NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except per share data)

(unaudited)

**Note 1. Basis of Presentation and Organization**

The accompanying condensed consolidated financial statements of Five Star Quality Care, Inc. and its subsidiaries, which we refer to as we, us or our, have been prepared without audit. Certain information and disclosures required by U.S. generally accepted accounting principles for complete financial statements have been condensed or omitted. We believe the disclosures made are adequate to make the information presented not misleading. However, the accompanying financial statements should be read in conjunction with the financial statements and notes contained in our Annual Report on Form 10-K for the year ended December 31, 2011, or our Annual Report. In the opinion of our management, all adjustments, which include only normal recurring adjustments, considered necessary for a fair presentation have been included. All material intercompany transactions and balances have been eliminated. Our operating results for interim periods are not necessarily indicative of the results that may be expected for the full year. Reclassifications have been made to the prior year's condensed consolidated financial statements to conform to the current year's presentation.

We operate senior living communities, including independent living communities, assisted living communities and skilled nursing facilities, or SNFs. As of September 30, 2012, we operated 252 senior living communities located in 30 states containing 28,262 living units, including 214 primarily independent and assisted living communities with 24,839 living units and 38 SNFs with 3,423 living units. As of September 30, 2012, we owned and operated 31 communities (2,952 living units), we leased and operated 191 communities (20,812 living units) and we managed 30 communities (4,498 living units). Our 252 senior living communities included 9,160 independent living apartments, 13,579 assisted living suites and 5,523 skilled nursing units. We have classified as discontinued operations two SNFs owned and operated by us containing 271 living units and one assisted living community leased from Senior Housing Properties Trust or its subsidiaries, or SNH, and operated by us containing 103 living units, and have excluded such SNFs and assisted living community from all the preceding data in this paragraph.

We also lease and operate two rehabilitation hospitals with 321 beds that provide inpatient rehabilitation services to patients at the two hospitals and at three satellite locations. In addition, we lease and operate 13 outpatient clinics affiliated with these rehabilitation hospitals.

**Note 2. Recent Accounting Pronouncements**

In July 2012, the Financial Accounting Standards Board issued an accounting standards update 2012-01, *Health Care Entities (Topic 954), Continuing Care Retirement Communities - Refundable Advance Fees*, or ASU 2012-01. ASU 2012-01 affects continuing care retirement communities, or CCRCs, that have resident contracts that provide for a payment of a refundable advance fee upon reoccupancy of that unit by a subsequent resident. The amendments in ASU 2012-01 clarify that an entity should classify an advance fee as deferred revenue when a CCRC has a resident contract that provides for payment of the refundable advance fee upon reoccupancy by a subsequent resident, which is limited to the proceeds of reoccupancy. Refundable advance fees that are contingent upon reoccupancy by a subsequent resident but are not limited to the proceeds of reoccupancy should be accounted for as a liability. ASU 2012-01 is effective for fiscal periods beginning after December 15, 2012.

and we are currently evaluating its impact on our condensed consolidated financial statements.

**Note 3. Property and Equipment**

Property and equipment, at cost, consists of the following:

	<b>September 30, 2012</b>	<b>December 31, 2011</b>
Land	\$ 21,901	\$ 21,234
Buildings and improvements	278,760	271,311

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except per share data)

(unaudited)

As of December 31, 2011, we had assets of \$7,076 included in our property and equipment that we subsequently sold during the nine months ended September 30, 2012 to SNH for increased rent pursuant to the terms of our leases with SNH. As of September 30, 2012, we had \$11,772 of assets included in our property and equipment that we currently expect to request that SNH purchase from us for an increase in future rent; however, we are not obligated to make these sales and SNH is not obligated to purchase such assets.

**Note 4. Financial Data by Segment**

We have one reportable segment which consists of our senior living community business. In the senior living community segment, we operate for our own account and manage for the account of SNH independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services to elderly residents. We do not consider our rehabilitation hospital operations to be a material, separately reportable segment of our business. Consequently, we report our rehabilitation hospital operations within our corporate and other activities. All of our operations and assets are located in the United States, except for the operations of our captive insurance company subsidiary, which participates in our workers' compensation, professional liability and automobile insurance programs and which is organized in the Cayman Islands.

We use segment operating profit as a means to evaluate our performance and for our business decision making purposes. Segment operating profit for our one reportable segment excludes certain interest and other income, certain interest and other expense, provision for income taxes, equity in earnings of Affiliates Insurance Company, or AIC, gain on settlement of litigation, sales of securities, and corporate income and expenses.

Our revenues by segment and a reconciliation of segment operating profit (loss) to income (loss) from continuing operations for the three and nine months ended September 30, 2012 and 2011 are as follows:

	Senior Living Communities	Corporate and Other(1)	Total

**Note 5. Goodwill and Other Intangible Assets**

The goodwill and other intangible assets balance are attributable to our Senior Living Communities segment and relate to management agreements and trademarks we acquired in connection with a lease we entered into with SNH in 2009, goodwill and resident agreements we acquired in connection with our purchase of six senior living communities in 2011 (See Note 9) and goodwill we recorded in connection with our other senior living community acquisitions in previous years. The changes in the carrying amount of goodwill and other intangible assets from January 1, 2012 to September 30, 2012 are as follows:

	<b>Total</b>
Balance as of January 1, 2012	\$ 29,414
Amortization of intangibles	(1,333)
Balance as of September 30, 2012	\$ 28,081

**Note 6. Income Taxes**

During the fourth quarter of 2011, we evaluated the realizability of our deferred tax assets, which include, among other things, our net operating losses, or NOL, and tax credits, and determined that it is more likely than not that we will realize the benefit of our deferred tax assets, and as a result, we realized in the fourth quarter of 2011, the full amount of the valuation allowance we had previously maintained against these deferred tax assets of \$52,111. For the nine months ended September 30, 2012, we recognized tax expense from continuing operations of \$4,835. We also recognized tax expense from discontinued operations of \$7,135. Our effective income tax rate increased during the nine months ended September 30, 2012 to 32.7% compared to 8.4% in the prior year period primarily because our previous rate had been reduced from the statutory rate due to the full utilization of the previously maintained valuation allowance against our NOL carry forwards. As of December 31, 2011, our federal NOL carry forward, which begins to expire in 2025 if unused, was approximately \$97,822, and our tax credit carry forward, which begins to expire in 2022 if unused, was approximately \$8,787. Our NOL carry forwards and tax credit carry forwards are subject to audit and adjustments by the Internal Revenue Service.

During the third quarter of 2012, we released a valuation allowance of \$752 related to capital losses which were used to offset a capital gain incurred in the sale of our pharmacy business. We maintain a partial valuation allowance against certain deferred tax assets related to impaired investments. When we believe that we will more likely than not realize the benefit of these deferred tax assets, we will record deferred tax assets as an income tax benefit in our condensed consolidated statements of income, which will affect our results of operations.

**Note 7. Earnings Per Share**

We computed basic earnings per common share, or EPS, for the three and nine months ended September 30, 2012 and 2011 using the weighted average number of shares outstanding during the periods. Diluted EPS for the periods ended September 30, 2012 and 2011 reflects additional shares of our common stock, \$.01 par value per share, or our common shares, related to our convertible senior notes due in 2026, or the Notes, that would have been outstanding if dilutive potential common shares had been issued, as well as any adjustment to income applicable to common shareholders that would result from their assumed issuance. The weighted average shares outstanding used to calculate basic and diluted EPS include 553 and 486 unvested common shares as of September 30, 2012 and 2011, respectively, issued to our officers and others under our equity compensation plan, or our Share Award Plan. Unvested shares issued under our Share Award Plan are deemed participating securities because they participate equally in earnings with all of our other common shares.

The following table provides a reconciliation of income from continuing operations and income (loss) from discontinued operations and the number of common shares used in the computations of diluted EPS:

(1) Long lived assets held for sale consist of property and equipment we intend to sell to SNH for increased rent pursuant to the terms of our leases with SNH; however, we are not obligated to make these sales and SNH is not obligated to purchase the property and equipment. We have either recently acquired the assets or the assets are part of active construction projects and we expect that any sale of these assets to SNH would be for an amount equal to their recorded cost. Accordingly, the cost of these assets approximates their fair value.

(2) In September 2012 and 2011, we recorded an asset impairment charge of \$294 and \$3,938, respectively, to reduce the carrying value of two SNFs we own that we have classified as discontinued operations to their estimated fair value based upon expected sales prices less costs to sell. In September 2012, in connection with the sale of our pharmacy business to Omnicare, Inc., or Omnicare, Omnicare did not acquire the real estate associated with one pharmacy. We have decided to pursue the sale of this real estate and during the third quarter of 2012 we recorded a \$350 asset impairment charge to reduce the carrying value of this property to its estimated fair value less costs to sell. The estimated fair value of long-lived assets of discontinued operations was determined based on offers to purchase the properties and appraisals made by third parties (Level 2 inputs).

(3) Cash equivalents, consisting of money market funds held principally for obligations arising from our self insurance programs.

(4) Investments in available for sale securities are reported in our balance sheet as current and long term investments in available for sale securities and are reported at fair value of \$14,942 and \$11,904, respectively, at September 30, 2012. We estimate the fair value of our investments in available for sale securities by reviewing each security's current market price, the ratings of the security, the financial condition of the issuer and our intent and ability to retain the investment during temporary market price fluctuations or until maturity. In evaluating the factors described above, we presume a decline in value to be an other than temporary impairment if the quoted market price of the security is below the security's cost basis for an extended period. However, this presumption may be overcome if there is persuasive evidence indicating the value decline is temporary in nature, such as when the operating performance of the obligor is strong or if the market price of the security is historically volatile. Additionally, there may be instances in which impairment losses are recognized even if the decline in value does not fall within the criteria described above, such as if we plan to sell the security in the near term and the fair value is below our cost basis. When we believe that a change in fair value of an available for sale security is temporary, we record a corresponding credit or charge to other comprehensive income for any unrealized gains and losses. When we determine that an impairment in the fair value of an available for sale security is an other than temporary impairment, we record a charge to earnings.

Our investments in available for sale securities had amortized costs of \$25,036 and \$20,827 as of September 30, 2012 and December 31, 2011, respectively, had unrealized gains of \$2,050 and \$1,586 as of September 30, 2012 and December 31, 2011, respectively, and had unrealized losses of \$240 and \$185 as of September 30, 2012 and December 31, 2011, respectively. At September 30, 2012, seven of the securities we hold, with a fair value of \$5,928, have been in a loss position for less than 12 months. At September 30, 2012, three of the securities we hold, with a fair value of \$3,667, have been in a loss position for greater than 12 months. Since these securities have not been in a loss period for an extended period of time, or we believe other factors support a conclusion that the loss is temporary, we do not believe these securities are impaired. During the nine months ended September 30, 2012, we received gross proceeds of \$928 in connection with the sales of available for sale securities and recorded gross realized gains totaling \$65 and gross realized losses totaling \$3.

