PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON

AUGUST 31, 2006

INTRODUCTION

The accompanying proxy is solicited by the Board of Directors of The Quantum Group, Inc. (the Company, we, us and similar terms) to be voted at the Annual Meeting of Stockholders to be held at the Gaylord Palms Resort and Convention Center, 6000 W. Osceola Parkway, Kissimmee, Florida 34746 at 1:00 pm Eastern Daylight Savings Time on August 31, 2006 (the Annual Meeting), and any adjournments thereof. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting as directed. If no specifications are indicated, the shares will be voted in accordance with the recommendation of the Board with respect to each matter submitted to the Company's stockholders for approval. Abstentions and broker non-votes will not be voted, but will be counted for determining the presence of a quorum.

The cost of preparing and mailing the enclosed proxy materials, which are estimated to be approximately \$8,000, will be borne by the Company. The Company may use the services of its officers and employees (who will receive no additional compensation) to solicit proxies. In addition to the use of the mail, proxies may be solicited by telephone, mailgram, facsimile, telegraph, cable and personal interview. The Company intends to request banks and brokers holding shares of the Company's common stock to forward copies of the proxy materials to those persons for whom they hold shares and to request authority for the execution of proxies. The Company may also retain the services of a solicitation firm to aid in the solicitation of proxies. If it does so, the Company will pay the fees and expenses of such firm.

A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the offices of the Company for a period of at least ten days preceding the Annual Meeting.

VOTING AT THE ANNUAL MEETING

The shares entitled to vote at the Annual Meeting consist of shares of the Company's common stock (the Common Stock), with each share entitling the holder to one vote. At the close of business on July 21, 2006, the Record Date for the Annual Meeting, there were issued and outstanding 24,979,209 shares of the Company's Common Stock. This Proxy Statement and the accompanying form of proxy are first being sent to stockholders on or about August 3, 2006.

Each proxy that is properly signed and received prior to the Annual Meeting will, unless revoked, be voted in accordance with the instructions on such proxy. If no instruction is indicated, the shares will be voted FOR the election of the nominees for director listed in this proxy statement; FOR ratification of the appointment of Daszkal Bolton LLP; FOR the reverse split and FOR the approval of such other business that may properly come before the Annual Meeting or any postponement or adjournment thereof. A stockholder who has given a proxy may revoke such proxy at any time before it is voted at the Annual Meeting by delivering a written notice of revocation or duly executed proxy bearing a later date to the Secretary of the Company or by attending the meeting and voting in person.

A quorum of stockholders is necessary to take action at the Annual Meeting. A majority of the outstanding shares of the Company's common stock, represented in person or by proxy, will constitute a quorum. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of election appointed for the Annual Meeting. The inspector of election will determine whether or not a quorum is present at the Annual Meeting. The inspector of election will treat abstentions as shares of common stock that are present and entitled to vote for purposes of determining the presence of a quorum.

The seven nominees for director shall be elected as directors of the Company if they receive the affirmative vote of a majority of the shareholders of common stock present in person or represented by proxy at the Annual Meeting. The vote required for ratification of Daszkal Bolton LLP as independent auditors for the Company, for the fiscal year ending October 31, 2006 is the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting. The vote required for effectuating the reverse split is the affirmative vote of a majority of the Company's outstanding shares of common stock. For purposes of determining stockholder approval of such proposals, abstentions will be treated as shares of common stock voted against adoption of such proposals.

Unless authority to do so is withheld, the persons named as proxies will vote the shares represented by such proxies for the election of the named nominees. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee discussed with the independent accountants matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee meets with the independent auditors to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

The Company's independent accountants also provided to the Audit Committee the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accountants' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended October 31, 2005 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.

PROPOSAL 3

AUTHORIZE THE BOARD OF DIRECTORS TO EFFECT A REVERSE STOCK SPLIT OF OUR OUTSTANDING COMMON STOCK TO COMPLY WITH THE INITIAL LISTING REQUIREMENTS OF A NATIONAL SECURITIES EXCHANGE OR INITIAL QUOTATION REQUIREMENTS ON AN AUTOMATIC QUOTATION SYSTEM OF A NATIONAL SECURITIES ASSOCIATION AND UPON A DETERMINATION BY THE BOARD THAT A REVERSE STOCK SPLIT IS IN THE BEST INTEREST OF OUR STOCKHOLDERS.

