Notes to Condensed Consolidated Financial Statements

(Unaudited)

June 30, 2009

1. Organization and Basis of Presentation

SL Green Realty Corp., also referred to as the Company or SL Green, a Maryland corporation, and SL Green Operating Partnership, L.P., or the operating partnership, a Delaware limited partnership, were formed in June 1997 for the purpose of combining the commercial real estate business of S.L. Green Properties, Inc. and its affiliated partnerships and entities. The operating partnership received a contribution of interest in the real estate properties, as well as 95% of the economic interest in the management, leasing and construction companies which are referred to as the Service Corporation. The Company has qualified, and expects to qualify in the current fiscal year, as a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, or the Code, and operates as a self-administered, self-managed REIT. A REIT is a legal entity that holds real estate interests and, through payments of dividends to stockholders, is permitted to reduce or avoid the payment of Federal income taxes at the corporate level. Unless the context requires otherwise, all references to we, our and us means the Company and all entities owned or controlled by the Company, including the operating partnership.

Substantially all of our assets are held by, and our operations are conducted through, the operating partnership. The Company is the sole managing general partner of the operating partnership. As of June 30, 2009, noncontrolling investors held, in the aggregate, a 3.0% limited partnership interest in the operating partnership.

On January 25, 2007, we completed the acquisition, or the Reckson Merger, of all of the outstanding shares of common stock of Reckson Associates Realty Corp., or Reckson, pursuant to the terms of the Agreement and Plan of Merger, dated as of August 3, 2006, as amended, the Merger Agreement, among SL Green, Wyoming Acquisition Corp., or Wyoming, Wyoming Acquisition GP LLC, Wyoming Acquisition Partnership LP, Reckson and Reckson Operating Partnership, L.P., or ROP. We paid approximately \$6.0 billion, inclusive of transaction costs, for Reckson. ROP is a subsidiary of our operating partnership.

On January 25, 2007, we completed the sale, or Asset Sale, of certain assets of ROP to an asset purchasing venture led by certain of Reckson's former executive management, or the Buyer, for a total consideration of approximately \$2.0 billion.

As of June 30, 2009, we owned the following interests in commercial office properties in the New York Metro area, primarily in midtown Manhattan, a borough of New York City, or Manhattan. Our investments in the New York Metro area also include investments in Brooklyn, Queens, Long Island, Westchester County, Connecticut and New Jersey, which are collectively known as the Suburban assets:

Location	Ownership	Number of Properties	Square Feet	Weighted Average Occupancy (1)
----------	-----------	----------------------	-------------	--------------------------------

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

Manhattan	Consolidated properties	21	13,782,200	97.0%
	Unconsolidated properties	8	9,429,000	95.0%
Suburban	Consolidated properties	26	4,008,000	87.5%
	Unconsolidated properties	6	2,941,700	94.1%
		61	30,160,900	94.8%

(1) The weighted average occupancy represents the total leased square feet divided by total available rentable square feet.

We also own investments in eight retail properties encompassing approximately 400,212 square feet, three development properties encompassing approximately 399,800 square feet and two land interests. In addition, we manage three office properties owned by third parties and affiliated companies encompassing approximately 1.0 million rentable square feet.

Partnership Agreement

In accordance with the partnership agreement of the operating partnership, or the operating partnership agreement, we allocate all distributions and profits and losses in proportion to the percentage ownership interests of the respective partners. As the managing general partner of the operating partnership, we are required to take such reasonable efforts, as determined by us in our sole discretion, to cause the operating partnership to distribute sufficient amounts to enable the payment of sufficient dividends by us to avoid any Federal income or excise tax at the Company level. Under the operating partnership agreement each limited partner will have the right to redeem units of limited partnership interests for cash, or if we so elect, shares of our common stock on a one-for-one basis. In addition, we are prohibited from selling 673 First Avenue before August 2009, under certain circumstances.

Notes to Condensed Consolidated Financial Statements

(Unaudited)

June 30, 2009

Basis of Quarterly Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included. The 2009 operating results for the period presented are not necessarily indicative of the results that may be expected for the year ending December 31, 2009. These financial statements should be read in conjunction with the financial statements and accompanying notes included in our Annual Report on Form 10-K, Form 10-K/A No. 1 and Form 10-K/A No. 2 for the year ended December 31, 2008.

The balance sheet at December 31, 2008 has been derived from the audited financial statements at that date but does not include all the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements.

2. Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include our accounts and those of our subsidiaries, which are wholly-owned or controlled by us or entities which are variable interest entities in which we are the primary beneficiary under the Financial Accounting Standards Board, or FASB, Interpretation No. 46R, or FIN 46R, Consolidation of Variable Interest Entities - an Interpretation of ARB No. 51. See Note 5, Note 6 and Note 7. Entities which we do not control and entities which are variable interest entities, but where we are not the primary beneficiary are accounted for under the equity method. We have two variable interest entities for which we are considered to be the primary beneficiary as a result of loans we made to our joint venture partner to fund our partner's equity in the joint venture. The interest that we do not own is included in Noncontrolling Interests in Other Partnerships on the balance sheet. All significant intercompany balances and transactions have been eliminated.

Effective January 1, 2009, we adopted SFAS 160, or SFAS No. 160, Non-controlling Interests in Consolidated Financial Statements an amendment of ARB No. 51, which defines a noncontrolling interest in a consolidated subsidiary as the portion of the equity (net assets) in a subsidiary not attributable, directly or indirectly, to a parent and requires noncontrolling interests to be presented as a separate component of equity in the consolidated balance sheet subject to the provisions of EITF Topic D-98, or EITF D-98, Classification and Measurement of Redeemable Securities. SFAS No. 160 also modifies the presentation of net income by requiring earnings and other comprehensive income to be attributed to controlling and noncontrolling interests. Below are the steps we have taken as a result of the implementation of this standard:

- We have reclassified the noncontrolling interests of other consolidated partnerships from the mezzanine section of our balance sheet to equity. This reclassification totaled approximately \$531.4 million as of December 31, 2008.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

- Noncontrolling interests of our operating partnership will continue to be classified in the mezzanine section of the balance sheet as these redeemable OP Units do not meet the requirements for equity classification under EITF D-98. The redemption feature requires the delivery of cash or shares of stock. See Note 13.
- Net income attributable to noncontrolling interests of our operating partnership and of other consolidated partnerships is no longer included in the determination of net income. We reclassified prior year amounts to reflect this requirement. The adoption of this standard has no effect on our earnings per share.
- We adjust the noncontrolling interests of our operating partnership each period so that the carrying value equals the greater of its carrying value based on the accumulation of historical cost or its redemption value as prescribed by EITF D-98. Net income is allocated to the noncontrolling partners of our operating partnership based on their weighted average ownership percentage during the period.

Investment in Commercial Real Estate Properties

On a periodic basis, we assess whether there are any indicators that the value of our real estate properties may be impaired or that its carrying value may not be recoverable. A property's value is considered impaired if management's estimate of the aggregate future cash flows (undiscounted and without interest charges for consolidated properties and discounted for unconsolidated properties) to be generated by the property are less than the carrying value of the property. To the extent impairment has occurred, the loss will be measured as the excess of the carrying amount of the property over the fair value of the property. We do not believe that the value of any of our consolidated rental properties or equity investments in rental properties was impaired at June 30, 2009 and December 31, 2008.

In accordance with SFAS No. 141, Business Combinations, we allocate the purchase price of real estate to land and building and, if determined to be material, intangibles, such as the value of above-, below- and at-market leases and origination costs associated with the in-place leases. We depreciate the amount allocated to building and other intangible assets over their estimated useful lives, which generally range from three to 40 years and from one to 14 years, respectively. The values of the above- and below-market leases are amortized and recorded as either an increase (in the case of below-market leases) or a decrease (in the case of above-market leases) to rental income over the remaining term of the associated lease, which range from one to 14 years. The value associated with in-place leases are amortized over the expected term of the associated lease and its estimated term, which range from one to 14 years. If a tenant vacates its space prior to the contractual termination of the lease and no rental payments are being made on the lease, any unamortized balance of the related intangible will be written off. The tenant improvements and origination costs are amortized as an expense over the remaining life of the lease (or charged against earnings if the lease is terminated prior to its contractual expiration date). We assess fair value of the leases based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property.

As a result of our evaluations, under SFAS No. 141, of acquisitions made, we recognized an increase of approximately \$5.1 million, \$10.5 million, \$4.0 million and \$9.6 million in rental revenue for the three and six months ended June 30, 2009 and 2008, respectively, for the amortization of aggregate below-market rents in excess of above-market leases and a reduction in lease origination costs, resulting from the allocation of the purchase price of the applicable properties. We recognized a reduction in interest expense for the amortization of the above-market rate mortgages of approximately \$0.3 million, \$2.1 million, \$1.7 million and \$3.4 million for the three and six months ended June 30, 2009 and 2008, respectively.

The following summarizes our identified intangible assets (acquired above-market leases and in-place leases) and intangible liabilities (acquired below-market leases). Amounts in thousands:

Identified intangible assets (included in other assets):

Reserve for Possible Credit Losses

The expense for possible credit losses in connection with structured finance investments is the charge to earnings to increase the allowance for possible credit losses to the level that we estimate to be adequate considering delinquencies, loss experience and collateral quality. Other factors considered relate to geographic trends and product diversification, the size of the portfolio and current economic conditions. Based upon these factors, we establish the provision for possible credit losses by loan. When it is probable that we will be unable to collect all amounts contractually due, the investment is considered impaired.

Where impairment is indicated, a valuation allowance is measured based upon the excess of the recorded investment amount over the net fair value of the collateral, as reduced by selling costs. Any deficiency between the carrying amount of an asset and the net sales price of repossessed collateral is charged to expense. We recorded approximately \$45.6 million, \$107.6 million, \$5.0 million and \$5.0 million in loan loss reserves and charge offs during the three and six months ended June 30, 2009 and 2008, respectively.

Structured finance investments held for sale are carried at the lower of cost or fair market value using available market information obtained through consultation with dealers or other originators of such investments as well as discounted cash flow models based on Level 3 data pursuant to SFAS No. 157. As of June 30, 2009, loans with a gross carrying value of \$73.8 million had been designated as assets held for sale. We recorded a mark-to-market adjustment of approximately \$64.2 million against our held for sale investments during the six months ended June 30, 2009.

Income Taxes

We are taxed as a REIT under Section 856(c) of the Code. As a REIT, we generally are not subject to Federal income tax. To maintain our qualification as a REIT, we must distribute at least 90% of our REIT taxable income to our stockholders and meet certain other requirements. If we fail to qualify as a REIT in any taxable year, we will be subject to Federal income tax on our taxable income at regular corporate rates. We may also be subject to certain state, local and franchise taxes. Under certain circumstances, Federal income and excise taxes may be due on our undistributed taxable income.

Pursuant to amendments to the Code that became effective January 1, 2001, we have elected, and may in the future, elect to treat certain of our existing or newly created corporate subsidiaries as taxable REIT subsidiaries, or a TRS. In general, a TRS of ours may perform non-customary services for our tenants, hold assets that we cannot hold directly and generally may engage in any real estate or non-real estate related business. Our TRSs generate income, resulting in Federal income tax liability for these entities. Our TRSs recorded approximately \$2.1 million and none

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

in Federal, state and local tax expense during the six months ended June 30, 2009 and 2008, respectively, of which \$0.7 million and \$0.6 million, respectively, had been paid.

Stock-Based Employee Compensation Plans

We have a stock-based employee compensation plan, described more fully in Note 13. We account for this plan under SFAS No. 123-R Shared Based Payment, revised, or SFAS No. 123-R. We adopted SFAS No. 123, Accounting from Stock-Based Compensation on January 1, 2003.

The Black-Scholes option-pricing model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because our plan has characteristics significantly different from those of traded options and because changes in the subjective input assumptions can materially affect the fair value estimate, in our opinion, the existing models do not necessarily provide a reliable single measure of the fair value of our employee stock options.

Compensation cost for stock options, if any, is recognized ratably over the vesting period of the award. Our policy is to grant options with an exercise price equal to the quoted closing market price of our stock on the grant date. Awards of stock or restricted stock are expensed as compensation on a current basis over the benefit period.

Table of Contents**SL Green Realty Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****June 30, 2009**

The fair value of each stock option granted is estimated on the date of grant using the Black-Scholes option pricing model with the following weighted average assumptions for grants during the six months ended June 30, 2009 and 2008.

	2009	2008
Dividend yield	5.79%	3.37%
Expected life of option	5 years	5 years
Risk-free interest rate	1.55%	4.04%
Expected stock price volatility	55.07%	22.31%

Earnings Per Share

We present both basic and diluted earnings per share, or EPS. Basic EPS excludes dilution and is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, where such exercise or conversion would result in a lower EPS amount. This also includes units of limited partnership interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Concentrations of Credit Risk

Financial instruments that potentially subject us to concentrations of credit risk consist primarily of cash investments, structured finance investments and accounts receivable. We place our cash investments in excess of insured amounts with high quality financial institutions. The collateral securing our structured finance investments is primarily located in the New York Metro area. (See Note 5). We perform ongoing credit evaluations of our tenants and require certain tenants to provide security deposits or letters of credit. Though these security deposits and letters of credit are insufficient to meet the total value of a tenant's lease obligation, they are a measure of good faith and a source of funds to offset the economic costs associated with lost rent and the costs associated with re-tenanting the space. Although the properties in our real estate portfolio

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

are primarily located in Manhattan, we also have properties located in Brooklyn, Queens, Long Island, Westchester County, Connecticut and New Jersey. The tenants located in our buildings operate in various industries. Other than one tenant who accounts for approximately 9.1% of our annualized rent, no other tenant in our portfolio accounts for more than 5.8% of our annualized rent, including our share of joint venture annualized rent, at June 30, 2009. Approximately 7%, 6%, 6%, 7% and 6% of our annualized rent, including our share of joint venture annualized rent, was attributable to 1221 Avenue of the Americas, 1515 Broadway, 420 Lexington Avenue, 1185 Avenue of the Americas and One Madison Avenue, respectively, for the quarter ended June 30, 2009. Two borrowers accounted for more than 10.0% of the revenue earned on structured finance investments during the three months ended June 30, 2009.

Reclassification

Certain prior year balances have been reclassified to conform with the current year presentation primarily in order to comply with SFAS No. 144 for discontinued operations presentation and the adoption of FSP 14-1 (see below) and SFAS 160 for noncontrolling interests.

New Accounting Pronouncements

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations. This statement changes the accounting for acquisitions specifically eliminating the step acquisition model, changing the recognition of contingent consideration from being recognized when it is probable to being recognized at the time of acquisition, disallowing the capitalization of transaction costs and delays when restructurings related to acquisitions can be recognized. The standard is effective for fiscal years beginning after December 15, 2008 and will only impact the accounting for acquisitions we make after our adoption of this standard. The adoption of this standard on January 1, 2009 did not have any impact on our historical financial statements.

Table of Contents**SL Green Realty Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****June 30, 2009**

In May 2008, the FASB issued FASB Staff Position, or FSP, No. APB 14-1, or FSP 14-1, Accounting for Convertible Debt Instruments that may be Settled in Cash upon Conversion. FSP 14-1 requires the issuer of certain convertible debt instruments that may be settled in cash (or other assets) on conversion to separately account for the liability (debt) and equity (conversion option) components of the instrument in a manner that reflects the issuer's nonconvertible debt borrowing rate. FSP 14-1 will significantly affect the accounting for instruments commonly referred to as Instruments B and C in EITF No. 90-19, Convertible Bonds with Issuer Option to Settle for Cash upon Conversion, which is nullified by FSP 14-1, and any other convertible debt instruments that require or permit settlement in any combination of cash and shares at the issuer's option, such as those sometimes referred to as Instrument X. The resulting debt discount will be amortized over the period during which the debt is expected to be outstanding (i.e., through the first optional redemption dates) as additional non-cash interest expense. This amount (before netting) will increase in subsequent reporting periods through the first optional redemption dates as the debt accretes to its par value over the same period. FSP 14-1 is effective for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption was not permitted. Upon adoption, FSP 14-1 required companies to retrospectively apply the requirements of the pronouncement to all periods presented. Adoption of FSP 14-1 had the following impact on our consolidated financial statements (in thousands):

	December 31, 2008		December 31, 2008

EITF 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities, addresses whether instruments granted in share-based payment transactions are participating securities prior to vesting and, therefore, need to be included in the earnings allocation in computing earnings per share, or EPS, under the two-class method described in paragraphs 60 and 61 of SFAS No. 128, Earnings per Share. We adopted EITF 03-6-1 on January 1, 2009 and it did not have a material effect on our consolidated financial statements.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

In April 2009, the FASB issued SFAS No. 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments. SFAS No. 107-1 amends SFAS No. 107, Disclosures about Fair Value of Financial Instruments to require disclosure about fair value of financial instruments in interim financial statements. SFAS No. 107-1 and APB 28-1 are effective for interim and annual periods ending after June 15, 2009 with early adoption permitted for periods ending after March 15, 2009. We included the disclosures required under this standard in Note 16.

