RELATED PARTY TRANSACTIONS

We lease our current corporate office space from Arnold Greenberg, the father of our Founder, Sanford D. Greenberg. We paid \$36,000 and \$38,830 in rent for the years ended December 31, 2004 and 2005, respectively. Our current lease at \$3,390 per month expires at the end of March 2006, with an automatic monthly extension and a two month notice period to cancel.

On June 30, 2002, prior to the Instanet, Inc. merger with the Company, the Company agreed to repurchase 2,131,952 shares of its common stock from Warren Cohen, a founder and former director; in exchange he returned an additional 116,925 shares and received a long-term subordinated note for \$1,335,861, which included additional monies loaned to V3S and accrued interest. V3S did not have a market for its common stock at the time of this transaction. The note provided for interest at 8% per year with principal and interest payable from 25% of adjusted quarterly net income. Accrued interest on the note as of December 31, 2003, was \$160,450. On March 31, 2004, this note and all accrued interest were converted into 1,015,304 shares of our common stock at a conversion price of \$1.50 per share, the price for which shares of common stock were being sold in a private offering of our securities. This price was determined pursuant to arms-length negotiations between third party investors and us, and the conversion of the above debt owed to Mr. Cohen was a condition to completing the private offering. On March 31, 2004, the trading price for our common stock was \$2.55 per share; however, our common stock was thinly traded.

Mr. Greenberg converted \$133,127 and \$166,873 that he advanced us plus accrued interest into long-term subordinated loans on June 30, 2002 and September 30, 2002, respectively. These notes provided for interest at 8% per year with principal and interest payable from 5% of our adjusted quarterly net income. Accrued interest on the notes as of December 31, 2003, was \$34,040. Also on June 30, 2002, Mr. Greenberg contributed \$788,780 of advances as additional paid in capital. On December 31, 2002, Mr. Greenberg converted \$200,000 that he advanced us into a bridge loan with interest at 10% per year, principal and interest due December 31, 2003. As part of the terms of the bridge loan, Mr. Greenberg was granted an option to purchase 16,000 shares of our common stock at \$5.00 per share. As of December 31, 2003, Mr. Greenberg had advanced an additional \$110,040 which was due on demand accruing interest at 10% per year. As of December 31, 2003, accrued interest on the advance was \$6,776. On March 31, 2004, Mr. Greenberg converted \$500,000 of principal and \$63,674 of accrued interest on the long term subordinated loan and the bridge loan into 375,783 shares of our common stock at a conversion price of \$1.50 per share, the price for which shares of common stock were being sold in a private offering of our securities. This price was determined pursuant to arms-length negotiations between third party investors and us, and the conversion of the above debt owed to Mr. Greenberg was a condition to completing the private offering. On March 31, 2004, the trading price for our common stock was \$2.55 per share; however, our common stock was thinly traded.

In December 2003, Mr. Mathis, the Company's Chairman, advanced us \$50,000, evidenced by a promissory note. As part of the consideration for the loan, Mr. Mathis received an option to purchase 2,000 shares of our common stock at \$5.00 per share. The option is fully vested and exercisable for 5 years. This option was not part of our 2003 Stock Incentive Plan. The promissory note provided for interest at 18% per annum and was due 30 days after the loan was funded. The note further provided that, in the event the note was not paid when due, Mr. Mathis was entitled to (i) an additional option to purchase 20,000 shares of our common stock at \$5.00 per share (with this option having the same terms as the option for 2,000 shares) and (ii) conversion of the note into shares of our common stock at a price of \$2.50 per

share. This note was not paid when due, and in January 2004, Mr. Mathis was granted the second option to purchase 20,000 shares of our common stock at \$5.00 per share. In connection with this transaction, we recorded interest of \$50,000 in January 2004 related to the beneficial conversion feature embedded in this note. During January 2004, we borrowed an additional \$50,000 from Mr. Mathis. The terms of the note were the same as the loan made in December 2003. An option to purchase 2,000 shares of our common stock at \$2.50 per share was granted as partial consideration for this loan. This note was not paid when due, and in February 2004, Mr. Mathis was granted a second option to purchase 10,000 shares of our common stock at \$2.50 per share. Also in February 2004, we recorded interest of \$50,000 related to the beneficial conversion features embedded in the note. In February 2004, Mr. Mathis converted the principal of the notes payable totaling \$100,000 into 30,000 shares of our common stock at \$2.50 per share, forgiving a total of \$2,441 in accrued interest.

