Dear Stockholder:

On behalf of the board of directors and management of Bruker Corporation, I would like to invite you to attend our Annual Meeting of Stockholders to be held on Thursday, May 7, 2009 at 9:00 a.m., Local Time, at the offices of Nixon Peabody LLP, 100 Summer Street, Boston, Massachusetts.

The Notice of Annual Meeting of Stockholders and Proxy Statement, which describe the formal business to be conducted at the meeting, and Proxy Card accompany this letter. The Company's Annual Report to Stockholders is also enclosed for your information.

All Stockholders are invited to attend the Meeting. To ensure your representation at the Meeting, however, you are urged to vote by proxy by completing, dating and returning the enclosed Proxy Card. A postage-paid envelope is enclosed for that purpose. Regardless of the number of shares you own, your careful consideration of, and vote on, the matters before the Stockholders is important.

I look forward to your participation and thank you for your continued support.

Sincerely,

Frank H. Laukien, Ph.D.
Chairman, President and Chief Executive Officer

**BRUKER CORPORATION
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS**

To Our Stockholders:

Notice is hereby given that the Annual Meeting of the Stockholders of Bruker Corporation will be held on May 7, 2009, at 9:00 a.m., Local Time, at the offices of Nixon Peabody LLP, 100 Summer Street, Boston, Massachusetts, for the following purposes:

1. To elect the four Class III nominees for director named in the accompanying proxy statement to hold office until the 2012 Annual Meeting of Stockholders.
2. To ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2009.
3. To transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

The foregoing items of business are more fully described in the Proxy Statement accompanying this notice. The board of directors has fixed the close of business on March 31, 2009 as the record date for the determination of stockholders entitled to notice of and to vote at this Annual Meeting and at any adjournment or postponement thereof.

By order of the board of directors

Frank H. Laukien, Ph.D.
Chairman, President and Chief Executive Officer

Billerica, Massachusetts
April 6, 2009

All stockholders are invited to attend the meeting. Whether or not you plan to attend, you can ensure that your shares are represented at the meeting by promptly voting and submitting your proxy by telephone or by the internet, or by completing, dating and returning the enclosed Proxy Card in the enclosed postage-paid envelope. Your shares cannot be voted unless you vote by telephone or internet, date, sign and return the enclosed Proxy Card, or attend the meeting in person. Regardless of the number of shares you own, your careful consideration of, and vote on, the matters before the stockholders is important. Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you will not be permitted to vote in person at the meeting unless you first obtain a proxy issued in your name from the record holder.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 7, 2009:

This Proxy Statement and the accompanying Annual Report are available via the Internet at: <http://ir.bruker.com>

**BRUKER CORPORATION
PROXY STATEMENT**

This Proxy Statement and the enclosed Proxy Card are furnished in connection with the solicitation of proxies by the board of directors of Bruker Corporation ("the "Company") for use at the 2009 Annual Meeting of Stockholders (the "2009 Annual Meeting") to be held on May 7, 2009, at the time and place set forth in the notice of the meeting and at any adjournments thereof. The approximate date on which this Proxy Statement and form of proxy are first being sent to stockholders is April 6, 2009.

If the enclosed Proxy Card is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified with respect to any particular matter to be acted upon, proxies will be voted in favor of such matter. In addition, if other matters come before the meeting, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. Any person signing the enclosed form of proxy has the power to revoke it by voting in person at the meeting or by giving written notice of revocation to the Secretary of the Company at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

The holders of a majority in interest of all of the Company's common stock, par value \$.01 per share ("Common Stock") issued, outstanding and entitled to vote are required to be present in person or be represented by proxy at the 2009 Annual Meeting in order to constitute a quorum for the transaction of business. Each share of Common Stock outstanding on the record date will be entitled to one vote on all matters. The four candidates for election as directors at the 2009 Annual Meeting who receive the highest number of affirmative votes will be elected.

Because abstentions with respect to any matter are treated as shares present or represented and entitled to vote for the purposes of determining whether that matter has been approved by the stockholders, abstentions have the same effect as negative votes for each proposal other than the election of directors. Broker non-votes are not deemed to be present or represented for purposes of determining whether stockholder approval of that matter has been obtained, but they are counted as present for purposes of determining the existence of a quorum at the 2009 Annual Meeting.

The Company will bear the cost of the solicitation. Although it is expected that the solicitation will be primarily by mail, regular employees or representatives of the Company (none of whom will receive any extra compensation for their activities) may also solicit proxies by telephone, telecopier and in person and arrange for brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals at the expense of the Company.

The Company's 2008 Annual Report, including the Company's audited financial statements for the fiscal year ended December 31, 2008, is being mailed to shareholders concurrently with this proxy statement.

The Company's principal executive offices are located at 40 Manning Road, Billerica, Massachusetts 01821, and our telephone number is (978) 663-3660.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on March 31, 2009 are entitled to notice of and to vote at the meeting. On March 31, 2009, the Company had outstanding and entitled to vote 164,067,654 shares of Common Stock. Each outstanding share of Common Stock entitles the record holder to one vote. Broadridge Financial Solutions, Inc. will tabulate all votes that are received prior to the date of the Annual Meeting. The inspector of elections, who will be one of our employees or one of our attorneys, will receive Broadridge's tabulation, tabulate all other votes, and certify the voting results.

CORPORATE INFORMATION

Bruker Corporation was incorporated in Massachusetts as Bruker Federal Systems Corporation. In February 2000, we reincorporated in Delaware as Bruker Daltonics Inc. In July 2003, we merged with Bruker AXS Inc., and we were the surviving corporation in that merger. In connection with that merger, we changed our name to Bruker BioSciences Corporation and formed two operating subsidiaries, Bruker Daltonics and Bruker AXS, into which we transferred substantially all of their respective assets and liabilities, except cash. All references in the Proxy Statement to "former Bruker AXS" refer to the public entity which merged with the Company in July 2003. In July 2006, we acquired Bruker Optics Inc., also a company under common control. Bruker Optics is now one of our four primary operations. In February 2008, we acquired the Bruker BioSpin group of companies, which we sometimes refer to as the Bruker BioSpin Group, also a group of companies under common control. In connection with the Bruker BioSpin acquisition, we changed our name to Bruker Corporation. Bruker BioSpin is now one of our four primary operations. Unless otherwise indicated, the financial information presented herein gives effect to the Bruker Optics and Bruker BioSpin acquisitions and, in accordance with generally accepted accounting principles in the United States, is presented as if Bruker Optics and Bruker BioSpin had been a part of Bruker Corporation for all periods described.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The first proposal on the agenda for the 2009 Annual Meeting is the election of Tony W. Keller, Richard D. Kniss, Joerg C. Laukien and William A. Linton to serve as Class III directors for a three-year term beginning at the 2009 Annual Meeting and ending at our 2012 Annual Meeting of Stockholders or until a successor has been duly elected and qualified. The Company's Certificate of Incorporation, as amended, provides that the board of directors shall consist of three classes of directors with overlapping three-year terms. One class of directors is to be elected each year for a three-year term. Directors are assigned to each class in accordance with a resolution or resolutions adopted by the board of directors, each class consisting, as nearly as possible, of one-third the total number of directors. There are currently thirteen members of the board of directors, consisting of four Class I directors, five Class II directors and four Class III directors.

At the 2009 Annual Meeting, four nominees will be elected as Class III directors to serve for a term expiring at the 2012 Annual Meeting of Stockholders. The directors in each of Class I and Class II are serving terms expiring at the Company's Annual Meeting of Stockholders in 2010 and 2011, respectively.

