PROXY STATEMENT FOR THE
2018 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

The enclosed Proxy is solicited on behalf of the Board of Directors of NETGEAR, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders. The Board of Directors has made these materials available to you on the Internet or in printed proxy materials in connection with the solicitation of proxies for use at its 2018 Annual Meeting of Stockholders, which will take place at 10:00 a.m. Pacific Daylight Time on Thursday, May 31, 2018 at its executive offices located at 350 East Plumeria Drive, San Jose, California 95134.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our Company as “NETGEAR,” “we,” “us” or “our.” The term “proxy materials” includes this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2017, as well as the proxy or voter instruction card if you received or requested printed proxy materials. We are mailing the proxy materials on or about April 20, 2018 to all of our stockholders as of the record date, April 2, 2018. Stockholders who owned NETGEAR common stock at the close of business on April 2, 2018 are entitled to attend and vote at the annual meeting. On the record date, approximately 31,533,550 shares of our common stock were issued and outstanding and no shares of our preferred stock were issued and outstanding. We had 19 stockholders of record as of the record date and our common stock was held by approximately 22,029 beneficial owners.

You may also view this proxy statement, as well as our Annual Report on Form 10-K for the year ended December 31, 2017, online at the following address: <http://materials.proxyvote.com/64111Q>.

Notice Regarding the Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to the proxy materials over the Internet. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials (the “Notice”) to some of our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the proxy materials and on the website referred to in the Notice. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting us. The four (4) proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled “Proposal One,” “Proposal Two,” “Proposal Three” and “Proposal Four.” Each share of NETGEAR common stock you own entitles you to one vote.

Methods of Voting

Voting by Mail. If you received or requested printed proxy materials, then by signing and returning the proxy or voter instruction card according to the enclosed instructions, you are enabling our Chairman and Chief Executive Officer, Patrick C.S. Lo, and our Chief Financial Officer, Christine M. Gorjanc, who are named on the proxy as “proxies and attorneys-in-fact,” to vote your shares as proxy holders at the meeting in the manner you indicate. We encourage you to sign and return the proxy or voter instruction card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Your shares will be voted in accordance with the instructions you indicate on the proxy or voter instruction card. If you submit the proxy or voter instruction card, but do not indicate your voting instructions, your shares will be voted as follows:

FOR the election of the director nominees identified in Proposal One;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018;

FOR the non-binding advisory proposal regarding executive compensation;

FOR the approval of an amendment to the NETGEAR, Inc. 2016 Equity Incentive Plan to increase the number of shares of NETGEAR, Inc. common stock authorized for issuance thereunder by 1,700,000 shares; and

Voting over the Internet. If you received the Notice (as described above), you can vote by proxy over the Internet by following the instructions provided on the Notice.

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one NETGEAR stock account, we are delivering only one set of the voting materials to certain stockholders who share an address unless otherwise requested. For stockholders receiving printed proxy materials, a separate proxy card is included in the voting materials for each of these stockholders. If you share an address with another stockholder and have received only one set of voting materials, you may request a separate copy of these materials at no cost to you by writing our Corporate Secretary at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, or calling our Corporate Secretary at (408) 907-8000. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by writing or calling our Corporate Secretary. You may receive a copy of NETGEAR's Annual Report on Form 10-K for the year ended December 31, 2017 including the Consolidated Financial Statements, schedules and list of exhibits, and any particular exhibit specifically requested by sending a written request to NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, Attn: Corporate Secretary.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may do any of the following:

sign and return another proxy bearing a later date;

provide written notice of the revocation to the Company's Corporate Secretary, at NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134, prior to the time we take the vote at the annual meeting; or

attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote over the Internet, or if you submit a properly executed proxy or voter instruction card.

Votes Required for Each Proposal

The vote required, and method of calculation for the proposals to be considered at the annual meeting, are as follows: Proposal One - Election of Directors. You may vote "for," "against" or "abstain" from voting for any or all of the nine (9) directors nominees. Pursuant to our Bylaws and our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes "against" his or her election than votes "for" such election shall submit his or her offer of resignation for consideration by our Nominating and

Table of Contents

Corporate Governance Committee and our Board of Directors. The election of directors pursuant to this proposal is an uncontested election, and therefore, this majority voting standard applies.

Proposal Two - Ratification of the Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2018. Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Proposal Three - Approval of the Non-Binding Advisory Proposal Regarding Executive Compensation. Approval of the non-binding advisory proposal regarding executive compensation will require the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote, in person or by proxy. You may vote “for,” “against,” or “abstain” from voting on this proposal.

Proposal Four - Approval of an Amendment to the NETGEAR, Inc. 2016 Equity Incentive Plan. Approval of an amendment to the NETGEAR, Inc. 2016 Equity Incentive Plan will require the affirmative vote of a majority of the shares present at the annual meeting, in person or by proxy. You may vote "for," "against," or "abstain" from voting on this proposal.

Abstentions

If you return a proxy or voter instruction card that indicates an abstention from voting on all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on Proposals Two, Three or Four, your abstention will have the same effect as a vote against such Proposal(s).

Broker Non-Votes

A “broker non-vote” occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner as to how to vote on that proposal. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name.” If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal One), the approval of the advisory vote regarding our executive compensation (Proposal Three) and the approval of the amendment to the NETGEAR, Inc. 2016 Equity Incentive Plan (Proposal Four). If you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote for Proposal One, Proposal Three or Proposal Four, no votes will be cast on your behalf for those Proposals.

Your bank, broker or other nominee will, however, continue to have discretion to vote any uninstructed shares on the ratification of the appointment of our independent registered public accounting firm (Proposal Two).

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. We expect our Corporate Secretary, Andrew W. Kim, to tabulate the proxies and act as inspector of the election. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Deadline for Receipt of Stockholder Proposals or Director Nominations for 2019 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission. Proposals by our stockholders intended to be presented for consideration at our 2019 Annual Meeting must be received by us no later than December 21, 2018 (120 calendar days prior to the anniversary of the mailing date of this proxy statement), in order that they may be included in the proxy statement and form of proxy related to that meeting. The submission of the stockholder proposal does not guarantee that it will be included in our 2019 proxy statement.

The Securities and Exchange Commission rules establish a different deadline with respect to discretionary voting for stockholder proposals that are not intended to be included in a company's proxy statement. The proxy card grants the proxy holders discretionary authority to vote on any matter raised at the annual meeting. The discretionary vote deadline for our 2019 Annual Meeting is March 6, 2019, which is 45 calendar days prior to the anniversary of the mailing date of this proxy statement. If a stockholder gives notice of a proposal after the discretionary vote deadline, our proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at our 2019 Annual Meeting.

In addition, our amended and restated bylaws establish an advance notice procedure with regard to specified matters, including stockholder proposals and director nominations, which are proposed to be properly brought before an annual meeting of stockholders. To be timely, a stockholder's notice shall be delivered no less than 120 days prior to the date of the annual meeting specified in the proxy statement provided to stockholders in connection with the preceding year's annual meeting, which is January 31, 2019 in connection with our 2019 Annual Meeting. In the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholder must be received not later than the 10th business day following the day notice of the date of the meeting was mailed or public disclosure was made, whichever occurs first.

In 2016, we amended our amended and restated bylaws to permit a stockholder, or group of up to 50 stockholders, owning continuously for at least three years shares of our common stock representing an aggregate of at least 3% of our outstanding shares, to nominate and include in our proxy statement director nominees constituting up to the greater of two directors or 20% of the total number of directors then serving on our Board of Directors, provided that the stockholder(s) and nominee(s) satisfy the requirements specified in our amended and restated bylaws. Notice of such "proxy access" director nominees for our 2019 Annual Meeting must be received no earlier than November 21, 2018 (150 calendar days prior to the anniversary of the filing date of this definitive proxy statement) and no later than December 21, 2018 (120 calendar days prior to the anniversary of the filing date of this definitive proxy statement). A stockholder's notice shall include the information required by our amended and restated bylaws. A copy of the full text of our amended and restated bylaws is available in the investor relations section of our website at www.netgear.com. Proposals or nominations should be sent to our Corporate Secretary, c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134.

Stockholder Communications to Directors

Stockholders may communicate directly with any of our directors by writing to them c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. Unless the communication is marked "confidential," our Corporate Secretary will monitor these communications and provide appropriate summaries of all received messages to the Chairperson of our Nominating and Corporate Governance Committee. Any stockholder communication marked "confidential" will be logged as "received" but will not be reviewed by the Corporate Secretary. Such confidential correspondence will be immediately forwarded to the Chairperson of the Nominating and Corporate Governance Committee for appropriate action. Where the nature of a communication concerns questionable accounting or auditing matters, such communication will be directed to the Audit Committee and our Corporate Secretary will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in the Company's records.

Scherer, Julie A. Shimer, Grady K. Summers and Thomas H. Waechter. If elected, they will each serve as a director until the Annual Meeting of Stockholders in 2019, and until their respective successors are elected and qualified or until their earlier resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for election of all of the director nominees, all of whom currently serve as directors. In the event the nominees are unable or decline to serve as a director at the time of the annual meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. Policy for Director Recommendations and Nominations

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by members of our Board of Directors, management and stockholders. It is the policy of the Nominating and Corporate Governance Committee to consider recommendations for candidates to our Board of Directors from stockholders who have provided the following written information: the candidate's name; home and business contact information; detailed biographical data and qualifications; information regarding any relationships between the candidate and NETGEAR within the last three years; and evidence of the nominating person's ownership or beneficial ownership of NETGEAR stock and amount of stock holdings. The Nominating and Corporate Governance Committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by our Board of Directors, individual Board members or management.

In addition, a stockholder may nominate a person directly for election to our Board of Directors at an annual meeting of our stockholders provided they meet the requirements set forth in our amended and restated bylaws and the rules and regulations of the Securities and Exchange Commission related to stockholder proposals. The process for properly submitting a stockholder proposal, including a proposal to nominate a person for election to our Board of Directors at an annual meeting (either for inclusion in our proxy statement via “proxy access” or not for inclusion in our proxy statement), is described above in the section entitled “General Information - Deadline for Receipt of Stockholder Proposals or Director Nominations for 2019 Annual Meeting.”

Where the Nominating and Corporate Governance Committee has either identified a prospective nominee or determines that an additional or replacement director is required, the Nominating and Corporate Governance Committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the Board or management. In its evaluation of director candidates, including the members of our Board of Directors eligible for re-election, the Nominating and Corporate Governance Committee considers, among other factors:

-

the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board; and
• such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and actual or potential conflicts of interest.

With respect to diversity, the Nominating and Corporate Governance Committee also focuses on various factors such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Corporate Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

In connection with its evaluation, the Nominating and Corporate Governance Committee determines whether it will interview potential nominees. After completing the evaluation and review, the Nominating and Corporate Governance Committee may nominate the nominee(s) for election to our Board of Directors.

Corporate Governance Policies and Practices

We maintain a corporate governance page in the investor relations section of our website at www.netgear.com. This website includes, among other items, profiles of all of our directors and officers, charters of each committee of the Board, our corporate governance guidelines, our code of ethics, the information regarding our whistleblower policy, and our director and officer stock ownership guidelines.

Our policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the Nasdaq Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including: A majority of the members of the Board are independent directors, as defined by the Nasdaq Marketplace rules. Independent directors do not receive consulting, legal or other fees from us other than standard Board and Committee compensation.

We will post any amendments to, or waivers from, our code of ethics on our website.

Pursuant to our Bylaws and our Corporate Governance Guidelines, any nominee for director in an uncontested election who receives a greater number of votes “against” his or her election than votes “for” such election shall submit his or her offer of resignation for consideration by our Nominating and Corporate Governance Committee and our Board of Directors.

Related Party Transactions

Review, approval or ratification of transactions with related parties

We, or one of our subsidiaries, may occasionally enter into transactions with certain “related parties.” Related parties include our executive officers, directors, nominees for directors, or 5% or more beneficial owners of our common stock and immediate family members of these persons. We refer to transactions in which the related party has a direct or indirect material interest as “related party transactions.” Each related party transaction must be reviewed and approved by the Audit Committee of the Board of Directors prior to the entering into of such transaction.

The Audit Committee considers all relevant factors when determining whether to approve a related party transaction including, without limitation, the following:

• the extent of the related party's interest in the related party transaction;

• the aggregate value of the related party transaction;

• the benefit to the Company; and

whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

2017 Related Party Transactions

We have determined that there were no related party transactions to disclose in 2017.

Stockholder Engagement

We believe that effective corporate governance should include regular, constructive conversations with our stockholders. We value our stockholders' continued interest and feedback, and we are committed to maintaining an active dialogue to ensure that we understand our stockholders' priorities and concerns, particularly with respect to our executive compensation practices and corporate governance policies. We endeavor to be accessible to our stockholders to address questions and concerns as they arise, as well as to pro-actively conduct outreach efforts.

Examples of recent outcomes from these efforts include:

• the final design of our 2016 Equity Incentive Plan, on which we sought specific input from many of our largest institutional stockholders in advance of our 2016 Annual Meeting, where stockholders approved this new equity plan by a significant margin;

• our Board's decision to pro-actively adopt amendments to our Bylaws in 2016 to implement proxy access, following input from a number of our large institutional stockholders; and

• our Board's decision to pro-actively propose amendments to our Certificate of Incorporation and Bylaws at our 2015 Annual Meeting to eliminate supermajority stockholder vote requirements and replace them with majority vote requirements.