During the nine months ended September 30, 2012, we did not change the type of inputs used to determine the fair value of any of our assets and liabilities that we measure at fair value. Accordingly, there were no transfers of assets or liabilities between levels of the fair value hierarchy during the nine months ended September 30, 2012.

The carrying values of accounts receivable, available for sale securities, accounts payable, mortgage notes payable and the bridge loan from SNH, or the Bridge Loan (see Note 10), approximate fair value as of September 30, 2012 and December 31, 2011. The carrying value and fair value of the Notes were \$24,872 and \$24,499, respectively, as of September 30, 2012 and \$37,282 and \$33,181, respectively, as of December 31, 2011 and are categorized in level one of the fair value hierarchy in their entirety. We estimate the fair value of the Notes using quoted market data for these securities. We measured the fair value of our equity investment in AIC, which is an Indiana insurance company that we currently own in equal proportion as each of the other seven shareholders of that company (see Note 12), categorized in level two of the fair hierarchy in its entirety, by considering, among other things, the individual assets and liabilities held by AIC, AIC's overall financial condition and earning trends, and the financial condition and prospects for the insurance industry generally.

**Note 9. Acquisitions**

In May 2011, we agreed to purchase certain assets of six senior living communities located in Indiana, or the Indiana Communities, containing 738 living units for a total purchase price, excluding closing costs, of \$122,760. The Indiana Communities primarily offer independent and assisted living services, which are currently primarily paid by residents from their private resources. During 2011, we completed our acquisitions of the assets of the Indiana Communities and funded the acquisitions with proceeds of a public offering, or the Public Offering, of our common shares, proceeds of the Bridge Loan, by assuming approximately \$19,260 of mortgage notes secured by three of the Indiana Communities, by assuming net working capital liabilities of the Indiana Communities and with cash on hand.

We completed the purchase accounting of the fair value of the assets acquired after we considered the results from a third party valuation report, and, as a result, made adjustments to property and equipment, goodwill and other intangible assets. The amounts previously reported as of December 31, 2011 that have been restated to reflect these adjustments, are as follows:

	Preliminary Amounts Recorded	As of December 31, 2011 Measurement Period Adjustment	Revised Amounts Recorded
Land	\$ 4,715	\$ (510)	\$ 4,205
Building and improvements	106,240	(15,200)	91,040
Furniture, fixtures and equipment	11,805	(2,099)	9,706
Property and equipment	\$ 122,760	\$ (17,809)	\$ 104,951
Goodwill related to home health services	\$	\$ 14,565	\$ 14,565
Other intangible assets related to resident agreements	\$	\$ 3,244	\$ 3,244

For the nine months ended September 30, 2012 and 2011, we incurred acquisition related costs of \$100 and \$1,530, respectively. These costs include transaction closing costs, professional fees (legal and accounting) and other acquisition related expenses.

We have a \$35,000 revolving secured line of credit, or our Credit Agreement, that matures on March 18, 2013 when all amounts outstanding will be due. Borrowings under our Credit Agreement are available for acquisitions, working capital and general business purposes. Funds available under our Credit Agreement may be drawn, repaid and redrawn until maturity and no principal payment is due until maturity. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus a spread. As of September 30, 2012, the interest rate payable on borrowings under our Credit Agreement was 6% and we had \$0 outstanding and \$35,000 available under our Credit Agreement. We are the borrower under our Credit Agreement and certain of our subsidiaries guarantee our obligations under our Credit Agreement, which is secured by our and our guarantor subsidiaries' accounts receivable and related collateral. Our Credit Agreement contains covenants requiring us to maintain certain financial ratios, places limits on our ability to incur or assume debt or create liens with respect to certain of our properties and has other customary provisions. Our Credit Agreement also provides for acceleration of payment of all amounts due thereunder upon the occurrence and continuation of certain events of default, including a change of control of us. As of September 30, 2012, we believe we were in compliance with all applicable covenants under our Credit Agreement. We incurred interest expense and other associated costs related to our Credit Agreement of \$154 and \$185 for the three months ended September 30, 2012 and 2011, respectively, and \$509 and \$548 for the nine months ended September 30, 2012 and 2011, respectively.

In April 2012, we entered into a new \$150,000 secured revolving credit facility with a syndicate of lenders, or our New Credit Facility, which is in addition to our Credit Agreement. The maturity date of our New Credit Facility is April 13, 2015, and, subject to our payment of extension fees and meeting certain other conditions, we have options to extend the

maturity date for two, one year periods. The proceeds of our New Credit Facility are available for general business purposes, including the repayment of debt. Borrowings under our New Credit Facility bear interest at LIBOR plus a spread. As of September 30, 2012, the interest rate payable on borrowings under our New Credit Facility was 2.73% and we had \$0 outstanding and \$149,370 available under our New Credit Facility. Borrowings under our New Credit Facility are guaranteed by certain of our subsidiaries and secured by real estate mortgages on 15 senior living communities with 1,549 living units owned by our guarantor subsidiaries and our guarantor subsidiaries' accounts receivable and related collateral. Funds available under our New Credit Facility may be drawn, repaid and redrawn until maturity and there are no scheduled principal payments prior to maturity. Our New Credit Facility provides for acceleration of payment of all amounts payable upon the occurrence and continuation of certain events of default, including a change of control of us. Our New Credit Facility contains a number of financial covenants which generally restrict our ability to incur debts in excess of calculated amounts, require us to maintain a minimum net worth and require us to maintain various financial ratios. As of September 30, 2012, we believe we were in compliance with all applicable covenants under our New Credit Facility. We incurred interest expense and other associated costs related to our New Credit Facility of \$762 and \$1,287 for the three and nine months ended September 30, 2012, respectively.

In May 2011, we entered into the Bridge Loan agreement with SNH under which SNH agreed to lend us up to \$80,000 to fund a part of the purchase price for our acquisitions of certain assets of the Indiana Communities. During 2011, we completed our acquisitions of the assets of the Indiana Communities and, in connection with the acquisitions, borrowed \$80,000 under the Bridge Loan. During 2011, we repaid \$42,000 of this advance with proceeds from the Public Offering and cash generated by operations. In April 2012, we repaid in full the principal amount then outstanding under the Bridge Loan, resulting in termination of the Bridge Loan. We funded the April 2012 repayment of the Bridge Loan with borrowings under our New Credit Facility and cash on hand. We incurred interest expense and other associated costs related to the Bridge Loan of \$0 and \$187 for the three months ended September 30, 2012 and 2011, respectively, and \$314 and \$245 for the nine months ended September 30, 2012 and 2011, respectively.

In October 2006, we issued \$126,500 principal amount of the Notes. Our net proceeds from this issuance were approximately \$122,600. The Notes bear interest at a rate of 3.75% per annum and are convertible into our common shares at any time. The initial conversion rate, which is subject to adjustment, is 76.9231 common shares per \$1 principal amount of the Notes, which represents an initial conversion price of \$13.00 per share. The Notes are guaranteed by certain of our wholly owned subsidiaries. The Notes mature on October 15, 2026. We may prepay the Notes at any time and the holders may require that we purchase all or a portion of these Notes on each of October 15 of 2013, 2016 and 2021 at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest. If a fundamental change, as defined in the indenture governing the Notes, occurs, holders of the Notes may require us to repurchase all or a portion of their Notes for cash at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest and, in certain circumstances, plus a make whole premium as defined in the indenture governing the Notes. Interest expense and other associated costs related to the Notes were \$245 and \$366 for the three months ended September 30, 2012 and 2011, respectively, and \$876 and \$1,102 for the nine months ended September 30, 2012 and 2011, respectively. We issued the Notes pursuant to an indenture which contains various customary covenants. As of September 30, 2012, we believe we were in compliance with all applicable covenants of the indenture governing the Notes.

During the nine months ended September 30, 2012, we purchased and retired \$12,410 par value of the outstanding Notes and recorded a gain of \$45, net of related unamortized costs, on early extinguishment of debt. We funded this purchase principally with borrowings under our New Credit Facility and cash on hand. During the nine months ended September 30, 2011, we purchased and retired \$623 par value of the

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

outstanding Notes and recorded a gain of \$1, net of related unamortized costs, on early extinguishment of debt. We funded this purchase principally with cash on hand. As a result of these purchases and other purchases we made in prior years, \$24,872 in principal amount of the Notes remain outstanding. We may purchase additional outstanding principal amounts of the Notes from time to time.

At September 30, 2012, six of our senior living communities were encumbered by mortgage notes totaling \$46,559: (1) two of our communities, which we have classified as discontinued operations, were encumbered by United States Department of Housing and Urban Development, or HUD, insured mortgage notes; (2) one of our communities was encumbered by a Federal National Mortgage Associate, or FNMA, mortgage note and; (3) three of our communities

were encumbered by Federal Home Loan Mortgage Corporation, or FMCC, mortgage notes. These mortgages contain HUD, FNMA and FMCC standard mortgage covenants. We recorded a mortgage premium in connection with our assumption of the FNMA and FMCC mortgage notes in order to record the assumed mortgage notes at their estimated fair value. We are amortizing the mortgage premiums as a reduction of interest expense until the maturity of the respective mortgage notes. The weighted average interest rate on these notes was 6.68% as of September 30, 2012. Payments of principal and interest are due monthly until maturities at varying dates ranging from June 2023 to May 2039. We incurred mortgage interest expense, including premium amortization, of \$709 and \$405 for the three months ended September 30, 2012 and 2011, respectively, and \$2,134 and \$842 for the nine months ended September 30, 2012 and 2011, respectively. As of September 30, 2012, we believe we were in compliance with all applicable covenants under these mortgages.

**Note 11. Off Balance Sheet Arrangements**

We have pledged certain of our assets, such as accounts receivable, with a carrying value, as of September 30, 2012, of \$13,542 arising from our operation of 45 properties owned by SNH and leased to us which secures SNH's borrowings from its lender, FNMA. As of September 30, 2012, we had no other off balance sheet arrangements that have had or that we expect would be reasonably likely to have a future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

**Note 12. Related Person Transactions**

We were formerly a 100% owned subsidiary of SNH. In 2001, SNH distributed substantially all of our then outstanding common shares to its shareholders. SNH is our largest stockholder and, as of the date of this report, SNH owned 4,235 of our common shares, or approximately 8.8% of our outstanding common shares. SNH is our largest landlord and we manage several senior living communities for SNH. As of September 30, 2012, we leased 188 senior living communities (including one that we have classified as discontinued operations) and two rehabilitation hospitals from SNH and managed 30 senior living communities for the account of SNH. One of our Managing Directors, Mr. Barry Portnoy, is also a managing trustee of SNH. Mr. Barry Portnoy's son, Mr. Adam Portnoy, serves as a managing trustee of SNH.

