THE CHEESECAKE FACTORY INCORPORATED

PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 22, 2008

General

This Proxy Statement is furnished to the stockholders of THE CHEESECAKE FACTORY INCORPORATED (the "Company" and "we," "us" or "our") in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting of Stockholders to be held at the Janet and Ray Scherr Forum Theatre, Thousand Oaks Civic Arts Plaza, 2100 Thousand Oaks Boulevard, Thousand Oaks, California 91362, on May 22, 2008, beginning at 10:00 a.m. Pacific Daylight Time, and at any adjournment or postponement thereof. We intend to cause this Proxy Statement and form of proxy to be mailed to stockholders on or about _____, 2008.

Voting; Quorum; Abstentions and Broker Non-Votes

On March 31, 2008, the record date fixed by the Board of Directors for the Annual Meeting, _____ shares of our common stock were outstanding and there were no outstanding shares of any other class of stock. Each holder of common stock is entitled to one vote for each share of such stock held of record. Only stockholders of record at the close of business on March 31, 2008 will be entitled to notice of and to vote at the Annual Meeting.

The required quorum for the transaction of business at the Annual Meeting is a majority of the issued and outstanding shares of our common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy. Our Bylaws provide that unless otherwise provided by law or by the Certificate of Incorporation or the Bylaws, all elections and questions other than the election of directors shall be decided by the vote of the holders of a majority of the outstanding shares of stock entitled to vote thereon present in person or by proxy at the Annual Meeting. Shares of stock represented by a properly signed and returned proxy will be treated as present at the Annual Meeting for purposes of determining a quorum, regardless of whether the proxy is marked as casting a vote or abstaining. Shares of voting stock represented by "broker non-votes" (i.e., shares of stock held in record name by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote; (ii) the broker or nominee does not have discretionary voting power under applicable rules or the instrument under which it serves in such capacity; or (iii) the record holder has indicated on the proxy card or has executed a proxy and otherwise notified us that it does not have authority to vote such shares on that matter) shall be treated as present for purposes of determining a quorum.

Directors are elected by a plurality of the votes cast. Accordingly, abstentions and broker non-votes will not affect the election of a candidate who receives a plurality of votes. Proposals 2 and 4 each require the approval of a majority of the outstanding shares of stock entitled to vote thereon present in person or proxy at the Annual Meeting. Accordingly, abstentions as to each of these proposals will have the same effect as votes against the proposal. Broker non-votes as to Proposals 2 and 4, however, will be deemed shares not entitled to vote on the proposal, will not be counted as votes for or against the proposals, and will not be included in calculating the number of votes necessary for approval of the proposals. Proposal 3 requires the affirmative vote of the holders of at least eighty percent (80%) of the combined voting power of our common stock. Accordingly, abstentions and broker non-votes will have the same effect as voting against Proposal 3.

Proxies

Proxies delivered pursuant to this solicitation are revocable at the option of the persons executing the same, prior to their exercise, by attendance and voting at the Annual Meeting (although attendance at the Annual Meeting itself will not revoke a proxy) or by filing written notice with Debby R. Zurzolo, our Secretary, a written notice revoking the proxy or another duly executed proxy bearing a later date. Unless previously revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Annual Meeting by the named attorneys-in-fact and agents, to the extent authorized, in accordance with the directions contained therein.

If no directions are given, the shares represented by such proxies will be voted **FOR** the election of the nominees for directors, David Overton and Agnieszka Winkler; **FOR** the approval of an amendment to the Company's Amended and Restated 2001 Omnibus Stock Incentive Plan; **FOR** the approval of the amendments to the Company's Certificate of Incorporation to declassify the Board of Directors; and **FOR** the ratification of the selection of PricewaterhouseCoopers LLC as the Company's independent registered public accounting firm for the fiscal year ending December 30, 2008; The named proxies may vote in their discretion upon such other matters as may properly come before the Annual Meeting, including any motion made for adjournment or postponement (including for purposes of soliciting additional votes).

Solicitation

We will pay for the cost of preparing, assembling and mailing the Notice of Annual Meeting and Proxy Statement and the cost of this solicitation. Our directors, officers and other staff members may solicit proxies, without additional remuneration, in person or by telephone or facsimile transmission. Banks, brokerage houses and other custodians, nominees or fiduciaries will be requested to forward soliciting material to their principals and to obtain authorization for the execution of proxies, and will be reimbursed for their reasonable out-of-pocket expenses incurred in that regard. Our staff members participating in a solicitation of proxies will not receive any additional remuneration. We have retained MacKenzie Partners, Inc., a proxy soliciting firm, to provide advice with respect to the 2008 Annual Meeting of Stockholders and MacKenzie Partners, Inc. may assist in the solicitation of proxies for an estimated total fee of \$60,000, plus reimbursement of certain out-of-pocket expenses.

Important Notice regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 22, 2008: This Proxy Statement and our 2007 Annual Report to Stockholders are available at _____.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Bylaws provide for a Board of Directors consisting of no less than five and no more than thirteen members, the exact number within this range being determined by the Board of Directors. The Board of Directors has currently set the number of directors at eight. The Board of Directors is classified into three classes with each director serving a three-year term. Klock are serving terms that will expire at the Annual Meeting of Stockholders to be held in 2010. At each Annual Meeting of Stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring. If the stockholders approve the proposed amendments to the Company's Certificate of Incorporation, all directors will be elected for a one-year term beginning with the 2011 Annual Meeting of Stockholders. *See Proposal No. 3, "Approval of Amendments to the Certificate of Incorporation to Eliminate the Classified Board of Directors, to Permit Removal of Directors with or without*

Cause, and to Eliminate the Supermajority Vote Requirement with Respect to Article FIFTH of the Certificate of Incorporation".

The Company's Director Nominations Process

The Board of Directors has adopted a Policy and Procedure Regarding Board of Director Candidates (the "Nominations Policy"). The purpose of the Nominations Policy is to describe the process by which candidates are selected for possible inclusion in our recommended slate of director nominees. The Governance Committee of the Board of Directors administers the Nominations Policy.

The Governance Committee is responsible for identifying candidates for nomination or appointment to the Board of Directors. To fulfill this function, the Governance Committee will at least annually review the size and composition of the Board of Directors and its committees, including the number of directors eligible for election at the annual meeting of stockholders, in accordance with our Articles of Incorporation and Bylaws. The Governance Committee may solicit recommendations for nominees from other directors, members of management or others. In addition, the Governance Committee will consider recommendations of a stockholder of record who timely complies with these policies and procedures.

Minimum Qualifications

The Governance Committee has identified the following minimum qualifications for candidates for nomination to the Board of Directors:

Each candidate must consent in writing to be named in our proxy statement as a nominee and to serve as a director of the Company if nominated, elected or appointed, and qualified.

Edgar Filing: CHEESECAKE FACTORY INC - Form PRE 14A

Each candidate's service as a director must not cause us or any of our subsidiaries to lose, or to be threatened with the loss of any application for, right to the use of, or entitlement to, any material governmental license, authorization or permit.

Each candidate shall be an individual who has demonstrated integrity and ethics in his/her personal and professional life and has established a record of professional accomplishment in his/her chosen field.

Each candidate must be prepared to participate fully in Board activities, including active membership on at least one Board committee, and not have other personal or professional commitments that would, in the Governance Committee's sole judgment, interfere with or limit his or her ability to do so.

Each candidate may not serve as a member of the board of directors of more than four publicly traded companies in addition to us.

Each candidate shall not have attained the age of 72 as of the date of appointment or election to the Board.

Criteria for Evaluating Candidates

In evaluating nominations, the Committee will seek to achieve a balance of different capabilities and overall diversity, including in the areas of personal and professional experiences and backgrounds, financial, managerial and operational knowledge; variety of opinions and perspectives; and other differentiating characteristics with the goal of seeking and selecting candidates that will enhance the Board's ability to adequately perform its responsibilities, increase shareholder value, and adhere to good corporate governance practices. The Committee will consider the following criteria in evaluating candidates for nomination in light of the size and composition of the Board of Directors and its committees:

Satisfaction of the minimum qualifications established by the Committee.

Education and other training.

Relevant personal and professional background, including financial, managerial and operational skills and knowledge and experience in both corporate and non-traditional environments, such as government, academia and non-profit organizations.

General Nomination Right of All Stockholders

Any of our stockholders may nominate one or more persons for election as a director of the Company at an annual meeting of stockholders if the stockholder complies with the advance notice, information and consent provisions contained in our Bylaws. Nominations for the election of directors, other than by the Governance Committee or the Board of Directors, must be made by a stockholder of record on the date of giving notice and on the record date for such meeting by giving timely written notice to our Secretary at our principal offices. Such notice must be received within a minimum of 90 days and a maximum of 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided that if notice or prior public disclosure of the date of the annual meeting is given or made to the stockholders for a meeting date that is not within 30 days before or after the anniversary of the immediately preceding annual meeting of stockholders, notice by the stockholder will be timely if received not later than the close of business on the tenth day following the day on which such notice was mailed or such public disclosure was made, whichever first occurs, or no less than 90 days or more than 120 days prior to the annual meeting. In the event that the number of a class of directors to be elected is increased and we make no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by the increase, if the notice is delivered to, or mailed and received at, our principal executive offices (addressed to our Secretary) no later than 10 calendar days following the day on which we make the public announcement. In the case of a special meeting of stockholders called for the purpose of electing directors, notice will be timely if the stockholder provides written notice to our Secretary not later than the close of business on the tenth day following the day on which notice of the date of the special meeting was mailed or public disclosure of the meeting date was made, whichever first occurs, or no less than 90 or more than 120 days prior to the meeting. The stockholder's notice must include all of the information required by our Bylaws, including a statement whether the stockholder intends to deliver a proxy statement and form of proxy to a sufficient number of holders to elect the nominee or nominees. If the stockholder provides a statement that the stockholder intends to deliver a proxy statement and form of proxy, the nomination may not be brought before the meeting unless the stockholder has delivered a proxy statement and form of proxy to holders of a percentage of our voting shares reasonably believed by the stockholder to be sufficient to elect the nominee or nominees proposed by the stockholder.

The foregoing summary does not purport to be a complete description of all of the provisions of our Bylaws pertaining to stockholder nominations and proxies. Stockholders may obtain, without charge, a copy of our Bylaws upon written request to our Secretary at our principal executive offices. Our Bylaws are

also available on website at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance" and "Bylaws."

Stockholder Recommendations to the Governance Committee

A stockholder of record may also recommend a candidate for consideration by the Governance Committee. In order to give the Governance Committee sufficient time to evaluate a recommended candidate, the recommendation should be received by our Secretary at our principal executive offices no later than the 120th calendar day before the date of our proxy statement released to stockholders in connection with the previous year's annual meeting of stockholders. With respect to the 2009 Annual Meeting of Stockholders, recommendations must be received by December ____, 2008. The stockholder's recommendation must include all of the following:

The stockholder's name, address and telephone number.

