PROXY STATEMENT FOR
ANNUAL AND SPECIAL MEETING OF STOCKHOLDERS
MAY 23, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors of Unity Wireless Corporation, a Delaware corporation, for use at Unity Wireless' Annual and Special Meeting of Stockholders to be held on May 23, 2003 at 10:00 a.m., local time, at 7438 Fraser Park Drive, Burnaby, British Columbia, Canada, V5J 5B9.

A number of abbreviations are used in this Proxy Statement. Unity Wireless Corporation is referred to as "we", "us" and "our company". The term "proxy solicitation materials" includes this Proxy Statement, as well as the enclosed proxy card and the 2002 Annual Report, which is incorporated by reference. References to "fiscal 2002" mean our company's 2002 fiscal year which began on January 1, 2002, and ended on December 31, 2002. Our company's 2003 Annual and Special Meeting of Stockholders is referred to as "the Annual and Special Meeting".

Our principal executive offices are located at 7438 Fraser Park Drive, Burnaby, British Columbia. Our telephone number is (604) 267-2700.

These proxy solicitation materials are first being mailed on or about April 25, 2003 to all stockholders entitled to vote at the Annual and Special Meeting.

RECORD DATE AND SHARES OUTSTANDING

Stockholders who owned shares of our common stock at the close of business on April 21, 2003 (the "Record Date") are entitled to notice of, and to vote at, the Annual and Special Meeting. On the Record Date, we had 35,570,109 shares of common stock issued and outstanding.

VOTING

Each share of our common stock outstanding on the Record Date is entitled to one vote. Cumulative voting is not permitted. Our transfer agent tabulates the votes. A quorum, which is a majority of the outstanding shares of common stock as of the Record Date, must be present in person or by proxy in order to hold the Annual and Special Meeting and to conduct business at such meeting. Your shares of common stock will be counted as being present at the Annual and Special Meeting if you appear in person at the Annual and Special Meeting, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence or absence of a quorum and to determine whether the requisite majority of voting shares has been obtained. While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions and broker non-votes, we believe that both abstentions and broker non-votes should be counted for purposes of determining whether a quorum is present at the Annual and Special Meeting, but not to determine whether the requisite majority of the shares of common stock has been obtained on the various proposals to be voted upon at the Annual and Special Meeting. In the absence of

controlling precedent to the contrary, we intend to treat abstentions and broker non-votes in this manner.

- 5 -

If you are a stockholder of record, you may vote by using the proxy card enclosed with this Proxy Statement. When your proxy card is returned properly signed, the shares represented will be voted according to your instructions. You can specify how you want your shares voted on each proposal by marking the appropriate boxes on the proxy card. A general description of the proposals are identified on the proxy card. Please review the voting instructions on the proxy card and read the text of the proposals and the position of our Board of Directors in the Proxy Statement prior to marking your vote. If your proxy card is signed and returned without specifying a vote or an abstention on any proposal, it will be voted according to the recommendations of our Board of Directors on any such proposal. The recommendation of our Board of Directors for each proposal is shown on the proxy card. For the reasons stated in more detail later in the Proxy Statement, our Board of Directors recommends a vote: (i) "FOR" each of the individuals nominated to serve as directors; (ii) "FOR" the proposal for ratification of the selection of KPMG, LLP as independent accountants for our company; and (iii) "FOR" the proposal to authorize the amendment to our Certificate of Incorporation to consolidate shares of our common stock at one of six ratios.

It is not expected that any matters other than those referred to in this Proxy Statement will be brought before the Annual and Special Meeting. If any other matters are properly presented for action, however, the proxies named on the proxy card will be authorized by your proxy to vote on those other matters in their discretion.

On each matter properly brought before the Annual and Special Meeting, stockholders will be entitled to one vote for each share of common stock held. Stockholders do not have the right to cumulate their votes in the election of directors. Under Delaware law and our Amended and Restated Certificate of Incorporation and Bylaws, if a quorum exists at the meeting: (i) the nominees for directors who receive the greatest number of votes cast in the election of directors will be elected; (ii) the proposal for ratification of the selection of KPMG, LLP as independent accountants for the Company will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it; and (iii) the proposal to authorize the amendment to our Certificate of Incorporation to effect a reverse split at one of six ratios will be approved if a majority of the shares of our common stock entitled to vote at the Annual and Special Meeting vote in favour of the proposal.

