CORDIA CORPORATION AND SUBSIDIARIES
NOTES TO CONDENSED FINANCIAL STATEMENTS
September 30, 2001

Note 1: Basis of Presentation

Our unaudited condensed financial statements have been prepared in accordance with the instructions to Form 10-QSB and do not include all of the information and disclosures required by generally accepted accounting principles. Therefore, these financial statements should be read in conjunction with the financial statements and related footnotes included in our Annual Report on Form 10-KSB for the most recent year-end. These financial statements reflect all adjustments that are, in the opinion of management, necessary to fairly state the results for the interim periods reported. The results of operations for the nine months and three months ended September 30, 2001 are not necessarily indicative of the results to be expected for the full year.

During the three-month period ended June 30, 2001, the Company changed its name from CyberOpticLabs, Inc. to Cordia Corp.

The consolidated financial statements as of September 30, 2001 and December 31, 2000, and for the nine months and three months ended September 30, 2001, include the accounts of (a) ISG Group, Inc. and its subsidiaries (Universal Recoveries, Inc. and U.L.A.E., Inc., both wholly-owned), (b) U.S. Direct Agency, Inc. ("USD") and its affiliate, Riderpoint and subsidiary (which USD effectively controls), (c) Cordia Corporation and (d) WebQuill Internet Services, LLC ("WebQuill") (for the eight months ended September 30, 2001). The consolidated statements of operations and cash flows at September 30, 2000 include only the accounts of Riderpoint Inc. and subsidiary and Universal Recoveries, Inc. and U.L.A.E., Inc. All material intercompany balances and transactions have been eliminated.

Note 2: Investments

During February 2001, we exchanged 1,400,000 shares of our common stock, issued under Section 4(2) of the Securities Act of 1933, to eLEC Communications Corp. for (a) approximately 37% of the common stock of Riderpoint not owned by USD, (b) 600,000 shares (approximately 19%) of the common stock of Skyclub Communications Holding Corp. ("Skyclub"), (c) all of the outstanding membership interests in WebQuill, and (d) 200,000 shares of common stock of eLEC Communications Corp. Skyclub and WebQuill are entities under common control with us. Accordingly, these transactions have been recorded at cost.

Edgar Filing: CYBEROPTICLABS INC - Form 10QSB

At September 30, 2001, we owned 362,000 shares of eLEC Communications Corp. with a market value of \$119,460. The investment in eLEC Communications Corp. has been accounted for at fair market value. Our investment in Skyclub has been recorded at our cost of \$42,365. The remaining balance of investments of \$11,750 consisted of other marketable equity securities recorded at fair market value.

4

CORDIA CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED FINANCIAL STATEMENTS September 30, 2001

Note 3: Related Party Transactions

We periodically borrow funds from shareholders and affiliates of shareholders. The loans bear interest at the rate of 12% per annum and are payable on demand. At September 30, 2001, outstanding principle on affiliated loans was \$552,611. For the nine months ended September 30, 2001, interest expense incurred on affiliated loans was \$47,921.

Note 4: Commitments

We are committed for annual rentals under noncancelable operating leases for our office space, office equipment and a vehicle that expire at various times through February 2005. Future minimum rental commitments under these leases for years subsequent to December 31, 2001 are as follows:

Year Ending December 31 -----	
2001	186,515
2002	185,506
2003	185,548
2004	89,101
2005	96

Total	\$ 646,766
	=====

Note 5: Stockholders' Equity

On May 11, 2001, we entered into a consulting agreement with a one-year term. In connection with the consulting agreement, we issued non-employee stock options: 40,000 options were granted to acquire our common stock at \$1.25 per share, and 60,000 options were granted to acquire our common stock at \$3.00 per share. All stock options were fully vested when issued. The total cost of the agreement was \$167,000, of which \$62,850 has been charged to consulting expense through September 30, 2001 and the balance of \$104,750 allocated to prepaid expenses. During July 2001, we received \$50,000 upon exercise of 40,000 options.

On May 28, 2001, we issued 25,000 shares of common stock under a separate agreement, which was subsequently terminated on June 7, 2001. Accordingly, we recognized consulting expense of \$102,500 based on the fair market value of the shares on May, 28, 2001.