All of the nominees for Class III director, Tony W. Keller, Richard D. Kniss, Joerg C. Laukien and William A. Linton, are currently Class III directors. All nominees were approved by our board of directors, including a majority of our independent directors.

Unless marked otherwise, proxies received will be voted **FOR** the election of each of the four nominees specified below. If any such nominee for the office of director is unwilling or unable to serve as a nominee for the office of director at the time of the 2009 Annual Meeting, the proxies may be voted either (1) for a substitute nominee who shall be designated by the present board of directors to fill such vacancy or (2) for the other nominees only, leaving a vacancy. Alternatively, the size of the board of directors may be reduced so that there is no vacancy. The board of directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

Certain Information Regarding Directors and Nominees

The names of the nominees and of the other directors continuing in office, the year each first became a director, their principal occupations during at least the past five years, other public company

directorships held by each as of March 31, 2009 and certain other biographical information are set forth below.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NOMINEES LISTED ABOVE.

Mr. Wangler holds a Master of Economics and Commerce degree and an M.B.A. from the University of Mannheim, Germany.

BOARD MEETINGS, COMMITTEES AND COMPENSATION

There are currently thirteen members of our board of directors. Seven of the current members of the board of directors, namely Collin J. D'Silva, Wolf-Dieter Emmerich, Stephen W. Fesik, Brenda J. Furlong, Richard D. Kniss, William A. Linton, and Richard A. Packer, are independent within the meaning of the Marketplace Rules of the NASDAQ Stock Market LLC, or NASDAQ.

During fiscal year 2008, the board of directors of the Company held five meetings and acted by written consent one time. During such periods in 2008 in which they served as board members, all of the directors attended at least 75% of the aggregate of: (1) the total number of meetings of the board of directors and (2) the total number of meetings held by committees of the board of directors on which they served. It is the policy of our board of directors that at least two directors, including at least one independent director, attend our Annual Meeting, either in person or by telephonic conference. Three directors attended our 2008 Annual Meeting. As described below, the board of directors has an Audit Committee and a Compensation Committee. The board of directors does not have a Nominating Committee.

Audit Committee. The Audit Committee of the board of directors, which is currently comprised of Brenda J. Furlong, Collin J. D'Silva and Richard A. Packer, each of whom satisfy the applicable independence requirements of the SEC rules and regulations and NASDAQ Marketplace Rules, met six times during the 2008 fiscal year. The board of directors has determined that Brenda J. Furlong, Chair of the Audit Committee, qualifies as an audit committee financial expert pursuant to applicable SEC rules and regulations.

The Audit Committee provides assistance to the board of directors in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting and internal control functions of the Company and its subsidiaries. The Audit Committee works extensively with the independent auditors, pre-approves all audit and non-audit services provided to the Company by its independent auditors, reviews the performance of the independent auditors and replaces or terminates the independent auditors when circumstances warrant. The Audit Committee is also charged with establishing and monitoring procedures for (i) the receipt, retention or treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential submission by the Company's employees of concerns regarding questionable accounting or auditing matters. None of the members of the Audit Committee has participated in the preparation of any financial statements of the Company at any time during the last three fiscal years. The Audit Committee's charter was included as Annex A to the Company's Proxy Statement on Schedule 14A filed with the Securities and Exchange Commission on January 17, 2008.

Compensation Committee. The Compensation Committee, which is comprised of Stephen W. Fesik, Richard D. Kniss and William A. Linton, all of whom meet the independence requirements of the NASDAQ Marketplace Rules, met three times during the 2008 fiscal year and acted by written consent

one time during the 2008 fiscal year. Dr. Linton is the Chairman of the Compensation Committee. The Compensation Committee administers the Company's stock option plan, determines the chief executive officer's salary, bonus, and equity based compensation, oversees the executive compensation program for the Company's other executive officers and determines such compensation, reviews general policy matters relating to compensation and employee benefits and makes recommendations concerning these matters to the board of directors. From time to time, the Company expects that various of its senior executive officers will provide analysis and recommendations to the Compensation Committee on compensation issues, as requested by the Compensation Committee. In particular, the Chief Executive Officer annually evaluates the performance of the Chief Financial Officer and the Senior Vice President and makes recommendations to the Compensation Committee regarding the compensation of these executive officers. The Compensation Committee reviews these performance evaluations and recommendations and, if the Committee deems appropriate, adopts the recommendations with little to no change. The Chief Financial Officer does the same with respect to the Corporate Controller. Our Chief Executive Officer, Chief Financial Officer and the Director of Human Resources may routinely attend meetings of the Compensation Committee to provide information relating to matters the Compensation Committee is considering. The Compensation Committee may, from time to time, meet in executive session without any executive officers present. The Compensation Committee's charter was included as Annex B to the Company's Proxy Statement on Schedule 14A filed with the Securities and Exchange Commission on January 17, 2008.

COMPENSATION OF DIRECTORS

We pay the non-employee directors of the board a mix of cash and share-based compensation based on the determination of the Compensation Committee. Employee directors, including Dr. Frank Laukien, Dr. Dirk Laukien, Joerg Laukien and Dr. Tony Keller, receive compensation only as employees of the Company and receive no additional compensation for service as a director. Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the board or committees thereof.

Components of Director Compensation

Cash components for the service of non-employee directors during 2008 were paid according to the following schedule:

Annual Retainer:	
Board Service	\$ 26,000
Audit Committee Service	\$ 18,000
Audit Committee Chair	\$ 10,000
Compensation Committee Service	\$ 8,000
Compensation Committee Chair	\$ 5,000
Attendance Fees per Board meeting:	\$ 1,500

In addition to the cash component, share-based awards are made annually to non-employee directors as a component of their compensation. On January 7, 2008, the Company granted each non-employee director, other than Mr. Stein, an annual equity award consisting of an option to purchase 6,000 shares of common stock. The 2008 option grants vest ratably in annual installments over three years on the anniversary of the grant date, beginning on January 7, 2009. Additionally, on May 8, 2008, the Compensation Committee authorized the grant of an option to purchase 3,000 shares of common stock to Dr. Fesik, who was newly elected to the board of directors at our 2008 Annual Meeting. On January 7, 2009, annual equity awards were granted to all non-employee directors other than Mr. Stein. The 2009 grants to non-employee directors again consisted of an option to purchase

6,000 shares of common stock. The 2009 grants vest ratably in annual installments over three years on the anniversary of the grant date, beginning on January 7, 2010.

The following table provides information concerning the compensation paid by us to each of the non-employee directors for the fiscal year ended December 31, 2008.

Employee directors are not included in this table as they receive compensation only as employees of the Company. The compensation received by each of Dr. Frank Laukien and Dr. Dirk Laukien as executive officers of the Company is shown in the 2008 Summary Compensation Table on page 24. The compensation paid to each of Mr. Joerg Laukien and Dr. Tony Keller as employees of the Company is described under the heading "Transactions with Related Persons" beginning on page 27 of this Proxy Statement.

The amounts in columns (c) and (d) reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment" ("FAS 123(R)"), of awards pursuant to our Amended and Restated 2000 Stock Option Plan and may include amounts from awards granted both in and prior to 2008. Assumptions used in the calculation of these amounts are included in Notes 2 and 18 to the Company's audited financial statements for the fiscal year ended December 31, 2008 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 16, 2009. As required, the amounts shown exclude the impact of any estimated forfeitures related to service-based vesting conditions. The actual amount realized by the director will likely vary based on a number of factors, including our performance, stock price fluctuations and applicable vesting.

