Revocability and Voting of Proxies

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

The execution and return of the enclosed proxy will not affect a shareholder's right to attend the meeting and to vote in person. Any proxy given pursuant to this solicitation may be revoked by delivering written notice of revocation to Catherine C. Angle, Secretary of Franklin Financial, at any time before the proxy is voted at the meeting. Unless revoked, any proxy given pursuant to this solicitation will be voted at the meeting in accordance with the instructions thereon of the shareholder giving the proxy. In the absence of instructions, all proxies will be voted FOR the election of the four nominees identified in this Proxy Statement. The enclosed proxy confers upon the persons named as proxies therein discretionary authority to vote the shares represented thereby on all matters that may come before the meeting in addition to the scheduled items of business, including unscheduled shareholder proposals and matters incident to the conduct of the meeting. Although the Board of Directors knows of no other business to be presented, in the event that any other matters are brought before the meeting, the shares

Voting of Shares and Principal Holders Thereof

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

At the close of business on December 31, 2005, Franklin Financial had issued and outstanding 3,351,643 shares of common stock; there is no other class of stock outstanding. As of such date, 163,585 shares of Franklin Financial common stock were held by the Trust Department of F&M Trust as sole fiduciary (representing approximately 4.9% of such shares outstanding) and will be voted FOR the election of the four nominees identified in this Proxy Statement.

A majority of the outstanding common stock present in person or by proxy will constitute a quorum for the conduct of business at the Annual Meeting. Each share is entitled to one vote on all matters submitted to a vote of the shareholders. A majority of the votes which all shareholders present in person or by proxy are entitled to cast at a meeting at which a quorum is present is required to approve any matter submitted to a vote of the shareholders, unless a greater vote is required by law or by the Articles of Incorporation or Bylaws. In the case of the election of directors, the four candidates receiving the highest number of votes shall be elected directors of Franklin Financial; accordingly, in the absence of a contested election, votes withheld from a particular nominee or nominees will not influence the outcome of the election. Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be treated as votes cast.

To the knowledge of Franklin Financial, no person owned of record or beneficially on December 31, 2005 more than five percent of the outstanding common stock of Franklin Financial.

INFORMATION CONCERNING THE ELECTION OF DIRECTORS

General Information

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

The Bylaws of Franklin Financial provide that the Board of Directors shall consist of not less than five nor more than 25 persons and that the directors shall be classified with respect to the time they shall severally hold office by dividing them into three classes, each consisting as nearly as possible of one-third of the number of the whole Board of Directors. The Bylaws

further provide that the directors of each class shall be elected for a term of three years so that the term of office of one class of directors shall expire in each year. Finally, the Bylaws provide that the number of directors in each class of directors shall be determined by the Board of Directors.

A majority of the Board of Directors may increase the number of directors between meetings of shareholders. Any vacancy occurring in the Board of Directors, whether due to an increase in the number of directors, resignation, retirement, death, or any other reason, may be filled by appointment by the remaining directors. Any director who is appointed to fill a vacancy shall hold office until his successor is duly elected by the shareholders at the next Annual Meeting at which directors in his class are elected.

The Board of Directors has determined that the Board shall consist of 11 directors. There are four directors whose terms of office will expire at the 2006 Annual Meeting and seven continuing directors whose terms of office will expire at the 2007 or 2008 Annual Meeting. The Board of Directors proposes to nominate the following persons for election to the Board of Directors at the 2006 Annual Meeting for the term specified below:

CLASS C
For a Term of
Three Years

Donald A. Fry
H. Huber McCleary

Charles M. Sioberg
Kurt E. Suter

In the event that any of the foregoing nominees is unable to accept nomination or election, the shares represented by any proxy given pursuant to this solicitation will be voted in favor of such other persons as the management of Franklin Financial may recommend. However, the Board of Directors has no reason to believe that any of its nominees will be unable to accept nomination or to serve as a director if elected.

Nominations for Election of Directors

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

In accordance with Section 3.5 of the bylaws of Franklin Financial, any shareholder of record entitled to vote for the election of directors who is a shareholder on the record date and on the date of the meeting at which directors are to be elected may nominate a candidate for election to the Board of Directors, provided that the shareholder has given proper written notice of the nomination, which notice must contain certain prescribed information and must be delivered to the President of Franklin Financial not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting. The Chairman of the meeting must determine whether a nomination has been made in accordance with the requirements of the bylaws and, if he determines that a nomination is defective, such nomination and any votes cast for the nominee shall be disregarded.

