PROXY STATEMENT

SELECTION OF PROXIES

This proxy statement is being furnished to stockholders of Digital Angel Corporation, a Delaware corporation (the Company), in connection with the solicitation of proxies by and on behalf of the Board of Directors of the Company for use at the Annual Meeting of Stockholders (Annual Meeting) to be held on May 3, 2005 and any adjournment thereof. This proxy statement and the accompanying form of proxy are being mailed to stockholders beginning on or about April 5, 2005. This Proxy Statement and the accompanying Annual Report to Stockholders is for the year ended December 31, 2004.

The expense of the solicitation of proxies for the Annual Meeting, including the cost of mailing, has been or will be borne by the Company. Arrangements will be made with brokerage houses and other custodian nominees and fiduciaries to send proxies and proxy materials to their principals, and the Company will reimburse them for their expense in so doing. In addition to solicitation by mail, proxies may be solicited by telephone, telegraph or personally.

VOTING AND REVOCATION OF PROXY

Only holders of record of the Company's common stock, par value \$0.005 per share, at the close of business on March 22, 2005, the record date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. On the record date, 44,044,914 shares of the Company's common stock were outstanding. Each share of common stock entitles the holder thereof to one vote upon each matter to be presented at the Annual Meeting. A quorum, consisting of a majority of the shares of the Company's common stock entitled to vote at the Annual Meeting, must be present in person or by proxy before action may be taken at the Annual Meeting. Shares represented by a proxy with instructions to abstain on any matter or by a proxy that indicates that the broker does not have discretionary authority to vote on one or more proposals (that is, broker non-votes) will be counted for the purpose of determining the presence of a quorum at the Annual Meeting.

Each proxy returned to the Company will be voted according to the instructions indicated on the proxy. If no instructions are indicated, the shares will be voted (i) *for* the election of the nominees for the Board of Directors named in this proxy statement; (ii) *for* the amendment to increase the number of shares issuable under the Amended and Restated Digital Angel Corporation Transition Stock Option Plan (2002 Stock Plan); and (iii) *for* the ratification of the appointment of Eisner LLP as independent auditors for the fiscal year ending December 31, 2005. Although the Board of Directors knows of no other matters to be presented at the Annual Meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

Instead of submitting a signed proxy card, stockholders may submit their proxies by telephone or through the Internet using the control number and instructions on the proxy card. Telephone and Internet

proxies must be used in conjunction with, and will be subject to, the information and terms contained on the proxy card. These procedures may not be available to stockholders who hold their shares through a broker, nominee, fiduciary or other custodian.

The election of the directors set forth in Proposal 1 requires a plurality of the votes of the shares of common stock present in person or represented by proxy at the Annual Meeting. If a quorum is present, those nominees receiving a plurality of the votes cast will be elected. With respect to Proposals 2 and 3, if a quorum is present, the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting is required to approve such matters. If a proxy is returned and the stockholder has abstained from voting on any matter, the shares represented by such proxy will be included in the number of votes present and entitled to vote and will be treated as no votes with respect to that matter. Broker non-votes are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote such shares.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by:

giving written notice of such revocation to the Assistant Secretary of the Company before or at the Annual Meeting before a vote is taken;

delivering another written proxy bearing a later date; or

attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

At March 22, 2005, Applied Digital Solutions, Inc. owned 24,291,673 shares of the Company's outstanding common stock, representing approximately 55.2% of the Company's outstanding common stock and voting power. Applied Digital Solutions, Inc. controls the Company within the meaning of Section 801(a) of Part 8 of the Listing Standards, Policies and Requirements of the American Stock Exchange (AMEX Rules). Applied Digital Solutions, Inc. has indicated to the Company that it intends to vote for each proposal set forth in this Proxy Statement.

PROPOSAL 1

ELECTION OF DIRECTORS

The business and affairs of the Company are managed under the direction of its Board of Directors. The Company's Bylaws provide that the Board of Directors shall consist of at least three members. The Board of Directors currently consists of six members. Each Director is elected to serve until the next annual meeting of stockholders and until their successors are elected and qualified or until their earlier resignation, death or removal.

Stockholders will be asked at the Annual Meeting to elect six Directors. The Board has nominated the six individuals named below to serve as Directors of the Company. The nominees comprise the entire Board, and all nominees now serve as Directors of the Company.

All nominees have indicated a willingness to serve, if elected. If any nominee becomes unable to serve before the Annual Meeting, the proxies received in response to this solicitation will be voted for a replacement nominee selected in accordance with the best judgment of the proxy holders named in the proxy.

Directors of the Company are elected annually to serve until the next annual meeting of stockholders and until their successors are elected and qualified or until their earlier resignation, death or removal. There is no family relationship between any of the directors or executive officers of the Company.

Board Actions and Committees

The Board held ten formal meetings and adopted resolutions by written action eighteen times during 2004. The Board has an Audit Committee, a Compensation Committee and a Government Relations Committee. The Company has no Nominating Committee and, under the AMEX Rules, it is not required to create such a committee as it is controlled by ADSX. The full Board of Directors considers and nominates candidates proposed for election.

Independent Directors

The Company's Board of Directors has determined that each of Messrs. Block, Weintraub and Zarriello are independent, as that term is defined in Section 121(A) of the AMEX Rules, except that Mr. Zarriello will not be considered independent with respect with deals between the Company and ADSX. Because the Company is controlled by ADSX, under the AMEX rules, it is not required to have a majority of independent directors.

Compensation Committee

Since April 30, 2004, the Compensation Committee consisted of Messrs. Howard S. Weintraub, Ph.D. (Chairman), Michael S. Zarriello and John R. Block. From November 6, 2003 to April 29, 2004, the Compensation Committee consisted of Messrs. Weintraub and Zarriello. The Compensation Committee determines compensation for senior management, advises the Board of Directors on the adoption and administration of employee benefit and compensation plans and administers the March 1998 Amended and Restated Employee and Directors Stock Plan (the 1998 Stock Plan) and the 2002 Stock Plan. The Compensation Committee is in the process of drafting a charter. The Compensation Committee met five times, and except for one meeting at which Mr. Block was absent, all members of the Compensation Committee attended each meeting.

Audit Committee

Since April 30, 2004, the Audit Committee consisted of Messrs. Michael S. Zarriello (Chairman), Howard S. Weintraub, Ph.D. and John R. Block. From November 6, 2003 to April 29, 2004, the Audit Committee consisted of Messrs. Zarriello and Weintraub. During 2004, the Audit Committee met six times, and except for two meetings at which Mr. Block was absent for one and Dr. Weintraub was absent for the other, all members of the Audit Committee attended each meeting.