Under our leases with SNH, we generally pay SNH rent based on minimum annual rent amounts plus percentage rent based on increases in gross revenues at certain properties. Our total minimum annual rent payable to SNH as of September 30, 2012 was \$196,704, excluding percentage rent. Our total rent expense under all of our leases with SNH, net of lease inducement amortization, was \$50,119 and \$50,456 for the three months ended September 30, 2012 and 2011, respectively, and \$149,842 and \$144,988 for the nine months ended September 30, 2012 and 2011, respectively. During the nine months ended September 30, 2012, pursuant to the terms of our leases with SNH, we sold \$18,249 of improvements made to properties leased from SNH, and, as a result, our annual rent payable to SNH increased by approximately \$1,472. As of September 30, 2012, our property and equipment included \$11,772 for similar improvements we have made to properties we lease from SNH.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

that we currently expect to request that SNH purchase from us for an increase in future rent; however, we are not obligated to make these sales and SNH is not obligated to purchase such assets.

We began managing communities for SNH's account in June 2011 in connection with SNH's acquisition of certain senior living communities at that time. We have since begun managing additional communities that SNH has acquired. We manage the SNH managed communities pursuant to long term management agreements on substantially consistent terms. In connection with these management agreements, we and SNH have entered into three pooling agreements, two pooling agreements which pool our management agreements with SNH for communities that include assisted living units, or the AL Pooling Agreements, and a third pooling agreement, which pools our management agreements with SNH for communities consisting only of independent living units, or the IL Pooling Agreement. We entered into the initial AL Pooling Agreement in May 2011 and the second AL Pooling Agreement in October 2012. In connection with entering into the second AL Pooling Agreement, we and SNH amended and restated the initial AL Pooling Agreement so that it includes only the management agreements for 20 of the communities that include assisted living units that we and SNH agreed we would manage for SNH's account. The second AL Pooling Agreement includes the

management agreements for the remaining communities that include assisted living units that we currently manage for SNH's account (other than with respect to the senior living community in New York described below). We entered into the IL Pooling Agreement in August 2012 and that agreement currently includes management agreements for two communities consisting only of independent living units. Each of the AL Pooling Agreements and the IL Pooling Agreement aggregates the determinations of fees and expenses of the various communities that are subject to each such pooling agreement, including determinations of our incentive fees and SNH's return of its invested capital. We earned management fee revenue of \$1,284 and \$3,431, respectively, for the three and nine months ended September 30, 2012, and \$326 and \$351 for the three and nine months ended September 30, 2011, respectively, with respect to the communities we manage for the account of SNH. We expect that we may enter into additional management arrangements with SNH for senior living communities that SNH may acquire in the future on terms similar to those management arrangements we currently have with SNH, including, as further disclosed below, with respect to two senior living communities SNH is currently leasing to Sunrise Senior Living, Inc., or Sunrise. Our management of those two communities is subject to conditions, including receipt of regulatory approvals, and may not occur. Also, there can be no assurances that we will manage any additional senior living communities for SNH's account in the future.

In February 2012, we entered into a long term management agreement with SNH, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units, to manage for SNH's account a senior living community in Alabama with 92 living units. This management agreement is included in the second AL Pooling Agreement.

In May 2012, we entered into a long term management agreement with SNH, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units, to manage for SNH's account a senior living community in South Carolina with 59 living units, which community we had been managing for the prior owner's account pending SNH's acquisition. This management agreement is included in the second AL Pooling Agreement.

Also in May 2012, we and SNH entered into an operations transfer agreement, or the Operations Transfer Agreement, with Sunrise. Pursuant to the Operations Transfer Agreement, SNH and Sunrise agreed to accelerate the December 31, 2013 termination date of Sunrise's leases for 10 senior living communities, or the 10 Communities, owned by SNH, and we agreed to operate the 10 Communities as a manager for SNH's account pursuant to long term management agreements. The Operations Transfer Agreement provides that these transactions will occur when we and SNH have obtained regulatory approvals to operate the affected 10 Communities. As of October 30, 2012, we have entered into long term management agreements with SNH for eight of the 10 Communities, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units. These management agreements are included in the second AL Pooling Agreement. We currently expect that, following the termination of the leases for the remaining two of the 10 Communities, we will enter into long term management agreements with SNH, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units, to manage those communities for SNH's account and that those communities will also be added to the second AL Pooling Agreement. The termination of the leases for those remaining two communities and our management of those communities for SNH's account are subject to conditions, including receipt of regulatory approvals, and may not occur.

In July 2012, we entered into a long term management agreement with SNH, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units, to manage for SNH's account a senior living community in South Carolina with 232 living units, which community we had previously been managing for the prior owner's account pending SNH's acquisition. This management agreement was added to our second AL Pooling Agreement.

In August 2012, we entered into a long term management agreement with SNH, on terms substantially consistent with the terms of our other management agreement that we have previously entered into with SNH for communities consisting only of independent living units, to manage for SNH's account a senior living community in Missouri with 87 living units. This management agreement was added to our IL Pooling Agreement.

Also in August 2012, we entered into a long term management agreement with SNH to manage for SNH's account a portion of a senior living community in New York that is not subject to the requirements of New York healthcare licensing laws, consisting of 198 living units, on terms substantially consistent with the terms of our other management agreements that we have previously entered into with SNH for communities that include assisted living units, except that the management fee payable to us is equal to 5% of the gross revenues realized at that portion of the community, instead of 3% of gross revenues as is typically provided under our management agreements with SNH, and there is no incentive fee payable to us under this management agreement. In order to accommodate certain requirements of New York healthcare licensing laws, SNH subleased the portion of this senior living community that is subject to such requirements, consisting of 111 living units, to an entity, D&R Yonkers LLC, which is owned by SNH's president and chief operating officer and its treasurer and chief financial officer, and we entered into a long term management agreement with D&R Yonkers LLC to manage that portion of the community for D&R Yonkers LLC's account. Pursuant to that management agreement, D&R Yonkers LLC pays us a management fee equal to 3% of the gross revenues realized at that portion of the community and we are not entitled to any incentive fee under that agreement.

As discussed above in Notes 9 and 10, in May 2011, we and SNH entered into the Bridge Loan, under which SNH agreed to lend us up to \$80,000 to help fund our purchase of the Indiana Communities. In April 2012, we repaid in full the then outstanding principal amount under the Bridge Loan, resulting in termination of the Bridge Loan. We incurred interest expense on the Bridge Loan of \$0 and \$314, respectively, for the three and nine months ended September 30, 2012, and \$187 and \$245, respectively, for the three and nine months ended September 30, 2011, which amounts are included in interest and other expense in our condensed consolidated statements of income.

In August 2012, SNH prepaid certain outstanding debt it had borrowed from FNMA, which debt was secured by certain properties we lease from SNH and other assets relating to those properties. As a result of this prepayment, 11 of the 28 properties securing that debt were released from the mortgage and, in connection with that release, we entered into amendments to our leases with SNH so that these 11 properties were removed from the lease that exists to accommodate this debt and added to our other leases with SNH.

Reit Management & Research LLC, or RMR, provides us with certain business management and shared services under a business management and shared services agreement, or our business management agreement. RMR also provides management services to SNH. One of our Managing Directors, Mr. Barry Portnoy, is Chairman, majority owner and an employee of RMR. Our other Managing Director, Mr. Gerard Martin, is a director of RMR. Our President and Chief Executive Officer and our Treasurer and Chief Financial Officer are officers of RMR. Mr. Barry Portnoy's son, Mr. Adam Portnoy, is an owner, President, Chief Executive Officer and a director of RMR and serves as a managing trustee of SNH. SNH's executive officers are officers of RMR and SNH's president and chief operating officer is a director of RMR. Our Independent Directors also serve as independent directors or independent trustees of other public companies to which RMR provides management services. Mr. Barry Portnoy serves as a managing director or managing trustee of those companies and his son serves as a managing trustee of a majority of those companies. Pursuant to our business management agreement with RMR, we incurred expenses of \$3,218 and \$3,021 for the three months ended September 30, 2012 and 2011, respectively, and \$9,696 and \$8,668 for the nine months ended September 30, 2012 and 2011, respectively. These amounts are included in general and administrative expenses in our condensed consolidated statements of income. We lease our headquarters from an affiliate of RMR for annual rent of approximately \$748. We incurred rent of \$187 and \$183 for the three months ended September 30, 2012 and 2011, respectively, and \$552 and \$718 for the nine months ended September 30, 2012 and 2011, respectively, which amounts include rent for an office space lease we had with an affiliate of RMR during the six months ended June 30, 2011. In connection with these leases we incurred utilities expense and real estate taxes of \$172 and \$142 for the three months ended

September 30, 2012 and 2011, respectively, and \$515 and \$206 for the nine months ended September 30, 2012 and 2011.

We, SNH, RMR and five other companies to which RMR provides management services each currently own 12.5% of AIC, an Indiana insurance company. All of our Directors, all of the trustees and directors of the other publicly held AIC shareholders and nearly all of the directors of RMR currently serve on the board of directors of AIC. RMR provides management and administrative services to AIC pursuant to a management and administrative services agreement with AIC. Although we own less than 20% of AIC, we use the equity method to account for this investment because we believe that we have significant influence over AIC because all of our Directors are also directors of AIC. recognized income of \$115 and \$28 for the three months ended September 30, 2012 and 2011, respectively, and \$236 and \$111 for the nine months ended September 30, 2012 and 2011, respectively, related to this investment. We and the other shareholders of AIC have purchased property insurance providing \$500,000 of coverage pursuant to an insurance program arranged by AIC and with respect to which AIC is a reinsurer of certain coverage amounts. This program was modified and extended in June 2012 for a one year term and we paid a premium, including taxes and fees, of \$6,264 in connection with that renewal, which amount may be adjusted from time to time as we acquire or dispose of properties that are included in that program. We are also currently investigating the possibilities to expand our insurance relationships with AIC to include other types of insurance. We may invest additional amounts in AIC in the future if the expansion of this insurance business requires additional capital, but we are not obligated to do so. By participating in this insurance business with RMR and the other companies to which RMR provides management services, we expect that we may benefit financially by possibly reducing our insurance expenses or by realizing our pro-rata share of any profits of this insurance business.