In April 2009, the FASB released FSP SFAS No. 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability has Significantly Decreased and Identifying Transactions that are Not Orderly, or FSP SFAS No. 157-4. FSP SFAS No. 157-4 was issued contemporaneously with FSP SFAS No. 115-2 and SFAS No. 124-2, Recognition and Presentation of Other-Than-Temporary Impairments, or FSP SFAS 115-2 and FSP SFAS No. 107-1 and APB 28-1.

FSP SFAS No. 157-4 amends FASB Statement No. 157, Fair Value Measurements, or SFAS No. 157, to provide additional guidance on estimating fair value when the volume and level of transaction activity for an asset or liability have significantly decreased in relation to normal market activity for the asset or liability. The FSP also provides additional guidance on circumstances that may indicate that a transaction is not orderly.

FSP SFAS No. 157-4 also require additional disclosures about fair value measurements in annual and interim reporting periods. FSP SFAS No. 157-4 is effective for interim and annual reporting periods ending after June 15, 2009. The adoption of the FSP did not have a material impact on our financial statements.

In March 2008, the FASB issued SFAS No. 161, or SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133. SFAS No. 161 requires entities to provide greater transparency about (a) how and why and entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, results of operations, and cash flows. SFAS No. 161 is effective on January 1, 2009. The adoption of SFAS No. 161 did not have a material impact on our consolidated financial statements.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 166, Accounting for Transfers of Financial Assets, an amendment of FASB Statement No. 140, or SFAS 166. SFAS 166 amends various components of the guidance under SFAS 140 governing sale accounting, including the recognition of assets obtained and liabilities assumed as a result of a transfer, and considerations of effective control by a transferor over transferred assets. In addition, SFAS 166 removes the exemption for qualifying special purpose entities from the guidance of FIN 46(R), as amended by SFAS 167 below. SFAS 166 is effective January 1, 2010, with early adoption prohibited. While the amended guidance governing sale accounting is applied on a prospective basis, the removal of the qualifying special purpose entity exception will require us to evaluate certain entities for consolidation under SFAS 167, as defined below. While we are evaluating the effect of adoption of SFAS 166, we currently believe that the adoption of SFAS 166 will not have a material impact on our consolidated financial statement.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 167, Amendments to FASB Interpretation No. 46(R), or SFAS 167, which amends guidance in FIN 46(R) for determining whether an entity is a variable interest entity, or VIE, and requires the performance of a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE. Under this guidance, an entity would be required to consolidate a VIE if it has (i) the power to direct the activities that most significantly impact the entity's economic performance and (ii) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE that could be significant to the VIE. SFAS 167 is effective for the first annual reporting period that begins after November 15, 2009, with early adoption prohibited. While we are currently evaluating the effect of adoption of SFAS 167, we currently believe that the adoption of SFAS 167 will not have a material impact on our consolidated financial statements.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 168, The FASB Accounting Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 168, or SFAS 168. SFAS 168 establishes the FASB Accounting Standards Codification, or the Codification, as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP, and states that all guidance contained in the Codification carries equal level of authority. Rules and interpretive releases of the Securities and Exchange Commissions, or SEC, under federal securities laws are also sources of authoritative GAAP for SEC registrants. The Codification does not change GAAP, however it does change the way in which it is to be researched and referenced. SFAS 168 is effective for financial statements issued for interim and annual

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

periods ending September 15, 2009. We do not expect the adoption of SFAS 168 to have a material impact on our consolidated financial statements.

3. Property Acquisitions

We did not acquire any real estate during the six months ended June 30, 2009.

4. Property Dispositions and Assets Held for Sale

In January 2009, we, along with our joint venture partner, Gramercy Capital Corp. (NYSE:GKK), or Gramercy, sold 100% of our interests in 55 Corporate Drive, NJ for \$230.0 million. The property is approximately 670,000 square feet. We recognized a gain of approximately \$6.6 million in connection with the sale of our 50% interest in the joint venture.

At June 30, 2009, discontinued operations included the results of operations of real estate assets sold prior to that date. This included 440 Ninth Avenue, which was sold in January 2008, 100/120 White Plains Road and 1372 Broadway, which were sold in October 2008, 55 Corporate Drive, NJ which was sold in January 2009, and the membership interests in GKK Manager LLC which were sold in April 2009 (See Note 6).

5. Structured Finance Investments

During the six months ended June 30, 2009 and 2008, our structured finance and preferred equity investments (net of discounts) increased approximately \$36.5 million and \$77.0 million, respectively, due to originations, purchases and accretion of discount. There were approximately \$176.1 million and \$42.4 million in repayment, participations, sales and loan loss reserves recorded during those periods, respectively, which offset the increases in structured finance investments.

At June 30, 2009 and December 31, 2008, all structured finance investments, other than as noted above, were performing in accordance with the terms of the loan agreements.

6. Investment in Unconsolidated Joint Ventures

We have investments in several real estate joint ventures with various partners, including The Rockefeller Group International Inc., or RGII, The City Investment Fund, or CIF, SITQ Immobilier, a subsidiary of Caisse de depot et placement du Quebec, or SITQ, a fund managed by JP Morgan Investment Management, or JP Morgan, Prudential Real Estate Investors, or Prudential, Onyx Equities, or Onyx, The Witkoff Group, or Witkoff, Credit Suisse Securities (USA) LLC, or Credit Suisse, Jeff Sutton, or Sutton, and Gramercy, as well as private investors. As we do not control these joint ventures, we account for them under the equity method of accounting.

We assess the accounting treatment for each joint venture on a stand-alone basis. This includes a review of each joint venture or partnership LLC agreement to determine which party has what rights and whether those rights are protective or participating under EITF 04-5 and EITF 96-16. In situations where our minority partner approves the annual budget, receives a detailed monthly reporting package from us, meets with us on a quarterly basis to review the results of the joint venture, reviews and approves the joint venture's tax return before filing, and approves all leases that cover more than a nominal amount of space relative to the total rentable space at each property we do not consolidate the joint venture as we consider these to be substantive participation rights. Our joint venture agreements also contain certain protective rights such as the requirement of partner approval to sell, finance or refinance the property and the payment of capital expenditures and operating expenditures outside of the approved budget or operating plan.

(1) Acquisition price represents the actual or implied purchase price for the entire joint venture.

(2) We acquired our interest from The McGraw-Hill Companies, or MHC. MHC is a tenant at the property and accounted for approximately 15.0% of the property's annualized rent at June 30, 2009. We do not manage this joint venture.

(3) Under a tax protection agreement established to protect the limited partners of the partnership that transferred 1515 Broadway to the joint venture, the joint venture has agreed not to adversely affect the limited partners' tax positions before December 2011. One tenant, whose leases primarily end between 2009 and 2015, represents approximately 79.8% of this joint venture's annualized rent at June 30, 2009.

(4) Effective November 2006, we deconsolidated this investment. As a result of the recapitalization of the property, we were no longer the primary beneficiary under FIN 46(R). Both partners had the same amount of equity at risk and neither partner controlled the joint venture.

- (5) We invested approximately \$109.5 million in this asset through the origination of a loan secured by up to 47% of the interests in the property's ownership, with an option to convert the loan to an equity interest. Certain existing members had the right to re-acquire approximately 4% of the property's equity. These interests were re-acquired in December 2008 and reduced our interest to 42.95%
- (6) Effective April 2007, we deconsolidated this investment. As a result of the recapitalization of the property, we were no longer the primary beneficiary under FIN 46(R). Both partners had the same amount of equity at risk and neither partner controlled the joint venture.
- (7) We have the ability to syndicate our interest down to 14.79%.
- (8) We, along with Gramercy, together as tenants-in-common, acquired a fee interest in 2 Herald Square. The fee interest is subject to a long-term operating lease.
- (9) We, along with Gramercy, together as tenants-in-common, acquired a fee and leasehold interest in 885 Third Avenue. The fee and leasehold interests are subject to a long-term operating lease.
- (10) The property is subject to a 13-year triple-net lease arrangement with a single tenant.
- (11) Effective May 2008, we deconsolidated this investment. As a result of the recapitalization of the property, we were no longer the primary beneficiary under FIN 46(R). Both partners had the same amount of equity at risk and neither partner controlled the joint venture.
- (12) Effective August 2008, we deconsolidated this investment. As a result of the sale of 80% of our interest, we were no longer the primary beneficiary under FIN 46(R).
- (13) Effective September 2008, we deconsolidated this investment. As a result of the recapitalization of the property, the joint venture was no longer a VIE under FIN 46(R).

(1) Interest rate represents the effective all-in weighted average interest rate for the quarter ended June 30, 2009.

(2) This loan has an interest rate based on the 30-day LIBOR plus 75 basis points. \$65.0 million of this loan has been hedged through December 2010. The hedge fixed the LIBOR rate at 4.8%.

(3) The interest only loan carries an interest rate of 90 basis points over the 30-day LIBOR. The mortgage is subject to a one-year as-of-right renewal option. The joint venture extended this loan for another year.

(4) Comprised of a \$576.0 million mortgage and a \$562.4 million mezzanine loan, both of which are fixed rate loans, except for \$16.0 million of the mortgage which is floating. Up to \$200.0 million of the mezzanine loan, secured indirectly by these properties, is recourse to us.

(5) This construction loan facility has a committed amount of \$55.0 million.

- (6) This construction loan has a committed amount of \$138.6 million.
- (7) This loan has a committed amount of \$285.0 million.

We act as the operating partner and day-to-day manager for all our joint ventures, except for 1221 Avenue of the Americas, 800 Third Avenue, 1 and 2 Jericho Plaza and The Meadows. We are entitled to receive fees for providing management, leasing, construction supervision and asset management services to our joint ventures. We earned approximately \$3.3 million, \$21.4 million, \$4.2 million and \$8.9 million from these services for the three and six months ended June 30, 2009, and 2008, respectively. In addition, we have the ability to earn incentive fees based on the ultimate financial performance of certain of the joint venture properties.

In April 2009, we sold our remaining 50 percent partnership interest in 55 Corporate Drive, NJ (pad IV) to Mack-Cali Realty Corporation (NYSE: CLI). We received total proceeds of \$4.5 million and recognized a gain on sale of approximately \$4.0 million. In connection with this transaction, we also sold our interest in the Mack-Green joint venture to Mack-Cali for \$500,000.

In June 2009, we sold an equity interest in 1166 Avenue of the Americas for \$5.0 million and recognized a loss of approximately \$5.2 million on the sale.

Gramercy Capital Corp.

In April 2004, we formed Gramercy. Gramercy is an integrated commercial real estate specialty finance and property investment company. Gramercy's commercial real estate finance business, which operates under the name Gramercy Finance, focuses on the direct origination and acquisition of whole loans, subordinate interests in whole loans, mezzanine loans, preferred equity, commercial mortgage backed securities and other real estate related securities. Gramercy's property investment business, which operates under the name Gramercy Realty, focuses on the acquisition and management of commercial properties net leased primarily to financial

institutions and affiliated users throughout the United States. Gramercy qualified as a REIT for federal income tax purposes and expects to qualify for its current fiscal year. During the term of the origination agreement between Gramercy and us, which was terminated as of April 24, 2009 in connection with Gramercy's internalization of GKK Manager LLC, or the Manager, (our former wholly-owned subsidiary was the external manager to Gramercy) which we refer to as the GKK Internalization, we had the right to purchase up to 25% of the shares in any future offering of Gramercy's common stock in order to maintain our percentage ownership interest in Gramercy. At June 30, 2009, we held 6,219,370 shares, or approximately 12.48% of Gramercy's common stock. Our total investment had a net book value of zero at June 30, 2009. The market value of our common stock investment in Gramercy was approximately \$10.0 million at June 30, 2009. Gramercy is a variable interest entity, but we are not the primary beneficiary. Due to the significant influence we had over Gramercy as of June 30, 2009, we accounted for our investment under the equity method of accounting.

In connection with Gramercy's initial public offering, the Manager, which at the time was an affiliate of ours, entered into a management agreement with Gramercy, which provided for an initial term through December 2007, with automatic one-year extension options and certain termination rights. In April 2006, we and Gramercy entered into an amended and restated management agreement, and Gramercy's board of directors approved, among other things, an extension of the management agreement through December 2009. The management agreement was further amended in September 2007 and amended and restated in October 2008 and was subsequently terminated on April 24, 2009 in connection with the GKK Internalization. Prior to the GKK Internalization, Gramercy paid the Manager an annual management fee equal to 1.75% (1.50% effective October 1, 2008) of their gross stockholders' equity (as defined in the management agreement), inclusive of trust preferred securities issued by Gramercy or its affiliates. In addition, Gramercy also paid the Manager a collateral management fee (as defined in the management agreement). In connection with any and all collateralized debt obligations, or CDOs, except for the 2005 CDO, or other securitization vehicles formed, owned or controlled, directly or indirectly, by Gramercy, which provided for a collateral manager to be retained, the Manager with respect to such CDOs and other securitization vehicles, received management, service and similar fees equal to (i) 0.25% per annum of the principal amount outstanding of bonds issued by a managed transitional CDO that are owned by third-party investors unaffiliated with Gramercy or the Manager, which CDO is structured to own loans secured by transitional properties, (ii) 0.15% per annum of the book value of the principal amount outstanding of bonds issued by a managed non-transitional CDO that are owned by third-party investors unaffiliated with Gramercy or the Manager, which CDO is structured to own loans secured by non-transitional properties, (iii) 0.10% per annum of the principal amount outstanding of bonds issued by a static CDO that are owned by third party investors unaffiliated with Gramercy or the Manager, which CDO is structured to own non-investment grade bonds, and (iv) 0.05% per annum of the principal amount outstanding of bonds issued by a static CDO that are owned by third-party investors unaffiliated with Gramercy or the Manager, which CDO is structured to own investment grade bonds. For the purposes of the management agreement, a managed transitional CDO meant a CDO that is actively managed, has a reinvestment period and is structured to own debt collateral secured primarily by non-stabilized real estate assets that are expected to experience substantial net operating income growth, and a managed non-transitional CDO meant a CDO that is actively managed, has a reinvestment period and is structured to own debt collateral secured primarily by stabilized real estate assets that are not expected to experience substantial net operating income growth. Both managed transitional and managed non-transitional CDOs may at any given time during the reinvestment period of the respective vehicles invest in and own non-debt collateral (in limited quantity) as defined by the respective indentures. In connection with the closing of Gramercy's first CDO in July 2005, Gramercy entered into a collateral management agreement with the Manager. Pursuant to the collateral management agreement, the Manager agreed to provide certain advisory and administrative services in relation to the collateral debt securities and other eligible investments securing the CDO notes. The collateral management agreement provided for a senior collateral management fee, payable quarterly in accordance with the priority of payments as set forth in the indenture, equal to 0.15% per annum of the net outstanding portfolio balance, and a subordinate collateral management fee, payable quarterly in accordance with the priority of payments as set forth in the indenture, equal to 0.25% per annum of the net outstanding portfolio balance. Net outstanding portfolio balance is the sum of the (i) aggregate principal balance of the collateral debt securities, excluding defaulted securities, (ii) aggregate principal balance of all principal proceeds held as cash and eligible investments in certain accounts, and (iii) with respect to the defaulted securities, the calculation amount of such defaulted securities. As compensation for the performance of its obligations as collateral manager

under the first CDO, Gramercy's board of directors had allocated to the Manager the subordinate collateral management fee paid on securities not held by Gramercy. The senior collateral management fee and balance of the subordinate collateral management fee was allocated to Gramercy. For the three and six months ended June 30, 2009 and 2008 we received an aggregate of approximately \$1.6 million, \$6.5 million, \$5.8 million and \$10.0 million, respectively, in fees under the management agreement and none, none, \$1.3 million and \$2.6 million, respectively, under the collateral management agreement. Fees payable to the Manager under the collateral management agreement were remitted to Gramercy for the three and six months ended June 30, 2009. In 2008, we, as well as Gramercy, each formed special committees comprised solely of independent directors to consider whether the GKK Internalization and/or amendment to the management agreement would be in the best interest of each company and its respective shareholders. The GKK Internalization was completed on April 24, 2009 through the direct acquisition by

Gramercy of the Manager.

On October 27, 2008, the Manager entered into a Second Amended and Restated Management Agreement (the "Second Amended Management Agreement") with Gramercy and GKK Capital LP. The Second Amended Management Agreement generally contained the same terms and conditions as the Amended and Restated Management Agreement, dated as of April 19, 2006, except for the following material changes: (i) reduced the annual base management fee payable by Gramercy to the Manager to 1.50% of Gramercy's stockholders' equity (effective October 1, 2008); (ii) reduced the termination fee to an amount equal to the management fee earned by the Manager during the 12-month period immediately preceding the effective date of the termination; and (iii) provided that all management, service and similar fees relating to Gramercy's CDOs that the Manager was entitled to receive were to be remitted by the Manager to Gramercy for any period from and after July 1, 2008. The Second Amended Management Agreement was terminated in connection with the GKK Internalization.