The recommended candidate's name, address and telephone number.

The written consent of the recommended candidate to be named in our proxy statement and to serve as a director if nominated, elected or appointed, and qualified to serve.

A description of all arrangements or understandings in connection with such recommendation between the stockholder and the recommended candidate or between the stockholder and any other person or persons (including their names).

A description of any business, familial or other financial or personal relationship between the stockholder and the recommended candidate.

Information with respect to the recommended candidate with respect to each of the criteria identified above for evaluating recommendations.

Evaluation of Candidates

The Governance Committee will consider all candidates identified through the process outlined above, and will evaluate each of them, including incumbents, based on the same criteria. If, based on the Governance Committee's initial evaluation, a candidate continues to be of interest to the Governance Committee, the Chair of the Governance Committee will interview the candidate and communicate the Chair's evaluation to the other committee members and the Chairman of the Board of Directors. Other members of the Governance Committee and senior Company management will conduct subsequent interviews. Ultimately, background and reference checks will be conducted and the Governance Committee will meet to finalize its list of recommended candidates for consideration by the full Board of Directors. If an incumbent is nominated, the interview process may be abbreviated at the discretion of the Chair of the Governance Committee. If the Chair of the Governance Committee is being considered for re-nomination, the other Governance Committee members shall appoint another member of the Governance Committee to head the review process for the Chair's reconsideration.

Future Revisions to the Nominations Policy

The Governance Committee's Nominations Policy is intended to provide a flexible set of guidelines for the effective functioning of the director nomination process. The Governance Committee intends to review this policy and procedure at least annually and anticipates that modifications will be necessary from time to time as our needs and circumstances evolve, and to conform with changes in applicable legal or listing standards.

Affirmative Determinations Regarding Director Independence and Other Matters

The Board of Directors has determined each of the following directors to be an "independent director" as such term is defined in NASD Marketplace Rule 4200(a)(15): Allen J. Bernstein; Alexander L. Cappello; Thomas L. Gregory; David R. Klock; Jerome I. Kransdorf; Wayne H. White; and Agnieszka Winkler. In this Proxy Statement, these seven directors are referred to individually as an "Independent Director" and collectively as the "Independent Directors." In addition, the Board of Directors has determined that Karl Matthies, who resigned from the Board of Directors effective May 3, 2007, was an "Independent Director."

The Board of Directors has established three standing committees and two special committees. The three standing committees of the Board include the Governance Committee, Audit Committee and Compensation Committee. In addition, a Special Litigation Committee and a Special Committee were formed in fiscal 2007. With the assistance of our legal counsel, the Board of Directors reviewed the applicable legal standards for independence and criteria for determination of "audit committee financial expert" as well as responses to annual questionnaires completed by the directors. The Board of Directors has also determined that each member of the five committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the NASD Marketplace Rules, and has further determined that Thomas L. Gregory, Coordinating Director and the chair of the Audit Committee of the Board of Directors, is an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K adopted by the Securities and Exchange Commission (SEC).

Coordinating Director

Annually, the Independent Directors of the Board of Directors select from among their group one Independent Director to serve as "Coordinating Director." The role of the Coordinating Director is to coordinate the activities of the Independent Directors, coordinate the agenda and materials for meetings of the Board of Directors, advise the Chairman of the Board of Directors concerning scheduling of meetings, preside at all executive session meetings of the Independent Directors, coordinate any self-evaluation of performance of the Board of Directors and serve as the principal liaison between the Independent Directors and our Chairman of the Board and Chief Executive Officer. Mr. Gregory currently serves as Coordinating Director.

Corporate Governance

The Board of Directors is committed to ethical business practices and believes that good corporate governance is important to ensure that the Company is managed for the long-term benefit of its stockholders.

The Independent Directors meet regularly in executive session without management. The Coordinating Director leads these executive session meetings. Currently, all directors except for one, David Overton, are Independent Directors. In addition, each member of all five committees of the Board of Directors is an Independent Director. Additional information regarding Board committees appears in the section of this Proxy Statement entitled "Committees of the Board of Directors."

We make available on our website the policy that the Board of Directors has adopted for stockholders and employees who wish to communicate any concern directly with the Board of Directors. The policy can be found at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance" and "Governance Principles and Guidelines," and the document entitled "Corporate Governance Principles and Guidelines."

Board of Directors and Committee Meetings, Committee Members and Chairpersons, Attendance and Fees

During fiscal 2007, the Board of Directors held 16 meetings; the Audit Committee held nine meetings; the Compensation Committee held 17 meetings; and the Governance Committee held five meetings. In addition, the Independent Directors of the Company held four executive sessions. Meetings include both in-person and telephonic meetings. No member of the Board of Directors attended fewer than 75% of the aggregate number of meetings of the Board of Directors and the committees on which he or she served. We make available on our website the policy that the Board of Directors has adopted regarding Board members' attendance at our Annual Meeting of Stockholders and our procedure for annual committee membership and chairperson assignments. Five of our six directors then in office attended the 2007 Annual Meeting of Stockholders. The remaining director was unable to attend due to a previously scheduled travel commitment. The policy can be found at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance" and "Governance Principles and Guidelines," and the document entitled "Corporate Governance Principles and Guidelines."

The following table sets forth certain information regarding the compensation earned by or awarded to each Independent Director who served on our Board of Directors in fiscal 2007. Mr. Overton is an employee of The Cheesecake Factory Incorporated and is not compensated for his services as a director.

The dollar amounts listed do not necessarily reflect the dollar amounts of compensation actually realized or that may be realized. In accordance with SEC regulations, these amounts reflect the dollar amounts recognized for financial statement reporting purposes for fiscal 2007 in accordance with the provisions of Financial Accounting Standards Board ("FASB") Statement No. 123(R), "Share-Based Payment" ("SFAS 123R"), ignoring estimates of forfeitures for service based vesting conditions. See Note 11 of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended January 1, 2008 filed with the SEC on February 28, 2008 for information regarding assumptions underlying the valuation of equity awards. The grant date fair value of the stock option awards granted in fiscal 2007 (computed in accordance with SFAS 123R), was \$151,221 for each of Messrs. Gregory, Klock, Kransdorf and White, and was \$453,663 for Ms. Winkler.

(2)

As of January 1, 2008, each Independent Director held options exercisable for the following number of shares of our common stock: Thomas L. Gregory, 80,625; David R. Klock, 37,500; Jerome I. Kransdorf, 41,250; Karl L. Matthies, 37,500; Wayne H. White, 80,625; and Agnieszka Winkler, 37,500.

- (3) Under the terms of the Amended and Restated 1997 Non-Employee Director Stock Option Plan ("Non-Employee Director Plan"), Independent Directors were eligible to receive options to purchase shares of our common stock. Because the plan expired in May 2007, no further options may be granted under that plan. During fiscal 2006, the Board of Directors approved grants of 7,500 options in January 2006 for services in fiscal 2006 and 7,500 options in December 2006 for services in fiscal 2007 to each Independent Director then serving on the Board under the Non-Employee Director Plan at exercise prices equal to the fair market value on the respective dates of grant. These options vested on the date of grant.
- During fiscal 2007, the Board of Directors approved grants to each Independent Director (other than Messrs. Bernstein, Cappello and Matthies) under the Non-Employee Director Plan of 15,000 options in May 2007, of which 7,500 options were for services in fiscal 2008 and vested on December 31, 2007 and 7,500 options were for services in fiscal 2009 and will vest on December 31, 2008.
- (4) Mr. Bernstein and Mr. Cappello were appointed to the Board of Directors effective February 12, 2008.
- (5) Fees were earned, but not paid in cash, as Mr. Gregory, Mr. Kransdorf, Mr. Matthies and Mr. White each elected to have his fees paid to a nonqualified deferred compensation plan account administered under The Cheesecake Factory Incorporated Executive Savings Plan ("Executive Savings Plan").
- (6) Mr. Matthies resigned from our Board of Directors and its Audit, Compensation and Governance Committees effective May 3, 2007.
- (7) Ms. Winkler was appointed to our Board of Directors effective May 3, 2007.

During fiscal 2007, each Independent Director received an annual fee of \$35,000, plus \$1,500 for each meeting of the Board of Directors attended. The Coordinating Director received an annual fee of \$7,500. The Chairs of the Audit, Compensation and Governance Committees each received an annual fee of \$5,000. The Chair of the Special Litigation Committee received an annual fee of \$7,500. Independent Directors who served on committees would have received an additional fee of \$1,250 for each meeting attended that takes place on a date other than the day of a regularly scheduled Board of Directors meeting; however, no such meetings were held in fiscal 2007. In determining to increase the cash portion of the annual fee, the committee chair and meeting attendance fees for fiscal 2007, the Board of Directors reviewed total compensation packages provided to directors at other companies within our sector and other companies of our size and determined that a modest increase in the cash portion of such fees was warranted. No fees were paid to Independent Directors with respect to attendance at telephonic meetings of the Board of Directors or a committee, or with respect to attendance at executive sessions of the Board of Directors.

During fiscal 2008, each Independent Director will receive an annual fee of \$35,000, plus \$1,500 for each meeting of the Board of Directors attended. The Coordinating Director will receive an annual fee of \$7,500. The Chairs of the Audit, Compensation and Governance Committees will each receive an annual fee of \$5,000. The Chair of the Special Litigation Committee will receive an annual fee of \$7,500. The Chair of the Special Committee will receive a fee of \$60,000 and each member serving on the Special Committee will receive a fee of \$40,000 for service through March 31, 2008, in addition to meeting fees (both telephonic and in-person meetings) of \$1,500 per meeting. Independent Directors who serve on committees will also receive an additional fee of \$1,250 for meetings attended that take place on a date other than the day of a regularly scheduled Board of Directors meeting. No fees are paid to Independent Directors with respect to attendance at telephonic meetings of the Board of Directors or a committee, or with respect to attendance at executive sessions of the Board of Directors. In fiscal 2008, the Compensation Committee directly engaged a consultant, Radford Surveys + Consulting, to review director compensation. Following the review of the consultants' report, which compared our director compensation to that of a peer group, the Compensation Committee recommended, and the Board of Directors

approved, the foregoing compensation structure for Fiscal 2008. With respect to Messrs. Bernstein and Cappello, the Board intends to make either a one-time grant of stock options to each person to purchase 30,000 shares (assuming Proposal 2 in this Proxy Statement is approved by stockholders) or a cash payment of \$100,000 for services as a new director.

Members of the Board of Directors are also eligible to participate in the Executive Savings Plan, a nonqualified deferred contribution plan, by contributing all or a portion of their director fees to this plan. See "Executive Compensation Nonqualified Deferred Compensation." We do not make matching contributions under the Executive Savings Plan with respect to contributions made by non-employee Board of Director members.