Item 2. Management's Analysis and Discussion of Financial Condition and Results of Operations

Certain statements in this Report constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Factors that might cause such a difference include, among others, availability, terms and deployment of capital; uncertainties relating to general economic and business conditions; industry trends; changes in demand for our products and services; uncertainties relating to customer plans and commitments and the timing of contracts received from customers; announcements or changes in our pricing policies or those of our competitors; and worldwide political stability and economic growth. The words "believe", "expect", "anticipate", "intend" and "plan" and similar expressions identify forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statement was made.

Overview

Cordia Corporation is a business services holding company that provides Internet-enabled outsourcing solutions and services to businesses and organizations. We currently focus substantially all of our efforts and resources on providing outsource solutions for the insurance industry.

We believe the growing use by businesses and other organizations of strategic outsourcing to expert organizations and the rapid global development and acceptance of Internet-based applications and technology have created opportunities for us to address the non-core business services needs of certain industries. Because of specialized expertise often developed by business services companies and the significant economies of scale that can be achieved by providing specialized services for a number of customers, we believe companies that provide outsource services are often able to deliver such services at lower costs and with higher quality than their customers can produce internally. In addition, we believe the rapid growth and acceptance of the Internet as a global medium for communication, information and commerce has created a tremendous opportunity to perform business functions more efficiently and effectively through the utilization of standardized Internet technologies, databases and applications.

Our strategy is to accelerate our growth and increase our profitability through the acquisition and internal development of businesses that provide either industry-specific expert services or specialized business functions. We plan to utilize internally developed proprietary systems that take advantage of standardized Internet technologies to enhance both the quality and efficiency of our services. We believe that properly designed and developed systems and applications can allow us to leverage the expertise of our employees and to deliver a superior service to our customers, which will give us a competitive advantage over expert organizations that seek to provide their services through traditional means.

Edgar Filing: CYBEROPTICLABS INC - Form 10QSB

Insurance Solutions Group

We operate primarily through ISG Group, Inc., our wholly-owned subsidiary that conducts business under the name Insurance Solutions Group ("ISG"). ISG provides comprehensive insurance solutions to insurance companies, state insurance departments and self-insured entities in conjunction with Universal Recoveries Inc., a wholly-owned subsidiary of ISG doing business as Subrogation Partners ("Subrogation Partners"), U.L.A.E. Inc., a wholly-owned subsidiary of ISG doing business as Claim Partners ("Claim Partners"), and US Direct Insurance Agency, Inc., doing business as Premium Partners ("Premium Partners").

Three and Nine Months Ended September 30, 2001 vs. September 30, 2000

Continuing operations

Our net revenues for the three- and nine-month periods ended September 30, 2001 increased by approximately \$781,000 and \$1,581,000, respectively, or approximately 136% and 127%, to approximately \$1,354,000 and \$2,826,000, respectively, as compared to approximately \$573,000 and \$1,245,000 reported for the same periods ended September 30, 2000.

The increase was primarily attributable to increased revenues reported by ISG Group, Inc. of approximately \$740,000 and \$1,530,000, respectively, or approximately 133% and 128%, to approximately \$1,295,000 and \$2,730,000 for the three-month and year-to-date periods ended September 30, 2001 from approximately \$555,000 and \$1,200,000 for the three-month and year-to-date periods ended September 30, 2000. ISG, which does business as Subrogation Partners and Claim Partners, provides outsource claims management and subrogation services to insurance providers. The increase in revenues reported for both the three-month and year-to-date periods were primarily attributable to increased outsourced claims management revenues.

During the three-month period ended September 30, 2001, the majority of the Riderpoint customer base was sold for consideration of approximately \$14,000.

Operating expenses increased by approximately \$737,000 and \$2,276,000, respectively, or approximately 83% and 118%, to approximately \$1,626,000 and \$4,209,000, respectively, for the three- and nine-month periods ended September 30, 2001 from approximately \$889,000 and \$1,934,000, respectively, reported for the prior year periods ended September 30, 2000. This increase in expense is primarily related to Subrogation Partners and Claims Partners operations, which reported increased operating expenses of approximately \$843,000 and \$2,203,000, respectively, for the three- and year-to-date periods ended September 30, 2001 as compared to the respective periods ended September 30, 2000. Those increases were partially offset by a decrease in expenses related to Riderpoint operations of approximately \$249,000 and \$501,000, respectively, for the three- and nine-month periods as compared to the prior periods. The increase in operating expenses and corporate overhead are primarily attributable to our increased investment during 2001 in the development and deployment of proprietary software systems; the opening of a new facility for Subrogation Partners and Claims Partners operations and costs associated with increased claims management revenues as compared to the three-month and year-to-date period ended September 30, 2000.