In addition, as described further under Compensation Discussion and Analysis below, the results of our annual say-on-pay advisory votes have demonstrated consistent and significant support for our approach to executive compensation. We also consistently receive positive feedback from institutional stockholders regarding our corporate governance policies and practices.

Board Leadership Structure

The Board believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading any discussion about the Company's business. The Board and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the Company and from industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the combined role of Chairman and Chief Executive Officer, together with a lead independent director having the duties described below, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Lead Independent Director

Dr. Shimer has served as the lead independent director since July 2013. Dr. Shimer also serves as the Chair of the Nominating and Corporate Governance Committee. As the lead independent director, Dr. Shimer has the responsibility of presiding at all executive sessions of the Board, consulting with the Chairman and Chief Executive Officer on Board and committee meeting agendas, acting as a liaison between management and the non-management directors, including maintaining frequent contact with the Chairman and Chief Executive Officer and advising him or her on the efficiency of the Board meetings, and facilitating teamwork and communication between the non-management directors and management.

The restricted stock units will become fully vested on the date of the following year's annual stockholder meeting.

Continuing Education

In order to encourage continuing director education, the Company also has established a budget for external director education of \$6,000 over a two-year period for each director. Directors serving on multiple boards are encouraged to obtain pro-rata reimbursement of their director education expenses from each corporation that they serve. Biennially, the Company arranges a specific continuing education session for the Board, as a whole, to attend in connection with one of its regularly scheduled meetings.

Travel Expenses

The Company's non-employee directors are entitled to reimbursement for travel (first-class domestic and business-class international airfare) and other related expenses incurred in connection with their attendance at meetings of the Board and Board committees.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks related thereto. The Company's Compensation Committee is generally responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. The Cybersecurity Committee oversees the Company's management of risks associated with enterprise cybersecurity and related matters. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks. In addition, the Company has a Risk Committee that reports to the Board at least annually regarding its findings on enterprise risk and the Company's management of this risk. The Risk Committee is led by the Company's internal audit team and is composed of department heads and leaders across the Company. The Risk Committee meets on a regular basis and reviews enterprise risk across the Company's various functional groups.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In accordance with its charter, the Audit Committee has selected PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2018 and, with the endorsement of our Board of Directors, recommends to stockholders that they ratify that appointment. PricewaterhouseCoopers LLP served in this capacity for the year ended December 31, 2017. A representative of PricewaterhouseCoopers LLP will be present at the annual meeting and will have the opportunity to make a statement if he or she desires to do so and be available to answer any appropriate questions.

Audit and Related Fees

The following table is a summary of the fees billed to us by PricewaterhouseCoopers LLP for professional services for the years ended December 31, 2017 and December 31, 2016:

Fee Category	2017 Fees	2016 Fees
Audit Fees	\$2,339,739	\$1,794,075
Audit-Related Fees	—	—
Tax Fees	678,593	508,119
All Other Fees	3,600	3,600
Total Fees	\$3,021,932	\$2,305,794

Audit Fees. Consists of fees billed for professional services rendered for the audit of our consolidated financial statements and internal control over financial reporting and review of our quarterly interim consolidated financial statements, as well as services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. Consists of fees billed for consultations in connection with Sarbanes-Oxley compliance, acquisitions, as well as financial accounting and reporting standards.

Tax Fees. Consists of fees billed for professional services including assistance regarding federal, state and international tax compliance and related services, as well as professional services for tax advice and tax planning.

All Other Fees. Consists of fees billed for use of an online accounting research tool provided by PricewaterhouseCoopers LLP.

Before selecting and prior to determining to continue its engagement for 2018 with PricewaterhouseCoopers LLP, the Audit Committee carefully considered PricewaterhouseCoopers LLP's qualifications as an independent registered public accounting firm. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee's review also included matters required to be considered under the Securities and Exchange Commission's rules on auditor independence, including the nature and extent of non-audit services, to ensure that the auditors' independence will not be impaired. The Audit Committee pre-approves all audit and non-audit services provided by PricewaterhouseCoopers LLP, or subsequently approves non-audit services in those circumstances where a subsequent approval is necessary and permissible. All of the services provided by PricewaterhouseCoopers LLP described under "Audit-Related Fees," "Tax Fees," and "All Other Fees" were pre-approved by the Audit Committee. The Audit Committee of our Board of Directors has determined that the provision of non-audit related services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Vote Required and Board of Directors' Recommendation

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our amended and restated bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, our Audit Committee and Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

Our Board of Directors first adopted a written charter for the Audit Committee in September 2000 and most recently amended it in April 2017, which details the responsibilities of the Audit Committee. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities.

The Audit Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee oversees NETGEAR's financial reporting process on behalf of our Board of Directors. NETGEAR's management has the primary responsibility for the financial statements and reporting process, including NETGEAR's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2017. This review included a discussion of the quality and the acceptability of NETGEAR's financial reporting and internal control over financial reporting, including the clarity of disclosures in the financial statements.

The Audit Committee also reviewed with NETGEAR's independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of NETGEAR's audited financial statements with U.S. generally accepted accounting principles ("GAAP"), their judgments as to the quality and the acceptability of NETGEAR's financial reporting and such other matters required to be discussed with the Audit Committee under generally accepted auditing standards in the United States, including those described in Auditing Standard No. 1301, "Communications with Audit Committees," as adopted and as may be amended from time to time by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm such auditors' independence from management and NETGEAR, including the matters in such written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee further discussed with NETGEAR's independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss any significant matters regarding internal control over financial reporting that have come to their attention during the audit, and to discuss the overall quality of NETGEAR's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors and our Board of Directors approved that the audited financial statements and disclosures under “Management's Discussion and Analysis of Financial Condition and Results of Operations” be included in the Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the Securities and Exchange Commission on February 16, 2018.

Respectfully submitted by:

THE AUDIT COMMITTEE

PROPOSAL THREE

APPROVAL OF NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Executive compensation is an important matter for NETGEAR and our stockholders. This proposal gives our stockholders the opportunity to cast an advisory vote to approve compensation to our Named Executive Officers set forth in the Summary Compensation Table.

Our executive compensation programs aim to address a number of objectives, such as attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating our Named Executive Officers to achieve returns for our stockholders. We believe our compensation program is strongly aligned with the long-term interests of our stockholders. Furthermore, we believe that the various elements of our executive compensation program combine to promote our goal of ensuring that total compensation should be related to both NETGEAR's performance and individual performance.

We urge you to carefully read the Compensation Discussion and Analysis ("CD&A") section of this proxy statement for additional information regarding our executive compensation, including our compensation philosophy and objectives, and the 2017 compensation of the Named Executive Officers. The following highlights important aspects of executive compensation with respect to our Named Executive Officers in fiscal year 2017:

• Approximately 75% of total compensation for our Named Executive Officers is variable and tied to achievement of internal performance targets or Company performance;

• We granted long-term equity awards that link the interests of our Named Executive Officers with those of our stockholders;

• Named Executive Officers are not entitled to any tax gross-up treatment on any severance, change-of-control benefits or other benefits; and

• We have clawback provisions for the executive bonus plan for Named Executive Officers and stock option and restricted stock unit award agreements for Named Executive Officers.

We request stockholder approval of the compensation of our Named Executive Officers as disclosed pursuant to the requirements of Section 14A of the 1934 Act and the Securities and Exchange Commission's compensation disclosure rules (which disclosure includes the CD&A, the compensation tables and the narrative disclosures that accompany the compensation tables). Accordingly, we ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2018 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure."

Vote Required and Board of Directors' Recommendation

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for Named Executive Officers. The Company intends to conduct an advisory vote to approve the Company's executive compensation annually. The next such vote would be conducted at our 2019 Annual Meeting of Stockholders.

The affirmative vote by a majority of shares present in person or by proxy at the annual meeting and entitled to vote is required to approve this proposal. Our Board of Directors has unanimously approved this proposal and recommends that stockholders vote "FOR" the approval of the compensation of our Named Executive Officers.

PROPOSAL FOUR

APPROVAL OF AN AMENDMENT TO THE NETGEAR, INC. 2016 EQUITY INCENTIVE PLAN

General

We are seeking stockholder approval of an amendment to the NETGEAR, Inc. 2016 Equity Incentive Plan (the “2016 Plan”) to increase the number of shares available for issuance under the 2016 Plan to help us achieve our goals of attracting, motivating and retaining our employees and other service providers through grants of equity awards. A total of 3,199,827 shares of our common stock are currently authorized for issuance under the 2016 Plan. Subject to stockholder approval at the 2018 Annual Meeting, the Board of Directors has approved an amendment to the 2016 Plan to increase the number of shares of NETGEAR common stock authorized for issuance by 1,700,000 shares, so that a total of 4,899,827 shares would be reserved (in addition to shares that may be returned in the future from awards previously made under the Company's 2006 Long-Term Incentive Plan). As of April 2, 2018, without giving effect to the proposed amendment, a total of 607,008 shares were available for grant under the 2016 Plan. We have also amended the 2016 Plan to make clear that we have the ability to award dividend equivalents with respect to awards other than stock options and stock appreciation rights, and if we do, any such dividend equivalents may not be paid until the portion of the underlying award to which the dividend equivalent relates becomes vested. The 2016 is not being amended in any other material respect.

We strongly believe that the approval of this amendment to the 2016 Plan is essential to our continued success. Our employees are our most valuable assets, and offering a broad-based equity compensation program is vital to attracting and retaining the most highly skilled people in our industry. We believe that employees who have a stake in the future success of our business are highly motivated to achieve our long-term business goals and increase stockholder value. The 2016 Plan is designed to assist us in recruiting, motivating and retaining talented employees who can help us achieve our business goals, including creating long-term value for stockholders. The 2016 Plan is a significant part of our overall equity compensation strategy, and is one of the primary programs through which our employees achieve ownership in the Company and thereby share in the success of our Company.

The affirmative vote by a majority of shares present in person or by proxy at the 2018 Annual Meeting of Stockholders and entitled to vote is required to approve the amendment to the 2016 Plan. Our executive officers and our directors also have an interest in this proposal. A full copy of the 2016 Plan, as amended, is attached to this proxy statement as Appendix A.

Considerations of the Board in Making its Recommendation

Our Board of Directors approved the increase to the number of shares reserved for issuance under the 2016 Plan, subject to approval by our stockholders, following substantial review of, and deliberation concerning, our historical and anticipated equity grant practices and requirements, peer group industry data presented by the Company's third-party compensation consultant and the structure of the 2016 Plan. In view of the composition of NETGEAR's stockholder base, which is largely comprised of institutional stockholders, the Board of Directors also considered the policy guidelines of the major proxy advisory firms in determining the size of the proposed share reserve for the 2016 Plan. Our management also engaged in discussions with a number of our institutional stockholders to give these stockholders an opportunity to provide direct feedback on the potential equity plan amendment, factors they considered important in reviewing such an amendment and other corporate governance policies and practices. Our Board of Directors took this feedback into consideration as the proposed amendment to the 2016 Plan was finalized.

In determining the number of additional shares to reserve for issuance under the 2016 Plan, our Board of Directors considered a number of factors, including:

Historical Grant Practices. Our Board of Directors considered the historical amounts of equity awards that we have granted in the past several years. Our historical “burn rate,” which we define as the number of shares subject to equity awards granted in a fiscal year divided by the weighted average common shares outstanding for that fiscal year, for the last three fiscal years has been as follows:

19

Table of Contents

Fiscal Year	Stock Options Granted	Full Value Equity Awards Granted	Total Shares Granted (Adjusted) (1)	Weighted Average Shares Outstanding	Adjusted Burn Rate (2)	Unadjusted Burn Rate (3)
2017	348,000	617,937	1,892,843	32,096,759	5.90 %	3.01 %
2016	328,000	479,249	1,526,123	32,757,833	4.66 %	2.46 %
2015	296,000	524,566	1,607,415	33,161,112	4.85 %	2.47 %

The adjusted total number of shares granted is the sum of (i) the number of shares of common stock subject to (1) option grants and (ii) the number of shares of common stock subject to restricted stock unit awards multiplied by two and half (consistent with the methodology used by Institutional Shareholder Services).

(2) The adjusted burn rate equals the adjusted total number of shares granted divided by the weighted average shares outstanding in a given fiscal year.

(3) The unadjusted burn rate equals the unadjusted total number of shares granted divided by the weighted average shares outstanding in a given fiscal year.

Forecasted Grant Practices. We expect to continue our practice of emphasizing the grant of restricted stock units over stock options for most new and existing employees, and we are focused on maintaining or reducing our historical burn rates through a variety of measures. We have recognized and responded to the potential dilutive effects of our equity award practices, as reflected by our stock buyback history described below. The Board of Directors carefully monitors our annual burn rate, dilution and equity expense to ensure that we maximize stockholders' value by granting only the appropriate number of equity awards necessary to attract, reward and retain employees. If our stockholders approve the 2016 Plan amendment as proposed, we will have approximately 2,307,008 shares available for grant under the 2016 Plan after our 2018 Annual Meeting, based on share data as of April 2, 2018.