General

The Company intends to submit an initial listing application for the listing of its common stock on a national securities exchange or quotation of its common stock on an automatic quotation system of a national securities association. Among other requirements, the initial listing qualifications of the American Stock Exchange require a minimum trading price of \$3.00 per share and the initial quotation qualifications of the Nasdaq Capital require a minimum bid price of \$4.00 per share. The American Stock Exchange and Nasdaq Capital Market also require that a minimum of 1,000,000 shares of common stock be publicly held. The closing bid price of our common stock on July 21, 2006 was \$0.60 per share and approximately 692,000 shares were publicly held. While the Company provides no assurances that it will be accepted for trading on a national securities exchange or automatic quotation system of a national securities association, it desires to affect a reverse stock split sufficient to sustain a closing bid price or quotation price in excess of \$3.00 or \$4.00 per share, respectively, yet maintain the minimum public float requirement. In order to comply with initial listing requirements the Board of Directors voted unanimously to authorize and recommend that our stockholders approve a proposal to effect a minimum of a 1-for-3 reverse stock split (the Reverse Stock Split) of the Company's Common Stock that may be effected in one or more increments by our Board depending on market conditions at any time or from time to time until the next annual stockholders' meeting. Pursuant to the Reverse Stock Split, a minimum of 3 shares (or such greater number of shares as the Board of Directors deems appropriate to meet initial listing requirements) of the outstanding shares of our Common Stock on the date of the Reverse Stock Split (the Old Shares) will be automatically converted into one share of our Common Stock (the New Shares). The Reverse Stock Split, if authorized by our stockholders, will be effected only as required to obtain the listing of the Company's common stock on the American Stock Exchange or other national securities exchange or quotation on the automatic quotation system of a national securities association and upon a determination by our Board of Directors to such effect that the Reverse Stock Split will result in the greatest marketability and liquidity of our Common Stock, based upon the prevailing market conditions, the likely effect on the market price of our Common Stock and other relevant factors. The Reverse Stock Split will become effective upon filing of a Certificate of Amendment (the Certificate of Amendment) to our Certificate of Incorporation with the Nevada Secretary of State. A form of the Certificate of Amendment is included as Exhibit B to this proxy statement.

Purpose and Effect of Proposed Reverse Stock Split

One of the key requirements for the initial listing on a national securities exchange or initial quotation on the automatic quotation system of a national securities association is that our common stock must satisfy an initial trading or quotation price (\$3.00 for the American Stock Exchange and \$4.00 for the Nasdaq Capital) per share. The closing bid price of our common stock on July 21, 2006 was \$0.60 per share. Accordingly, the Company believes that the Reverse Stock Split will improve the price level of our common stock so that we may be accepted for trading on a national securities exchange or quotation on the automatic quotation system of a national securities association, provided we meet all other listing requirements. Our Board also believes that the higher share price, which should result from the Reverse Stock Split, will help generate interest in the Company among investors.

Despite our Board's belief, the effect of the Reverse Stock Split upon the market price for our common stock cannot be predicted. There can be no assurance that the market price per New Share of our Common Stock after the Reverse Stock Split will rise in proportion to the reduction in the number of Old Shares of our Common Stock outstanding

resulting from the Reverse Stock Split, or that such price will either exceed or remain in excess of the minimum price per share as required by a national securities exchange or quotation on the automatic quotation system of a national securities association. The market price of our Common Stock may also be based on our performance and other factors, some of which may be unrelated to the number of shares outstanding.

The Reverse Stock Split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in us or proportionate voting power, except to the extent that the Reverse Stock Split results in any of our stockholders owning a fractional share. In lieu of issuing fractional shares, we will issue any stockholder who otherwise would have been entitled to receive a fractional share as a result of the Reverse Stock Split one share of our Common Stock. There will be no change in the number of authorized shares.

The Reverse Stock Split would have the following effects upon the number of shares of our Common Stock outstanding and the number of authorized and unissued shares of our Common Stock. Upon the effectiveness of the Reverse Stock Split, the number of shares owned by each stockholder will be reduced by the ratio of up to 1 to 3 (or such greater ratio as the Board of Directors deems appropriate to meet listing or quotation standards) shares of Common Stock he, she or it owned immediately prior to the Reverse Stock Split. The per share loss and net book value of our Common Stock will be increased because there will be fewer shares of our Common Stock outstanding.

Assuming a 1-for-3 Reverse Stock Split, the principal effect of the Reverse Stock Split will be that (i) the number of shares of Common Stock issued and outstanding (including those issued pursuant to the Company's Stock Option Plan) will be reduced from 24,979,209 shares to approximately 8,326,403 shares and (ii) all outstanding options and warrants entitling the holders thereof to purchase shares of Common Stock will enable such holders to purchase, upon exercise of their options, 1/3 of the number of shares of Common Stock which such holders would have been able to purchase upon exercise of their options immediately preceding the Reverse Stock Split at the same aggregate price required to be paid therefor upon exercise thereof immediately preceding the Reverse Stock Split.