Shareholders may also recommend qualified persons for consideration by the Nominating Committee to be included in Franklin Financial's proxy materials as a nominee of the Board of Directors. A shareholder who wishes to make such a recommendation must submit his recommendation in writing addressed to the Chairman of the Board, Franklin Financial Services Corporation, P.O. Box 6010, Chambersburg, Pennsylvania 17201-6010. The recommendation must include the proposed nominee's name and qualifications and must be delivered not less than 120 days prior to the anniversary date of the immediately preceding annual meeting.

Nominating Committee Process for the Selection and Evaluation of Nominees

Franklin Financial's Corporate Governance Guidelines identify the qualifications expected of a member of the Board of Directors and set forth the criteria to be applied by the Nominating Committee in evaluating candidates who will be recommended to the Board of Directors as nominees for election to the Board. A candidate must possess good business judgment and must be free of any relationship which would compromise his ability to properly perform his duties as a director. A candidate must have sufficient financial background and experience to be able to read and understand financial statements and to evaluate financial performance. A candidate should have proven leadership skills and management experience and should be actively involved in the community served by Franklin Financial and its subsidiaries. A candidate must be willing and able to commit the time and attention necessary to actively participate in Board affairs. In addition, a candidate must be a person of integrity and sound character. A candidate's age, background, skills and experience are also important considerations in terms of achieving appropriate balance and diversity on the Board.

The Nominating Committee uses a variety of methods for identifying and evaluating potential nominees for election to the Board of Directors. The Nominating Committee regularly assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that a vacancy is anticipated or otherwise arises, the Nominating Committee typically considers and interviews several potential candidates for appointment to fill the vacancy. Candidates may come to the attention of the Nominating Committee through current Board members, shareholders and other persons. These candidates are evaluated by the Nominating Committee and may be considered at any time during the year. In evaluating potential nominees, the Nominating Committee seeks to achieve a balance of knowledge, skills and experience on the Board.

The Nominating Committee will consider persons recommended by shareholders as potential nominees for election to the Board of Directors, provided that recommendations are made in accordance with the procedures described above under the caption "Nominations for Election of Directors." A potential nominee who is recommended by a shareholder will be evaluated by the Nominating Committee in the same fashion as other persons who are considered by the Committee as potential candidates for election to the Board of Directors.

Meetings and Committees of the Board of Directors

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

The Board of Directors of Franklin Financial has standing Audit, Nominating and Personnel Committees.

Franklin Financial's Corporate Governance Guidelines provide that directors are expected to attend meetings of the Board of Directors, meetings of the committees on which they serve, and the annual meeting of shareholders. The Board of Directors met 19 times during 2005. All directors attended 75% or more of the aggregate number of meetings of the Board of Directors and of the various committees of the Board of Directors on which they served and all directors attended the annual meeting of shareholders in 2005.

Audit Committee

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Members of the Audit Committee during 2005 were Jeryl C. Miller, Chairman, and Messrs. Elliott, Jennings, Sioberg and Suter. Dennis W. Good, who retired from the Board of Directors on December 31, 2005, was also a member of the Audit Committee in 2005.

The Audit Committee assists the Board of Directors in fulfilling its responsibilities in providing oversight over the integrity of Franklin Financial's financial statements, Franklin Financial's compliance with applicable legal and regulatory requirements and the performance of Franklin Financial's internal audit function. The Audit Committee is responsible for the appointment, compensation, oversight and termination of Franklin Financial's independent auditors and regularly evaluates the independent auditors' independence from Franklin Financial and Franklin Financial's management. The Audit Committee reviews and approves the scope of the annual audit and is also responsible for, among other things, reporting to the Board on the results of the annual audit and reviewing the financial statements and related financial and non-financial disclosures included in Franklin Financial's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q. The Audit Committee also reviews Franklin

Financial's disclosure controls and procedures and internal controls. The Audit Committee prepares the Audit Committee Report for inclusion in the annual proxy statement and oversees investigations into complaints concerning accounting and auditing matters. All members of the Audit Committee were at all times during 2005 independent directors as such term is defined in the Marketplace Rules of the NASD. The Board of Directors has not designated an audit committee financial expert as such term is defined in the Sarbanes-Oxley Act and applicable SEC rules and regulations because it believes that each member of the Audit Committee is qualified in terms of background and experience to perform his duties as a member of that Committee and because it believes that an audit committee financial expert is not necessary in light of Franklin Financial's size, the nature of its business and the relative lack of complexity of its financial statements. Compensation covered by the Plan is calculated by determining the average of a participant's highest five consecutive years' compensation in the ten years preceding normal retirement. Prior to 2002, compensation is generally salary and bonus as reported in the Summary Compensation Table above. Effective January 1, 2002, compensation for Plan purposes excludes long-term disability payments, taxable fringe benefits, moving expenses, housing expenses, non-cash taxable amounts under any restricted stock program, restricted stock program cash dividend payments, and tax equalization payments. Section 401(a)(17) of the Code limits a participant's compensation for each calendar year. Current compensation covered by the Plan for the year ended December 31, 2005 for Mr. Snell was \$191,379. As of December 31, 2005, Mr. Snell was credited with 10.67 years of service for benefit accrual purposes under the Plan.