Impact of Stock Repurchase Program. Our stock repurchase program has significantly offset the dilutive effect of our equity award practices, which has been one goal, among others, of this program. During fiscal 2017, we repurchased 2,378,515 shares of common stock at an average price of \$47.58 per share, during fiscal 2016, we repurchased 893,717 shares of common stock at an average price of \$42.80 per share, and during fiscal 2015, we repurchased 3,770,305 shares of common stock at an average price of \$31.21 per share. Over the short-term, however, our repurchase of shares of common stock also had the effect of reducing the outstanding share base against which our burn rate is calculated, contributing to a higher burn rate for each of these years than would otherwise have been calculated. Offsetting dilution will continue to be a factor in how we decide to use our cash in the future.

Awards Outstanding Under Existing Grants and Available Shares. The following table provides information as of April 2, 2018 about our common stock that may be issued upon the exercise of options and rights granted, or in the future granted, to employees or members of our Board of Directors under all existing equity compensation plans:

	As of April 2, 2018
Total number of shares of common stock subject to outstanding stock options	2,135,184
Total number of shares of common stock subject to outstanding full value equity awards	1,617,021
Weighted-average exercise price of outstanding stock options	\$40.39
Weighted-average remaining term of outstanding stock options (in years)	6.63
Total number of shares of common stock available for grant under all equity incentive plans	607,008

The 2016 Plan Combines Compensation and Governance Best Practices

As described in greater detail below and in the 2016 Plan, the 2016 Plan includes provisions designed to protect stockholder value and to reflect corporate governance best practices, including:

Administration. The 2016 Plan is administered by the Compensation Committee of our Board of Directors, which is comprised entirely of independent non-employee directors.

No single-trigger vesting acceleration on a change in control. Other than for awards to non-employee directors and awards that are not assumed or substituted upon a change in control, the 2016 Plan does not provide for automatic acceleration of award vesting on a change in control.

Table of Contents

Repricing is not allowed. The 2016 Plan prohibits repricing outstanding stock options or stock appreciation rights and canceling outstanding stock options or stock appreciation rights that have an exercise price greater than the then-current fair market value of our common stock in exchange for cash or other awards.

Stockholder approval is required for additional shares. The 2016 Plan does not contain an annual “evergreen” provision. Instead, the 2016 Plan authorizes a fixed number of shares so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.

A fungible ratio for full value awards. Each “full value award” (as defined below) will be counted against the 2016 Plan’s share reserve as 1.58 shares for every one share subject to such award. For these purposes, a “full value award” is any award pursuant to the 2016 Plan, other than options, stock appreciation rights or other awards based solely on an increase in value of our common stock following the grant date.

Annual limits on individual awards. The 2016 Plan limits the number of shares and amount of cash that may be granted or paid through awards to individuals for each fiscal year of the Company, including specific annual award limits for our non-employee directors.

Award minimum vesting requirements. In general, awards will vest in full no earlier than the 1-year anniversary of the grant date, except that, in certain limited cases, awards may fully accelerate vesting, and up to 5% of the shares reserved for the 2016 Plan may be issued without regard to this minimum vesting requirement. Separate from the preceding minimum vesting requirement, the 2016 Plan also provides that the period over which awards subject to solely time-based vesting may vest is at least three years from the grant date, except that in certain limited cases awards may fully accelerate vesting without regard to this minimum vesting requirement.

No dividend equivalents vest until underlying award vests. If we determine that a full-value award will be entitled to receive dividends with respect to shares subject to an award, those dividends will not be paid until the underlying award vests.

No liberal share counting. Shares used to pay the exercise price of an award and shares withheld for taxes will not be returned to the 2016 Plan’s share reserve.

No tax gross-ups. The 2016 Plan does not provide for tax gross-ups.

Description of the 2016 Equity Incentive Plan

The following is a description of the material features of the 2016 Plan and its operation. The description is qualified in its entirety by reference to the 2016 Plan, a copy of which is attached to this proxy statement as Appendix A, and which is incorporated herein by this reference.

General Description of the 2016 Equity Incentive Plan

The purposes of the 2016 Plan are to attract and retain the best available personnel; to provide additional incentive to employees, directors, and consultants of the Company and employees and consultants of any parent, subsidiary, or affiliate of the Company; and to promote the success of our Company’s business. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares and other stock or cash awards as the Administrator may determine.

Shares Available under the 2016 Plan

Stockholders are being asked to approve an additional 1,700,000 shares of our common stock for issuance under the 2016 Plan, which combined with the previously approved shares, and subject to the adjustment provisions in the 2016 Plan, would bring the total number of shares of our common stock for issuance under the 2016 Plan to the sum of 4,899,827 shares, plus any shares subject to stock options, restricted stock units, performance shares or similar

awards granted under the Prior Plan that, on or after the date the 2016 Plan became effective, expire or otherwise terminate without having been exercised in full and shares issued pursuant to awards granted under the Prior Plan that are forfeited to or repurchased by our Company, but each share subject to such awards without an exercise price will be added to the 2016 Plan share reserve as one and fifty-eight hundredths (1.58) shares, where the maximum number of shares to be added to the 2016 Plan from the Prior Plan as a result of

Table of Contents

the above equals 3,752,205 shares. The shares may be authorized, but unissued, or reacquired common stock.

Any shares subject to restricted stock, restricted stock units, performance units, or performance shares awarded under the 2016 Plan will be counted against the shares available for issuance under the 2016 Plan as one and fifty-eight hundredths (1.58) shares for every one share subject to such awards. If a share that counted as one and fifty-eight hundredths (1.58) shares against the shares available for issuance under the 2016 Plan is made available again for issuance under the 2016 Plan as described below, the 2016 Plan will be credited with 1.58 shares.

If any award granted under the 2016 Plan expires or becomes unexercisable without having been exercised in full, is surrendered pursuant to an exchange program, or is forfeited to or repurchased by our Company due to failure to vest, then the unpurchased, forfeited, or repurchased shares subject to such award will become available for future grant or sale under the 2016 Plan. For the exercise of stock appreciation rights, the gross shares issued pursuant to a stock appreciation right will cease to be available under the 2016 Plan. If unvested shares of restricted stock, restricted stock units, performance shares or performance units are forfeited to or repurchased by our Company, such shares will become available for future grant under the 2016 Plan. Shares used to pay the exercise price of an award or to satisfy the tax withholding obligations related to an award will not become available for future grant or sale under the 2016 Plan. Payment of cash rather than shares pursuant to an award will not reduce the number of shares available for issuance under the 2016 Plan.

In the event of any dividend or other distribution (whether in the form of cash, shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares or other securities or other change in the corporate structure affecting our common stock occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the 2016 Plan, will adjust the number and class of shares that may be delivered under the 2016 Plan, and/or the number, class and price of shares of stock subject to outstanding awards, and the numerical share limits set forth in the 2016 Plan.

Administration

The Board has delegated administration of the 2016 Plan to the Board's Compensation Committee. The Board may further delegate administration of the 2016 Plan to any committee of the Board, or a committee of individuals satisfying applicable laws appointed by the Board in accordance with the terms of the 2016 Plan. For purposes of this description of the 2016 Plan, the term "Administrator" refers to the Board or any committee designated by the Board to administer the 2016 Plan. To make grants to certain officers and key employees, the members of the committee must qualify as "non-employee directors" under Rule 16b-3 of the Securities Exchange Act of 1934, as amended. In the case of awards intended to qualify for the "performance-based compensation" exemption under Section 162(m), administration must be by a committee comprised solely of two or more "outside directors" within the meaning of Section 162(m).

Subject to the terms of the 2016 Plan, the Administrator has the sole discretion to determine fair market value; to select the service providers who will receive awards and the number of shares to be covered by such awards; to determine the terms and conditions of awards; to approve forms of award agreements for use under the 2016 Plan; to modify or amend each award (subject to the exchange program prohibition, described below), including to accelerate vesting or waive forfeiture restrictions; and to interpret the provisions of the 2016 Plan and outstanding awards. The Administrator may allow a participant to defer the receipt of payment of cash or delivery of shares that otherwise would be due to such participant under an award. The Administrator may make, amend or rescind rules and regulations relating to the 2016 Plan and/or any sub-plans established for the purpose of satisfying applicable foreign laws and may make all other determinations deemed necessary or advisable for administering the 2016 Plan, provided that the Administrator may not institute an exchange program. The Administrator will issue all awards pursuant to the terms and conditions of the 2016 Plan.

Prohibition Against Exchange Programs

The Administrator will not have the authority to implement an exchange program whereby (i) outstanding awards are surrendered or cancelled in exchange for awards of the same type (which may have higher or lower exercise prices and different terms), awards of a different type, and/or cash, (ii) participants would have the opportunity to transfer

any outstanding awards to a financial institution or other person or entity selected by the Administrator, and/or (iii) the exercise price of an outstanding award is increased or reduced.

Table of Contents

Limitations

The maximum number of shares that may be issued upon the exercise of incentive stock options will equal 100% of the aggregate share number determined under clauses (i) and (ii) of the first paragraph of the “Shares Available Under the 2016 Plan” section above, plus, to the extent allowable under Section 422 of the Code, any shares that become available for issuance as described in the third paragraph of the “Shares Available Under the 2016 Plan” section.

The 2016 Plan contains annual award limits, which are included so that awards granted under the 2016 Plan can qualify as "performance based" compensation under Section 162(m) if deemed appropriate by the Administrator. Due to changes in the federal tax laws, beginning November 2, 2017, the performance based exception under Section 162(m) no longer is available, but awards granted prior to this date that were originally intended to qualify for this exception may still qualify. The maximum number of shares and/or cash that may be issued to any one individual under the 2016 Plan in any fiscal year is set forth below:

Award Type	Annual Number of Shares or Dollar Value
Stock Option	500,000 shares
Stock Appreciation Right	500,000 shares
Restricted Stock	250,000 shares
Restricted Stock Units	250,000 shares
Performance Units	Initial Value of \$5,000,000
Performance Shares	250,000 shares

In addition to the award limits above, the 2016 Plan provides that a non-employee director may not receive cash-settled awards with a grant date fair value of greater than \$500,000 or stock-settled awards with a grant date fair value of greater than \$500,000, in each case, increased to \$1,000,000 in the fiscal year of his or her initial service as a non-employee director. Any awards granted to a non-employee director while he or she was a consultant (but not a non-employee director) or employee of our Company or any parent, subsidiary or affiliate of our Company will not count toward these non-employee director award limitations.

Minimum Vesting Requirements for Awards

Awards will vest in full no earlier than the 1-year anniversary of the grant date, unless vesting of an award is (i) required to be accelerated under the 2016 Plan due to a change in control or, in the case of awards subject to time-based vesting only, a termination of service as a result of a participant’s retirement, death, or disability or (ii) the Administrator, in its discretion, provides that an award may accelerate vesting due to a participant’s death, disability or retirement. However, awards covering up to 5% of the shares reserved for issuance under the 2016 Plan may be granted or modified without regard to the one-year minimum vesting limitation above. In addition, awards subject to solely time-based vesting will vest over a period of at least three years from the grant date, unless vesting of an award is required to be accelerated under the 2016 Plan due to a change in control or a participant’s termination of service as a result of retirement, disability or death. An award that constitutes an annual grant to a non-employee director may vest on the earlier of the one year anniversary of the date of grant or the next annual meeting of stockholders (but not less than 50 weeks from the date of grant).

Eligibility

Awards may be granted to directors of our Company and employees and consultants of our Company or any parent, subsidiary or affiliate of our Company. Incentive stock options may be granted only to persons who as of the time of grant are employees of our Company or any parent or subsidiary corporation of our Company. As of April 2, 2018, we had approximately 1,049 employees (including one employee director), eight non-employee directors and one consultant.

Stock Options

Each option granted under the 2016 Plan will be evidenced by an award agreement specifying the number of shares subject to the option and the other terms and conditions of the option. The exercise price per share of each option may not be less than the fair market value of a share of our common stock on the date of grant (except if granted pursuant

to a transaction described in, and in a manner consistent with, Section 424(a) of the Code). However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of our Company or any parent or subsidiary corporation of our Company must have an exercise price per share equal to at least 110%

Table of Contents

of the fair market value of a share on the date of grant. The aggregate fair market value of the shares (determined on the grant date) covered by incentive stock options which first become exercisable by any participant during any calendar year also may not exceed \$100,000. Generally, the fair market value of our common stock is the closing sales price of our common stock as quoted on the Nasdaq Global Select Market (or such other established stock exchange or national market system) on the date of determination, as reported in The Wall Street Journal.

Options will be exercisable at such times and under such conditions as the Administrator determines and set forth in the award agreement. An option subject to time-based vesting will become fully vested upon termination of a participant's service for retirement, disability or death. The 2016 Plan provides that the Administrator will determine the acceptable form(s) of consideration for exercising an option. An option will be deemed exercised when we receive the notice of exercise and full payment for the shares to be exercised, together with applicable tax withholdings.

The maximum term of an option will be specified in the award agreement and cannot exceed ten years from the date of grant, provided that an incentive stock option granted to a ten percent stockholder must have a term not exceeding five years.

The Administrator will determine and specify in each award agreement, and solely in its discretion, the post-termination exercise period applicable to an option following a participant's terminating service with our Company. In the absence of such a determination, a participant (or such other appropriate person) will be able to exercise the vested portion of an option for: (i) 3 months following the participant's termination for reasons other than retirement, death or disability, and (ii) 12 months following the participant's termination due to retirement, death or disability. In no event, however, will an option be exercisable beyond its maximum term.

