (but in no event after the Stock Option has expired under the provisions of Section 5(d)(i) hereof), exercise the Stock Option with respect to (i) any Shares as to which he could have exercised the Stock Option on the date he became disabled and (ii) if the Stock Option is not fully

exercisable on the date he becomes disabled, the number of additional Shares as to which the Stock Option would have become exercisable had he remained an employee through the next two dates on which additional Shares were scheduled to become exercisable under the Stock Option; or

(C)

if an optionee shall die while holding a Stock Option, his executors, administrators, heirs or distributees, as the case may be, at any time within one year after the date of such death (but in no event after the Stock Option has expired under the provisions of Section 5(d)(i) hereof), may exercise the Stock Option with respect to (i) any Shares as to which the decedent could have exercised the Stock Option at the time of his death, and if the Stock Option is not fully exercisable on the date of his death, the number of additional Shares as to which the Stock Option would have become exercisable had he remained an employee through the next two dates on which additional Shares were scheduled to become exercisable under the Stock Option provided, however, that if death occurs during the three-year period following a disability as described in Section 5(d)(iii)(B) hereof, the three-year period following a retirement as described in Section 5(d)(iii)(D) hereof or any period following a voluntary termination in respect of which death, the number of additional Shares as to which the Stock Option would have become exercisable had he remained an employee through the next date or, if applicable, two dates on which additional Shares were scheduled to become exercisable under the Stock Option provided, however, that if death occurs during the three-year period following a disability as described in Section 5(d)(iii)(B) hereof, the three-year period following a retirement as described in Section 5(d)(iii)(D) hereof or any period following a voluntary termination in respect of which the Board has exercised its discretion to grant continuing exercise rights as provided in Section 5(d)(iii)(E) hereof, the Stock Option shall not become exercisable as to any Shares in addition to those as to which the decedent could have exercised the Stock Option at the time of his death; or

(D)

if such person shall retire with the approval of the Committee in its sole discretion while holding a Stock Option which has not expired and has not been fully exercised, such person, at any time within three years after his retirement (but in no event after the Stock Option has expired under the provisions of Section 5(d)(i) hereof), may exercise the Stock Option with respect to any Shares as to which he could have exercised the Stock Option on the date he retired; or

(E)

if such person shall voluntarily terminate his employment with the Company, the Board may determine that the optionee may exercise the Stock Option with respect to some or all of the Shares subject to the Stock Option as to which it would not otherwise be exercisable on the date of his voluntary termination provided, however, that in no event may such exercise take place after the Stock Option has expired under the provisions of Section 5(d)(i) hereof.

(e)

The aggregate market value of Shares (determined at the time of grant of the Stock Option pursuant to Section 5(a) of the Plan) with respect to which Incentive Stock Options granted to any participant under the Plan are exercisable for the first time by such participant during any calendar year may not exceed the maximum amount permitted under Section 422(d) of the Code at the time of the Award grant. In the event this limitation would be exceeded in any year, the optionee may elect either (i) to defer to a succeeding year the date on which some or all of such Incentive Stock Options would first become exercisable or (ii) convert some or all of such Incentive Stock Options into non-qualified Stock Options.

(f)

If the Committee, in its discretion, so determines, there may be related to the Stock Option, either at the time of grant or by amendment, a Stock Appreciation Right which shall be

subject to such terms and conditions, not inconsistent with the Plan, as the Committee shall impose, including the following:

- (i) A Stock Appreciation Right may be exercised only:
 - (A) to the extent that the Stock Option to which it relates is at the time exercisable, and
 - (B) if
 - (1) in the case of a Stock Option other than an Incentive Stock Option only, such Stock Option will expire by its terms within 30 days (90 days if the optionee is at the time an officer of the Company who is required to file reports pursuant to Section 16(a) of the Exchange Act;
 - (2) the optionee has become disabled or ceased to be an officer or employee by reason of his retirement with the approval of the Committee in its sole discretion; or
 - (3) the optionee has died.

However, if the Stock Option to which the Stock Appreciation Right relates is exercisable and if the optionee is at the time an officer of the Company who is required to file reports pursuant to Section 16(a) of the Exchange Act, the Stock Appreciation Right may, subject to the approval of the Committee, be exercised during such periods, as may be specified by the Committee;