Each Independent Director is entitled to reimbursement for reasonable out-of-pocket expenses incurred in connection with travel to and from, and attendance at, meetings of the Board of Directors or its committees and related activities, including director education courses and materials.

Indemnification of Officers and Directors

As permitted by the Delaware General Corporation Law, our Certificate of Incorporation limits the personal liability of our directors for monetary damages for breach of fiduciary duty of care as a director. Liability is not eliminated for (a) any breach of the director's duty of loyalty to us or our stockholders, (b) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) unlawful payment of dividends or stock purchases or redemptions pursuant to Section 174 of the Delaware General Corporation Law, or (d) any transaction from which the director derived an improper personal benefit. Our Certificate of Incorporation also provides that we shall indemnify and advance indemnification expenses on behalf of all directors and officers of ours to the fullest extent permitted by Delaware law. Article VIII of our Bylaws also requires us, subject to certain limitations, to indemnify directors and officers and advance expenses. The indemnification and advancement of expenses provisions of Article VIII are not exclusive of any other rights of indemnification or advancement of expenses.

We have also entered into indemnification agreements with our directors and Named Executive Officers. Each indemnification agreement requires us to indemnify and hold harmless the director or Named Executive Officer to the fullest extent authorized by the laws of the State of Delaware. Each indemnification agreement also requires us, subject to specific terms and conditions, to advance expenses to the director or officer. Each indemnification agreement also sets forth various procedures and definitions with respect to indemnification and advancement of expenses. We are also obligated to maintain directors' and officers' liability insurance. With specified exceptions, we are not obligated to provide indemnification or advance expenses with respect to actions initiated by the director or officer or to indemnify the director or officer in connection with proceedings by us to enforce non-compete or non-disclosure agreements. To the extent the provisions of the indemnification agreements exceed the indemnification permitted by applicable law, such provisions may be unenforceable or may be limited to the extent they are found by a court of competent jurisdiction to be contrary to public policy.

Committees of the Board of Directors

The Board of Directors has three standing committees the Audit Committee, the Compensation Committee, and the Governance Committee. In fiscal 2007, the Board of Directors also appointed a Special Litigation Committee to facilitate timely and orderly consideration of the matters raised by the stockholder derivative actions described below, as well as a Special Committee to evaluate corporate governance issues and to explore potential strategic alternatives intended to increase stockholder value for recommendation to the full Board. The members of each committee and the functions performed thereby are described below.

Audit Committee

The Audit Committee operates pursuant to a written charter, which is available on our website at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance," and "Committee Charters." The Audit Committee is primarily responsible for monitoring the quality and integrity of our financial statements and related disclosure and systems of internal controls regarding risk management, finance and accounting; monitoring our compliance with legal and regulatory requirements; monitoring the independent auditor's qualifications and independence; monitoring the performance of our internal audit function and independent auditors; providing an avenue of communication among the independent auditors, management and the Board of Directors; and issuing the report of the Audit Committee required by the SEC to be included in our Proxy Statement. The Audit Committee conducts an annual performance evaluation of its charter, composition, complaint procedures, financial oversight responsibilities, and other matters. The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the work of our public accounting firm engaged to issue an audit report or perform other audit, review, or attest services. The Audit Committee pre-approves the audit work, as well as all non-audit work to be performed by our external auditors, after considering its permissibility under SEC rules and its impact on auditor independence. The Audit Committee also reviews material written communications the external auditors may provide to management and discusses any concerns with the auditors and management.

Pursuant to its charter, the Audit Committee also reviews our policies and procedures relating to conflicts of interest and approves any proposed "related party transaction." For this purpose, "related party transaction" means a transaction required to be disclosed pursuant to Item 404 of Regulation S-K adopted by the SEC. We also have adopted a written Code of Ethics for our directors, executive officers and senior financial officers which, among other things, requires prompt reporting of potential conflicts to the Audit Committee. In addition, at least annually management reviews with the Audit Committee related party transactions.

Mr. Gregory, Dr. Klock and Ms. Winkler served on the Audit Committee in fiscal 2007, with Mr. Gregory serving as Chair. In addition, Mr. Cappello will serve on the Audit Committee in fiscal 2008.

Compensation Committee

The Compensation Committee operates pursuant to a written charter, which is available on our website at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance," and "Committee Charters." The Compensation Committee is responsible for determining the compensation of our Chief Executive Officer and all other Named Executive Officers. The Compensation Committee reviews and approves all employment, retention and severance agreements for Named Executive Officers and prepares, or causes to be prepared, the Compensation Committee Report in our Proxy Statement. Our Chief Executive Officer makes recommendations to the Compensation Committee concerning the compensation of our executive officers, other than himself. The Compensation Committee also makes recommendations to the Board of Directors concerning Independent Director compensation. The Compensation Committee directly engaged Radford Surveys + Consulting in early fiscal 2008 to conduct an assessment of our director compensation. In addition, management engaged Towers Perrin in fiscal 2007 to conduct an assessment of our Chief Executive Officer's compensation.

The Compensation Committee approves and administers our incentive compensation programs, including our equity incentive plans and our performance-based bonus plan, the Amended and Restated Performance Incentive Plan, ("Incentive Plan"). The Committee makes recommendations to the Board of Directors with respect to incentive and equity compensation plans and periodically reviews and makes recommendations concerning existing or new executive compensation, performance incentives, employee benefits, stock plans or management perquisites. The Compensation Committee conducts an annual

evaluation of its charter. The Compensation Committee authorizes and approves all grants of equity compensation to our employees under our equity compensation plans.

Messrs. White, Gregory and Kransdorf served on the Compensation Committee in fiscal 2007, with Mr. White serving as Chair. In addition, Mr. Bernstein will serve on the Compensation Committee in fiscal 2008.

Governance Committee

The Governance Committee operates pursuant to a written charter which is available on our website at www.thecheesecakefactory.com by clicking on the links for "Investors," "Corporate Governance," and "Committee Charters." The Governance Committee is responsible for evaluating issues and developments related to corporate governance and making recommendations to the full Board of Directors with respect to corporate governance standards, corporate governance proposals from stockholders, the establishment and composition of committees of the Board of Directors and potential candidates for nomination as Board members. The Governance Committee is responsible for overseeing and recommending programs and activities for the continuing education of directors. The Governance Committee also identifies potential candidates for nomination or appointment as directors and makes recommendations to the Board of Directors concerning nominees to be presented for stockholder approval and to fill any vacancies. The Governance Committee conducts an annual evaluation of its charter.

Messrs. Kransdorf, Gregory and White, Dr. Klock and Ms. Winkler served on the Governance Committee, with Mr. Kransdorf serving as Chair.

Special Litigation Committee

In fiscal 2007, our Board of Directors established a Special Litigation Committee in order to facilitate timely and orderly consideration of the matters raised by eight separate putative stockholder derivative actions ("Option Derivative Actions"), and to determine how we should respond to the allegations made in those Option Derivative Actions, including whether it is in the best interests of our stockholders to continue pursuing the claims asserted in the Option Derivative Actions. The Option Derivative Actions were filed against us, Messrs. Gregory, Kransdorf, Matthies, Overton and White, and certain of our current and former officers following our announcement, on July 18, 2006, that the Audit Committee of our Board of Directors was reviewing our historical stock option granting practices. The Option Derivative Actions allege, among other things, that certain of the Company's stock option grants had been "backdated." The Board appointed Dr. Klock as the Special Litigation Committee's Chair. The Special Litigation Committee completed its investigation and has negotiated with all parties involved in the Option Derivative Actions a stipulation of settlement, which was filed with the court on February 27, 2008 and is subject to judicial approval after notice and hearing. In consideration for the full settlement and release of all released claims (as defined in the stipulation), the stipulation provides for certain corporate governance reforms, consisting principally of the following: (a) additional processes for the approval of stock option grants; (b) adoption of additional standards for director independence; (c) the addition of one new independent director; (d) additional insider trading controls; (e) provisions for recovery of performance-based cash bonus payments made to executive officers that were predicated on later-restated financial statements; and (f) provisions for director education. In addition, the stipulation includes the agreement of each of David Overton, a director and our Chief Executive Officer, Gerald Deitchle, a former Chief Financial Officer, Thomas Gregory, a director, Wayne White, a director, and Jerome Kransdorf, a director, that an aggregate of \$940,000 will be repaid to the Company by them, contingent on final approval of the stipulation. The actions filed in federal court were consolidated in the Central District of California under the caption, *In re The Cheesecake Factory Derivative Litigation*, No. CV-06-06234-ABC(MANx). The actions filed in state court have been consolidated in the Los Angeles Superior Court under the same caption, No. BC355953.

Special Committee

In fiscal 2007, our Board of Directors established a Special Committee comprised solely of Independent Directors in order to, among other matters, evaluate corporate governance issues and the advisability of pursuing strategic alternatives intended to increase stockholder value, including but not limited to, a recapitalization, and to make recommendations to the full Board of Directors. The Special Committee operates pursuant to a charter adopted on December 4, 2007. Messrs. Gregory, Kransdorf and White and Ms. Winkler initially served on the Special Committee in fiscal 2007 and shortly thereafter, the committee membership was reduced to include Messrs. Gregory and Kransdorf, with Ms. Winkler serving as Chair.

Mr. Matthies served as a member of our Audit, Compensation and Governance Committees prior to his resignation effective May 3, 2007.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Audit Committee report does not constitute soliciting material and is not deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Audit Committee report by reference therein.

As more fully described in its charter, the Audit Committee oversees the Company's financial reporting and internal control processes on behalf of the Board of Directors, as well as the independent audit of the Company's consolidated financial statements by the Company's independent auditors. The Audit Committee approved the engagement of PricewaterhouseCoopers LLP ("PwC") as the Company's independent auditors for fiscal 2007. Management has the primary responsibility for the Company's financial statements and the financial reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the Company's audited financial statements for fiscal 2007 with management and PwC. Management and PwC have represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee reviewed with PwC such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended. In addition, the Audit Committee has discussed with PwC the auditors' independence from management and the Company, including the matters in the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, "Independence Discussion with Audit Committee." The Audit Committee discussed with PwC the overall scope and plans for their audit. The Audit Committee periodically meets with PwC, with and without management present, to discuss the results of their audit, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

Based upon these reviews and discussions, the Audit Committee has approved the recommendation of Company management that the audited consolidated financial statements for the fiscal year ended January 1, 2008 be included in the Company's Annual Report on Form 10-K filed with Securities and Exchange Commission.

Respectfully submitted,

Thomas L. Gregory,
Chair

PROPOSAL 2

**AMENDMENT OF THE COMPANY'S AMENDED AND RESTATED
2001 OMNIBUS STOCK INCENTIVE PLAN**

We are seeking approval of an amendment to our 2001 Omnibus Stock Incentive Plan ("2001 Plan") to clarify that eligible individuals under the plan include members of our Board of Directors, whether or not employed by us.