Stock Appreciation Rights

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of our common stock between the date of grant of the award and the date of its exercise. Each stock appreciation right granted under the 2016 Plan will be evidenced by an award agreement specifying the exercise price, the expiration date, the conditions of exercise, and other terms and conditions of the award. A stock appreciation right subject to time-based vesting will become fully vested upon termination of a participant's service for retirement, death or disability.

The exercise price per share of each stock appreciation right may not be less than the fair market value of a share on the date of grant. Upon exercise of a stock appreciation right, the holder of the award will be entitled to receive a payment determined by multiplying: (i) the difference between the fair market value of a share on the date of exercise and the exercise price by (ii) the number of exercised stock appreciation rights. We may pay the appreciation in cash, in shares of equivalent value, or in some combination thereof. The term of a stock appreciation right will be no more than ten years from the date of grant. The terms and conditions relating to the period of post-termination exercise for options (described above) also apply to stock appreciation rights.

Restricted Stock Awards

Awards of restricted stock are rights to acquire or purchase shares that generally are subject to transferability and forfeitability restrictions for a specified period. Each award of restricted stock will be evidenced by an award agreement specifying the period during which the transfer of shares is subject to restriction (which, in the Administrator's sole discretion may be based on the passage of time, the achievement of target levels of performance, or the occurrence of other events the Administrator determines), if any, the number of shares granted, and other terms and conditions of the award. Shares of restricted stock generally will be held in escrow until the end of the period of restriction applicable to such shares. A restricted stock award subject to time-based vesting will become fully vested upon termination of a participant's service for retirement, disability or death. Notwithstanding the foregoing, if the Administrator desires that the award qualify as performance-based compensation under Section 162(m), any restrictions will be based on a specified list of performance goals and certain other requirements, as further discussed below.

Unless otherwise provided by the Administrator, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed as of the date set forth in the award agreement, and will have the right to vote the shares and to receive any dividends paid with respect to such shares, except that dividends or other distributions paid in shares will be subject to the same restrictions on transferability and forfeitability as the original award.

Table of Contents

Restricted Stock Units

The Administrator may grant restricted stock units, which represent a right to receive cash or shares of our common stock at a future date. Each restricted stock unit granted under the 2016 Plan will be evidenced by an award agreement specifying the number of shares subject to the award, the form of payout, and other terms and conditions of the award. Restricted stock units will result in a payment to a participant only if the performance goals or other vesting criteria the Administrator may establish are achieved or the awards otherwise vest. Restricted stock units subject to time-based vesting will become fully vested upon termination of a participant's service for retirement, disability or death. The Administrator may set vesting criteria based upon the achievement of Company-wide, divisional, business unit or individual goals (including continued employment or service), applicable federal or state securities laws, or any other basis the Administrator determines in its discretion. Notwithstanding the foregoing, if the Administrator desires that the award qualify as performance-based compensation under Section 162(m), any restrictions will be based on a specified list of performance goals and certain other requirements, as further discussed below.

After the grant of restricted stock units, the Administrator, in its sole discretion, may reduce or waive any restrictions (including vesting criteria) with respect to such restricted stock units. A participant will forfeit any unearned restricted stock units as of the date set forth in the award agreement. Payment of earned restricted stock units will be made as soon as practicable after the date set forth in the award agreement, and, in the Administrator's sole discretion, will be settled in cash, shares of our common stock, or in a combination of both (which will have an aggregate fair market value equal to the earned restricted stock units).

Performance Units and Performance Shares

Performance units and performance shares are awards that result in a payment to a participant only if specified performance objectives or other vesting provisions are achieved during a specified performance period. Each award of performance units or shares will be evidenced by an award agreement specifying the performance period during which achievement of applicable performance objectives or other vesting criteria will be measured and other terms and conditions of the award. Each performance unit will have an initial value established by the Administrator on or before the grant date. Each performance share will have an initial value equal to the fair market value of a share on the grant date.

The Administrator will set performance objectives or other vesting provisions, which may be based upon achieving Company-wide, divisional, business unit or individual goals (including continued employment or service), applicable federal or state securities laws, or any other basis the Administrator determines in its discretion. Notwithstanding the foregoing, if the Administrator desires that the award qualify as performance-based compensation under Section 162(m), any vesting criteria will be based on a specified list of performance goals and certain other requirements, as further discussed below.

After the applicable performance period has ended, the holder of performance units or shares will be entitled to receive a payout of the number of performance units or shares earned by the participant over the performance period. The Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance units or shares. Payment of earned performance units or shares will be made as soon as practicable after the end of the applicable performance period, and, in the Administrator's sole discretion, will be made in cash, in shares of equivalent value, or any combination of both (which will have an aggregate fair market value equal to the earned performance units or shares at the close of the applicable performance period). A participant will forfeit all performance units or shares that are unearned or unvested as of the date set forth in the award agreement.

Awards to Covered Employees

The 2016 Plan contains additional restrictions and limitations on awards intended to satisfy the performance-based compensation requirements under Section 162(m) to participants classified as "covered employees." Before November 2, 2017, the granting and/or vesting of awards of restricted stock, restricted stock units, performance shares and performance units, and other incentives under the 2016 Plan could have been made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) and may provide for a targeted level or levels of achievement, including: cash flow; cash flow from operations; total earnings; earnings per

share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings from operations; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total

assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; safety record; stock price; and total stockholder return. Any performance goals that could have been used to measure the performance of the Company as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and could have been measured either on an absolute basis, a per share basis or relative to a pre-established target, to a previous period's results or to a designated comparison group, and, with respect to financial metrics, which may be determined in accordance with United States Generally Accepted Accounting Principles ("GAAP"), in accordance with accounting principles established by the International Accounting Standards Board ("IASB") or which may be adjusted when established to either exclude any items otherwise includable under GAAP or under IASB principles or include any items otherwise excludable under GAAP or under IASB principles. The performance goals may differ from participant to participant and from award to award. Due to changes in the federal tax law, commencing November 2, 2017, we are no longer able to grant awards that qualify as "performance based" compensation under Section 162(m) and as a result this may cause more income from equity awards granted to covered employees to not be deductible for federal corporate income tax purposes.

Transferability of Awards

Awards generally are not transferable other than by will or by the laws of descent or distribution, and may be exercised during the lifetime of the participant, only by the participant.

Dissolution or Liquidation

In the event of our Company's proposed dissolution or liquidation, the Administrator will notify each participant as soon as practicable prior to the effective date of such proposed transaction. An award will terminate immediately prior to the completion of such proposed action to the extent the award has not been previously exercised.

Change in Control

The 2016 Plan provides that, in the event of a "change in control" (as defined in the 2016 Plan), each award will be treated as the Administrator determines, including that (i) awards may be assumed or substantially equivalent awards will be substituted by the acquiring or succeeding corporation (or an affiliate thereof) with appropriate adjustments to the number and kind of shares and prices; (ii) upon written notice to a participant, that the participant's awards will terminate upon or immediately before the completion of such change in control; (iii) outstanding awards will vest and become exercisable, realizable, or payable, or restrictions applicable to an award will lapse, in whole or in part, before or upon completion of such change in control, and, to the extent the Administrator determines, terminate upon or immediately before the effectiveness of such merger or change in control; (iv) (A) awards will be terminated in exchange for an amount of cash and/or property, if any, equal to the amount that would have been attained upon the exercise of such award or realization of the participant's rights as of the date the transaction occurs, or (B) awards will be replaced with other rights or property the Administrator selects in its sole discretion; or (v) any combination of the foregoing. The Administrator will not be required to treat all awards similarly in the transaction.

If the successor corporation does not assume or substitute for the award, options and stock appreciation rights will become fully vested and exercisable, all restrictions on restricted stock and restricted stock units will lapse, and, for awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at 100% of target levels, and all other terms and conditions will be deemed met. In addition, if an option or stock appreciation right is not assumed or substituted for, the Administrator will notify the participant that the option or stock appreciation right will be exercisable for a period of time the Administrator determines in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

With respect to awards granted to our non-employee directors, in the event of a change in control, the participant will fully vest in and have the right to exercise all of his or her outstanding options and stock appreciation rights, all restrictions on restricted stock and restricted stock units will lapse, and, for awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at 100% of target levels, and all other terms and conditions met.

Termination or Amendment

The 2016 Plan will automatically terminate ten years from the date of its adoption by the Board, unless terminated earlier by the Board. The Administrator may amend, alter, suspend or terminate the 2016 Plan at any time, provided that no amendment may be made without stockholder approval to the extent approval is necessary to comply with any applicable laws. In addition, no amendment, alteration, suspension or termination may materially impair the rights of any participant unless mutually agreed in writing otherwise between the participant and the Administrator.

Summary of U.S. Federal Income Tax Consequences

The following paragraphs are intended as a summary of the U.S. federal income tax consequences to U.S. taxpayers and the Company of equity awards granted under the 2016 Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a participant's death, or the provisions of the tax laws of any municipality, state or foreign country in which the participant may reside. As a result, tax consequences for any particular participant may vary based on his or her individual circumstances.

Incentive Stock Options

A participant recognizes no taxable income for federal income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Participants who neither dispose of their shares within two years following the date the option was granted nor within one year following the exercise of the option generally will recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If a participant satisfies such holding periods upon a sale of the shares, our Company will not be entitled to a deduction for federal income tax purposes. If a participant disposes of shares within two years after the date of grant or within one year after the date of exercise (a "disqualifying disposition"), the difference between the fair market value of the shares on the exercise date and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the participant upon the disqualifying disposition of the shares generally should be deductible by our Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the exercise date is treated as an adjustment in computing the participant's alternative minimum taxable income and may be subject to an alternative minimum tax if such tax exceeds the federal income tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to participants subject to the alternative minimum tax.

Nonstatutory Stock Options

Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special U.S. tax status. A participant generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the participant normally recognizes ordinary income equal to the amount that the fair market value of the shares on such date exceeds the exercise price. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the exercise date, will be taxed as capital gain or loss. No tax deduction is available to our Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant.

Stock Appreciation Rights

In general, no taxable income is recognized when a stock appreciation right is granted to a participant. Upon exercise, the participant generally will recognize ordinary income in an amount equal to the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares will be capital gain or loss.

Table of Contents

Restricted Stock Awards

A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the vesting date. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The participant may elect, pursuant to Section 83(b) of the Code, to accelerate the ordinary income tax event to the date of acquisition by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Restricted Stock Unit Awards

There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units generally will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to or cash received by such participant at the end of the applicable vesting period or, if later, the settlement date elected by the Administrator or a participant. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss.

Performance Unit or Performance Share Awards

A participant generally will recognize no income upon the grant of a performance unit or share. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of unrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the date the ordinary income tax event occurs, will be taxed as capital gain or loss.

Section 409A

Section 409A of the Code provides certain requirements for non-qualified deferred compensation arrangements with respect to an individual's deferral and distribution elections and permissible distribution events. Awards granted under the 2016 Plan with a deferral feature will be subject to the requirements of Section 409A of the Code. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A of the Code fails to comply with its provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Tax Effect for our Company

Our Company generally will be entitled to a tax deduction in connection with an award under the 2016 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our chief executive officer and other "covered employees" as determined under Section 162(m) and applicable guidance. Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. Prior to November 2, 2017, we were able to preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of "performance based" compensation under Section 162(m) were met. Because of changes to the federal tax laws, effective November 2, 2017, the "performance based" exception is no longer available.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECTS OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE 2016 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE IMPACT OF EMPLOYMENT OR

OTHER TAX REQUIREMENTS, THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This Compensation Discussion and Analysis provides information about our executive compensation philosophy, the principles that govern our executive compensation program, the key elements of the 2017 executive compensation program for our Named Executive Officers, or NEOs, and how and why our independent Compensation Committee determined the compensation elements that comprised our 2017 executive compensation program. Our NEOs for 2017, which include our principal executive officer, our principal financial officer and our three other most highly compensated executive officers, were:

- Patrick C.S. Lo, Chairman and Chief Executive Officer;
- Christine M. Gorjanc, Chief Financial Officer;
- Michael F. Falcon, Chief Operations Officer;
- Andrew W. Kim, Senior Vice President of Corporate Development, General Counsel and Corporate Secretary; and
- Michael A. Werdann, Senior Vice President of Worldwide Sales

Compensation Overview

Our independent Compensation Committee makes compensation decisions for our executive officers. The Compensation Committee recognizes our need to retain our NEOs and to motivate them to meet or exceed short-term goals and long-term objectives, while also creating sustainable long-term value for our stockholders. Accordingly, we designed an executive compensation program for 2017 that tied a substantial portion of the NEOs' compensation directly to achievement of rigorous performance objectives over a sustained period. We believe the compensation program for our NEOs is instrumental in driving our focus on this long-term growth and strong financial performance, particularly because our approach placed a significant percentage of their compensation at-risk and correspondingly rewarded them when they achieved objectives and delivered stockholder value.

The compensation of our NEOs consists of three main elements:

- base salary and benefits;
- annual cash incentive compensation; and
- long-term incentive compensation, in the form of restricted stock units, or RSUs, and stock options.

Compensation is based on overall company performance as well as individual performance. We seek to position total compensation for Named Executive Officers at or near the median for our Peer Group, as identified below. We believe all of these factors help us achieve total compensation for our Named Executive Officers that is fair, reasonable and competitive.