- (ii) A Stock Appreciation Right shall entitle the optionee (or any person entitled to act under the provisions of Section 5(d)(iii)(C) hereof) to surrender unexercised the related Stock Option (or any portion of such Option) to the Company and to receive from the Company in exchange therefor that number of Shares having an aggregate market value equal to the excess of the market value of one Share (provided that, if such value exceeds 150% of the per share exercise price specified in such Stock Option, such value shall be deemed to be 150% of such Stock Option price) over the exercise price of such Stock Option price per share, times the number of Shares subject to the Stock Option, or portion thereof, which is so surrendered. The Committee shall be entitled to elect to settle the obligation arising out of the exercise of a Stock Appreciation Right by the payment of cash equal to the aggregate value of the Shares it would otherwise be obligated to deliver or partly by the payment of cash and partly by the delivery of Shares. Any such election shall be made within 15 business days after the receipt by the Committee of written notice of the exercise of the Stock Appreciation Right. The market value of a Share for this purpose shall be the market value thereof on the last business day preceding the date of the election to exercise the Stock Appreciation Right, provided that if notice of such election is received by the Committee more than three business days after the date of such election (as such date of election is stated in the notice of election), the Committee may, but need not, determine the market value of a Share as of the day preceding the date on which the notice of election is received;
- (iii) No fractional Shares shall be delivered under this Section 5(f), but in lieu thereof a cash adjustment shall be made; and
- (iv) In the case of a Stock Appreciation Right attached to an Incentive Stock Option, such Stock Appreciation Right shall only be transferable when such Incentive Stock Option is transferable pursuant to Section 5 (c) hereof,

(g)

Notwithstanding anything herein to the contrary:

(i)

in the event an Unfriendly Change in Control, as defined in Section 11(b), occurs, then as of the Acceleration Date, as defined in Section 11(b), each Stock Option granted hereunder shall be exercisable in full; and

(ii)

in the event a Change in Control as defined in Section 11(a) occurs and within 24 months thereafter: (A) there is a Termination Without Cause, as defined in Section 12, of an optionee's employment; or (B) there is a Constructive Termination as defined in Section 13, of an optionee's employment; or (C) there occurs an Adverse Change in the Plan, as defined in Section 14, in respect of an optionee affecting any Award held by such optionee and if the optionee then holds a Stock Option,

(A)

in the case of a Termination Without Cause or a Constructive Termination, the optionee may exercise the entire Stock Option, at any time within 30 days of such Termination Without Cause or such Constructive Termination (but in no event after the option has expired under the provisions of Sections (5)(d)(i)), and

(B)

in the case of an Adverse Change in the Plan, the optionee may exercise the entire Stock Option at any time after such Adverse Change in the Plan in respect of him and prior to the date 30 days following his termination of employment as a result of a Termination Without Cause or a Constructive Termination (but in no event after the option has expired under the provisions of Section 5(d) (i)).

6. RESTRICTED STOCK

Each Award of Restricted Stock shall comply with the following terms and conditions:

(a)

The Committee shall determine the number of Shares to be issued to a participant pursuant to the Award.

(b)

Shares issued may not be sold, assigned, transferred, pledged, hypothecated or otherwise disposed of, except by will or the laws of descent and distribution, for such period from the date on which the Award is granted (the "Restricted Period") as the Committee shall determine. The Company shall have the option to repurchase the Shares subject to the Award at such price as the Committee shall have fixed, in its sole discretion, when the Award was made, which option will be exercisable if the participant's continuous employment with the Company or a subsidiary shall terminate for any reason, except solely by reason of an event described in Section 6(c), prior to the expiration of the Restricted Period or the earlier lapse of the option. Such option shall be exercisable on such terms, in such manner and during such period as shall be determined by the Committee when the Award is made. Certificates for Shares issued pursuant to Restricted Stock Awards shall bear an appropriate legend referring to the foregoing option and other restrictions. Any attempt to dispose of any such Shares in contravention of the foregoing option and other restrictions shall be null and void and without effect. If Shares issued pursuant to a Restricted Stock Award shall be repurchased pursuant to the option described above, the participant to whom the Award was granted, or in the event of his death after such option become exercisable, his executor or administrator, shall forthwith deliver to the Secretary of the Company any certificates for the Shares awarded to the participant, accompanied by such instruments of transfer, if any, as may reasonably be required by the Secretary of the Company. If the option described above is not exercised by the Company, such option and the restriction imposed pursuant to the first sentence of this Section 6(b) shall terminate and be of no further force and effect. Notwithstanding anything to the contrary in this Section 6(b), neither any Restricted Period nor any option shall lapse to the extent the Company or any subsidiary would be unable to take a deduction with respect to such lapse by reason of Section 162(m) of the Code.

(c)

If a participant who has been in the continuous employment of the Company or of a subsidiary shall:

(i)

die or become disabled (as defined in Section 9) during the Restricted Period, the option of the Company to repurchase (and any and all other restrictions on) all Shares awarded to him under such Award shall lapse and cease to be effective as of the date on which his death or disability occurs, or

(ii)

voluntarily terminate his employment with the Company or retire during the Restricted Period, the Board may determine that the option to repurchase and any and all other restrictions on some or all of the Shares awarded to him under such Award, if such option and other restrictions are still in effect, shall lapse and cease to be effective as the date on which such voluntary termination or retirement occurs.

(d)

In the event within 24 months after a Change in Control as defined in Section 11(a) and during the Restricted Period

(i)

there is a Termination Without Cause, as defined in Section 12, of the employment of a participant;

(ii)

there is a Constructive Termination, as defined in Section 13, of the employment of a participant; or

(iii)

there occurs an Adverse Change in the Plan, as defined in Section 14, in respect of a participant, then

the option to repurchase (and any and all other restrictions on) all Shares awarded to him under his Award shall lapse and cease to be effective as of the date on which such event occurs.