Background

Our stockholders approved the amendment and restatement of the 2001 Plan at the 2004 Annual Meeting of Stockholders. As amended and restated, the 2001 Plan provides for awards of stock options as well as stock appreciation rights, restricted shares, deferred shares, performance shares and performance units to employees and others providing key services to us and any related company, but does not expressly permit grants to non-employee directors. Awards under the 2001 Plan may be awarded to "eligible individuals." Previously, stock options were granted to our non-employee directors pursuant to our 1997 Non-Employee Director Stock Option Plan. However, this plan terminated pursuant to its terms in fiscal 2007 and no further options may be granted under it.

At this time, we are not proposing that stockholders approve a separate stock option plan for non-employee directors. Rather, the proposed amendment is intended to make it clear that "eligible individuals" under the 2001 Plan include members of our Board of Directors, whether or not employed by us. If approved, the Board of Directors intends to award options to purchase 30,000 shares of our common stock to each of Messrs. Bernstein and Cappello who were appointed to the Board of Directors in February 2008. If the amendment is not approved, the Board of Directors intends to pay each of Messrs. Bernstein and Cappello as new directors \$100,000. Further, if the amendment is approved, the Board of Directors intends to grant options to non-employee directors in the future under the 2001 Plan as compensation for service on the Board of Directors and may grant other equity awards permitted under the 2001 Plan. However, the Board does not intend to make additional option grants to Messrs. Gregory, Klock, Kransdorf, or White or Ms. Winkler with respect to services as a director in fiscal 2008 or fiscal 2009.

The amendment does not increase the number of shares reserved for issuance under the 2001 Plan. If this amendment is not approved, we will not be able to grant options or other equity compensation to non-employee directors unless and until an equity plan permitting grants is approved by stockholders. The Board of Directors believes that an important method of aligning Directors' interests with that of our stockholders is to base a portion of their compensation on equity compensation, such as stock options. The 2001 Plan, previously approved by stockholders, has sufficient outstanding shares available for grant in order to provide equity compensation to employees and non-employee directors for a period of time, based upon our historical granting practices. Under the 2001 Plan, we have granted awards with respect to 1,590,250 shares and 2,033,131 shares remain outstanding and available for awards. For information concerning awards under the 2001 Plan made to our Named Executive Officers in Fiscal 2007, see "Executive Compensation Grants of Plan-Based Awards in Fiscal 2007."

Set forth below is the text of the Section 12.1(n) of the 2001 Plan as proposed to be amended, with additions indicated by underlining and deletions indicated by strikeout:

"Eligible Individual. The term "Eligible Individual" ~~shall~~ means any employee of the Company or a Related Company, and any consultant or other person providing key services to the Company or a Related Company (including, without limitation, a member of the Company's Board of Directors, whether or not employed by the Company)."

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE *FOR* THE AMENDMENT OF THE COMPANY'S AMENDED AND RESTATED 2001 OMNIBUS STOCK INCENTIVE PLAN.

The Company is not requesting authorization to increase shares available for grant under the 2001 Plan or proposing any other amendments to the 2001 Plan for stockholder approval other than the amendment to the definition of "Eligible Individual" described above permitting grants to non-employee directors. In accordance with the SEC rules, the terms and provisions of the 2001 Plan prior to adoption of this proposal are summarized below. This summary, however, does not purport to be a complete description of the 2001 Plan. The following summary is qualified in its entirety by reference to the complete text of the 2001 Plan. The 2001 Plan has been filed with the SEC as Exhibit A to this Proxy Statement and may be accessed from the SEC's website at www.sec.gov. Any stockholder that wishes to obtain a copy of the actual plan document may do so by written request to our Corporate Secretary at 26901 Malibu Hills Road, Calabasas Hills, California 91301.

Description of the 2001 Plan

Eligibility

Any employee of ours or any related company (as defined in the 2001 Plan) and any consultant or other person providing key services to us or a related company is eligible for selection to receive awards under the 2001 Plan. Currently, only our Named Executive Officers have received awards under the 2001 Plan and 2,033,131 shares remain outstanding and available for grant under the 2001 Plan.

Administration

The authority to control and manage the operation and administration of the 2001 Plan is vested in the Compensation Committee which has full power and authority to implement and carry out the Plan. The Compensation Committee has the authority and discretion (i) to select from among the Eligible Individuals those persons who shall receive Awards, (ii) to determine the time or times of receipt of awards, (iii) to determine the types of awards and the number of shares covered by the options, (iv) to establish the terms, conditions, restrictions, deferral arrangements and other provisions of awards, (v) to cancel or suspend awards, (vi) to permit a participant to relinquish (in full or part) an award in order to maximize the participant's after-tax proceeds, (vii) to provide for "gross-up" for any taxes associated with any award, (viii) to grant awards in lieu of salary increases or other compensation or benefit arrangements, (ix) to provide for such forfeitures of awards as may be permitted under applicable law, and (x) to make such modifications or adjustments to awards to participants working outside the United States as are advisable to fulfill the purposes of the 2001 Plan. In making such determinations, the Compensation Committee may take into account the nature of services rendered by the individual, the individual's present and potential contribution to our success and such other factors as the Compensation Committee deems relevant.

The Compensation Committee also has the authority and discretion to establish the performance objectives (as defined) for participants who have received grants of awards. The Compensation Committee has the authority and discretion to determine the extent to which awards under the 2001 Plan will be structured to conform to the requirements applicable to performance-based compensation as described in Section 162(m) of the Internal Revenue Code, and to take such action, establish such procedures, and impose such restrictions at the time such awards are granted as the Compensation Committee determines to be necessary or appropriate to conform to such requirements.

The Compensation Committee has the authority and discretion to interpret the 2001 Plan, to establish, amend, and rescind any rules and regulations relating to the 2001 Plan, to determine the terms and provisions of any agreements made pursuant to the 2001 Plan, and to make all other determinations that may be necessary or advisable for the administration of the 2001 Plan. Any interpretation of the 2001

Plan by the Compensation Committee and any decision made by it under the 2001 Plan are final and binding.

Notwithstanding any other provision of the 2001 Plan to the contrary, in the event of termination of employment by reason of death, disability, retirement, early retirement with our consent or leave of absence authorized by us, under applicable law or otherwise approved by us, or in the event of hardship or other special circumstances, of a participant who holds an award that is not immediately and fully exercisable, or any shares of stock that are subject to any transfer restriction, the Compensation Committee may take any action that it deems to be equitable under the circumstances or in the best interests of the Company, including, without limitation, waiving or modifying any limitation or requirement with respect to any award granted under this plan.

The Compensation Committee may not approve any agreement, amendment or modification to an agreement or the 2001 Plan that would reprice any option issued under the 2001 Plan.

In controlling and managing the operation and administration of the 2001 Plan, the Compensation Committee acts by a majority of its then members, by meeting or by written consent without a meeting.

Certain Restrictions

Pursuant to the 2001 Plan, the maximum number of shares of common stock that may be covered by awards granted to any one individual is 500,000 shares during any consecutive 12-month period. Only 25% of the authorized shares may be used for incentive awards under the 2001 Plan. This calculation does not include shares of common stock that may be issued upon the exercise of nonqualified stock options.

Performance Objectives

Section 162(m) prevents a publicly held corporation from claiming tax deductions for compensation in excess of \$1 million paid to certain of its senior executives. Compensation is exempt from this limit if it is "qualified performance-based compensation." Awards under the 2001 Plan may qualify as performance-based compensation so long as certain requirements are satisfied, including the prior approval by stockholders of the performance formulas or measures. Under the 2001 Plan, the Compensation Committee has the authority and discretion to establish performance objectives for grants of awards or persons granted awards. Any award that is intended to qualify as "performance-based compensation" under Code Section 162(m) shall be limited to specified levels of or increases in the Company's or subsidiary's performance based upon measurement criteria specified in the plans. Except in the case of an option intended to qualify under Section 162(m), if the Compensation Committee determines that a change in the business or operations of the Company or other events render the performance objectives unsuitable, the Committee may modify such performance objectives, in whole or part, as the Committee deems appropriate.

Stock Options

Stock options granted under the 2001 Plan may be options that are intended to qualify as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or "nonqualified stock options" that are not intended to so qualify. The exercise price of each nonqualified stock option is determined by the Compensation Committee and must not be less than 100% of the fair market value of the common stock subject to the option on the date the option is granted. The exercise price of incentive stock options may not be less than 100%; provided, however, that the purchase price of the common stock subject to the incentive stock option may not be less than 110% of such fair market value (without regard to any restriction other than a restriction which, by its terms, will never lapse) when the optionee owns (or is deemed to own pursuant to Section 424(d) of the Code) common stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its subsidiaries.

We may issue incentive stock options provided that the aggregate fair market value (determined at the time the incentive stock option is granted) of the common stock with respect to which incentive stock options are exercisable for the first time by the optionee during any calendar year (under all incentive stock option plans of the Company) may not exceed \$100,000. Should it be determined that any incentive stock option granted pursuant to the 2001 Plan exceeds such maximum, such incentive stock option shall be considered to be a nonqualified stock option and not to qualify for treatment as an incentive stock option under Section 422 of the Code to the extent, but only to the extent, of such excess. Only Company employees are eligible for grants of incentive stock options. Subject to the adjustments for stock splits or reverse split as set forth in the 2001 Plan, the maximum number of shares that may be issued under the 2001 Plan as options intended to be incentive stock options is 700,000 shares. The Compensation Committee may grant "reload" options under the conditions set forth in the 2001 Plan. The criteria and method for exercising options are specified in the 2001 Plan.

Options granted under the 2000 Plan may be exercised until ten years from the date of grant except as otherwise provided in the plan or stock option agreement. No option granted under the 2001 Plan shall be exercisable after the expiration date established by the Compensation Committee at the time of grant, provided that the expiration date shall not be later than the earliest to occur of: (i) the ten-year anniversary of the date on which the option is granted; (ii) if the grantee's date of termination of employment occurs by reason of death or disability, the one-year anniversary of such date of termination; (iii) if the grantee's termination of employment occurs by reason of retirement, the third-year anniversary of such date of termination (other than in the case of an incentive stock option); or (iv) if the grantee's date of termination occurs for reasons other than retirement, death or disability, or cause, the 90-day anniversary of such date of termination, except as otherwise stated in the plan or option agreement.

