Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On March 27, 2015, the Compensation Committee of the Board of Directors of Washington Prime Group Inc. (the Company) approved the 2015 annual incentive cash bonus plan for executive officers. The 2015 annual incentive plan has two main components:

- *Funding of the Plan* The 2015 annual incentive cash bonus plan will be funded if a specified threshold level of funds from operations (FFO) per diluted share, as adjusted (as described below) is achieved for 2015, with actual bonuses to be determined by the Compensation Committee based on its assessment of the achievement of the performance goals described below. If actual FFO per diluted share, as adjusted, is below threshold, the bonus plan will not be funded and no bonuses will be paid pursuant to the 2015 plan.
- *Performance Goals* If the threshold level of FFO per diluted share, as adjusted, for 2015 is attained, annual incentive cash bonuses to participants will be based on achievement of the following performance goals:
 - FFO per diluted share, as adjusted 50% weight;
 - strategic goals 25% weight; and
 - individual goals 25% weight.

For purposes of the 2015 plan, FFO per diluted share shall be adjusted to exclude merger and/or transaction costs, non-contemplated acquisitions, dispositions and debt-related costs, as determined by the Compensation Committee. For the FFO per diluted share, as adjusted component, the payout will range from 35% for threshold performance, 100% for target performance and 150% for maximum performance levels of FFO per diluted share, as adjusted.

The strategic goals, which will apply to all executive officers, consist of:

- progress towards moving off the Simon Property Group, Inc. platform no later than May 2016;
- closing of the Company's pending joint venture transaction with O'Connor Capital Partners;

- successful refinancing of existing bridge loan;
- achieving a specified net debt-to-equity ratio;
- building a solid organizational structure; and
- analysis, evaluation and initiation of growth opportunities.

At the conclusion of the year, the Compensation Committee will determine the payout of the strategic component based on its qualitative assessment of progress toward executing the Company's strategy as reflected by the individual strategic goals. There is no specific weighting of the individual strategic goals. The payout for the strategic goal component will range from 25% for threshold, 100% for target and 150% for maximum levels of performance.

The Compensation Committee will establish individual goals for all of the executive officers. At the conclusion of the year, the Compensation Committee will evaluate the performance of the Executive Chairman and the Chief Executive Officer compared to their respective objectives, and review all other participant's individual performance taking into account the evaluations of the Executive Chairman and the Chief Executive Officer. The payout for the individual goal component will range from 25% for threshold, 100% for target and 150% for maximum levels of performance.

(2) Represents the target levels of the 2015 cash bonuses set forth in the employment agreements with Mr. Ordan and Mr. Glimcher (200% of 2015 annual base salary each) and as determined by the Compensation Committee for each of the other individuals (as a percent of annual base salary: Mr. Yale, 125%; Mr. Knerr, 175%; Mr. Richards, 150%; Mr. Demchak, 112.5%; and Mr. Gaffney, 100%).

On March 27, 2015, the Compensation Committee also approved performance criteria for 2015 annual LTIP unit awards to be granted to the above individuals in 2016 no later than the completion of the Company's 2015 audited financial statements, as follows:

- total shareholder return (TSR) of the Company for 2015 compared to the MSCI US REIT Index, calculated on a net basis and represented by the MSCI US REIT Index EFT (Symbol ^RMZ) 60% weight. The payout for the TSR component ranges from 100%, 1 percentage point above the Index; 75%, at the Index; 50%, 2 percentage points below the Index; and 0%, 4 percentage points below the Index with interpolation between levels. The Compensation Committee has retained the ability to use the Company's average common share price for the relative TSR performance determination in the event of anomalous events at year-end; and
- strategic results based on the strategic goals identified in the 2015 annual incentive cash bonus plan 40% weight. The payout for the strategic goal component will range from 0% to 100%, based on the Compensation Committee's qualitative assessment of the Company's performance relative to the strategic goals.