The normal retirement benefit under the Plan is a single-life annuity equal to the sum of the following:

(i) 1.15 percent (1.15%) of the average of the highest five consecutive years' compensation in the 10 years preceding normal retirement, multiplied by a participant's number of years of service from the date of employment to December 31, 1997, plus

(ii) 0.90 percent (0.90%) of such compensation multiplied by a participant's number of years of service from January 1, 1998, through the date of retirement, plus

(iii) 0.60 percent (0.60%) of such compensation in excess of Social Security covered compensation (the taxable wage base averaged over the 35-year period ending with the last day of the calendar year in which the participant attains Social Security retirement age), multiplied by a participant's total number of years of service (up to a maximum of 35 years) from the date of employment to the retirement date.

This benefit is limited by the maximum benefit as specified under Section 415 of the Code.

The Plan was amended in December of 2004 for the purpose of adopting a career-average benefit formula which is applicable to employees who are hired on or after July 1, 2000. The new benefit formula is 1% of compensation for each year of service, plus 0.60% of compensation in excess of the taxable wage base for each year of service up to a maximum of 35 years, with compensation determined over the participant's work history rather than the previous method of 5-year final average compensation. For employees who are hired or rehired on or after July 1, 2000 but before January 1, 2005, the participant's accrued benefit as of December 31, 2005 is based on the retirement benefit formula in effect before January 1, 2006, with subsequent accruals added each year based upon the new career-average formula. However, the adoption of this amendment will not affect the benefits payable under the Plan to Mr. Snell.

Compensation Committee Report on Executive Compensation

(i) 1.15 percent (1.15%) of the average of the highest five consecutive years' compensation in the 10 years preceding

The Personnel Committee of the Board of Directors of Franklin Financial (the Committee) administers the executive compensation programs of Franklin Financial and its subsidiaries.

Executive Compensation Policies

Executive compensation at Franklin Financial consists of two components: base salary and incentive programs. The Committee has established an executive compensation policy to assist it in administering these two components of executive compensation.

The Franklin Financial's executive compensation policy is designed to provide its executives with a total compensation package that is fair in light of competitive compensation practices, that attracts and retains qualified executives, that places a portion of total pay at risk (to be earned through the achievement of performance goals), and that helps to align management's interests with those of shareholders. Fair pay is defined as pay levels that are at or approach the median of competitive compensation practices.

In determining competitive compensation practices, the Committee uses data from banking industry compensation surveys to determine median pay practices for similar positions at comparably sized organizations. Compensation disclosures made by a peer group of comparably sized Pennsylvania and non-Pennsylvania banks are also used to determine competitive pay practices at the top management level. This group of banking organizations bears no direct relationship to those companies represented in the SNL Northeast OTC-BB and Pink Banks Index appearing in the stock performance graph set forth elsewhere in this Proxy Statement because the companies represented in this Index are too numerous and because some are too small and others too large for appropriate and meaningful compensation comparisons. Additionally, the Committee's analysis of competitive salary increases is used in estimating competitive pay levels.

The Committee uses incentive programs to link total executive compensation to the performance of Franklin Financial. These programs provide executives with an opportunity to earn a combination of cash and stock awards contingent upon the achievement of corporate net income and other performance targets.

Relationship of Performance to Executive Compensation

The Committee employs a short-term incentive plan to link senior officer compensation to the success in meeting annual goals based upon the net income of the corporation and other performance targets. The 2005 plan included a range of net income and other performance targets and, within that range of targets, senior officer incentive payouts could range from 1% to 15% of annual salary, with an additional 401(k) Profit Sharing Plan discretionary contribution ranging from 1/2% to 2% of salary (up to applicable limitations under the Internal Revenue Code). Based upon Franklin Financial's financial performance in 2005, an award will be payable to Mr. Snell. The exact amount of that award cannot be determined at this time because certain necessary peer group data is not yet publicly available. The award paid to Mr. Snell under the short-term incentive plan in 2005, based upon the financial performance of Franklin Financial in 2004 was \$7,452 and is reported in the Summary Compensation Table which appears above.