- (4) Mr. Dross resigned from the board of directors effective May 8, 2008.
- (5) Upon Mr. Dross' departure from the board the Compensation Committee approved the acceleration of the applicable forfeiture periods for certain restricted stock awards and vesting periods for option awards previously granted, including shares of restricted stock granted on January 5, 2006 and February 28, 2007 for which the forfeiture restrictions would lapse on or before February 28, 2009 and options granted on January 7, 2008 which would vest on or before February 28, 2009.
- (6) Dr. Fesik was first elected to the board of directors on May 8, 2008. Upon becoming a director, Dr. Fesik was awarded options to purchase 3,000 shares of common stock. The grant date fair value of such award was \$24,510. The options vest ratably on each of May 8, 2009, May 8, 2010 and May 8, 2011.
- (7) In addition to the options reported in the table included in footnote (1) above, in May 2003 in connection with his service as a board member, Mr. Stein was granted an option to purchase 2,500 shares of common stock, which options are fully vested and held by Nixon Peabody LLP.
- (8) Upon the closing of the Bruker BioSpin acquisition on February 26, 2008, Mr. Joerg Laukien became an employee of Bruker Corporation. Accordingly, as an employee director, Joerg Laukien received no additional compensation for his services as a director after the date of the acquisition.

DIRECTOR NOMINATIONS

The Company does not have a nominating committee, based on a board determination that full board participation in the nominations process would foster improved corporate governance. On March 3, 2004, the Company adopted a policy by board resolution governing the nomination of directors, according to which the full board of directors approves all nominees for board membership. In some cases, one or more board members may screen potential nominees before presenting them to the full board for consideration. In all cases, a majority of the Company's independent directors must approve the nominees. The qualifications of recommended candidates will be reviewed by at least a majority of the independent directors of the Company, as well as the full board of directors. Stockholders may recommend director candidates for inclusion by the board of directors in the slate of nominees which the board recommends to stockholders for election as described below.

The process followed by the board and independent directors to identify and evaluate potential candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by independent directors and the board. The independent directors and the board are authorized to retain advisers and consultants and to compensate them for their services. The independent directors and the board did not retain any such advisers or consultants for this purpose during fiscal year 2008.

In considering whether to recommend any candidate for inclusion in the board's slate of recommended director nominees, the board and the independent directors apply the criteria which are set forth in a resolution of the board approved and adopted on March 3, 2004.

These criteria include, but are not limited to, the following:

experience in aspects of business or technology relevant to the Company's business;

sufficient time available to devote to the affairs of the Company;

character and integrity;

ability to represent the best interests of stockholders as a whole rather than special interest groups;

willingness to participate actively as a board member; and

communication, decision-making and interpersonal skills.

The board and the independent directors may also consider the following for some of the director nominees:

experience serving as a director of a public company;

familiarity with corporate governance issues;

independence, as determined in accordance with SEC rules and regulations and NASDAQ listing standards;

experience in running a comparable company or division of a comparable company;

insight into the Company, its strategy, business model, operations, and financials;

knowledge of industry trends and markets; and

qualification as an "audit committee financial expert" to serve on the Audit Committee in accordance with SEC and NASDAQ definitions.

Edgar Filing: BRUKER CORP - Form DEF 14A

The board and the independent directors do not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Although the Company does not have a specific policy with respect to the nomination of directors by stockholders, the Company will consider nominations made by stockholders. The Company believes that it is not necessary to have a policy for director nominations by stockholders because the board of directors, including the independent directors, is able to effectively locate and evaluate potential candidates for nomination to the board of directors due to the directors' intimate knowledge of the Company and the life science industry. However, stockholders may communicate directly with the board of directors by written communication submitted to Richard M. Stein at the address set forth below under "Stockholder Communications." Mr. Stein shall be primarily responsible for monitoring the communications and providing summaries or copies of such communications to the board of directors as he deems appropriate, and, as described below, will submit communications to the board of directors relating to corporate governance matters and long-term corporate strategy. Stockholders may use this process to suggest potential nominations to the board of directors. Such suggested nominations shall be forwarded to the board of directors and the proposed candidates shall be evaluated using substantially the same process and applying the same criteria as used and applied in evaluating candidates submitted by board members. Nominations must be received by the Company within the timeframe set forth herein under "Time for Submission of Stockholder Proposals."

At the 2009 Annual Meeting, stockholders will be asked to consider the re-election of Tony W. Keller, Richard D. Kniss, Joerg C. Laukien, and William A. Linton, all of whom are standing for election following a recommendation for nomination by the full board of directors, including the approval of a majority of the Company's independent directors.

Before joining the Company, from December 2002 through April 2004, Mr. Monahan served as the Manager of Accounting and Financial Reporting at Fisher Scientific International, Inc., a provider of products and services to the scientific research and clinical laboratory markets, and as an audit manager for PricewaterhouseCoopers LLP where he was employed from July 1999 through December 2002. Mr. Monahan is a Certified Public Accountant and holds a B.S. in Accounting from the University of Massachusetts.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our company's executive compensation program is administered by the Compensation Committee of the board of directors. The Compensation Committee oversees our company's stock option plan, determines the chief executive officer's salary, bonus, and equity-based compensation, oversees the executive compensation program for our other executive officers, including reviewing and approving the overall values and forms of compensation for the executive officers listed in the 2008 Summary Compensation Table on page 24 of this Proxy Statement (the "Named Executive Officers") as well as for other officers of our company, reviews general policy matters relating to compensation and employee benefits and makes recommendations concerning these matters to the board of directors.

Executive Compensation Philosophy

Our key objectives in structuring and determining executive compensation are to:

attract and retain qualified executive officers;

motivate existing officers to perform;

reward outstanding corporate performance;

align compensation with Bruker Corporation annual and long-term performance goals;

enhance our profitability; and

maximize stockholder value.

To achieve these objectives, we have embraced a compensation philosophy that seeks to align compensation with our strategic objectives and reward our Named Executive Officers for meeting certain performance goals. Executive compensation is based in part on a pay-for-performance philosophy, through annual incentive bonus awards which emphasize both company and individual performance measures that correlate closely with the achievement of both short and long term performance objectives. To motivate our Named Executive Officers, we focus on cash compensation in the form of salary and bonus, a portion of which is tied to the individual's performance, and we augment this cash compensation annually with equity grants. In structuring executive compensation, the Compensation Committee focuses on our goal of long-term enhancement of stockholder value through grants of equity incentive awards with extended vesting schedules.

Components of Executive Compensation

Compensation is comprised of cash compensation in the form of annual base salary and annual incentive bonus awards, as well as long-term incentive compensation in the form of stock option and restricted stock grants.

The Compensation Committee considers cash compensation data derived from an independent source, Salary.com's CompAnalyst Executive, for a peer group of publicly-traded companies. We selected companies that we consider to be in same or similar industries, broadly similar in revenues and market capitalization, or similar in growth and performance potential. Our management provides input on the peer group, but the Compensation Committee makes the final determination as to members of the peer group. The companies that are included in the peer group are reviewed annually by management and the Compensation Committee and can change from year to year as market conditions

warrant. In 2008, the peer group selected by the Compensation Committee for evaluating annual base salary and annual incentive bonus awards included:

Affymetrix Inc.	PerkinElmer, Inc.
Agilent Technologies, Inc.	Sequenom, Inc.
Caliper Life Sciences, Inc.	Thermo Fisher Scientific, Inc.
Dionex Corporation	Varian, Inc.
Keithley Instruments Inc.	Waters Corporation

The following tables compare the Company to the selected peer group for certain key metrics. The Compensation Committee considers these quantitative factors, in addition to certain qualitative factors, in assessing the appropriateness of these companies for compensation comparison purposes.