7. PERFORMANCE SHARES

The grant of a Performance Share Award to a participant will entitle him to receive, without payment to the Company, all or part of a specified amount (the "Actual Value") determined by the Committee, if the terms and conditions specified herein and in the Award are satisfied. Payment in respect of an Award shall be made as provided in Section 7(h). Each Performance Share Award shall be subject to the following terms and conditions:

(a)

The Committee shall determine the target number of Performance Shares to be granted to a participant and whether or not such Performance Shares are granted in conjunction with a Stock Option (the "Associated Stock Option"). The maximum number of Performance Shares that may be earned by a participant for any single Award Period of one year or longer shall not exceed 50,000. Performance Share Awards may be granted in different classes or series having different terms and conditions. In the case of any Performance Shares granted in conjunction with an Associated Stock Option, the number of Performance Shares shall initially be equal to the number of Shares which are subject to the Associated Stock Option, but the number of such Performance Shares shall be reduced on a one for one basis to the extent that (A) Shares are purchased upon exercise of the Associated Stock Option, or (B) Shares may no longer be purchased under the Associated Stock Option because the Associated Stock Option or a part thereof has been surrendered unexercised pursuant to exercise of a Stock Appreciation Right attached to such Associated Stock Option.

(b)

The Actual Value of a Performance Share Award shall be the product of (i) the target number of Performance Shares subject to the Performance Share Award, (ii) the Performance Percentage (as determined below) applicable to the Performance Share Award and (iii) the market value of a Share on the date the Award is paid or becomes payable to the employee. The "Performance Percentage" applicable to a Performance Share Award shall be a

percentage of no less than 0% and no more than 200%, which percentage shall be determined by the Committee based upon the extent to which the Performance Objectives (as determined below) established for such Award are achieved during the Award Period. The method for determining the applicable Performance Percentage shall also be established by the Committee.

(c)

At the time each Performance Share Award is granted, the Committee shall establish performance objectives ("Performance Objectives") to be attained within the Award Period as the means of determining the Performance Percentage applicable to such Award. The Performance Objectives shall be approved by the Committee (i) while the outcome for that Award Period is substantially uncertain and (ii) no more than 90 days after the commencement of the Award Period to which the Performance Objective relates or, if less than 90 days, the number of days which is equal to 25 percent of the relevant Award Period. The Performance Objectives established with respect to a Performance Share Award shall be specific performance targets established by the Committee with respect to one or more of the following criteria selected by the Committee: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per Share; (v) book value per Share; (vi) return on stockholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) stock price; (xi) combined ratio; (xii) operating ratio; (xiii) profitability of an identifiable business unit or product; (xiv) maintenance or improvement of profit margins; (xv) market share; (xvi) revenues or sales; (xvii) costs; (xviii) cash flow; (xix) working capital; (xx) return on assets; (xxi) customer satisfaction; (xxii) employee satisfaction; and (xxiii) economic value per Share (computed based on book value per Share determined in accordance with generally accepted accounting principles ("GAAP") adjusted for changes in the intrinsic value of assets and liabilities whose value differs from their GAAP carrying value). The foregoing criteria may relate to the Company, one or more of its subsidiaries or one or more of its divisions, units, partnerships, joint ventures or minority investments, product lines or products or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine. In addition, to the degree consistent with Section 162(m) of the Code (or any successor section thereto), the Performance Objectives may be calculated without regard to extraordinary items.

(d)

The award period (the "Award Period") in respect of any grant of a Performance Share Award shall be such period as the Committee shall determine commencing as of the beginning of the fiscal year of the Company in which such grant is made. An Award Period may contain a number of performance periods; each performance period shall commence on or after the first day of the Award Period and shall end no later than the last day of the Award Period. If the Committee does not specify in a Performance Share Award agreement or elsewhere the performance periods contained in an Award Period, each 12-month period beginning with the first day of such Award Period shall be deemed to be a performance period.

(e)

Except as otherwise determined by the Committee, Performance Shares shall be canceled if the participant's continuous employment with the Company or any of its subsidiaries shall terminate for any reason prior to the end of the Award Period (in which event the Associated Stock Option, if any, shall continue in effect in accordance with its terms), except by reason of a period of Related Employment as defined in Section 10, and except as otherwise specified in this Section 7(e) or in Section 7(f). Notwithstanding the foregoing and without regard to Section 7(g), if an employee participant shall:

(i)

while in such employment, die or become disabled as described in Section 9 prior to the end of an Award Period, the Performance Shares for such Award Period shall be

immediately canceled and he, or his legal representative, as the case may be, shall receive as soon as administratively feasible a payment in respect of such canceled Performance Shares equal to the product of (1) the target number of Performance Shares for such Award, (2) the market value of a Share at the time of the death or disability and (3) a fraction, the numerator of which is equal to the number of performance periods within the Award Period during which employee was continuously employed by the Company or its subsidiaries (including, for this purpose, the performance period in which the death or disability occurs), and the denominator of which is equal to the total number of performance periods within such Award Period; provided, however, that no such continuation shall be deemed to have occurred for purposes of applying Section 7(f) in the event of an Adverse Change in the Plan in respect of the participant following a Change in Control; or