**Note 13. Discontinued Operations**

In 2011, we decided to offer for sale two SNFs we own that are located in Michigan with a total of 271 living units. In October 2012, we entered into an agreement to sell these two SNFs for a sale price of \$8,000, including the transfer of \$7,583 of HUD mortgage debt to the buyer. In connection with this agreement, we recorded a \$294 asset impairment charge to reduce the carrying value of these properties to their estimated fair value less costs to sell. Completion of this sale is subject to customary closing conditions and we can provide no assurance that a sale of these SNFs will be completed.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

In August 2011, we agreed with SNH that SNH should sell one assisted living community located in Pennsylvania with 103 living units, which we lease from SNH. We and SNH are in the process of offering this assisted living community for sale and, if sold, our annual minimum rent payable to SNH will decrease by 9.0% of the net proceeds of the sale to SNH, in accordance with the terms of our lease with SNH.

In September 2012, we completed the sale of our pharmacy business to Omnicare. We received \$34,298 in sale proceeds from Omnicare, which included \$3,789 in working capital. Further, we retained certain additional items of net working capital invested in the pharmacy business of \$3,501. Accordingly, we expect to receive a total of \$37,799 (before taxes and transaction costs) in net cash receipts resulting from the sale. We recorded a pre-tax capital gain on sale of the pharmacy business of \$23,347. In connection with the sale, Omnicare did not acquire the real estate associated with one pharmacy located in South Carolina. We have decided to pursue the sale of this real estate and we recorded a \$350 asset impairment charge during the third quarter of 2012 to reduce the carrying value of this property to its estimated fair value less costs to sell.

We have one reportable segment which consists of our senior living community business. In the senior living community segment, we operate for our own account and manage for the account of SNH independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services to elderly residents. We do not consider our rehabilitation hospital operations to be a material, separately reportable segment of our business. Consequently, we report our rehabilitation hospital operations within our corporate and other activities. All of our operations and assets are located in the United States, except for the operations of our captive insurance company subsidiary, which participates in our workers' compensation, professional liability and automobile insurance programs and is organized in the Cayman Islands.

We use segment operating profit as a means to evaluate our performance and for our business decision making purposes. Segment operating profit for our one reportable segment excludes certain interest and other income, certain interest and other expense, provision for income taxes, equity in earnings of AIC, gain on settlement of litigation, sales of securities, and corporate income and expenses.

Three Months Ended September 30, 2012 Compared to Three Months Ended September 30, 2011Senior living communities:

Our senior living revenue increased by 0.7% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to an increase from 218 to 222 in the number of communities that we owned and leased since July 1, 2011, partially offset by a 7.5% reduction in aggregate Medicare payment rates for SNFs. Our senior living revenue at the communities that we operated continuously since July 1, 2011, or our current quarter comparable communities, decreased 0.2% for the three months ended September 30, 2012 compared to the same period in 2011, primarily due to decreased per diem charges to residents and a 7.5% reduction in aggregate Medicare payment rates for our SNFs, partially offset by an increase in Medicaid payment rates in certain states.

In the third quarter of 2011, we began managing four senior living communities for SNH's account and for the account of another owner pending SNH's acquisition of that other owner's community. These four managed senior living communities were in addition to the 10 we began managing in the second quarter of 2011 for SNH. Our management fee revenue and reimbursed costs incurred at these communities increased significantly during the three months ended September 30, 2012 compared to the same period in the previous year due to an increase from 14 to 30 in the number of communities we manage and because we managed these communities for the full quarter in 2012 and began managing four of them in the third quarter of 2011.

Our senior living wages and benefits increased 1.2% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to an increase from 218 to 222 in the number of communities that we owned and leased during these periods, respectively, and to wage increases at our current quarter comparable communities. Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs, decreased by 2.6% due to net decreased charges for purchased services and decreased utility and various medical supply expenses at our current quarter comparable communities, partially offset by an increase in the number of communities that we owned and leased from 218 to 222, plus increased service provider fees at our current quarter comparable communities. Our senior living wages and benefits at our current quarter comparable communities increased by 0.8% primarily due to wage increases. Our other senior living operating expenses at our current quarter comparable communities decreased by 3.7% primarily due to net decreased charges for purchased services and decreased utility and various medical supplies, partially offset by increased service provider fees. Our senior living rent expense increased by 0.6% compared to the same period in 2011 primarily due to our payment of additional rent for senior living community capital improvements purchased by SNH at our request since July 1, 2011.

Our senior living depreciation and amortization expense increased by 16.6% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to additional depreciation and amortization resulting from the three owned senior living communities that we acquired in the third quarter of 2011 and capital expenditures (net of sales of capital improvements to SNH), including depreciation costs arising

from our purchase of furniture and fixtures for our owned communities.

Interest and other expense attributable to our senior living communities increased by 104.4% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to our assumption of three mortgage notes in connection with our acquisition of three of the Indiana Communities during the third quarter of 2011.

Table of Contents

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Corporate and Other:

Our rehabilitation hospital revenues increased by 0.2% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to higher Medicare rates and an increase in occupancy, partially offset by a decrease in managed care revenue.

Our rehabilitation hospital expenses increased by 1.9% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to increases in labor and benefit costs.

Our rehabilitation hospital rent expense increased by 3.2% for the three months ended September 30, 2012 compared to the same period in 2011 due to our payment of additional rent for rehabilitation hospital capital improvements purchased by SNH at our request since July 1, 2011.

General and administrative expenses increased by 1.3% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to increased personnel and information technology costs resulting from our acquisitions of additional communities during 2011 and wage increases.

Our interest and other income decreased by 47.3% for the three months ended September 30, 2012 compared to the same period in 2011 due to less investable cash and lower yields realized on our investments.

Our interest and other expense increased by 56.9% for the three months ended September 30, 2012 compared to the same period in 2011 primarily due to interest paid on the New Credit Facility, partially offset by our purchase and retirement of \$12.4 million par value of the outstanding Notes since September 30, 2011.

For the three months ended September 30, 2012, we recognized tax expense from continuing operations of \$426,000. Our effective income tax rate increased during the three months ended September 30, 2012 to 32.7% compared to 8.4% in the prior year period primarily because our previous rate had been reduced from the statutory rate due to our previous valuation allowance for our deferred tax asset relating to our NOL carry forwards which we reversed as of December 31, 2011. During the fourth quarter of 2011 we evaluated the realizability of certain of our deferred tax assets, which include, among other things, our NOLs and tax credits, and determined that it was more likely than not that we will realize the benefit of such deferred tax assets. As of December 31, 2011, our federal NOL carry forward, which will begin to expire in 2025 if unused, was approximately \$97.8 million, and our tax credit carry forward, which will begin to expire in 2022 if unused, was approximately \$8.8 million.

Discontinued operations:

Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

Income from discontinued operations for the three months ended September 30, 2012 increased \$17.1 million to \$13.0 million, compared to a loss of \$4.1 million for the three months ended September 30, 2011. Income from discontinued operations for the three months ended September 30, 2012 is primarily due to the \$23.3 million gain on sale, before income tax expense of \$7.6 million, we recorded relating to the sale of our pharmacy business, partially offset by losses we incurred at assisted living communities and SNFs that we have sold or expect to sell. The loss from discontinued operations for the three months ended September 30, 2011 is primarily due to an impairment charge of \$3.9 million to reduce the carrying value of two SNFs we own to their estimated fair value.

Nine Months Ended September 30, 2012 Compared to Nine Months Ended September 30, 2011Senior living communities:

Our senior living revenue increased by 3.5% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to an increase from 209 to 222 in the number of communities that we owned and leased during these periods, respectively, partially offset by a 7.5% reduction in aggregate Medicare payment rates for SNFs. Our senior living revenue at the communities that we operated continuously since January 1, 2011, or our comparable communities, increased 0.3% for the nine months ended September 30, 2012 compared to the same period in 2011, primarily due to an increase in Medicaid payment rates in certain states, partially offset by a 7.5% reduction in aggregate Medicare payment rates for our SNFs.

In June 2011, we began managing 10 senior living communities for SNH. In the third quarter of 2011 we began managing four additional senior living communities for SNH's account and for the account of another owner pending SNH's acquisition of that other owner's community. Our management fee revenue and reimbursed costs incurred at these communities increased significantly during the nine months ended September 30, 2012 due to an increase from 14 to 30 in the number of communities we manage and because we managed these communities for the full nine months in 2012 versus our beginning to manage 10 of them in June 2011 and four in the third quarter of 2011.

Our senior living wages and benefits increased 3.5% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to an increase from 209 to 222 in the number of communities that we owned and leased during these periods, respectively, and to wage increases at our comparable communities. Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs, increased by 3.6% due to an increase in the number of communities that we owned and leased from 209 to 222, plus increased service provider fees at our comparable communities, partially offset by a decrease in various medical supplies and decreased utility costs as a result of mild weather experienced throughout the U.S. during the first quarter of 2012. Our senior living wages and benefits at our comparable communities increased by 1.4% primarily due to wage increases. Our other senior living

operating expenses at our comparable communities increased by 0.1%

primarily due to an increase in service provider fees, partially offset by a decrease in various medical supplies and decreased utility costs as a result of mild weather experienced throughout the U.S. during the first quarter of 2012. Our senior living rent expense increased by 3.9% compared to the same period in 2011 primarily due to the addition of six communities we began to lease during the second quarter of 2011 and our payment of additional rent for senior living community capital improvements purchased by SNH at our request since January 1, 2011.

Our senior living depreciation and amortization expense increased by 38.9% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to additional depreciation and amortization resulting from the seven owned senior living communities that we acquired in the second and third quarters of 2011 and capital expenditures (net of sales of capital improvements to SNH), including depreciation costs arising from our purchase of furniture and fixtures for our owned communities.

Interest and other expense attributable to our senior living communities increased by 255.0% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to our assumption of four mortgage notes in connection with our acquisition of four senior living communities during the second and third quarters of 2011.

Corporate and Other:

Our rehabilitation hospital revenues increased by 1.6% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to higher Medicare and third party payer rates, partially offset by a decrease in occupancy.

Our rehabilitation hospital expenses increased by 1.3% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to increases in labor and benefit costs, partially offset by a decrease in purchases relating to ancillary supplies.

Our rehabilitation hospital rent expense increased by 2.5% for the nine months ended September 30, 2012 compared to the same period in 2011 due to our payment of additional rent for rehabilitation hospital capital improvements purchased by SNH at our request since January 1, 2011.

