Item 2.05

Costs Associated with Exit or Disposal Activities

On March 30, 2006, Intermecc, Inc. filed a Current Report on Form 8-K in connection with an announcement regarding closure of its design centers in Goteborg and Lund, Sweden. The activities currently assigned to the design centers in Sweden will be reassigned to other parts of Intermecc or moved to third-party vendors to improve efficiencies and benefit from reduced cost. In addition to the anticipated cost savings, this realignment of resources is expected to increase new product development capacity. The total cost of closing the design centers in Sweden and the elimination of 65 positions in Sweden is estimated to be approximately \$5.0 million. The estimated restructuring costs include \$2.9 million of employee termination expense, facility closure costs of \$1.4 million, non-cash asset impairment expense of \$0.1 million and other exit costs of \$0.6 million. We recorded a restructuring charge of \$1.1 million for employee termination costs in the first quarter of 2006, in accordance with SFAS 146, and anticipate most of the remaining unrecognized restructuring costs will be recognized over the last 3 quarters of 2006. Of the total \$5.0 million estimated restructuring charge, approximately \$4.9 million will be cash expenditures. Intermecc expects to complete closure of the facilities by September 1, 2006.