Consistent with our size and financial performance relative to the peer group, the Compensation Committee typically targets salary and target bonus compensation at a level not to exceed the median of the peer group.

Annual Base Salary. Base salaries are determined based on a variety of factors, including officers' levels of responsibility, experience and potential, and a comparison of salaries paid to peers within the Company and to those with similar roles at other companies. Base salaries are set at levels that the Compensation Committee believes will allow our Company to attract and retain qualified managers who will enable our company to deliver on its business goals.

Base salaries are reviewed annually and may be adjusted after considering the various factors described above. The Chief Executive Officer makes recommendations to the Compensation Committee for base salaries for the Chief Financial Officer and the Senior Vice President. The Chief Financial Officer makes recommendations to the Compensation Committee for the base salary for the Corporate Controller. When setting

the base salaries of these executive officers, the Compensation Committee, while considering the recommendations of the Chief Executive Officer and Chief Financial Officer, as applicable, makes the final determination based on the factors listed above and the

executive officer's performance during the previous year. The Compensation Committee also evaluates the performance of and sets the salary for the Chief Executive Officer.

In evaluating 2008 base salary recommendations, the Compensation Committee reviewed peer group salary information and determined that the salaries of the Company's Chief Executive Officer, Chief Financial Officer, Senior Vice President and Corporate Controller were each below the median of their peer group comparables. The Compensation Committee therefore approved management's recommendation to phase in base salary increases over a multi-year period to raise, as appropriate, the executive officers' salary component of compensation to a more competitive level relative to the peer group.

In December 2008, as part of our cost-reduction initiatives and to help us better manage our employee-related costs in the current challenging global economic environment, certain of our executive officers voluntarily accepted temporary salary reductions, to be effective for our 2009 fiscal year.

Annual Cash Incentive Awards. Annual incentive awards in the form of performance-based cash incentive bonuses for the Chief Executive Officer and our other executive officers are based upon management's success in meeting our financial and strategic goals. Typically, specific criteria for these bonuses have been determined based on a combination of qualitative and quantitative measures established each year by the Compensation Committee after consultation with management. The specific individual goals vary for each executive based on their responsibilities and role within our company and may include financial or strategic measures, including, among others, revenue growth, gross profit margin improvement, meeting earnings per share targets, identifying and developing new product and market opportunities and other strategic initiatives. The goals are intended to reward performance which results in our company meeting or exceeding its financial goals. These cash incentive bonus awards reflect both the individual's performance compared with his performance goals for the year and the overall performance of our company.

Performance ranges are established for each goal. The range of the performance goals and associated cash incentive opportunities are expressed in the form of a threshold, representing the minimum criteria for earning a bonus payment, and a target, representing the level at which 100% of the target bonus would be earned. The threshold for 2008 incentive awards was set at 80%, meaning that if an executive officer did not achieve at least 80% of a performance goal established then no incentive bonus would be paid to that executive officer for that performance goal. In order to provide additional motivation to the executive officers, and to reward outstanding corporate performance, the Compensation Committee does not set a maximum amount that can be earned in the event that the executive officers exceed their targets in the performance-based incentive plans. The Compensation Committee may, in their discretion, award cash incentive bonuses above the target level in the event individual or firm performance exceeds targeted levels.

The Chief Executive Officer is responsible for making recommendations to the Compensation Committee for our company-wide performance goals and the bonus goals and weightings for the Chief Financial Officer and the Senior Vice President. The Chief Executive Officer is also responsible for developing and providing a proposal to the Compensation Committee for his own bonus plan and target levels. The Compensation Committee reviews the recommendations of the Chief Executive Officer and determines the final bonus structure and goals for each of these executive officers, including threshold and target bonus levels. After the close of the fiscal year, the Chief Executive Officer provides the Committee with his assessment of the performance of the Chief Financial Officer and the Senior Vice President against their respective bonus goals and proposed bonus payout. When determining the bonus payout for the executive officers, the Compensation Committee, while considering the recommendations of the Chief Executive Officer, makes the final determination based on the executive officer's performance, and that of the department which he led during the year relative to the performance-based goals. The determination of the bonus earned is generally made

within the first quarter after the end of the fiscal year, allowing time to assess the achievement of the bonus goals. On occasion, additional bonuses in excess of those calculated to have been earned have been given by the Compensation Committee in recognition of exceptional performance. The Chief Financial Officer recommends performance and bonus goals for the Corporate Controller, including their respective weightings, and is responsible for making a recommendation to the Compensation Committee regarding the compensation of the Corporate Controller based on his assessment of the executive's performance against his goals.

For 2008, quantitative company-wide financial performance goals accounted for 70% of each executive officer's total cash bonus target level. Individual qualitative goals accounted for the remaining 30%. Specific performance targets, goals and weightings established for the Company's executive officers in 2008 were as follows:

	Cash Incentive Target	Qualitative Goals/ 30% Weighting	Quantitative Goals/ 70% Weighting (all executive officers)		
Frank H. Laukien, Ph.D. President, CEO & Chairman	\$ 550,000	Debt Repayment	15%	9% Revenue Growth	20%

Based on our financial results for 2008, the Company achieved 80% of targeted revenue growth and exceeded the targeted reduction in the working capital ratio. However, our operating margin and earnings per share declined. After considering these factors, the Compensation Committee determined that the portion of bonus targets linked to revenue growth and a reduction in the working capital ratio would be included in awards at levels commensurate to our performance relative to those goals, but that no amounts would be awarded to the executive officers for the portion of bonus targets linked to operating margin improvement and earnings per share. On that basis, the Compensation Committee approved awards totaling 54% of each of the executive officers' cash incentive targets for achievement of company-wide quantitative financial performance goals in 2008. Total cash incentive bonus payments to our executive officers for 2008 also included amounts awarded for achievement of individual qualitative goals. The individual elements and total cash incentive bonuses awarded to each of our Named Executive Officers for 2008 are described more fully below in this Compensation Discussion and Analysis.

Long-Term Incentives. Equity incentive compensation in the form of stock options and restricted stock is designed to provide long-term incentives to executive officers and other employees, to encourage the executive officers and other employees to remain with us and to enable recipients to develop and maintain a long-term stock ownership position in the common stock, which in turn motivates the recipient to focus on long-term enhancement in stockholder value. Our Amended and Restated 2000 Stock Option Plan, administered by the Compensation Committee, is the vehicle for the granting of stock options and restricted stock. Company management evaluates the efficacy of our long-term incentive compensation on an ongoing basis, and may from time to time provide input and recommendations to the Compensation Committee with regard to the optimal form and extent of equity incentives to be granted to employees, including the Named Executive Officers.

While generally granted on an annual basis, all options and restricted stock grants are discretionary and may be granted by the Compensation Committee at any time. Our company does not embrace

performance-vesting, meaning that individual vesting is not based upon the achievement of any specific goals or objectives. The Compensation Committee does, however, consider the individual and company's performance in determining the total and individual equity awards. The Compensation Committee has determined that equity compensation awards to executives and all other employees should be based upon the economic value of the grant award and should be considered part of the overall compensation package. In making specific grants to executives, the Compensation Committee evaluates each executive officer's total equity compensation package. The Compensation Committee generally reviews the option and restricted stock holdings of each of the executive officers, including vesting and exercise price and the then current value of such options or restricted stock. We consider equity compensation to be an integral part of a competitive executive compensation package, a way to reinforce the individual's commitment to the Company and an important mechanism to align the interests of management with those of our stockholders. Annual grants are generally made in the first or second quarter of each year. In 2007 and 2008, the Company awarded stock options to certain of its employees and executive officers as long-term incentive compensation.