Prior to the GKK Internalization, to provide an incentive for the Manager to enhance the value of Gramercy's common stock, we, along with the other holders of Class B limited partner interests in Gramercy's operating partnership, were entitled to an incentive return payable through the Class B limited partner interests in Gramercy's operating partnership, equal to 25% of the amount by which funds from operations (as defined in Gramercy's amended and restated partnership agreement) plus certain accounting gains exceed the product of the weighted average stockholders' equity of Gramercy multiplied by 9.5% (divided by four to adjust for quarterly calculations). We recorded distributions on the Class B limited partner interests as incentive distribution income in the period when earned and when receipt of such amounts became probable and reasonably estimable in accordance with Gramercy's amended and restated partnership agreement as if such agreement had been terminated on that date. We earned approximately none, none, \$2.6 million and \$5.1 million under this agreement for the three and six months ended June 30, 2009 and 2008, respectively. During the fourth quarter of 2008, we entered into an agreement with Gramercy which, among other matters, obligated Gramercy and us to use commercially reasonable efforts to obtain the consents of certain lenders to Gramercy and its subsidiaries to the GKK Internalization. Consent was received by Gramercy and the GKK Internalization was completed in April 2009. Amounts payable to the Class B limited partner interests were waived since July 1, 2008. Due to the control we had over the Manager prior to the GKK Internalization, we consolidated the accounts of the Manager into ours.

On October 27, 2008, the Manager entered into a letter agreement (the "Letter Agreement") with the operating partnership, Gramercy, GKK Capital LP and the individual limited partners of GKK Capital LP party thereto, pursuant to which the holders of the Class B limited partner interests of GKK Capital LP agreed to waive their respective rights to receive distributions payable on the Class B limited partner interests in respect of the period commencing July 1, 2008 and ending on December 31, 2008. For all periods from and after January 1, 2009, the holders of the Class B limited partner interests were entitled to receive distributions from GKK Capital LP in accordance with the partnership agreement of GKK Capital LP, except that Gramercy could, at its option, elect to assume directly and satisfy the right of the holders to receive distributions, if permissible under applicable law or the requirements of the exchange on which the shares of common stock trade, in shares of common stock. In addition, the Letter Agreement provided that Gramercy would not amend certain provisions of its charter and bylaws related to indemnification of directors and officers in a manner that was adverse to the operating partnership or any of the individuals party to the Letter Agreement, other than any amendments that would only apply to acts or omissions occurring after the date of such amendment.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

In May 2005, our Compensation Committee approved long-term incentive performance awards pursuant to which certain of our officers and employees, including some of whom are our senior executive officers, were awarded a portion of the interests previously held by us in the Manager, which at the time was an affiliate of ours, as well as in the Class B limited partner interests in Gramercy's operating partnership. The vesting of these awards was dependent upon, among other things, tenure of employment and the performance of our investment in Gramercy. These awards vested in May 2008. We recorded compensation expense of approximately none, none, \$0.4 million and \$1.2 million for the three and six months ended June 30, 2009 and 2008, respectively, related to these awards. The officers and employees who received the awards owned 15.6 units, or 15.6%, of the Class B limited partner interests and 15.6% of the Manager. During the second quarter of 2008, we acquired an additional 12.42% ownership interest in the Manager. Pursuant to an agreement dated December 30, 2008, all the Class B limited partner interests and the remaining 15.6% interest in the Manager were transferred to us. On April 24, 2009, Gramercy acquired all the interests in the Manager and all the Class B limited partner interests from us for no consideration.

Prior to the GKK Internalization, Gramercy was obligated to reimburse the Manager for its costs incurred under an asset servicing agreement and an outsourcing agreement between the Manager and us. The asset servicing agreement, which was amended and restated in April 2006, provided for an annual fee payable to us of 0.05% of the book value of all Gramercy's credit tenant lease assets and non-investment grade bonds and 0.15% of the book value of all other Gramercy assets. The outsourcing agreement provided for a

fee of \$2.7 million per year, increasing 3% annually over the prior year. For the three and six months ended June 30, 2009 and 2008, the Manager received an aggregate of approximately \$0.2 million, \$1.0 million, \$2.0 million and \$3.3 million, respectively, under the outsourcing and asset servicing agreements. On October 27, 2008, the Manager and SLG Gramercy Services LLC (the "Servicer") entered into an agreement, which was also acknowledged and agreed to by Gramercy, to terminate, effective as of September 30, 2008, the Amended and Restated Asset Servicing Agreement, dated as of April 19, 2006. On October 27, 2008, the Manager and the operating partnership entered into an agreement to terminate, effective as of September 30, 2008, the Amended and Restated Outsource Agreement, dated as of April 19, 2006.

On October 27, 2008, we, Gramercy and GKK Capital LP entered into a services agreement (the "Services Agreement") pursuant to which we provided consulting and other services to Gramercy. We made certain members of management available in connection with the provision of the services until the completion of the GKK Internalization on April 24, 2009. In consideration for the consulting services, we received from Gramercy a fee of \$200,000 per month, payable, at Gramercy's option, in cash or, if permissible under applicable law or the requirements of the exchange on which the shares of Gramercy's common stock trade, in shares of common stock. We also provided Gramercy with certain other services described in the Services Agreement for a fee of \$100,000 per month in cash until April 24, 2009. The Services Agreement was terminated in connection with the GKK Internalization. From October 27, 2008 until April 24, 2009, an affiliate of ours served as special servicer for certain assets held by Gramercy or its affiliates and assigned its duties to a subsidiary of the Manager.

All fees earned from Gramercy are included in Other Income in the Consolidated Statements of Income.

Effective May 1, 2005, Gramercy entered into a lease agreement with an affiliate of ours, for their corporate offices at 420 Lexington Avenue, New York, NY. The lease is for approximately five thousand square feet with an option to lease an additional approximately two thousand square feet and carries a term of ten years with rents of approximately \$249,000 per annum for year one rising to \$315,000 per annum in year ten. Gramercy also leases approximately 5,200 square feet pursuant to two leases which are on a month-to-month basis. The annual rent under these two leases is approximately \$270,600.

Gramercy holds tenancy-in-common interests along with us in 2 Herald Square and 885 Third Avenue. See Note 5 for information on our structured finance investments in which Gramercy also holds an interest.

One of our affiliates held an investment in Gramercy's preferred stock with a book value of approximately \$0.3 million at June 30, 2009.

In April 2008, Gramercy completed the acquisition of American Financial Realty Trust, or AFR, in a transaction with a total value of approximately \$3.3 billion. In addition, Gramercy assumed an aggregate of approximately \$1.3 billion of AFR secured debt. We provided \$50.0

million of financing as part of an \$850.0 million loan to Gramercy in connection with this acquisition (See note 5). As a result of this acquisition, the Board of Directors of Gramercy awarded 644,787 restricted shares of Gramercy's common stock to us, subject to a one-year vesting period, in respect of services rendered. We recognized income of approximately \$6.6 million from these shares, which was recorded in other income in the accompanying statements of income.

On October 27, 2008, Marc Holliday, our Chief Executive Officer, Andrew Mathias, our President and Chief Investment Officer and Gregory F. Hughes, our Chief Financial Officer and Chief Operating Officer resigned as Chief Executive Officer, Chief Investment Officer and Chief Credit Officer, respectively, of Gramercy. Mr. Holliday also resigned as President of Gramercy effective as of October 28, 2008. Mr. Holliday and Mr. Mathias agreed to remain as consultants to Gramercy through the earliest of (i) September 30, 2009, (ii) the termination of the Second Amended Management Agreement or (iii) the termination of their respective employment with us. This agreement was terminated in connection with the GKK Internalization.

On October 28, 2008, Gramercy announced the appointment of Roger M. Cozzi, as President and Chief Executive Officer, effective immediately. Effective as of November 13, 2008, Timothy J. O'Connor was appointed as President of Gramercy. Mr. Holliday remains a board member of Gramercy.

7. Investment in and Advances to Affiliates

Service Corporation

Income from management, leasing and construction contracts from third parties and joint venture properties is realized by the Service Corporation. In order to maintain our qualification as a REIT, we, through our operating partnership, own 100% of the non-voting common stock (representing 95% of the total equity) of the Service Corporation. Our operating partnership receives substantially all of the cash flow from the Service Corporation's operations through dividends on its equity interest. All of the voting common stock of the Service Corporation (representing 5% of the total equity) is held by our affiliate. This controlling interest gives the affiliate the power to elect all directors of the Service Corporation. Effective July 1, 2003, we consolidated the operations of the Service Corporation because it is considered to be a variable interest entity under FIN 46 and we are the primary beneficiary. For the three and six months ended June 30, 2009 and 2008, the Service Corporation earned approximately \$3.1 million, \$11.6 million, \$3.3 million and \$7.0 million of revenue and incurred approximately \$2.9 million, \$5.5 million, \$3.1 million and \$5.9 million in expenses, respectively. Effective January 1, 2001, the Service Corporation elected to be treated as a TRS.

All of the management, leasing and construction services with respect to the properties wholly-owned by us are conducted through SL Green Management LLC which is 100% owned by our operating partnership.

eEmerge

In May 2000, our operating partnership formed eEmerge, Inc., a Delaware corporation, or eEmerge. eEmerge is a separately managed, self-funded company that provides fully-wired and furnished office space, services and support to businesses.

In March 2002, we acquired all the voting common stock of eEmerge Inc. As a result, we control all the common stock of eEmerge. Effective with the quarter ended March 31, 2002, we consolidated the operations of eEmerge. Effective January 1, 2001, eEmerge elected to be taxed as a TRS.

Table of Contents**SL Green Realty Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****June 30, 2009**

In June 2000, eEmerge and Eureka Broadband Corporation, or Eureka, formed eEmerge.NYC LLC, a Delaware limited liability company, or ENYC, whereby eEmerge has a 95% interest and Eureka has a 5% interest in ENYC. During the third quarter of 2006, ENYC acquired the interest held by Eureka. As a result, eEmerge owns 100% of ENYC. ENYC operates a 71,700 square foot fractional office suites business. ENYC entered into a 10-year lease for its 50,200 square foot premises, which is located at 440 Ninth Avenue, Manhattan and, which was previously owned by our operating partnership. ENYC entered into another 10-year lease with our operating partnership for its 21,500 square foot premises at 28 West 44th Street, Manhattan. Allocations of net profits, net losses and distributions are made in accordance with the Limited Liability Company Agreement of ENYC. Effective with the quarter ended March 31, 2002, we consolidated the operations of ENYC.

8. Deferred Costs

10. Corporate Indebtedness**2007 Unsecured Revolving Credit Facility**

We have a \$1.5 billion unsecured revolving credit facility, or the 2007 unsecured revolving credit facility. The 2007 unsecured revolving credit facility bears interest at a spread ranging from 70 basis points to 110 basis points over LIBOR, based on our leverage ratio. This facility matures in June 2011 and has a one-year as-of-right extension option. The 2007 unsecured revolving credit facility also requires a 12.5 to 20 basis point fee on the unused balance payable annually in arrears. The 2007 unsecured revolving credit facility had a balance of \$1.4 billion and carried a spread over LIBOR of 90 basis points at June 30, 2009. Availability under the 2007 unsecured revolving credit facility was further reduced by the issuance of approximately \$21.6 million in letters of credit. The effective all-in interest rate on the 2007 unsecured revolving credit facility was 1.45% for the three months ended June 30, 2009. The 2007 unsecured revolving credit facility includes certain restrictions and covenants (see restrictive covenants below).

Term Loan

In December 2007, we closed on a \$276.7 million ten-year term loan which carried an effective fixed interest rate of 5.19%. This loan was secured by our interest in 388 and 390 Greenwich Street. This secured term loan, which was scheduled to mature in December 2017, was repaid

and terminated in May 2008.

(1) Assumed as part of the Reckson Merger.

(2) During the six months ended June 30, 2009, we repurchased approximately \$26.4 million of these notes and realized net gains on early extinguishment of debt of approximately \$2.5 million.

(3) Exchangeable senior debentures which are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder at par plus accrued and unpaid interest, on June 15, 2010, 2015 and 2020 and upon the occurrence of certain change of control transactions. As a result of the Reckson Merger, the adjusted exchange rate for the debentures is 7.7461 shares of our common stock per \$1,000 of principal amount of debentures and the adjusted reference dividend for the debentures is \$1.3491. During the six months ended June 30, 2009, we repurchased approximately \$47.1 million of these bonds and realized net gains on early extinguishment of debt of approximately \$1.2 million.

(4) In March 2007, we issued \$750.0 million of these convertible bonds. Interest on these notes is payable semi-annually on March 30 and September 30. The notes have an initial exchange rate representing an exchange price that is at a 25.0% premium to the last reported sale price of our common stock on March 20, 2007, or \$173.30. The initial exchange rate is subject to adjustment under certain circumstances. The notes are senior unsecured obligations of our operating partnership and are exchangeable upon the occurrence of specified events, and during the period beginning on the twenty-second scheduled trading day prior to the maturity date and ending on the second business day prior to the maturity date, into cash or a combination of cash and shares of our common stock, if any, at our option. The notes are redeemable, at our option, on and after April 15, 2012. We may be required to repurchase the notes on March 30, 2012, 2017 and 2022, and upon the occurrence of certain designated events. The net proceeds from the offering were approximately \$736.0 million, after deducting estimated fees and expenses. The proceeds of the offering were used to repay certain of our existing indebtedness, make investments in additional properties, and make open market purchases of our common stock and for general corporate purposes. During the six months ended June 30, 2009, we repurchased

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

approximately \$388.3 million of these bonds and realized net gains on early extinguishment of debt of approximately \$73.4 million.

- (5) Interest on the senior unsecured notes is payable semi-annually with principal and unpaid interest due on the scheduled maturity dates.

In March 2009, the \$200.0 million, 7.75% unsecured notes, assumed as part of the Reckson Merger, matured and were redeemed at par.

Restrictive Covenants

The terms of the 2007 unsecured revolving credit facility and senior unsecured notes include certain restrictions and covenants which limit, among other things, the payment of dividends (as discussed below), the incurrence of additional indebtedness, the incurrence of liens and the disposition of assets, and which require compliance with financial ratios relating to the minimum amount of tangible net worth, the minimum amount of debt service coverage and fixed charge coverage, the maximum amount of unsecured indebtedness, the minimum amount of unencumbered property debt service coverage and certain investment limitations. The dividend restriction referred to above provides that, except to enable us to continue to qualify as a REIT for Federal Income Tax purposes, we will not during any four consecutive fiscal quarters make distributions with respect to common stock or other equity interests in an aggregate amount in excess of 95% of funds from operations for such period, subject to certain other adjustments. As of June 30, 2009 and December 31, 2008, we were in compliance with all such covenants.

Junior Subordinate Deferrable Interest Debentures

In June 2005, we issued \$100.0 million in unsecured floating rate trust preferred securities through a newly formed trust, SL Green Capital Trust I, or the Trust, which is a wholly-owned subsidiary of our operating partnership. The securities mature in 2035 and bear interest at a fixed rate of 5.61% for the first ten years ending July 2015, interest payments may be deferred for a period of up to eight consecutive quarters if our operating partnership exercises its right to defer such payments. The trust preferred securities are redeemable, at the option of our operating partnership, in whole or in part, with no prepayment premium any time after July 2010. We do not consolidate the Trust even though it is a variable interest entity under FIN46 as we are not the primary beneficiary due to the lack of our ability to make decisions over the Trust's activities and because we have no equity at risk. Because the Trust is not

consolidated, we have recorded the debt and the related payments are classified as interest expense.

11. Related Party Transactions**Cleaning/ Security/ Messenger and Restoration Services**

Through Alliance Building Services, or Alliance, First Quality Maintenance, L.P., or First Quality, provides cleaning, extermination and related services, Classic Security LLC provides security services, Bright Star Couriers LLC provides messenger services, and Onyx Restoration Works provides restoration services with respect to certain properties owned by us. Alliance is owned by Gary Green, a son of Stephen L. Green, the chairman of our board of directors. In addition, First Quality has the non-exclusive opportunity to provide cleaning and related services to individual tenants at our properties on a basis separately negotiated with any tenant seeking such additional services. We paid Alliance approximately \$4.3 million, \$7.7 million, \$3.4 million and \$7.0 million for the three and six months ended June 30, 2009 and 2008, respectively, for these services (excluding services provided directly to tenants).

Leases

Nancy Peck and Company leases 1,003 square feet of space at 420 Lexington Avenue under a lease that ends in August 2015. Nancy Peck and Company is owned by Nancy Peck, the wife of Stephen L. Green. The rent due pursuant to the lease is \$35,516 per year. From February 2007 through December 2008, Nancy Peck and Company leased 507 square feet of space at 420 Lexington Avenue pursuant to a lease which provided for annual rental payments of approximately \$15,210. Prior to February 2007, Nancy Peck and Company leased 2,013 square feet of space at 420 Lexington Avenue, pursuant to a lease that expired on June 30, 2005 and which provided for annual rental payments of approximately \$66,000. The rent due pursuant to that lease was offset against a consulting fee of \$11,025 per month an affiliate paid to her pursuant to a consulting agreement, which was cancelled in July 2006.

