The CAD Notes will be structurally subordinated to all present and future debt and other obligations of MCILP's subsidiaries that are not Subsidiary Guarantors. The CAD Notes and the related guarantees will be effectively junior to the current and future secured obligations of MCILP, the Company and the Subsidiary Guarantors to the extent of the assets securing such obligations.

The net proceeds from the Concurrent Offerings, after deducting estimated fees and expenses and the initial purchasers' commissions and underwriters' discounts and commissions, were approximately \$6.9 billion. The net proceeds are expressed in U.S. dollars and include \$890.0 million related to the Offering of the EUR Notes, based on the spot exchange rate published on Bloomberg for June 29, 2016, which was 1.00 to \$1.1125, and \$767.8 million related to the Offering of the CAD Notes, based on the spot exchange rate published on Bloomberg for June 28, 2016, which was \$1.00 to C\$1.3025. All of the net proceeds of the Concurrent Offerings will be used as partial consideration for the purchase by the Company of all of SABMiller plc's interest in MillerCoors and all the trademarks, contracts and other assets primarily related to the *Miller* brand portfolio outside of the United States and Puerto Rico pursuant to the purchase agreement (the Purchase Agreement) entered into by the Company and Anheuser-Busch InBev SA/NV (ABI) for \$12 billion, subject to downward adjustment as described therein, in cash, on November 11, 2015 (such acquisition, the Acquisition). Prior to the closing of the Acquisition, the net proceeds from the Concurrent Offerings will be invested in U.S. government securities, short-term certificates of deposit, cash equivalents, money market funds or other short-term investments or demand deposit accounts. The net proceeds from the Concurrent Offerings will not be deposited into an escrow account and holders of the Notes will not receive a security interest in any such proceeds.

The Notes are redeemable, in whole or in part, at the option of the applicable issuer at any time and from time to time prior to maturity, with respect to the 2019 USD Notes, June 15, 2021, with respect to the 2021 USD Notes, April 15, 2026, with respect to the 2026 USD Notes,

Edgar Filing: MOLSON COORS BREWING CO - Form 8-K

January 15, 2046, with respect to the 2046 USD Notes, April

15, 2024, with respect to the EUR Notes, June 15, 2023, with respect to the 2023 CAD Notes and April 15, 2026, with respect to the 2026 CAD Notes (each, a Par Call Date with respect to the applicable series of Notes (other than the 2019 USD Notes)) at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest to, but excluding, the date of redemption, plus an applicable make-whole premium. Each series of Notes (other than the 2019 USD Notes) will be redeemable, in whole or in part, at any time and from time to time on or after the applicable Par Call Date, at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest to, but excluding, the date of redemption.

The applicable issuer may redeem all, but not part, of a series of the CAD Notes or the EUR Notes in the event of certain changes in the relevant jurisdiction (as further described in the applicable Indenture), at a redemption price of 100% of the principal amount of the Notes redeemed, plus accrued and unpaid interest to the redemption date. Subject to certain exceptions and limitations set forth in the applicable Indenture, the applicable issuer will pay additional amounts as may be necessary to ensure that every net payment on a CAD Note or a EUR Note to a holder, after deduction or withholding by such issuer or the applicable paying agent for or on account of any present or future tax, assessment or other governmental charge imposed upon or as a result of such payment by the relevant jurisdiction, will not be less than the amount provided in such Note to be then due and payable.

If the Acquisition is not completed on or prior to November 11, 2016 (or if, pursuant to the Purchase Agreement the Termination Date (as defined therein) is automatically extended, the date (not later than 18 months after November 11, 2015) to which the Termination Date is so extended), or if, prior to such date, the applicable issuer notifies the applicable trustee in writing that it will not pursue the Acquisition, the applicable issuer will be obligated to redeem all of the applicable series of Notes at a special mandatory redemption price equal to 101% of the aggregate principal amount of such series of Notes, plus accrued and unpaid interest to, but excluding, the date of redemption. Upon the occurrence of a change of control triggering event specified in the applicable Indenture, the applicable issuer must offer to purchase the applicable series of Notes at a redemption price equal to 101% of the aggregate principal amount of such series of Notes, plus accrued and unpaid interest, if any, to, but excluding, the date of repurchase, unless the applicable issuer has previously exercised its right to redeem the Notes of such series.

The terms of the Indentures will, among other things, limit the ability of the Company and its restricted subsidiaries to (i) incur additional secured indebtedness, (ii) enter into certain sale and leaseback transactions and (iii) merge, sell, convey, transfer or lease substantially all of their assets. These covenants are subject to a number of important limitations and exceptions that are described in the applicable Indenture.

The Indentures provide for customary events of default (subject in certain cases to customary grace and cure periods), which include nonpayment, breach of covenants in the applicable Indenture, payment defaults or acceleration of other indebtedness and certain events of bankruptcy and insolvency. If an event of default occurs and is continuing, the applicable trustee or holders of at least 25% in principal amount outstanding of the applicable series of Notes may declare the principal and the accrued and unpaid interest, if any, on all of such series of Notes to be due and payable. These events of default are subject to a number of important qualifications, limitations and exceptions that are described in the applicable Indenture.

The foregoing descriptions of the USD/EUR Indenture and the CAD Indenture are qualified in their entirety by reference to the actual agreements.