General and administrative expenses increased by 7.6% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to increased regional personnel and information technology costs resulting from our acquisitions of additional communities during 2011 and wage increases.

Our interest and other income decreased by 34.1% for the nine months ended September 30, 2012 compared to the same period in 2011 due to less investable cash and lower yields realized on our investments.

Our interest and other expense increased by 57.5% for the nine months ended September 30, 2012 compared to the same period in 2011 primarily due to interest paid on the New Credit Facility and the Bridge Loan, partially offset by our purchase and retirement of \$12.4 million par value of the outstanding Notes since September 30, 2011.

During the nine months ended September 30, 2012, we recorded a gain of \$3.4 million, net of legal fees, pursuant to a litigation settlement with Sunrise.

During the nine months ended September 30, 2012 and 2011, we incurred \$100,000 and \$1.5 million, respectively, of acquisition related costs in connection with our acquisition activity.

For the nine months ended September 30, 2012, we recognized tax expense from continuing operations of \$4.8 million. Our effective income tax rate increased during the nine months ended September 30, 2012 to 32.7% compared to 8.4% in the prior year period primarily because our previous rate had been reduced from the statutory rate due to our previous valuation allowance for our deferred tax asset relating to our NOL carry forwards which we reversed as of December 31, 2011. During the fourth quarter of 2011 we evaluated the realizability of certain of our deferred tax assets, which include, among other things, our NOLs and tax credits, and determined that it is more likely than not that we will realize the benefit of such deferred tax assets. As of December 31, 2011, our federal NOL carry forward, which will begin to expire in 2025 if unused, was approximately \$97.8 million, and our tax credit carry forward, which will begin to expire in 2022 if unused, was approximately \$8.8 million.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Discontinued operations:

Income from discontinued operations for the nine months ended September 30, 2012 increased \$17.5 million to \$11.5 million, compared to a loss of \$6.0 million for the nine months ended September 30, 2011. Income from discontinued operations for the nine months ended September 30, 2012 is primarily due to the \$23.3 million gain on sale, before income tax expense of \$7.1 million, we recorded relating to the sale of our pharmacy business, partially offset by losses we incurred at assisted living communities and SNFs that we have sold or expect to sell. The loss from discontinued operations for the three months ended September 30, 2011 is primarily due to an impairment charge of \$3.9 million to reduce the carrying value of two SNFs we own to their estimated fair value and losses we incurred at assisted living communities and these SNFs.

**LIQUIDITY AND CAPITAL RESOURCES**

As of September 30, 2012, we had unrestricted cash and cash equivalents of \$14.3 million, \$35.0 million available to borrow under our Credit Agreement and \$149.4 million available to borrow under our New Credit Facility.

We believe that a combination of our existing cash, cash equivalents, net cash from operations and our ability to borrow under our Credit Agreement and our New Credit Facility, as described in Note 10 to our Condensed Consolidated Financial Statements in Item 1 above, will provide us with adequate cash flow to fund our debt obligations and run our business, invest in and maintain our properties and fund future acquisitions, if any, for the next 12 months and for the foreseeable future thereafter. If, however, our occupancies decline from historic levels or if the non-government rates we receive for our services decline, if government reimbursement rates are reduced, and we are unable to generate positive cash flow for an extended period, we expect that we would explore alternatives to fund our operations. Such alternatives may include further reducing our costs, incurring debt under, and perhaps in addition to, our Credit Agreement and our New Credit Facility, engaging in sale leaseback transactions of our owned communities, mortgage financing our communities that are not subject to existing mortgages and issuing new equity or debt securities. We have an effective shelf registration statement that allows us to issue public securities on an expedited basis, but this registration statement does not assure that there will be buyers for such securities.

**Assets and Liabilities**

Our total current assets at September 30, 2012 were \$128.5 million, compared to \$148.3 million at December 31, 2011. At September 30, 2012, we had cash and cash equivalents of \$14.3 million compared to \$28.4 million at December 31, 2011. Our current liabilities were \$157.9 million at September 30, 2012 compared to \$189.3 million at December 31, 2011. The decrease in our cash and cash equivalents results from part of our repayment of our New Credit Facility, the Bridge Loan and a portion of the outstanding Notes during 2012 with cash on hand, partially offset by cash received from the sale of our pharmacy business. The decrease in current liabilities results from the repayment of the Bridge Loan, partially offset by timing of payment and accrual differences.

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

We had net cash flows from continuing operations of \$43.2 million for the nine months ended September 30, 2012 compared to \$46.0 million for the same period in 2011. Acquisitions of property plant and equipment on a net basis after considering the proceeds from sales of fixed assets to SNH, were \$22.0 million and \$18.7 million for the nine months ended September 30, 2012 and 2011, respectively.

### **Our Leases and Management Agreements with SNH**

As of September 30, 2012, we leased 188 senior living communities (including one that we classify as discontinued operations) and two rehabilitation hospitals from SNH under four leases and we managed 30 senior living communities for the account of SNH. Our total minimum annual rent payable to SNH under those leases as of September 30, 2012 was \$196.7 million, excluding percentage rent. We paid approximately \$1.2 million and \$1.3 million in percentage rent to SNH for the three months ended September 30, 2012 and 2011, respectively, and \$3.6 million and \$3.8 million in percentage rent to SNH for the nine months ended September 30, 2012 and 2011, respectively.

Upon our request, SNH may purchase capital improvements made at the properties we lease from SNH and increase our rent pursuant to contractual formulas; however, SNH is not obligated to purchase these improvements from us and we are not obligated to sell them to SNH. During the nine months ended September 30, 2012, pursuant to the terms of our

Table of Contents

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

existing leases with SNH, we sold \$18.2 million of improvements made to properties leased from SNH, and, as a result, our annual rent payable to SNH increased by approximately \$1.5 million. As of September 30, 2012, our property and equipment included \$11.8 million for similar improvements we have made to properties we lease from SNH that we currently expect to request that SNH purchase from us for an increase in future rent.

As of September 30, 2012, we managed 30 senior living communities for SNH's account pursuant to long term management agreements, which, subject to certain exceptions, generally provide us with a management fee equal to 3% of the gross revenues realized at the communities, plus reimbursement for our direct costs and expenses related to the communities and an incentive fee equal to 35% of the annual net operating income of the communities after SNH realizes an annual return equal to 8% of its invested capital. We have entered into three pooling agreements with SNH, which combine our management agreements with SNH and aggregate the determinations of fees and expenses of the various communities that are subject to each such pooling agreement, including determinations of our incentive fees and SNH's return of its invested capital. We earned management fee revenue of \$1.3 million and \$3.4 million, respectively, for the three and nine months ended September 30, 2012, and \$326,000 and \$351,000, respectively, for the three and nine months ended September 30, 2011, with respect to the communities we managed for the account of SNH during those periods.

For further information regarding our leases and management agreements with SNH, please see Note 12 to our Condensed Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q.

**Pharmacy Sale**

In September 2012, we completed the sale of our pharmacy business. We received \$34.3 million in sale proceeds, which included \$3.8 million in working capital. Further, we retained certain additional items of net working capital invested in the pharmacy business of \$3.5 million. Accordingly, we expect to receive a total of \$37.8 million (before taxes and transaction costs) in net cash receipts resulting from the sale. We recorded a pre-tax capital gain on sale of the pharmacy business of \$23.3 million.

**Other Disposition Activity**

In October 2012, we entered into an agreement to sell two SNFs with a total of 271 living units that we own which are located in Michigan for a sale price of \$8.0 million, including the transfer of \$7.6 million of HUD mortgage debt to the buyer. Completion of this sale is subject to customary closing conditions and we can provide no assurance that a sale of these SNFs will be completed.

**Our Revenues**

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

Our revenues from services to residents at our senior living communities and patients of our rehabilitation hospitals and clinics, sales of capital expenditures to SNH for increased rent and borrowings under our credit facilities are our primary source of cash to fund our operating expenses, including rent, principal and interest payments on our debt and capital expenditures.

During the past four years, weak economic conditions throughout the country have negatively affected our occupancy. These conditions have impacted many companies both within and outside of our industry and it is unclear when current economic conditions, especially the housing market, may materially improve. Although many of the services we provide are needs driven, some of those needs may be deferred during recessions; for example, relocating to a senior living community may be delayed when sales of houses are delayed.

At some of our senior living communities, Medicare and Medicaid programs provide operating revenues for skilled nursing and rehabilitation services. These programs are discussed in Part I of our Annual Report under the caption Government Regulation and Reimbursement, and in Part 1, Item 2 of our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2012 and June 30, 2012, under the caption Our Revenues. Medicare and Medicaid revenues were earned primarily at our SNFs and our two rehabilitation hospitals. We derived 29.4% and 31.5% of our total revenues from these programs during the nine months ended September 30, 2012 and 2011, respectively.

Our net Medicare revenues from services to senior living community residents and at our rehabilitation hospitals totaled \$157.8 million and \$173.0 million during the nine months ended September 30, 2012 and 2011, respectively. Our net

Table of Contents

Medicaid revenues from services to senior living community residents and at our rehabilitation hospitals totaled \$105.9 million and \$102.0 million during the nine months ended September 30, 2012 and 2011, respectively.

Effective October 1, 2011, the Federal Centers for Medicare and Medicaid Services, or CMS, adopted a rule that updated Medicare prospective payment rates for SNFs, which affects the 5,356 skilled nursing units we operate. As discussed in Part I of our Annual Report under the caption Government Regulation and Reimbursement, CMS estimates that the final rule will result in a net reduction of approximately 11.1% in aggregate Medicare payment rates for SNFs in federal fiscal year 2012. The impact on our SNF Medicare revenues in the nine months ended September 30, 2012 was a reduction of approximately \$7.9 million. CMS also issued updated Medicare prospective payment rates for SNFs effective October 1, 2012, which CMS estimates will result in a net increase of approximately 1.8% in aggregate Medicare payment rates for SNFs in federal fiscal year 2013. Despite this increase, Medicare payment rates for SNFs in federal fiscal year 2013 continue to be lower than rates two years ago in federal fiscal year 2011. We expect Medicare payment rates for SNFs to continue to have a material and adverse effect on our future financial results of operations in federal fiscal year 2013.