Brokerage Services

Sonnenblick-Goldman Company, or Sonnenblick, a nationally recognized real estate investment banking firm, provided mortgage brokerage services to us. Mr. Morton Holliday, the father of Mr. Marc Holliday, was a Managing Director of Sonnenblick at the time of the financings. In 2008, our 1250 Broadway joint venture paid approximately \$1.7 million to Sonnenblick in connection with the sale of 1250 Broadway.

Management Fees

S.L. Green Management Corp. receives property management fees from an entity in which Stephen L. Green owns an interest. The aggregate amount of fees paid to S.L. Green Management Corp. from such entity was approximately \$84,000, \$179,000, \$90,000 and \$182,000 for the three and six months ended June 30, 2009 and 2008, respectively.

12. Stockholders Equity

Common Stock

Our authorized capital stock consists of 260,000,000 shares, \$.01 par value, of which we have authorized the issuance of up to 160,000,000 shares of common stock, \$.01 par value per share, 75,000,000 shares of excess stock, at \$.01 par value per share, and 25,000,000 shares of preferred stock, par value \$.01 per share. As of June 30, 2009, 76,819,854 shares of common stock and no shares of excess stock were issued and outstanding.

In May 2009, we sold 19,550,000 shares of our common stock at a gross price of \$20.75 per share. The net proceeds from this offering (approximately \$387.3 million) were primarily used to repurchase unsecured debt.

In March 2007, our board of directors approved a stock repurchase plan under which we can buy up to \$300.0 million shares of our common stock. This plan expired on December 31, 2008. As of December 31, 2008, we purchased and settled approximately \$300.0 million, or 3.3 million shares of our common stock at an average price of \$90.49 per share.

Perpetual Preferred Stock

In December 2003, we sold 6,300,000 shares of our 7.625% Series C preferred stock, (including the underwriters over-allotment option of 700,000 shares) with a mandatory liquidation preference of \$25.00 per share. Net proceeds from this offering (approximately \$152.0 million) were used principally to repay amounts outstanding under our secured and unsecured revolving credit facilities. The Series C preferred stockholders receive annual dividends of \$1.90625 per share paid on a quarterly basis and dividends are cumulative, subject to certain provisions. On or after December 12, 2008, we may redeem the Series C preferred stock at par for cash at our option. The Series C preferred stock was recorded net of underwriters discount and issuance costs.

In 2004, we sold 4,000,000 shares of our 7.875% Series D cumulative redeemable preferred stock, or the Series D preferred stock, with a mandatory liquidation preference of \$25.00 per share. Net proceeds from these offerings (approximately \$96.3 million) were used principally to repay amounts outstanding under our secured and unsecured revolving credit facilities. The Series D preferred stockholders receive annual dividends of \$1.96875 per share paid on a quarterly basis and dividends are cumulative, subject to certain provisions. On or after May 27, 2009, we may redeem the Series D preferred stock at par for cash at our option. The Series D preferred stock was recorded net of underwriters discount and issuance costs.

Rights Plan

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

In February 2000, our board of directors authorized a distribution of one preferred share purchase right, or Right, for each outstanding share of common stock under a shareholder rights plan. This distribution was made to all holders of record of the common stock on March 31, 2000. Each Right entitles the registered holder to purchase from us one one-hundredth of a share of Series B junior participating preferred stock, par value \$0.01 per share, or Preferred Shares, at a price of \$60.00 per one one-hundredth of a Preferred Share, or Purchase Price, subject to adjustment as provided in the rights agreement. The Rights expire on March 5, 2010, unless we extend the expiration date or the Right is redeemed or exchanged earlier. The Rights are attached to each share of common stock. The Rights are generally exercisable only if a person or group becomes the beneficial owner of 17% or more of the outstanding common stock or announces a tender offer for 17% or more of the outstanding common stock, or Acquiring Person. In the event that a person or group becomes an Acquiring Person, each holder of a Right, excluding the Acquiring Person, will have the right to receive, upon exercise, common stock having a market value equal to two times the Purchase Price of the Preferred Shares.

Dividend Reinvestment and Stock Purchase Plan

We filed a registration statement with the SEC for our dividend reinvestment and stock purchase plan, or DRIP, which was declared effective on September 10, 2001, and commenced on September 24, 2001. We registered 3,000,000 shares of our common stock under the DRIP.

During the six months ended June 30, 2009 and 2008, approximately 20 and 1,900 shares were issued and approximately \$500 and \$160,000 of proceeds were received, respectively, from dividend reinvestments and/or stock purchases under the DRIP. DRIP shares may be issued at a discount to the market price.

2003 Long-Term Outperformance Compensation Program

Our board of directors adopted a long-term, seven-year compensation program for certain members of senior management. The program, which measured our performance over a 48-month period (unless terminated earlier) commencing April 1, 2003, provided that holders of our common equity were to achieve a 40% total return during the measurement period over a base share price of \$30.07 per share before any restricted stock awards were granted. Plan participants would receive an award of restricted stock in an amount between 8% and 10% of the excess total return over the baseline return. At the end of the four-year measurement period, 40% of the award will vest on the measurement date and 60% of the award will vest ratably over the subsequent three years based on continued employment. Any restricted stock to be issued under the program will be allocated from our 2005 Stock Option and Incentive Plan (as defined below), which was previously approved through a stockholder vote in May 2005. In April 2007, the Compensation Committee determined that under the terms of the 2003 Outperformance Plan, as of March 31, 2007, the performance hurdles had been met and the maximum performance pool of \$22,825,000, taking into account forfeitures, was established. In connection with this event, approximately 166,312 shares of restricted stock (as adjusted for forfeitures) were allocated under the 2005 Stock Option and Incentive Plan. These awards are subject to vesting as noted above. We record the expense of the restricted stock award in accordance with SFAS 123-R. The fair value of the award on the date of grant was determined to be \$3.2 million. Forty percent of the value of the award will be amortized over four years and the balance will be amortized at 20% per year over five, six and seven years, respectively, such that 20% of year five, 16.67% of year six, and 14.29% of year seven will be recorded in year one. Compensation expense of \$29,500, \$59,000, \$57,500 and \$115,000 related to this plan was recorded during the three and six months ended June 30, 2009 and 2008, respectively.

2005 Long-Term Outperformance Compensation Program

In December 2005, the compensation committee of our board of directors approved a long-term incentive compensation program, the 2005 Outperformance Plan. Participants in the 2005 Outperformance Plan will share in a performance pool if our total return to stockholders for the period from December 1, 2005 through November 30, 2008 exceeds a cumulative total return to stockholders of 30% during the measurement period over a base share price of \$68.51 per share. The size of the pool was to be 10% of the outperformance amount in excess of the 30% benchmark, subject to a maximum dilution cap equal to the lesser of 3% of our outstanding shares and units of limited partnership interest as of December 1, 2005 or \$50.0 million. In the event the potential performance pool reached this dilution cap before November 30, 2008 and remained at that level or higher for 30 consecutive days, the performance period was to end early and the pool would be formed on the last day of such 30 day period. Each participant's award under the 2005 Outperformance Plan would be designated as a specified percentage of the aggregate performance pool to be allocated to him or her assuming the 30% benchmark is achieved. Individual awards would be made in the form of partnership units, or LTIP Units, that may ultimately become exchangeable for shares of our common stock or cash, at our election. LTIP Units would be granted prior to the determination of the performance pool; however, they were only to vest upon satisfaction of performance and other thresholds, and were not entitled to distributions until after the performance pool was established. The 2005 Outperformance Plan provides that if the pool was established, each participant would also be entitled to the distributions that would have been paid on the number of LTIP Units earned, had they been issued at the beginning of the performance period. Those distributions were to be paid in the form of additional LTIP Units.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

After the performance pool was established, the earned LTIP Units are to receive regular quarterly distributions on a per unit basis equal to the dividends per share paid on our common stock, whether or not they are vested. Any LTIP Units not earned upon the establishment of the performance pool were to be automatically forfeited, and the LTIP Units that are earned are subject to time-based vesting, with one-third of the LTIP Units earned vesting on November 30, 2008 and each of the first two anniversaries thereafter based on continued employment. On June 14, 2006, the Compensation Committee determined that under the terms of the 2005 Outperformance Plan, as of June 8, 2006, the performance period had accelerated and the maximum performance pool of \$49,250,000, taking into account forfeitures, was established. Individual awards under the 2005 Outperformance Plan are in the form of partnership units, or LTIP Units, in our operating partnership that, subject to certain conditions, are convertible into shares of the Company's common stock or cash, at our election. The total number of LTIP Units earned by all participants as a result of the establishment of the performance pool was 490,475 and are subject to time-based vesting.

The cost of the 2005 Outperformance Plan (approximately \$8.0 million, subject to adjustment for forfeitures) will continue to be amortized into earnings through the final vesting period in accordance with SFAS 123-R. We recorded approximately \$0.6 million, \$1.2 million, \$0.7 and \$1.2 million of compensation expense during the three and six months ended June 30, 2009 and 2008, respectively, in connection with the 2005 Outperformance Plan.

2006 Long-Term Outperformance Compensation Program

On August 14, 2006, the compensation committee of our board of directors approved a long-term incentive compensation program, the 2006 Outperformance Plan. Participants in the 2006 Outperformance Plan will share in a performance pool if our total return to stockholders for the period from August 1, 2006 through July 31, 2009 exceeds a cumulative total return to stockholders of 30% during the measurement period over a base share price of \$106.39 per share. The size of the pool will be 10% of the outperformance amount in excess of the 30% benchmark, subject to a maximum award of \$60 million. The maximum award will be reduced by the amount of any unallocated or forfeited awards. In the event the potential performance pool reaches the maximum award before July 31, 2009 and remains at that level or higher for 30 consecutive days, the performance period will end early and the pool will be formed on the last day of such 30 day period. Each participant's award under the 2006 Outperformance Plan will be designated as a specified percentage of the aggregate performance pool. Assuming the 30% benchmark is achieved, the pool will be allocated among the participants in accordance with the percentage specified in each participant's participation agreement. Individual awards will be made in the form of LTIP Units, that, subject to vesting and the satisfaction of other conditions, are exchangeable for a per unit value equal to the then trading price of one share of our common stock. This value is payable in cash or, at our election, in shares of common stock. LTIP Units will be granted prior to the determination of the performance pool; however, they will only vest upon satisfaction of performance and time vesting thresholds under the 2006 Outperformance Plan, and will not be entitled to distributions until after the performance pool is established. Distributions on LTIP Units will equal the dividends paid on our common stock on a per unit basis. The 2006 Outperformance Plan provides that if the pool is established, each participant will also be entitled to the distributions that would have been paid had the number of earned LTIP Units been issued at the beginning of the performance period. Those distributions will be paid in the form of additional LTIP Units. Thereafter, distributions will be paid currently with respect to all earned LTIP Units that are a part of the performance pool, whether vested or unvested. Although the amount of earned awards under the 2006 Outperformance Plan (i.e. the number of LTIP Units earned) will be determined when the performance pool is established, not all of the awards will vest at that time. Instead, one-third of the awards will vest on July 31, 2009 and each of the first two anniversaries thereafter based on continued employment.

In the event of a change in control of our company on or after August 1, 2007 but before July 31, 2009, the performance pool will be calculated assuming the performance period ended on July 31, 2009 and the total return continued at the same annualized rate from the date of the change in control to July 31, 2009 as was achieved from August 1, 2006 to the date of the change in control; provided that the performance pool may not exceed 200% of what it would have been if it was calculated using the total return from August 1, 2006 to the date of the change in control and a pro rated benchmark. In either case, the performance pool will be formed as described above if the adjusted benchmark target is achieved and all earned awards will be fully vested upon the change in control. If a change in control occurs after the performance period has ended, all unvested awards issued under our 2006 Outperformance Plan will become fully vested upon the change in control.

The cost of the 2006 Outperformance Plan (approximately \$9.6 million, subject to adjustment for forfeitures) will be amortized into earnings through the final vesting period in accordance with SFAS 123-R. We recorded approximately \$0.1 million, \$0.2 million, \$0.6 million and \$1.3 million of compensation expense during the three and six months ended June 30, 2009 and 2008, respectively, in connection with the 2006 Outperformance Plan. During the fourth quarter of 2008, we and certain of our employees, including our executive officers, mutually agreed to cancel a majority of the 2006 Outperformance Plan.

Deferred Stock Compensation Plan for Directors

Under our Independent Director's Deferral Program, which commenced July 2004, our non-employee directors may elect to defer up to 100% of their annual retainer fee, chairman fees and meeting fees. Unless otherwise elected by a participant, fees deferred under the program shall be credited in the form of phantom stock units. The phantom stock units are convertible into an equal number of shares of common stock upon such directors' termination of service from the Board of Directors or a change in control by us, as defined by the program. Phantom stock units are credited to each non-employee director quarterly using the closing price of our common stock on the applicable dividend record date for the respective quarter. Each participating non-employee director's account is also credited for an equivalent amount of phantom stock units based on the dividend rate for each quarter.

During the six months ended June 30, 2009, 20,435 phantom stock units were earned. As of June 30, 2009, there were approximately 42,947 phantom stock units outstanding.

Employee Stock Purchase Plan

On September 18, 2007, our board of directors adopted, subject to stockholder approval, the 2008 Employee Stock Purchase Plan, or ESPP, to encourage our employees to increase their efforts to make our business more successful by providing equity-based incentives to eligible employees. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended, and has been adopted by the board to enable our eligible employees to purchase our shares of common stock through payroll deductions. The ESPP became effective on January 1, 2008 with a maximum of 500,000 shares of the common stock available for issuance, subject to adjustment upon a merger, reorganization, stock split or other similar corporate change. We filed a registration statement on Form S-8 with the Securities and Exchange Commission with respect to the ESPP. The common stock will be offered for purchase through a series of successive offering periods. Each offering period will be three months in duration and will begin on the first day of each calendar quarter, with the first offering period having commenced on January 1, 2008. The ESPP provides for eligible employees to purchase the common stock at a purchase price equal to 85% of the lesser of (1) the market value of the common stock on the first day of the offering period or (2) the market value of the common stock on the last day of the offering period. The ESPP was approved by our stockholders at our 2008 annual meeting of stockholders. As of June 30, 2009, approximately 11,657 shares of our common stock had been issued under the ESPP.

Stock Option Plan

During August 1997, we instituted the 1997 Stock Option and Incentive Plan, or the 1997 Plan. The 1997 Plan was amended in December 1997, March 1998, March 1999 and May 2002. The 1997 Plan, as amended, authorizes (i) the grant of stock options that qualify as incentive stock options under Section 422 of the Code, or ISOs, (ii) the grant of stock options that do not qualify, or NQSOs, (iii) the grant of stock options in lieu of cash Directors' fees and (iv) grants of shares of restricted and unrestricted common stock. The exercise price of stock options are determined by our compensation committee, but may not be less than 100% of the fair market value of the shares of our common stock on the date of grant. At June 30, 2009, approximately 0.4 million shares of our common stock were reserved for issuance under the 1997 Plan.