The 2001 Plan provides that any shares of common stock covered by an award that are forfeited because of the failure to meet a contingency or condition shall again be available for delivery pursuant to new awards granted under the Plan. To the extent any shares of common stock covered by an award are not delivered to a participant or beneficiary because the award is forfeited or canceled, or the shares of common stock are not delivered because the award is settled in cash, such shares shall not be deemed to have been delivered for purposes of determining the maximum number of shares of common stock available for delivery under the 2001 Plan. If the exercise price of any option granted under the 2001 Plan is satisfied by tendering shares of common stock to the Company (by either actual delivery or by attestation), only the number of shares of common stock issued net of the shares of common stock, are available for delivery under the 2001 Plan. Shares of common stock delivered under the 2001 Plan in settlement, assumption or substitution of outstanding awards (or obligations to grant future awards) under the plans or arrangements of another entity, shall not reduce the maximum number of shares of common stock available for delivery under the Plan, to the extent that such settlement, assumption or substitution is a result of the Company or a related company acquiring another entity (or an interest in another entity).

The 2001 Plan provides that upon a "change in control" (as defined in the 2001 Plan), all options granted at such time and are not then exercisable shall become immediately exercisable provided, however, the option agreement does not provide otherwise, or the options are not otherwise assumed in the case of certain acquisitions or sales of assets.

Stock Appreciation Rights

The Compensation Committee may grant "tandem" stock appreciation rights in connection with an option granted under the 2001 Plan or "freestanding" stock appreciation rights unrelated to any option. Stock appreciation rights are the right to receive from the Company an amount determined by the Compensation Committee and expressed as a percentage (not exceeding 100%) of the "spread" at the time of exercise. The "spread" in the case of a freestanding stock appreciation right is the amount by which the fair market value of the Company's common stock on the date of exercise exceeds the base price specified in the right. The "spread" in the case of tandem stock appreciation rights is the amount by which

the fair market value of the Company's common stock on the date of exercise exceeds the option price specified in the related option. Tandem stock appreciation rights may be exercised only upon conditions specified in the plans. Freestanding stock appreciation rights must specify a base price (which must be equal to or greater than the fair market value on the grant date) and the period(s) of continuous employment of the grantee by the Company or any subsidiary that are necessary before the freestanding stock appreciation right or installments thereof become exercisable. Freestanding stock appreciation rights may provide for earlier exercise in the event of a change in control of the Company or other similar transaction or event. Any grant of stock appreciation rights may be paid in cash, shares of common stock or any combination thereof, or grant to the participant, or reserve to the Compensation Committee, the right to elect among those alternatives. Any grant may also preclude the right of the grantee to receive, and the Company to issue, common stock or other equity securities in lieu of cash. No freestanding stock appreciation right granted under the 2001 Plan may be exercised more than ten years from the grant date.

Restricted Shares

An award of restricted shares involves the immediate transfer by the Company to a participant of ownership of a specific number of shares of common stock in consideration of the performance of services. The Compensation Committee may impose restrictions and limitations on voting, dividend and other ownership rights in such shares subject to conditions specified in the plans and may specify performance objectives which, if achieved, will result in termination or early termination of the restrictions applicable to such shares. Restricted shares must be subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code. To enforce these forfeiture provisions, the transferability of restricted shares will be prohibited or restricted in a manner and to the extent prescribed by the Compensation Committee for the period during which the forfeiture provisions are to continue, but not less than three years from date of grant. The Compensation Committee may provide for a shorter period during which the forfeiture provisions are to apply in the event of a change in control of the Company or similar event.

Deferred Shares

An award of deferred shares granted under the 2001 Plan represents the right to receive a specific number of shares of common stock at the end of a specified deferral period. Any grant of deferred shares may be further conditioned upon the attainment of performance objectives. The grant may provide for the early termination of the deferral period in the event of a change in control of the Company or similar event. During the deferral period, the participant is not entitled to transfer any rights under the deferred shares, ownership rights in the deferred shares, or the right to vote the deferred shares, but the Compensation Committee may provide for the payment of dividend equivalents on a current or deferred basis. The grant of deferred shares may be made without any consideration from the participant other than the performance of future services.

Performance Shares and Performance Units

Awards of performance shares under the 2001 Plan are the equivalent of one share of common stock, and a performance unit is a bookkeeping entry that records a unit that is the equivalent of one dollar (\$1.00). Each grant will specify one or more performance objectives to meet within a specified period (the "performance period"), but not less than one year. The specified performance period may be subject to earlier termination in the event of a change in control of the Company or a similar event. Each grant may specify a minimum acceptable level of achievement of performance objectives below which no payment will be made and may set forth a formula for determining the amount of any payment to be made if performance is at or above such minimum acceptable level, but falls short of the maximum achievement of the performance objectives. The Compensation Committee may adjust the minimum acceptable level of achievement based upon criteria specified in the plans. Any grant of performance shares may provide for the payment to the grantee of dividend equivalents thereon in cash or additional common stock on a current, deferred or contingent basis. To the extent earned, the performance shares or performance units

will be paid to the participant at the time and in the manner determined by the Compensation Committee in cash, shares of common stock or any combination thereof.

Transferability

Awards granted under the 2001 Plan are not transferable, except by will or by the laws of descent and distribution and may be exercisable during the holder's lifetime only by the holder. However, nonqualified options under the 2001 Plan may be transferred to such family members, a partnership or other entity in which all the beneficial owners are family members, trusts, charitable institutions, or any entity affiliated with the participant as the Compensation Committee may approve.

Termination and Amendments

The 2001 Plan shall remain in effect as long as any awards under it are outstanding, subject to certain conditions.

The Board has the right to amend, suspend or terminate the 2001 Plan at any time. No amendment to the 2001 Plan shall be effective unless the amendment is approved by the stockholders when the failure to obtain such approval would adversely affect the compliance of the plan with Section 162(m) and Section 422 of the Code or with other applicable laws, regulations or listing standards of the exchange or over-the-counter market upon which the common stock of the Company is listed.

Federal Income Tax Consequences

The following is only a brief summary of certain of the federal income tax consequences of the issuance and exercise of options. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

In general, an optionee will not recognize income at the time a nonqualified stock option is granted. As long as the option price is not less than the fair market value of the option stock on the date of grant, no income is recognized when the option vests. At the time of exercise, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. Ordinary income from exercise of a nonqualified stock option constitutes compensation income for which withholding is generally required. At the time of sale of shares acquired pursuant to the exercise of a nonqualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss).

An optionee generally will not recognize income upon the grant or exercise of an incentive stock option. If shares issued to an optionee upon the exercise of an incentive stock option are not disposed of in a disqualifying disposition within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period for the shares.

Subject to certain exceptions for death or disability, if an optionee exercises an incentive stock option more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a nonqualified stock option. In addition, upon exercise of an incentive stock option the difference between the fair market value of the option stock at the date of exercise and the option price is an adjustment to taxable income in that year for purposes of the federal alternative minimum tax ("AMT"), which exercise may subject the optionee to AMT.

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the \$1,000,000 deduction limitation on certain executive compensation under Section 162(m) of the Code.

Compensation attributable to the exercise of a stock option will generally not be subject to the Section 162(m) \$1,000,000 deduction limitation if the grant of the option is made by a committee consisting solely of outside directors, the stockholders of the corporation approve the terms of the stock option plan, the class of executives covered by the plan, the formula under which the price is determined, and the maximum number of shares subject to option that the plan can award to any executive, and the compensation attributable to the option is based solely on the increase of the value of the underlying stock.

PROPOSAL 3

APPROVAL OF AMENDMENTS TO THE CERTIFICATE OF INCORPORATION TO ELIMINATE THE CLASSIFIED BOARD OF DIRECTORS, TO PERMIT REMOVAL OF DIRECTORS WITH OR WITHOUT CAUSE, AND TO ELIMINATE THE SUPERMAJORITY VOTE REQUIREMENT WITH RESPECT TO ARTICLE FIFTH OF THE CERTIFICATE OF INCORPORATION

The Board of Directors has approved and adopted, and recommends for stockholder approval, amendments to the Company's Certificate of Incorporation to eliminate the Company's classified board structure. If this proposal is approved, the Company intends to implement a procedure so that all directors will stand for election to one-year terms beginning at the 2011 Annual Meeting of Stockholders. The Board of Directors considered carefully the advantages and disadvantages of maintaining a classified board structure and determined that it is an appropriate time to propose amendments to the Company's Certificate of Incorporation to declassify the Board as described below. The Board believes that the annual election of directors will enhance accountability to our stockholders and further our goal of maintaining best practices in corporate governance. In accordance with Delaware law, this proposal will be accomplished by amendments to Articles FIFTH, SIXTH and TENTH of the Company's Certificate of Incorporation.

Article FIFTH of the Certificate of Incorporation provides that the Board is divided into three classes, with members of each class serving three-year terms. In addition, Article SIXTH provides that directors can be removed from the Board only "for cause." In order to implement the annual election of directors and to change the manner in which directors can be removed from the Board, these provisions of the Certificate of Incorporation must be amended. The proposed amendments would, if adopted by stockholders, provide that the Board's classified structure would terminate at the 2011 Annual Meeting, and, at and after such meeting, directors would be elected for one-year terms. Although the proposed amendments would not shorten the three-year terms of the directors elected at the 2009 and 2010 Annual Meetings, the Board intends that such directors will resign from the remainder of their three-year terms, resulting in directors elected at the 2009 Annual Meeting serving for two years of their term and directors elected at the 2010 Annual Meeting serving for one year of their term, so that all director nominees may stand for election to one-year terms at the 2011 Annual Meeting. The amendments to Article FIFTH also would provide that (i) at and after the 2011 Annual Meeting, directors appointed to fill Board vacancies would serve for a term expiring at the first annual meeting held after such appointment and (ii) the Board may adopt a resolution permitting the stockholders to fill a Board vacancy. The proposed amendment would also clarify the vote required to fix the number of directors and to fill vacancies.

Under Delaware corporate law, stockholders may be limited to removing directors only for cause only if the corporation has a classified board structure. For Delaware corporations without a classified board,

directors are removable by the stockholders without cause. In conjunction with the proposal to declassify the Board, we also are proposing to amend Article SIXTH of the Certificate of Incorporation to specify that a director may be removed without cause at and after the 2011 Annual Meeting. Under Delaware law, directors cannot be removed by other directors, and the proposed amendment will not change this restriction.

Article TENTH of the Certificate of Incorporation provides, among other things, that the affirmative vote of the holders of at least eighty percent (80%) of the combined voting power of all the then outstanding shares of capital stock, entitled to vote generally in the election of directors, voting together as a single class, is required to amend, alter, repeal or adopt any provision inconsistent with specified articles of the Certificate of Incorporation, including Article FIFTH. The proposed amendment to Article TENTH would delete the 80% vote currently required to amend Article FIFTH so that, after the amendment is adopted, future amendments to Article FIFTH may be approved by the minimum vote required by law, which, under the Company's current capital structure, would be the affirmative vote of the holders of a majority of the common stock outstanding.