The Committee administers the Incentive Stock Option Plan of 2002. Under this plan, participants are granted on an annual basis incentive stock options to purchase shares at an

exercise price not less than 100% of the fair market value of a share of Common Stock on the date the option is granted.

The purpose of the Plan is to promote the interests of Franklin Financial and its shareholders by strengthening the ability of Franklin Financial to attract, motivate and retain qualified executives and to provide as additional incentives for these officers to promote the financial success and growth of Franklin Financial and its subsidiaries. Incentive stock options are the only form of award authorized under the Plan and have no intrinsic value unless the price of the underlying shares appreciates over time. No gain will accrue to the officer who is awarded an option, absent appreciation in the price of Franklin Financial common stock, which will benefit all shareholders.

In administering the Plan, the Committee has established an annual target option award for each participant which is linked to one of five salary grade level ranges. Actual option awards are granted by the Committee based upon a calculation of the three-year average of Franklin Financial's annual increase in earnings per share. The Committee's philosophy in utilizing this performance measurement is that long term growth in earnings per share is the primary driver of both the market value of Franklin Financial stock and the company's capacity to regularly increase cash dividends to shareholders.

Four target ranges have been established for the three-year average of Franklin Financial's annual increase in earnings per share. Actual option awards are determined by comparing the calculation of the three-year average of earnings per share growth against the four target ranges. Accordingly, actual option awards may be greater or lesser than the annual target option award for each participant.

Franklin Financial's basic earnings per share for calendar years 2001 through 2004 were \$1.67, \$1.66, \$1.74 and \$1.54, respectively, resulting in an average three-year growth in earnings per share of approximately -7.3%. In accordance with the guidelines established by the Committee, incentive stock option awards for an aggregate of 8,850 shares were granted to Plan participants during 2005. Mr. Snell participated in the Plan and was granted an option for 1,250 shares in 2005.

2005 Compensation of the Chief Executive Officer

The Committee at its December 2004 meeting discussed its compensation policy as summarized above, reviewed competitive pay practices, and considered both in light of Franklin Financial's strategic initiative to control overhead expenses. Mr. Snell conveyed to the Committee at that time that he and eight other officers comprising the Management Group proposed a voluntary 10 percent reduction in base salary as a cost-cutting measure. The Committee concurred with this action and, accordingly, Mr. Snell's annual base salary was reduced, effective January 1, 2005, to \$175,526, representing a decrease of 10 percent from his calendar year 2004 base salary of \$194,769. The Committee, in light of Franklin Financial's improved financial performance, decided in the fall of 2005 to restore Mr. Snell's base salary (and the base salaries of the other eight officers involved) to pre-reduction levels. As a result of this decision, Mr. Snell's annual base salary was increased, effective October 27, 2005, to \$194,769.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, brought about a limitation on the deductibility for federal income tax purposes of annual compensation in excess of \$1 million payable to certain senior officers of publicly held companies. Qualifying performance-based compensation is not subject to this limitation if certain conditions are met. The Committee does not foresee current compensation arrangements exceeding this level. Accordingly, the Committee has no plans to modify the compensation policies of Franklin Financial in response to the provisions of Section 162(m) of the Code. The Committee will evaluate this matter on an ongoing basis.

Performance Graph

The Securities and Exchange Commission requires that a publicly held company include in its proxy statement a stock performance graph comparing its five-year cumulative total return to shareholders with the returns generated by an industry-specific index (or peer group index) and with the return generated by a broad market index.

The following graph compares the cumulative total return to shareholders of Franklin Financial with the NASDAQ Total U.S. Index (a broad market index prepared by the Center for Research in Security Prices at the University of Chicago Graduate School of Business) and with the Northeast OTC-BB and Pink Banks Index (an industry-specific index prepared by SNL Financial LC) for the five year period ended December 31, 2005, in each case assuming an initial investment of \$100 on December 31, 2000 and the reinvestment of all dividends.

Transactions with Directors and Executive Officers

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Some of the directors and executive officers of Franklin Financial and the companies with which they are associated were customers of and had banking transactions with F&M Trust in the ordinary course of business during 2005. All loans and commitments to loan made to such persons and the companies with which they are associated were made on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and did not involve more than a normal risk of collectibility or present other unfavorable features. It is anticipated that F&M Trust will enter into similar transactions in the future.

Martha B. Walker, a member of the Boards of Directors of Franklin Financial and F&M Trust, is a partner in the law firm of Barley Snyder, LLC. Barley Snyder, LLC has provided legal services to Franklin Financial and F&M Trust for many years and is expected to continue to do so in the future.