Stockholders may abstain from voting for the nominees for director, may abstain from voting on the proposal for ratification of the selection of KPMG, LLP as independent accountants for the Company, and the proposal to authorize the amendment to the Certificate of Incorporation of the Company. In an uncontested election of directors, any action other than a vote for a nominee will have no effect, assuming the presence of a quorum. Abstention from voting on the proposal for ratification of the selection of KPMG, LLP as independent accountants for the Company will have no effect, as approval of this proposal is based solely on the number of votes actually cast. Voting against the proposal to authorize the amendment to our Certificate of Incorporation will potentially affect the outcome of the proposal as the number of votes "FOR" any such proposal must be a majority of the shares of our common stock entitled to vote at the Annual and Special Meeting.

Brokerage firms and other intermediaries holding shares of our common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, brokerage firms and other intermediaries will generally have discretion to vote their customers' shares in the election of directors. Assuming the presence of a quorum, the failure of a brokerage firm or other intermediary to vote its customers' shares on the proposal for the election of directors will have no effect on any proposal as approval of each proposal is based solely on the number of votes actually cast.

- 6 -

REVOCABILITY OF PROXIES

If you execute a proxy, you may revoke it by taking one of the following actions: (i) by giving written notice of the revocation to our Secretary at our principal executive offices at any time up to and including the last business day preceding the day of the Annual and Special Meeting on Friday, May 23, 2003; (ii) by executing a proxy with a later date and delivering it to our Secretary at our principal executive offices at any time up to and including the last business day preceding the day of the Annual and Special Meeting on Friday, May 23, 2003; (iii) by personally attending and voting at the Annual and Special Meeting; or (iv) by any other manner permitted by law.

SOLICITATION OF PROXIES

The proxy accompanying this Proxy Statement is solicited by our Board of Directors. Proxies may be solicited by certain of our directors, officers, and regular employees, without additional compensation, personally or by telephone, telegram or facsimile. We do not intend to engage an outside proxy solicitation firm to render proxy solicitation services. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding proxy solicitation materials to such beneficial owners. All costs of solicitation of proxies will be paid by the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists our Board of Directors in executing its responsibilities. The Audit Committee is responsible for, among other things, monitoring the integrity and adequacy of our financial information, control systems, and reporting practices, and for recommending to the Board for ratification by the stockholders of the Audit Committee's selection of our independent auditors. A copy of the Audit Committee charter is attached as Appendix A to this Proxy Statement.

Our independent accountants, KPMG, LLP, are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The United States Congress recently passed the Sarbanes-Oxley Act of 2002 which, among other things, mandates that the SEC adopt new director independence standards for service on the audit committee. Once the SEC releases its new rules, we will re-evaluate the compensation of our audit committee to ensure that adequate director independence is maintained.

The Audit Committee has reviewed and discussed the audited financial statements with our management. The Audit Committee has discussed with KPMG, LLP certain matters required under Statement on Auditing Standard No. 61 and has received written disclosures and the letter required by Independent Standards Board Standard No. 1 from the outside auditors and has discussed with them their independence.

The Audit Committee has considered whether the services provided by KPMG, LLP are compatible with maintaining the independence of KPMG, LLP and has concluded that the independence of KPMG, LLP is maintained and is not compromised by the services provided.

Based on the review and discussion referred to above, the Audit Committee recommended to our Board of Directors, and our Board of Directors approved, that the audited financial statements be included in our Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002, for filing with the SEC.

Respectfully submitted - Audit Committee

Section 16(a) of the Securities and Exchange Act of 1934, as amended requires that our officers and directors, and persons who own more than ten percent (10%) of a registered class of our company's equity securities, file reports of ownership and changes of ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent (10%) stockholders are required by SEC regulation to furnish us with copies of all such reports they file.

Based solely on our review of the copies of such reports received by us, and on written representations by our officers and directors regarding their compliance with the applicable reporting requirements under Section 16(a) of the Securities and Exchange Act of 1934, we believe that, with respect to the fiscal year ended December 31, 2002, our officers and directors, and all of the persons known to us to own more than ten percent (10%) of our common stock, filed all required reports on a timely basis.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than by their holdings of securities of our company, no director or executive officer of our company, no nominee for election as a director of our company and no associate of any of the foregoing persons has any substantial interest, direct or indirect, in any matter to be acted upon at the Annual and Special Meeting.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than as listed below, we have not been a party to any transaction, proposed transaction, or series of transactions in which the amount involved exceeds \$60,000, and in which, to our knowledge, any of our directors, officers, five percent beneficial security holder, or any member of the immediate family of the foregoing persons has had or will have a direct or indirect material interest.