Mr. DiGiandomenico, a Director, is a managing member of MDB Capital LLC, (MDB) the placement agent in a private offering of our common stock to accredited investors which we completed in April 2004. As compensation, MDB received a warrant to purchase 224,398 shares of common stock exercisable at \$1.50 per share until April 15, 2009. In addition, employees and owners of MDB received warrants with the same terms with respect to 210,026 shares of our common stock, including a warrant for 99,095 shares issued to Mr. DiGiandomenico. The conversion price of the warrants was based on the offering price of our common stock in the then just completed private offering. At the time the trading price for our common stock was \$2.55 per share; however, our common stock was thinly traded. At the time of the April 2005 offering Mr. DiGiandomenico received 10,029 Class A warrants and 10,029 Class B warrants as compensation for the year lockup of his existing share owned.

Mr. Litt, our Vice President of Sales and Marketing, served as a consultant to us in 2004, regarding sales and marketing activities including the launch of our network marketing program. Mr. Litt consulted for 16 to 24 hours per week and received total fees of \$75,000, prior to his employment on October 1, 2004.

On March 1, 2005, Christopher Marlett, a significant shareholder, loaned the Company \$25,000 evidenced by a promissory note. The note provides that the principal together with interest at 10% per annum, are due and payable on the earlier of May 30, 2005 or the closing of the April 2005 public offering. On April 12, 2005 the Company re-paid the note plus accrued interest of \$288.

On March 2, 2005, Mr. Mathis advanced the Company a total of \$170,000 evidenced by a promissory note. The note bears interest at 10% per annum with principal and interest payable by the earlier of May 30, 2005, or the closing of the April 2005 public offering. On April 12, 2005 the Company re-paid the note plus accrued interest of \$1,236.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Our executive officers, directors and beneficial owners of more than 10% of our Common Stock are required to file reports of ownership and changes in ownership of the Common Stock with the SEC. Based solely upon information provided to us by individual directors, executive officers and beneficial owners, we believe that all such reports were timely filed during and with respect to the calendar year ended December 31, 2004, except for John D. Pougnet, who was late filing his initial report of Form 3, Douglas Ridley who was late filing his Form 4 and Sanford D. Greenberg who was late in filing his Form 4.

CODE OF ETHICS

Our Board of Directors has adopted a Code of Ethics applicable to all of our employees, officers and directors. The Code of Ethics covers compliance with law; fair and honest dealings with the Company, its competitors and others; full, fair and accurate disclosure to the public; and procedures for compliance with the Code of Ethics. This Code of Ethics has been filed as Exhibit 14.1 to our Annual Report on Form 10-KSB for the year ended December 31, 2004.

Our Audit Committee reviews and approves all proposed audit and non-audit services prior to the engagement of independent accountants to perform such services. Therefore, the Audit Committee does not presently have any pre-approval policy or procedures. Review and approval of such services generally occur at the Audit Committee's regularly scheduled quarterly meetings. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the Audit Committee has delegated to its chairman the authority to approve audit and non-audit services up to a pre-determined level as approved by the Audit Committee. Any audit or non-audit services approved pursuant to such delegation of authority must be reported to the full Audit Committee at its next regularly scheduled meeting. During calendar 2005 and 2004, all audit and non-audit services performed by the Company's independent accountants were approved in advance by the Audit Committee.

PROPOSALS OF SHAREHOLDERS FOR PRESENTATION AT NEXT ANNUAL MEETING OF SHAREHOLDERS

Any shareholders of record who desire to submit a proper proposal for inclusion in the proxy materials relating to the next annual meeting of shareholders must do so in writing and it must be received at our principal executive offices prior to our calendar year end. The proponent must be a record or beneficial shareholder entitled to vote at the next annual meeting of shareholders on the proposal and must continue to own the securities through the date on which the meeting is held.

