#### Xyratex Ltd Announces Results for the Fourth Quarter and Fiscal Year 2006

Q4 Revenues \$241.1 million, up 18.4% Year over Year

Fiscal year 2006 Revenues \$983.6 million, up 44.7% Year over Year

Havant, UK January 4, 2007 Xyratex Ltd (Nasdaq: XRTX), a leading provider of modular enterprise class data storage subsystems and storage process technology, today announced results for the fourth quarter and fiscal year ended November 30, 2006. Revenues for the fourth quarter were \$241.1 million, an increase of 18.4% compared to revenues of \$203.6 million for the same period last year and down 8.4% compared to \$263.1 million in the prior quarter.

For the fourth quarter, GAAP net income was \$9.4 million, or \$0.32 per diluted share compared to GAAP net income of \$13.8 million in the same period last year. Non-GAAP net income from continuing operations decreased 30% to \$10.9 million, or a diluted earnings per share of \$0.36, compared to non-GAAP net income of \$15.5 million in the same quarter a year ago. A reconciliation between net income on a GAAP basis and net income on a non-GAAP basis is provided in a table immediately following the Consolidated Statements of Cash Flows , below.

Gross profit margin in the fourth quarter was 17.4%, compared to 21.7% in the same period last year and 21.1% in the prior quarter. These movements primarily result from a lower proportion of Storage Infrastructure revenues and product mix within each business.

Revenues for fiscal year 2006 were \$983.6 million, an increase of 44.7%, compared to revenues of \$679.6 million for fiscal year 2005.

GAAP net income for fiscal year 2006 was \$58.2 million or \$1.97 per diluted share compared to a GAAP net income of \$42.2 million for fiscal year 2005. Non-GAAP net income from continuing operations for fiscal year 2006 increased 38.3% to \$64.9 million, or a diluted earnings per share of \$2.17, compared to non-GAAP net income of \$46.9 million for fiscal year 2005.

I am very pleased with our outstanding performance for the 2006 Fiscal Year. The results for the year support our strong position in the industries we serve and our on-going effort and focus in expanding our partnership with our existing customers and in developing partnerships with new customers, said Steve Barber, CEO of Xyratex. Though there is some additional uncertainty related to the capital spending plans of our customers in 2007, we are confident that the fundamentals within the markets we serve are strong and that our technology and strong execution will benefit us over the longer term.

#### **Business Highlights**

- We announced that the E5402E 3Gb SAS SAS/SATA RAID system is now shipping. The 2U 12 drive E5402E provides end-users with high performance, system flexibility and simplified management and integration.
- We announced that Hammer will integrate Xyratex s latest E5402E SAS RAID system into its V2 branded storage solutions. The Xyratex E5402E RAID array is a 2U, 12-drive SAS-to-SAS subsystem that supports 3Gbps SAS and SATA disk drives and can be expanded to support up to 60 SAS/SATA drives.
- We entered into an extensive patent cross license agreement with IBM, and acquired key skills, assets and IP from ARIO Data Networks. Both the agreement and acquisition enhance our storage systems technology roadmap capability.

<sup>(</sup>a) Non-GAAP Adjustment for the three and twelve month periods ended November 30, 2006 and November 30, 2005 includes non-cash amortization of intangible assets, non-cash equity compensation expense and income from the sale of a product line. Non-GAAP Adjustment for the three and twelve month periods ended November 30, 2005 also includes in-process research and development expense, expenses of \$830,000 resulting from withdrawing from a major research and development project and a tax benefit of \$864,000 resulting from a reorganization of our legal structure.. The Non-GAAP Adjustment for these periods also include the related tax effects.

We believe these Non-GAAP measures are useful to investors because they provide an alternative method of measuring the operating performance of our business by excluding certain expenses, gains and losses which we believe are not indicative of our core operating results.