We made a bridge loan of \$200,000 to Cobratech Industries Inc. in November 2000, secured by a security interest in all the personal and real property of Cobratech. At the time of the loan, two of our directors (Mark Godsy and John Anderson) were also directors of Cobratech. Since Cobratech did not repay the full amount of the loan, on October 24, 2001 we filed a lawsuit against Cobratech to recover approximately \$88,000. On August 12, 2002, we entered into a settlement arrangement with Cobratech whereby Cobratech would satisfy the obligation by converting the outstanding amounts into shares of its parent, CTI Diversified Holdings, Inc. On December 14, 2002, we received 428,053 shares of CTI Diversified.

Our board of directors agreed to advance \$90,000 to John Robertson, the former president, Chief Executive Officer and a director of our company, to enable him to subscribe for 500,000 units in conjunction with the private placement completed on December 24, 2001. The loan principal plus interest was due on December 24, 2003 and was secured by the Units being issued. On May 24, 2002, the units as well as all obligations under this loan were transferred to Mark Godsy, the current Chairman of our board of directors. On August 20, 2002, Mark Godsy repaid and satisfied his obligations under the terms of the loan by repaying the \$90,000 principal amount and exercising 500,000 warrants at an exercise price of \$0.30 per share for total gross proceeds of \$150,000. For financial statement reporting

purposes, this loan was recorded as a reduction in stockholders' equity until August 20, 2002, the repayment date.

On October 11, 2001, we filed a registration statement on Form SB-2 covering the resale of certain shares of our common stock and shares of common stock subject to warrants. This Form SB-2 covered 203,315 shares of common stock held by John Robertson, the former president, chief executive officer and d director of our company, and 21,428 shares of common stock held by Mark Godsy, the current Chairman of our board of directors.

On February 15, 2002, we filed a registration statement on Form SB-2 covering the resale of certain shares of our common stock and shares of common stock subject to warrants. This Form SB-2 covered 1,203,315 shares of common stock held by John Robertson, the former president, chief executive officer and d director of our company, and 854,762 shares of common stock held by Mark Godsy, the current Chairman of our board of directors.

OPTION GRANTS IN LAST FISCAL YEAR

The following table sets forth for each of the Named Executive Officers (being the Chief Executive Officer and each of the four most highly compensated executive officers) certain information concerning stock options granted to them during the year ended December 31, 2002. We have never issued stock appreciation rights. We grant options that vest quarterly over three years at an exercise price equal to the fair market value of a share of common stock as determined

by its closing price on the OTC Bulletin Board on the date of grant. The term of each option granted is generally five years from the date of grant. Options may terminate before their expiration dates if the optionee's status as an employee is terminated or upon the optionee's death or disability.

PROPOSAL TWO - RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

KPMG, LLP has audited our company's financial statements since December 31, 2000. At the recommendation of the Audit Committee, our Board of Directors has selected KPMG, LLP as our company's independent auditors for the years ending December 31, 2003 and 2002, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting.

Stockholder ratification of the selection of KPMG, LLP as our company's independent auditors is not required by the Bylaws or otherwise. However, our Board of Directors is submitting the selection of KPMG, LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, our Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, our Board of Directors in its discretion may direct the appointment of a different independent accounting firm at any time during the year if our Board of Directors determines that such a change would be in the best interests of our company and its stockholders.

- 18 -

Representatives of KPMG, LLP attend all meetings of the Audit Committee. The Audit Committee reviews audit and non-audit services performed by KPMG, LLP as well as the fees charged by KPMG, LLP for such services. In its review of non-audit service fees, the Audit Committee considers, among other things, the possible effect of the performance of such services on the auditor's independence. Additional information concerning the Audit Committee and its activities with KPMG, LLP can be found under "Report of the Audit Committee" on pages 9 and 10 of this Proxy Statement.

The Audit Committee has considered and determined that the services provided by KPMG, LLP are compatible with maintaining the principal's accountant's independence.

Representatives of KPMG, LLP are expected to be present at the Annual and Special Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

All Other Fees

(\$6,877). This category consists of fees for *audit-related services* and *other services*. BOARD OF DIRECTORS' RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF KPMG, LLP.

