**ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

On March 17, 2005, Bemis Company, Inc. (the Company) completed the offering of \$300 million aggregate principal amount of 4.875% Notes Due 2012 (the Notes) at a purchase price of 99.627% of par. The Company entered into a Registration Rights Agreement with Wachovia Capital Markets, LLC and J.P. Morgan Securities Inc., as representatives of the initial purchasers, pursuant to which the Company agrees, subject to certain exceptions, to complete a registered exchange offer no later than 180 days after the issuance of the Notes. In the exchange offer, the Company will offer to exchange the Notes for equivalent notes (New Notes) that will be freely tradable and will be identical in all respects to the outstanding 4.875% Notes Due 2012. The Company may also be required, under certain circumstances, to file a shelf registration statement to permit certain holders of the Notes who were not eligible to participate in the exchange offer to resell the notes. If these requirements are not met, the annual interest rate on the Notes will increase by up to 0.50% until the holders are able to trade the Notes or receive new notes that are freely tradable.

From time to time, the Company issues commercial paper that is supported by a revolving credit facility, with respect to which certain of the initial purchasers act as lenders, co-lenders, syndication agent and/or arrangers.

**ITEM 2.03. CREATION OF A DIRECT FINANCIAL OBLIGATION OF A REGISTRANT**

On March 17, 2005, the Company issued \$300 million in aggregate principal amount of 4.875% Notes Due 2012 that were issued pursuant to an Indenture dated June 15, 1995 with U.S. Bank National Association, as trustee, governing the terms of the Notes. Under the Indenture, the holders may declare the Notes immediately due and payable if an event of default as provided in the Indenture occurs. Events of default include failure to pay interest (including additional interest, if any) on the Notes for 30 days after the payment is due, failure to pay the principal of, or any premium on, the Notes when due, failure to perform any other covenant in the Indenture for 60 days after the Company has received written notice of the failure to perform in the manner specified in the Indenture, default under any other indenture or instrument under which the Company or any restricted subsidiary has outstanding at least \$10 million total principal amount of indebtedness and the maturity of such indebtedness has been accelerated, unless the acceleration is rescinded within 10 days after the Company has received written notice of the default or certain events in bankruptcy, insolvency or reorganization.