The Audit Committee recommends annually to the Board of Directors the engagement of independent auditors, approves professional services provided by the independent auditors, considers the range of audit and any non-audit fees and reviews the adequacy of the Company's internal accounting controls and major accounting and financial reporting matters. The Audit Committee also reviews all reports and financial information submitted to the United States Securities and Exchange Commission and resolves any significant disagreements between management and the independent auditors in connection with the preparation of the Company's financial statements. The Audit Committee reviews with the Company's legal counsel all legal and regulatory matters which may have a significant impact on the Company's financial statements. The Audit Committee determined that the provision of non-audit services by the independent auditors in 2004 was compatible with maintaining the independent auditors' independence.

The Company's Board of Directors has determined that all members of the Audit Committee are independent under Section 121(A) of the AMEX Rules and Rule 10A-3 under the Securities Exchange Act of 1934 (Exchange Act). The Board has determined that Mr. Zarriello is qualified as an audit committee financial expert, as that term is defined in Item 401(h)(2)(i) of Regulation S-K under the Exchange Act.

The Audit Committee charter was included as an exhibit to the Company's Proxy Statement dated April 14, 2003.

Nominating Committee

The Company has no Nominating Committee and, under the AMEX Rules, it is not required to create such a committee as it is controlled by ADSX. The full Board of Directors considers and nominates candidates proposed for election.

Government Relations Committee

The Government Relations Committee was formed to assist the Company with the proposed national identification program for cattle and any other government-related matters. The Government Relations Committee consists of Mr. John R. Block. The Government Relations Committee is in the process of drafting a charter.

Executive Sessions of the Board

In 2004, the Board adopted a formal policy of meeting in executive session, with only independent directors being present, on a regular basis and at least two times each year. During 2004, the Board met in executive session six times, and all independent directors attended each meeting.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

The members of the Compensation Committee for fiscal year 2004 were Messrs. Howard S. Weintraub, Ph.D. (Chairman), Michael S. Zarriello and John R. Block. During 2004, none of the members of the Compensation Committee served as an officer or employee of the Company, and none had any relationship requiring disclosure pursuant to Item 404 of Regulation S-K. Additionally, during 2004, none of the executive officers or directors of the Company served as a member of the board of directors, or any Compensation Committee thereof, of any other entity such that the relationship would be construed to constitute a committee interlock within the meaning of the rules of the Securities and Exchange Commission (SEC), except that Mr. Zarriello also served as a director and a member of the Compensation Committee for ADSX and Mr. Silverman served as a director and executive officer of ADSX.

Code of Business Conduct and Ethics

The Board has approved and the Company has adopted a Code of Business Conduct and Ethics that applies to all directors, officers and employees of the Company. This Code is available on the Company's website at www.digitalangelcorp.com. The Compensation Committee of the Board is responsible for overseeing the Code of Business Conduct and Ethics. In accordance with the AMEX Rules, any waivers of the Code for directors and executive officers must be approved by the Company's Board of Directors.

Qualifications of Candidates for Election to the Board

The Company's Directors take a critical role in guiding the Company's strategic direction, and they oversee the management of Company. When Board candidates are considered, they are evaluated based upon various criteria, such as their broad-based business and professional skills and experiences, experience serving as management or on the board of directors of companies such as the Company, concern for the long-term interests of the stockholders, financial literacy and personal integrity in judgment. In addition, director candidates must have time available to devote to Board activities. Accordingly, the Board seeks to attract highly-qualified directors who have sufficient time to attend to their duties and responsibilities to the Company. Recent developments in corporate governance and financial reporting have resulted in an increased demand for such highly-qualified and productive public company directors.

Director candidates for the Company's Board of Directors will be considered for vacant Board seats if they are able to read and understand fundamental financial statements, have at least 10 years of relevant business experience, have no identified conflicts of interest as a prospective Director of the Company, have not been convicted in a criminal proceeding other than traffic violations during the five years before the date of selection and are willing to comply with the Company's Code of Business Conduct and Ethics. The Company retains the right to modify these minimum qualifications from time to time. Exceptional candidates who do not meet all of these criteria may still be considered.

Process for Identifying and Evaluating Candidates for Election to the Board

The Board of Directors will review the qualifications and backgrounds of the Directors as well as the overall composition of the Board. In the case of any director candidates, the questions of independence and financial expertise are important to determine what roles can be performed by the candidate, and the Board of Directors will consider whether the candidate meets the applicable independence standards and the level of the candidate's financial expertise. Any new candidates would be interviewed, and the full Board would approve the final nominations. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors.

Stockholder Nominations

Stockholders may nominate director candidates for consideration by the Board of Directors by writing to the Chairman and providing to the Chairman the candidate's name, biographical data and qualifications, including five-year employment history with employer names and a description of the employer's business; whether such individual can read and understand fundamental financial statements; other board memberships (if any); and such other information as is reasonably available and sufficient to enable the Board to evaluate the minimum qualifications stated above under the section of this proxy statement entitled "Qualifications of Candidates for Election to the Board." The submission must be accompanied by a written consent of the individual to stand for election if nominated by the Board of Directors and to serve

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

if elected by the stockholders. If a stockholder nominee is eligible, and if the nomination is proper, the Board then will deliberate and make a decision as to whether the candidate will be submitted to the Company's stockholders for a vote.

The Board will not change the manner in which it evaluates candidates, including the applicable minimum criteria set forth above, based on whether the candidate was recommended by a stockholder.

Communications with the Board

Stockholders can communicate directly with the Board, or with any Committee of the Board, by writing to Mr. James P. Santelli, the Company's Chief Financial Officer, by calling Mr. Santelli at (651) 455-1621 or via e-mail at jsantelli@digitalangelcorp.com. All communications will be reviewed by management and then forwarded to the appropriate director or directors or to the full Board, as appropriate.

Directors Compensation

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

Personal Benefits

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

The Company seeks to maintain an egalitarian culture in its facilities and operations. The Named Executive Officers are not entitled to operate under different standards than other employees of the Company. As such, the Company does not provide the Named Executive Officers with separate dining or other facilities and does not have programs that provide personal benefit perquisites to Named Executive Officers, such as permanent lodging or defraying the cost of personal entertainment or family travel, except as described below. The Company's health care and other insurance programs are the same for all eligible employees including the Named Executive Officers.

It has been the practice of the Company to reimburse the Named Executive Officers for the expenses of cellular phones, blackberries and home internet which are used primarily for work. In the fiscal year ended December 31, 2004, the total aggregate amount of such expenses reimbursed was \$4,609.