For 2017, our NEOs received payments under our annual cash incentive plan based on the Company's 2017 financial results, and we also granted both option awards and restricted stock unit awards to our NEOs. The charts below depict the total target direct compensation for our Chief Executive Officer and for our other NEOs as a group, based on their 2017 base salaries, target annual cash incentive opportunities and grant date fair value of equity awards (not value actually received), as reported in the applicable Executive Compensation Tables following this Compensation Discussion and Analysis:

General Compensation Philosophy

We compete in an aggressive and dynamic industry and, as a result, we believe that hiring, motivating and retaining quality employees, particularly senior managers, sales personnel and technical personnel, are critical factors to our future success.

Our compensation programs aim to address a number of objectives, including attracting and retaining highly qualified executive officers, rewarding individual contribution, loyalty, teamwork and integrity, and motivating management to achieve returns for our stockholders. The Compensation Committee, as well as our Board of Directors, does not believe that our compensation policies encourage excessive risk taking by our executives or employees. Our programs are geared for short and long-term performance with the goal of increasing stockholder value over the long term. Our executive compensation program impacts all of our employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we are mindful of the effect executive compensation and incentive programs have on all of our employees.

We believe that the compensation of our executives should reflect their success as a management team in attaining key short-term and long-term operating objectives, such as growth of sales, operating margins and earnings per share, market share, long-term competitive advantage and, ultimately, in attaining and sustaining an increased market price for our common stock. We believe that the performance of our executives in managing the Company, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will reflect our operating performance over the long-term, and ultimately, the management of the Company by our executives.

We annually hold a stockholder advisory vote to approve the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our NEOs at our 2017 Annual Meeting, where approximately 92% of stockholder votes cast were in favor of our say-on-pay resolution. As we evaluated our compensation practices and talent needs throughout 2017, we also were mindful of the strong support our stockholders expressed at our 2016 Annual Meeting, where approximately 91% of stockholder votes cast also were in favor of our say-on-pay resolution. As discussed above under “Proposal One - Stockholder Engagement,” we greatly value regular input from our stockholders, particularly with respect to our executive compensation practices. Consistent with this commitment to engagement, communication and transparency, the Compensation Committee continues to regularly review our executive compensation program to ensure alignment between the interests of our executives and our stockholders. The Compensation Committee considered the results of these recent say-on-pay votes, investor input and current market practices. As a result, our Compensation Committee retained our philosophy of linking compensation to our operating objectives and the enhancement of stockholder

value, and continued our general approach to executive compensation, with an emphasis on short and long-term incentive compensation that rewards our most senior executives when they help deliver on our objectives.

Designing a Competitive Compensation Package

Recruitment and retention of our Named Executive Officers and other executive management require a competitive compensation package. Our Compensation Committee has the responsibility for evaluating the executive compensation plans, policies, and programs and making such recommendations or changes as it deems appropriate. Our Compensation Committee's approach emphasizes fixing total compensation for executives, which consists of base salary and benefits, annual cash incentive and long-term incentive awards, at or near the median of our peer group (the "Peer Group"). The Peer Group was last reviewed and updated in the first half of 2017 by Frederic W. Cook & Co., Inc., the Compensation Committee's compensation consultant, with input from our Chief Executive Officer and our Compensation Committee. The Peer Group consists of 16 U.S. publicly traded companies from the computer peripheral and communications equipment industries of relatively similar annual revenue and market capitalization as compared to us:

ADTRAN, Inc.	Fortinet, Inc.
ARRIS International plc	Infinera Corp.
Brocade Communications Systems, Inc.	Logitech International S.A.
Ciena Corporation	Plantronics, Inc.
Cray Inc,	Quantum Corp.
Extreme Networks, Inc.	Super Micro Computer, Inc.
F5 Networks, Inc.	ViaSat, Inc.
Finisar Corp.	Viavi Solutions Inc.

For companies within the Peer Group, the median annual revenue at the time of the last review was approximately \$1.3 billion, and the median market capitalization was approximately \$3.0 billion. Relative to the Peer Group, the Company ranked at approximately the median by revenue and at the 40th percentile by market capitalization.

Each element of compensation as well as total compensation are quantified and reviewed to determine the Company's competitiveness compared to the Peer Group. Precise comparisons of some forms of compensation are not possible due to lack of data or different valuation approaches for compensation that is contingent, of uncertain duration or not dollar or share-based. Therefore, certain comparisons are based on observations generally rather than comparison survey data.

In determining the appropriate individual compensation levels for Named Executive Officers, the Compensation Committee considers the Peer Group compensation data as well as the individual's tenure, experience, skills, and individual and Company performance. Compensation levels for all Named Executive Officers, except our CEO, are developed by the Compensation Committee in consultation with our CEO and an independent third-party compensation consultant. The Compensation Committee engages in an active dialogue with our CEO concerning the Company's strategic objectives and performance targets. The Compensation Committee reviews the appropriateness of the financial measures used in the incentive plans and the degree of difficulty in achieving specific performance targets. The Compensation Committee also reviews with our CEO the individual responsibilities, abilities and objectives achieved in the prior year for each of the Named Executive Officers. In the case of the CEO, the Compensation Committee develops its own recommendation with the assistance of its independent compensation consultant in executive session without the CEO, or any other member of management, present. The Compensation Committee then independently reviews and approves the compensation for Named Executive Officers and other executive officers.

Compensation Committee Consultant

The Compensation Committee engaged Frederic W. Cook & Co., Inc., an independent third-party compensation consulting firm, to assist in updating the Peer Group in 2017 and in gathering general industry compensation data. The consultant reports directly to the Compensation Committee but was authorized by the Compensation Committee to work with certain executive officers and employees of the Company. In order to determine and confirm independence, the consultant completes an independence questionnaire provided by the Company. In addition, each director and executive officer of the Company completes an annual questionnaire which includes questions which ask about any actual or potential conflicts or relationship between such individual and the consultant. The consultant conducts

regular reviews of total compensation of the Named Executive Officers and members of the Board. The consultant also provides advice with respect to other executive and Board compensation issues that might arise during the year, but otherwise provides no other services to the Company.

Setting the Pay Mix

Total Compensation

The Compensation Committee emphasizes performance-based compensation, which includes elements dependent directly on results, for our executive team. Target total compensation (i.e., base salary, annual cash incentive and long-term incentive)

Table of Contents

is generally targeted at or near the median total compensation of the Peer Group for Named Executive Officers. Comparing the elements of total target compensation for 2017, base salary comprises approximately 24%, target annual incentive compensation approximately 19%, and long-term incentive compensation approximately 57% of the pay mix. However, we do not have a formal policy allocating between cash and non-cash compensation or between each element of compensation. For 2017, our target total compensation (i.e., base salary, annual cash incentive and long-term incentives) for Named Executive Officers as a group was below the median for the Peer Group by approximately 2%.

Base Salary

We generally target base salaries for Named Executive Officers at or near the median of the Peer Group to facilitate a competitive recruitment and retention strategy, with individual variations based on job scope, tenure, retention risk and other factors relevant to the Compensation Committee. Our Compensation Committee uses its judgment to set individual target compensation higher or lower than the Peer Group median based on performance, scope/strategic impact of role, retention and internal equity. Increases in base salary reflect assessed performance, providing a performance link to this fixed compensation. Base salaries are generally reviewed and approved by the Compensation Committee during the second quarter of the year. Accordingly, the Compensation Committee reviewed and determined base salaries for Named Executive Officers to be effective as of July 1, 2017, except for Mr. Lo, whose salary increase was effective as of January 1, 2018 (consistent with our prior practice). The following lists the Named Executive Officer base salary increases approved in 2017:

NEO	Updated Base Salary	Percentage Increase	Effective Date
Patrick C.S. Lo	\$895,000	5.29%	January 1, 2018
Christine M. Gorjanc	\$556,500	5.00%	July 1, 2017
Michael F. Falcon	\$417,375	5.00%	July 1, 2017
Andrew W. Kim	\$425,700	10.00%	July 1, 2017
Michael A. Werdann	\$469,200	15.00%	July 1, 2017

Each NEO received a base salary increase of approximately 5%, other than Mr. Kim and Mr. Werdann, who received larger percentage increases due to an effort to better align the base salaries with Peer Group medians for comparable executive positions.

Annual Incentive Compensation

2017 Target Cash Bonus. Our Named Executive Officers, other than Mr. Werdann, participate under our annual bonus plan and are eligible to receive a cash bonus primarily based upon the level of annual non-GAAP operating income achieved by the Company relative to a target established at the beginning of the calendar year. We believe that annual non-GAAP operating income is an appropriate measure, as this indicates profitable revenue growth and generally reflects achievement of some of our shorter term objectives for growth in sales, operating margins and earnings per share, and market share. Non-GAAP operating income is equal to our GAAP operating income after excluding amortization of intangible assets, stock-based compensation expense, restructuring and other charges, acquisition-related expense, impact to cost of sales from acquisition accounting adjustments to inventory, litigation reserves, goodwill impairment charges and intangibles impairment charges.

Under the 2017 executive bonus plan, the target bonus amounts for our CEO, CFO and other participating executive officers were 115%, 75% and 60% of their respective fiscal year average base salaries. Bonus amounts for these executive officers would become eligible to be paid based upon the Company achieving a minimum threshold amount of approximately 65% of the non-GAAP operating income plan of \$178 million, or \$116 million, for 2017. If 2017 annual non-GAAP operating income exceeded this \$116 million threshold, then a bonus of 30% of an individual's target bonus would become eligible to be earned, subject to other bonus plan conditions. If the Company exceeded a secondary target of approximately 88% of the non-GAAP operating income plan, or \$156 million, then 50% of amounts in excess of this target would be contributed to an additional bonus pool until the bonus pool reached a sufficient level to fund the target bonus amounts for participants in the plan. If there was additional non-GAAP operating income beyond the amount required to fully fund the target bonus amounts, then 50% of such excess amount also would be contributed to the bonus pool, subject to reaching a level sufficient to pay maximum bonus

amounts. The maximum bonus amount payable under the bonus plan was 150% of an individual's target bonus amount, or 172.5%, 112.5% and 90% of the respective fiscal year average base salaries of our CEO, CFO, and other participating executive officers.

The table below shows the 2017 target bonus amount for each participating NEO as a percentage of base salary and as a corresponding cash amount:

Table of Contents

NEO	Target Bonus as a Percentage of Salary	Target 2017 Bonus as a Cash Amount
Patrick C.S. Lo	115%	\$977,500

We believe that these non-GAAP operating income targets were set at appropriate levels based on market and industry expectations at that time and our 2017 annual operating plan reviewed and approved by our Board of Directors, and that each was achievable and not unrealistic. In addition, once the eligible bonus is determined based upon the level of annual non-GAAP operating income achieved, the Compensation Committee also has discretion to reduce such bonus based upon the executive's achievement of his or her individual annual objectives or other factors that the Compensation Committee deems relevant. Consistent with our approach, the Peer Group market data generally results in target annual incentive cash bonus amounts being separated into three tiers, namely one for the Chief Executive Officer, one for the Chief Financial Officer and one for the other Named Executive Officers.

2017 Cash Bonus Payments. The Company reported 2017 annual non-GAAP operating income of \$123.0 million. Based on this amount exceeding the initial executive bonus plan target of \$116 million in non-GAAP operating income, but falling short of the secondary target of \$156 million in non-GAAP operating income, an executive bonus pool was preliminarily calculated in an amount that would permit the Compensation Committee to pay our participating NEOs bonuses equal to approximately 30% of their target bonuses, subject to other bonus plan conditions. The Compensation Committee reviewed these amounts and confirmed that they believed them to be appropriate, without any adjustment.

As a result, pursuant to the terms of the 2017 executive bonus plan and our Compensation Committee's determination of final bonus amounts, our Named Executive Officers, other than Mr. Werdann, received bonus payments equal to approximately 30% of their target bonuses. The table below summarizes the target and total cash bonuses paid to our participating NEOs for 2017:

NEO	Target 2017 Cash Incentive Compensation	Total 2017 Cash Incentive Compensation Paid
Patrick C.S. Lo	\$977,500	\$293,250
Christine M. Gorjanc	\$407,438	\$122,223
Michael F. Falcon	\$244,463	\$73,334
Andrew W. Kim	\$243,810	\$73,133

2017 Sales Commission Plan for Mr. Werdann. As our Senior Vice President of Worldwide Sales, Mr. Werdann received payments under a sales commission plan instead of our executive bonus plan for 2017. Mr. Werdann's overall cash compensation package is structured to provide him with a targeted 60%/40% split between base salary and sales commissions. As a result, Mr. Werdann's annual aggregate sales commissions are targeted as an amount equal to approximately 67% of his fiscal year base salary. The 2017 sales commission plan for Mr. Werdann was based upon a modified measure of profit contribution achieved by the Company, measured on a quarterly basis, with a target objective derived from the Company's 2017 annual operating plan approved by our Board of Directors at the beginning of 2017. Profit contribution is calculated for the worldwide business under Mr. Werdann's sales leadership and is comprised of point of sale revenue or net shipments, less related marketing spending. The aggregate Company profit contribution target for 2017 was over \$1.34 billion. The sales commission plan also provides for the ability of Mr. Werdann to earn additional commissions for overachieving above the target measure of profit contribution, calculated as up to three times the percentage by which actual achievement exceeds the target, calculated on a semi-annual basis. There also is a cap on the dollar amount of commissions that may be earned under the 2017 sales commission plan, set at 200% of total target earnings (salary and commissions). The amount of the earned commission is paid on a monthly basis, based on achievement to-date of quarterly targets. Mr. Werdann's achievement against his sales commission plan ranged from approximately 100% to 104% for the four quarterly periods in 2017.

