Xyratex Ltd Announces Results for the First Quarter Fiscal Year 2009

Havant, UK March 26, 2009 Xyratex Ltd (Nasdaq: XRTX), a leading provider of enterprise class data storage subsystems and storage process technology, today announced results for the first fiscal quarter ended February 28, 2009. Revenues for the first quarter were \$183.9 million, a decrease of 15.3% compared to revenues of \$217.1 million for the same period last year.

For the first quarter, GAAP net loss was \$16.1 million, or \$0.55 per share, compared to GAAP net loss of \$2.2 million, or \$0.08 per share, in the same period last year. Non-GAAP net loss was \$10.8 million, or \$0.37 per share, compared to non-GAAP net income of \$0.7 million, or \$0.03 per share, in the same quarter a year ago (1).

Gross profit margin in the first quarter was 11.4%, compared to 15.1% in the same period last year, primarily due to the reduction in margin in the Networked Storage Solutions division as a result of higher overheads and changes in customer mix.

Revenues from our Networked Storage Solutions products were \$165.7 million as compared to \$187.8 million in the same quarter a year ago, a decrease of 11.7%. Gross profit margin in the Networked Storage Solutions business was 11.1% as compared to 14.7% a year ago. Revenues from our Storage Infrastructure products were \$18.2 million as compared to \$29.3 million in the same quarter a year ago, a decrease of 38%. Gross profit margin in the Storage Infrastructure business was 15.2% as compared to 18.9% a year ago.

The global economic environment has created some challenging business conditions that we are working through with our customers. This led us to take corporate restructuring actions during the quarter which have provided annualized expense savings in excess of 10% compared with 2008. We have now decided to take additional actions during the second quarter which will further reduce annualized expense by 10-15%. This was a very difficult decision, but we believe our actions will best position the company for the future, said Steve Barber, CEO of Xyratex. Although visibility remains limited in the near term, I believe there are early signs of market demand stabilizing and that our customers are taking the right actions to position themselves for growth within their respective markets. We remain focused on executing as efficiently and

effectively as possible in this uncertain economic environment.

Conference Call/Webcast Information

Xyratex quarterly results conference call will be broadcast live via the internet at www.xyratex.com/investors on Thursday, March 26, 2009 at 2:00 p.m. Pacific Time/5:00 p.m. Eastern Time. You can also access the conference call by dialing +1 (866) 783-2140 in the United States and +1 (857) 350-1599 outside of the United States, passcode 45202268. The press release will be posted to the company web site www.xyratex.com.

A replay will be available through April 2, 2009 following the live call by dialing +1 (888) 286-8010 in the United States and +1 (617) 801-6888 outside the United States, replay code 70807235.

(1) Non-GAAP net income (loss) and diluted earnings (loss) per share excludes (a) amortization of intangible assets, (b) equity compensation expense, (c) specified non-recurring items, such as restructuring costs, the impairment of goodwill and valuation allowance against a deferred tax asset, (d) the related tax effects and (e) the effect of changes in exchange rates on the income tax expense. Reconciliation of non-GAAP net income (loss) and diluted earnings (loss) per share to GAAP net income (loss) and GAAP diluted earnings (loss) per share is included in a table immediately following the condensed consolidated statements of cash flow below.

The intention in providing these non-GAAP measures is to provide supplemental information regarding the Company s operational performance while recognizing that they have material limitations and that they should only be referred to with reference to the corresponding GAAP measure.

The Company believes that the provision of these non-GAAP financial measures is useful to investors and investment analysts because it enables comparison to the Company s historical operating results, those of competitors and other industry participants and also provides transparency to the measures used by management in operational and financial decision making. In relation to the specific items excluded:

(a) intangible assets represent costs incurred by the acquired business prior to acquisition, are not cash costs and will not be replaced when the assets are fully amortized and therefore the exclusion of these costs provides management and investors with better visibility of the costs required to generate revenue over time; (b) equity compensation expense is non-cash in nature, is outside the control of management during the period in which the expense is incurred; (c) restructuring costs are not comparable across periods or with other companies and the impairment of goodwill and the valuation allowance against the deferred tax asset are non-recurring, non-cash and are not comparable across periods or with other companies; (d) the exclusion of the related tax effects of excluding items (a) to (c) is necessary to show the effect on net income of the change in tax expense that would have been recorded if these items had not been incurred; (e) the effect of changes in exchange rates on deferred tax balances is non-cash and is not comparable across periods or with other companies.

3

Safe Harbor Statement

This press release contains forward looking statements. These statements relate to future events or our future financial performance. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ materially from any future results, levels of activity, performance or achievements expressed or implied by these forward looking statements. Factors that might cause such a difference include our inability to compete successfully in the competitive and rapidly changing marketplace in which we operate, failure to retain key employees, cancellation or delay of projects and adverse general economic conditions in the United States and internationally. These risks and other factors include those listed under Risk Factors and elsewhere in our Annual Report on Form 20-F as filed with the Securities and Exchange Commission (File No. 000-50799). In some cases, you can identify forward-looking statements by terminology such as may, will, should, expects, intends, plans, anticipates, believes, predicts, potential, continue, or the negative of these terms or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.