PROPOSAL THREE - APPROVAL OF AMENDMENT TO THE COMPANY'S

CERTIFICATE OF INCORPORATION TO AUTHORIZE

A REVERSE SPLIT OF OUR SHARES OF COMMON STOCK IN ONE OF SIX RATIOS

AT THE DISCRETION OF THE BOARD OF DIRECTORS

Our Board of Directors has unanimously adopted a resolution seeking stockholder approval to amend our Certificate of Incorporation to authorize a reverse stock split of our common stock in the event the Board of Directors deems it necessary and in the best interest of the shareholders. If the reverse stock split is approved by our stockholders, our Board of Directors may subsequently effect, in its sole discretion, the reverse stock split based upon any of the following ratios: one-for-five; one-for-six; one-for-seven; one-for-eight; one-for-nine; or one-for-ten. Approval of this proposal by our stockholders would give our Board of Directors authority to implement the reverse stock split at any time prior to our next annual meeting of stockholders. In addition, notwithstanding approval of this proposal by our stockholders, our Board of Directors may, in its sole discretion, determine not to effect, and abandon, the reverse stock split without further action by our shareowners.

Background

Our Board of Directors has unanimously adopted a resolution approving, and recommending to the our stockholders for their approval, a proposal (the "Reverse Stock Split Proposal") to authorize our Board of Directors to amend our Certificate of Incorporation to effect a reverse stock split or consolidation of the outstanding shares of our common stock (the "Reverse Stock Split") at a ratio, to be selected by the Board of Directors in its sole discretion, of:

- (i) one for every five shares held on the effective date of the Reverse Stock Split;
 - (ii) one for every six shares held on the effective date of the Reverse Stock Split;
 - (iii) one for every seven shares held on the effective date of the Reverse Stock Split;
 - (iv) one for every eight shares held on the effective date of the Reverse Stock Split;
 - (v) one for every nine shares held on the effective date of the Reverse Stock Split; or
 - (vi) one for every ten shares held on the effective date of the Reverse Stock Split,
- (each, a "Reverse Stock Split Ratio").

Approval of the proposal would give our Board of Directors discretionary authority to implement the Reverse Stock Split until our next annual meeting is held. If implemented by our Board of Directors, the Reverse Stock Split would be effected by reclassifying every five, six, seven, eight, nine or ten outstanding shares of our common stock into one share of post-split common stock, but would not increase the par value of our common stock or change the number of authorized shares of our common stock. Stockholders are being asked to approve six separate amendments to the Certificate of Incorporation corresponding to each of the Reverse Stock Split Ratios, with our Board of Directors having the authority to implement only one (or none) of such amendments. If our Board of Directors elects to implement a reverse stock split at one of the Reverse Stock Split Ratios, it would abandon the remaining Reverse Stock Split Ratios without need for any further stockholder action. Our Board of Directors believes that approval of a proposal granting this discretion to our Board of Directors, rather than approval of an immediate reverse stock split at a specified ratio, provides our Board of Directors with maximum flexibility to react to current market conditions and therefore to act in the best interests of our company and its stockholders. In connection with any determination to effect a Reverse Stock Split, our Board of Directors will set the timing for the Reverse Stock Split and select the specific Reverse

- 20 -

Stock Split Ratio from among the six ratios set forth herein. No further action will be required to implement the Reverse Stock Split. Our Board of Directors may elect not to implement a Reverse Stock Split at any of the Reverse Stock Split Ratios, even if the Reverse Stock Split Proposal is approved by the stockholders, and it would abandon all of the Reverse Stock Split Proposals without need for any further stockholder action. Our Board of Directors reserves its right to elect not to proceed, and abandon, the Reverse Stock Split if it determines in its sole discretion that a Reverse Stock Split is no longer in the best interests of our stockholders.

Reasons for the Reverse Stock Split

We currently have 35,570,109 shares of our common stock issued and outstanding and approximately 25,553,400 shares of our common stock may be issued upon the exercise of outstanding options or warrants and upon the conversion of certain outstanding convertible notes. We are authorized to issue a total of 100,000,000 shares of our common stock. Our Board of Directors believes that it may be in the best interests of our company to reduce the

number of outstanding shares of common stock by way of a share consolidation or reverse stock split. It is anticipated that a reverse stock split may facilitate potential financing arrangements, and would permit our company to carry on a number of future financings without exceeding its authorized share capital. The appropriateness of carrying out a share consolidation, and the most advantageous time for carrying out a share consolidation, will be dependent upon a number of factors, including market conditions and any future financing arrangements.