Amended and Restated 2005 Stock Option and Incentive Plan

The amended and restated 2005 Stock Option and Incentive Plan was approved by our board of directors in March 2005 and our stockholders in May 2005 at our annual meeting of stockholders. Subject to adjustments upon certain corporate transactions or events, up to a maximum of 7,000,000 shares, or the Fungible Pool Limit, may be granted as Options, Restricted Stock, Phantom Shares, dividend equivalent rights and other equity-based awards under the amended and restated 2005 stock option and incentive plan, or the 2005 Plan. As described below, the manner in which the Fungible Pool Limit is finally determined can ultimately result in the issuance under the 2005 Plan of up to 6,000,000 shares (subject to adjustments upon certain corporate transactions or events). Each share issued or to be issued in connection with Full-Value Awards (as defined below) that vest or are granted based on the achievement of certain performance goals that are based on (A) FFO growth, (B) total return

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

to stockholders (either in absolute terms or compared with a peer group of other companies) or (C) a combination of the foregoing (as set forth in the 2005 Plan), shall be counted against the Fungible Pool Limit as 2.0 units. Full-Value Awards are awards other than Options, Stock Appreciation Rights or other awards that do not deliver the full value at grant thereof of the underlying shares (e.g., Restricted Stock). Each share issued or to be issued in connection with any other Full-Value Awards shall be counted against the Fungible Pool Limit as 3.0 units. Options, Stock Appreciation Rights and other awards that do not deliver the value at grant thereof of the underlying shares and that expire 10 years from the date of grant shall be counted against the Fungible Pool Limit as one unit. Options, Stock Appreciation Rights and other awards that do not deliver the value at grant thereof of the underlying shares and that expire five years from the date of grant shall be counted against the Fungible Pool Limit as 0.7 of a unit, or five-year option. Thus, under the foregoing rules, depending on the type of grants made, as many as 6,000,000 shares could be the subject of grants under the 2005 Plan. At the end of the third calendar year following April 1, 2005, which is the effective date of the original 2005 Plan, as well as at the end of the third calendar year following April 1, 2007, which is the effective date of the 2005 Plan, (i) the three-year average of (A) the number of shares subject to awards granted in a single year, divided by (B) the number of shares of our outstanding common stock at the end of such year shall not exceed the (ii) greater of (A) 2%, with respect to the third calendar year following April 1, 2005, or 2.23%, with respect to the third calendar year following April 1, 2007, or (B) the mean of the applicable peer group. For purposes of calculating the number of shares granted in a year in connection with the limitation set forth in the foregoing sentence, shares underlying Full-Value Awards will be taken into account as (i) 1.5 shares if our annual common stock price volatility is 53% or higher, (ii) two shares if our annual common stock price volatility is between 25% and 52%, and (iii) four shares if our annual common stock price volatility is less than 25%. No award may be granted to any person who, assuming exercise of all options and payment of all awards held by such person would own or be deemed to own more than 9.8% of the outstanding shares of the Company's common stock. In addition, subject to adjustment upon certain corporate transactions or events, a participant may not receive awards (with shares subject to awards being counted, depending on the type of award, in the proportions ranging from 0.7 to 3.0, as described above) in any one year covering more than 700,000 shares; thus, under this provision, depending on the type of grant involved, as many as 1,000,000 shares can be the subject of option

Table of Contents**SL Green Realty Corp.****Notes to Condensed Consolidated Financial Statements****(Unaudited)****June 30, 2009**

grants to any one person in any year, and as many as 350,000 shares may be granted as restricted stock (or be the subject of other Full-Value Grants) to any one person in any year. If an option or other award granted under the 2005 Plan expires or terminates, the common stock subject to any portion of the award that expires or terminates without having been exercised or paid, as the case may be, will again become available for the issuance of additional awards. Shares of our common stock distributed under the 2005 Plan may be treasury shares or authorized but unissued shares. Unless the 2005 Plan is previously terminated by the Board, no new Award may be granted under the 2005 Plan after the tenth anniversary of the date that the 2005 Plan was approved by the Board. At June 30, 2009, approximately 4.0 million shares of our common stock, calculated on a weighted basis, were available for issuance under the 2005 Plan, or 5.7 million if all shares available under the 2005 Plan were issued as five-year options.

Options are granted under the plan at the fair market value on the date of grant and, subject to termination of employment, generally expire ten years from the date of grant, are not transferable other than on death, and generally vest in one to five years commencing one year from the date of grant.

A summary of our stock option activity for the six months ended June 30, 2009 and for the year ended December 31, 2008 are presented below:

	2009		2008

The unit holders represent the noncontrolling interest ownership in our operating partnership. As of June 30, 2009 and December 31, 2008, the noncontrolling interest unit holders owned 3.0% (2,336,477 units) and 3.94% (2,339,853 units) of the operating partnership, respectively. At June 30, 2009, 2,336,477 shares of our common stock were reserved for the conversion of units of limited partnership interest in our operating partnership.

14. Commitments and Contingencies

We and our operating partnership are not presently involved in any material litigation nor, to our knowledge, is any material litigation threatened against us or our properties, other than routine litigation arising in the ordinary course of business. Management believes the costs, if any, incurred by us and our operating partnership related to this litigation will not materially affect our financial position, operating results or liquidity.

In June 2009, we acquired an operating sub-leasehold position at 420 Lexington Avenue for approximately \$7.7 million. This sub-leasehold position was scheduled to mature in December 2029.

The following is a schedule of future minimum lease payments under capital leases and noncancellable operating leases with initial terms in excess of one year as of June 30, 2009 (in thousands):

15. Financial Instruments: Derivatives and Hedging

In accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, we recognize all derivatives on the balance sheet at fair value. Derivatives that are not hedges must be adjusted to fair value through earnings. If a derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability, or firm commitment through earnings, or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value will be immediately recognized in earnings. SFAS No. 133 may increase or decrease reported net income and stockholders' equity prospectively, depending on future levels of interest rates and other variables affecting the fair values of derivative instruments and hedged items, but will have no effect on cash flows.

The following table summarizes the notional and fair value of our derivative financial instruments at June 30, 2009 based on a Level 2 valuation as defined in SFAS No. 157. The notional value is an indication of the extent of our involvement in these instruments at that time, but does not represent exposure to credit, interest rate or market risks (in thousands).

	Notional Value	Strike Rate	Effective Date	Expiration Date	Fair Value
Interest Rate Swap	\$ 60,000	4.364%	1/2007	5/2010	\$ (1,907)
Interest Rate Swap	\$ 105,000	4.910%	12/2009	12/2019	\$ (7,777)
Interest Rate Swap	\$ 100,000	4.705%	12/2009	12/2019	\$ (5,815)
Interest Rate Cap	\$ 128,000	6.000%	1/2007	2/2009	\$

On June 30, 2009, the derivative instruments were reported as an obligation at their fair value of approximately \$15.5 million. This is included in Accrued Interest and Other Liabilities on the consolidated balance sheet at June 30, 2009. Offsetting adjustments are presented as deferred gains or losses in Accumulated Other Comprehensive Loss which has a balance of \$32.3 million, including the remaining balance on

net gains of approximately \$5.5 million from the settlement of hedges, which are being amortized over the remaining term of the related mortgage obligation. Currently, all of our derivative instruments are designated as effective hedging instruments.

We are hedging exposure to variability in future cash flows for forecasted transactions in addition to anticipated future interest payments on existing debt.

16. Fair Value of Financial Investments

The following disclosures of estimated fair value were determined by management, using available market information and appropriate valuation methodologies. Considerable judgment is necessary to interpret market data and develop estimated fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts we could realize on disposition of the financial instruments. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Cash and cash equivalents, accounts receivable and accounts payable balances reasonably approximate their fair values due to the short maturities of these items. Mortgage notes payable, junior subordinate deferrable interest debentures and the senior unsecured notes had an estimated fair value based on discounted cash flow models of approximately \$2.7 billion, compared to the book value of the related fixed rate debt of approximately \$3.3 billion. Our floating rate debt, inclusive of our 2007 unsecured revolving credit facility, had an estimated fair value based on discounted cash flow models of approximately \$1.5 billion, compared to the book value of approximately \$1.6 billion. Our structured finance investments had an estimated fair value ranging between \$394.5 million and \$554.9 million, which was less than the book value at June 30, 2009.

Disclosure about fair value of financial instruments is based on pertinent information available to us as of June 30, 2009. Although we are not aware of any factors that would significantly affect the reasonable fair value amounts, such amounts have not been comprehensively revalued for purposes of these consolidated financial statements since that date and current estimates of fair value may differ significantly from the amounts presented herein.

17. Environmental Matters

Our management believes that the properties are in compliance in all material respects with applicable Federal, state and local ordinances and regulations regarding environmental issues. Management is not aware of any environmental liability that it believes would have a materially adverse impact on our financial position, results of operations or cash flows. Management is unaware of any instances in which it would incur significant environmental cost if any of our properties were sold.

18. Segment Information

We are a REIT engaged in owning, managing, leasing, acquiring and repositioning commercial office and retail properties in the New York Metro area and have two reportable segments, real estate and structured finance investments. Our investment in Gramercy and its related earnings are included in the structured finance segment. We evaluate real estate performance and allocate resources based on earnings contribution to income from continuing operations.

Our real estate portfolio is primarily located in the geographical markets of the New York Metro area. The primary sources of revenue are generated from tenant rents and escalations and reimbursement revenue. Real estate property operating expenses consist primarily of security, maintenance, utility costs, real estate taxes and ground rent expense (at certain applicable properties). See Note 5 for additional details on our structured finance investments.

Income from continuing operations represents total revenues less total expenses for the real estate segment and total investment income less allocated interest expense for the structured finance segment. Interest costs for the structured finance segment are imputed assuming 100% leverage at our 2007 unsecured revolving credit facility borrowing cost. We do not allocate marketing, general and administrative expenses (approximately \$17.9 million, \$35.9 million, \$25.4 million and \$49.9 million for the three and six months ended June 30, 2009 and 2008, respectively) to the structured finance segment, since we base performance on the individual segments prior to allocating marketing, general and administrative expenses. All other expenses, except interest, relate entirely to the real estate assets. There were no transactions between the above two segments.

20. Subsequent Events

We have evaluated subsequent events through the time of filing these consolidated financial statements with the SEC on this Quarterly Report on Form 10-Q on August 10, 2009.

From July 1, 2009 to August 4, 2009, we repurchased approximately \$8.0 million of our senior unsecured notes and bonds and realized net gains on early extinguishment of debt of approximately \$0.8 million.

In July 2009, we closed on a \$40.0 million upside to our loan secured by 625 Madison Avenue. The amortizing loan, which is co-terminus with the existing mortgage, resulted in a blended fixed interest rate of 7.22% on the combined \$136.4 million loan.

In August 2009, we closed on the refinancing of 420 Lexington Avenue. This financing, provided at a 7.5% fixed rate, matures in 2016 and features two, one-year extension options.

In August 2009, a borrower defaulted on a \$40.8 million mezzanine loan. We are pursuing our remedies against the borrower.

In August 2009, we entered into a sale and purchase agreement to sell a 49.5% interest in Green 485 JV LLC, or the Joint Venture, the owner of 485 Lexington Avenue, to a partnership comprised of Optibase Ltd. (Nasdaq: OBAS) and Gilmor USA LLC, or the Purchasers. The transaction results in an implied asset valuation of approximately \$504.2 million for the property. Upon closing, the Purchasers will pay us approximately \$20.8 million for a 49.5% interest in the Joint Venture and will also make a \$20.0 million non-recourse loan to us maturing in 2021 which will be secured by a pledge by us of an additional 49.5% interest in the Joint Venture, with our retaining an unencumbered 1% interest in the Joint Venture. In addition, the Purchasers will also acquire an option based in general on fair market value, exercisable generally until 2022 subject to certain limitations, to purchase our 49.5% pledged ownership interests in the Joint Venture, subject to certain limitations. Prior to closing, we will also make a \$12.2 million, 9.0% loan due in 2013, to the Joint Venture. The existing \$450.0 million mortgage will remain an obligation of the Joint Venture. The transaction is subject to certain conditions, including the existing lender's approval of the transfer of ownership in Green 485 JV LLC and such lender's approval of substitute guarantors under the loan. There is no assurance that the conditions precedent contemplated in the sale-purchase agreement will be fulfilled or that the transaction will be consummated at such time or at all.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Overview**

SL Green Realty Corp., or the Company, a Maryland corporation, and SL Green Operating Partnership, L.P., or the operating partnership, a Delaware limited partnership, were formed in June 1997 for the purpose of combining the commercial real estate business of S.L. Green Properties, Inc. and its affiliated partnerships and entities. We are a self-managed real estate investment trust, or REIT, with in-house capabilities in property management, acquisitions, financing, development, construction and leasing. Unless the context requires otherwise, all references to we, our and us means the Company and all entities owned or controlled by the Company, including the operating partnership.

On January 25, 2007, we completed the acquisition, or the Reckson Merger, of all of the outstanding shares of common stock of Reckson Associates Realty Corp., or Reckson, pursuant to the terms of the Agreement and Plan of Merger, dated as of August 3, 2006, as amended, the Merger Agreement, among SL Green, Wyoming Acquisition Corp., or Wyoming, Wyoming Acquisition GP LLC, Wyoming Acquisition Partnership LP, Reckson and Reckson Operating Partnership, L.P. or ROP. We paid approximately \$6.0 billion, inclusive of transaction costs, for Reckson. ROP is a subsidiary of our operating partnership.

On January 25, 2007, we completed the sale, or Asset Sale, of certain assets of ROP to an asset purchasing venture led by certain of Reckson's former executive management, or the Buyer, for a total consideration of approximately \$2.0 billion.

The following discussion related to our consolidated financial statements should be read in conjunction with the financial statements appearing in this Quarterly Report on Form 10-Q and in Item 8 of our Annual Report on Form 10-K, Form 10-K/A No. 1 and Form 10-K/A No. 2 for the year ended December 31, 2008.

As of June 30, 2009, we owned the following interests in commercial office properties in the New York Metro area, primarily in midtown Manhattan, a borough of New York City, or Manhattan. Our investments in the New York Metro area also include investments in Brooklyn, Queens, Long Island, Westchester County, Connecticut and New Jersey, which are collectively known as the Suburban assets:

Location	Ownership	Number of Properties	Square Feet	Weighted Average Occupancy (1)
Manhattan	Consolidated properties	21	13,782,200	97.0%
	Unconsolidated properties	8	9,429,000	95.0%
Suburban	Consolidated properties	26	4,008,000	87.5%
	Unconsolidated properties	6	2,941,700	94.1%
		61	30,160,900	94.8%

(1) The weighted average occupancy represents the total leased square feet divided by total available rentable square feet.

We also own investments in eight retail properties encompassing approximately 400,212 square feet, three development properties encompassing approximately 399,800 square feet and two land interests. In addition, we manage three office properties owned by third parties and affiliated companies encompassing approximately 1.0 million rentable square feet.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Critical Accounting Policies**

Refer to our 2008 Annual Report on Form 10-K (including Amendment No. 1 and No. 2) for a discussion of our critical accounting policies, which include rental property, investment in unconsolidated joint ventures, revenue recognition, allowance for doubtful accounts, reserve for possible credit losses and derivative instruments. There have been no changes to these policies in 2009.

Results of Operations***Comparison of the three months ended June 30, 2009 to the three months ended June 30, 2008***

The following comparison for the three months ended June 30, 2009, or 2009, to the three months ended June 30, 2008, or 2008, makes reference to the following: (i) the effect of the Same-Store Properties, which represents all properties owned by us at January 1, 2008 and at June 30, 2009 and total 46 of our 61 consolidated properties, representing approximately 74% of our share of annualized rental revenue, (ii) the effect of the Acquisitions, which represents all properties or interests in properties acquired in 2008 and all non-Same-Store Properties, including properties deconsolidated during the period, and (iii) Other, which represents corporate level items not allocable to specific properties, the Service Corporation and eMerge. Assets classified as held for sale, are excluded from the following discussion.

Rental Revenues (in millions)	2009	2008	\$	%
			Change	Change
Rental revenue	\$ 192.7	\$ 192.6	\$ 0.1	0.1%
Escalation and reimbursement revenue	31.5	30.0	1.5	5.0
Total	\$ 224.2	\$ 222.6	\$ 1.6	0.7%
Same-Store Properties	\$ 221.4	\$ 212.8	\$ 8.6	4.0%
Acquisitions	1.9	8.3	(6.4)	(77.1)
Other	0.9	1.5	(0.6)	(40.0)
Total	\$ 224.2	\$ 222.6	\$ 1.6	0.7%

Occupancy in the Same-Store Properties was 95.8% at June 30, 2008, 95.3% at December 31, 2008 and 94.8% at June 30, 2009. The decrease in the Acquisitions is primarily due to certain properties being deconsolidated in 2008, and therefore, not included in the 2009 consolidated results.

At June 30, 2009, we estimated that the current market rents on our consolidated Manhattan properties and consolidated Suburban properties were approximately 10.1% and 6.4% higher, respectively, than the existing in-place fully escalated rents. Approximately 4.7% of the space leased at our consolidated properties expires during the remainder of 2009.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

During the quarter, we signed or commenced 34 leases in the Manhattan portfolio totaling 336,989 square feet, of which 29 leases and 328,780 square feet represented office leases. Average starting Manhattan office rents of \$51.10 per rentable square foot on the 328,780 square feet of leases signed or commenced during the second quarter represented a 27.3% increase over the previously fully escalated rents. The average lease term was 10.9 years and average tenant concessions were 4.0 months of free rent with a tenant improvement allowance of \$53.68 per rentable square foot.

The increase in escalation and reimbursement revenue was due to the recoveries at the Same-Store Properties (\$1.5 million). The increase in recoveries at the Same-Store Properties was primarily due to real estate tax escalations (\$2.9 million). This was offset by reductions in recoveries from operating expense escalations (\$1.1 million) and electric reimbursements (\$0.3 million).