Chief Executive Officer Compensation

In accordance with our pay-for-performance philosophy and to align the interests of the Chief Executive Officer with our shareholders, approximately 50% of the Chief Executive Officer's compensation is at risk through short-term and long-term incentive programs. This at-risk component includes the annual cash and long-term equity incentive awards which are within the discretion of the Compensation Committee.

Annual Base Salary. Dr. Frank Laukien's base salary, which is subject to annual review and increase by the Compensation Committee, was \$425,000 for the year ended December 31, 2008, a 39% increase compared to a base salary of \$306,000 for the year ended December 31, 2007. Consistent with our pay-for-performance philosophy, Frank Laukien's base salaries for 2008, 2007 and 2006 were below the median salary of Chief Executive Officers of the defined peer group. For 2009, as part of our cost reduction initiatives, Frank Laukien has accepted a 25% temporary voluntary salary reduction, to \$318,750.

Annual Cash Incentive Award. The Compensation Committee set Frank Laukien's 2008 target bonus at \$550,000 and his bonus threshold at 80%, meaning that no cash incentive bonus would be awarded for those performance goals for which he did not achieve at least 80% of the targeted level of performance. In determining the amount of Frank Laukien's bonus award for 2008, the Compensation Committee evaluated Frank Laukien's performance against his individual qualitative goals as well as performance against the quantitative company-wide financial performance goals described above. In recognition of performance that exceeded targeted levels for debt repayment and prudent development of business opportunities, including the introduction of new products and leadership in identifying and closing a number of strategic acquisitions, the Compensation Committee determined that Frank Laukien should be awarded 119% of the portion of his target cash incentive bonus linked to these individual qualitative performance goals. For 2008, including both quantitative and qualitative factors, Frank Laukien was awarded a total cash incentive bonus of \$404,239, equal to 73% of his total target cash incentive bonus.

The Compensation Committee has not completed its review of the proposed target bonus levels and quantitative and qualitative factors to be used to determine executive officer cash incentive bonus compensation for 2009. Frank Laukien's target bonus and performance goals for 2009 will be established upon completion of their review.

Long-Term Incentives. During 2008, Frank Laukien was granted options to purchase 100,000 shares of our common stock under the Amended and Restated 2000 Stock Option Plan. The options granted to Frank Laukien on May 7, 2008 vest annually over four years and are exercisable upon

vesting at \$13.21 per share, which is equal to 110% of the closing market price of our common stock on the date of the grant. Annual option awards and his substantial ownership of our common stock ensure that Frank Laukien's pecuniary interests are closely aligned with those of our stockholders.

Other Named Executive Officer Compensation

In determining base salaries and annual cash incentive award targets for calendar year 2008, the Compensation Committee made subjective judgments of each named officer's position, experience, responsibilities and performance. In addition, the Compensation Committee considered the median base salary and cash incentive award of the defined peer group. As a result of this analysis, the Compensation Committee set annual base salaries and cash incentive targets for each named officer at a level not to exceed the median of the peer group. Executive officers have the opportunity to receive total compensation awards exceeding the target levels by delivering outstanding performance in excess of the goals established in their individual bonus plans.

In December 2008, as part of our cost-reduction initiatives and to help us better manage our employee-related costs in the current challenging global economic environment, certain of our executive officers accepted temporary salary reductions, to be effective for our 2009 fiscal year.

The Compensation Committee has not completed its review of the proposed target bonus levels and quantitative and qualitative factors to be used to determine executive officer cash incentive bonus compensation for 2009. Target bonus levels and quantitative and qualitative factors to be used to determine executive officer cash incentive compensation for 2009 will be established upon completion of the Compensation Committee's review of management recommendations.

William J. Knight, Chief Financial Officer

Mr. Knight's base salary for 2008 was \$320,000, a 23% increase compared to a base salary of \$260,000 for the year ended December 31, 2007, reflecting his increased responsibilities due to the acquisition of the Bruker BioSpin Group. In keeping with our emphasis on the incentive components of executive officer compensation, Mr. Knight's base salaries for 2008, 2007 and 2006 were established at levels below the median salaries of Chief Financial Officers of our peer group. For 2009, as part of our cost reduction initiatives, Mr. Knight has accepted a 10% temporary voluntary salary reduction, to \$288,000.

Mr. Knight's 2008 bonus target was set at \$140,000, a 65% increase over his 2007 bonus target of \$85,000. In establishing Mr. Knight's 2008 bonus target, the Compensation Committee considered peer group salary and bonus information and determined that Mr. Knight's aggregate cash compensation was significantly below that of the median cash compensation of Chief Financial Officers in the peer group. The Compensation Committee therefore determined that Mr. Knight's bonus target should be increased to a level that would raise his cash compensation potential to a level more comparable to the median of the peer group, while at the same time placing greater emphasis on the at-risk component. The Compensation Committee also set Mr. Knight's bonus threshold at 80%. In approving Mr. Knight's recommended bonus award for 2008 of \$92,397, equal to 66% of his total target cash incentive bonus, the Compensation Committee considered his performance against his individual qualitative goals as well as performance against the quantitative company-wide financial performance goals. In addition to amounts awarded for the portion of his total bonus target linked to the quantitative financial performance goals described above, Mr. Knight's bonus award included 94% of the portion of his target cash incentive bonus linked to individual qualitative performance goals. The individual component was recommended to recognize performance that exceeded targeted levels for debt repayment and for the substantial progress made toward implementing a global cash management system.

Edgar Filing: BRUKER CORP - Form DEF 14A

During 2008, Mr. Knight was granted options to purchase 50,000 shares of our common stock under the Amended and Restated 2000 Stock Option Plan. The options granted to Mr. Knight in May 2008 vest annually over five years, with twenty percent vesting each year on the anniversary of the grant.

Dirk D. Laukien, Senior Vice President

Dr. Dirk Laukien's base salary for 2008 was \$300,000, a 13% increase over his 2007 base salary, reflecting his increased responsibilities due to the acquisition of the Bruker BioSpin Group. Dirk Laukien's base salaries for 2008, 2007 and 2006 were below median salaries of executive officers with similar responsibilities within our peer group. Dirk Laukien's salary for 2009 remains at \$300,000.

Dirk Laukien's 2008 bonus target was set at \$140,000 and his bonus threshold was set at 80%. In approving Dirk Laukien's recommended bonus award for 2008 of \$81,897, equal to 58% of his total target cash incentive bonus, the Compensation Committee considered his performance against his individual qualitative goals as well as performance against the quantitative company-wide financial performance goals. In addition to amounts awarded for the portion of his total bonus target linked to the quantitative financial performance goals described above, Dirk Laukien's bonus award included 69% of the portion of his target cash incentive bonus linked to his individual qualitative performance goals.

Dirk Laukien joined the Company as its Senior Vice President in July 2006 upon completion of the acquisition of our Bruker Optics subsidiary. In 2006, Dirk Laukien received a \$2.5 million one-time success fee payment from Bruker Optics immediately prior to the closing of our acquisition of Bruker Optics. Also in connection with the acquisition of Bruker Optics in 2006, Dirk Laukien was awarded 500,000 shares of restricted common stock under the Amended and Restated 2000 Stock Option Plan. Dirk Laukien was not granted additional equity incentive compensation in 2007 or 2008.