401(k) Profit Sharing Plan and Trust

The Company maintains a 401(k) profit sharing plan for the benefit of eligible employees and their beneficiaries in which executive officers participate on the same basis as all other employees, subject to certain overall and specific anti-discrimination restrictions. An employee is eligible to participate in the 401(k) plan after completing 60 days of service. The plan is a defined contribution profit sharing plan designed to be funded with both Company and employee contributions. Employees may voluntarily contribute up to an annual dollar amount of \$13,000 in 2004, plus catch-up contributions for employees over the age of 50 up to an additional annual dollar amount of \$3,000. Employees may make contributions by payroll deductions. The Company has the option to make matching contributions each year for eligible employees. The amount of any matching contribution by the Company is determined by the Company. Distributions from the 401(k) plan are available only after reaching the age of 59-1/2 years (for salary deferral accounts) or termination of employment.

No amounts were paid or distributed during 2004 by the 401(k) plan to the Named Executive Officers, except that \$5,593 was distributed back to Messrs. Santelli and Nieuwsma who, it was determined, had made salary deferrals in the plan year ending December 31, 2003 that exceeded the amount allowed for highly compensated employees under the plan's non-discrimination testing. The Company contributed no benefit amounts under the plan for the Named Executive Officers during 2004, 2003 or 2002.

2002 Stock Plan

The following is a summary of the terms of the 2002 Stock Plan and is qualified in its entirety by reference to the 2002 Stock Plan.

Effective April 11, 2002, the Company's Board of Directors adopted the 2002 Stock Plan, subject to approval by the stockholders of the Company, and reserved 5,195,312 shares of common stock for issuance under the 2002 Stock Plan. On June 27, 2002, the Board amended the 2002 Stock Plan to increase the number of shares reserved for issuance under the plan from 5,195,312 to 11,195,312 shares. On October 22, 2002, the Company's stockholders approved the 2002 Stock Plan and the amendment to the 2002 Stock Plan increasing the number of shares reserved for issuance to 11,195,312 shares and allowing the Company's Board to designate participants in the 2002 Stock Plan. On May 6, 2004, the Company's stockholders approved an amendment to the 2002 Stock Plan increasing the number of shares reserved for issuance to 16,195,312. As of March 22, 2005, 16,195,312 shares of common stock were reserved for issuance under the 2002 Stock Plan, of which 15,343,340 shares have been issued under the 2002 Stock Plan and 851,972 shares remain available to be issued under the 2002 Stock Plan. As of

March 22, 2005, awards consisting of options to purchase 7,827,375 shares of common stock were outstanding under the 2002 Stock Plan. As of March 22, 2005, there were outstanding options to purchase 1,500,000 shares of common stock which were granted outside the 2002 Stock Plan and the Company's 1998 Stock Plan. The Board of Directors and the Board's Compensation Committee administer the 2002 Stock Plan. Benefits under the 2002 Stock Plan may be granted to only employees and directors of the Company and its affiliates, consisting of approximately 245 individuals. The participants are those persons who are selected by the Board or the Committee.

The 2002 Stock Plan permits the Board or the Committee to grant benefits in the form of stock options, stock appreciation rights, restricted stock, cash awards, performance-based awards or any combination thereof. Any of such awards may, as determined by the Board or the Committee, be granted in a manner such that they qualify for the performance-based compensation exemption of Section 162(m) of the Code.

Options granted under the 2002 Stock Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Code or non-qualified stock options which are not intended to meet such requirements. Incentive stock options may be granted only to participants who are employees of the Company or its affiliates as of the date of grant. The Board or the Committee determines the per share option exercise price subject to the requirements imposed by the Code and the 2002 Stock Plan. The 2002 Stock Plan and the Code provide that the exercise price for shares under any incentive stock option shall not be less than the fair market value of the shares at the time the option is granted. The 2002 Stock Plan provides that the exercise price for shares under non-qualified stock options shall not be less than 85% of the fair market value of the shares at the time the option is granted. Options may be exercised at such time or times and subject to such terms and conditions as are determined by the Board or the Committee. However, incentive stock options may not be exercised more than ten years after the date they are granted.

Unless permitted by the Board or the Committee, each benefit granted under the 2002 Stock Plan is not transferable other than by will or other laws of descent and distribution and is exercisable during the participant's lifetime only by the participant. Unless otherwise determined by the Board or the Committee, in the event of a change of control (as that term is defined in the 2002 Stock Plan), all options and other awards then outstanding under the 2002 Stock Plan will become fully vested.

The Board of Directors has the sole right and power to amend the 2002 Stock Plan at any time. However, it cannot amend the 2002 Stock Plan without approval of the Company's stockholders in a manner which would cause options which are intended to qualify as incentive stock options to fail to qualify as such, in a manner which would cause the 2002 Stock Plan to fail to meet the requirements of Rule 16b-3 under the Securities Exchange Act of 1934, or in a manner which would violate applicable law. The plan has no specific term and will continue in full force and effect until terminated. The 2002 Stock Plan may be terminated at any time by the Board.

1998 Stock Plan

Effective March 1, 1998, the Board of Directors of Medical Advisory Systems, Inc. adopted the 1998 Stock Plan. The 1998 Stock Plan and the Board's amendments to the 1998 Stock Plan were not submitted to the Company's stockholders for their approval. Only options that are not incentive stock options may be granted under the 1998 Stock Plan. The exercise price per share of common stock under each option granted under the 1998 Stock Plan must not be less than the fair market value of the common stock at the close of business on the date the option is granted. Under the 1998 Stock Plan, "fair market value" is the average of the highest and lowest price for a share of common stock as quoted on The American Stock Exchange on the last trading date immediately before the date of the grant. The exercise

price of an option may be paid with cash or a certified check, or with the surrender of shares of common stock having a fair market value on the date of exercise equal to that portion of the purchase price for which payment in cash or by certified check is not made.

Upon termination of employment except by death or in connection with a change of control, an employee has three months after cessation of employment to exercise his options under the 1998 Stock Plan to the extent that such employee is entitled to exercise them on the date of cessation of employment. Upon a change of control, all non-vested options immediately vest and are exercisable. The merger of the former Digital Angel Corporation with the wholly-owned subsidiary of the Company on March 27, 2002 triggered the vesting of options to purchase 600,000 shares under the 1998 Stock Plan. Upon an option holder's death while employed by the Company, or within three months after having retired with the consent of the Company, the employee's executors or administrators or the legatees or heirs of his estate have the right to exercise the options that are vested and not exercised to the extent that the deceased employee was entitled to exercise the options on the date of his death. However, no options are exercisable more than 10 years from the date they are granted. The plan expires on March 1, 2008. Under the 1998 Stock Plan, options may be granted to officers, directors, employees, advisors and consultants who render services to the Company. As of March 22, 2005, 1,650,000 shares of common stock were reserved for issuance under the 1998 Stock Plan, of which 1,377,990 shares have been issued under the 1998 Stock Plan and 272,010 remain available to be issued under the 1998 Stock Plan. As of March 22, 2005, awards consisting of options to purchase 476,820 shares were outstanding under the 1998 Stock Plan.