Long-Term Incentive Compensation

2017 Equity Awards. We have provided long-term incentives through our 2003 Stock Plan, our Amended and Restated 2006 Long-Term Incentive Plan (“2006 Plan”) and our 2016 Equity Incentive Plan (“2016 Plan”). Equity grants have been granted in the past under these plans to provide additional incentive to Named Executive Officers to maximize long-term total return to our stockholders. We generally provide an initial grant upon employment commencement and subsequent smaller annual refresh grants. We may grant a mixture of equity grants, including stock options and restricted stock units. Our equity awards generally vest over four years to retain executives and to reward long-term performance. We believe that equity grants are a particularly strong incentive, because they increase in value to our employees as the fair market value of our common stock increases. In the case of restricted stock units, which have immediate underlying value, such awards also provide a retention benefit over the vesting period of the awards. While the annual incentive plan might focus on achievement of shorter-term objectives related to Company performance, we believe equity awards to our Named Executive Officers provide an incentive to reach some of our longer-term objectives and metrics, such as building on our long-term competitive advantages and increasing the market value of our common stock over time.

With respect to the size of the equity awards granted to our Named Executive Officers, the Compensation Committee primarily relies on input from two sources to determine the amount of equity awards to be granted: research from the Compensation Committee consultant and input from our Chief Executive Officer. The Compensation Committee also reviews the then-current status of equity awards available for grant under our equity plan for the current year as well as for the foreseeable future. In addition, the Compensation Committee considers relevant factors, including without limitation the executive's position, the executive's individual performance, the number of equity awards held (if any), the extent to which those equity awards are vested and market grant levels at our Peer Group. Our Chief Executive Officer also gives his input on the size of equity grants to be made to the NEOs, other than himself, with a review of the prior year's grants as the baseline starting point and such officer's individual performance for the year.

Accordingly, by combining analysis of specific objective data (from both the Peer Group report and the status of equity awards available for grant) with subjective input from our Chief Executive Officer, the Compensation Committee determines an appropriate amount of equity awards to be granted for each Named Executive Officer for the current year.

Equity awards for our Named Executive Officers may be granted pursuant to written consent of the Compensation Committee but are typically granted during in-person meetings, which meetings are scheduled a year in advance to minimize the discretionary selection of grant dates and the appearance of granting options based on the timing of disclosure of material information to the public.

As part of the Company's annual compensation review in the first half of 2017, annual equity awards were made to the Named Executive Officers during this period. The Named Executive Officers received a combination of option and restricted stock unit awards.

The numbers of shares subject to the annual stock options granted to our NEOs in 2017 were as follows:

NEO	Shares Subject to Option (#)	Grant Date Fair Value (\$)
Patrick C.S. Lo	115,000	\$1,408,440
Christine M. Gorjanc	35,000	\$428,656
Michael F. Falcon	25,000	\$306,183
Andrew W. Kim	25,000	\$306,183
Michael A. Werdann	18,000	\$220,451

The above stock options vest over four years from grant, with 25% of the total award vesting on the first anniversary of the vesting commencement date and the remainder vesting in equal monthly amounts over the following three years.

Michael A. Werdann	10,000		\$427,000

Other Compensation Policies and Information

Employee Benefits and Perquisites

We provide various employee benefit programs to our Named Executive Officers, including health, life and disability insurance, flexible spending accounts, a 401(k) plan and the opportunity to purchase our common stock through payroll deductions at a discounted price through our 2003 Employee Stock Purchase Plan. In addition, we match contributions made by Named Executive Officers to their 401(k) plan up to an amount equal to \$3,000 per year. These benefit programs are generally available to all our employees on substantially equal terms.

Clawback Policy

In order to minimize the risk of undue overpayment of cash bonus amounts and granting excessive option and restricted stock unit awards, the Compensation Committee and the Board of Directors in 2010 approved the addition of a clawback provision to the executive bonus plan and to award agreements which apply to the Named Executive Officers. The clawback provision may require a forfeiture of previously paid cash bonus amounts or previously awarded option or restricted stock unit awards in the event that the financial statements of the Company are subsequently restated and if such restated statements would have resulted in less of an actual cash bonus award being paid to Named Executive Officer or less of an actual option or restricted stock unit award being awarded to an Named Executive Officer, if such information had been known at the time the actual award had originally been calculated or determined. Pursuant to the clawback provision, the independent members of the Board of Directors or the Compensation Committee may require, in its discretion, that such Named Executive Officer forfeit and/or repay to the Company the amount by which an actual bonus award previously paid exceeds the lesser pro forma bonus award and the amount by which an actual award previously awarded exceeds the lesser pro forma option or restricted stock unit award, as the case may be. The policy is to put the Company in no worse position had the Compensation Committee known of the restatement of financial statements at the time of the awards. We believe this is a fair and equitable way to address any potential windfall that may benefit a Named Executive Officer in the event that our financial statements are materially inaccurate.

Stock Ownership Guidelines

We have also adopted stock ownership guidelines for our Named Executive Officers to own and hold common stock of the Company to further align their interests and actions with the interests of our stockholders. Under the guidelines, our Chief Executive Officer is expected to own approximately six times his annual base salary. Other Named Executive Officers are expected to achieve ownership levels equal to approximately one to three times base salary. Named Executive Officers have a five-year period in which to achieve the required compliance level. Shares owned directly by the executive and unvested restricted stock units are counted toward the guidelines. As of December 31, 2017, all of our NEOs were in compliance with the stock ownership guidelines.

Policy Against Hedging or Pledging NETGEAR Stock

Under our insider trading policy, directors and employees, including our Named Executive Officers, are prohibited from hedging or pledging of the Company's securities and from investing in derivatives of the Company's securities.

Impact of Accounting and Tax Requirements on Compensation

Our Compensation Committee takes accounting and tax considerations into account in designing compensation plans and arrangements for the members of our executive team, other employees and members of our Board of Directors.

These considerations include the following:

Tax Deductibility of Executive Compensation. Prior to the effectiveness of the Tax Cuts and Jobs Act of 2017, Section 162(m) of the Internal Revenue Code generally disallowed a tax deduction to publicly held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. Under the Tax Cuts and Jobs Act

Table of Contents

of 2017, the tax disallowance rules under Section 162(m) changed beginning in 2018 and are likely to result in larger deduction disallowances. The Company generally seeks to maximize the deductibility for tax purposes of all elements of compensation. Our 2006 Plan and 2016 Plan were structured so that any compensation recognized by an executive officer in connection with the exercise of his or her outstanding options under the plan could qualify as performance-based compensation and will not be subject to the \$1 million limitation. In addition, our 2006 Plan and 2016 Plan permit our Compensation Committee to structure equity awards other than stock options that would have previously qualified as performance based compensation under Section 162(m). In addition, our Executive Bonus Plan allowed us to structure our cash incentives that are paid thereunder to qualify for a deduction under Section 162(m). The Compensation Committee, however, periodically reviews applicable tax provisions, such as Section 162(m), and may revise compensation plans from time to time to comply with their rules and to maximize deductibility. Also, while the Compensation Committee believes that structuring compensation to be deductible to the maximum extent allowed under applicable tax rules generally is desirable, it may decide that foregoing a tax deduction is desirable to otherwise achieve its performance objectives.

Accounting for Stock-Based Compensation. We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”), the standard which governs the accounting treatment of stock-based compensation awards. ASC 718 requires us to measure the compensation expense for all share-based payment awards made to the members of our executive team, other employees and members of our Board of Directors, including options to purchase shares of our common equity securities, based on the grant date “fair value” of these awards. The application of ASC 718 involves significant judgment in the determination of inputs into the Black-Scholes-Merton valuation model that we use to determine the fair value of any options to purchase shares of our common equity securities. These inputs are based on assumptions as to the volatility of the underlying equity securities, risk free interest rates and the expected life of the options. As required by the generally accepted accounting principles in the United States, we review our valuation assumptions at each grant date, and, as a result, our valuation assumptions used to value options granted in future periods may vary from the valuation assumptions we have used previously.

ASC 718 also requires us to recognize the compensation cost of these share-based payment awards in our statements of operations over the period that an executive officer, employee or member of our Board of Directors is required to render service in exchange for the option or other award (which, generally, will correspond to the award's vesting schedule). This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers, employees or members of our Board of Directors may never realize any value from their stock options or other share-based payment awards.

Compensation Risk Assessment

Our Compensation Committee assesses and considers potential risks when reviewing and approving our compensation policies and practices for our executive officers and our employees. We have designed our compensation programs, including our incentive compensation plans, with features to address potential risks while rewarding employees for achieving financial and strategic objectives through prudent business judgment and appropriate risk taking. Based upon its assessment, the Compensation Committee believes that any risks arising from our compensation programs do not create disproportionate incentives for our employees to take risks that could have a material adverse effect on us in the future.

(4) Represents bonus amount earned under the Company's 2017 executive bonus plan and paid in February 2018.

(5) Consists of matching contributions under our 401(k) plan that were earned in 2017 and paid in January 2018.

(6) Consists of matching contributions under our 401(k) plan that were earned in 2016 and paid in February 2017.

As discussed in the Company's Proxy Statement in connection with the 2017 Annual Meeting of Stockholders, the Compensation Committee granted this supplemental equity award in recognition of the executive officer's

contribution to the Company's strong 2016 performance, as well as the Compensation Committee's decision to limit executive cash bonus payment to 115% of target with respect to 2016. The size of this award was calculated by dividing (i) the dollar amount of the difference between the preliminarily calculated bonus amount of 149% of target and the 115% of target actually paid to such executive, by (ii) the closing price of the Company's common stock on the date of grant.

Grants of Plan-Based Awards in Fiscal Year 2017

The following table provides certain information relating to incentive compensation and equity awards granted to, and the range of payouts that were achievable for, each of our Named Executive Officers during the fiscal year ended December 31, 2017. All stock options were granted under our 2016 Plan and have a term of ten years, subject to earlier termination in the event that the optionee's services to us cease. Cash awards paid under our annual incentive plan are reflected in the Summary Compensation Table under "Non-Equity Incentive Plan Compensation" for each of our Named Executive Officers. A description of the incentive plans can be found in "Compensation Discussion and Analysis-Incentive Compensation-Annual Incentive Plan."

These amounts represent the full grant date value without regard to vesting. See Note 10 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017, regarding (1) assumptions underlying the valuation of option awards. Regardless of the value placed on a stock option on the grant date, the actual economic value of the option to the Named Executive Officer will depend on the market value of the Company's common stock at the date in the future when the option is exercised.

(2) These restricted stock unit awards will vest in accordance with the following schedule: 80% on the first anniversary of the last day of the grant month, 10% on the second anniversary of the last day of the grant month and 10% on the third anniversary of the last day of the grant month, subject to the recipient continuing to be a service provider on such dates. As discussed in the Company's Proxy Statement in connection with the 2017 Annual Meeting of Stockholders, the Compensation Committee granted this supplemental equity award in

recognition of the executive officer's contribution to the Company's strong 2016 performance, as well as the Compensation Committee's decision to limit executive cash bonus payment to 115% of target with respect to 2016. The size of this award was calculated by dividing (i) the dollar amount of the difference between the preliminarily calculated bonus amount of 149% of target and the 115% of target actually paid to such executive, by (ii) the closing price of the Company's common stock on the date of grant.

(3) These potential payouts were pursuant to the terms of the Company's executive bonus plan. The maximum payout that could have been earned by the Named Executive Officers was dependent upon the Company's level of operating income achieved during 2017, and would have been subject to reduction by the Compensation Committee for individual Named Executive Officers based upon the executive's achievement of his or her individual objectives. Notwithstanding the foregoing, a bonus is paid under the terms of the executive bonus plan only if the Company achieves a certain level of operating income.

(4) 25% of the shares subject to these options will vest twelve months after the grant date, and 1/48 of the total shares subject to these options shall vest each month thereafter, subject to the optionee continuing to be a service provider through such dates.

Table of Contents

These restricted stock unit awards will vest in four equal annual installments on the four anniversaries of the last (5) day of the grant month, subject to the recipient continuing to be a service provider through such dates. Upon vesting, each restricted stock unit will entitle the recipient to receive one share of common stock of the Company.

(6) Represents the targeted and maximum potential commissions earnings for Mr. Werdann under his 2017 annual sales commission plan.

Pension Benefits and other Nonqualified Deferred Compensation Plans

We do not offer any defined benefit retirement plan for Named Executive Officers. Effective May 1, 2013, we established a deferred compensation plan for a select group of management or highly compensated employees. Our deferred compensation plan is unfunded and unsecured and is designed to comply with Code Section 409A. The plan allows participants to defer a flat dollar amount or a whole percentage of up to a maximum of 80% of base salary and 100% of bonuses and allows participants to invest only in mutual funds. We have the discretion to make company contributions and company matching contributions up to a designated maximum of the participant's compensation. We have elected to informally fund the plan using taxable securities placed in a grantor trust. During the deferral period,

the deferred amounts are hypothetically or “notionally” invested in one investment fund instructed by the grantor trust to mirror the participant's plan allocations. The participant's account is adjusted for deemed gains or losses on each business day based on the rate of gain or loss on the assets in each notional investment fund as of the prior day. We do not guarantee any returns on participant contributions. If a participant's employment terminates, distribution would be made in the form of a lump sum following termination. In 2017, Mr. Lo was the only Named Executive Officer who participated in this plan.