- (ii) retire prior to the end of the Award Period, the Performance Shares shall be immediately canceled and any payments made to the participant in respect of such canceled Performance Shares shall be in the sole discretion of the Committee, and

(f) If within 24 months after a Change in Control as defined in Section 11(a):

- (i) there is a Termination Without Cause, as defined in Section 12, of the employment of a participant;
- (ii) there is a Constructive Termination, as defined in Section 13, of the employment of a participant; or
- (iii) there occurs an Adverse Change in the Plan, as defined in Section 14, in respect of a participant (any such occurrence under the above clauses (i), (ii) or (iii), a "Trigger Event"), then

with respect to Performance Share Awards that were outstanding on the date of the Change of Control (each, an "Applicable Award"), each such Award, to the extent still outstanding at the time of the Trigger Event, shall be canceled and, in respect of each Applicable Award (including those not still outstanding), such participant shall be entitled to receive a cash payment equal to the sum of the amounts calculated under (A) and (B) below, less any amounts, if any, previously paid in respect of such Applicable Award (i.e., payments in respect of Awards outstanding as of the Change of Control and subsequently paid out by the Company prior to the applicable Trigger Event):

(A) An employee shall be entitled to receive the following with respect to each Applicable Award: the product of (i) the Applicable Performance Shares (as determined below), (ii) 200% (representing the applicable Performance Percentage) and (iii) the Applicable Share Value (as determined below). For this purpose, (i) "Applicable Performance Shares" is equal to the number of target Performance Shares for each Applicable Award multiplied by a fraction, the numerator of which is the number of full months elapsed since the first day of the applicable Award Period to the end of the first month in which the applicable Trigger Event occurs and the denominator of which is the total number of months in the Award Period (but which fraction shall not in any event be greater than 1), and (ii) the "Applicable Share Value" is equal to the greater of the market value of a Share immediately prior to the Change in Control and the market value, if any, of a Share on the date the applicable Trigger Event occurs; and

(B) For Awards no longer outstanding on the date of the Trigger Event, the Company shall, in addition to the amounts payable under (A) above, pay to the employee an amount equal to the product of (i) (x) the total number of target Performance Shares in the Award less (y) the Applicable Performance Shares in the Award (as

determined above), (ii) the Applicable Share Value (as determined above) and (iii) the applicable Performance Percentage determined as follows:

- (1) Prior to the consummation of any Change in Control, the Committee shall determine a Performance Percentage for each then outstanding Award Period based on the extent to which the applicable Performance Objectives were being achieved for each such Award Period to the date of the Change in Control,
- (2) If the Performance Percentage for an Award Period was determined by the Committee (pursuant to subsection (1) above) to be greater than 100%, then the Performance Percentage applicable to the remaining Performance Shares of such Award Period shall be such determined Performance Percentage, and
- (3) If the Performance Percentage for an Award Period was determined by the Committee (pursuant to subsection (1) above) to be less than or equal to 100%, then the Performance Percentage applicable to the remaining Performance Shares of such Award Period shall be the greater of (x) such other Performance Percentage which may be specified by the Committee (or any sub-committee of the Board which performs duties comparable to the Committee) for such Award Period at the time of the Trigger Event and (y) 100%.

(g)

Except as otherwise provided in Section 7(f), as soon as practicable after the end of the Award Period or such earlier date as the Committee in its sole discretion may designate, the Committee shall (i) determine, based on the extent to which the applicable Performance Objectives have been achieved, the Performance Percentage applicable to an Award of Performance Shares, (ii) calculate the Actual Value of the Performance Share Award and (iii) shall certify the foregoing to the Board of Directors. If the Performance Shares:

- (i) were not awarded in conjunction with an Associated Stock Option, the Committee shall cause an amount equal to the Actual Value of the Performance Shares earned by the participant to be paid to him or his beneficiary; or
- (ii) were awarded in conjunction with an Associated Stock Option, the Committee shall determine, in accordance with criteria specified by the Committee when the Award was made, (A) to cancel the Performance Shares, in which event no amount in respect thereof shall be paid to the participant or his beneficiary, and the Associated Stock Option shall continue in effect in accordance with its terms, (B) to pay the Actual Value of the Performance Shares to the participant or his beneficiary, in which event the Associated Stock Option shall be cancelled, or (C) to pay to the participant or his beneficiary the Actual Value of only a portion of the Performance Shares, in which event (1) all such Performance Shares shall be cancelled and (2) the Associated Stock Option shall be cancelled only as to a number of Shares equal to the number of Performance Shares so paid. Such determination by the Committee shall, if practicable, be made during the three-month period following the end of the performance period, or during such earlier period as shall be designated by the Committee and shall be made pursuant to criteria, specified by the Committee, which shall be uniform for all Awards having the same performance period.