Employment Agreements

Employment Agreements with Former Executive Officers of Medical Advisory Systems, Inc.

Before March 27, 2002, the effective date of the merger, the Company entered into employment agreements with Ronald W. Pickett and Thomas M. Hall, M.D. On October 26, 2001, the Company signed amendments to the employment agreements with each of Mr. Pickett and Dr. Hall that reflected both certain prior oral amendments to the employment agreements and additional amendments. The amendments confirmed the extension of the term of each of Mr. Pickett's and Dr. Hall's employment agreement through October 31, 2006 and established that Mr. Pickett would receive an annual salary of at least \$180,000 and Dr. Hall would receive an annual salary of at least \$260,000 throughout the term of their employment agreements. The amendments also provide that if Mr. Pickett's or Dr. Hall's employment was terminated or they resigned at any time following a change of control of the Company, each of Mr. Pickett and Dr. Hall would be entitled to a \$250,000 payment, plus an amount equal to all salary and other benefits that would have been paid under the employment agreement for the remainder of the term of their agreements as though no termination or resignation occurred, plus an amount equal to the value of the fringe benefits, such as medical and dental insurance and use of an automobile, to which Mr. Pickett and Dr. Hall otherwise would have been entitled under their employment agreements for the remainder of the term, plus participation in any profit sharing, stock option or similar plans. These payments are due 30 days after termination of employment. The definition of change of control in the employment agreements also was amended to include any consolidation, merger or share exchange, regardless of whether the Company was the surviving corporation, in which any or affiliated person acquires in excess of 20.0% of the combined voting power of the then-outstanding securities of the Company.

Under the amended employment agreements, the March 27, 2002 merger of the Company's wholly-owned subsidiary with the former Digital Angel Corporation constituted a change of control. Therefore, each of Mr. Pickett and Dr. Hall is entitled to a \$250,000 payment from the Company plus the salaries and other benefits for the remaining term of their employment agreements upon the termination

of their employment with the Company. Mr. Pickett resigned his position with the Company on March 27, 2002, and the Company paid to him the \$250,000 amount due under his agreement. Because Dr. Hall remains an employee of the Company, the Company accrued for Dr. Hall's \$250,000 payment due to him under his agreement. During 2004, the Company paid a total of \$197,868 of salary and fringe benefits to Mr. Pickett and a total of \$282,317 of salary and fringe benefits to Dr. Hall due to them under their agreements.

Employment Agreements with the Company's Current Executive Officers

The Company does not have a formal written employment agreement with Kevin N. McGrath, its President and Chief Executive Officer. The terms of Mr. McGrath's employment provide that the Company will pay Mr. McGrath an initial base salary of \$250,000 per year and a bonus as determined by the Compensation Committee of the Board of Directors. Mr. McGrath's base salary was increased to \$300,000 per year effective on February 28, 2005. In addition, the Company has agreed to pay Mr. McGrath's life insurance premiums of approximately \$4,800 per year and a \$1,000 per month automobile allowance. On December 2, 2004, the Company entered into a Change of Control Agreement with Mr. McGrath. Upon a Change of Control (as defined in the agreement), Mr. McGrath would be entitled to receive three times his base salary and three times his average bonus paid to him for the three full years immediately prior to the Change of Control. Under the agreement, a Change of Control has occurred if: (i) any person or entity (or persons or entities acting as a group) other than Applied Digital Solutions, Inc., the Company's majority stockholder, acquires stock of the Company that, together with stock then held by such person, entity or group, results in such person, entity or group holding more than fifty (50%) percent of the fair market value or total voting power of the Company; or, (ii) a member of the Board of Directors of the Company is replaced by a director (or added to the Company's Board of Directors) and such director was not nominated and approved by the Board of Directors; or, (iii) a change of control occurs at Applied Digital Solutions, Inc., as such term is defined in the employment agreement between the Company's current Chairman of the Board, Scott R. Silverman, and Applied Digital Solutions, Inc.

Effective as of April 1, 2002, the Company entered into an employment agreement with Mr. James P. Santelli, its Vice President, Finance and Chief Financial Officer. The agreement has a term of three years. The term is automatically renewed for successive one-year terms on each anniversary date of the agreement, which is added at the end of the then existing term, unless either party notifies the other at least 60 days prior to such an anniversary date. The agreement provides that the Company shall pay Mr. Santelli an initial base salary of \$175,000 per year and that he is entitled to participate in any of the Company's benefit and deferred compensation plans or programs as are from time to time available to officers of the Company. Mr. Santelli's base salary was increased to \$205,000 per year effective on February 28, 2005. The agreement contains confidentiality, non-compete and assignment of invention clauses. The agreement also provides that if the Board of Directors terminates Mr. Santelli's employment with the Company because of his willful and material misconduct or because he has breached the agreement in any material respect, or if Mr. Santelli terminates his employment other than for Good Reason (as that term is defined in the agreement), he is entitled to salary and benefits accrued through the date of termination of employment. If Mr. Santelli dies or becomes disabled (as disabled is determined under the agreement), if the Company terminates his employment for reasons other than his misconduct or his breach of the agreement, or if he terminates his employment for Good Reason, the Company must pay him his accrued compensation and benefits for the remaining term of the agreement, including any extensions. The employment agreement provides that upon a change of control, Mr. Santelli may terminate his employment at any time within one year after the change of control upon 15 days' notice. Upon such termination, the Company must pay to Mr. Santelli a severance payment equal to the base amount as defined in Section 280G(b)(3) of the Internal Revenue Code minus \$1.00. Upon a change of control, all outstanding stock options held by Mr. Santelli would become fully exercisable.

The Company does not have a formal written employment agreement with James G. Naro, its Vice President, General Counsel and Secretary. The terms of Mr. Naro's employment provide that the Company will pay Mr. Naro an initial base salary of \$160,000 per year, a bonus as determined by the Compensation Committee of the Board of Directors and a ten-year option to purchase 200,000 shares of the Company's common stock. The option has an initial exercise price of \$4.64 per share and vests ratably over a three year period. Mr. Naro will also be entitled to participate in any of the Company's benefit and deferred compensation plans or programs as are from time to time available to officers of the Company.