The following table provides information about contributions, earnings, withdrawals and balances under our non-qualified deferred compensation plan in fiscal year 2017.

Potential Payments Upon Termination or Change in Control

We have entered into employment agreements and/or change of control and severance agreements with each of our current Named Executive Officers. Each employment agreement may be terminated by either us or the executive officer at any time with or without cause. In addition, the employment agreements provide for annual salary and bonus amounts and severance benefits, as may be adjusted from time to time by our Board of Directors. In the event of a change of control, all equity awards issued under our 2006 Plan, including those issued to our executive officers, will become fully vested and exercisable. We have no tax gross-up agreements with any executive for change in control arrangements. In the event of a change of control, all equity awards issued under our 2016 Plan will be treated as determined by the administrator of the plan and will not automatically vest unless the successor corporation does not assume or substitute for the awards.

We entered into an employment agreement dated December 3, 1999, as amended, with Patrick C.S. Lo, our Chairman and Chief Executive Officer. This agreement provides that if within one year following a change of control, Mr. Lo is terminated without cause or resigns for good reason, he is entitled to full acceleration of any unvested portion of his equity awards and severance payments at his final base salary rate for a period of one year after his termination or resignation. If Mr. Lo is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of one year and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated November 16, 2005, as amended, with Christine M. Gorjanc, our Chief Financial Officer. This amended agreement provides that if within one year following a change of control, Ms. Gorjanc is terminated without cause or resigns for good reason, she is entitled to receive two years acceleration of any unvested portion of her equity awards, and for a termination without cause, severance payments at her final base salary rate for a period of 26 weeks after her termination. If Ms. Gorjanc is terminated without cause other than as set forth above, she is entitled to receive severance payments at her final base salary rate for a period of 26 weeks and will continue to have her equity awards vest for one year after such termination.

We entered into an employment agreement dated November 4, 2002, as amended, with Michael F. Falcon, our Chief Operations Officer. This amended agreement provides that if within one year following a change of control, Mr. Falcon is terminated without cause or resigns for good reason, he is entitled to receive two years acceleration of any unvested portion of his equity awards, and for a termination without cause, severance payments at his final base salary rate for a period of 39 weeks after his termination. If Mr. Falcon is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of 39 weeks and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated October 5, 2009, with Andrew W. Kim, our Senior Vice President of Corporate Development, General Counsel and Corporate Secretary. This agreement provides that if within one year

following a change of control, Mr. Kim is terminated without cause or resigns for good reason, he is entitled to receive two years acceleration of any unvested portion of his equity awards, and for a termination without cause, severance payments at his final base salary rate for a period of 26 weeks after his termination. If Mr. Kim is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate for a period of 26 weeks and will continue to have his equity awards vest for one year after such termination.

We entered into an employment agreement dated November 3, 2003, as amended, with Michael A. Werdann, our Senior Vice President of Worldwide Sales. This agreement provides that if within one year following a change of control, Mr. Werdann is terminated without cause or resigns for good reason, he is entitled to receive two years acceleration of any unvested portion

of his stock options, restricted stock awards and all other equity awards and severance payments at his final base salary rate for a period of 26 weeks after his termination or resignation. If he is terminated without cause other than as set forth above, he is entitled to receive severance payments at his final base salary rate plus base incentive compensation, less applicable withholding, for a period of 26 weeks and will continue to have his equity awards vest for one year after such termination.

For purposes of these employment agreements, “good reason” means the occurrence of any of the following conditions, subject to certain notice provisions in the executive's respective employment agreement: (i) a material decrease in the executive's base compensation; or (ii) a material, adverse change in the executive's authority, responsibilities or duties, as measured against the executive's authority, responsibilities or duties immediately prior to such change.

Notwithstanding the foregoing, in no event will the executive have good reason to resign due merely to a change in title or a change in the executive's reporting caused by a change of control or discontinuance of any duties and responsibilities solely related to the operation of a public company.

For purposes of the employment agreement for Mr. Lo, a termination “for cause” occurs if Mr. Lo is terminated for any of the following reasons: (i) theft, dishonesty, material misconduct, or any material violation of the Company's personnel policies and procedures, or falsification of any employment or Company records; (ii) disclosure of the Company's confidential or proprietary information in violation of the Company's form of invention and proprietary information agreement; (iii) any intentional action by Mr. Lo which has a material detrimental effect on the Company's reputation or business; (iv) Mr. Lo's failure or inability to perform any assigned duties after written notice from the Company to Mr. Lo of, and a reasonable opportunity to cure, such failure or inability, which is not less than 90 days; or (v) Mr. Lo's conviction (including any plea of guilty or no contest) for any criminal act that impairs Mr. Lo's ability to perform his duties under the employment agreement. For purposes of the employment agreements for Messrs. Falcon, Henry and Kim, and Ms. Gorjanc, “cause” is defined as (i) an act of dishonesty made by the executive in connection with executive's responsibilities as an employee, (ii) executive's conviction of, or plea of nolo contendere to, a felony, (iii) executive's gross misconduct, or (iv) executive's continued violation of his or her employment duties after executive has received a written demand for performance from the Company which specifically sets forth the factual basis for the Company's belief that executive has not substantially performed his or her duties.

For purposes of these employment agreements, a “change of control” of the Company shall be deemed to have occurred if at any time after the effective date of the employment agreements, respectively: (i) any person, other than a trustee or other fiduciary holding securities of the Company under an employee benefit plan of the Company, becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of (A) the outstanding shares of common stock of the Company or (B) the combined voting power of the Company's then-outstanding securities entitled to vote generally in the election of directors; or (ii) (A) the Company is party to a merger, consolidation or exchange of securities which results in the holders of voting securities of the Company outstanding immediately prior thereto failing to continue to hold at least 50% of the combined voting power of the voting securities of the Company, the surviving entity or a parent of the surviving entity outstanding immediately after such merger, consolidation or exchange, or (B) the Company sells or disposes of all or substantially all of the Company's assets (or any transaction having similar effect is consummated), or (C) the individuals constituting the Board immediately prior to such merger, consolidation, exchange, sale or disposition shall cease to constitute at least 50% of the Board, unless the election of each director who was not a director prior to such merger, consolidation, exchange, sale or disposition was approved by a vote of at least two-thirds of the directors then in office who were directors prior to such merger, consolidation, exchange, sale or disposition.

Payments Upon Termination Without Cause and Not As a Result of a Change in Control of the Company

The following table summarizes the amount that each of our Named Executive Officers would receive in the event his or her employment with the Company is terminated without cause and not as a result of a change in control of the Company, assuming the date of the triggering event was December 31, 2017:

Name	Cash	Value	Total (\$)
	Severance	Realized

		(\$)(1)

Michael A. Werdann	\$ 234,600	\$ 964,960	\$ 1,199,560

- (1) The value realized equals the difference between the closing price of our common stock on the Nasdaq Global Select Market on December 29, 2017 (the last market trading day in 2017), which was \$58.75, and the exercise price of the applicable award, multiplied by the number of shares that would vest under the terms of each employment agreement.

Table of Contents**Payments Upon a Change in Control of the Company**

Pursuant to the terms of our 2006 Plan, all outstanding equity awards under the 2006 Plan vest immediately upon a change in control. Our Named Executive Officers would realize the following value on equity options and awards granted under the 2006 Plan that would accelerate and become vested in the event of a change in control: Patrick C.S. Lo, \$5,024,741; Christine M. Gorjanc, \$1,975,491; Michael F. Falcon, \$1,358,853; Andrew W. Kim, \$1,358,853; and Michael A. Werdann, \$1,393,730. The value realized equals the difference between \$58.75 (the closing price of our common stock on the Nasdaq Global Select Market on December 29, 2017, the last market trading day in 2017) and the option or award exercise price per share, multiplied by the number of shares that would immediately vest upon a change in control.

Payments Upon Termination Without Cause or Resignation for Good Reason within One Year after a Change in Control of the Company

The following table summarizes the amount that each of our Named Executive Officers would receive in the event his or her employment with the Company is terminated without cause, or he or she resigns for good reason, within one year after a change in control of the Company.

Name	Value		
	Cash Severance (\$)	Realized from Equity Acceleration (\$)(1)	Total (\$)
Patrick C.S. Lo	\$ 850,000	\$ 4,518,053	\$ 5,368,053
Christine M. Gorjanc	\$ 278,250	\$ 913,449	\$ 1,191,699
Michael F. Falcon	\$ 313,031	\$ 605,396	\$ 918,427
Andrew W. Kim	\$ 212,850	\$ 603,751	\$ 816,601
Michael A. Werdann	\$ 234,600	\$ 474,313	\$ 708,913

The value realized from equity options and awards is exclusive of any amounts already received by the Named Executive Officer as a result of the change in control itself, as disclosed in “Payments Upon a Change in Control of the Company.” Awards received under the 2016 Equity Incentive Plan do not provide for automatic vesting acceleration upon a change of control like awards granted under the 2006 Plan.

To protect the interests of NETGEAR, all of our employment agreements provide for covenants strictly limiting proprietary information disclosure and solicitation of our employees by a terminated executive officer for specified periods of time.

CEO Pay Ratio

In accordance with SEC rules, we are providing the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee. The 2017 annual total compensation of our CEO Mr. Lo is \$4,575,392, the 2017 annual total compensation of our median compensated employee is \$105,318, and the ratio of these amounts is approximately 43 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll record and the methodology described below. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

For purposes of identifying our median compensated employee, we used our global employee population as of December 31, 2017, identified based on our payroll record. We used total compensation as our consistently applied compensation measure. In this context, total compensation means the actual annual salary or wages paid, bonus or commissions earned for the year ended December 31, 2017, and the value of the annual equity awards granted during

2017.

- each stockholder who we know beneficially owns more than 5% of our common stock;
- each of our directors and director nominees;

Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated below, the address of each beneficial owner listed in the table is c/o NETGEAR, Inc., 350 East Plumeria Drive, San Jose, California 95134. The percentages in the table below are based on 31,533,550 shares of our common stock outstanding as of April 2, 2018. - to attract and retain the best available personnel for positions of substantial responsibility,
- to provide additional incentive to Employees, Directors and Consultants, and
- to promote the success of the Company's business.

The Plan permits the grant of Incentive Stock Options, Nonstatutory Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Performance Units, Performance Shares, and other stock or cash awards as the Administrator may determine.

2.Definitions. As used herein, the following definitions will apply:

(a)“Administrator” means the Board or any of its Committees as will be administering the Plan, in accordance with Section 4 of the Plan.

(b)“Affiliate” means any entity that, directly or indirectly, controls, is controlled by, or is under common control with, the Company.

(c)“Applicable Laws” means the requirements relating to the administration of equity-based awards under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the Common Stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where Awards are, or will be, granted under the Plan.

(f)“Board” means the Board of Directors of the Company.

(g)“Change in Control” means the occurrence of any of the following events:

(i)A change in the ownership of the Company which occurs on the date that any one person, or more than one person acting as a group (“Person”), acquires ownership of the stock of the Company that, together with the stock held by such Person, constitutes more than fifty percent (50%) of the total voting power of the stock of the Company; provided, however, that for purposes of this subsection, the acquisition of additional stock by any one Person, who is considered to own more than fifty percent (50%) of the total voting power of the stock of the Company will not be considered a Change in Control; or

(ii)A change in the effective control of the Company which occurs on the date that a majority of members of the Board is replaced during any twelve (12) month period by Directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election. For purposes of this clause

Table of Contents

(ii), if any Person is considered to be in effective control of the Company, the acquisition of additional control of the Company by the same Person will not be considered a Change in Control; or

(iii) A change in the ownership of a substantial portion of the Company's assets which occurs on the date that any Person acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than fifty percent (50%) of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following will not constitute a change in the ownership of a substantial portion of the Company's assets: (A) a transfer to an entity that is controlled by the Company's stockholders immediately after the transfer, or (B) a transfer of assets by the Company to: (1) a stockholder of the Company (immediately before the asset transfer) in exchange for or with respect to the Company's stock, (2) an entity, fifty percent (50%) or more of the total value or voting power of which is owned, directly or indirectly, by the Company, (3) a Person, that owns, directly or indirectly, fifty percent (50%) or more of the total value or voting power of all the outstanding stock of the Company, or (4) an entity, at least fifty percent (50%) of the total value or voting power of which is owned, directly or indirectly, by a Person described in this subsection (iii)(B)(3). 3. Stock Subject to the Plan.

