**Item 1.01 Entry into a Material Definitive Agreement**

On May 2, 2008, the Registrant and its operating partnership, Corporate Office Properties, L.P. (the Operating Partnership), entered into a construction loan agreement (the Construction Loan Agreement) with a group of lenders for which KeyBanc Capital Markets, Inc. acted as arranger, KeyBank National Association (KeyBank) acted as administrative agent, Bank of America, N.A. acted as syndication agent and Manufacturers and Traders Trust Company acted as documentation agent. See the description of this agreement in Item 2.03 below.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On May 2, 2008, the Registrant and the Operating Partnership entered into the Construction Loan Agreement with a group of lenders for which KeyBanc Capital Markets, Inc. acted as arranger, KeyBank acted as administrative agent, Bank of America, N.A. acted as syndication agent and Manufacturers and Traders Trust Company acted as documentation agent.

The Construction Loan Agreement provides for an aggregate commitment by the lenders of \$225.0 million, with a right for the Operating Partnership to further increase the lenders' aggregate commitment during the term to a maximum of \$325.0 million, subject to certain conditions. Ownership interests in the properties for which construction costs are being financed through loans under the Construction Loan Agreement (each a Loan) are pledged as collateral for the Loan. Borrowings are generally available for properties included in the Construction Loan Agreement based on 85% of the total budgeted costs of construction of the applicable improvements for such properties as set forth in the properties' construction budgets, subject to certain other Loan-to-value and debt coverage requirements. The Construction Loan Agreement matures on May 2, 2011, and may be extended by one year at the Operating Partnership's option, subject to certain conditions.

The variable interest rate on each Loan is based on one of the following, to be selected by the Operating Partnership: (1) subject to certain conditions, the LIBOR rate for the interest period designated by the Operating Partnership (customarily the 30-day rate) plus 1.6% to 2.0%, as determined by the Registrant's leverage levels at different points in time; or (2) the greater of (a) the prime rate of the lender then acting as agent or (b) the Federal Funds Rate, as defined in the Construction Loan Agreement, plus 0.50%. Interest is payable at the end of each interest period (as defined in the Construction Loan Agreement), and principal outstanding under each Loan is payable on the maturity date. The Construction Loan Agreement also carries a quarterly fee that is based on the unused amount of the commitment multiplied by a per annum rate of 0.125% to 0.20%.

Under the Construction Loan Agreement, the Registrant must comply with customary covenants for construction loan agreements. All outstanding principal and accrued interest and fees under the Construction Loan Agreement may, at the option of the lender, become immediately due and the Construction Loan Agreement could be terminated upon events of default, including, among other things, noncompliance with financial covenants, failure to make required payments on Loans or other material indebtedness of the Registrant, failure to maintain its status as a real estate investment trust or bankruptcy.