Investment and Other Income (in millions)	2009	2008	\$ Change	% Change
Equity in net income of unconsolidated joint ventures	\$ 16.8	\$ 17.8	\$ (1.0)	(5.6)%
Investment and preferred equity income	15.5	22.7	(7.2)	(31.7)
Other income	13.2	45.5	(32.3)	(71.0)
Total	\$ 45.5	\$ 86.0	\$ (40.5)	(47.1)%

The decrease in equity in net income of unconsolidated joint ventures was primarily due to lower net income contributions from Gramercy (\$1.6 million), 388 Greenwich Street (\$1.3 million), 1221 Avenue of the Americas (\$0.6 million), 1250 Broadway (\$0.9 million) and 717 Fifth Avenue (\$0.9 million). This was partially offset by higher net income contributions primarily from our investments in 1515 Broadway (\$2.4 million), 16 Court Street (\$0.2 million) and the Meadows (\$0.5 million). Occupancy at our joint venture properties was 94.7% at June 30, 2008, 95.0% at December 31, 2008 and 94.8% at June 30, 2009. At June 30, 2009, we estimated that current market rents at our Manhattan and Suburban joint venture properties were approximately 12.0% and 3.6% higher, respectively, than then existing in-place fully escalated rents. Approximately 1.1% of the space leased at our joint venture properties expires during the remainder of 2009.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Investment and preferred equity income decreased during the current quarter. The weighted average investment balance outstanding and weighted average yields were \$665.6 million and 8.3%, respectively, for 2009 compared to \$823.2 million and 9.7%, respectively, for 2008. The decrease was primarily due to the sale of structured finance investments as well as certain loans being placed on non-accrual status after June 30, 2008 and in 2009.

The decrease in other income was primarily due to reduced fee income earned by GKK Manager, a former affiliate of ours and the former external manager of Gramercy (approximately \$1.7 million). In addition, in 2008, we earned an incentive distribution upon the sale of 1250 Broadway (approximately \$25.0 million) as well as an advisory fee paid to us in connection with Gramercy closing its acquisition of AFR (approximately \$6.6 million).

Property Operating Expenses (in millions)	2009	2008	\$ Change	% Change
Operating expenses	\$ 52.4	\$ 54.7	\$ (2.3)	(4.2)%
Real estate taxes	36.8	32.8	4.0	12.2
Ground rent	8.0	7.8	0.2	2.6
Total	\$ 97.2	\$ 95.3	\$ 1.9	2.0%
Same-Store Properties	\$ 92.3	\$ 89.9	\$ 2.4	2.7%
Acquisitions	0.7	1.0	(0.3)	(30.0)
Other	4.2	4.4	(0.2)	(4.6)
Total	\$ 97.2	\$ 95.3	\$ 1.9	2.0%

Same-Store Properties operating expenses decreased approximately \$1.6 million. There were decreases in repairs and maintenance (\$0.5 million) and utilities (\$1.3 million). This was partially offset by increases in payroll expenses (\$0.2 million).

The increase in real estate taxes was primarily attributable to the Same-Store Properties (\$4.0 million) due to higher assessed property values and increased rates.

Other Expenses (in millions)	2009	2008	\$ Change	% Change
Interest expense	\$ 58.5	\$ 75.1	\$ (16.6)	(22.1)%
Depreciation and amortization expense	55.2	54.7	0.5	0.9
Loan loss reserves	45.6	5.0	40.6	812.0
Marketing, general and administrative expense	17.9	25.4	(7.5)	(29.5)
Total	\$ 177.2	\$ 160.2	\$ 17.0	10.6%

The decrease in interest expense was primarily attributable to lower LIBOR rates in 2009 compared to 2008 as well as the early repurchase of certain of our outstanding senior unsecured notes. The weighted average interest rate decreased from 5.12% for the quarter ended June 30, 2008 to 4.31% for the quarter ended June 30, 2009. As a result of the note repurchases and repayments, the weighted average debt balance decreased from \$5.6 billion as of June 30, 2008 to \$5.1 billion as of June 30, 2009.

The increase in loan loss reserves was primarily due to the realized loss on the sale of a structured finance investment (approximately \$38.4 million) in 2009.

Marketing, general and administrative expenses represented 7.1% of total revenues in 2009 compared to 8.8% in 2008. The decrease is primarily due to reduced stock-based compensation costs in 2009.

Comparison of the six months ended June 30, 2009 to the six months ended June 30, 2008

The following comparison for the six months ended June 30, 2009, or 2009, to the six months ended June 30, 2008, or 2008, makes reference to the following: (i) the effect of the Same-Store Properties, which represents all properties owned by us at January 1, 2008 and at June 30, 2009 and total 46 of our 61 consolidated properties, representing approximately 74% of our share of annualized rental revenue, (ii) the effect of the Acquisitions, which represents all properties or interests in properties acquired in 2008 and all non-Same-Store Properties, including properties deconsolidated during the period, and (iii) Other, which represents corporate level items not allocable to specific properties, the Service Corporation and eEmerge. Assets classified as held for sale, are excluded from the following discussion.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Rental Revenues (in millions)	2009	2008	\$	%

Other	3.9	2.9	1.0	34.5
Total	\$ 454.5	\$ 446.4	\$ 8.1	1.8%

Occupancy in the Same-Store Properties was 95.8% at June 30, 2008, 95.3% at December 31, 2008 and 94.8% at June 30, 2009. The decrease in the Acquisitions is primarily due to certain properties being deconsolidated in 2008, and therefore, not included in the 2009 consolidated results.

At June 30, 2009, we estimated that the current market rents on our consolidated Manhattan properties and consolidated Suburban properties were approximately 10.1% and 6.4% higher, respectively, than the existing in-place fully escalated rents. Approximately 4.7% of the space leased at our consolidated properties expires during the remainder of 2009.

The increase in escalation and reimbursement revenue was due to the recoveries at the Same-Store Properties (\$5.0 million) and the Acquisitions and Other (\$0.3 million). The increase in recoveries at the Same-Store Properties was primarily due to increases in real estate tax escalations (\$5.8 million). This was partially offset by reductions in operating expense escalations (\$0.6 million) and electric reimbursements (\$0.2 million).

During the six months ended June 30, 2009, we signed or commenced 70 leases in the Manhattan portfolio totaling 659,213 square feet, of which 61 leases and 625,620 square feet represented office leases. Average starting Manhattan office rents of \$51.86 per rentable square foot on the 625,620 square feet of leases signed or commenced during the six months ended June 30, 2009 represented a 20.7% increase over the previously fully escalated rents. The average lease term was 8.2 years and average tenant concessions were 3.5 months of free rent with a tenant improvement allowance of \$37.04 per rentable square foot.

Other income	29.4	56.0	(26.6)	(47.5)
Total	\$ 91.7	\$ 135.0	\$ (43.3)	(32.1)%

The decrease in equity in net income of unconsolidated joint ventures was primarily due to lower net income contributions from Gramercy (\$10.1 million), 388 Greenwich Street (\$4.4 million), 1250 Broadway (\$2.4 million) and 717 Fifth Avenue (\$1.3 million). This was partially offset by higher net income contributions primarily from our investments in 1515 Broadway (\$5.6 million), 16 Court Street (\$0.9 million), 21

West 34th Street (\$0.4 million) and the Meadows (\$0.5 million). Occupancy at our joint venture properties was 94.7% at June 30, 2008, 95.0% at December 31, 2008 and 94.8% at June 30, 2009. At June 30, 2009, we estimated that current market rents at our Manhattan and Suburban joint venture properties were approximately 12.0% and 3.6% higher, respectively, than then existing in-place fully escalated rents. Approximately 1.1% of the space leased at our joint venture properties expires during the remainder of 2009.

The increase in loan loss reserves was primarily due to the realized loss on the sale of a structured finance investment (approximately \$38.4 million) in 2009 as well as additional reserves on loans being held to maturity.

Investment and preferred equity income decreased during the current six month period when compared to the same period in the prior year. The weighted average investment balance outstanding and weighted average yields were \$677.2 million and 8.7%, respectively, for 2009 compared to \$794.9 million and 10.0%, respectively, for 2008. The decrease was primarily due to the sale of structured finance investments as well as certain loans being placed on non-accrual status after June 30, 2008 and in 2009.

Same-Store Properties operating expenses increased approximately \$0.1 million. There were increases in payroll expenses (\$0.4 million), utilities (\$0.3 million) and ground rent (\$0.4 million). This was partially offset by a decrease in repairs and maintenance (\$0.7 million) and various other costs (\$0.3 million).

The increase in real estate taxes was primarily attributable to the Same-Store Properties (\$8.3 million) due to higher assessed property values and increased rates.

Marketing, general and administrative expense	35.9	49.9	(14.0)	(28.1)
Total	\$ 373.7	\$ 315.8	\$ 57.9	18.3%

The decrease in interest expense was primarily attributable to lower LIBOR rates in 2009 compared to 2008 as well as the early repurchase of certain of our outstanding senior unsecured notes. The weighted average interest rate decreased from 5.19% for the six months ended June 30, 2008 to 4.34% for the six months ended June 30, 2009. As a result of the note repurchases and repayments, the weighted average debt balance decreased from \$5.7 billion during the six months ended June 30, 2008 compared to \$5.3 billion during the six months ended June 30, 2009.

Marketing, general and administrative expenses represented 6.9% of total revenues in 2009 compared to 9.2% in 2008. The decrease is primarily due to reduced stock-based compensation costs in 2009.

Liquidity and Capital Resources

We are currently experiencing a global economic downturn and credit crunch. As a result, many financial industry participants, including commercial real estate owners, operators, investors and lenders, continue to find it extremely difficult to obtain cost-effective debt capital to finance new investment activity or to refinance maturing debt. In the few instances in which debt is available, it is at a cost much higher than in the recent past.

We currently expect that our principal sources of working capital and funds for acquisition and redevelopment of properties, tenant improvements and leasing costs and for structured finance investments during the next twelve months and beyond will include:

- (1) cash flow from operations;
- (2) cash on hand;
- (3) borrowings under our 2007 unsecured revolving credit facility;
- (4) other forms of secured or unsecured financings;
- (5) net proceeds from divestitures of properties and redemptions, participations and dispositions of structured finance investments; and
- (6) proceeds from issuances of common or preferred equity or debt by us or our operating partnership (including issuances of limited partnership units in our operating partnership and trust preferred securities).

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Cash flow from operations is primarily dependent upon the occupancy level of our portfolio, the net effective rental rates achieved on our leases, the collectability of rent and operating escalations and recoveries from our tenants and the level of operating and other costs. Additionally, we believe that our joint venture investment programs will continue to serve as a source of capital.

Our combined aggregate principal maturities of our property mortgages, corporate obligations and our share of joint venture debt, including as-of-right extension options, as of June 30, 2009 are as follows (in thousands):

	2009	2010	2011	2012	2013	Thereafter	Total
Property Mortgages	\$ 14,471	\$ 134,237	\$ 267,455	\$ 150,641	\$ 451,251	\$ 1,552,030	\$ 2,570,085
Corporate obligations		135,336	123,607	1,608,893		524,710	2,392,546
Joint venture debt	12,127	460,512	172,667	33,668	1,113	1,208,811	1,888,898
Total	\$ 26,598	\$ 730,085	\$ 563,729	\$ 1,793,202	\$ 452,364	\$ 3,285,551	\$ 6,851,529

As of June 30, 2009, we had approximately \$676.8 million of cash on hand. This includes approximately \$387.3 million we raised as part of an equity offering of our common stock in May 2009. In June 2009, we further reduced the dividend on our common stock from an annualized rate of \$1.50 per share to \$0.40 per share. In addition, we expect to generate positive cash flow from operations for the foreseeable future. We also have the ability to access private and public debt and equity capital when the opportunity presents itself, although there is no guarantee we will be able to access this capital. Management currently believes that these sources of liquidity, along with potential refinancing opportunities for secured debt and continued repurchases of our senior unsecured notes at discounted prices, will allow us to satisfy our debt obligations, as described above, upon maturity, if not before.

We also have investments in several real estate joint ventures with various partners who we consider to be financially stable and who have the ability to fund a capital call when needed. Most of our joint ventures are financed with non-recourse debt. We believe that property level cash flows along with unfunded committed indebtedness and proceeds from the refinancing of outstanding secured indebtedness will be sufficient to fund the capital needs of our joint venture properties.

We continue to monitor closely the financial viability of our largest tenant, Citigroup, which accounted for approximately 9.1% of our annualized rent as of June 30, 2009, paying particular attention to the potentially negative effects of its capital position and reductions in its headcount on its tenancy in our portfolio. During 2008 and 2009, Citigroup benefited from substantial U.S. government financial investments, including (i) raising capital through the sale of Citigroup non-voting perpetual, cumulative preferred stock and warrants to purchase common stock issued to the U.S. Department of the Treasury, (ii) entering into a loss-sharing agreement with various U.S. government entities covering certain of Citigroup assets, and (iii) issuing senior unsecured debt guaranteed by the Federal Deposit Insurance Corporation. In 2009, Citigroup announced an exchange offer of its common stock for up to a total of \$27.5 billion of its existing preferred securities and trust preferred securities and subsequently expanded the exchange offer by \$5.5 billion to a total of \$33 billion. The U.S. government will also participate in the exchange offer in an amount equal to the participation of all other investors, up to a maximum of \$25 billion of the Citigroup preferred stock held by it. All remaining preferred stock held by the U.S. government that is not converted to common stock in the exchange offer will be exchanged for newly issued 8% trust preferred securities. These actions help assure us that Citigroup will continue to be a meaningful contributor to our operating cash flow in the future.

We believe that these actions by Citigroup and the U.S. government have served to bolster Citigroup's viability as a tenant and significantly mitigated its short term capital needs. In addition, while Citigroup has reduced its overall employee base, it has begun to relocate personnel from other New York City properties not owned by us into the two properties where we have the largest exposure to Citigroup, 388-390 Greenwich Street, Manhattan and One Court Square in Queens. Both of these properties are held in joint ventures, however, thereby reducing our exposure to Citigroup from what it would have been had we been the sole owner of these properties.

Cash Flows

The following summary discussion of our cash flows is based on our condensed consolidated statements of cash flows in Item 1. Financial Statements and is not meant to be an all-inclusive discussion of the changes in our cash flows for the periods presented below.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Cash and cash equivalents were \$676.8 million and \$53.6 million at June 30, 2009 and 2008, respectively, representing an increase of \$623.2 million. The increase was a result of the following increases and decreases in cash flows (in thousands):

	Six months ended June 30,		Increase
	2009	2008	(Decrease)
Net cash provided by operating activities	\$ 152,374	\$ 137,598	\$ 14,776
Net cash provided by (used in) investing activities	\$ 25,170	\$ 345,996	\$ (320,826)
Net cash (used in) provided by financing activities	\$ (227,665)	\$ (475,991)	\$ 248,326

Our principal source of operating cash flow is related to the leasing and operating of the properties in our portfolio. Our properties provide a relatively consistent stream of cash flow that provides us with resources to pay operating expenses, debt service and fund quarterly dividend and distribution payment requirements. At June 30, 2009 our portfolio was 94.8% occupied. Our structured finance and joint venture investments also provide a steady stream of operating cash flow to us.

Cash is used in investing activities to fund acquisitions, redevelopment projects and recurring and nonrecurring capital expenditures. We selectively invest in new projects that enable us to take advantage of our development, leasing, financing and property management skills and invest in existing buildings that meet our investment criteria. During the six months ended June 30, 2009, when compared to the six months ended June 30, 2008, we used cash primarily for the following investing activities (in thousands):

Acquisitions of and additions to real estate	\$ 86,304
Escrow cash-capital improvements/acquisition deposits	(9,103)
Joint venture investments	6,090
Distributions from joint ventures	(403,036)
Proceeds from sales of real estate	(126,926)
Structured finance and other investments	125,845

We generally fund our investment activity through free cash flow, property-level financing, our 2007 unsecured revolving credit facility, senior unsecured notes, construction loans and from time to time we issue common or preferred stock. During the six months ended June 30, 2009, when compared to the six months ended June 30, 2008, we generated cash for the following financing activities (in thousands):

Proceeds from our debt obligations	\$ (596,610)
Repayments under our debt obligations	367,140
Proceeds from issuance of common stock	387,324
Noncontrolling interests, contributions in excess of distributions	(18,270)
Other financing activities	(8,348)

Repurchases of common stock	68,056
Dividends paid	49,034

Capitalization

As of June 30, 2009, we had 76,819,854 shares of common stock, 2,336,477 units of limited partnership interest in our operating partnership, 6,300,000 shares of our 7.625% Series C cumulative redeemable preferred stock, or Series C preferred stock, and 4,000,000 shares of our 7.875% Series D cumulative redeemable preferred stock, or Series D preferred stock, outstanding.

In May 2009, we sold 19,550,000 shares of our common stock. The net proceeds from this offering (approximately \$387.3 million) was used to repurchase unsecured debt and for other corporate purposes.

In March 2007, our board of directors approved a stock repurchase plan under which we can buy up to \$300.0 million shares of our common stock. This plan expired on December 31, 2008. As of December 31, 2008, we purchased and settled approximately \$300.0 million, or 3.3 million shares of our common stock, at an average price of \$90.49 per share.

