## CVRD Concludes Export Receivables Securitization Transaction

Rio de Janeiro, July 28, 2003 □ Companhia Vale do Rio Doce (CVRD), the world´s largest exporter of iron ore and pellets, concluded a US\$ 250 million export receivables securitization note issue with 10-year maturity, coupon rate of 4.43% per year and yield to maturity of 4.48% per year.

This note issue was structured by JP Morgan Securities Inc. and it was privately placed with investors according to rule 144 A/ Regulation S of the Securities and Exchange Commission (SEC). The CVRD note is guaranteed by MBIA Insurance Corporation. It is a single tranche issue rated AAA by Standard & Poors, Aaa by Moody's and AAA by Fitch Ratings, based on the exceptional quality of CVRD as the originator of this transaction, on the solid portfolio of designated customers and on the built-in strength of the structure.

This transaction is part of a securitization program launched in September 2000 and it is supported by receivables generated from export sales of iron ore and pellets to six clients located in the United States, Continental Europe and Asia. On September 2000 CVRD issued US\$ 300 million notes, in three tranches, with 7 to 10-year maturities.

The main terms of this transaction follows:

Principal (US\$ million)	Maturity (years)	Grace Period (years)	Coupon (per annum)	Interest payment
250	10	2	4.43%	Quarterly

This transaction is in line with CVRD's financial management focus on debt duration increase and reduction of its cost of capital.

This press release may contain statements that express management's expectations about future events or results rather than historical facts. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected in forward-looking statements, and CVRD cannot give assurance that such statements will prove correct. These risks and uncertainties include factors: relating to the Brazilian economy and securities markets, which exhibit volatility and can be adversely affected by developments in other countries; relating to the iron ore business and its dependence on the global steel industry, which is cyclical in nature; and relating to the highly competitive industries in which CVRD operates. For additional information on factors that could cause CVRD's actual results to differ from expectations reflected in forward-looking statements, please see CVRD's reports filed with the Brazilian Comissão de Valores Mobiliários and the U.S. Securities and Exchange Commission.