SHAREHOLDER COMMUNICATIONS

The Board of Directors believes that, in light of the accessibility of its directors to informal communications, a formal process for shareholders to communicate with directors is unnecessary. Any shareholder communication sent to the Board of Directors will be forwarded to all members of the Board without screening. Any shareholder communication to the Board of Directors should be addressed in care of John D. Pougnet, our Chief Executive Officer and transmitted to us at our offices in Denver, Colorado. In order to assure proper handling, the transmittal envelope should include a notation indicating **Board Communication** or **Director Communication**. All such correspondence should identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or only specified individual directors. Mr. Pougnet will circulate all such correspondence to the appropriate directors.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed our audited financial statements in our Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and from us including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee also discussed with our independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Committee held four meetings telephonically during the calendar year ended December 31, 2005.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended and approved the selection of the Company's independent auditors.

PROPOSAL 2 PROPOSAL TO INCREASE THE NUMBER OF SHARES ISSUABLE UNDER OUR STOCK INCENTIVE PLAN

During October 2002, our stockholders approved our 2002 Stock Incentive Plan (the "2002 Plan"), a stock option plan that included incentive and non-qualified stock options and restricted stock. The aggregate number of shares of Common Stock that could be granted by us pursuant to the 2002 Plan could not exceed a maximum of 300,000 shares of Common Stock.

The 2002 Plan provided that with respect to incentive stock options (ISOs) the option price per share must be at least the fair market value (as determined by the compensation committee, or in lieu thereof, the Board of Directors) of the Common Stock on the date the stock option was granted or based on daily quotes from an exchange or quotation system designated by the compensation committee as the primary market for the shares. Under the 2002 Plan, if for any reason, a change in control occurred, all shares subject to the 2002 Plan immediately became vested and exercisable.

In June 2003, in connection with the reverse acquisition of Instanet, a new stock option plan (the "2003 Stock Incentive Plan") was adopted by us, with the same terms and conditions as the prior plan, except for an increase in the number of shares to be granted under the 2003 Stock Incentive Plan to 800,000 shares of our Common Stock. Options under the 2003 Stock Incentive Plan were substituted for options granted under the 2002 Plan. This modification in substance is treated as though we exchanged newly issued options with an exercise price of \$5.00 per share for the options that had been issued under the 2002 Plan, with our Company incurring additional compensation cost for any incremental increase in value received by the option recipients under the 2003 Stock Incentive Plan. For vested options, the

compensation cost is the excess of the value of the modified options over the original options, and such cost was recognized in 2003. Under the 2003 Stock Incentive Plan, non-vested options are measured similarly, though the excess value, if any, is amortized over the remaining vesting period. As a result of this modification, additional compensation cost was recognized in our consolidated financial statements for the year ended December 31, 2003.

The 2003 Stock Incentive Plan is intended to attract persons of training, experience, and ability to continue as employees, directors, and consultants of our company, and to furnish additional incentive to such persons to become stockholders of our company.

The Compensation Committee of our Board of Directors, which we refer to as the administrator, administers the 2003 Stock Incentive Plan. The administrator has the discretion to interpret the provisions of the 2003 Stock Incentive Plan. The administrator will also determine the persons who will receive awards under the 2003 Stock Incentive Plan, and the number of shares, vesting period, and other terms and conditions of the awards. Our Board of Directors may amend or discontinue the 2003 Stock Incentive Plan at any time, and the 2003 Stock Incentive Plan will expire July 1, 2013.

Options granted under the 2003 Stock Incentive Plan may be either incentive stock options, as defined under the Internal Revenue Code, or nonqualified options. The expiration date, maximum number of shares purchasable, vesting provisions, and any other provisions of options granted under the 2003 Stock Incentive Plan will be established at the time of grant. The 2003 Stock Incentive Plan administrator will set the term of each option, but no options may be granted for terms of greater than ten years. Options will vest and become exercisable in whole or in one or more installments at such time as may be determined by the plan administrator. With respect to incentive stock options granted, the exercise price may not be less than the fair market value of the Common Stock on the date of grant, and shall not be less than 110% of the fair market value of the Common Stock on the date of grant in the event an optionee owns 10% or more of our Common Stock. With respect to nonqualified options, the exercise price may be less than the fair market value of the Common Stock on the date of grant. If the optionee terminates his or her relationship with our Company for any reason, including death or disability, the optionee (or the optionee's estate) may exercise any vested options for a three-month period following his or her termination.

