## Edgar Filing: Patni Computer Systems LTD - Form 6-K

During the three months ended 30 June 2009, due to adverse market conditions, the Company reviewed the recoverability of the carrying amount of Intellectual Property Rights ( IPR ) in accordance with FAS 144 Accounting for the Impairment or Disposal of Long-Lived Assets ( FAS 144 ). The expected future undiscounted cash flows from use of this intangible exceeds the carrying amount as at 30 June 2009. Accordingly, no impairment charge has been recorded.

3

In December 2008, the Company received a Demand of approximately Rs. 4,587 for the Assessment Year 2003-04 including an interest demand of Rs. 2,586 (\$ 96 including an interest demand of approximately \$ 54) and another Demand in January 2009 of approximately Rs. 11,318 for the Assessment Year 2005-06 including an interest demand of approximately Rs. 4,220 (\$ 236 including an interest demand of approximately \$ 88). These new demands concern the same issue of disallowance of tax benefits under Section 10A as per earlier assessments. The Company has filed an appeal with the tax authorities and a stay of demand has been granted until 30 June 2009 or settlement of appeal whichever is earlier.

As per stay of demand order till June 2009 the Company has paid sum of Rs. 660 (\$ 14) for the Assessment Year 2003-04 and Rs. 1,430 (\$ 30) for the Assessment year 2005-06 as such the matter under appeal. Subsequently in June 2009 the Company has filed an extension for stay of demand and the same has been granted till August 2009 or settlement of appeal whichever is earlier. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

The tax department had earlier rejected our claim under section 10A and raised a demand of approximately Rs. 6,302 (\$ 132 including an interest demand of approximately \$ 39) for AY 2004-05 and Rs. 2,617 million (\$ 55 including an interest demand of approximately \$ 29) for AY 2002-03 in December 2006 and December 2007 respectively. However on appeal, in 2008 the CIT (Appeals) had allowed the claim under section 10A of the Income Tax Act, 1961. The Indian Income tax department has appealed against the CIT (Appeals ) orders in respect of assessment year 2002-03 and 2004-05 in the tribunal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. There are no such matters pending that the Company expects to be material in relation to its business.

4

Previous period s figures have been appropriately reclassified to conform to the current period s presentations.

5

The above summary of consolidated financial results were taken on record by the Board of Directors at its adjourned meeting held on 30 July 2009.

The Group evaluates segment performance and allocates resources based on revenue growth. Revenue in relation to segments is categorized based on items that are individually identifiable to that segment. Costs are not specifically allocable to individual segments as the underlying resources and services are used interchangeably. Fixed assets used in Group's business or liabilities contracted have not been identified to any of the reportable segments, as the fixed assets and services are used interchangeably between segments.

From January 1, 2009, retail, logistics and transportation segment (previously included under Others in the Company's segment information disclosures) has been merged with the manufacturing industry practice (now renamed as Manufacturing, Retail and Distribution). This integration of industry practices is mainly due to similar service offerings, as both require large Enterprise Resource Planning ( ERP ) implementation with significant work towards supply chain management. Further, Energy and utilities segment (previously included under Others in the Company's segment information disclosures) has been merged with the Communications, Media and Entertainment industry practice (now renamed as Communications, Media and Utilities) as the Business Support Systems ( BSS ) platform is commonly used in case of these industry practices. With effect from 1 January 2009 Costs and estimated earnings in excess of billings on uncompleted contracts has been disclosed as Unbilled revenue.

These new demands concern the same issue of disallowance of tax benefits under Section 10A as per the earlier assessments. The Company has filed an appeal with the tax authorities and stay of demand has been granted till 30 June 2009 or settlement of appeal whichever is earlier. As per stay of demand order till June 2009 the company has paid sum of Rs. 660 for the Assessment Year 2003-04 and Rs.1,430 for the Assessment year 2005-06. Subsequently in June 2009 the Company has filed an extension for stay of demand and the same has been granted till August 2009 or settlement of appeal whichever is earlier. The Tax department had earlier rejected our claim under section 10A and raised a demand of Rs. 6,302 for AY 2004-05 and Rs. 2,617 for AY 2002-03 in December 2006 and December 2007 respectively. However on appeal in 2008, the CIT (Appeal) had allowed the claim under section 10A of the Income Tax Act, 1961. The Income tax department has appealed against the CIT (Appeals ) orders in respect of assessment year 2002-03 and 2004-05 in the tribunal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in the ordinary course of business. Such pending matters, in the opinion of management, are not expected to be material in relation to the Company's business.
