#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

September 30, 2011

Note 1 Basis of Presentation

BankUnited, Inc. ( BankUnited, Inc. or BKU ) is the holding company for BankUnited ( BankUnited or the Bank ), a federally chartered, federally insured savings association headquartered in Miami Lakes, Florida. On May 21, 2009, BankUnited was granted a savings association charter and the newly formed bank acquired substantially all of the assets and assumed all of the non-brokered deposits and substantially all of the other liabilities of BankUnited, FSB from the Federal Deposit Insurance Corporation ( FDIC ) in a transaction referred to as the Acquisition . In connection with the Acquisition, the Bank entered into Loss Sharing Agreements with the FDIC ( Loss Sharing Agreements ) that cover single family residential mortgage loans, commercial real estate, commercial and industrial and consumer loans, certain investment securities and other real estate owned ( OREO ), collectively referred to as the covered assets . Pursuant to the terms of the Loss Sharing Agreements, the covered assets are subject to a stated loss threshold whereby the FDIC will reimburse the Bank for 80% of losses of up to \$4.0 billion, and 95% of losses in excess of this amount, beginning with the first dollar of loss incurred.

BankUnited, Inc. s wholly owned subsidiaries include BankUnited and BankUnited Investment Services, Inc. (collectively the Company ). BankUnited provides a full range of banking and related services to individual and corporate customers through 85 branch offices located in 13 Florida counties.

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X of the Securities and Exchange Commission (the SEC). Accordingly, they do not include all of the information and footnotes required for a fair presentation of financial position, results of operations and cash flows in conformity with U.S. generally accepted accounting principles (GAAP) and should be read in conjunction with the Company s consolidated financial statements and the notes thereto appearing in the Company s Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC. In the opinion of management, all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation have been included. Operating results for the nine months ended September 30, 2011 are not necessarily indicative of the results that may be expected in future periods.

In preparing the consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and disclosures of contingent assets and liabilities. Management has made significant estimates in certain areas, such as the allowance for loan losses, the amount and timing of expected cash flows from covered assets and the FDIC indemnification asset, the valuation of other real estate owned (OREO), the valuation of deferred tax assets, the evaluation of investment securities for other than-temporary impairment and the fair values of financial instruments. Actual results could differ from these estimates.

Certain amounts for the prior period have been reclassified to conform to the current period presentation.

#### Note 2 Recent Accounting Pronouncements

In April 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2011-02, *A Creditor s Determination of Whether a Restructuring is a Troubled Debt Restructuring.* This update clarifies existing guidance on a creditor s evaluation of whether a restructuring constitutes a troubled debt restructuring, including clarification of a creditor s evaluation of whether it has granted a concession and of whether a debtor is experiencing financial difficulties. The Company adopted this update during the quarter ending September 30, 2011. Adoption of this update did not have a material impact on the Company s consolidated financial position, results of operations or cash flows.

In April 2011, the FASB issued Accounting Standards Update 2011-03, *Reconsideration of Effective Control for Repurchase Agreements*. This update removes from the assessment of effective control: (1) the criterion requiring the transferor to have the ability to repurchase or redeem the financial assets on substantially the agreed terms, even in the event of default by the transferee, and (2) the collateral maintenance implementation

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - UNAUDITED

September 30, 2011

guidance related to that criterion. The update is required to be adopted prospectively by the Company for the quarter ending March 31, 2012. Management does not anticipate that adoption will have a material impact on the Company s consolidated financial position, results of operations or cash flows.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* The amendments in this Update result in common fair value measurement and disclosure requirements in U.S. GAAP and IFRSs. The amendments (IFRS). The amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. Some of the amendments clarify the FASB s intent about the application of fair value measurement requirements and others change principles or requirements for measuring fair value or disclosing information about fair value measurements. The Company is required to adopt this update prospectively for the quarter ending March 31, 2012. This update will result in expanded disclosures in the Company s financial statements; however, management does not anticipate that adoption will have a material impact on the Company s consolidated financial position, results of operations or cash flows.

In June 2011, the FASB issued Accounting Standards Update 2011-05, *Presentation of Comprehensive Income*. This update provides entities with an option of presenting the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. This update eliminates the option to present the components of other comprehensive income as part of the statement of changes in stockholders equity. The Company is required to adopt this update retrospectively for the quarter ending March 31, 2012. Adoption of this update will affect the manner of presentation of the components of comprehensive income in the Company s financial statements, but will not have an impact on the Company s consolidated financial position, results of operations or cash flows.

In September 2011, the FASB issued Accounting Standards Update 2011-08, *Testing Goodwill for Impairment*. This update simplifies how entities test goodwill for impairment. It permits an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. The more-likely-than-not threshold is defined as having a likelihood of more than 50 percent. Under the amendments in this update, an entity is not required to calculate the fair value of a reporting unit unless the entity determines that it is more likely than not that its fair value is less than its carrying amount. The Company is required to adopt this update for fiscal years beginning after December 15, 2011. Management does not anticipate that adoption will have a material impact on the Company s consolidated financial position, results of operations or cash flows.

#### Note 3 Acquisition Activity

On June 2, 2011, BKU entered into a Merger Agreement with Herald National Bank (Herald), a national banking association based in the New York metropolitan area (Merger Agreement). The Merger Agreement provides that, upon the terms and subject to the conditions set forth

therein, a to-be-formed direct, wholly-owned national bank subsidiary of BKU will merge with and into Herald, with Herald continuing as the surviving entity and a wholly-owned subsidiary of BKU. Upon completion of the merger, holders of Herald common and preferred stock will receive cash or shares of BKU common stock having a value equal to \$1.35 plus the value of 0.099 shares of BKU common stock as of the effective time of the Merger. The Merger Agreement provides that the surviving bank will be merged with and into BankUnited, with BankUnited surviving, in August 2012. Completion of the Merger is subject to various customary conditions, including, among others, (a) ratification and confirmation of the Merger Agreement by Herald shareholders, (b) effectiveness of the registration statement for the BKU common stock to be issued in the Merger and approval of the listing on the New York Stock Exchange of the BKU common stock to be issued in the Merger, (c) the absence of any law or order prohibiting the closing of the Merger and (d) receipt of required regulatory approvals.