Effective as of February 28, 2005, the Company entered into an employment agreement with Mr. Lasse Nordfjeld, its President of the Animal Applications Group. The agreement has an initial term of one year. The term is automatically renewed for successive one-year terms on each anniversary date of the agreement, which is added at the end of the then existing term, unless either party notifies the other at least 90 days prior to such an anniversary date. The agreement provides that the Company shall pay Mr. Nordfjeld a base salary of 1,200,000 Danish Kroner per year, a performance based annual bonus up to 50% of his base salary and a one time option to purchase 150,000 shares of the Company's common stock, and that he is entitled to participate in any of the benefit plans or programs as are from time to time available to officers of DSD Holding A/S, a wholly-owned subsidiary of the Company. The agreement contains confidentiality, non-compete and assignment of invention clauses. The agreement also provides that if the Board of Directors terminates Mr. Nordfjeld's employment with the Company because of his willful and material misconduct or because he has breached the agreement in any material respect, or if Mr. Nordfjeld terminates his employment other than for Good Reason (as that term is defined in the agreement), he is entitled to salary, bonus and benefits accrued through the date of termination of employment. If Mr. Nordfjeld dies, his estate is entitled to his salary, bonus and benefits accrued through the last day of the month in which his death occurs. If Mr. Nordfjeld becomes disabled (as determined under the agreement), Mr. Nordfjeld is entitled to salary, bonus and benefits accrued through 90 days after notice of termination. If the Company terminates his employment for reasons other than his misconduct or his breach of the agreement, or if he terminates his employment for Good Reason, the Company must pay him his accrued compensation and benefits for the remaining term of the agreement, including any extensions. The employment agreement provides that upon a change of control, Mr. Nordfjeld may terminate his employment at any time within one year after the change of control upon 15 days' notice. Upon such termination, the Company must pay to Mr. Nordfjeld a severance payment equal to the base amount as defined in Section 280G(b)(3) of the Internal Revenue Code minus \$1.00. Upon a change of control, all outstanding stock options held by Mr. Nordfjeld would become fully exercisable.

The Company has an employment agreement with David M. Cairnie effective April 13, 1993. The initial term of the agreement is one year until terminated by either party giving six months' notice or payment in lieu of such notice expiring on or at any time one year after the effective date of the agreement. The agreement provides that the Company will pay Mr. Cairnie an initial base salary of £75,000 per year, or a higher rate as to which the parties may from time to time agree. Mr. Cairnie's base salary was increased to £125,000 per year effective on April 1, 2004. The agreement also provides for a bonus based on the achievement of profits, as defined in the agreement. In addition, under the agreement, the Company is to provide an automobile to Mr. Cairnie. The agreement includes a non-compete provision.

The Company had an employment agreement with Kevin L. Nieuwsma effective between October 1, 2000 and January 3, 2005, the date Mr. Nieuwsma terminated his employment with the Company. The agreement provided that the Company would pay Mr. Nieuwsma an initial base salary of \$125,000 per year and that he was entitled to participate in any of the Company's benefit and deferred

compensation plans or programs that were available to its officers. The agreement contained confidentiality, non-compete and assignment of inventions clauses. The agreement also provided that if Mr. Nieuwsma terminated his employment other than for Good Reason (as that term is defined in the agreement), he would be entitled to salary and benefits accrued through the date of termination of employment. Mr. Nieuwsma terminated his employment with the Company on January 3, 2005 for reasons other than Good Reason. Therefore, the Company paid him his salary and benefits accrued through the date of termination.

PROPOSAL 2

APPROVAL OF AMENDMENT TO 2002 STOCK PLAN

INCREASING NUMBER OF SHARES

As described above, the Board adopted the 2002 Stock Plan effective April 11, 2002. On June 27, 2002, the Board amended the 2002 Stock Plan to increase the number of shares reserved for issuance under the plan from 5,195,312 shares to 11,195,312 shares. The 2002 Stock Plan, as amended, was approved by the Company's stockholders on October 22, 2002. A further amendment to increase the number of shares reserved for issuance under the 2002 Stock Plan to 16,195,312 shares was approved by the Company's stockholders on May 6, 2004.

In order to grant additional future awards under the 2002 Stock Plan, on March 21, 2005, the Board amended the 2002 Stock Plan, subject to stockholder approval, to increase the number of reserved shares by 2,000,000 for a total of 18,195,312 reserved shares. The increase in the reserved shares would provide the Company the ability to grant future awards utilizing 2,851,972 remaining reserved shares under the 2002 Stock Plan.

Major Provisions of the 2002 Stock Plan

The following is a summary of the major provisions of the 2002 Stock Plan. For a complete description of the 2002 Stock Plan, please read it in its entirety. A copy of the 2002 Stock Plan, as amended, is included in this proxy statement as Appendix A.

Purpose

The purpose of the 2002 Stock Plan is to provide incentive that will retain, motivate and reward employees and directors of Company and to encourage ownership of the Company's common stock by them.

Administration

The 2002 Stock Plan provides that the committee administering the plan (Committee) may consist of the Board or a committee of two or more but less than all of the members of the Board. The Board's Compensation Committee currently acts as the Committee for the 2002 Stock Plan.

Shares Subject to 2002 Stock Plan

The Board initially reserved 5,195,312 shares of common stock for issuance under the 2002 Stock Plan. On June 27, 2002, the Board amended the 2002 Stock Plan to reserve 11,195,312 shares of common stock. The stockholders approved the 2002 Stock Plan as amended at the annual meeting of stockholders held on October 22, 2002. On March 12, 2004, the Board amended the 2002 Stock Plan to reserve 16,195,312 shares of common stock, and the stockholders approved the increase at the annual meeting of stockholders held on May 6, 2004. The maximum number of shares of common stock with respect to which benefits may be granted or measured to any participant under the 2002 Stock Plan is subject to adjustments made in accordance with the terms of the 2002 Stock Plan. As of March 22, 2005, 16,195,312 shares of common stock were reserved for issuance under the 2002 Stock Plan, of which 15,343,340 shares have been issued under the 2002 Stock Plan and 851,972 shares remain available to be issued under the 2002 Stock Plan. As of March 22, 2005, awards consisting of options to purchase 7,827,375 shares of common stock are outstanding under the 2002 Stock Plan.

Eligibility

The 2002 Stock Plan provides that the participants in the 2002 Stock Plan shall be those persons who are selected by the Committee subject to the approval of the Board if the Committee does not consist of the entire Board. Under the terms of the 2002 Stock Plan, benefits may be granted to only employees and directors of the Company and its affiliates, currently consisting of approximately 245 individuals.

Types of Benefits

The 2002 Stock Plan permits the Committee to grant benefits in the form of stock options, cash awards, restricted stock awards, stock appreciation rights, reload options or any combination thereof. The Committee may determine that stock awards consist of performance-based awards.

Options. Options granted under the 2002 Stock Plan may be either incentive stock options satisfying the requirements of Section 422 of the Internal Revenue Code of 1986 (the Code) or non-qualified stock options that are not intended to meet such requirements. Incentive stock options may be granted only to participants who are employees of the Company or its affiliates as of the date of grant. The Code places certain restrictions on the granting of incentive stock options to participants who own stock possessing over 10% of the total combined voting power of the Company or its affiliates.