(h)

Unless payment is deferred in accordance with an election made by the participant in accordance with procedures adopted by the Company, payment of any amount in respect of the Performance Shares shall be made by the Company no later than 2¹/₂ months after the end of the Company's fiscal year in which such Performance Shares are earned, and may be made in cash, in Shares or partly in cash and partly in Shares as determined by the Committee.

8. PERFORMANCE UNITS

The grant of a Performance Unit Award to a participant will entitle him to receive, without payment to the Company, all or part of a specified amount (the "Earned Value") determined by the Committee, if the terms and conditions specified herein and in the Award are satisfied. Payment in respect of a Performance Unit Award shall be made as provided in Section 8(h). Each Performance Unit Award shall be subject to the following terms and conditions:

- (a) The Committee shall determine the target number of Performance Units to be granted to a participant. The maximum number of Performance Units that may be earned by a participant for any single Award Period of one year or longer shall not exceed 50,000. Performance Unit Awards may be granted in different classes or series having different terms and conditions.
- (b) The Earned Value of an Award of Performance Units shall be the product of (i) the target number of Performance Units subject to the Performance Unit Award, (ii) the Performance Percentage (as determined below) applicable to the Performance Unit Award and (iii) the Value (as determined below) of a Unit on the date the Award is paid or becomes payable to the employee. The "Performance Percentage" applicable to a Performance Unit Award shall be a percentage of no less than 0% and no more than 200%, which percentage shall be determined by the Committee based upon the extent to which the Performance Objectives (as determined below) established for such Award are achieved during the Award Period. The method for determining the applicable Performance Percentage shall also be established by the Committee. The "Value" of a Unit shall be determined by multiplying \$100 by the sum of (i) 100% and (ii) the aggregate standard pre-tax insurance return-on-equity of the Company, any of its subsidiaries or any combination thereof as set forth in the Award Agreement over the Award Period (or such earlier date as required by the Plan), as determined in good faith by the Committee.
- (c) At the time each Performance Unit Award is granted the Committee shall establish performance objectives ("Performance Objectives") to be attained within the Award Period as the means of determining the Performance Percentage applicable to such Award. The Performance Objectives shall be approved by the Committee (i) while the outcome for that Award Period is substantially uncertain and (ii) no more than 90 days after the commencement of the performance period to which the performance objective relates or, if less than 90 days, the number of days which is equal to 25 percent of the relevant performance period. The Performance Objectives established with respect to a Performance Unit Awards shall be specific performance targets established by the Committee with respect to one or more of the following criteria selected by the Committee: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per Share; (v) book value per Share; (vi) return on stockholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) stock price; (xi) combined ratio; (xii) operating ratio; (xiii) profitability of an identifiable business unit or product; (xiv) maintenance or improvement of profit margins; (xv) market share; (xvi) revenues or sales; (xvii) costs; (xviii) cash flow; (xix) working capital; (xx) return on assets; (xxi) customer satisfaction; (xxii) employee satisfaction; and (xxiii) economic value per share (computed based on book value per share determined in accordance with generally accepted accounting principles ("GAAP") adjusted for changes in the intrinsic value of assets and liabilities whose value differs from their GAAP carrying value). The foregoing criteria may relate to the Company, one or more of its subsidiaries or one or more of its divisions, units, partnerships, joint ventures or minority investments, product lines or products or any combination of the foregoing, and may be applied on an absolute basis and/or be relative to one or more peer group companies or indices, or any combination thereof, all as the Committee shall determine.

In addition, to the degree consistent with Section 162(m) of the Code (or any successor section thereto), the Performance Objectives may be calculated without regard to extraordinary items.

(d)

The award period (the "Award Period") in respect of any grant of a Performance Unit Award shall be such period as the Committee shall determine commencing as of the beginning of the fiscal year of the Company in which such grant is made. An Award Period may contain a number of performance periods; each performance period shall commence on or after the first day of the Award Period and shall end no later than the last day of the Award Period. If the Committee does not specify in a Performance Unit Award agreement or elsewhere the performance periods contained in an Award Period, each 12-month period beginning with the first day of such Award Period shall be deemed to be a performance period.

(e)

Except as otherwise determined by the Committee, Performance Units shall be cancelled if the participant's continuous employment with the Company or any of its subsidiaries shall terminate for any reason prior to the end of the Award Period, except solely by reason of a period of Related Employment as defined in Section 10, and except as otherwise specified in this Section 8(e) or in Section 8(f). Notwithstanding the foregoing and without regard to Section 8(f), if an employee participant shall:

(i)

while in such employment, die or become disabled as described in Section 9 prior to the end of an Award Period, the Performance Units for such Award Period shall be immediately canceled and he, or his legal representative, as the case may be, shall receive as soon as administratively feasible a payment in respect of such canceled Performance Units equal to the product of (1) the target number of Performance Units for such Award, (2) the Value of a Unit at the time of the death or disability and (3) a fraction, the numerator of which is equal to the number of performance periods within the Award Period during which employee was continuously employed by the Company or its subsidiaries (including, for this purpose, the performance period in which the death or disability occurs), and the denominator of which is equal to the total number of performance periods within such Award Period; provided, however, that no such continuation shall be deemed to have occurred for purposes of applying Section 8(f) in the event of an Adverse Change in the Plan in respect of the participant following a Change in Control; or