The Board has unanimously adopted a resolution approving, subject to stockholder approval, and declaring the advisability of, amendments to Article FIFTH, SIXTH and TENTH of the Certificate of Incorporation to declassify the Board in the manner described above, to allow for directors to be removed by the stockholders with or without cause, and to eliminate the supermajority vote requirement with respect to Article FIFTH. These amendments do not change the present number of directors, and the directors will retain the authority to change that number.

The text of Articles FIFTH, SIXTH and TENTH of the Company's Certificate of Incorporation as proposed to be amended is set forth below, with additions indicated by underlining and deletions indicated by strikeout.

FIFTH: The Board of Directors shall consist of not less than five (5) nor more than thirteen (13) directors, the precise number thereof to be fixed from time to time by vote of ~~a majority of~~ the Board of Directors; provided, however, that the number of directors shall not be reduced so as to shorten the term of any director at the time in office.

~~The~~Subject to the next sentence of this paragraph, the Board of Directors is and shall be remain divided into three classes, designated Class I, Class II and Class III. ~~Each class shall consist, as nearly as may be possible, of one third of the total number of directors constituting the entire Board of Directors. Initially, Class I directors shall be elected for a one year term, Class II directors for a two year term and Class III directors for a three year term. At the annual meeting of stockholders beginning in 1993, and at each annual meeting thereafter, successors to the class of directors whose term expires at that annual meeting of stockholders shall be elected for a three year term. If the number of directors has changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director. A director shall hold office until the annual meeting of stockholders for the year in which his term expires and until his successor shall be elected and shall qualify, subject, however, to prior death, resignation, retirement, disqualification or removal from office. Any,~~ with the directors in each class elected to terms expiring at the third annual meeting following their election. Immediately prior to the election of directors at the third annual meeting of stockholders held after the annual meeting held in calendar year 2008 (such third annual meeting, the "2011 Annual Meeting"), the division of the Board of Directors into three classes shall terminate, and at and after the 2011 Annual Meeting each director shall be elected for a term expiring at the next annual meeting following such director's election. Unless the stockholders are permitted to fill a vacancy pursuant to a resolution adopted by the Board of Directors, (i) any vacancy on the Board

of Directors that results from an increase in the number of directors shall be filled by a majority of the ~~Board of Directors~~ directors then in office, ~~provided that a quorum is present, and, even if less than a quorum, or by a sole remaining director, and (ii) any other vacancy occurring in the Board of Directors shall be filled by a majority of the directors then in office, even if less than a quorum, or by a sole remaining director. Any director elected~~ appointed to fill a vacancy not resulting from an increase in the number of directors shall have the same remaining term as that of his predecessor; ~~provided, however, that at and after the 2011 Annual Meeting, a director appointed to fill such a vacancy shall serve until the next annual meeting of stockholders held after such appointment.~~

Notwithstanding the foregoing ~~or anything in Article SIXTH to the contrary~~, whenever the holders of any one or more classes or series of Preferred Stock issued by the Corporation, if any, shall have the right, voting separately by class or series, to elect directors at an annual or special meeting of stockholders, the election, term of office, removal, filling of vacancies and other features of such directorships shall be governed by the terms of this Certificate of Incorporation applicable thereto, and such directors so elected shall not be divided into classes pursuant to this Article FIFTH unless expressly provided by such terms.

SIXTH: Any action required or permitted to be taken by the stockholders of the Corporation must be effected at an annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders. Special meetings of stockholders of the Corporation may be called only by the Chairman of the Board, if there be one, or the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board of Directors for adoption). ~~Directors~~ Prior to the 2011 Annual Meeting, directors of the Corporation may be removed by stockholders only for cause and only by the affirmative vote of the holders of a majority of the ~~outstanding shares of~~ voting power of the capital stock of the Corporation outstanding and entitled ~~to vote generally in the election of directors (considered for this purpose as one class), to vote thereon. At and after the 2011 Annual Meeting, a director may be removed without cause by the affirmative vote of the holders of a majority of the voting power of the capital stock of the Corporation outstanding and entitled to vote thereon.~~

TENTH: The Corporation reserves the right to amend, alter or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed herein or by statute, and all rights and powers conferred herein are subject to this reserved power, provided, however, that subject to the powers and rights provided for herein with respect to Preferred Stock issued by the Corporation, if any, but notwithstanding anything else contained in this Certificate of Incorporation to the contrary, the affirmative vote of the holders of at least eighty percent (80%) of the combined voting power of all of the then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, shall be required to amend, alter, repeal, or adopt any provision inconsistent with this Article TENTH or Articles ~~FIFTH~~, SIXTH, SEVENTH, EIGHTH OR NINTH of this Certificate of Incorporation or to add an article or provision imposing cumulative voting in the election of directors.

To be approved, the proposed amendments require the affirmative vote of the holders of at least eighty percent (80%) of the combined voting power of our common stock. If approved, these amendments will become effective upon the filing of a certificate setting forth the amendments with the Secretary of State of the State of Delaware, which we would file promptly after the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF AMENDMENTS TO OUR CERTIFICATE OF INCORPORATION.

PROPOSAL 4**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Independent Registered Public Accounting Firm**

The Audit Committee appointed PricewaterhouseCoopers LLP ("PwC") as our independent registered public accounting firm to conduct the audit of our books and records for the fiscal year ending January 1, 2008. PwC has served as our independent registered public accounting firm since our inception in 1992. The Audit Committee has initially selected PwC as our independent auditors for fiscal 2008. Although our governing documents do not require submission of this matter to stockholders, the Board of Directors believes that submission is consistent with current practices in corporate governance and is seeking ratification of the appointment by stockholders. In the event that stockholders fail to ratify the selection of PwC, it will be considered a direction to the Audit Committee to consider the selection of a different independent registered public accounting firm. Even if the selection of PwC is ratified by the stockholders at the Annual Meeting, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time if the Audit Committee determines that a change would be in the best interests of the Company and its stockholders. Representatives of PwC are expected to be present at the Annual Meeting of Stockholders to respond to appropriate questions and to make a statement should they so desire.

Independent Registered Public Accounting Firm Fees and Services

The following table sets forth the aggregate fees billed by PwC to us during the last two fiscal years:

Tax Fees represent the aggregate fees billed by PwC for professional services rendered for tax compliance.

All Other Fees represent the aggregate fees billed by PwC for services other than those reported in the above categories. For fiscal 2007 and 2006, the nature of services provided consisted primarily of review and consultation related to our stock option grants and procedures.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by the independent auditor. The Audit Committee considers whether such services are consistent with the rules of the Securities and Exchange Commission on auditor independence as well as whether the independent auditor

is best positioned to provide the most effective and efficient service, for reasons such as familiarity with our business, staff members, culture, accounting systems, risk profile and other factors and input from our management. The Audit Committee's charter authorizes the Audit Committee to delegate to one or more of its members the pre-approval of audit and permissible non-audit services provided that those members report any pre-approvals to the full committee. Pursuant to this authority, the Audit Committee has delegated to its Chair the authority to address any requests for pre-approval of services between Audit Committee meetings provided that the amount of fees for any particular services requested does not exceed \$10,000, and the Chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of the independent registered public accounting firm. In addition, the policy prohibits our auditors from providing internal control related services to us unless such engagement has been specifically pre-approved by the Audit Committee. None of the services related to the *Audit-Related Fees* or *Tax Fees* described above was approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLC AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR FISCAL 2008.

Unless otherwise indicated, each of the stockholders has sole voting and investment power with respect to the shares beneficially owned. However, under the laws of some states, personal property owned by a married person may be community property which either spouse may manage and control, and we have no information as to whether any shares shown in the following table are subject to such community property laws. Unless otherwise indicated, the address of each of the stockholders named below is our principal executive office. The information provided in this table is based on our records, information filed with the SEC and information provided to us.

Under such rules, beneficial ownership includes any shares as to which the individual has the sole or shared voting power or investment power and also any shares that the person has the right to acquire within 60 days of February 1, 2008 through the exercise of any stock option or other right. Shares that a person has the right to acquire are deemed to be outstanding for the purpose of computing the percentage ownership of that person, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person.

Under Section 16(a) of the Exchange Act, our directors, executive officers and any persons holding 10% or more of our common stock are required to report their ownership of common stock and any changes in that ownership to the SEC and to furnish us with copies of such reports. Specific due dates for these reports have been established by the SEC and we are required to report in this Proxy Statement any failure to file on a timely basis by such persons. Based solely upon a review of copies of reports filed with the SEC during fiscal 2007, all persons subject to the reporting requirements of Section 16(a) filed all required reports on a timely basis.

COMPENSATION DISCUSSION AND ANALYSIS

This is our Compensation Discussion and Analysis. It is not the Compensation Committee Report, which appears elsewhere in this Proxy Statement. The individuals who served as our Chief Executive Officer and our Chief Financial Officer in fiscal 2007, as well as the other individuals included in the Summary Compensation Table below, are referred to as "Named Executive Officers" throughout this Proxy Statement.

Oversight of Our Executive Compensation Program

The Compensation Committee is empowered to determine the compensation of our Chief Executive Officer and our other Named Executive Officers. The Compensation Committee's responsibilities are set forth in its charter, which we make available in the Investor Relations section of our website at www.thecheesecakefactory.com.

Objectives of Our Compensation Programs

The key objectives of our executive compensation program are as follows:

To enable us to attract, retain and motivate the highest quality of management talent available;

To offer fair and competitive annual base salaries and employee benefits consistent with similarly situated companies in the foodservice industry;

To reward executives for corporate and individual performance through annual incentive compensation programs; and

To align the interests of our employees and stockholders through the use of long-term incentives such as stock options and other forms of equity-based compensation.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward Company, team and individual performance. We reward Company performance by linking a component of our annual bonus program under our Incentive Plan to increases in consolidated income from operations. We reward team performance by establishing the same annual performance target across all divisions of the Company and, recognizing the unique role our bakery division plays within the Company, by also establishing an annual performance target for the bakery division. We reward individual performance through annual reviews and recognition of achievements in base salary compensation in the following fiscal year. In addition, our Incentive Plan provides for individual bonuses based upon achievement and, in the case of our restaurant management, by annual sales targets for each restaurant and other key operational achievements established at the beginning of each year.

Regarding most senior management compensation matters, including executive and director compensation, our management provides recommendations to the Compensation Committee and, in the case of director compensation, to the Board of Directors. Our Compensation Committee and Board of Directors do not delegate any of their functions to others in setting compensation and do not currently engage consultants to provide recommendations concerning executive compensation matters, although it does utilize general survey information in establishing executive base compensation. The Compensation Committee directly engaged Radford Surveys + Consulting in early fiscal 2008 to conduct an assessment of our director compensation. In addition, management engaged Towers Perrin in fiscal 2007 to conduct an assessment of our Chief Executive Officer's compensation.