Brian P. Monahan, Corporate Controller

Mr. Monahan's base salary for 2008 was \$200,000, an 11% increase over his 2007 base salary of \$180,000, reflecting his increased responsibilities due to the acquisition of the Bruker BioSpin Group. Mr. Monahan's base salaries for 2008, 2007 and 2006 were set at levels below the median salary of controllers within our peer group in order to place greater emphasis on performance-based incentive compensation. For 2009, as part of our cost reduction initiatives, Mr. Monahan has accepted a 10% temporary voluntary salary reduction, to \$180,000. Mr. Monahan was named Vice President of Finance and promoted to Chief Accounting Officer in March 2009.

Mr. Monahan's bonus target for 2008 was set at \$60,000, a 100% increase over his 2007 bonus target of \$30,000, and his bonus threshold was set at 80%. In recommending the increase in Mr. Monahan's base salary and bonus target levels for 2008, the Chief Financial Officer reviewed salaries and bonuses paid to executives in our peer group as well as to employees in comparable positions at our U.S. subsidiaries and affiliates. Based on that review, the Chief Financial Officer and the Compensation Committee determined that Mr. Monahan's aggregate cash compensation potential was significantly below the peer group median and should be increased to a level more comparable to the median of the comparison group, with greater emphasis placed on the at-risk component.

In approving Mr. Monahan's recommended bonus award for 2008 of \$44,099, equal to 73% of his total target cash incentive bonus, the Compensation Committee considered his performance against his individual qualitative goals as well as performance against the quantitative company-wide financial performance goals. In addition to amounts awarded for the portion of his total bonus target linked to the quantitative financial performance goals described above, Mr. Monahan's bonus award included 119% of the portion of his target cash incentive bonus linked to individual qualitative performance goals. The individual component was recommended to recognize performance that exceeded targeted

levels for debt repayment and for the significant progress made toward developing and integrating the financial reporting systems and capabilities of the acquired Bruker BioSpin companies.

During 2008, Mr. Monahan was granted options to purchase 15,000 shares of our common stock under the Amended and Restated 2000 Stock Option Plan. The options granted in May 2008 vest annually over five years, with twenty percent vesting each year on the anniversary of the grant.

Executive Benefits

In 2008, our Named Executive Officers were eligible for the same level and offering of benefits made available to other employees, including our company's 401(k) plan and welfare benefit programs.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Although the Company does not currently have an employment agreement with any of its executive officers, it did issue a letter offering employment to William J. Knight, our Chief Financial Officer. Under the terms of the offer letter, Mr. Knight is entitled to a continuation of salary and benefits for a period of three months in the event his employment is terminated within twelve months of a sale of all or substantially all of our business to a third party. The offer letter also provides for anticipated annual grants of options to purchase 50,000 shares of our common stock, subject to the approval of the Compensation Committee.

Under the terms of the awards of options and restricted common stock under the Amended and Restated 2000 Stock Option Plan, unvested amounts are forfeited if the grantee's employment or business relationship with our company is terminated for any reason, other than in the event of death or disability. The board of directors does, however, have the power and the right to accelerate vesting of any and all unvested amounts in the event of a change in control of Bruker Corporation.

Section 162(m) Limitations

Section 162(m) of the U.S. Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1,000,000 paid to the Chief Executive Officer and any other of its four most highly compensated executive officers. However, compensation which qualifies as "performance-based" is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by stockholders.

The Compensation Committee does not presently expect total cash compensation payable for salaries to exceed the \$1,000,000 limit for any individual executive. Having considered the requirements of Section 162(m), the Compensation Committee believes that stock option grants to date meet the requirement that such grants be "performance-based" and are, therefore, exempt from the limitations on deductibility. The Compensation Committee will continue to monitor the compensation levels potentially payable under our cash compensation programs, but intends to retain the flexibility necessary to provide total cash compensation in line with competitive practice, our compensation philosophy and our best interests.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, promulgated under the Securities Act of 1933, as amended. Based on such review and discussions, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included this Proxy Statement on Schedule 14A.

- (10) Amount represents a matching contribution to the 401(k) plan for the benefit of Mr. Monahan.

2008 Grants of Plan-Based Awards

The following table sets forth certain information with respect to individual grants of plan-based awards to the Named Executive Officers during the fiscal year ended December 31, 2008.

Name	Grant Date	All Other Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/SH)	Grant Date Fair Value of Stock and Option Awards
Frank H. Laukien	5/7/2008	100,000	13.21	\$ 817,000
William J. Knight	5/7/2008	50,000	12.01	\$ 408,500
Dirk D. Laukien	N/A			
Brian P. Monahan	5/7/2008	15,000	12.01	\$ 122,550

The Compensation Committee authorized grants of stock options as long-term incentive compensation to each of the Chief Executive Officer, Chief Financial Officer and Corporate Controller on May 7, 2008. In determining the long-term equity incentive compensation awarded during 2008, the Compensation Committee made a subjective judgment of experience, responsibilities and performance. In addition, the Compensation Committee considered equity awards granted to comparable executive officers included within our peer group. As a result of this analysis, the Compensation Committee set the long-term equity award incentive compensation at a level not to exceed the median of the peer group. The award to the Chief Executive Officer vests in four equal annual installments on the anniversary of the grant date, beginning on May 7, 2009, and is exercisable upon vesting at 110% of the closing price of our common stock on the date of the grant. The awards to the Chief Financial Officer and the Corporate Controller each vest in five equal installments on the anniversary of the grant dates, beginning on May 7, 2009. Upon vesting, the options become exercisable at a price based on the closing price of our common stock on the date of the grant. The closing price on the NASDAQ Global Select Market of our common stock on May 7, 2008 was \$12.01 per share.

Outstanding Equity Awards At December 31, 2008

The following table provides information concerning unexercised options, stock that has not vested, and equity incentive plan awards for each named executive officer outstanding as of the end of our most recently completed fiscal year. Each outstanding award is represented by a separate row which indicates the number of securities underlying the award, including awards that have been transferred other than for value (if any).

For option awards, the table discloses the exercise price and the expiration date. For stock awards, the table provides the total number of shares of stock that have not vested and the aggregate market value of shares of stock that have not vested.

Edgar Filing: BRUKER CORP - Form DEF 14A

We computed the market value of stock awards by multiplying the closing market price of our stock at the end of the most recently completed fiscal year by the number of shares or units of stock or the amount of equity incentive plan awards, respectively.

RELATED PERSONS TRANSACTIONS

Procedures for Approval of Transactions with Related Persons

All transactions with related parties in excess of \$50,000 are reviewed and pre-approved. Our Audit Committee, which is ultimately responsible for approving related party transactions, pre-approves such transactions involving amounts exceeding \$500,000. The Audit Committee has delegated authority to the Chief Financial Officer and Corporate Controller to review and pre-approve all related party transactions, including distribution, sales and purchasing activities, involving amounts from \$50,000 to \$500,000. A related party transaction will be approved only if it is determined upon review that the transaction is in the best interests of the Company. If the transaction involves a director, that director will be recused from all discussions and decisions about the transaction. In considering the transaction, the executive officer or the committee, as appropriate, will consider all relevant factors, including as applicable:

the business purpose for the transaction;

quantifying the amount and volume of transactions to assess materiality;

methods used to establish the terms of the transaction and whether the transaction is on arm's-length terms comparable to those available to third parties; and

the overall fairness of the transaction to the Company.

Typically every quarter, management reviews with the Audit Committee all related party transactions entered into in the preceding quarter, including those the committee did not pre-approve. This review consists of a memorandum summarizing the information described above with respect to the transactions, and is followed by a telephonic or in-person meeting between the Audit Committee and management.

