Dear Valued Customer:

I write to you today with some very important and exciting news relating to the growth and future of Kronos. As previously announced, Kronos has entered into a definitive agreement to be acquired by Hellman & Friedman LLC (H&F), one the world s leading private investment firms. As part of this transaction, which we expect to close during the fourth quarter of Fiscal 2007, Kronos will become a private company.

We want to assure you, as a valued customer, that we expect that the change of ownership will have no impact on the relationship we have established. Kronos corporate mission and dedication to our customers will remain the same. We will continue to focus on developing solutions to address the unique demands inherent in your business and industry. In addition, we expect that your Kronos contacts will remain unchanged.

We believe that being a private company will offer many benefits, including allowing us to devote our full attention to our customers, and, with H&F s support, to make decisions focused on the long-term success of our business, solutions, and brand. Upon completion of the transaction, our current senior management team will continue to lead the company.

H&F is a leading global private investment firm with more than \$16 billion of assets under management. The firm has a long history of creating value for the companies in which it invests. H&F has extensive expertise investing in the software sector, though it invests in companies across a broad spectrum of industries. Finally, H&F has an excellent track record of investment success, which we believe will benefit Kronos, our employees, and customers.

For more information, please access our press release and Q&A document on our customer portal at [www.customer.kronos.com](http://www.customer.kronos.com). For additional service and sales information, please contact your existing Kronos representative.

We will keep you apprised of key developments. We understand that many factors go into your choice of a business partner, and we value open communication with you.

Thank you. We look forward to continuing to serve you.

Sincerely,

Aron Ain

### **What does this announcement mean?**

The investor group led by Hellman & Friedman (H&F) has agreed to acquire Kronos. Once this transaction is complete, Kronos will become a privately owned company. It is anticipated that Kronos will continue to operate substantially as it does today, however simply as one of H&F's portfolio companies. It is very important to note that H&F is an owner, not operator. For information about H&F, please see About H&F in our press release.

### **Why did H&F purchase Kronos?**

H&F decided to purchase Kronos because it believes in and supports our strategy to grow to \$1 billion and beyond. It valued:

- Our industry leadership position in workforce management
- The progress we have made toward becoming a global company
- Our unique and industry-leading talent management solution
- Our exceptional employee talent, tenure, and domain knowledge
- Our long track record of consistent growth and profitability
- Our experienced management team

### **How will Kronos customers benefit from the transaction?**

We believe this partnership provides us a greater degree of freedom and flexibility to build a growth-oriented future for our company. This transaction will enable us to more efficiently deploy capital and resources in a manner that best drives our business forward, providing the greatest value for our customers, employees, and partners. Subsequent to the closing of the transaction, Kronos' corporate mission and strategic plan will remain the same.

### **Will my account/sales executive be the same after the acquisition?**

We expect that your Kronos account/sales executive will remain the same.

### **What products will be most affected by the acquisition? Will you continue to support and maintain current products?**

This transaction has no impact on our product roadmap. We will continue to invest in the products and services that deliver greatest value to our customers. H&F is acquiring Kronos because it believes in the industry and the company and is committed to ensuring that Kronos continues to grow while maintaining a high level of customer service. Through a great deal of time spent with Kronos' senior management team in connection with its diligence review of the company, H&F shares Kronos' vision of the future and supports the company's product strategy and roadmap.

### **Was the business in trouble?**

Absolutely not. Our performance over the past several years and the past several quarters has been very strong. Our strong and consistent performance is a critical reason H&F decided to purchase Kronos.

### **What is H&F's vision for Kronos?**

## Edgar Filing: KRONOS INC - Form DEFA14A

Kronos' vision and mission will not change. H&F is committed to supporting management in its successful efforts to grow through focus on product innovation and customer satisfaction. Additionally, H&F will encourage the company to continue pursuing strategic acquisitions, grow as a global company, and expand in the area of talent management.

### **Will Kronos' current management team remain in place after the transaction closes?**

H&F is very excited to support and work with the company's current management team and does not expect any significant changes.