The Board of Directors intend to implement the Reverse Stock Split only if it believes that this action would be in the best interests of our company to facilitate future financings. If the Reverse Stock Split Proposal is approved by the stockholders, our Board of Directors would have the discretion to implement the Reverse Stock Split at any time before our next annual meeting, or to effect no Reverse Stock Split at all. Our Board of Directors believes that stockholder approval of the proposed amendments with different Reverse Stock Split Ratios (as opposed to approval of a single amendment with one Reverse Stock Split Ratio) at which the Reverse Stock Split may be effected provides our Board of Directors with maximum flexibility to achieve the purposes of the Reverse Stock Split. If the stockholders approve the Reverse Stock Split Proposal, the Reverse Stock Split would be effected, if at all, only upon a determination by our Board of Directors that the Reverse Stock Split (in a ratio determined by the Board of Directors from among the six Reverse Stock Split Ratios) is in the best interests of our company and its stockholders at that time.

In connection with any determination to effect the Reverse Stock Split, our Board of Directors would select the Reverse Stock Split Ratio that it believes results in the greatest marketability of the common stock based on prevailing market conditions. No further action on the part of the stockholders would be required to either effect or abandon the Reverse Stock Split. If no Reverse Stock Split is effected before our next annual meeting, our Board of Directors' authority to effect the Reverse Stock Split would terminate.

Even though a reverse stock split, by itself, does not impact a corporation's assets or prospects, reverse stock splits can result in a decrease in the aggregate market value of a corporation's equity capital. Our Board of Directors, however, believes that under certain circumstances this risk may be offset by the prospect that the Reverse Stock Split would make an investment in our common stock more attractive for certain investors.

Effect of the Reverse Stock Split

The Reverse Stock Split would not affect any stockholder's proportionate equity interest in the Company or the rights, preferences, privileges or priorities of any stockholder. However, because the number of authorized shares of our common stock will not be reduced, the Reverse Stock split will increase our Board of Directors' ability to issue authorized and unissued shares without further stockholder action. The implementation of the Reverse Stock Split would not affect the total stockholders' equity of our company or any components of stockholders' equity as reflected on our financial statements except: (1) to change the number of the issued and outstanding shares of common stock, and (2) to change the stated

- 21 -

capital of the common stock to reflect the Reverse Stock Split. In connection with the Reverse Stock Split proportionate adjustments to the per share exercise or conversion price and the number of shares obtainable upon exercise of outstanding stock options, warrants and convertible notes would be made. The number of shares issuable under our current stock option plan would also be reduced proportionately based on the Reverse Stock Split Ratio.

Effecting the Reverse Split

Upon implementation of the Reverse Stock Split, depending on the Reverse Stock Split Ratio selected by our Board of Directors, every five, six, seven, eight, nine or ten outstanding shares of our common stock would be changed and reclassified into one share of post-split common stock.

The proposed Reverse Stock Split would become effective at the effective time specified by our Board of Directors in the resolutions adopted by it authorizing the implementation of the Reverse Stock Split. We will publicly announce the effective date of any Reverse Stock Split.

Stockholder Considerations

Although the implementation of the Reverse Stock Split would not, by itself, impact our company's assets or prospects, the Reverse Stock Split could result in a decrease in the aggregate market value of the Company's equity capital. Our Board of Directors believes that under certain circumstances this risk may be outweighed by the benefits that the Reverse Stock Split would make an investment in our common stock more attractive to certain investors.

If implemented, the Reverse Stock Split would result in some stockholders who currently own 100 or more shares of our common stock owning "odd-lots" of less than 100 shares of common stock. Brokerage commissions and other costs of transactions in odd-lots may be somewhat higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

As a result of the implementation of the Reverse Stock Split, there would be a reduction in the number of shares of our common stock issued and outstanding and an associated increase in the number of authorized shares which would be unissued and available for future issuance after the Reverse Stock Split. Such shares could be used for any proper corporate purpose including, among others, future financing transactions. We have no present plan to issue any of these shares.

Accounting Matters

The Reverse Stock Split will not affect the par value of our common stock. As a result, as of the effective time of the Reverse Stock Split, the stated capital attributable to our common stock on our balance sheet will be reduced proportionately based on the Reverse Stock Split Ratio selected by our Board of Directors, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of our common stock will be restated because there will be fewer shares of our common stock outstanding.