Transactions with Related Persons

Prior to our acquisition of the Bruker BioSpin Group companies in February 2008, the Company and the Bruker BioSpin companies were affiliated through common control at the stockholder level. Our five largest stockholders, Dr. Frank H. Laukien, Dr. Dirk D. Laukien, Joerg C. Laukien, Marc M. Laukien, and Isolde Laukien-Kleiner, together with Robyn L. Laukien, were also the controlling shareholders of the Bruker BioSpin Group and owned directly or indirectly 100% of the shares of the Bruker BioSpin companies. Isolde Laukien-Kleiner is the mother of Dirk and Marc Laukien. Joerg, Frank, Dirk and Marc Laukien are brothers or half-brothers.

Dr. Frank H. Laukien, the Company's Chairman, President and Chief Executive Officer, also is a director and President of Bruker BioSpin Corporation, a director of Bruker BioSpin MRI, Inc., and serves as co-CEO of the Bruker BioSpin Group. Prior to the Company's acquisition of the Bruker BioSpin Group, Dr. Frank Laukien beneficially owned directly or indirectly more than 10% of the stock of each of the Bruker BioSpin companies. Under two lease agreements, Bruker BioSpin Corporation rents laboratory, manufacturing and office space from trusts controlled by certain Laukien family members, including Dr. Frank Laukien. During 2008, Dr. Frank Laukien was paid \$195,425 as a beneficiary of the trusts. The lease terms were equal to the estimated fair market value of the rentals. In February 2008, upon the consummation of the acquisition of Bruker BioSpin Group, and giving effect to a cash-stock exchange agreement among certain Bruker BioSpin Group shareholders, Dr. Frank Laukien received aggregate consideration of approximately \$19.2 million in cash and 15,554,574 shares of Bruker Corporation unregistered stock in exchange for his interest in the Bruker BioSpin companies.

Sharing Agreement

A sharing agreement, dated as of February 28, 2000, between the Company and the Bruker BioSpin Group companies provided for the sharing of specified intellectual property rights, services, facilities and other related items among the parties to the agreement. Effective upon the closing of the Company's acquisition of the Bruker BioSpin Group in February 2008, this sharing agreement was terminated. The following description of the Sharing Agreement is a summary and is qualified in its entirety by the provisions of the Sharing Agreement.

Name

Pursuant to the terms of the Sharing Agreement, Bruker BioSpin GmbH and Bruker Physik granted to the other parties to the Sharing Agreement a perpetual, irrevocable, non-exclusive, royalty-free, non-transferable right and license to use the name "Bruker" in connection with the conduct and operation of their respective businesses, provided that the parties did not materially interfere with any other party's use of the name, take any action which would materially detract from the goodwill associated with the name or take any action which would cause a lien to be placed on the name or the parties' license rights.

Intellectual Property

The parties to the Sharing Agreement also generally shared technology and other intellectual property rights, as they existed on or prior to February 28, 2000, subject to the terms of the Sharing Agreement.

Distribution

The Sharing Agreement provided for the use of common distribution channels by the parties to the agreement. The Sharing Agreement stated that the terms and conditions of sale and the transfer pricing for any shared distribution would be on an arm's length basis as would be utilized in typical transaction with a person or entity not a party to the agreement.

Services

The Company also shared various general and administrative expenses for items such as umbrella insurance policies, retirement plans, accounting services and leases, with various Bruker BioSpin Group companies. The Sharing Agreement provided that these services were charged among the affiliated companies at arm's length conditions and pricing, according to individual Sub-Sharing Agreements. In 2008, during the period prior to the closing of the Bruker BioSpin Group acquisition and termination of the Sharing Agreement, various Bruker BioSpin Group companies provided administrative and other services (including office space) to the Company at a cost of approximately \$0.7 million.

Purchases and Sales

The Company purchased subunits or components, including some components used in its CBRN (chemical, biological, radiological and nuclear) detection products, miscellaneous electronics boards used in Fourier transform mass spectrometers, sheet metal cabinets and some of the superconducting magnets used for Fourier transform mass spectrometers, and a low-temperature attachment for certain x-ray systems, from various Bruker BioSpin Group companies, at arm's length commercial conditions and pricing. In 2008, during the period prior to the closing of the Bruker BioSpin Group acquisition and termination of the Sharing Agreement, the Company purchased components from these then-affiliates for approximately \$3.7 million.

The Company supplied a variety of products to Bruker BioSpin Group companies for resale at what we believed to be commercially reasonable arm's length conditions and pricing. In 2008, during the period prior to the closing of the Bruker BioSpin Group acquisition and termination of the Sharing Agreement, we sold products to Bruker BioSpin Group companies in the amount of approximately \$2.6 million.

Acquisition of Bruker Optics

On July 1, 2006, we completed our acquisition of all of the outstanding stock of Bruker Optics for aggregate consideration of \$135 million in cash and shares of our common stock. Prior to the acquisition, the five controlling shareholders of both the Company also controlled approximately 96% of the equity of Bruker Optics. Negotiations between the Company and the affiliated shareholders commenced in October 2005 and our board voted to recommend approval of the acquisition in April 2006, upon the recommendation of an independent special committee established to consider and negotiate the proposed acquisition. Pursuant to the terms of the purchase agreement among the Company and the Bruker Optics shareholders, the purchase of Bruker Optics from the affiliated shareholder group comprised of Frank Laukien, Dirk Laukien, Joerg Laukien, Marc Laukien and Isolde Laukien-Kleiner was approved by unaffiliated holders of a majority of shares of our common stock who voted on the transaction at our 2006 Annual Meeting of Stockholders. The acquisition of Bruker Optics was described in our Definitive Proxy Statement on Schedule 14A filed on May 25, 2006.

Acquisition of the Bruker BioSpin Group of Companies

On February 26, 2008, we completed our acquisition of all of the outstanding equity of the Bruker BioSpin group of companies for aggregate consideration of \$914 million based on the trailing ten trading day average closing price of our common stock during the period ending two trading days prior

to the signing of the transaction agreements of \$9.14 per share, consisting of \$388 million in cash and 57,544,872 shares of unregistered Bruker Corporation common stock. Prior to the acquisition, the five controlling shareholders of the Company also controlled 100% of the equity of the Bruker BioSpin group of companies. Negotiations between the Company and the affiliated shareholders commenced in September 2007 and our Board voted to recommend approval of the acquisition in December 2007, upon the recommendation of an independent special committee established to consider and negotiate the proposed acquisition. Pursuant to the terms of the various agreements among the Company and the shareholders of the Bruker BioSpin group of companies, the purchase of the Bruker BioSpin group of companies from the affiliated shareholder group comprised of Frank Laukien, Dirk Laukien, Joerg Laukien, Marc Laukien and Isolde Laukien-Kleiner was approved by unaffiliated holders of a majority of shares of our common stock who voted on the transaction at a special meeting of stockholders held on February 25, 2008. The acquisition of the Bruker BioSpin group of companies was described in our Definitive Proxy Statement on Schedule 14A filed on January 17, 2008.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and the rules promulgated thereunder require our officers and directors and persons owning more than 10% of the outstanding common stock of the Company to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish us with copies of all these filings. We believe, based solely upon a review of those reports and amendments thereto furnished to us during and with respect to our fiscal year ended December 31, 2008, that all of our directors and executive officers complied with the reporting requirements of Section 16(a) of the Exchange Act during fiscal 2008.