We may grant shares of restricted stock under the 2003 Stock Incentive Plan to eligible persons upon the payment of consideration, if any, as determined by the plan administrator. The administrator may establish a performance goal that must be achieved as a condition to the retention of the restricted stock. The performance goal may be based on the attainment of performance measurement criteria, which may differ as to various eligible persons. The administrator will set the performance criteria and will communicate the criteria in writing to the award recipient prior to the commencement of the period to which the performance relates. During the restricted period, and subject to restrictions on transfer of the shares, the award recipient shall have all voting, dividend, liquidation, and other rights with respect to the Common Stock. In the event the eligible person ceases to be an employee, director, or consultant during a restriction period, or in the event performance goals attributable to a restricted stock award are not achieved, the shares subject to the award that have not been earned are subject to forfeiture.

If any change is made in the Common Stock subject to the 2003 Stock Incentive Plan, or subject to any award granted under the 2003 Stock Incentive Plan (through stock dividends, stock splits, combination of shares, or otherwise), the 2003 Stock Incentive Plan provides that appropriate adjustments will be made as to the aggregate number and exercise prices with respect to each outstanding award. In the event of a merger, consolidation, or other reorganization of our Company, all restrictions relating to restricted stock awards will lapse, and all outstanding stock options will vest. Unless the agreement governing the change in control provides otherwise, upon consummation of the change in control, the 2003 Stock Incentive Plan

will terminate and all outstanding options will terminate if not exercised prior to the consummation of the change in control.

Effective November 17, 2004, the 2003 Stock Incentive Plan was amended to increase the number of shares available to issue under its terms to 1,000,000 shares of our Common Stock. Effective July 22, 2005 the shareholders approved a resolution to increase the number of shares available under the 2003 Stock Incentive Plan to 1,800,000.

We propose to increase the number of shares available under the 2003 Stock Incentive Plan to 2,200,000 as our Board of Directors has determined that additional options are necessary to attract and retain qualified employees, managers and executive officers and directors. Accordingly, our Board of Directors has determined that it is in our best interest to increase the number of shares issuable under the 2003 Stock Incentive Plan to 2,200,000 shares of our Common Stock, and recommends approval of the proposal.

PROPOSAL 3
PROPOSAL TO PERMIT THE FUTURE ISSUANCE AND SALE OF
COMMON STOCK IN CONNECTION WITH FINANCING ACTIVITIES

Our Board of Directors unanimously approved and recommended for submission to the stockholders a proposal to allow the Company to enter into a transaction whereby the Company would sell shares of common stock, along with the issuance of warrants to acquire shares of common stock, in a private placement at a price discounted to the then market value. The proceeds of the sale of common stock will be used by the Company to refinance a bridge loan entered into, to fund the further growth of the business, acquisition of other companies that would create commercial, operational and distribution synergies with the Company's existing products and distribution infrastructure, and for general working capital purposes. Additionally, we are also required by the listing standards of the American Stock Exchange to obtain shareholder approval to enter into a transaction involving the sale, issuance, or potential issuance by us of common stock at a price less than the market value if we offer 20% or more of our presently outstanding stock. The Company proposes to issue a minimum of 1,250,000 shares of common stock and 812,500 warrants to purchase an equal number of shares of common stock at \$1.20 per share; and a maximum of 2,500,000 shares of common stock and 1,625,000 warrants to purchase an equal number of shares of common stock at \$1.20 per share, to raise a minimum of \$1,000,000 and a maximum of \$2,000,000. Additionally, the Company proposes issuing 2,500,000 common stock shares to satisfy contractual obligations arising from the short term debt agreements and to settle the obligations to an employee under an Employment Contract. Additionally, the Company is required to register the common stock and the common stock underlying warrants and if the Registration Statement registering the securities is not declared effective by the SEC within one year of the initial closing the Company will be obliged to issue additional warrants and shares, up to 200,000 common shares and 550,000 warrants to purchase common stock shares of the Company..