Also effective October 1, 2011, CMS adopted a rule that updated Medicare prospective payment rates for inpatient rehabilitation facilities, or IRFs, which affects the two rehabilitation hospitals we operate. This rule includes an increase in the Medicare payment rates for IRFs that CMS estimates to be approximately 2.2% in federal fiscal year 2012. However, as discussed in Part I of our Annual Report under the caption Government Regulation and Reimbursement, we estimate that the increase in our rehabilitation hospitals Medicare payment rates may be approximately 1.0%. The rule also establishes a new quality reporting program that provides for a 2% reduction in the annual payment update beginning in 2014 for failure to report required quality data to the Secretary of Health and Human Services. Medicare revenues realized at our IRFs in the year ended December 31, 2011 and the nine months ended September 30, 2012, were approximately \$68.6 million and \$52.8 million, respectively. CMS also issued updated Medicare prospective payment rates for IRFs effective October 1, 2012, which CMS estimates will result in a net increase of approximately 2.1% in aggregate Medicare payment rates for IRFs in federal fiscal year 2013. However, due to a number of factors, we again estimate that the increase in our hospitals Medicare payment rates may be approximately 1.0%. The calculation of Medicare rate adjustments applicable at our IRFs is complex and will depend upon patient case mixes. Accordingly, we cannot predict the final impact of the Medicare rate adjustments to our IRF results at this time.

Some of the states in which we operate either have not raised Medicaid rates by amounts sufficient to offset increasing costs or have frozen or reduced, or are expected to freeze or reduce, Medicaid rates. Also, effective June 30, 2011, Congress ended certain temporary increases in federal payments to states for Medicaid programs which had been in effect since October 1, 2008. We expect the ending of these temporary federal payments, combined with the anticipated slow recovery of state tax revenues since the recent recession, to result in continued difficult state fiscal conditions. As a result, some state budget deficits likely will increase, and certain states may reduce Medicaid payments to healthcare services providers like us as part of an effort to balance their budgets.

We cannot currently predict the type and magnitude of the potential Medicare and Medicaid policy changes, rate reductions or other changes and the impact on us of the possible failure of these programs to increase rates to match our increasing expenses, but they may be adverse and material to our operations and to our future financial results of operations. Similarly, we are unable to predict the impact on us of the insurance changes, payment changes, and healthcare delivery systems changes contained in and to be developed pursuant to the Patient Protection and Affordable Care Act, or PPACA, or the impact the various remaining challenges and potential changes to PPACA may have on its implementation. If the changes to be implemented under PPACA result in reduced payments for our services, or the failure of Medicare, Medicaid or insurance payment rates to cover our costs of providing required services to residents, our future financial results could be materially and adversely affected.

**Debt Financings and Covenants**

We have a \$35.0 million Credit Agreement that matures on March 18, 2013 when all amounts outstanding will be due. Borrowings under our Credit Agreement are available for acquisitions, working capital and general business purposes. Funds available under our Credit Agreement may be drawn, repaid and redrawn until maturity and no principal payment is due until maturity. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus a spread. As of September 30, 2012, the interest rate payable on borrowings under our Credit Agreement was 6% and we had \$0 outstanding and \$35.0 million available under our Credit Agreement. We are the borrower under our Credit Agreement and certain of our subsidiaries guarantee our obligations under our Credit

Agreement, which is secured by our and our guarantor subsidiaries' accounts receivable and related collateral. Our Credit Agreement contains covenants requiring us to maintain certain financial ratios, places limits on our ability to incur or assume debt or create liens with respect to certain of our properties and has other customary provisions. Our Credit Agreement also provides for acceleration of payment of all amounts due thereunder upon the occurrence and continuation of certain events of default, including a change of control of us. As of September 30, 2012, we believe we were in compliance with all applicable covenants under our Credit Agreement.

In April 2012, we entered into our \$150.0 million New Credit Facility. The maturity date of our New Credit Facility is April 13, 2015, and, subject to our payment of extension fees and meeting certain other conditions, we have options to extend the maturity date for two, one year periods. The proceeds of our New Credit Facility are available for general business purposes, including the repayment of debt. Borrowings under our New Credit Facility bear interest at LIBOR plus a spread. As of September 30, 2012, the interest rate payable on borrowings under our New Credit Facility was 2.73% and we had \$0 outstanding and \$149.4 million available under our New Credit Facility. Borrowings under our New Credit Facility are guaranteed by certain of our subsidiaries and secured by real estate mortgages on 15 senior living communities with 1,549 living units owned by our guarantor subsidiaries and our guarantor subsidiaries' accounts receivable and related collateral. Funds available under our New Credit Facility may be drawn, repaid and redrawn until maturity and there are no scheduled principal payments prior to maturity. Our New Credit Facility provides for acceleration of payment of all amounts payable upon the occurrence and continuation of certain events of default, including a change of control of us. Our New Credit Facility contains a number of financial covenants which generally restrict our ability to incur debts in excess of calculated amounts, require us to maintain a minimum net worth and require us to maintain various financial ratios. As of September 30, 2012, we believe we were in compliance with all applicable covenants under our New Credit Facility.

There have been recent governmental inquiries regarding the setting of LIBOR, which may result in changes to that process that could have the general effect of increasing LIBOR. Increases in LIBOR would increase the amount of interest we pay under our Credit Agreement and our New Credit Facility.

In October 2006, we issued \$126.5 million principal amount of the Notes. Our net proceeds from this issuance were approximately \$122.6 million. The Notes bear interest at a rate of 3.75% per annum and are convertible into our common shares at any time. The initial conversion rate, which is subject to adjustment, is 76.9231 common shares per \$1,000 principal amount of the Notes, which represents an initial conversion price of \$13.00 per share. The Notes are guaranteed by certain of our wholly owned subsidiaries. The Notes mature on October 15, 2026. We may prepay the Notes at any time and the holders may require that we purchase all or a portion of these Notes on each of October 15 of 2013, 2016 and 2021 at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest. If a fundamental change, as defined in the indenture governing the Notes, occurs, holders of the Notes may require us to repurchase all or a portion of their Notes for cash at a repurchase price equal to 100% of the principal amount of the Notes to be repurchased, plus any accrued and unpaid interest and, in certain circumstances, plus a make whole premium as defined in the indenture governing the Notes. We issued the Notes pursuant to an indenture which contains various customary covenants. As of September 30, 2012, we believe we were in compliance with all applicable covenants of the indenture governing the Notes.

During the nine months ended September 30, 2012, we purchased and retired \$12.4 million par value of the outstanding Notes and recorded a gain of \$45,000, net of related unamortized costs, on early extinguishment of debt. We funded this purchase principally with borrowings under our New Credit Facility and cash on hand. During the nine months ended September 30, 2011, we purchased and retired \$623,000 par value of the outstanding Notes and recorded a gain of \$1,000, net of related unamortized costs, on early extinguishment of debt. We funded this purchase principally with cash on hand. As a result of these purchases and other purchases we made in prior years, \$24.9 million in principal amount of the Notes remain outstanding. We may purchase additional outstanding principal amounts of the Notes from time to time.

At September 30, 2012, six of our senior living communities were encumbered by mortgage notes totaling \$46.6 million: (1) two of our communities, which we have classified as discontinued operations, were encumbered by HUD insured mortgage notes; (2) one of our communities was encumbered by a FNMA mortgage note; and (3) three of our communities were encumbered by FMCC mortgage notes. These mortgages contain HUD, FNMA and FMCC standard mortgage covenants. The weighted average interest rate on these notes was 6.68% as of September 30, 2012. Payments of principal and interest are due monthly until maturities at varying dates ranging from June 2023 to May 2039. As of September 30, 2012, we believe we were in compliance with all applicable covenants under these mortgages.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Off Balance Sheet Arrangements**

We have pledged certain of our assets, such as accounts receivable, with a carrying value, as of September 30, 2012, of \$13.5 million arising from our operation of 45 properties owned by SNH and leased to us which secures SNH's borrowings from its lender, FNMA. As of September 30, 2012, we had no other off balance sheet arrangements that have had or that we expect would be reasonably likely to have a future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

**Related Person Transactions**

We have relationships and historical and continuing transactions with our Directors, our executive officers, SNH, RMR and AIC and other companies to which RMR provides management services and others affiliated with or related to them. For example: we have or had relationships with other companies to which RMR provides management services and which have trustees, directors and officers who are also directors or officers of ours or RMR, including SNH, which is our former parent, our largest landlord and our largest stockholder; D&R Yonkers LLC, which is owned by SNH's executive officers and for which we manage that portion of a senior living community which it subleases from SNH in order to accommodate certain requirements of New York healthcare licensing laws; we, SNH, RMR and five other companies to which RMR provides management services each currently own 12.5% of AIC, an Indiana insurance company, and we and the other shareholders of AIC have property insurance in place providing \$500.0 million of coverage pursuant to an insurance program arranged by AIC and with respect to which AIC is a reinsurer of certain coverage amounts. Also, as a further example, RMR assists us with various aspects of our business pursuant to a business management agreement. For further information about these and other such relationships and related person transactions, please see Note 12 to our Condensed Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report on Form 10-Q, which is incorporated herein by reference. In addition, for more information about these transactions and relationships, please see elsewhere in this Quarterly Report on Form 10-Q, including "Warning Concerning Forward Looking Statements" in Part I, and "Other Information" in Part II, Item 5, and our Annual Report, our Proxy Statement and our other filings with the SEC, including Note 15 to our Consolidated Financial Statements included in our Annual Report, the sections captioned "Business", "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Related Person Transactions" and "Warning Concerning Forward Looking Statements" of our Annual Report and the section captioned "Related Person Transactions and Company Review of Such Transactions" and the information regarding our Directors and executive officers in our Proxy Statement. In addition, please see the section captioned "Risk Factors" of our Annual Report for a description of risks that may arise from these transactions and relationships. Our filings with the SEC, including our Annual Report and our Proxy Statement, are available at the SEC's website at [www.sec.gov](http://www.sec.gov). Copies of certain of our agreements with these related parties, including our leases, forms of management agreements and related pooling agreements and Bridge Loan agreement with SNH, our management agreement with D&R Yonkers LLC, our business management agreement with RMR, our headquarters lease with an affiliate of RMR and our shareholders agreement with AIC and its shareholders, are also publicly available as exhibits to our public filings with the SEC and accessible at the SEC's website.

We believe that our agreements with SNH, RMR, D&R Yonkers LLC and AIC are on commercially reasonable terms. We also believe that our relationships with SNH, RMR and AIC and their affiliated and related persons and entities benefit us and, in fact, provide us with competitive advantages in operating and growing our business.