The Reverse Stock Split will not effect the par value of our Common Stock. As a result, on the effective date of the Reverse Stock Split, the stated capital on our balance sheet attributable to the Common Stock will be reduced to 1/3 of its present amount (assuming a 1-for-3 Reverse Stock Split), and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced.

Manner of Effecting The Reverse Stock Split and The Exchange Stock Certificates

In the event our stockholders approve the Reverse Stock Split and following the determination by our Board of whether or not to effect the Reverse Stock Split, the Reverse Stock Split will be effected by the filing of the Certificate of Amendment with the Secretary of the State of Nevada. The Reverse Stock Split will become effective on the date of filing the Certificate of Amendment unless we specify otherwise (the Effective Date). As soon as practicable after the Effective Date, we will send a letter of transmittal to each holder of record of Old Shares outstanding on the Effective Date. The letter of transmittal will contain instructions for the surrender of certificates representing the Old Shares. Upon proper completion and execution of the letter of transmittal and return thereof, together with certificates representing Old Shares, a stockholder will be entitled to receive a certificate representing the number of New Shares into which his Old Shares have been reclassified as a result of the Reverse Stock Split. Stockholders should not submit any certificates until requested to do so. No new certificate will be issued to a stockholder until such stockholder has surrendered his outstanding certificates together with the properly completed and executed letter of transmittal. Until surrendered, each outstanding certificate representing Old Shares will be deemed for all corporate purposes after the Effective Date to evidence ownership of New Shares in the appropriately reduced number.

No Rights of Appraisal

Under the Nevada General Corporation Law, our stockholders are not entitled to appraisal rights with respect to our proposed amendment to our charter to effect the Reverse Stock Split and we will not independently provide our stockholders with any such right.

Certain Federal Income Tax Consequences

We believe that the federal income tax consequences of the Reverse Stock Split to holders of Old Shares and holders of New Shares will be as follows:

1.

Except as set forth in (5) below, no gain or loss will be recognized by a stockholder on the surrender of the Old Shares or receipt of a certificate representing New Shares.

2.

Except as set forth in (5) below, the aggregate tax basis of the New Shares will equal the aggregate tax basis of the Old Shares exchanged therefor.

3.

Except as set forth in (5) below, the holding period of the New Shares will include the holding period of the Old Shares if such Old Shares were held as capital assets.

4.

The conversion of the Old Shares into the New Shares will produce no gain or loss to us.

5.

The federal income tax consequences of the receipt of an additional share in lieu of a fractional interest is not clear but may result in tax liabilities which should not be material in amount in view of the low value of the fractional interest.

Our beliefs regarding the tax consequence of the Reverse Split are not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

This summary does not purport to be complete and does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident foreign individuals, broker-dealers and tax exempt entities.

The state and local tax consequences of the Reverse Stock Split may vary significantly as to each stockholder, depending upon the state in which he resides.

The foregoing summary is included for general information only. Accordingly, stockholders are urged to consult their own tax advisors with respect to the Federal, State and local tax consequences of the Reverse Stock Split.

Approval of Proposal 3

Approval of the Reverse Stock Split will require the affirmative vote of a majority of the outstanding shares of our common stock.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THE REVERSE STOCK SPLIT.

NOW, THEREFORE, BE IT RESOLVED, that the Corporation shall effect a reverse split of its Common Stock on a ratio of one for three (1:3) by decreasing the number of its issued and outstanding shares of its Common Stock held by its stockholders of record on July 21, 2006, from 24,979,209 shares to approximately 8,326,403 shares, subject to rounding as set forth below; and

SECOND: That the Fourth paragraph of the Corporation s Articles of Incorporation, as amended, is hereby deleted in its entirety and replaced with the following:

ARTICLE IV

CAPITAL

The total number of shares of all classes of capital stock that the corporation shall have authority to issue is 200,000,000 shares. Stockholders shall not have any preemptive rights, nor shall stockholders have the right to cumulative voting in the election of directors or for any other purpose. The classes and the aggregate number of shares of stock of each class that the corporation shall have authority to issue are as follows:

- (a) 170,000,000 shares of common stock, \$0.001 par value (Common Stock);
- (b) 30,000,000 shares of preferred stock, \$0.001 par value (Preferred Stock).

The Common Stock as issued from time to time by the Corporation shall be the class of stock required by paragraph 1 of Section 78.196 of the Nevada Revised Statutes; provided, so long as shares of Common Stock that satisfy such requirement are authorized and outstanding, additional shares of the Common Stock may be issued from time to time in one or more series, with such distinctive serial designations as may be stated or expressed in the resolution or resolutions providing for the issue of such stock adopted from time to time by the Board of Directors, that is non-voting Common Stock.

