**ENERPLUS COMPLETES INTERNALIZATION
OF MANAGEMENT CONTRACT**

Enerplus Resources Fund (Enerplus) is pleased to announce that, following the receipt of Unitholder approval today, it has completed the previously announced purchase of Enerplus Global Energy Management Company (EGEM), owner of the Enerplus management contract, thereby eliminating all external management fees going forward.

At the Annual General and Special Meeting held today, approximately 97% of the units voted by Unitholders were in favour of the resolution to internalize the management contract. In addition, Enerplus Unitholders voted in favour of the re-election of the Board of Directors, the auditors of the Fund and to amend the trust unit rights plan as outlined in the information circular.

Mr. Gordon J. Kerr, President & Chief Executive Officer, stated that, "We are very pleased with the results of this vote and believe that the transaction is beneficial to Enerplus Unitholders through an increase in net asset value and cash flow. The elimination of management fees will also improve the Fund's competitiveness in the acquisition market and enhance the Fund's attraction to institutional investors."

Established in 1986, Enerplus Resources Fund is North America's largest conventional oil and natural gas trust with a diversified portfolio of producing properties and a reserve life index in excess of 13 years. Trading on both the Toronto Stock Exchange and the New York Stock