Our Board believes that the proposal to issue shares will both fund our immediate working capital needs and enhance our ability to respond to various corporate opportunities which may arise in the future and grant added flexibility for issuances of equity while maintaining enough shares in reserve to satisfy current obligations. The Company intends to use the cash proceeds to fund the launch of a new product, Bazi, at a liquid, nutritional drink packed with eight different superfruits and berries, plus 12 vitamins and 68 minerals. in January 2007 and to continue to fund the working capital needs of its business. The Company will also use the proceeds of the offering to pay short term debt of approximately \$500,000 plus interest. As of November 3, 2006, the Company had 9,697,170 shares of common stock issued and 50,000,000 shares authorized. The terms of the additional shares of common stock which may be sold will be identical to those of the currently outstanding shares of common stock. The terms of the warrants to purchase common stock of the Company will be at an exercise price of 150% of the offering price and for

duration of five (5) years from the date of issue. Additionally, the warrants will contain a call provision at 250% of the offering price whereby the Company can force a redemption. The warrants also allow for a cashless exercise if the Registration Statement covering the offering securities is not declared effective by the SEC within one year of the initial closing of the offering. The proposal to issue additional shares of the authorized shares of the Company, however, may affect the rights of the existing holders of common stock to the extent that future issuances of common stock reduce each existing stockholder's proportionate ownership and voting rights in the Company. In addition, possible dilution caused by future issuances of common stock could lead to a decrease in our net income per share in future periods and a resulting decline in the market price of our common stock. Our stockholders have no preemptive rights with respect to common stock. Thus, should the Board issue additional shares with respect to common stock; existing stockholders would not have any preferential rights to purchase such shares. It is not anticipated that adoption of the proposal would have any other effects on the holders of our common stock.

The Board of Directors recommends that the stockholders of the Company approve the proposal to permit the Company to issue and sell common stock of the Company in connection with financing activities, and that greater than 20% of the outstanding shares may be issued and sold at a price less than market.

PROPOSAL 4
PROPOSAL TO CREATE A DISTRIBUTOR
STOCK OPTION PLAN WITH A RESERVATION OF 200,000 SHARES

Our Board of Directors unanimously approved and recommended for submission to the stockholders a proposal to establish a Stock Option Plan for independent Distributors who distribute the Company's products.

The purpose of the Distributor Option Plan is to enhance shareholder value and financial performance by using the options to attract, retain and motivate the company's Independent Distributors and to encourage stock ownership by such individuals by providing them with a means to acquire interest in the company's success through stock ownership. The Company would use the options as an additional incentive to attract network leaders to the company. Additionally, the ability of the Independent Distributors to participate in an Option Plan of the company could result in enhanced loyalty of the distributors to the Company in the long-term.

Options granted under the 2006 Distributor Stock Incentive Plan will be nonqualified options, as defined under the Internal Revenue Code. The expiration date, maximum number of shares purchasable, vesting provisions and any other provisions of options granted under the 2006 Distributor Stock Incentive Plan will be established at the time of grant. The 2006 Distributor Stock Incentive Plan will be administrated by the Board of the Company. The term of the option will be three years unless that administrator designates a different term for a specific award, but no options may be granted for terms of greater than ten years. Options will vest and become exercisable in whole or in one or more installments at such time as may be determined by the plan administrator. The exercise price may not be less than the fair market value of the Common Stock on the date of grant a full copy of the 2006 Distributor Option Plan is included in Appendix A of this document.

The Board of Directors recommends that the stockholders of the company approve the creation of the 2006 Distributor Option Plan and reserve hereunder options to purchase 200,000 shares of common stock.

**PROPOSAL 5
PROPOSAL TO AMEND THE ARTICLES OF INCORPORATION TO
CHANGE THE NAME OF THE COMPANY FROM
VITACUBE SYSTEMS HOLDINGS, INC. TO XELR8 HOLDINGS, INC.**

Our Board of Directors unanimously approved and recommended for submission to the stockholders a proposal to amend the Company's Articles of Incorporation to change the name of the Company from VitaCube Systems Holdings, Inc. to XELR8 Holdings, Inc.

During 2005 the Company rebranded its products and image from VitaCube to XELR8, along with the launch of the EDS System (three products, EAT, DRINK and SNACK). The rebranding continued in March 2006 when the Company relaunched the existing products into the XELR8 brand. In addition to the 2006 launch the Company discontinued the Basic VitaCube and replaced it with the XELR8 SUPPORT product that packaged the vitamin products differently from the Cube concept. The Company continues to sell the VitaCube products (Elite and Essential Cubes), but is not focused on this product packaging concept.

As a result of the focus from the VitaCubes and the rebranding and launch of the XELR8 products the Company believes that as part of its branding strategy it should have the same primary name as the products it sells.