The Preferred Stock may be issued from time to time in one or more series, with such distinctive serial designations as may be stated or expressed in the resolution or resolutions providing for the issue of such stock adopted from time to time by the Board of Directors; and in such resolution or resolutions providing for the issuance of shares of each particular series, the Board of Directors is also expressly authorized to fix: the right to vote, if any; the consideration

for which the shares of such series are to be issued; the number of shares constituting such series, which number may be increased (except as otherwise fixed by the Board of Directors) or decreased (but not below the number of shares thereof then outstanding) from time to time by action of the Board of Directors; the rate of dividends upon which and the times at which dividends on shares of such series shall be payable and the preference, if any, which such dividends shall have relative to dividends on shares of any other class or classes or any other series of stock of the corporation; whether such dividends shall be cumulative or noncumulative, and if cumulative, the date or dates from which dividends on shares of such series shall be cumulative; the rights, if any, which the holders of shares of such series shall have in the event of any voluntary or involuntary liquidation, merger, consolidation, distribution or sale of assets, dissolution or winding up of the affairs of the corporation; the rights, if any, which the holders of shares of such series shall have to convert such shares into or exchange

B-1

such shares for shares of any other class or classes or any other series of stock of the corporation or for any debt securities of the corporation and the terms and conditions, including price and rate of exchange, of such conversion or exchange; whether shares of such series shall be subject to redemption, and the redemption price or prices and other terms of redemption, if any, for shares of such series including, without limitation, a redemption price or prices payable in shares of Common Stock; the terms and amounts of any sinking fund for the purchase or redemption of shares of such series; and any and all other designations, preferences, and relative, participating, optional or other special rights, qualifications, limitations or restrictions thereof pertaining to shares of such series permitted by law.

The Board of Directors of the Corporation may from time to time authorize by resolution the issuance of any or all shares of the Common Stock and the Preferred Stock herein authorized in accordance with the terms and conditions set forth in these Articles of Incorporation for such purposes, in such amounts, to such persons, corporations or entities, for such consideration, and in the case of the Preferred Stock, in one or more series, all as the Board of Directors in its discretion may determine and without any vote or other action by the stockholders, except as otherwise required by law. The capital stock, after the amount of the subscription price, or par value, has been paid in shall not be subject to assessment to pay the debts of the corporation. Shares of Common Stock and Preferred Stock (including any series of Preferred Stock) may, without the approval or consent of the holders of shares of said class or series, be issued as a share dividend in respect of shares of another class or series, all as the Board of Directors in its discretion may determine.

The Corporation elects not to be governed by the terms and provisions of Sections 78.378 through 78.3793, inclusive, and Sections 78.411 through 78.444, inclusive, of the Nevada Revised Statutes, as the same may be amended, superseded, or replaced by any successor section, statute, or provision. No amendment to these Articles of Incorporation, directly or indirectly, by merger or consolidation or otherwise, having the effect of amending or repealing any of the provisions of this paragraph shall apply to or have any effect on any transaction involving acquisition of control by any person or any transaction with an interested stockholder occurring prior to such amendment or repeal.

On the date of filing of this Certificate of Amendment with the Secretary of State of the State of Nevada, every three (3) issued and outstanding shares of the Corporation's previously authorized Common Stock, par value \$.001 per share (the Old Common Stock) shall be reclassified and converted into one (1) validly issued, fully paid and nonassessable share of Common Stock, par value \$.001 (the New Common Stock). Each certificate representing shares of Old Common Stock shall thereafter represent the number of shares of New Common Stock into which the shares of Old Common Stock represented by such certificate were reclassified and converted hereby; provided, however, that each person of record, on holding a stock certificate or certificates that represented shares of Old Common Stock shall receive, upon surrender of stock certificate or certificates, a new certificate or certificates evidencing and representing the number of shares of New Common Stock to which such person is entitled. No cash will be paid or distributed as a result of aforementioned reverse stock split of the Corporation's Common Stock, and no fractional shares will be issued. All fractional shares, which would otherwise be required to be issued as a result of the stock split, will be rounded up to the nearest whole share.

THIRD: The foregoing Certificate of Amendment to the Articles of Incorporation was adopted pursuant to NRS Section 78.390 by the Board of Directors of the Corporation by unanimous written consent dated, 2006, and was adopted pursuant to NRS Sections 78.310 and 78.370 by the holders of a majority of the Company's issued and outstanding shares of capital stock entitled to vote on the matter at a meeting of the shareholders held on August 31, 2006. Therefore, the number of votes cast was sufficient for approval.

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Amendment to the Certificate of Incorporation to be executed by its duly authorized officer.