Potential Anti-Takeover Effect

Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our Board of Directors or contemplating a tender offer or other transaction for the combination of our company with another company), the Reverse Stock Split proposal is not being proposed in response to any effort of which we are aware to accumulate our shares of common stock or obtain control of our company, nor is it part of a plan by management to recommend to our Board of Directors and our stockholders a series of amendments to our Certificate of Incorporation. Other than the Reverse Stock Split proposal, our Board of Directors does not currently contemplate recommending the adoption of any other amendments to our Certificate of Incorporation that could be construed to affect the ability of third parties to take over or change the control of our company.

- 22 -

Procedure for Effecting Reverse Stock Split

If the stockholders approve the proposal to authorize the Reverse Stock Split and our Board of Directors decides to implement the Reverse Stock Split at any time prior to our next annual meeting of stockholders, we will promptly file a Certificate of Amendment with the Secretary of State of the State of Delaware to amend our existing Certificate of

Incorporation. The Reverse Stock Split will become effective on the date of filing the Certificate of Amendment, which is referred to as the "effective date." Beginning on the effective date, each certificate representing pre-reverse stock split shares will be deemed for all corporate purposes to evidence ownership of post-reverse stock split shares.

No Appraisal Rights

Under the General Corporation Law of the state of Delaware, our stockholders are not entitled to appraisal rights with respect to the Reverse Stock Split, and we will not independently provide stockholders with any such right.

Certain Federal Income Tax Consequences

A summary of the federal income tax consequences of the Reverse Stock Split is set forth below. The discussion is based on present federal income tax law. The discussion is not intended to be, nor should it be relied on as, a comprehensive analysis of the tax issues arising from or relating to the proposed Reverse Stock Split. Income tax consequences to the stockholders may vary from the federal tax consequences described generally below.

We believe that a Reverse Stock Split would constitute a "recapitalization" under Section 368(a)(1)(E) of the Internal Revenue Code of 1986 (the "Code"). Provided that the Reverse Stock Split constitutes a recapitalization within the meaning of Section 368(a)(1)(E) of the Code, for federal income tax purposes:

- no gain or loss would be recognized by us as a result of the Reverse Stock Split and no gain or loss would be recognized by stockholders who receive post-split shares of common stock in exchange for pre-split shares;
- the aggregate federal income tax basis of the post-split shares of common stock received by a stockholder would be the same as the aggregate federal income tax basis of the pre-split shares surrendered in exchange therefor; and
- the holding period of the shares of post-split common stock received by a stockholder would include the period during which the shares surrendered in exchange therefor were held, provided that such shares were held as a capital asset by the stockholder on the date of the exchange.

The foregoing discussion is intended only as a summary of the material federal income tax consequences of the Reverse Stock Split. The foregoing discussion does not address the tax consequences that may be relevant to particular taxpayers in light of their personal circumstances or to taxpayers subject to special treatment under the Internal Revenue Code (for example, tax exempt entities, life insurance companies, regulated investment companies and foreign taxpayers). The foregoing discussion is not intended as tax advice to any person or entity.

No information is provided herein with respect to the tax consequences, if any, of the Reverse Stock Split under applicable state, local, foreign or other tax laws. No ruling from the Internal Revenue Service or opinion of counsel would be obtained regarding the federal income tax consequences to the stockholders as a result of the Reverse Stock Split.

The foregoing discussion is based upon the provisions of the Code, applicable Treasury regulations thereunder, Internal Revenue Service rulings, and judicial decisions as in effect as of the date of this Proxy Statement. There can be no assurance that future legislative, administrative, or judicial changes or interpretations will not affect the accuracy of the statements or conclusions set forth herein. Any such change could apply retroactively and could affect the accuracy of this discussion.

Our view regarding the tax consequences of the Reverse Stock Split is not binding on the Internal Revenue Service or the courts. **ACCORDINGLY, EACH STOCKHOLDER SHOULD CONSULT WITH HIS OR HER OWN TAX**

ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES TO HIM OR HER OF THE REVERSE STOCK SPLIT.

Summary

We are asking stockholders to approve both of these proposed amendments and then to authorize our Board of Directors to abandon one or both of the proposed amendments in the future. The affirmative vote of a majority of all outstanding shares of our common stock entitled to vote on this proposal will be required for approval of this proposal. As a result, abstentions and broker non-votes will have the effect of votes against the proposal.

BOARD OF DIRECTORS' RECOMMENDATION
