Exhibit 99.1 Press Release of Vista Gold Corp. dated November 20, 2006

Safe Harbor Statement; Forward Looking Statements.

This filing and the press release included as an exhibit hereto contain forward-looking statements within the meaning of the Securities Act of 1933 and Securities Exchange Act of 1934. All statements, other than statements of historical facts, included in these materials that address activities, events or developments that Vista expects or anticipates will or may occur in the future, including such things as future business strategy, competitive strengths, goals, expansion and growth of Vista's or Allied Nevada's businesses, operations, plans and other such matters are forward-looking statements. When used in this filing and the press release, the words estimate, plan, anticipate, expect, intend, believe and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Vista and Allied Nevada, including anticipated consequences of the contemplated transaction described herein, to be materially different from any future risks, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks that Vista's or Allied Nevada's acquisition, exploration and property advancement efforts will not be successful; risks relating to fluctuations in the price of gold; the inherently hazardous nature of mining-related activities; uncertainties concerning reserve and resource estimates; potential effects on Vista's or Allied Nevada's operations of environmental regulations in the countries in which they operate; risks due to legal proceedings; uncertainty of being able to raise capital on favorable terms or at all; and risks that may affect Vista's ability to complete the proposed transaction including risks that Vista may be unable to obtain required court or third party approvals; as well as those factors discussed in Vista's latest Annual Report on Form 10-K, Quarterly Report on Form 10-Q and its other filings with the U.S. Securities and Exchange Commission. Although Vista has attempted to identify important factors that could cause actual results to differ materially from those described in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Vista assumes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