Rights Plan

We adopted a shareholder rights plan which provides, among other things, that when specified events occur, our shareholders will be entitled to purchase from us a new created series of junior preferred shares, subject to our ownership limit described below. The preferred share purchase rights are triggered by the earlier to occur of (1) ten days after the date of a purchase announcement that a person or group acting in concert has acquired, or obtained the right to acquire, beneficial ownership of 17% or more of our outstanding shares of common stock or (2) ten business days after the commencement of or announcement of an intention to make a tender offer or exchange offer, the consummation of which would result in the acquiring person becoming the beneficial owner of 17% or more of our outstanding common stock. The preferred share purchase rights would cause substantial dilution to a person or group that attempts to acquire us on terms not approved by our board of directors.

Dividend Reinvestment and Stock Purchase Plan

We filed a registration statement with the SEC for our dividend reinvestment and stock purchase plan, or DRIP, which was declared effective on September 10, 2001. The DRIP commenced on September 24, 2001. We registered 3,000,000 shares of common stock under the DRIP.

During the six months ended June 30, 2009 and 2008, approximately 20 and 1,900 shares were issued and approximately \$500 and \$160,000 of proceeds were received, respectively, from dividend reinvestments and/or stock purchases under the DRIP. DRIP shares may be issued at a discount to the market price.

2003 Long-Term Outperformance Compensation Program

Our board of directors adopted a long-term, seven-year compensation program for certain members of senior management. The program, which measured our performance over a 48-month period (unless terminated earlier) commencing April 1, 2003, provided that holders of our common equity were to achieve a 40% total return during the measurement period over a base share price of \$30.07 per share before any restricted stock awards were granted. Plan participants would receive an award of restricted stock in an amount between 8% and 10% of the excess total return over the baseline return. At the end of the four-year measurement period, 40% of the award will vest on the measurement date and 60% of the award will vest ratably over the subsequent three years based on continued employment. Any restricted stock to be issued under the program will be allocated from our 2005 Stock Option and Incentive Plan (as defined below), which was previously approved through a stockholder vote in May 2005. In April 2007, the Compensation Committee determined that under the terms of the 2003 Outperformance Plan, as of March 31, 2007, the performance hurdles had been met and the maximum performance pool of \$22,825,000, taking into account forfeitures, was established. In connection with this event, approximately 166,312 shares of restricted stock (as adjusted for forfeitures) were allocated under the 2005 Stock Option and Incentive Plan. These awards are subject to vesting as noted above. We record the expense of the restricted stock award in accordance with SFAS 123-R. The fair value of the award on the date of grant was determined to be \$3.2 million. Forty percent of the value of the award will be amortized over four years and the balance will be amortized at 20% per year over five, six and seven years, respectively, such that 20% of year five, 16.67% of year six, and 14.29% of year seven will be recorded in year one. Compensation expense of \$29,500, \$59,000, \$57,500 and \$115,000 related to this plan was recorded during the three and six months ended June 30, 2009 and 2008, respectively.

2005 Long-Term Outperformance Compensation Program

In December 2005, the compensation committee of our board of directors approved a long-term incentive compensation program, the 2005 Outperformance Plan. Participants in the 2005 Outperformance Plan will share in a performance pool if our total return to stockholders for the period from December 1, 2005 through November 30, 2008 exceeds a cumulative total return to stockholders of 30% during the measurement period over a base share price of \$68.51 per share. The size of the pool was to be 10% of the outperformance amount in excess of the 30% benchmark, subject to a maximum dilution cap equal to the lesser of 3% of our outstanding shares and units of limited partnership interest as of December 1, 2005 or \$50.0 million. In the event the potential performance pool reached this dilution cap before November 30, 2008 and remained at that level or higher for 30 consecutive days, the performance period was to end early and the pool would be formed on the last day of such 30 day period. Each participant's award under the 2005 Outperformance Plan would be designated as a specified percentage of the aggregate performance pool to be allocated to him or her assuming the 30% benchmark is achieved. Individual awards would be made in the form of partnership units, or LTIP Units, that may ultimately become exchangeable for shares of our common stock or cash, at our election. LTIP Units would be granted prior to the determination of the performance pool; however, they were only to vest upon satisfaction of performance and other thresholds, and were not entitled to distributions until after the performance pool was established. The 2005 Outperformance Plan provides that if the pool was established, each participant would also be entitled to the distributions that would have been paid on the number of LTIP Units earned, had they been issued at the beginning of the performance period. Those distributions were to be paid in the form of additional LTIP Units.

Table of Contents

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

After the performance pool was established, the earned LTIP Units are to receive regular quarterly distributions on a per unit basis equal to the dividends per share paid on our common stock, whether or not they are vested. Any LTIP Units not earned upon the establishment of the performance pool were to be automatically forfeited, and the LTIP Units that are earned are subject to time-based vesting, with one-third of the LTIP Units earned vesting on November 30, 2008 and each of the first two anniversaries thereafter based on continued employment. On June 14, 2006, the Compensation Committee determined that under the terms of the 2005 Outperformance Plan, as of June 8, 2006, the performance period had accelerated and the maximum performance pool of \$49,250,000, taking into account forfeitures, was established. Individual awards under the 2005 Outperformance Plan are in the form of partnership units, or LTIP Units, in our operating partnership that, subject to certain conditions, are convertible into shares of the Company's common stock or cash, at our election. The total number of LTIP Units earned by all participants as a result of the establishment of the performance pool was 490,475 and are subject to time-based vesting.

The cost of the 2005 Outperformance Plan (approximately \$8.0 million, subject to adjustment for forfeitures) will continue to be amortized into earnings through the final vesting period in accordance with SFAS 123-R. We recorded approximately \$0.6 million, \$1.2 million, \$0.7 million and \$1.2 million of compensation expense during the three and six months ended June 30, 2009 and 2008, respectively, in connection with the 2005 Outperformance Plan.

2006 Long-Term Outperformance Compensation Program

On August 14, 2006, the compensation committee of our board of directors approved a long-term incentive compensation program, the 2006 Outperformance Plan. Participants in the 2006 Outperformance Plan will share in a performance pool if our total return to stockholders for the period from August 1, 2006 through July 31, 2009 exceeds a cumulative total return to stockholders of 30% during the measurement period over a base share price of \$106.39 per share. The size of the pool will be 10% of the outperformance amount in excess of the 30% benchmark, subject to a maximum award of \$60 million. The maximum award will be reduced by the amount of any unallocated or forfeited awards. In the event the potential performance pool reaches the maximum award before July 31, 2009 and remains at that level or higher for 30 consecutive days, the performance period will end early and the pool will be formed on the last day of such 30 day period. Each participant's award under the 2006 Outperformance Plan will be designated as a specified percentage of the aggregate performance pool. Assuming the 30% benchmark is achieved, the pool will be allocated among the participants in accordance with the percentage specified in each participant's participation agreement. Individual awards will be made in the form of LTIP Units, that, subject to vesting and the satisfaction of other conditions, are exchangeable for a per unit value equal to the then trading price of one share of our common stock. This value is payable in cash or, at our election, in shares of common stock. LTIP Units will be granted prior to the determination of the performance pool; however, they will only vest upon satisfaction of performance and time vesting thresholds under the 2006 Outperformance Plan, and will not be entitled to distributions until after the performance pool is established. Distributions on LTIP Units will equal the dividends paid on our common stock on a per unit basis. The 2006 Outperformance Plan provides that if the pool is established, each participant will also be entitled to the distributions that would have been paid had the number of earned LTIP Units been issued at the beginning of the performance period. Those distributions will be paid in the form of additional LTIP Units. Thereafter, distributions will be paid currently with respect to all earned LTIP Units that are a part of the performance pool, whether vested or unvested. Although the amount of earned awards under the 2006 Outperformance Plan (i.e. the number of LTIP Units earned) will be determined when the performance pool is established, not all of the awards will vest at that time. Instead, one-third of the awards will vest on July 31, 2009 and each of the first two anniversaries thereafter based on continued employment.

In the event of a change in control of our company on or after August 1, 2007 but before July 31, 2009, the performance pool will be calculated assuming the performance period ended on July 31, 2009 and the total return continued at the same annualized rate from the date of the change

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

in control to July 31, 2009 as was achieved from August 1, 2006 to the date of the change in control; provided that the performance pool may not exceed 200% of what it would have been if it was calculated using the total return from August 1, 2006 to the date of the change in control and a pro rated benchmark. In either case, the performance pool will be formed as described above if the adjusted benchmark target is achieved and all earned awards will be fully vested upon the change in control. If a change in control occurs after the performance period has ended, all unvested awards issued under our 2006 Outperformance Plan will become fully vested upon the change in control.

The cost of the 2006 Outperformance Plan (approximately \$9.6 million, subject to adjustment for forfeitures) will be amortized into earnings through the final vesting period in accordance with SFAS 123-R. We recorded approximately \$0.1 million, \$0.2 million, \$0.6 million and \$1.3 million of compensation expense during the three and six months ended June 30, 2009 and 2008, respectively, in connection with the 2006 Outperformance Plan. During the fourth quarter of 2008, we and certain of our employees, including our executive officers, mutually agreed to cancel a portion of the 2006 Outperformance Plan.

Deferred Stock Compensation Plan for Directors

Under our Independent Director's Deferral Program, which commenced July 2004, our non-employee directors may elect to defer up to 100% of their annual retainer fee, chairman fees and meeting fees. Unless otherwise elected by a participant, fees deferred under the program shall be credited in the form of phantom stock units. The phantom stock units are convertible into an equal number of shares of common stock upon such director's termination of service from the Board of Directors or a change in control by us, as defined by the program. Phantom stock units are credited to each non-employee director quarterly using the closing price of our common stock on the applicable dividend record date for the respective quarter. Each participating non-employee director's account is also credited for an equivalent amount of phantom stock units based on the dividend rate for each quarter.

During the six months ended June 30, 2009, approximately 20,435 phantom stock units were earned. As of June 30, 2009, there were approximately 42,947 phantom stock units outstanding.

Employee Stock Purchase Plan

On September 18, 2007, our board of directors adopted, subject to stockholder approval, the 2008 Employee Stock Purchase Plan, or ESPP, to encourage our employees to increase their efforts to make our business more successful by providing equity-based incentives to eligible employees. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended, and has been adopted by the board to enable our eligible employees to purchase our shares of common stock through payroll deductions. The ESPP became effective on January 1, 2008 with a maximum of 500,000 shares of the common stock available for issuance, subject to adjustment upon a merger, reorganization, stock split or other similar corporate change. We filed a registration statement on Form S-8 with the Securities and Exchange Commission with respect to the ESPP. The common stock will be offered for purchase through a series of successive offering periods. Each offering period will be three months in duration and will begin on the first day of each calendar quarter, with the first offering period having commenced on January 1, 2008. The ESPP provides for eligible employees to purchase the common stock at a purchase price equal to 85% of the lesser of (1) the market value of the common stock on the first day of the offering period or (2) the market value of the common stock on the last day of the offering period. The ESPP was approved by our stockholders at our 2008 annual meeting of stockholders. As of June 30, 2009, approximately 11,657 shares of our common stock had been issued under the ESPP.

Amended and Restated 2005 Stock Option and Incentive Plan

Subject to adjustments upon certain corporate transactions or events, up to a maximum of 6,000,000 shares, or the Fungible Pool Limit, may be granted as options, restricted stock, phantom shares, dividend equivalent rights and other equity-based awards under the Amended and Restated 2005 Stock Option and Incentive Plan, or the 2005 Plan. At June 30, 2009, approximately 3.9 million shares of our common stock, calculated on a weighted basis, were available for issuance under the 2005 Plan, or 5.6 million shares if all shares available under the 2005 Plan were issued as five-year options.

Market Capitalization

At June 30, 2009, borrowings under our mortgage loans, 2007 unsecured revolving credit facility, senior unsecured notes and trust preferred securities (including our share of joint venture debt of approximately \$1.9 billion) represented 76.8% of our combined market capitalization of approximately \$8.9 billion (based on a common stock price of \$22.94 per share, the closing price of our common stock on the New York Stock Exchange on June 30, 2009). Market capitalization includes our consolidated debt, common and preferred stock and the conversion of all units of limited partnership interest in our operating partnership, and our share of joint venture debt. This ratio has increased significantly compared to 2008 primarily due to the significant decrease in our stock price in 2008 and 2009.

Fixed rate	5.65%	5.37%
Variable rate	1.54%	4.05%
Effective interest rate	4.31%	5.24%

The variable rate debt shown above bears interest at an interest rate based on 30-day LIBOR (0.31% and 2.46% at June 30, 2009 and 2008, respectively). Our consolidated debt at June 30, 2009 had a weighted average term to maturity of approximately 5.8 years.

Certain of our structured finance investments, totaling approximately \$281.4 million, are variable rate investments which mitigate our exposure to interest rate changes on our unhedged variable rate debt at June 30, 2009.

Mortgage Financing

As of June 30, 2009, our total mortgage debt (excluding our share of joint venture debt of approximately \$1.9 billion) consisted of approximately \$2.3 billion of fixed rate debt, including hedged variable rate debt, with an effective weighted average interest rate of approximately 5.95% and \$265.7 million of variable rate debt with an effective weighted average interest rate of approximately 2.68%.

Corporate Indebtedness

2007 Unsecured Revolving Credit Facility

We have a \$1.5 billion unsecured revolving credit facility. The 2007 unsecured revolving credit facility bears interest at a spread ranging from 70 basis points to 110 basis points over the 30-day LIBOR which, based on our leverage ratio, is currently 90 basis points. This facility matures in June 2011 and has a one-year as-of-right extension option. The 2007 unsecured revolving credit facility also requires a 12.5 to 20 basis point fee on the unused balance payable annually in arrears. The 2007 unsecured revolving credit facility had approximately \$1.4 billion outstanding at June 30, 2009. Availability under the 2007 unsecured revolving credit facility was further reduced at June 30, 2009 by the issuance of approximately \$21.6 million in letters of credit. The 2007 unsecured revolving credit facility includes certain restrictions and covenants (see restrictive covenants below).

Term Loans

In December 2007, we closed on a \$276.7 million ten-year term loan which carried an effective fixed interest rate of 5.19%. This loan was secured by our interest in 388 and 390 Greenwich Street. This secured term loan, which was scheduled to mature in December 2017, was repaid and terminated in May 2008.

(1) Assumed as part of the Reckson Merger.

(2) During the six months ended June 30, 2009, we repurchased approximately \$26.4 million of these notes and realized net gains on early extinguishment of debt of approximately \$2.5 million.

(3) Exchangeable senior debentures which are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder at par plus accrued and unpaid interest, on June 15, 2010, 2015 and 2020 and upon the occurrence of certain change of control transactions. As a result of the Reckson Merger, the adjusted exchange rate for the debentures is 7.7461 shares of our common stock per \$1,000 of principal amount of debentures and the adjusted reference dividend for the debentures is \$1.3491. During the six months ended June 30, 2009, we repurchased approximately \$47.1 million of these notes and realized net gains on early extinguishment of debt of approximately \$1.2 million.

(4) In March 2007, we issued \$750.0 million of these convertible notes. Interest on these notes is payable semi-annually on March 30 and September 30. The notes have an initial exchange rate representing an exchange price that is at a 25.0% premium to the last reported sale price of our common stock on March 20, 2007, or \$173.30. The initial exchange rate is subject to adjustment under certain circumstances. The notes are senior unsecured obligations of our operating partnership and are exchangeable upon the occurrence of specified events, and during the period beginning on the twenty-second scheduled trading day prior to the maturity date and ending on the second business day prior to the maturity date, into cash or a combination of cash and shares of our common stock, if any, at our option. The notes are redeemable, at our option, on and after April 15, 2012. We may be required to repurchase the notes on March 30, 2012, 2017 and 2022, and upon the occurrence of certain designated events. The net proceeds from the offering were approximately \$736.0 million, after deducting estimated fees and expenses. The proceeds of the offering were used to repay certain of our existing indebtedness, make investments in additional properties, and make open market purchases of our common stock and for general corporate purposes. During the six months ended June 30, 2009, we repurchased approximately \$388.3 million of these bonds and realized net gains on early extinguishment of debt of approximately \$73.4 million.

(5) Interest on the senior unsecured notes is payable semi-annually with principal and unpaid interest due on the scheduled maturity dates.

In March 2009, the \$200.0 million, 7.75% unsecured notes, assumed as part of the Reckson Merger, matured and were redeemed at par.

Junior Subordinate Deferrable Interest Debentures

In June 2005, we issued \$100.0 million of Trust Preferred Securities, which are reflected on the balance sheet at March 31, 2007 as Junior Subordinate Deferrable Interest Debentures. The proceeds were used to repay our unsecured revolving credit facility. The \$100.0 million of junior subordinate deferred interest debentures have a 30-year term ending July 2035. They bear interest at a fixed rate of 5.61% for the first 10 years ending July 2015. Thereafter, the rate will float at three month LIBOR plus 1.25%. The securities are redeemable at par beginning in July 2010.