(ii)

retire prior to the end of the Award Period, the Performance Units shall be immediately canceled and any payments made to the participant in respect of such canceled Performance Units shall be in the sole discretion of the Committee, and

(f)

If within 24 months after a Change in Control as defined in Section 11(a), a Trigger Event occurs, then with respect to Performance Unit Awards that were outstanding on the date of the Change of Control (each, an "Applicable Award"), each such Award, to the extent still outstanding at the time of the Trigger Event, shall be canceled and, in respect of each Applicable Award (including those not still outstanding), such participant shall be entitled to receive a cash payment equal to the sum of the amounts calculated under (A) and (B) below, less any amounts, if any, previously paid in respect of the Applicable Award (i.e., payments in respect of Awards outstanding as of the Change of Control and subsequently paid out by the Company prior to the applicable Trigger Event):

(A)

An employee shall be entitled to receive the following with respect to each Award canceled under this Section 8(f): the product of (i) the Applicable Performance Units (as determined below), (ii) 200% (representing the applicable Performance Percentage) and (iii) the Applicable Unit Value. For this purpose, (i) "Applicable Performance Units" is equal to the number of target Performance Units for each

Applicable Award multiplied by a fraction, the numerator of which is the number of full months elapsed since the first day of the applicable Award Period to the end of the first month in which the applicable Trigger Event occurs and the denominator of which is the total number of months in the Award Period (but which fraction shall not in any event be greater than 1), and (ii) the "Applicable Unit Value" is equal to the greater of the Value of a Unit immediately prior to the Change in Control and the Value of a Unit on the date of the applicable Trigger Event occurs; and

(B)

For Awards no longer outstanding on the date of the Trigger Event, the Company shall, in addition to the amounts payable under (A) above, pay to the employee an amount equal to the product of (i) (x) the total number of target Performance Units in the Award less (y) the Applicable Performance Units in the Award (as determined above), (ii) the Applicable Unit Value (as determined above) and (iii) the applicable Performance Percentage determined as follows:

(1)

Prior to the consummation of any Change in Control, the Committee shall determine a Performance Percentage for each then outstanding Award Period based on the extent to which the applicable Performance Objectives were being achieved for each such Award Period to the date of the Change in Control,

(2)

If the Performance Percentage for an Award Period was determined by the Committee (pursuant to subsection (1) above) to be greater than 100%, then the Performance Percentage applicable to the remaining Performance Units of such Award Period shall be such determined Performance Percentage, and

(3)

If the Performance Percentage for an Award Period was determined by the Committee (pursuant to subsection (1) above) to be less than or equal to 100%, then the Performance Percentage applicable to the remaining Performance Units of such Award Period shall be the greater of (x) such other Performance Percentage which may be specified by the Committee (or any sub-committee of the Board which performs duties comparable to the Committee) for such Award Period at the time of the Trigger Event and (y) 100%.

(g)

Except as otherwise provided in Section 8(f), as soon as practicable after the end of the Award Period or such earlier date as the Committee in its sole discretion may designate, the Committee shall (i) determine, based on the extent to which the applicable Performance Objectives have been achieved, the Performance Percentage applicable to an Award of Performance Units, (ii) calculate the Earned Value of the Performance Unit Award and (iii) shall certify all of the foregoing to the Board of Directors. The Committee shall cause an amount equal to the Earned Value of the Performance Units earned by the participant to be paid to him or his beneficiary.

(h)

Unless payment is deferred in accordance with an election made by the participant in accordance with procedures adopted by the Company, payment of any amount in respect of the Performance Units shall be made by the Company no later than 2¹/₂ months after the end of the Company's fiscal year in which such Performance Units are earned, and may be made in cash, in Shares or partly in cash and partly in Shares as determined by the Committee.

9. DISABILITY

For the purposes of this Plan, a participant shall be deemed to be disabled if the Committee shall determine that the physical or mental condition of the participant is such as would entitle him to payment of long-term disability benefits under any disability plan of the Company or a subsidiary in which he is a participant.

10. RELATED EMPLOYMENT

For the purposes of this Plan, Related Employment shall mean the employment of a participant by an employer which is neither the Company nor a subsidiary provided: (i) such employment is undertaken by the participant and continued at the request of the Company or a subsidiary; (ii) immediately prior to undertaking such employment, the participant was an officer or employee of the Company or a subsidiary, or was engaged in Related Employment as herein defined; and (iii) such employment is recognized by the Committee, in its sole discretion, as Related Employment for the purposes of this Section 10. The death or disability of a participant during a period of Related Employment as herein defined shall be treated, for purposes of this Plan, as if the death or onset of disability had occurred while the participant was an officer or employee of the Company.