The Committee determines the exercise price per share of options, subject to the requirements imposed by the Code and the 2002 Stock Plan. The 2002 Stock Plan and the Code provide that the exercise price for shares under any incentive stock option shall be no less than the fair market value of the shares at the time the option is granted. The 2002 Stock Plan provides that the exercise price for shares under each non-qualified stock option shall be no less than 85% of the fair market value of the shares at the time the option is granted.

Options may be exercised at such time or times and subject to such terms and conditions as are determined by the Committee. However, incentive stock options may not be exercised more than ten years after the date they are granted. Payment for shares of common stock purchased

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

upon exercise of an option or any other benefit granted under the 2002 Stock Plan that requires payment by a participant to the Company may be made in: (i) cash, including by means of a so-called "cashless exercise" of an option; (ii) by the surrender of all or part of a benefit, including the benefit being exercised; (iii) by the tender to the Company of shares of common stock owned by the optionee and registered in the optionee's name having a fair market value equal to the amount due to the Company; (iv) other property, rights and credits deemed acceptable by the Committee; or (v) by any combination of these methods. However, any

method of payment other than by cash or cashless exercise may be used only with the consent of the Committee unless and to the extent permitted in the agreement containing the terms of the option or benefit.

Stock Appreciation Rights. Under the 2002 Stock Plan, the Committee may grant stock appreciation rights entitling the holder to receive a payment in cash, common stock or a combination of cash and common stock in an amount equal to the appreciation in the fair market value of a specified number of shares of common stock measured from the date the stock appreciation right was granted to the date such right was exercised. Stock appreciation rights also may be granted in tandem with a stock option, in which case the holder would be entitled to receive a payment equal to the appreciation of the stock option during the same measurement period. The 2002 Stock Plan provides that when stock appreciation rights are granted in tandem with an incentive stock option, the rights must have such terms or conditions as shall be required for the incentive stock option to qualify as an incentive stock option. Each stock appreciation right is exercisable at the times and subject to the terms and conditions as determined by the Committee.

Restricted Stock. Under the 2002 Stock Plan, the Committee may grant benefits in shares of common stock, which would be treated as restricted stock. Shares of restricted stock are issued and delivered at the time of the grant or as otherwise determined by the Committee, but they are subject to forfeiture until otherwise provided in the applicable agreement or the 2002 Stock Plan. Each stock certificate evidencing shares of common stock granted as a restricted stock award must bear a legend referring to the 2002 Stock Plan and describing the risk of forfeiture of the shares of common stock and stating that such shares are non-transferable until all restrictions have been satisfied and the legend has been removed. At the discretion of the Committee, the grantee may or may not be entitled to full voting and dividend rights with respect to all shares of restricted stock from the date of grant. Unless otherwise determined by the Committee, grants of shares of restricted stock must be made at a per share cost to the participant equal to par value.

Cash Awards. Under the 2002 Stock Plan, the Committee may grant cash awards payable in cash in such amounts as it deems appropriate. However, the amount of any cash award granted in any fiscal year to any participant who is subject to Section 16 of the Securities Exchange Act of 1934 (generally consisting of the Company's executive officers, directors and 10% beneficial owners) shall not exceed the greater of \$100,000 or 100% of such person's cash compensation for such fiscal year. The Committee determines the conditions under which cash awards are granted.

Performance-Based Awards. Any benefits granted under the 2002 Stock Plan may be granted in a manner such that the benefits qualify for the performance-based compensation exemption of Section 162(m) of the Code.

Non-Transferability

Unless otherwise specified in an agreement containing the terms of the benefit granted under the 2002 Stock Plan or permitted by the Committee, each benefit granted under the 2002 Stock Plan is not transferable other than by will or other laws of descent and distribution and is exercisable during the participant's lifetime only by the participant. However, a participant may file with the Committee a written designation of a beneficiary or beneficiaries to exercise, in the event of the death of the participant, an option or to receive any benefits. The Committee has the

right to review and approve beneficiary designations.

Status as Unfunded Plan

The 2002 Stock Plan is intended to constitute an unfunded plan for incentive and deferred compensation. All payments made under the 2002 Stock Plan will be paid from the general funds of the Company, and no special or separate fund has been established and no segregation of assets will be made to assure payment of such amounts. However, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the 2002 Stock Plan to deliver shares of common stock or payments under the 2002 Stock Plan. The 2002 Stock Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.

Change of Control

Unless otherwise determined by the Committee, in the event of a change of control (as that term is defined in the 2002 Stock Plan), the following will occur:

all outstanding options will become fully exercisable, except to the extent that the right to exercise the option is subject to restrictions established in connection with a stock appreciation right that is issued in tandem with the option;

all outstanding stock appreciation rights will become immediately payable, except to the extent that the right to exercise the stock appreciation right is subject to restrictions established in connection with an option that is issued in tandem with the stock appreciation rights;

all shares of restricted stock will become fully vested;

all performance shares will be deemed to be fully earned and shall be paid out in such matter as determined by the Committee; and

all cash awards, other stock-based awards and other benefits will become fully vested and/or earned and paid out in such manner as determined by the Committee.

Amendment or Termination

Edgar Filing: DIGITAL ANGEL CORP - Form DEF 14A

The Board of Directors has the sole right and power to amend the 2002 Stock Plan at any time. However, it cannot amend the 2002 Stock Plan without approval of the Company's stockholders in a manner which would cause options which are intended to qualify as incentive stock options to fail to qualify as such, in a manner which would cause the 2002 Stock Plan to fail to meet the requirements of Rule 16b-3 under the Securities Exchange Act of 1934 or in a manner which would violate applicable law. The Committee may convert, modify, forfeit or cancel any benefit granted under the 2002 Stock Plan, in whole or in part, if and to the extent permitted in the 2002 Stock Plan or the applicable agreement or with the consent of the participant to whom such benefit was granted. Except as may be provided in an agreement, the Committee may, in whole or in part, waive any restrictions or conditions that apply to, or accelerate the vesting of, any benefit granted under the 2002 Stock Plan. The plan has no specific term and, subject to the terms of the 2002 Stock Plan, including those requiring approval by the Company's stockholders and those limiting the period over which incentive stock options or any other benefits may be granted, will continue in full force and effect until terminated. The 2002 Stock Plan may be terminated at any time by the Board.

Federal Income Tax Consequences

The federal income tax treatment for the two types of options that can be granted under the 2002 Stock Plan is as follows:

Incentive Stock Options

Under the Code, an employee generally recognizes no regular taxable income as the result of the grant or the exercise of an incentive stock option. However, an amount equal to the difference between the fair market value of the stock on the date of exercise and the exercise price must be included in the employee's alternative minimum taxable income (which may cause the employee to be liable for alternative minimum tax in that year).