AUDIT COMMITTEE REPORT

The Audit Committee, which operates pursuant to a written charter, assists the board of directors in fulfilling its oversight responsibilities by reviewing Bruker Corporation's financial reporting process on behalf of the board. Management is responsible for Bruker Corporation's internal controls, the financial reporting process and compliance with laws and regulations and ethical business standards. Ernst & Young LLP, Bruker Corporation's independent registered public accounting firm, is responsible for expressing opinions on the conformity of Bruker Corporation's consolidated financial statements with generally accepted accounting principles and on the effectiveness of Bruker Corporation's internal control over financial reporting. The Audit Committee is responsible for overseeing and monitoring these practices. It is not the duty or responsibility of the Audit Committee to conduct auditing or accounting reviews or procedures.

In this context, the Audit Committee reviewed and discussed with management and Ernst & Young, among other things, the scope of the audit to be performed, the results of the audit performed, Ernst & Young's evaluation of Bruker Corporation's internal control over financial reporting and the independent registered public accounting firm's fee for the services performed. Management represented to the Audit Committee that Bruker Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Discussions about Bruker Corporation's audited financial statements included the auditors' judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements.

Edgar Filing: BRUKER CORP - Form DEF 14A

The Audit Committee also discussed with Ernst & Young other matters required by Statement on Auditing Standards, ("SAS") No. 61, "Communication with Audit Committees," as amended by SAS No. 90, "Audit Committee Communications," as amended and as adopted by the Public Company Accounting and Oversight Board (PCAOB) in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Ernst & Young also provided to the Audit Committee written disclosures and the letter required by applicable requirements of the PCAOB regarding communications with the Audit Committee regarding independence. The Audit Committee discussed with Ernst & Young the registered public accounting firm's independence from Bruker Corporation and considered the compatibility of non-audit services with Ernst & Young's independence.

Based on the Audit Committee's discussion with management and Ernst & Young, and the Audit Committee's review of the representations of management and the report of Ernst & Young to the Audit Committee, the Audit Committee recommended to the board that that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 filed with the Securities and Exchange Commission and selected Ernst & Young LLP as the independent registered public accounting firm for Bruker Corporation, subject to shareholder ratification, for 2009.

Submitted by the Audit Committee of Bruker Corporation's Board of Directors.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Fees billed to Bruker Corporation by its independent registered public accounting firm for fiscal years 2007 and 2008, all of which were approved by the Audit Committee, were comprised of the following:

Audit Fees. Ernst & Young's fees for its audit of the Company's annual financial statements, its review of the financial statements included in our quarterly reports on Form 10-Q, audits of statutory filings, comfort letter procedures and review of other regulatory filings for 2007 and 2008 were \$2,492,000 and \$3,821,000, respectively.

Audit-Related Fees. Ernst & Young billed us a total of \$205,000 in 2007 and \$140,000 in 2008 for audit-related services, including due diligence performed in connection with potential acquisitions.

Tax Fees. Ernst & Young fees for tax services provided to us, including tax compliance, tax advice and planning, totaled \$116,000 in 2007 and \$87,000 in 2008.

All Other Fees. In 2007, Ernst & Young billed us a total of \$18,500 for "other services." No fees for services other than as indicated above were billed to us by Ernst & Young in 2008.

Audit Committee Pre-Approval Policies and Procedures

In order to ensure that audit and non-audit services proposed to be performed by the Company's independent registered public accounting firm do not impair the auditor's independence from the Company, the Audit Committee has adopted, and the board of directors has ratified, the following pre-approval policies and procedures.

Policies

Before engaging the independent registered public accounting firm to render the proposed service, the Audit Committee must either (i) approve the specific engagement ("specific pre-approval") or (ii) enter into the engagement pursuant to pre-approval policies and procedures established by the Audit Committee ("general pre-approval"), provided the policies and procedures are detailed for the particular service, the Audit Committee is informed of each service, and such policies and procedures do not include delegation of the Audit Committee's responsibilities to management. The Audit Committee annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval. The Audit Committee will add to or subtract from this list of general pre-approved services from time to time, based on subsequent determinations.

Unless a type of service has received general pre-approval, it requires specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. Any proposed services exceeding pre-approved cost levels or budgeted amounts also require specific pre-approval by the Audit Committee.

For both types of pre-approval, the Audit Committee considers whether such services are consistent with the SEC's and the Public Company Accounting Oversight Board's rules on auditor independence. The Audit Committee also considers whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors are considered as a whole, and no one factor will necessarily be determinative.

The Audit Committee also considers the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for Audit, Audit-related and Tax services and the total amount of fees for certain permissible non-audit services classified as All Other services.

The Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Procedures

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm are established annually by the Audit Committee. Any proposed services exceeding these levels or amounts require specific pre-approval by the Audit Committee, even if previously generally pre-approved.

All requests or applications for services to be provided by the independent registered public accounting firm that do not require specific approval by the Audit Committee are submitted to the Chief Financial Officer and must include a detailed description of the services to be rendered.

Requests or applications to provide services that require specific approval by the Audit Committee must be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee monitors the performance of all services provided by the independent auditor and assesses whether such services are in compliance with this policy.

PROPOSAL NO. 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP has been our independent registered public accounting firm since 1998, and has been selected by the audit committee of the board of directors as our independent registered public accounting firm for the fiscal year ending December 31, 2009. Although the Company is not required to seek stockholder approval of this appointment, the board of directors believes it to be sound corporate governance to do so. In the event that the stockholders fail to ratify the appointment, the audit committee will investigate the reasons for stockholder rejection and will reconsider the appointment. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent public accounting firm during the year if the audit committee believes that such a change would be in the best interests of the Company and its stockholders.

A representative of Ernst & Young is expected to be present at the 2009 Annual Meeting and will have the opportunity to make a statement if he or she so desires to do so and will be available to respond to appropriate stockholder questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2009.

STOCKHOLDER COMMUNICATIONS

The board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters and subject to any required assistance or advice from legal counsel, Mr. Stein, the Secretary of the Company, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that Mr. Stein considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we may receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications to Richard M. Stein, Secretary, at Nixon Peabody LLP, 100 Summer Street, Boston, MA 02110.

TIME FOR SUBMISSION OF STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in a company's proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals to Bruker Corporation in a timely manner.

Stockholders interested in submitting a proposal for inclusion in the proxy materials for the annual meeting of stockholders in 2010 may do so by following the procedures set forth in Rule 14a-8 of the Securities Exchange Act of 1934, as amended. To be eligible for inclusion, stockholder proposals must be received by us no later than November 30, 2009.

Additionally, under our by laws, no business may be brought before an annual meeting unless it is specified in the notice of meeting by or at the direction of the Board or by a stockholder entitled to vote who has delivered notice to Bruker Corporation (containing certain information specified in the by

laws) not less than 90 or more than 120 days prior to the first anniversary of the preceding year's annual meeting.

OTHER MATTERS

Management knows of no matters which may properly be and are likely to be brought before the meeting other than the matters discussed herein. However, if any other matters properly come before the meeting, the persons named in the enclosed proxy will vote in accordance with their best judgment.

FORM 10-K REPORT

The Company will provide each beneficial owner of its securities with a copy of an annual report on Form 10-K, including the financial statements and schedules thereto, required to be filed with the Securities and Exchange Commission for Bruker Corporation's most recent fiscal year, without charge, upon receipt of a written request from such person. Such request should be sent to Stacey Desrochers, Bruker Corporation, 40 Manning Road, Billerica, Massachusetts, 01821. Additionally, the annual report on Form 10-K is also available on the SEC's website at <http://www.sec.gov>.

VOTING PROXIES

The board of directors recommends an affirmative vote on all proposals specified. Proxies will be voted as specified. If signed proxies are returned without specifying an affirmative or negative vote on any proposal, the shares represented by such proxies will be voted in favor of the board of directors' recommendations.

By order of the board of directors