**Seasonality**

Our senior living business is subject to modest effects of seasonality. During the calendar fourth quarter holiday periods, nursing home and assisted living residents are sometimes discharged to join family celebrations and relocations and admission decisions are often deferred. The first quarter of each calendar year usually coincides with increased illness among nursing home and assisted living residents which can result in increased costs or discharges to hospitals. As a result of these factors, nursing home and assisted living operations sometimes produce greater earnings in the second and third quarters of a calendar year and lesser earnings in the first and fourth quarters. We do not believe that this seasonality will cause fluctuations in our revenues or operating cash flow to such an extent that we will have difficulty paying our expenses, including rent, which do not fluctuate seasonally.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We are exposed to risks associated with market changes in interest rates. We manage our exposure to this market risk by monitoring available financing alternatives. Our strategy to manage exposure to changes in interest rates has not materially changed from December 31, 2011. Other than as described below, we do not foresee any significant changes in our exposure to fluctuations in interest rates or in how we manage this exposure in the near future.

Changes in market interest rates affect the fair value of our fixed rate debt; increases in market interest rates decrease the fair value of our fixed rate debt, while decreases in market interest rates increase the fair value of our fixed rate debt. For example, based upon discounted cash flow analysis, if prevailing interest rates were to increase by 10% of current interest rates and other credit market considerations remained unchanged, the aggregate market value of our \$46.6 million aggregate principal amount of outstanding mortgage debt and \$24.9 million aggregate principal amount of the outstanding Notes on September 30, 2012 would decline by approximately \$3.2 million; and, similarly, if prevailing interest rates were to decline by 10% of current interest rates and other credit market considerations remained unchanged, the aggregate market value of our \$46.6 million aggregate principal amount of outstanding mortgage debt and \$24.9 million aggregate principal amount of the outstanding Notes on September 30, 2012, would increase by approximately \$3.4 million.

Borrowings under our Credit Agreement bear interest at floating rates and our Credit Agreement matures on March 18, 2013. As of September 30, 2012, we had \$0 outstanding and \$35.0 million available under our Credit Agreement. We borrow in U.S. dollars and borrowings under our Credit Agreement bear interest at LIBOR (with a floor of 2% per annum) plus a spread. Accordingly, we are vulnerable to changes in U.S. dollar based short term interest rates, specifically LIBOR. A change in interest rates, all other credit market conditions remaining unchanged, would not affect the value of our Credit Agreement but could affect our operating results. For example, if the maximum amount of \$35.0 million were drawn under our Credit Agreement and interest rates above the floor or minimum rate decreased or increased by 1% per annum, our annual interest expense would decrease or increase by \$350,000, or \$0.01 per share, based on our outstanding common shares. If interest rates were to change gradually over time, the impact would occur over time.

Borrowings under our New Credit Facility bear interest at floating rates and our New Credit Facility matures on April 13, 2015. As of September 30, 2012, we had \$0 outstanding and \$149.4 million available under our New Credit Facility. We borrow in U.S. dollars and borrowings under our New Credit Facility bear interest at LIBOR plus a spread. Accordingly, we are vulnerable to changes in U.S. dollar based short term interest rates. A change in interest rates, all other credit market conditions remaining unchanged, would not affect the value of our New Credit Facility but could affect our operating results. For example, if the maximum amount of \$149.4 million were drawn under our New Credit Facility and interest rates decreased or increased by 1% per annum, our annual interest expense would decrease or increase by \$1.5 million, or \$0.03 per share, based on our outstanding common shares. If interest rates were to change gradually over time, the impact would occur over time.

Our exposure to fluctuations in interest rates may increase in the future if we incur additional debt to fund acquisitions or otherwise.

**Item 4. Controls and Procedures**

## Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

As of the end of the period covered by this report, our management carried out an evaluation, under the supervision and with the participation of our President and Chief Executive Officer and our Treasurer and Chief Financial Officer of the effectiveness of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15 and 15d-15. Based upon that evaluation, our President and Chief Executive Officer and our Treasurer and Chief Financial Officer concluded that our disclosure controls and procedures are effective.

There have been no changes in our internal control over financial reporting during the quarter ended September 30, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**WARNING CONCERNING FORWARD LOOKING STATEMENTS**

THIS QUARTERLY REPORT ON FORM 10-Q CONTAINS STATEMENTS THAT CONSTITUTE FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 AND OTHER SECURITIES LAWS. ALSO, WHENEVER WE USE WORDS SUCH AS BELIEVE , EXPECT , ANTICIPATE , INTEND , PLAN , ESTIMATE OR SIMILAR EXPRESSIONS, WE ARE MAKING FORWARD LOOKING STATEMENTS. THESE FORWARD LOOKING STATEMENTS ARE BASED UPON OUR PRESENT INTENT, BELIEFS OR EXPECTATIONS, BUT FORWARD LOOKING STATEMENTS ARE NOT GUARANTEED TO OCCUR AND MAY NOT OCCUR. FORWARD LOOKING STATEMENTS IN THIS REPORT RELATE TO VARIOUS ASPECTS OF OUR BUSINESS, INCLUDING:

- OUR ABILITY TO OPERATE OUR SENIOR LIVING COMMUNITIES AND REHABILITATION HOSPITALS PROFITABLY,
  
- OUR ABILITY TO COMPLY AND TO REMAIN IN COMPLIANCE WITH APPLICABLE MEDICARE, MEDICAID AND OTHER RATE SETTING AND REGULATORY REQUIREMENTS,
  
- OUR ABILITY TO MEET OUR DEBT AND RENT OBLIGATIONS,
  
- OUR EXPECTATION THAT WE WILL BENEFIT FINANCIALLY BY PARTICIPATING IN AIC WITH RMR AND COMPANIES TO WHICH RMR PROVIDES MANAGEMENT SERVICES, AND
  
- OTHER MATTERS.

OUR ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CONTAINED IN OR IMPLIED BY OUR FORWARD LOOKING STATEMENTS AS A RESULT OF VARIOUS FACTORS. FACTORS THAT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FORWARD LOOKING STATEMENTS AND UPON OUR BUSINESS, RESULTS OF OPERATIONS, FINANCIAL CONDITION, CASH FLOWS, LIQUIDITY AND PROSPECTS INCLUDE, BUT ARE NOT LIMITED TO:

- CHANGES IN MEDICARE AND MEDICAID POLICIES WHICH COULD RESULT IN REDUCED RATES OF PAYMENT,
  
- THE IMPACT OF CHANGES IN THE ECONOMY AND THE CAPITAL MARKETS ON US AND OUR RESIDENTS AND OTHER CUSTOMERS,

Edgar Filing: FIVE STAR QUALITY CARE INC - Form 10-Q

- COMPETITION WITHIN THE SENIOR LIVING INDUSTRY AND OUR OTHER BUSINESSES,
- INCREASES IN INSURANCE AND TORT LIABILITY COSTS,
- ACTUAL AND POTENTIAL CONFLICTS OF INTEREST WITH OUR MANAGING DIRECTORS, SNH, RMR, AIC AND THEIR RELATED PERSONS AND ENTITIES, AND
- COMPLIANCE WITH, AND CHANGES TO FEDERAL, STATE AND LOCAL LAWS AND REGULATIONS THAT COULD AFFECT OUR SERVICES OR IMPOSE REQUIREMENTS, COSTS AND ADMINISTRATIVE BURDENS THAT REDUCE OUR ABILITY TO PROFITABLY OPERATE OUR BUSINESS.

FOR EXAMPLE:

- THE VARIOUS GOVERNMENTS WHICH PAY US FOR THE SERVICES WE PROVIDE TO OUR RESIDENTS AND PATIENTS ARE CURRENTLY EXPERIENCING SEVERE BUDGET SHORTFALLS AND MAY LOWER THE MEDICARE, MEDICAID AND OTHER RATES THEY PAY US. BECAUSE WE OFTEN CANNOT ETHICALLY LOWER THE QUALITY OF THE SERVICES WE PROVIDE TO MATCH THE AVAILABLE MEDICARE, MEDICAID AND OTHER RATES WE ARE PAID, WE MAY EXPERIENCE LOSSES AND SUCH LOSSES MAY BE MATERIAL,

Table of Contents

- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE EXPECT THAT WE MAY ENTER INTO ADDITIONAL MANAGEMENT ARRANGEMENTS WITH SNH SIMILAR TO THOSE CURRENTLY IN EFFECT FOR US TO MANAGE ADDITIONAL SENIOR LIVING COMMUNITIES SNH MAY ACQUIRE IN THE FUTURE. HOWEVER, THERE CAN BE NO ASSURANCE THAT SNH WILL ACQUIRE OTHER COMMUNITIES OR THAT WE AND SNH WILL ENTER INTO ANY ADDITIONAL MANAGEMENT ARRANGEMENTS,

- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE EXPECT TO BEGIN MANAGING THE REMAINING TWO COMMUNITIES OWNED BY SNH AND CURRENTLY LEASED BY SUNRISE BEFORE YEAR END 2012 AND AFTER ALL APPROPRIATE REGULATORY APPROVALS ARE OBTAINED. THE TRANSFER OF OPERATING CONTROL OF THESE TWO COMMUNITIES IS SUBJECT TO REGULATORY APPROVALS IN THE STATE WHERE EACH COMMUNITY IS LOCATED. WE CANNOT CONTROL THE RESULTS OR TIMING OF THESE APPROVAL PROCESSES. ACCORDINGLY, SOME OF THESE APPROVALS MAY BE DELAYED OR NOT OCCUR AND OUR MANAGEMENT OF THESE COMMUNITIES MAY BE DELAYED OR MAY NOT OCCUR,

- OUR ABILITY TO OPERATE AND MANAGE NEW SENIOR LIVING COMMUNITIES PROFITABLY DEPENDS UPON MANY FACTORS, INCLUDING OUR ABILITY TO INTEGRATE NEW COMMUNITIES INTO OUR EXISTING OPERATIONS AND SOME FACTORS WHICH ARE BEYOND OUR CONTROL SUCH AS THE DEMAND FOR OUR SERVICES ARISING FROM ECONOMIC CONDITIONS GENERALLY. WE MAY NOT BE ABLE TO SUCCESSFULLY INTEGRATE NEW COMMUNITIES OR OPERATE AND MANAGE NEW COMMUNITIES PROFITABLY,

- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT AT SEPTEMBER 30, 2012, WE HAD \$14.3 MILLION OF CASH AND CASH EQUIVALENTS, THAT THERE WERE NO AMOUNTS OUTSTANDING UNDER OUR CREDIT FACILITIES, THAT WE HAD \$184.4 MILLION AVAILABLE TO BORROW UNDER OUR CREDIT FACILITIES, AND THAT WE HAVE IN THE PAST SOLD IMPROVEMENTS TO SNH AND INTEND TO REQUEST TO SELL ADDITIONAL IMPROVEMENTS TO SNH FOR INCREASED RENT PURSUANT TO OUR LEASES WITH SNH; ALL OF WHICH MAY IMPLY THAT WE HAVE ABUNDANT CASH LIQUIDITY. HOWEVER, OUR OPERATIONS AND BUSINESS REQUIRE SIGNIFICANT AMOUNTS OF WORKING CASH AND REQUIRE US TO MAKE SIGNIFICANT CAPITAL EXPENDITURES TO MAINTAIN OUR COMPETITIVENESS. ACCORDINGLY, WE MAY NOT HAVE SUFFICIENT CASH LIQUIDITY,