The Board of Directors recommends that the stockholders of the company approve the amendment to the Articles of Incorporation and change the name from VitaCube Systems Holdings, Inc to XELR8 Holdings, Inc.

However, if other matters properly come before the meeting, the individual named in the accompanying proxy shall vote on such matters in accordance with his best judgment.

The above notice and Proxy Statement are sent by order of the Board of Directors.

(l) **Parent Corporation** shall have the meaning set forth in section 425(e) of the Code with the Company being treated as the employer corporation for purposes of this definition.

(m) **Significant Shareholder** means an individual who, within the meaning of section 422A(b)(6) of the Code, owns securities possessing more than ten percent of the total combined voting power of all classes of securities of the Company. In determining whether an individual is a Significant Shareholder, an individual shall be treated as owning securities owned by certain relatives of the individual and certain securities owned by corporations in which the individual is a shareholder; partnerships in which the individual is a partner; and estates or trusts of which the individual is a beneficiary, all as provided in section 425(d) of the Code.

(n) **Stock** means the \$0.001 par value common stock of the Company.

2.2 *Gender and Number.* Except when otherwise indicated by the context, any masculine terminology when used in this Plan also shall include the feminine gender, and the definition of any term herein in the singular also shall include the plural.

Article III. Eligibility and Participation

3.1 *Eligibility and Participation.* All Distributors are eligible to participate in this Plan and receive Non-Statutory Options hereunder. Optionees in the Plan and the number of Options granted to the Optionees shall be based upon the Monthly Gross Sales of the Company's products as follows:

Monthly Gross Commissionable Sales	Number of Options Granted
\$50,000	500
\$100,000	1,000
\$250,000	2,500

For each month that the Monthly Gross Sales of a Distributor equals the above amounts, the Distributor will receive the applicable number of options, with all options granted and issued on a quarterly basis.

Article IV. Administration

4.1 *Administration.* The Board shall be responsible for administering the Plan.

The Board is authorized to interpret the Plan; to prescribe, amend, and rescind rules and regulations relating to the Plan; to provide for conditions and assurances deemed necessary or advisable to protect the interests of the Company; and to make all other determinations necessary or advisable for the administration of the Plan, but only to the extent not contrary to the express provisions of the Plan. Determinations, interpretations or other actions made or taken by the Board, pursuant to the provisions of this Plan, shall be final and binding and conclusive for all purposes and upon all persons.

The Plan shall be administered by the Board through the executive officers of the Company. The Company's executive officers shall have full power and authority, subject to the limitations of the Plan and any limitations imposed by the Board, to construe, interpret and administer the Plan and to make determinations which shall be final, conclusive and binding upon all persons, including, without limitation, the Company, the stockholders, the directors and any persons having any interests in any Options which may be granted under the Plan.

No member of the Board or any executive officer shall be liable for any action or determination made in good faith with respect to the Plan or any Option granted under it.

Article V. Stock Subject to the Plan

5.1 *Number.* The total number of shares of Stock hereby made available and reserved for issuance under the Plan shall be 200,000 shares. The aggregate number of shares of Stock available under this Plan shall be subject to adjustment as provided in section 5.3. The total number of shares of Stock may be authorized but unissued shares of Stock, or shares acquired by purchase as directed by the Board from time to time in its discretion, to be used for issuance upon exercise of Options granted hereunder.

5.2 *Unused Stock.* If an Option shall expire or terminate for any reason without having been exercised in full, the unpurchased shares of Stock subject thereto shall (unless the Plan shall have terminated) become available for other Options under the Plan.

5.3 *Adjustment in Capitalization.* In the event of any change in the outstanding shares of Stock by reason of a stock dividend or split, recapitalization, reclassification or other similar corporate change, the aggregate number of shares of Stock set forth in section 5.1 shall be appropriately adjusted by the Board to reflect such change. The Board's determination shall be conclusive; provided, however, that fractional shares shall be rounded to the nearest whole share. In any such case, the number and kind of shares of Stock that are subject to any Option (including any Option outstanding after termination of employment) and the Option price per share shall be proportionately and appropriately adjusted without any change in the aggregate Option price to be paid therefor upon exercise of the Option.