7

Interest expense for the three- and nine-month periods ended September 30, 2001 increased by approximately \$21,000 and \$42,000, respectively, from the amounts reported in the three- and nine-months periods ended September 30, 2000 primarily due to increased average borrowings.

Edgar Filing: CYBEROPTICLABS INC - Form 10QSB

Loss on investments for the three- and nine-month periods ended September 30, 2001 of approximately (\$136,000) and (\$202,000), respectively, versus losses of approximately (\$204,000) for the three-month period and losses of approximately (\$657,000) for the nine-month period ended September 30, 2000, primarily resulted from the change in market value of the shares we own of eLEC Communications Corp.

Liquidity and Capital Resources

At September 30, 2001, we had cash and cash equivalents available of approximately \$85,000, a decrease of approximately \$8,000 from amounts reported at September 30, 2000. At September 30, 2001, we had a working capital deficit of approximately (\$1,226,000), a decrease of approximately (\$1,165,000) from amounts reported at September 30, 2000. At September 30, 2001, we owned 362,000 shares of eLEC Communications Corp, at a market value of approximately \$119,000, and various other marketable securities with a market value of approximately \$54,000.

Net cash used in operating activities aggregated approximately \$373,000 and \$600,000 in the nine-month periods ended September 30, 2001 and September 30, 2000, respectively. The principal use of cash during the nine-month periods ended September 30, 2001 and September 30, 2000 was approximately \$1,564,000 and \$917,000, respectively, relating to the losses for those periods. Unearned income of approximately \$494,000 during the nine-month period ended September 30, 2001 offset the higher losses in the 2001 period.

Net cash provided by (used in) investing activities aggregated approximately (\$63,000) and \$801,000 during the nine-month periods ended September 30, 2001 and September 30, 2000, respectively. Cash applied to investing activities consisted primarily of purchases of investments of approximately (\$346,000), purchases of property and equipment of approximately (\$90,000) and proceeds from the sale of investments of approximately \$387,000 during the nine-month period ended September 30, 2001. Cash provided by investing activities during the nine-months ended September 30, 2000 consisted primarily of proceeds of approximately \$880,000 from the sale of investments which were partially offset by the purchases of property and equipment of approximately (\$93,000).

Net cash provided by (used in) financing activities aggregated approximately \$465,000 and (\$128,000) during the nine-month periods ended September 30, 2001 and September 30, 2000, respectively. The source of net cash provided by financing activities in the nine-month period ended September 30, 2001 resulted primarily from the proceeds of borrowings from affiliates of approximately \$418,000. For the nine-month period ended September 30, 2000, the use of net cash in financing activities resulted from the reduction in borrowings from affiliates and others of approximately (\$126,000).

At November 13, 2001, we beneficially owned 352,000 shares of common stock of eLEC Communications Corp. (NASDAQ: ELEC). Of such shares, approximately 192,000 shares are registered and eligible for sale in the public markets. Approximately 160,000 additional shares will not be eligible for sale in the public markets until February 2002. We anticipate that our shares of eLEC Communications Corp. may be sold from time to time, primarily to fund our current operating losses and our growth. We believe that the working capital and cash flow from operations of our ISG Group, Inc. subsidiary will be sufficient to meet the cash and capital requirements of our ISG subsidiary for the next 12 months. We believe our cash and cash equivalent assets at November 13, 2001, although adequate for the operations of our ISG operations, may not provide us with sufficient liquidity to execute many of our acquisition and expansion plans. In

Edgar Filing: CYBEROPTICLABS INC - Form 10QSB

addition, as discussed above, a significant portion of our liquid assets consist of marketable securities. As the market value of such securities could vary widely during the year, we may ultimately monetize some or all of such securities at prices that will not generate sufficient cash to enable us to carry out our fiscal 2001 operating plans. In recognition of the potential need for additional working capital, management intends to seek additional sources of capital, which sources may include public and private sales of our securities and additional borrowings from both affiliates and non-affiliates. Our inability to obtain sufficient working capital may restrict our ability to carry out our operating plans resulting in the continuance of unprofitable operations, which would adversely affect our financial condition and results of operations.

9

PART II. OTHER INFORMATION:

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

In the third quarter of 2001, we sold an aggregate of 40,000 shares of our common stock at a price of \$1.25 per share to one accredited investor. Such sales were made pursuant to Rule 506 under the Securities Act of 1933, as amended

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K
