**Vale announces an important development in the securities class action**

Rio de Janeiro, March 24th, 2017 Vale S.A. (Vale) announces an important development in the purported securities class action pending against Vale and three Vale executives in the United States District Court for the Southern District of New York. On March 23rd, 2017, the Court issued a ruling dismissing most of the claims against Vale and the individual defendants, all claims against Vale's chief executive officer, Mr. Murilo Ferreira, and all claims of control person liability against the individual defendants.

The narrow portion of plaintiffs' case that remains is limited to certain statements concerning risk mitigation that appeared in Vale's 2013 and 2014 Sustainability Reports, and isolated statements concerning Vale's responsibility for the Fundão dam collapse made during a single conference call in November 2015.

Vale is pleased that the Court largely recognized the baseless nature of plaintiffs' case, and Vale remains confident that the narrow remaining claims have no merit. Vale will continue vigorously contesting this action.

This press release may include statements that present Vale's expectations about future events or results. All statements, when based upon expectations about the future, involve various risks and uncertainties. Vale cannot guarantee that such statements will prove correct. These risks and uncertainties include factors related to the following: (a) the countries where we operate, especially Brazil and Canada; (b) the global economy; (c) the capital markets; (d) the mining and metals prices and their dependence on global industrial production, which is cyclical by nature; and (e) global competition in the markets in which Vale operates. To obtain further information on factors that may lead to results different from those forecast by Vale, please consult the reports Vale files with the U.S. Securities and Exchange Commission (SEC), the Brazilian Comissão de Valores Mobiliários (CVM), and the French Autorité des Marchés Financiers (AMF), and in particular the factors discussed under "Forward-Looking Statements" and "Risk Factors" in Vale's annual report on Form 20-F.
