Release | Lisbon | 29 October 2010

Extension of the validity of the memorandum of understanding with Oi Group and Anatel's approval of the transaction

Portugal Telecom (PT) informs that Anatel, the Brazilian telecoms regulator, approved the transaction associated with the strategic partnership established between PT and Telemar Participações and its subsidiaries (Oi Group) and the corresponding investment of PT in Oi Group.

Additionally, further to the press release disclosed to the market on 28 July 2010, PT hereby informs that it has agreed to extend, for an additional similar period of 90 days, the validity of the memorandum of understanding entered into on the aforementioned date with a view to establishing the basis and principles of the negotiations of a strategic partnership between PT and Oi Group. PT further informs that the negotiations with Oi Group and its shareholders are developing in a satisfactory manner for the development of the said strategic partnership.

PT will disclose additional information on this matter whenever it deems necessary.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