- OUR RESIDENTS AND PATIENTS WHO PAY FOR OUR SERVICES WITH THEIR PRIVATE RESOURCES MAY BECOME UNABLE TO AFFORD OUR SERVICES WHICH COULD RESULT IN DECREASED OCCUPANCY AND DECREASED REVENUES AT OUR SENIOR LIVING COMMUNITIES AND REHABILITATION HOSPITALS AND INCREASED RELIANCE ON LOWER RATES FROM GOVERNMENT AND OTHER PAYERS,

- WE INTEND TO OPERATE OUR REHABILITATION HOSPITALS PROFITABLY. HOWEVER, WE HAVE HISTORICALLY EXPERIENCED LOSSES FROM OUR REHABILITATION HOSPITALS AND WE MAY BE UNABLE TO OPERATE OUR REHABILITATION HOSPITALS PROFITABLY,

- WE MAY BE UNABLE TO REPAY OUR DEBT OBLIGATIONS WHEN THEY BECOME DUE,

- CONTINUED AVAILABILITY OF BORROWINGS UNDER OUR CREDIT AGREEMENT AND UNDER OUR NEW CREDIT FACILITY IS SUBJECT TO OUR SATISFYING CERTAIN FINANCIAL COVENANTS AND MEETING OTHER CUSTOMARY CONDITIONS,
  
- THE AMOUNT OF AVAILABLE BORROWINGS UNDER OUR CREDIT AGREEMENT AND OUR NEW CREDIT FACILITY IS SUBJECT TO OUR HAVING QUALIFIED COLLATERAL, WHICH IS PRIMARILY BASED ON THE VALUE OF OUR ACCOUNTS RECEIVABLES AND INVENTORY SECURING OUR CREDIT AGREEMENT AND THE VALUE OF THE PROPERTIES SECURING OUR NEW CREDIT FACILITY. ACCORDINGLY, THE AVAILABILITY OF BORROWINGS UNDER OUR CREDIT AGREEMENT AND UNDER OUR NEW CREDIT FACILITY AT ANY TIME MAY BE LESS THAN \$35.0 MILLION AND \$150.0 MILLION, RESPECTIVELY; FURTHER, OUR CREDIT AGREEMENT IS SCHEDULED TO EXPIRE IN MARCH 2013,

Table of Contents

- THIS QUARTERLY REPORT ON FORM 10-Q DISCUSSES THE INTEREST TO BE PAID ON BORROWINGS UNDER OUR CREDIT AGREEMENT AND UNDER OUR NEW CREDIT FACILITY. HOWEVER, ACTUAL COSTS UNDER OUR CREDIT AGREEMENT AND UNDER OUR NEW CREDIT FACILITY WILL BE HIGHER THAN LIBOR PLUS A SPREAD BECAUSE OF OTHER FEES AND EXPENSES ASSOCIATED WITH OUR CREDIT AGREEMENT AND OUR NEW CREDIT FACILITY,
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE MAY PURCHASE ADDITIONAL OUTSTANDING PRINCIPAL AMOUNTS OF THE NOTES FROM TIME TO TIME. HOWEVER, THERE CAN BE NO ASSURANCE WE WILL DO SO,
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT OUR EXPECTED NET CASH RECEIPTS RESULTING FROM THE SALE OF OUR PHARMACY BUSINESS ARE \$37.8 MILLION, BEFORE TRANSACTION COSTS. THESE EXPECTED NET CASH RECEIPTS INCLUDE ACCOUNTS RECEIVABLE THAT WE RETAINED. FURTHER, THE PURCHASE AGREEMENT INCLUDES CUSTOMARY INDEMNIFICATION OBLIGATIONS AND REQUIRES US TO ESCROW A PORTION OF THE PURCHASE PRICE IN CONNECTION WITH THE INDEMNIFICATION OBLIGATIONS. IF WE ARE UNABLE TO COLLECT ACCOUNTS RECEIVABLE THAT WE HAVE RETAINED OR ARE REQUIRED TO PAY AMOUNTS (INCLUDING WITH ESCROWED PROCEEDS) TO SATISFY INDEMNIFICATION OBLIGATIONS IN THE FUTURE, THE ACTUAL NET CASH RECEIPTS WE MAY REALIZE FROM THIS SALE, AND ANY CORRESPONDING CAPITAL GAIN, MAY BE REDUCED,
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE HAVE ENTERED INTO AN AGREEMENT TO SELL TWO SNFs THAT WE OWN LOCATED IN MICHIGAN. THIS SALE IS SUBJECT TO CUSTOMARY CLOSING CONDITIONS. SOME OF THESE CONDITIONS MAY NOT BE MET, THE SALE MAY NOT OCCUR OR THE SALE MAY BE DELAYED,
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE AND SNH ARE OFFERING FOR SALE AN ASSISTED LIVING COMMUNITY IN PENNSYLVANIA THAT WE LEASE FROM SNH. WE AND SNH MAY NOT BE ABLE TO SELL THIS PROPERTY ON ACCEPTABLE TERMS OR OTHERWISE, AND
- THIS QUARTERLY REPORT ON FORM 10-Q STATES THAT WE BELIEVE THAT OUR RELATIONSHIPS WITH SNH, RMR AND AIC AND THEIR AFFILIATED AND RELATED PERSONS AND ENTITIES MAY BENEFIT US AND PROVIDE US WITH ADVANTAGES IN OPERATING AND GROWING OUR BUSINESS. IN FACT, THE ADVANTAGES WE BELIEVE WE MAY REALIZE FROM THESE RELATIONSHIPS MAY NOT MATERIALIZE.

THESE RESULTS COULD OCCUR DUE TO MANY DIFFERENT CIRCUMSTANCES, SOME OF WHICH ARE BEYOND OUR CONTROL, SUCH AS CHANGED MEDICARE AND MEDICAID RATES, NEW LEGISLATION AFFECTING OUR BUSINESS, CHANGES IN OUR REVENUES OR COSTS, OR CHANGES IN CAPITAL MARKETS OR THE ECONOMY GENERALLY.

THE INFORMATION CONTAINED ELSEWHERE IN THIS QUARTERLY REPORT ON FORM 10-Q OR IN OUR ANNUAL REPORT, INCLUDING UNDER THE CAPTION "RISK FACTORS", OR INCORPORATED HEREIN OR THEREIN IDENTIFIES OTHER IMPORTANT FACTORS THAT COULD CAUSE DIFFERENCES FROM OUR FORWARD LOOKING STATEMENTS. OUR FILINGS WITH THE SEC ARE AVAILABLE ON THE SEC'S WEBSITE AT [WWW.SEC.GOV](http://WWW.SEC.GOV).

YOU SHOULD NOT PLACE UNDUE RELIANCE UPON OUR FORWARD LOOKING STATEMENTS.

EXCEPT AS REQUIRED BY LAW, WE DO NOT INTEND TO UPDATE OR CHANGE ANY FORWARD LOOKING STATEMENTS AS A RESULT OF NEW INFORMATION, FUTURE EVENTS OR OTHERWISE.

**Part II. Other Information**

**Item 5. Other Information**

As discussed elsewhere in this Quarterly Report on Form 10-Q, in May 2011, we and SNH entered into an AL Pooling Agreement which pools our management agreements with SNH for communities that include assisted living units. On October 30, 2012, we and SNH entered into an amendment and restatement of the initial AL Pooling Agreement so that it includes only the management agreements for 20 of the communities that include assisted living units that we and SNH agreed we would manage for SNH's account. Also on October 30, 2012, we and SNH entered into a second AL Pooling Agreement which pools our management agreements with SNH for the remaining communities that include assisted living units that we currently manage for SNH's account (other than with respect to the senior living community in New York described in Note 12 to our Condensed Consolidated Financial Statements included in Part I, Item 1 of this Quarterly Report).

The terms of the second AL Pooling Agreement are substantially similar to the terms of the amended and restated initial AL Pooling Agreement. Descriptions of the first AL Pooling Agreement appear in Note 15 to our Consolidated Financial Statements included in our Annual Report and in the sections of our Annual Report captioned "Properties," "Our SNH Leases and Management Agreements," "Management Contracts" and "Management's Discussion and Analysis of Financial Condition and Results of Operations - Our Leases and Management Agreements with SNH" and "Related Person Transactions," which descriptions are hereby incorporated by reference.

For more information about the AL Pooling Agreements and the management agreements pooled under the AL Pooling Agreements, please see the descriptions of those agreements elsewhere in this Quarterly Report on Form 10-Q, including Note 12 to our Condensed Consolidated Financial Statements included in Part I, Item 1 and "Management's Discussion and Analysis of Financial Condition and Results of Operations - Our Leases and Management Agreements with SNH" and "Related Person Transactions" in Part I, Item 2, and in our Annual Report, including the sections of the Annual Report referred to in the preceding paragraph.

The foregoing descriptions of the AL Pooling Agreements and the management agreements pooled under the AL Pooling Agreements are not complete and are subject to and qualified in their entirety by reference to the copy of the first AL Pooling Agreement filed as Exhibit 10.18 to our Current Report on Form 8-K dated May 13, 2011, or our May 2011 Current Report, the copy of the related representative form of accession agreement filed as Exhibit 10.2 to our Quarterly Report on Form 10-Q for the quarter ended June 30, 2012, the copies of the initial AL Pooling Agreement, as amended and restated, and the second AL Pooling Agreement filed as Exhibits 10.2 and 10.3, respectively, to this Quarterly Report on Form 10-Q and the copy of the representative form of management agreement for assisted living communities filed as Exhibit 10.17 to our May 2011 Current Report, each of which is incorporated herein by reference.

The terms of the initial AL Pooling Agreement, as amended and restated, and the second AL Pooling Agreement were approved by our Independent Directors and Board of Directors and by the independent trustees and board of trustees of SNH.

For more information about our relationships and transactions with SNH, RMR and other companies to which RMR provides management services and others affiliated with or related to them, please see Part I of this Quarterly Report on Form 10-Q, including Note 12 to our Condensed Consolidated Financial Statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations - Related Person Transactions."