Article VI. Duration of the Plan

6.1 *Duration of the Plan.* The Plan shall be in effect until ten years from the effective date of the Plan. Any Options outstanding at the end of said period shall remain in effect in accordance with their terms. The Plan shall terminate before the end of said period if all Stock subject to it has been purchased pursuant to the exercise of Options granted under the Plan.

Article VII. Terms of Stock Options

7.1 *Grant of Options.* Subject to sections 3.1 and 5.1, Options shall be determined by any of the Company's executive officers based on the Company's records of eligibility and the Options shall be granted to Optionees on a quarterly basis.

The Board or any executive officer is expressly given the authority to issue amended or replacement Options with respect to shares of Stock subject to an Option previously granted hereunder. An amended Option amends the terms of an Option previously granted (including an extension of the terms of such Option) and thereby supersedes the previous Option. A replacement Option is similar to a new Option granted hereunder except that it provides that it shall be forfeited to the extent that a previously granted Option is exercised, or except that its issuance is conditioned upon the termination of a previously granted Option.

7.2 *Option Agreement; Terms and Conditions to Apply Unless Otherwise Specified.* As determined by the Board or any executive officer on the date of grant, each Option shall be evidenced by an Option agreement (the "Option Agreement") that includes the non-transferability provisions required by section 9.2 hereof and specifies: the Option price; the term (duration) of the Option; the number of shares of Stock to which the Option applies; any vesting or exercisability restrictions which may be imposed; and any other terms or conditions which the may be imposed.

If not otherwise specified by the Board, the following terms and conditions shall apply to Options granted under the Plan:

(a) *Term.* The Option shall be exercisable to purchase Stock for a period of three years from the date of grant, as evidenced by the execution date of the Option Agreement.

(b) *Exercise of Option.* Unless an Option is terminated as provided hereunder, an Optionee may exercise his Option for up to, but not in excess of, the number of shares of Stock subject to all Options received by the Optionee.

The Board may specify terms and conditions other than those set forth above, in its discretion.

All Option Agreements shall incorporate the provisions of the Plan by reference.

7.4 *Option Price.* The Option price for all Options shall be the Fair Market Value of the Stock on the date of grant.

7.5 *Payment.* Payment for all shares of Stock shall be made at the time that an Option, or any part thereof, is exercised, and no shares shall be issued until full payment therefor has been made. Payment shall be made in cash or certified funds.

Article VIII. Written Notice, Issuance of Stock Certificates, Stockholder Privileges

8.1 *Written Notice.* An Optionee wishing to exercise an Option shall give written notice to the Company, in the form and manner prescribed by the Board or any executive officer. Full payment for the shares exercised pursuant to the Option must accompany the written notice.

8.2 *Issuance of Stock Certificates.* As soon as practicable after the receipt of written notice and payment, the Company shall deliver to the Optionee or to a nominee of the Optionee a certificate or certificates for the requisite number of shares of Stock.

8.3 *Privileges of a Stockholder.* An Optionee or any other person entitled to exercise an Option under this Plan shall not have stockholder privileges with respect to any Stock covered by the Option until the date of issuance of a stock certificate for such stock.

Article IX. Rights of Optionees

9.1 *Distributorship.* Nothing in this Plan shall interfere with or limit in any way the right of the Company to terminate any Distributor as a distributor of the Company's products at any time, nor confer upon any Distributor any right to continue as a distributor of the Company's products.

9.2 *Non-transferability.* Except as otherwise specified by the Board, Options granted under this Plan shall be non-transferable by the Optionee, other than by will or the laws of descent and distribution, and shall be exercisable during the Optionee's lifetime only by the Optionee.

Article X. Amendment, Modification and Termination of the Plan

10.1 *Amendment, Modification and Termination of the Plan.* The Board or any executive officer may at any time terminate and from time to time may amend or modify the Plan. No amendment, modification or termination of the Plan shall in any manner adversely affect any outstanding Option under the Plan without the consent of the Optionee holding the Option.