11. CHANGE IN CONTROL

(a)

For purposes of this Plan, a "Change in Control" within the meaning of this Section 11(a) shall occur if:

(i)

Any person or group (within the meaning of Section 13(d) and 14(d)(2) of the Exchange Act), other than John J. Byrne, Berkshire Hathaway, Inc. or one of its wholly owned subsidiaries, or an underwriter temporarily holding Shares in connection with a public issuance thereof or an employee benefit plan of the Company or its affiliates, becomes the beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of thirty-five percent (35%) or more of the Company's then outstanding Shares;

(ii)

the Continuing Directors, as defined in Section 11(c), cease for any reason to constitute a majority of the Board of the Company; or

(iii)

the business of the Company for which the participant's services are principally performed is disposed of by the Company pursuant to a sale or other disposition of all or substantially all of the business or business related assets of the Company (including stock of a subsidiary of the Company). A Change in Control within the meaning of this Section 11(a) also may constitute an Unfriendly Change in Control within the meaning of this Section 11(b).

(b)

A Change in Control shall be deemed an "Unfriendly Change in Control" if:

(i)

any person or group (within the meaning of Section 13(d) and 14(d)(2) of the Exchange Act) becomes the beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of thirty-five percent (35%) or more of the Company's then outstanding Shares through a transaction that is opposed by the Company's Chairman and Chief Executive Officer, and

(ii)

a majority of the Company's Continuing Directors, as defined in Section 11(c), by resolution adopted within 30 days following the date the Company becomes aware that Section 11(b)(i) has been satisfied, determines that a Change in Control has occurred.

For purposes of Section 5(g), "Acceleration Date" shall mean the date on which a majority of the Company's Continuing Directors adopts a resolution (or takes other action) making the determination that a Change in Control has occurred.

(c)

For the purposes of this Plan, "Continuing Director" shall mean a member of the Board (A) who is not an employee of the Company or its subsidiaries or of a holder of, or an employee or an affiliate of an entity or group that holds, thirty-five percent (35%) or more of the Company's Shares and (B) who either was a member of the Board on December 31, 2004, or who subsequently became a director of the Company and whose election, or nomination for election, by the Company's shareholders was approved by a vote of a majority of the Continuing Directors then on the Board (which term, for purposes of this definition, shall

mean the whole Board and not any committee thereof). Any action, approval of which shall require the approval of a majority of the Continuing Directors, may be authorized by one Continuing Director, if he is the only Continuing Director on the Board, but no such action may be taken if there are not Continuing Directors on the Board.

(d)

In the event of a Change in Control, the Committee as constituted immediately prior to the Change in Control shall determine the manner in which "market value" of Shares will be determined following the Change in Control.

12. TERMINATION WITHOUT CAUSE

For purposes of this Plan, "Termination Without Cause" shall mean a termination of the participant's employment with the Company or a subsidiary by the Company or the subsidiary other than (i) for death or disability as described in Section 9 or (ii) for Cause. "Cause" shall mean (a) an act or omission by the participant that constitutes a felony or any crime involving moral turpitude; or (b) willful gross negligence or willful gross misconduct by the participant in connection with his employment by the Company or by a subsidiary which causes, or is likely to cause, material loss or damage to the Company. Notwithstanding anything herein to the contrary, if the participant's employment with the Company or one of its subsidiaries shall terminate due to a Change in Control as described in Subsection 11(a)(iii), where the purchaser, as described in such subsection, formally assumes the Company's obligations under this Plan or places the participant in a similar or like plan with no diminution of the value of the awards, such termination shall not be deemed to be a "Termination Without Cause."

13. CONSTRUCTIVE TERMINATION

"Constructive Termination" shall mean a termination of employment with the Company or a subsidiary at the initiative of the participant that the participant declares by prior written notice delivered to the Secretary of the Company to be a Constructive Termination by the Company or a subsidiary and which follows (a) a material decrease in his total compensation opportunity or (b) a material diminution in the authority, duties or responsibilities of his position with the result that the participant makes a determination in good faith that he cannot continue to carry out his job in substantially the same manner as it was intended to be carried out immediately before such diminution. Notwithstanding anything herein to the contrary, Constructive Termination shall not occur within the meaning of this Section 13 until and unless 30 days have elapsed from the date the Company receives such written notice without the Company curing or causing to be cured the circumstance or circumstances described in this Section 13 on the basis of which the declaration of Constructive Termination is given.

14. ADVERSE CHANGE IN THE PLAN

An "Adverse Change in the Plan" shall mean

(a)

termination of the Plan pursuant to Section 19(a);

(b)

amendment of the Plan pursuant to Section 18 that materially diminishes the value of Awards that may be granted under the Plan, either to individual participants or in the aggregate, unless there is substituted concurrently authority to grant long-term incentive awards of comparable value to individual participants in the Plan or in the aggregate, as the case may be; or,

(c)

in respect of any holder of an Award a material diminution in his rights held under such Award (except as may occur under the terms of the Award as originally granted) unless there is substituted concurrently a long-term incentive award with a value at least comparable to the loss in value attributable to such diminution in rights.

