Relevant Fact

Tele Centro Oeste Celular Participações S.A. (TCO) and Telesp Celular Participações S.A. (TCP) and, collectively with TCO, the Companies) hereby provide the following information with respect to the merger of shares of TCO into TCP for the conversion of TCO into TCP's wholly-owned subsidiary (Merger of Shares):

At a meeting held on December 26, 2003, the Brazilian Securities and Exchange Commission - CVM opined to the effect that the Merger of Shares violates applicable laws .

After having reviewed the decision of CVM, the Companies continue to understand that the transaction was structured, disclosed and is proposed to the shareholders in compliance with the applicable laws, in addition to awarding an equal treatment to the shareholders concerned. For this reason, the managements of both Companies will review the situation in order to issue a recommendation to their shareholders as to the Merger of Shares. Until such time, the Companies have decided to suspend the shareholders' meetings scheduled for January 7, 2004.

São Paulo, December 29, 2003.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