A-4

Article XI. Acquisition, Merger and Liquidation

11.1 *Acquisition.* In the event that an Acquisition, as defined below, occurs with respect to the Company, the Company shall have the option, but not the obligation, to cancel Options outstanding as of the effective date of Acquisition, whether or not such Options are then exercisable, in return for payment to the Optionees of an amount equal to a reasonable estimate of an amount (hereinafter the Spread) equal to the difference between the net amount per share of Stock payable in the Acquisition, or as a result of the Acquisition, less the exercise price of the Option. In estimating the Spread, appropriate adjustments to give effect to the existence of the Options shall be made, such as deeming the Options to have been exercised, with the Company receiving the exercise price payable thereunder, and treating the shares receivable upon exercise of the Options as being outstanding in determining the net amount per share. For purposes of this section, an Acquisition shall mean any transaction in which substantially all of the Company's assets are acquired or in which a controlling amount of the Company's outstanding shares are acquired, in each case by a single person or entity or an affiliated group of persons and/or entities. For purposes of this section a controlling amount shall mean more than 50% of the issued and outstanding shares of stock of the Company. The Company shall have such an option regardless of how the Acquisition is effectuated, whether by direct purchase, through a merger or similar corporate transaction, or otherwise. In cases where the acquisition consists of the acquisition of assets of the Company, the net amount per share shall be calculated on the basis of the net amount receivable with respect to shares upon a distribution and liquidation by the Company after giving effect to expenses and charges, including but not limited to taxes, payable by the Company before the liquidation can be completed.

Where the Company does not exercise its option under this section 11.1, the remaining provisions of this Article XI shall apply, to the extent applicable.

11.2 *Merger or Consolidation.* Subject to any required action by the stockholders, if the Company shall be the surviving corporation in any merger or consolidation, any Option granted hereunder shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to the Option would have been entitled in such merger or consolidation.

11.3 *Other Transactions.* A dissolution or a liquidation of the Company or a merger and consolidation in which the Company is not the surviving corporation shall cause every Option outstanding hereunder to terminate as of the effective date of such dissolution, liquidation, merger or consolidation. However, the Optionee either (i) shall be offered a firm commitment whereby the resulting or surviving corporation in a merger or consolidation will tender to the Optionee an option (the Substitute Option) to purchase its shares on terms and conditions both as to number of shares and otherwise, which will substantially preserve to the Optionee the rights and benefits of the Option outstanding hereunder granted by the Company, or (ii) shall have the right immediately prior to such dissolution, liquidation, merger, or consolidation to exercise any unexercised Options whether or not then exercisable, subject to the provisions of this Plan. The Board shall have absolute and uncontrolled discretion to determine whether the Optionee has been offered a firm commitment and whether the tendered Substitute Option will substantially preserve to the Optionee the rights and benefits of the Option outstanding hereunder.

Article XII. Securities Registration

12.1 *Securities Registration.* In the event that the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended, or any other applicable statute, any Options or any Stock with respect to which an Option may be or shall have been granted or exercised, or to qualify any such Options or Stock under the Securities Act of 1933, as amended, or any other statute, then the Optionee shall cooperate with the Company and take such action as is necessary to permit registration or qualification of such Options or Stock.

Unless the Company has determined that the following representation is unnecessary, each person exercising an Option under the Plan may be required by the Company, as a condition to the issuance of the

shares pursuant to exercise of the Option, to make a representation in writing (a) that the Optionee is acquiring such shares for his own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof, (b) that before any transfer in connection with the resale of such shares, the Optionee will obtain the written opinion of counsel for the Company, or other counsel acceptable to the Company, that such shares may be transferred. The Company may also require that the certificates representing such shares contain legends reflecting the foregoing.

Article XIII. Tax Withholding

13.1 *Tax Withholding.* Whenever shares of Stock are to be issued in satisfaction of Options exercised under this Plan, the Company shall have the power to require the recipient of the Stock to remit to the Company an amount sufficient to satisfy federal, state and local withholding tax requirements.

Article XIV. Indemnification

14.1 *Indemnification.* To the extent permitted by law, each person who is or shall have been a member of the Board or an executive officer shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of judgment in any such action, suit or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's articles of incorporation or bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Article XV. Requirements of Law

15.1 *Requirements of Law.* The granting of Options and the issuance of shares of Stock upon the exercise of an Option shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

15.2 *Governing Law.* The Plan and all agreements hereunder shall be construed in accordance with and governed by the laws of the State of Colorado.

Article XVI. Effective Date of Plan

16.1 *Effective Date.* The Plan shall be effective on December 18, 2006.

Article XVII. No Obligation to Exercise Option

17.1 *No Obligation to Exercise.* The granting of an Option shall impose no obligation upon the holder thereof to exercise such Option.