The tax treatment of a sale or disposition of shares acquired under an incentive stock option will depend on whether the holding period requirements are satisfied. The holding period requirements will generally be satisfied if an optionee does not sell or dispose of such shares until after the later of one year after the exercise of such an option or two years after the date such option is granted.

If the holding period requirements are satisfied and an employee sells or disposes of shares acquired upon exercise of an incentive stock option, the optionee will recognize gain or loss equal to the difference between the sale price and the exercise price. Such gain or loss will be characterized for federal income tax purposes as long-term capital gain or loss.

If the holding period requirements are not satisfied and an employee sells or disposes of such shares, then the overall gain or loss on such sale or disposition is bifurcated into compensation and capital elements. The overall gain or loss is an amount equal to the difference between the sale price of the shares and the exercise price. With respect to the compensation element, the optionee must recognize as ordinary compensation income upon such sale or disposition an amount equal to the difference between (a) the lower of the fair market value of the shares at the date of the option exercise or the sale price of the shares and (b) the exercise price. With respect to the capital element, the optionee must recognize as capital gain or loss the difference between the overall gain (or loss) and the compensation element. If the shares have been held for more than 12 months, then any such gain or loss will be long-term capital gain or loss.

Generally, the Company will not be entitled to any deduction for federal income tax purposes in connection with the grant or exercise of an incentive stock option, regardless of the applicability of the alternative minimum tax to the optionee. However, if the holding period requirements are not satisfied with respect to the sale or disposition of any shares acquired under an incentive stock option, then the Company will be entitled to a tax deduction in the year of such sale or disposition equal to the compensation element recognized by the optionee as a result of such sale or disposition. Optionees will not be subject to withholding on the compensation element.

Non-Qualified Stock Options

An optionee generally recognizes no taxable income as a result of the grant of a non-qualified stock option, provided that such option does not have a readily ascertainable fair market value at the time it is granted. Upon exercise of a non-qualified stock option, an optionee will normally recognize ordinary compensation income for federal tax purposes equal to the excess, if any, of the fair market value of the shares over the exercise price. Optionees who are employees will be subject to withholding with respect to income recognized upon exercise of a non-qualified stock option.

The Company will be entitled to a tax deduction in the amount and in the year that any such ordinary income is recognized by the optionee, provided that the optionee's total compensation is deemed reasonable in amount.

Upon a sale of shares acquired pursuant to the exercise of a non-qualified stock option, any difference between the sale price and the fair market value of the shares on the date of exercise will be treated as a capital gain or loss and will qualify for long-term capital gain or loss treatment if the shares have been held for more than 12 months.

Stock Appreciation Rights and Stock Awards

Generally, the grantee of a stock appreciation right or stock award recognizes no taxable income as a result of such grant.

Upon exercise of a stock appreciation right, the grantee will normally recognize ordinary compensation income for federal tax purposes equal to the payment due under such stock appreciation right. Upon the acquisition of shares under a stock award, a grantee will normally recognize ordinary compensation income equal to the excess, if any, of the fair market value of the shares at the time of acquisition over the purchase price of such shares.

Upon a subsequent sale of any shares acquired pursuant to a stock award, any difference between the sale price and the fair market value of the shares upon the date of acquisition or the vesting date will be treated as a capital gain or loss and will qualify for long-term capital gain or loss treatment if the shares have been held for more than 12 months.

Grantees who are employees will be subject to withholding with respect to income recognized upon exercise of a stock appreciation right or under a stock award.

The Company will be entitled to a tax deduction in the amount and in the year that any ordinary income is recognized by the grantee pursuant to a stock appreciation right or stock award, provided that the grantee's total compensation is deemed reasonable in amount.

PROPOSAL 3

**RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed and the Board affirmed the appointment of the firm of Eisner LLP as independent auditors for the fiscal year ending December 31, 2005, subject to the ratification of the holders of the Company's common stock. If the holders of the common stock do not ratify the selection of Eisner LLP, other independent accountants may be considered and selected by the Audit Committee, or the Audit Committee may affirm its selection of Eisner LLP as the Company's independent auditors. All proxies received in response to this solicitation will be voted in favor of the ratification of the appointment of Eisner LLP as the Company's independent auditors, unless other instructions are indicated thereon. No representative of Eisner LLP will be present at the Annual Meeting.

The Company engaged Eisner LLP on May 23, 2002 as its independent auditors to audit its financial statements for the fiscal year ending December 31, 2002. During 2000 and 2001 and in the subsequent interim period from January 1, 2002 through May 23, 2002, the Company did not consult with Eisner LLP on items which concern the application of accounting principles generally, or as to a specific transaction or group of either completed or proposed transactions, or as to the type of audit opinion that might be rendered on the Company's financial statements. Eisner LLP did not prepare a report on the Company's financial statements for fiscal 2000 or 2001. Therefore, no report was issued by Eisner LLP that could contain an adverse opinion or disclaimer of opinion, or a qualification or modification, as to uncertainty, audit scope or accounting principles.

Audit and Non-Audit Fees

Fees billed to the Company by Eisner LLP for the years ended December 31, 2004 and 2003 were as follows:

Audit Fees. The aggregate fees billed and to be billed for the audit of the Company's annual financial statements for the fiscal years ended December 31, 2004 and 2003, for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and for other services that generally only an independent auditor reasonably can provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the SEC, were \$413,775 in 2004 and \$278,115 in 2003.

Audit-Related Fees. The aggregate fees billed for audit-related services for the fiscal years ended December 31, 2004 and 2003 were \$103,290 and \$1,500, respectively. These fees included any employee benefit plan audit, due diligence related to mergers and acquisitions, accounting consultations and audits in connection with acquisitions, internal control reviews, attest services not required by statute or regulation, and consultation concerning accounting and reporting standards for the fiscal years ended December 31, 2004 and December 31, 2003.

Financial Information Systems Design and Implementation Fees. The aggregate fees billed for financial information systems

design and implementation services for the fiscal years ended December 31, 2004 and 2003 were \$0 and \$0, respectively. These fees would have included any services regarding operating, or supervision of the operating of, the Company's information system or managing the Company's local area network, or designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements or other financial information systems taken as a whole for the fiscal years ended December 31, 2004 and December 31, 2003.

Tax Fees. The aggregate fees billed for tax services for the fiscal years ended December 31, 2004 and 2003 were \$0 and \$0, respectively. These fees would have related to tax compliance, tax planning and tax advice for the fiscal years ended December 31, 2004 and December 31, 2003. Tax compliance generally involves preparation of original and amended tax returns, claims for refund and tax payment and planning services. Tax planning and tax advice encompass a diverse range of services, including assistance with tax audits and appeals, tax advice related to mergers and acquisitions, employee benefit plans and requests for rulings or technical advice from taxing authorities.