15. DILUTION AND OTHER ADJUSTMENTS

In the event of any change in the Outstanding Shares of the Company by reason of any stock split, stock or extraordinary cash dividend, recapitalization, merger, consolidation, reorganization, combination or exchange of Shares or other similar event, or in the event of an extraordinary cash dividend or other similar event, and if the Committee shall determine, in its sole discretion, that such change equitably requires an adjustment in the number or kind of Shares that may be issued under the Plan pursuant to Section 4 in the number or kind of Shares subject to, or the Stock Option price per share under, any outstanding Stock Option, in the number or kind of Shares which have been awarded as Restricted Stock or in the repurchase option price per share relating thereto, in the target number of Performance Shares which have been awarded to any participant, or in any measure of performance, then such adjustment shall be made by the Committee and shall be conclusive and binding for all purposes of the Plan.

16. DESIGNATION OF BENEFICIARY BY PARTICIPANT

A participant may name a beneficiary to receive any payment to which he may be entitled in respect of Performance Shares or Performance Units under the Plan in the event of his death, on a form to be provided by the Committee. A participant may change his beneficiary from time to time in the same manner. If no designated beneficiary is living on the date on which any amount becomes payable to a participant's executors or administrators, the term "beneficiary" as used in the Plan shall include such person or persons.

17. MISCELLANEOUS PROVISIONS

- (a) No employee or other person shall have any claim or right to be granted an Award under the Plan. Neither the Plan nor any action taken hereunder shall be construed as giving an employee any right to be retained in the employ of the Company or any subsidiary.
- (b) A participant's rights and interest under the Plan may not be assigned or transferred in whole or in part either directly or by operation of law or otherwise (except in the event of a participant's death), including but not limited to, execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner and no such right or interest of any participant in the Plan shall be subject to any obligation or liability of such participant.
- (c) No Shares shall be issued hereunder unless counsel for the Company shall be satisfied that such issuance will be in compliance with applicable Federal and state securities laws and Bermuda law.
- (d) The Company and its subsidiaries shall have the right to deduct from any payment made under the Plan any federal, state or local income or other taxes required by law to be withheld with respect to such payment. It shall be a condition to the obligation of the Company to issue Shares upon exercise of a Stock Option, upon settlement of a Stock Appreciation Right, or upon payment of a Performance Share or a Performance Unit that the participant (or any beneficiary or person entitled to payment under Section 5(d)(iii)(C) hereof) pay to the Company, upon its demand, such amount as may be required by the Company for the purpose of satisfying any liability to withhold Federal, state or local income or other taxes. If the amount requested is not paid, the Company may refuse to issue Shares.
- (e) The expenses of the Plan shall be borne by the Company. However, if an Award is made to an employee of a subsidiary:
 - (i) if such Award results in payment of cash to the participant, such subsidiary shall pay to the Company an amount equal to such cash payment; and

(ii)

if the Award results in the issuance to the participant of Shares, such subsidiary shall pay to the Company an amount equal to fair market value thereof, as determined by the Committee, on the date such Shares are issued (or, in the case of issuance of Restricted Stock or of Shares subject to transfer and forfeiture conditions, equal to the fair market value thereof on the date on which such Shares are no longer subject to applicable restriction), minus the amount, if any received by the Company in exchange for such Shares.

(f)

The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Award under the Plan.

(g)

By accepting any Award or other benefit under the Plan, each participant and each person claiming under or through him shall be conclusively deemed to have indicated his acceptance and ratification of, and consent to, any action taken under the Plan by the Company, the Board or the Committee.

18. AMENDMENT

The Plan may be amended at any time and from time to time by the Board, but no amendment which increases the aggregate number of Shares which may be issued pursuant to the Plan or the class of employees eligible to participate shall be effective unless and until the same is approved by the shareholders of the Company. No amendment of the Plan shall adversely affect any right of any participant with respect to any Award previously granted without such participant's written consent.

19. TERMINATION

This Plan shall terminate upon the earlier of the following dates or events to occur:

(a)

the adoption of a resolution of the Board terminating the Plan; or

(b)

ten years from the date the Plan is initially or subsequently approved and adopted by the shareholders of the Company in accordance with Section 19 hereof.

No termination of the Plan shall alter or impair any of the rights or obligations of any person, without his consent, under any Award previously granted under the Plan.

20. SHAREHOLDER ADOPTION

The Plan shall be submitted to the shareholders of the Company for their approval or adoption. The Plan shall not be effective and no Award shall be made hereunder unless and until the Plan has been so approved and adopted by the shareholders in the manner required by the laws of Bermuda and the State of Delaware.

As originally approved by the Board of Directors, September 4, 1985 and adopted by the sole shareholder September 23, 1985. The Plan was amended by the Board of Directors on August 13, 1986. The Plan was further amended on February 15, 1995 and subsequently approved by shareholders on May 24, 1995. The Plan was further amended on May 21, 2001 and subsequently adopted by shareholders on August 23, 2001. The Plan was further amended on May 18, 2003 and subsequently adopted by Shareholders on May 19, 2003. The Plan was further amended on February 23, 2005.