Compensation Elements and Why Each is Used (How they Relate to Objectives)

We have five key elements for our executive compensation program:

Annual base salaries;

Annual incentive compensation;

Long-term equity compensation;

Benefits & perquisites; and

Change of control and severance benefits.

The focus of our program is on a total compensation package. We have not adopted a specific formula for allocation among the five key elements because we do not believe the elements of a total compensation package can be formula driven. Our goal is to pay for performance and maintain our flexibility in how we balance compensation among these five elements in a manner that allows us to remain competitive for top talent.

Annual base salaries and benefits are basic components of our compensation program for all staff members, including our Named Executive Officers. The primary factor considered in establishing annual base salary is individual performance. Individual performance is measured through performance of specific objectives established at the beginning of the year, and the ability to adapt and react to the dynamic business environment throughout the year. Other factors include the executive's experience, responsibilities, management abilities, job performance, our performance as a whole, current market conditions and competitive salaries payable for similar positions at other comparable companies. We believe that linking executive base salary to individual performance encourages each executive to strive to achieve our annual performance target under our annual business plan and motivates the executive to perform beyond such expectations.

The annual incentive compensation program under our Incentive Plan links pay and performance by providing performance bonus opportunities based on the achievement of performance targets established at the commencement of our fiscal year. It also promotes teamwork, as noted above, which we believe is important to our success. No incentive compensation was paid under our Incentive Plan in fiscal 2007.

We believe that employee equity ownership is a significant incentive in building stockholder wealth and aligning the interests of employees and stockholders. Our executive officers are eligible to receive equity awards under our 2001 Plan, which authorizes the Compensation Committee to award grants of stock options, stock appreciation rights, restricted shares, deferred shares, performance shares and/or performance units. The Compensation Committee has awarded stock options and restricted shares under the 2001 Plan.

The purposes of the 2001 Plan are to: (i) motivate participants by means of appropriate equity and performance-based incentives, to achieve long-range performance goals; (ii) provide equity and performance-based incentive compensation opportunities that are competitive with similar companies; and (iii) further align the 2001 Plan participants' interests with those of our other stockholders through compensation based on the growth in value of our equity and long-term stockholder return.

We have provided employment agreements to our Named Executive Officers which include limited protections in the event of a change of control of the Company or severance not based upon "cause" as defined in such agreements. In addition, change of control protection is included in our 2001 Plan and award agreements under this Plan. Finally, benefits and prerequisites for Named Executive Officers are established at grade levels and generally coincide with similar benefit types offered to our other salaried executives. We believe that in order for us to promote loyalty among our executives, such normal and customary protections are appropriate.

How Amounts and/or Formulas of Compensation Elements are Determined

Annual Base Salaries

Annually in December, the Compensation Committee, with consideration to the recommendations provided by our Chief Executive Officer, establishes the base salaries to be paid to our Named Executive Officers during the coming year. The recommendations from the Chief Executive Officer exclude his own base salary, which is set according to the terms of his previously approved employment agreement and provides for fixed annual increases in his base salary. In March 2006, we entered into employment agreements with each of our Named Executive Officers other than Mr. Overton (Messrs. Dixon and Byfuglin, and Ms. Zurzolo). In September 2007, we entered into an employment agreement with Mr. Bendel when he joined the Company as an executive officer. Each employment agreement reflects the Named Executive Officer's base salary and provides that the Compensation Committee may determine future adjustments to those base salaries. However, no decrease may be made in the Named Executive Officer's base salary without his or her consent unless the annual salaries of all other executive officers are proportionately decreased. For a description of these agreements, see "Executive Compensation Employment Agreements." We have not established a specific formula for determining base salary increases. The primary factor considered is individual performance, as stated above. Each Named Executive Officer's performance, with the exception of the CEO, is subjectively evaluated by the CEO in light of his or her contributions and accomplishments. The CEO makes compensation recommendations to the Compensation Committee based on this evaluation, as well as other factors. We did not utilize pre-established, specific individual performance goals in fiscal 2007. Other factors include the executive's experience, responsibilities, management abilities and job performance, performance of the Company as a whole, current market conditions and competitive salaries payable for similar positions at other comparable companies.

We generally target annual base salaries to be between the 50th and 75th percentiles of competitive levels using published survey data that includes restaurant and hospitality/leisure companies that are of comparable size to us. Based on this analysis, our executive officer compensation was at the 61st percentile, which was well within the guidelines established. In addition, we used a peer group to evaluate the total compensation of our Chief Executive Officer.

In fiscal 2007, management engaged Towers Perrin to conduct an assessment of competitive compensation relating to the total compensation of our Chief Executive Officer for our last completed fiscal year (fiscal 2006). In its study, Towers Perrin utilized the following peer group:

Applebee's International	Bob Evans Farms
BJ's Restaurants	Landry's Restaurants
Brinker International	McCormick & Schmick's
California Pizza Kitchen	OSI Restaurant Partners
Darden Restaurants	P.F. Chang's China Bistro
Dave & Buster's	Ruby Tuesday

The results of Towers Perrin's assessment showed that the annual base salary of our Chief Executive Officer was just slightly above the 50th percentile for the peer group, but well below the 75th percentile for the peer group, and therefore at the low end of the 50th to 75th percentile range that we target.

In January 2008, the Compensation Committee reviewed a competitive executive compensation analysis summary from sources including CompAnalyst (Salary.com), Economic Research Institute and CompQuest (Watson Wyatt). The summary report contained data from comparable companies in the restaurant and hospitality/leisure industries and for Mr. Byfuglin, from companies identified based on comparable revenues of our bakery division, to identify a competitive market range for executive base salaries by position. The Compensation Committee approved increases in the base salaries of Mr. Dixon by

\$25,000 to \$335,000 per year; Mr. Byfuglin by \$12,500 to \$327,500 per year; and Ms. Zurzolo by \$17,500 to \$375,000 per year, effective January 2, 2008 for Mr. Dixon and Ms. Zurzolo and effective January 9, 2008 for Mr. Byfuglin. Based upon the data reviewed by the Compensation Committee, Mr. Dixon's increase placed him close to the 50th percentile of the market range for his position, Mr. Byfuglin's increase placed him above the 75th percentile, and Ms. Zurzolo's increase placed her between the 50th and 75th percentiles. The Compensation Committee did not increase the base salary for Mr. Bendel who joined the Company in September 2007. The Compensation Committee approved a \$50,000 increase in the base salary of Mr. Overton to \$782,000 per year in accordance with his previously established employment agreement, effective January 2, 2008.

Annual Incentive Compensation

Our Incentive Plan permits the award of discretionary bonuses and performance achievement bonuses. As amended and restated, eligible participants under the Incentive Plan include our Named Executive Officers and other officers, director-level staff employees, restaurant managers, and in the case of discretionary bonuses, other of our employees and our subsidiaries. The employment agreements with each of our Named Executive Officers provide that the executive is entitled to participate in the Incentive Plan.

Discretionary bonuses are determined based on factors, including the Company's, subsidiary's or business unit's financial results, advancement in research and development, technological achievements, performance beyond pre-established objectives, extraordinary tangible or intangible contributions to the Company, a subsidiary, or a business unit, as well as other factors. The amount of any discretionary bonus may not exceed 100% of the employee's base salary (as defined in the Incentive Plan). We did not grant any discretionary bonuses to our Named Executive Officers for fiscal years 2007, 2006 or 2005.

We base performance achievement bonuses on performance incentive targets that the Compensation Committee is required to establish in advance along with the formula for computing the performance achievement bonus if the target is achieved. The performance criterion for fiscal years 2007, 2006 and 2005 was consolidated income from operations. The performance criterion for eligible bakery participants also includes an element related specifically to bakery operating profit. Participants in the Incentive Plan are assigned threshold targets and maximum cash bonus levels as a percentage of their respective base salaries, based upon their respective level of responsibility within the Company. As demonstrated by the lack of incentive compensation payouts for the past three years, performance targets are generally set at aggressive levels, which include the funding of any payout. With respect to fiscal 2007, no incentive compensation was payable for performance of less than 95% of target, with the maximum bonus capped after reaching 105% of target. For fiscal 2008, the minimum threshold for payout has been reduced to 90% of target and the maximum bonus will remain capped at 105% of target, and the percentages of base salaries achievable by our Named Executive Officers ranging from 9% to 60%. We believe this modification to the Incentive Plan is appropriate and competitive in comparison to the incentive plans of other companies in the casual dining industry. During fiscal 2007, the percentages of base salaries

achievable as a performance incentive bonus under the Incentive Plan for our Named Executive Officers ranged from 18% to 60% of base salary, as outlined in the table below.

Percentage of Target Performance Objective Attained	Bonus Achievable Based Upon Percentage of Base Salary		
	Presidents and Executive Vice		
	Chief Executive Officer	Presidents	Senior Vice Presidents
105% or more	60%	54%	48%
100%	48%	42%	36%
95%	24%	21%	18%
< 95%	0%	0%	0%

During fiscal 2007, all of our Named Executive Officers as well as our other officers and director-level staff employees were eligible for an annual performance achievement cash bonus under the Incentive Plan. However, no performance achievement bonuses were earned under the Incentive Plan for fiscal 2007. Historically, we set performance incentive goals aggressively, and achievement of the goals included our ability to accrue for bonus payouts. With the exception of bonuses paid to our bakery division (including Mr. Byfuglin) with respect to our 2006 and 2004 fiscal years, no bonuses were earned with respect to our 2006, 2004, and 2003 fiscal years. In fiscal 2005, bonuses were achieved at a lower level than the maximum rate. We have not adopted a policy with respect to the recovery of awards if the relevant performance measure were to be adjusted and restated in an amount that would result in a reduction in the percentage of performance target achieved. However, the stipulation of settlement of the Options Derivative Actions requires that we adopt such a policy and the Board of Directors intends to do so promptly after the effective date of such stipulation. The Incentive Plan limits the amount of performance achievement bonus in any fiscal year to \$1 million for any one participant.

Long-Term Equity Compensation

The Chief Executive Officer makes annual recommendations to the Compensation Committee for all stock options, restricted stock or other equity grants under our 2001 Plan to our Named Executive Officers. All grants of equity compensation to Named Executive Officers are authorized and approved by the Compensation Committee. Pursuant to a previously approved employment agreement with Mr. Overton, the minimum annual grant made to him is 100,000 option shares. The determination of the number of option shares to be granted to other Named Executive Officers is reviewed by the Compensation Committee each year based on corporate and individual performance, as well as historical practices. We believe that our historical practices have proven to be effective in providing appropriate compensation based on performance. We have not established formal guidelines or performance criteria for the size of individual equity grants. However, vested stock option grants are only exercisable if our earnings performance for the fiscal year ended immediately prior to each exercise date met or exceeded the average earnings performance of all full-menu, full-service restaurant companies reported in a restaurant index published by a major financial services firm or an equivalent index approved by the Compensation Committee. While our equity plans permit awards to be made on a more frequent basis, our Compensation Committee generally has made grants to Named Executive Officers on an annual basis, except in the case of mid-year promotions or other extraordinary events. All stock options granted to our Named Executive Officers in fiscal 2007 were annual grants. We believe that making awards on an annual basis enables the Compensation Committee to evaluate individual and corporate performance over a reasonable period of time. However, we do not use performance targets when evaluating the amount of equity awards we make to Named Executive Officers. Our CEO makes recommendations to the

Compensation Committee with respect to the amount and vesting periods of equity awards for other Named Executive Officers.