All Other Fees. The aggregate fees for services not included above for the fiscal years ended December 31, 2004 and 2003 were \$0 and \$0, respectively. The fees would have related to services that do not meet the above category descriptions.

The Company has also agreed in its engagement letter with Eisner LLP to not hire Eisner LLP personnel at the manager or partner level who have been directly involved in performing auditing procedures or providing accounting advice to the Company.

The Company's Audit Committee is responsible for appointing the Company's independent auditor and approving the terms of the independent auditor's services. The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent auditor, as described below.

Before the beginning of each fiscal year, a description of the services anticipated to be performed by the independent auditor in each of the above specified categories in the ensuing fiscal year is presented to the Audit Committee for approval. Services provided by the independent auditor during the ensuing fiscal year are pre-approved in accordance with procedures of the Audit Committee.

Any request for audit, audit-related, tax and other services not contemplated must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman will update the full audit Committee at the next regularly scheduled meeting for any interim approval granted.

On a quarterly basis, the Audit Committee reviews the status of services and fees incurred year-to-date as compared to the original list of services and the forecast of remaining services and fees for the fiscal year.

The services performed by the independent auditor in 2004 were pre-approved in accordance with procedures followed by the Audit Committee.

Stockholder Approval

Although stockholder action on this matter is not required, the appointment of Eisner LLP is being recommended to the stockholders for ratification. Pursuant to applicable Delaware law, the ratification of the appointment of auditors of the Company requires the affirmative vote of the holders of a majority of the shares of common stock present, in person or by proxy, and entitled to vote at the Meeting. Abstentions and broker non-votes will be counted and will have the same effect as a vote against this proposal.

The Board of Directors recommends that the stockholders vote *for* the ratification of the appointment of Eisner LLP as independent auditors as set forth in Proposal 3.

The Committee may grant SARs in tandem with an Option, in which case: the exercise of the Option shall cause a correlative reduction in SARs standing to a Participant's credit which were granted in tandem with the Option; and the payment of SARs shall cause a correlative reduction of the Shares under such Option.

14.3. *ISO Tandem Award.*

When SARs are granted in tandem with an ISO, the SARs shall have such terms and conditions as shall be required for the ISO to qualify as an ISO.

14.4. *Payment of Award.*

15.2. *Computations.*

For purposes of Section 15.1: Shares covered by an Option that is canceled shall count against the maximum, and, if the exercise price under an Option is reduced, the transaction

16. RESTRICTED STOCK AND PERFORMANCE SHARES

16.1. *Restricted Stock.*

The Committee may grant Benefits in Shares available under Section 3 of the Plan as Restricted Stock. Shares of Restricted Stock shall be issued and delivered at the time of the grant or as otherwise determined by the Committee, but shall be subject to forfeiture until provided otherwise in the applicable Agreement or the Plan. Each certificate representing Shares of Restricted Stock shall bear a legend referring to the Plan and the risk of forfeiture of the Shares and stating that such Shares are nontransferable until all restrictions have been satisfied and the legend has been removed. At the discretion of the Committee, the grantee may or may not be entitled to full voting and dividend rights with respect to all shares of Restricted Stock from the date of grant.

16.2. *Cost of Restricted Stock.*

Unless otherwise determined by the Committee, grants of Shares of Restricted Stock shall be made at a per Share cost to the Participant equal to par value.

16.3. *Non-Transferability.*

Shares of Restricted Stock shall not be transferable until after the removal of the legend with respect to such Shares.

16.4. *Performance Shares.*

Performance Shares are the right of an individual to whom a grant of such Shares is made to receive Shares or cash equal to the Fair Market Value of such Shares at a future date in accordance with the terms and conditions of such grant. The terms and conditions shall be determined by the Committee, in its sole discretion, but generally are expected to be based substantially upon the attainment of targeted profit and/or performance objectives.

19. MISCELLANEOUS PROVISIONS

19.1. *Underscored References.*

The underscored references contained in the Plan are included for convenience only, and they shall not be construed as a part of the Plan or in any respect affecting or modifying its provisions.

19.3. *Unfunded Status of Plan.*

The Plan is intended to constitute an *unfunded* plan for incentive and deferred compensation. With respect to any payments or deliveries of Shares not yet made to a Participant by the Company, nothing contained herein shall give any rights that are greater than those of a general creditor of the Company. The Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments hereunder consistent with the foregoing.

19.4. *Termination of Employment.*

If the employment of a Participant by the Company terminates for any reason, except as otherwise provided in an Agreement, all unexercised, deferred, and unpaid Benefits may be exercisable or paid only in accordance with rules established by the Committee. These rules may provide, as the Committee may deem appropriate, for the expiration, forfeiture, continuation, or acceleration of the vesting of all or part of the Benefits.

19.5. *Designation of Beneficiary.*

A Participant may file with the Committee a written designation of a beneficiary or beneficiaries (subject to such limitations as to the classes and number of beneficiaries and contingent beneficiaries as the Committee may from time to time prescribe) to exercise, in the event of the death of the Participant, an Option, or to receive, in such event, any Benefits. The Committee reserves the right to review and approve beneficiary designations. A Participant may from time to time revoke or change any such designation of beneficiary and any designation of beneficiary under the Plan shall be controlling over any other disposition, testamentary or otherwise; provided, however, that if the Committee shall be in doubt as to the right of any such beneficiary to exercise any Option or to receive any Benefit, the Committee may determine to recognize only an exercise by the legal representative of the recipient, in which case the Company, the Committee and the members thereof shall not be under any further liability to anyone.

19.6. *Governing Law.*

This Plan shall be construed and administered in accordance with the laws of the State of Delaware, without giving effect to conflict of laws principles.

19.7. *Purchase for Investment.*

The Committee may require each person purchasing Shares pursuant to an Option or other award under the Plan to represent to and agree with the Company in writing that such person is acquiring the Shares for investment and without a view to distribution or resale. The certificates for such Shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer. All certificates for Shares delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under all applicable laws, rules and regulations, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate

references to such restrictions.

19.8. *No Employment Contract.*

Neither the adoption of the Plan nor any Benefit granted hereunder shall confer upon any Employee any right to continued employment nor shall the Plan or any Benefit interfere in any way with the right of the Employer to terminate the employment of any of its Employees at any time.

19.9. *No Effect on Other Benefits.*

The receipt of Benefits under the Plan shall have no effect on any benefits to which a Participant may be entitled from the Employer, under another plan or otherwise, or preclude a Participant from receiving any such benefits.