(a) Stock Subject to the Plan. Subject to the provisions of Section 16 of the Plan, the maximum aggregate number of Shares that may be issued under the Plan is 4,200,000 Shares, plus (i) any Shares that were available for grant under the Company's 2006 Long-Term Incentive Plan ("2006 LTIP") as of immediately prior to the 2006 LTIP's expiration by its terms, plus (ii) any Shares subject to stock options, restricted stock units, performance shares or similar awards granted under the 2006 LTIP that, on or after the date this Plan becomes effective, expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the 2006 LTIP that are forfeited to or repurchased by the Company, where the maximum number of Shares to be added to the Plan as a result of clause (i) equals 699,827 Shares and as a result of clause (ii) equals 3,899,006 Shares. For purposes of the previous sentence, the Shares subject to restricted stock units, performance shares or other awards without an exercise price that are added to the Plan as a result of clause (ii) will be one and fifty-eight hundredths (1.58) times the number of Shares that were forfeited or expired under the 2006 LTIP. The Shares may be authorized, but unissued, or reacquired Common Stock.

(b) Full Value Awards. Any Shares subject to Full Value Awards will be counted against the numerical limits of this Section 3 as one and fifty-eight hundredths (1.58) Shares for every one (1) Share subject thereto. Further, if Shares acquired pursuant to any such Full Value Award are forfeited or repurchased by the Company and would otherwise return to the Plan pursuant to Section 3(c), one and fifty-eight hundredths (1.58) times the number of Shares so forfeited or repurchased will return to the Plan and will again become available for issuance.

(c) Lapsed Awards. If an Award expires or becomes unexercisable without having been exercised in full, is surrendered pursuant to an Exchange Program, or, with respect to Restricted Stock, Restricted Stock Units, Performance Units or Performance Shares, is forfeited to, or repurchased by, the Company due to failure to vest, then the unpurchased Shares (or for Awards other than Options or Stock Appreciation Rights the forfeited or repurchased Shares), which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). With respect to Stock Appreciation Rights, the gross Shares issued (i.e., Shares actually issued pursuant to a Stock Appreciation Right, as well as the Shares that represent payment of the exercise price) pursuant to a Stock Appreciation Right will cease to be available under the Plan. Shares that actually have been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if Shares issued pursuant to Awards of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units are repurchased by the Company or are forfeited to the Company, such Shares will become available for future grant under the Plan. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. Notwithstanding the foregoing and, subject to adjustment as provided in Section 16, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan pursuant to Section 3(c).

(d) Share Reserve. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two (2) or more "outside directors" within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.

(iii) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of: (1) cash; (2) check; (3) promissory note, to the extent permitted by Applicable Laws, (4) other Shares, provided that such Shares have a fair market value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option will be exercised and provided that accepting such Shares will not result in any adverse accounting consequences to the Company, as the Administrator determines in its sole discretion; (5) consideration received by the Company under a broker-assisted (or other) cashless exercise program (whether through a broker or otherwise) implemented by the Company in connection with the Plan; (6) by net exercise; (7) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or (8) any combination of the foregoing methods of payment.

(d) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) a notice of exercise (in such form as the Administrator may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of

Table of Contents

the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan.

Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Accelerated Vesting on Termination of Relationship as a Service Provider. Notwithstanding anything herein to the contrary, if a Participant ceases to be a Service Provider as a result of the Participant's Retirement, Disability or death, all unvested Options subject to time-based vesting will become fully vested.

(iii) Termination of Relationship as a Service Provider other than Retirement, Death or Disability. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's Retirement, death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. If Participant dies during such post-employment period, the Option may be exercised following the Participant's death for one (1) year after Participant's death, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Retirement or Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Retirement or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(v) Death of Participant. If a Participant dies while a Service Provider or dies after terminating on account of Retirement or Disability, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable until twelve (12) months following Participant's death, but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(vi) Other Termination. A Participant's Award Agreement may also provide that if the exercise of the Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement, or (B) the tenth (10th) day after the last date on which such exercise

would result in such liability under Section 16(b). Finally, a Participant's Award Agreement may also provide that if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option or (B) the

A-9

expiration of a period of three (3) months after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

8.Restricted Stock.

(a)Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine, subject to Section 6.

(b)Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c)Accelerated Vesting on Termination of Relationship as a Service Provider. Notwithstanding anything herein to the contrary, if a Participant ceases to be a Service Provider as a result of the Participant's Retirement, Disability or death, all unvested Restricted Stock subject to time-based vesting will become fully vested.

(d)Transferability. Except as provided in this Section 8, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(e)Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(f)Removal of Restrictions. Except as otherwise provided in this Section 8, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed, subject to Section 6.

(g)Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(h)Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement; provided, however that such dividends and distributions will be subject to the same restrictions on transferability and forfeitability (as applicable) as the Shares of Restricted Stock with respect to which they were paid, and the Company will hold such dividends and distributions until the restrictions on the Shares of Restricted Stock with respect to which they were paid have lapsed.

(i)Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

(j)Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

9.Restricted Stock Units.

(a)Grant. Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator, subject to Section 6. Each Restricted Stock Unit grant will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions,

Table of Contents

and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which, subject to Section 9(c), may be left to the discretion of the Administrator.

(b)Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion (subject to Section 6), which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. The Administrator may set vesting criteria based upon the achievement of Company-wide, divisional, business unit, or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws or any other basis determined by the Administrator in its discretion. After the grant of Restricted Stock Units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Restricted Stock Units, subject to Section 6.

(c)Accelerated Vesting on Termination of Relationship as a Service Provider. Notwithstanding anything herein to the contrary, if a Participant ceases to be a Service Provider as a result of the Participant's Retirement, Disability or death, all unvested Restricted Stock Units subject to time-based vesting will become fully vested.

(d)Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(e)Form and Timing of Payment. Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in cash, Shares, or a combination thereof. Shares represented by Restricted Stock Units that are fully paid in cash again will be available for grant under the Plan.

(f)Rights as a Stockholder. If any earned Restricted Stock Units are to be paid in Shares, then until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to such Shares, notwithstanding the vesting of the Restricted Stock Units. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan.

(g)Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

(h)Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock Units as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

10. Stock Appreciation Rights.

(a)Grant of Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b)Number of Shares. The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, subject to Section 6.

(c)Exercise Price and Other Terms. The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan, provided, however, that the exercise price will be not less than 100% of the Fair Market Value of a Share on the date of grant and vesting terms will be subject to Section 6.

(d)Stock Appreciation Right Agreement. Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

Table of Contents

(e) Accelerated Vesting on Termination of Relationship as a Service Provider. Notwithstanding anything herein to the contrary, if a Participant ceases to be a Service Provider as a result of the Participant's Retirement, Disability or death, all unvested Stock Appreciation Rights subject to time-based vesting will become fully vested.

(f) Expiration of Stock Appreciation Rights. A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Notwithstanding the foregoing, the rules of Section 7(d) also will apply to Stock Appreciation Rights.

(g) Payment of Stock Appreciation Right Amount. Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times

(ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

11. Performance Units and Performance Shares.

(a) Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units/Shares granted to each Participant, subject to Section 6.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, business unit or individual goals (including, but not limited to, continued employment or service), applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share, subject to Section 6.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Rights as a Stockholder. If any earned Performance Units/Shares are to be paid in Shares, then until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to such Shares,

Table of Contents

notwithstanding the vesting of the Performance Units/Shares. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan.

(g) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(h) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Performance Units/Shares as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

12. Performance-Based Compensation Under Code Section 162(m).

(a) General. If the Administrator, in its discretion, decides to grant an Award intended to qualify as “performance-based compensation” under Code Section 162(m), the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards that are not intended to qualify as “performance-based compensation” under Section 162(m) of the Code to such Participants that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

(b) Performance Goals. The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Code Section 162(m) and may provide for a targeted level or levels of achievement (“Performance Goals”) including cash flow; cash flow from operations; total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; earnings from operations; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin; debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; safety record; stock price; and total stockholder return. Any Performance Goals may be used to measure the performance of the Company as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and may be measured either on an absolute basis, a per share basis or relative to a pre-established target, to a previous period’s results or to a designated comparison group, and, with respect to financial metrics, which may be determined in accordance with United States Generally Accepted Accounting Principles (“GAAP”), in accordance with accounting principles established by the International Accounting Standards Board (“IASB Principles”) or which may be adjusted when established to either exclude any items otherwise includable under GAAP or under IASB Principles or include any items otherwise excludable under GAAP or under IASB Principles. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant.

(c) Procedures. To the extent necessary to comply with the performance-based compensation provisions of Code Section 162(m), with respect to any Award granted subject to Performance Goals, within the first twenty-five percent (25%) of the Performance Period, but in no event more than ninety (90) days following the commencement of any Performance Period (or such other time as may be required or permitted by Code Section 162(m)), the Administrator will, in writing, (i) designate one or more Participants to whom an Award will be made, (ii) select the Performance Goals applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Participant for such Performance Period. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Participant, the Administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a

given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period. A Participant will be eligible to receive payment pursuant to an Award for a Performance Period only if the Performance Goals for such period are achieved.

A-13

(d)Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Participant and is intended to constitute qualified performance based compensation under Code Section 162(m) will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13.Leaves of Absence/Transfer Between Locations. Awards will be subject to any Company leave of absence policy as the Company may adopt or amend from time to time. A Participant will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months following the first (1st) day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14.Dividend Equivalents. The Administrator, in its discretion, may provide in the Award Agreement evidencing any Award (other than Options and Stock Appreciation Rights) that the Participant will be entitled to receive Dividend Equivalents with respect to the payment of cash dividends on Shares having a record date prior to the date on which the Awards are settled or forfeited. The Dividend Equivalents, if any, will be credited to an Award in such manner and subject to such terms and conditions as determined by the Administrator in its sole discretion subject to the provisions of this Section 14; provided, however that Dividend Equivalents will be subject to the same vesting provisions as the Awards to which they relate and while amounts may accrue while the Dividend Equivalent is unvested, the amounts payable with respect to Dividend Equivalents will not be paid before the Dividend Equivalent or the Award to which it relates vests. In the event of a dividend or distribution paid in Shares or any other adjustment made upon a change in the capital structure of the Company as described in Section 17, appropriate adjustments will be made to the Participant's Award and the associated Dividend Equivalent so that it represents the right to receive upon settlement any and all new, substituted or additional securities or other property (other than normal cash dividends) to which the Participant would be entitled by reason of the consideration issuable upon settlement of the Award, and all such new, substituted or additional securities or other property will be immediately subject to the same vesting and settlement conditions as are applicable to the Award. Dividend Equivalents will be subject to the same Fiscal Year limits applicable to the underlying Award as set forth in Section 6(d).

15.Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

16.Adjustments; Dissolution or Liquidation; Change in Control.

(a)Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits in Sections 3 and 6(d) of the Plan.

(b)Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it previously has not been exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c)Change in Control. In the event of a Change in Control, each outstanding Award will be treated as the Administrator determines, including, without limitation, that (i) Awards may be assumed, or substantially equivalent

Awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof) with appropriate adjustments as to the number and kind of shares and prices; (ii) upon written notice to a Participant, that the Participant's Awards will terminate upon or immediately prior to the consummation of such Change in Control; (iii) outstanding Awards will vest and become exercisable, realizable, or payable, or restrictions applicable to an Award will lapse, in whole or in part prior to or upon consummation of

A-14

Table of Contents

such Change in Control, and, to the extent the Administrator determines, terminate upon or immediately prior to the effectiveness of such merger or Change in Control; (iv) (A) the termination of an Award in exchange for an amount of cash and/or property, if any, equal to the amount that would have been attained upon the exercise of such Award or realization of the Participant's rights as of the date of the occurrence of the transaction (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction the Administrator determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Participant's rights, then such Award may be terminated by the Company without payment), or (B) the replacement of such Award with other rights or property selected by the Administrator in its sole discretion; or (v) any combination of the foregoing. In taking any of the actions permitted under this Section 16(c), the Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the successor corporation does not assume or substitute for the Award (or portion thereof), the Participant will fully vest in and have the right to exercise such outstanding Option and Stock Appreciation Right, including Shares as to which such Award would not otherwise be vested or exercisable, all restrictions on such Restricted Stock and Restricted Stock Units will lapse, and, with respect to such Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted in the event of a merger or Change in Control, the Administrator will notify the Participant in writing or electronically that such Option or Stock Appreciation Right will be exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Restricted Stock Unit, Performance Unit or Performance Share, for each Share subject to such Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

(d)Outside Director Awards. With respect to Awards granted to an Outside Director, in the event of a Change in Control, the Participant will fully vest in and have the right to exercise Options and/or Stock Appreciation Rights as to all of the Shares underlying such Award, including those Shares which otherwise would not be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all performance goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met.

17. Tax.

(a)Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof) or such earlier time as any tax withholding obligations are due, the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b)Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable Shares having a fair market value equal to the minimum statutory amount required to be withheld, (iii) delivering to the Company already-owned Shares having a fair market value equal to the statutory amount required to be withheld, provided the delivery of such Shares will not result in any adverse accounting consequences, as the Administrator determines in its

sole discretion, or (iv) selling a sufficient number of Shares otherwise deliverable to the Participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the amount required to be withheld. Notwithstanding the foregoing, the Administrator may permit withholding in excess of the minimum statutory amount, provided such withholding does not result in any adverse accounting consequences, as the Administrator determines in its sole discretion. The amount of the withholding requirement will be deemed to include any amount which the Administrator agrees may be withheld at the time the

A-15

election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined.

(c)Compliance With Code Section 409A. Awards will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Code Section 409A such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Code Section 409A, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Award Agreement under the Plan is intended to meet the requirements of Code Section 409A and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator.