During fiscal 2007, the Compensation Committee granted options to purchase a total of 25,000, 30,000 and 25,000 shares of common stock to each of Messrs. Dixon and Byfuglin, and Ms. Zurzolo, respectively, at an exercise price equal to the fair market value of our common stock as of the grant date. We based these grants upon past granting practices and each executive's individual performance and responsibilities. The Compensation Committee also granted options to purchase 100,000 shares of common stock to Mr. Bendel according to the terms of his employment agreement when he joined our Company in fiscal 2007 as an executive officer. In addition, we made an annual grant of an option to purchase 100,000 shares of our common stock to Mr. Overton according to the terms of his previously approved employment agreement. Stock options provide our executive officers with the opportunity to purchase our common stock at a fixed price. Accordingly, a stock option becomes valuable only if our common stock increases above the option exercise price and the holder remains employed during the period of time for the option to "vest." The annual options granted in fiscal 2007 to Named Executive Officers vest at a rate of 20% per year, with the exception of a portion of the stock options granted to Mr. Overton in fiscal 2007, which vests at a rate of 33¹/₃% per year as to 50,000 shares. For additional information concerning these grants, see "Executive Compensation Grant of Plan-Based Awards in Fiscal 2007."

Our stockholders approved an amendment and restatement of the 2001 Plan at the 2004 Annual Meeting of Stockholders. As amended and restated, the 2001 Plan provides for awards of stock options as well as five additional types of equity compensation, including shares of our common stock that are subject to a substantial risk of forfeiture ("restricted stock"). Under the 2001 Plan, restricted stock must be subject to a substantial risk of forfeiture for a minimum of three years (other than in the event of change of control). In fiscal 2007, the Compensation Committee granted restricted stock in accordance with the 2001 Plan to Messrs. Dixon and Byfuglin, and Ms. Zurzolo in the amounts of 12,500, 10,000 and 12,500 restricted shares, respectively. The Compensation Committee also granted restricted stock in accordance with the 2001 Plan to Mr. Bendel in the amount of 35,000 restricted shares according to the terms of his employment agreement when he joined our Company in fiscal 2007 as an executive officer. Restricted shares granted to Named Executive Officers in fiscal 2007 are subject to a three-year cliff vesting schedule, with the exception of restricted shares granted to Mr. Bendel which restrictions lapse at the rate of 60% on the third anniversary of the grant date and 20% on each of the fourth and fifth anniversary dates of the grant date. We believe that awards of restricted shares can provide an equal or greater incentive to continue as an employee than awards of options. In determining to award shares of restricted stock, the Compensation Committee also considered our adoption of Financial Accounting Standards Board Statement No. 123(R), "Share Based Payment" ("SFAS 123R"). We recognize an expense related to all stock-based awards granted on or subsequent to January 4, 2006 based on the grant date fair value estimated in accordance with the provisions SFAS 123R. In determining the number of shares subject to restricted stock awards, the Compensation Committee considered the level of performance and contribution by each Named Executive Officer.

Benefits & Perquisites

All of our employee benefit programs are approved and monitored by our Strategic Benefits Committee, which is comprised of Mr. Overton, Mr. Dixon, Mr. Bendel and Ms. Zurzolo. In accordance with their employment agreements, our Named Executive Officers are eligible to participate in the same employee benefit programs as those offered to all other full-time staff members and any enhanced programs only available to executive officers. Any enhanced program available only to executive officers requires authorization by the Compensation Committee. Our Named Executive Officers participate in medical, dental, vision, life insurance and long-term disability programs, as well as paid vacation of no less than three weeks per year. Our Named Executive Officers are also reimbursed for all reasonable business

expenses based upon an itemized accounting of such expenditures. In addition, our Named Executive Officers, as well as our other executives, are eligible for a number of other benefits, including:

Each Named Executive Officer has the choice of a company-leased vehicle or automobile allowance. This program is also offered to certain other senior management positions, Restaurant General Managers, Area Directors of Operations, Area Kitchen Operations Managers, and selected additional staff positions. Approximately 213 leased company cars were in service at the end of fiscal 2007 and 23 staff members received an automobile allowance. Each staff member participating in our leased car program is assigned imputed income, according to Internal Revenue Service regulations, for his or her personal use of the car.

Each of our Named Executive Officers is eligible to participate in the Executive Savings Plan, a nonqualified, deferred compensation plan, which also includes over 400 other staff member eligible positions. At the end of fiscal 2007, all of our Named Executive Officers and over 200 other staff members and three non-employee directors were participants in the Executive Savings Plan. For additional information regarding this plan, see "Executive Compensation Nonqualified Deferred Compensation."

We provide group term life insurance to each of our Named Executive Officers, as well as all other salaried staff members, at the lesser of one times base salary or \$750,000. The Internal Revenue Service (IRS) requires that the portion of the value of such a policy exceeding \$50,000 be deemed imputed income to the staff member. The IRS provides a formula by which the imputed income is calculated.

Each of our Named Executive Officers is eligible for a company-paid executive physical every two years, as are other staff members at the level of Senior Vice President and above.

Change of Control and Severance Benefits

Our employment agreements with each of our Named Executive Officers provide for certain payments if their employment is terminated other than for "cause" or within 18 months of a change of control or in the event of a constructive termination. In addition, our employment agreement with our Chief Executive Officer provides for certain payments in the event that his employment is terminated other than for cause or his voluntary resignation (other than for a good reason, as defined in such employment agreement). These provisions are intended to promote stability and continuity of our senior management. In addition, change of control protection is included in our 2001 Plan and award agreements under this plan. For additional information concerning these agreements, see "Executive Compensation Potential Payments upon Termination or Change of Control."

Compensation of the Chief Executive Officer

In fiscal 2004, the Compensation Committee approved a five-year employment agreement with Mr. Overton, which was subsequently amended in fiscal 2005 and fiscal 2007, commencing as of

December 31, 2003 and ending on the last day of our fiscal year in 2008. Pursuant to the agreement, Mr. Overton's salary is set as follows:

Year	Salary
2004	\$550,000
2005	\$632,000
2006	\$682,000
2007	\$732,000
2008	\$782,000

In fiscal 2005, approximately \$32,000 of his increase was primarily intended to offset the elimination of a \$1 million term life insurance policy as well as certain other reimbursements that we had previously provided to Mr. Overton.

The employment agreement further provides that we will grant Mr. Overton options to purchase not less than 100,000 shares of our common stock during each 12-month period during the term of the agreement. Mr. Overton will also be entitled to a retirement benefit equal to 20% of his base salary (in effect immediately prior to termination) for the first 10 years after termination of his full time employment and 40% of his base salary (in effect immediately prior to termination) for each year after the first 10 years until his death. This benefit is not payable if Mr. Overton's employment is terminated for cause or if he materially violates any of his duties of confidentiality, non-competition or non-solicitation set forth in the agreement. For additional information concerning Mr. Overton's employment agreement, including amounts payable upon termination of employment, see "Executive Compensation Employment Agreements." In fiscal 2005, the Compensation Committee approved an amendment to Mr. Overton's employment agreement, which was intended to conform the agreement to proposed changes in federal income tax regulations. In fiscal 2007, the Compensation Committee approved an amendment to Mr. Overton's employment agreement to comply with the requirements of regulations under Section 409A of the Internal Revenue Code. The changes made to the agreement include providing for the deferral of the payment of certain compensation due to a terminating employee upon separation from service if the employee is a "specified employee" within the meaning of Section 409A and satisfying certain limited exceptions to that requirement and limiting the amount of consulting services that our Chief Executive Officer could render on behalf of the Company following termination of employment so as to qualify the termination of employment as a separation from service under Section 409A.

The Compensation Committee established the annual base salary and other terms of Mr. Overton's compensation based on Mr. Overton's overall performance record as founder and Chief Executive Officer, recent Company performance, his status in the restaurant industry, and his experience and leadership. The Compensation Committee concluded that Mr. Overton's compensation, including stock option grants, significantly benefit us and our stockholders by securing Mr. Overton's services for the future and thereby motivating him to continue his focus on our long-term strategic growth and profitability. The Towers Perrin assessment of Mr. Overton's compensation relative to the peer group showed that Mr. Overton's total compensation, including his base salary, incentive compensation and value of stock options was slightly above the 25th percentile for the peer group, but well below the average for the peer group.

Accounting and Federal Income Tax Considerations

Federal income tax legislation generally limits the annual corporate federal tax deduction for compensation paid to executive officers named in the proxy statement to \$1 million, unless the compensation qualifies as "performance-based" and has been approved in advance by a vote of its stockholders. Our stockholders approved the material terms of the performance incentive goals under the

Incentive Plan at the 2005 Annual Meeting of Stockholders and approved our 2001 Plan at the 2001 Annual Meeting of Stockholders. However, it is possible that one or more of our executive officers may receive compensation that does not qualify as "performance-based" and is in excess of the \$1 million limitation. The Internal Revenue Service is currently auditing our tax returns for fiscal years 2003, 2004 and 2005 with respect to the deductibility of certain compensation in excess of \$1 million per year under the provisions of Internal Revenue Code Section 162(m) paid to certain executive officers resulting from their exercise of stock options later determined to be misdated. Although no final determination has been made, an unfavorable audit could result in additional taxes and penalties owed in fiscal 2008. It is our position that these options were performance based and met the requirements of Section 162(m) for deductibility. We have also structured our executive compensation program with the intention that it comply with Section 409A of the Internal Revenue Code which imposes additional taxes on our executive officers for certain types of deferred compensation that are not in compliance with Section 409A. In fiscal 2007, two of our Named Executive Officers, Mr. Byfuglin and Ms. Zurzolo, received compensation to reimburse them for the estimated personal tax liability and applicable interest due under Section 409A of the Internal Revenue Code and under California Revenue and Taxation Code Section 17501 for misdated stock option grants that were exercised in fiscal 2006.

Accounting and tax considerations play an important role in the design of our executive compensation program. Accounting rules such as SFAS 123R require us to expense the estimated fair market value of our stock option grants which reduces the amount of our reported profits. The Compensation Committee considers the amount of this expense in determining the amount of equity compensation awards.