Restrictive Covenants

The terms of our 2007 unsecured revolving credit facility and senior unsecured notes include certain restrictions and covenants which limit, among other things, the payment of dividends (as discussed below), the incurrence of additional indebtedness, the incurrence of liens and the disposition of assets, and which require compliance with financial ratios relating to the minimum amount of tangible net worth, the minimum amount of debt service coverage and fixed charge coverage, the maximum amount of unsecured indebtedness, the minimum amount of unencumbered property debt service coverage and certain investment limitations. The dividend restriction referred to above provides that, except to enable us to continue to qualify as a REIT for Federal income tax purposes, we will not during any four consecutive fiscal quarters make distributions with respect to common stock or other equity interests in an aggregate amount in excess of 95% of funds from operations for such period, subject to certain other adjustments. As of June 30, 2009 and December 31, 2008, we were in compliance with all such covenants.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Market Rate Risk**

We are exposed to changes in interest rates primarily from our floating rate borrowing arrangements. We use interest rate derivative instruments to manage exposure to interest rate changes. A hypothetical 100 basis point increase in interest rates along the entire interest rate curve for 2009 would increase our annual interest cost by approximately \$16.2 million and would increase our share of joint venture annual interest cost by approximately \$7.0 million, respectively.

We recognize all derivatives on the balance sheet at fair value. Derivatives that are not hedges must be adjusted to fair value through income. If a derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivative will either be offset against the change in fair value of the hedged asset, liability, or firm commitment through earnings, or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings.

Approximately \$3.3 billion of our long-term debt bears interest at fixed rates, and therefore the fair value of these instruments is affected by changes in the market interest rates. The interest rate on our variable rate debt and joint venture debt as of June 30, 2009 ranged from LIBOR plus 75 basis points to LIBOR plus 275 basis points.

Contractual Obligations

Combined aggregate principal maturities of mortgages and notes payable, 2007 unsecured revolving credit facility, senior unsecured notes, trust preferred securities, our share of joint venture debt, including as-of-right extension options, estimated interest expense, and our obligations under our capital lease and ground leases, as of June 30, 2009 are as follows (in thousands):

Off-Balance Sheet Arrangements

We have a number of off-balance sheet investments, including joint ventures and structured finance investments. These investments all have varying ownership structures. Substantially all of our joint venture arrangements are accounted for under the equity method of accounting as we have the ability to exercise significant influence, but not control over the operating and financial decisions of these joint venture arrangements. Our off-balance sheet arrangements are discussed in Note 5, *Structured Finance Investments* and Note 6, *Investments in Unconsolidated Joint Ventures* in the accompanying financial statements.

Capital Expenditures

We estimate that for the six months ending December 31, 2009, we will incur approximately \$51.7 million of capital expenditures (including tenant improvements and leasing commissions) on existing wholly-owned properties and our share of capital expenditures at our joint venture properties will be approximately \$12.8 million. We expect to fund these capital expenditures with operating cash flow, property level financing and cash on hand. Future property acquisitions may require substantial capital investments for refurbishment and leasing costs. We expect that these financing requirements will be met in a similar fashion. We believe that we will have sufficient resources to satisfy our capital needs during the next 12-month period. Thereafter, we expect that our capital needs will be met through a combination of cash on hand, net cash provided by operations, borrowings, potential asset sales or additional equity or debt issuances.

Dividends

We expect to pay dividends to our stockholders based on the distributions we receive from our operating partnership primarily from property revenues net of operating expenses or, if necessary, from working capital or borrowings.

To maintain our qualification as a REIT, we must pay annual dividends to our stockholders of at least 90% of our REIT taxable income, determined before taking into consideration the dividends paid deduction and net capital gains. We intend to continue to pay regular quarterly dividends to our stockholders on an annual basis. Based on our current annual dividend rate of \$0.40 per share, we would pay approximately \$30.7 million in dividends. Before we pay any dividend, whether for Federal income tax purposes or otherwise, which would only be paid out of available cash to the extent permitted under our unsecured and secured credit facilities, and our term loans, we must first meet both our operating requirements and scheduled debt service on our mortgages and loans payable.

Related Party Transactions

Cleaning/ Security/ Messenger and Restoration Services

Through Alliance Building Services, or Alliance, First Quality Maintenance, L.P., or First Quality, provides cleaning, extermination and related services, Classic Security LLC provides security services, Bright Star Couriers LLC provides messenger services, and Onyx Restoration Works provides restoration services with respect to certain properties owned by us. Alliance is owned by Gary Green, a son of Stephen L. Green, the chairman of our board of directors. In addition, First Quality has the non-exclusive opportunity to provide cleaning and related services to individual tenants at our properties on a basis separately negotiated with any tenant seeking such additional services. We paid Alliance approximately \$4.3 million, \$7.7 million, \$3.4 million and \$7.0 million for the three and six months ended June 30, 2009 and 2008, respectively, for these services (excluding services provided directly to tenants).

Leases

Nancy Peck and Company leases 1,003 square feet of space at 420 Lexington Avenue under a lease that ends in August 2015. Nancy Peck and Company is owned by Nancy Peck, the wife of Stephen L. Green. The rent due under the lease is \$35,516 per year. From February 2007 through December 2008, Nancy Peck and Company leased 507 square feet of space at 420 Lexington Avenue pursuant to a lease which provided for annual rental payments of approximately \$15,210. Prior to February 2007, Nancy Peck and Company leased 2,013 square feet of space at 420 Lexington Avenue, pursuant to a lease that expired on June 30, 2005 and which provided for annual rental payments of approximately \$66,000. The rent due pursuant to that lease was offset against a consulting fee of \$11,025 per month an affiliate paid to her pursuant to a consulting agreement, which was canceled in July 2006.

Management Fees

S.L. Green Management Corp. receives property management fees from an entity in which Stephen L. Green owns an interest. The aggregate amount of fees paid to S.L. Green Management Corp. from such entity was approximately \$84,000, \$179,000, \$90,000 and \$182,000 for the three and six months ended June 30, 2009 and 2008, respectively.

Brokerage Services

Sonnenblick-Goldman Company, or Sonnenblick, a nationally recognized real estate investment banking firm, provided mortgage brokerage services to us. Mr. Morton Holliday, the father of Mr. Marc Holliday, was a Managing Director of Sonnenblick at the time of the financings. In 2008, our 1250 Broadway joint venture paid approximately \$1.7 million to Sonnenblick in connection with the sale of 1250 Broadway.

Gramercy Capital Corp.

Our related party transactions with Gramercy are discussed in Note 11, Related Party Transactions in the accompanying financial statements.

Insurance

We maintain all-risk property and rental value coverage (including coverage regarding the perils of flood, earthquake and terrorism) within two property insurance portfolios and liability insurance. The first property portfolio maintains a blanket limit of \$600.0 million per occurrence for the majority of the New York City properties in our portfolio with a sub-limit of \$450.0 million for acts of terrorism. The second portfolio maintains a limit of \$600.0 million per occurrence, including terrorism, for a few New York City properties and the majority of the Suburban properties. Both property policies expire on December 31, 2009. Additional coverage may be purchased on a stand-alone basis for certain assets. The liability policies cover all our properties and provide limits of \$200.0 million per property. The liability policies expire on October 31, 2009.

In October 2006, we formed a wholly-owned taxable REIT subsidiary, Belmont Insurance Company, or Belmont, to act as a captive insurance company and be one of the elements of our overall insurance program. Belmont was formed in an effort to, among other reasons, stabilize to some extent the fluctuations of insurance market conditions. Belmont is licensed in New York to write Terrorism,

NBCR (nuclear, biological, chemical, and radiological), General Liability and D&O coverage.

- **Terrorism:** Belmont acts as a direct property insurer with respect to a portion of our terrorism coverage for the New York City properties. Effective December 31, 2008, Belmont increased its terrorism coverage from \$50 million to \$250 million in an upper layer. In addition Belmont purchased reinsurance to reinsure the retained insurable risk not otherwise covered under Terrorism Risk Insurance Program Reauthorization and Extension Act of 2007, or TRIPRA, as detailed below.
- **NBCR:** Belmont acts as a direct insurer of NBCR coverage up to \$250 million on the entire property portfolio.
- **General Liability:** Belmont insures a deductible on the general liability insurance with a \$250,000 deductible per occurrence and a \$2.4 million annual aggregate stop loss limit. We have secured an excess insurer to protect against catastrophic liability losses above the \$250,000 deductible per occurrence and a stop loss if aggregate claims exceed \$2.4 million. Belmont has retained a third party administrator to manage all claims within the deductible and we anticipate that direct management of liability claims will improve loss experience and ultimately lower the cost of liability insurance in future years. In addition, we have an umbrella liability policy of \$200.0 million.
- **D&O:** Effective August 10, 2008, a directors and officers liability policy was added by Belmont to provide reimbursement for SEC claims reducing the deductible from \$2,500,000 to \$1,000,000.

As long as we own Belmont, we are responsible for its liquidity and capital resources, and the accounts of Belmont are part of our consolidated financial statements. If we experience a loss and Belmont is required to pay under its insurance policy, we would ultimately record the loss to the extent of Belmont's required payment. Therefore, insurance coverage provided by Belmont should not be considered as the equivalent of third-party insurance, but rather as a modified form of self-insurance.

TRIA, which was enacted in November 2002, was renewed on December 31, 2007. Congress extended TRIA, now called TRIPRA (Terrorism Risk Insurance Program Reauthorization and Extension Act of 2007) until December 31, 2014. The law extends the federal Terrorism Insurance Program that requires insurance companies to offer terrorism coverage and provides for compensation for insured losses resulting from acts of foreign and domestic terrorism. Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), mezzanine loans, ground leases and our 2007 unsecured revolving credit facility, contain customary covenants requiring us to maintain insurance. There can be no assurance that the lenders or ground lessors under these instruments will not take the position that a total or partial exclusion from all-risk insurance coverage for losses due to terrorist acts is a breach of these debt and ground lease instruments that allows the lenders or ground lessors to declare an event of default and accelerate repayment of debt or recapture of ground lease positions. In addition, if lenders insist on full coverage for these risks and prevail in asserting that we are required to maintain such coverage, it could result in substantially higher insurance premiums.

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

We have a 45% interest in the property at 1221 Avenue of the Americas, where we participate with The Rockefeller Group Inc., which carries a blanket policy providing \$1.0 billion of all-risk property insurance, including terrorism coverage, and a 49.9% interest in the property at 100 Park Avenue, where we participate with Prudential, which carries a blanket policy of \$500.0 million of all-risk property insurance, including terrorism coverage. We own One Madison Avenue, which is under a triple net lease with insurance provided by the tenant, Credit Suisse Securities (USA) LLC, or CS. We monitor the coverage provided by CS to make sure that our asset is adequately protected. We have a 50.6% interest in the property at 388 and 390 Greenwich Street, where we participate with SITQ, which is leased on a triple net basis to Citigroup, N.A., which provides insurance coverage directly. We monitor all triple net leases to ensure that tenants are providing adequate coverage. Although we consider our insurance coverage to be appropriate, in the event of a major catastrophe, such as an act of terrorism, we may not have sufficient coverage to replace certain properties.

Funds from Operations

Funds from Operations, or FFO, is a widely recognized measure of REIT performance. We compute FFO in accordance with standards established by the National Association of Real Estate Investment Trusts, or NAREIT, which may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than we do. The revised White Paper on FFO approved by the Board of Governors of NAREIT in April 2002 defines FFO as net income (loss) (computed in accordance with Generally Accepted Accounting Principles, or GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. We present FFO because we consider it an important supplemental measure of our operating performance and believe that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, particularly those that own and operate commercial office properties.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

We also use FFO as one of several criteria to determine performance-based bonuses for members of our senior management. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. Because FFO excludes depreciation and amortization unique to real estate, gains and losses from property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, interest costs, providing perspective not immediately apparent from net income. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of our financial performance or to cash flow from operating activities (determined in accordance with GAAP) as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

FFO for the three and six months ended June 30, 2009 and 2008 is as follows (in thousands):

Inflation

Substantially all of the office leases provide for separate real estate tax and operating expense escalations as well as operating expense recoveries based on increases in the Consumer Price Index or other measures such as porters' wage. In addition, many of the leases provide for fixed base rent increases. We believe that inflationary increases may be at least partially offset by the contractual rent increases and expense escalations described above.

Forward-Looking Statement

This report includes certain statements that may be deemed to be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are intended to be covered by the safe harbor provisions thereof. All statements, other than statements of historical facts, included in this report that address activities, events or developments that we expect, believe or anticipate will or may occur in the future, including such matters as future capital expenditures, dividends and acquisitions (including the amount and nature thereof), development trends of the real estate industry and the Manhattan, Westchester County, Connecticut, Long Island and New Jersey office markets, business strategies, expansion and growth of our operations and other similar matters, are forward-looking statements. These forward-looking statements are based on certain assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions, expected future developments and other factors we believe are appropriate.

Forward-looking statements are not guarantees of future performance and actual results or developments may materially differ, and we caution you not to place undue reliance on such statements. Forward-looking statements are generally identifiable by the use of the words may, will, should, expect, anticipate, estimate, believe, intend, project, continue, or the negative of these words, or other similar words or terms.

Forward-looking statements contained in this report are subject to a number of risks and uncertainties which may cause our actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by forward-looking statements made by us. These risks and uncertainties include:

- the effect of the credit crisis on general economic, business and financial conditions, and on the New York Metro real estate market in particular;
- dependence upon certain geographic markets;
- risks of real estate acquisitions, dispositions and developments, including the cost of construction delays and cost overruns;
- risks relating to structured finance investments;
- availability and creditworthiness of prospective tenants and borrowers;
- bankruptcy or insolvency of a major tenant or a significant number of smaller tenants;
- adverse changes in the real estate markets, including reduced demand for office space, increasing vacancy, and increasing availability of sublease space;
- availability of capital (debt and equity);
- unanticipated increases in financing and other costs, including a rise in interest rates;

Edgar Filing: SL GREEN REALTY CORP - Form 10-Q

- our ability to comply with financial covenants in our debt instruments;
- our ability to maintain our status as a REIT;
- risks of investing through joint venture structures, including the fulfillment by our partners of their financial obligations;
- the continuing threat of terrorist attacks, in particular in the New York Metro area and on our tenants;
- our ability to obtain adequate insurance coverage at a reasonable cost and the potential for losses in excess of our insurance coverage, including as a result of environmental contamination; and
- legislative, regulatory and/or safety requirements adversely affecting REITs and the real estate business, including costs of compliance with the Americans with Disabilities Act, the Fair Housing Act and other similar laws and regulations.

Other factors and risks to our business, many of which are beyond our control, are described in our filings with the Securities and Exchange Commission. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of future events, new information or otherwise.

ITEM 3. Quantitative and Qualitative Disclosure About Market Risk

For quantitative and qualitative disclosures about market risk, see item 7A, **Quantitative and Qualitative Disclosures About Market Risk**, of our Annual Report on Form 10-K for the year ended December 31, 2008. Our exposures to market risk have not changed materially since December 31, 2008.

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based closely on the definition of disclosure controls and procedures in Rule 13a-15(e) of the Exchange Act. Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in our periodic reports. Also, we have investments in certain unconsolidated entities. As we do not control these entities, our disclosure controls and procedures with respect to such entities are necessarily substantially more limited than those we maintain with respect to our consolidated subsidiaries.

Subsequent to the issuance of our Quarterly Report on Form 10-Q for the quarter ended March 31, 2009, we determined that our consolidated statement of cash flows for the period ended March 31, 2009 included in our Quarterly Report on Form 10-Q for the period ended March 31, 2009 should be restated. The restatement, which was made in the Quarterly Report on Form 10-Q/A, filed on May 11, 2009, was a result of a material weakness in internal control over financial reporting as the control over the proper classification of the gain on early extinguishment of debt as to whether it was an operating or financing activity did not operate effectively. We believe that as of June 30, 2009 we have remediated this weakness through additional review procedures.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in Internal Control over Financial Reporting

There have been no significant changes in our internal control over financial reporting during the quarter ended June 30, 2009, that has materially affected, or is reasonably likely to material affect, our internal control over financial reporting other than as noted above.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On June 11, 2009, we held our annual meeting of stockholders (the Meeting) in New York, New York for the purpose of: (i) electing two Class III directors to serve on our Board of Directors until our 2012 annual meeting of stockholders and until their successors are duly elected and qualified; and (ii) ratifying the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009. The total number of shares of common stock entitled to vote at the Meeting was 57,258,756, of which 51,685,830 shares, or 90.27%, were present in person or by proxy.

The results of the meeting were as follows:

Name of Class III Nominee	For	Against	Withheld
Stephen L. Green	48,729,424		2,956,406
John H. Alschuler, Jr.	46,282,909		5,402,921

There was no solicitation in opposition to the foregoing nominees by stockholders. The terms of office for Edwin T. Burton, III, our Class I director, and John Levy and Marc Holliday, our Class II directors, continued after the Meeting.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009 was approved by our stockholders with 51,248,263 votes For, 332,660 votes Against and 104,907 votes Abstained, none of which such Abstentions were actually broker non-votes that were treated as Abstentions (as discussed in our proxy statement dated April 30, 2009, or the Proxy Statement).

Further information regarding the proposals is contained in our Proxy Statement.
