For Immediate Release

### **Xyratex Ltd Announces Results for the Third Quarter Fiscal Year 2005**

Q3 Revenues \$163.9 million, up 42.7% Year over Year

**Havant, UK** September 21, 2005 Xyratex Ltd (Nasdaq: XRTX), a leading provider of modular enterprise class data storage subsystems and storage process technology, today announced results for the third fiscal quarter, ended August 31, 2005. Revenues for the quarter were \$163.9 million, an increase of 42.7% compared to revenues of \$114.9 million for the same period last year.

For the third fiscal quarter, GAAP net income was \$7.9 million, or \$0.27 per diluted share. Non-GAAP net income was \$8.5 million, or a diluted earnings per share of \$0.29, compared to non-GAAP net income of \$7.0 million in the same quarter a year ago. A reconciliation between net income on a GAAP basis and net income on a non-GAAP basis is provided in a table immediately following the Unaudited Condensed Consolidated Statements of Cash Flows below.

Gross profit margin in the third quarter was 20.2%, compared to 15.9% in the same period last year and 22.0% in the prior quarter. The decrease in gross margin is primarily due to business revenue and product mix.

With 43% revenue growth, we continue to execute and expand our market at a significant pace. We expanded our technology and product portfolio with the acquisition of nStor Technologies, and we increased our customer base with a number of new design wins in the quarter, said Steve Barber, CEO of Xyratex. Our priority continues to be superb execution on meeting the demands of our customers and investing resources to develop leading technologies and products that will expand our market opportunities and improve our margins.

### **Business Highlights**

Subsequent to the quarter end, Xyratex acquired nStor Technologies, a developer of data storage solutions that are ideally suited for both large enterprises as well as small to mid-sized businesses. nStor s flagship controller technology and StorView software form the foundation for the OneStor and NexStor family of solutions that support Microsoft Windows, Linux, UNIX and Macintosh operating environments. For Xyratex, the acquisition of nStor augments the company s already strong portfolio of storage technology and platform solutions. The acquisition of nStor will combine Xyratex s industry-leading expertise in high volume, high availability storage system enclosure design with nStor s extensive experience and value-added RAID Controller and Storage Solution software to provide a highly scalable set of offerings to meet customer requirements.

3

As a leading provider of capital equipment to Seagate s manufacturing sites, Xyratex was honored as Seagate s Outstanding Supplier in the Manufacturing Capital Equipment category.

Xyratex continued to strengthen its relationship with its largest Storage and Network Systems customer, broadening its range of products in support of their expanding channel to market, and winning a number of new development and operational programs.

### **Business Outlook**

The following statements are based on current expectations. These statements are forward-looking, and actual results may differ materially. These statements include the effect of the acquisition of nStor Technologies on September 8, 2005, but do not include the potential impact of any further future acquisitions or divestitures.

Revenue in the fourth fiscal quarter of 2005 is projected to be in the range \$189 to \$199 million. Revenue for fiscal year 2005 is expected to increase to a range of \$665 to \$675 million.

Fully diluted earnings per share is anticipated to be between \$0.41 and \$0.48 on a GAAP basis in the fourth quarter. On a non-GAAP basis fully diluted earnings per share is anticipated to be between \$0.45 and \$0.52, which includes the dilutive impact of the acquisition of nStor Technologies.

Fully diluted earnings per share for fiscal year 2005 is expected to be between \$1.38 and \$1.45 on a GAAP basis. On a non-GAAP basis fully diluted earnings per share is expected to be between \$1.53 and \$1.60, including the dilution impact of the acquisition of nStor Technologies.

Non-GAAP earnings per share excludes non-cash equity compensation, amortization of intangible assets, certain other acquisition related charges and related taxation expense.

### Safe Harbor Statement

This press release contains forward looking statements that involve risks and uncertainties. These forward-looking statements include statements regarding future results or financial performance of Xyratex, including statements relating to projected revenue and fully diluted earnings per share data (on a GAAP and non-GAAP basis) for the fourth quarter and fiscal year 2005, the acquisition of nStor, strengthening Xyratex s position in the storage market and enabling Xyratex to build future storage and disk cleaning products. Such statements are only predictions and involve risks and uncertainties such that actual results and performance may differ materially. Factors that might cause such a difference include successful integration of NStor s assets and employees into Xyratex, building future disk cleaning products, Xyratex s inability to compete successfully in the competitive and rapidly changing marketplace, failure to retain key employees, cancellation or delay of projects and continued adverse general economic conditions in the U.S. and internationally. These risks and other factors include those listed under Risk Factors and elsewhere in Xyratex s Annual Report on Form 20-F as filed with the Securities and Exchange Commission (File No. 000-50799). In some cases, you can identify forward-looking statements by terminology such as may, will, should, expects, intends, plans, anticipates, estimates, predicts, potential, continue, or the negative of these terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.

Non-GAAP Adjustment for the three and nine month periods ended August 31, 2004 includes non cash equity compensation expense and the related tax effect, expenses recorded in connection with our preparation for our initial public offering and non-cash amortization of intangible assets and the related tax effect. Non-GAAP Adjustment for the nine months ended August 31, 2004 also includes elimination of the bad debt allowance on a supplier loan of \$6,000,000 and accrued interest of \$933,000 together with the related tax on the accrued interest.

We believe these Non-GAAP measures are useful to investors because they provide an alternative method of measuring the operating performance of our business by excluding certain expenses, gains and losses which we believe are not indicative of our core operating results.
