3. To approve an amendment to the Bluefly, Inc. 1997 Stock Option Plan, as amended (the "Plan"), which would increase the aggregate number of shares of Common Stock that may be the subject of options granted pursuant to the Plan from 5,400,000 shares to 12,200,000 shares (the "Plan Amendment");

VOTING

Holders of record of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock as of the close of business on [October 10, 2002] (the "Record Date") will be entitled to vote at the meeting or any adjournment thereof. Each share of Common Stock entitles the holder thereof to one vote on all matters to come before the stockholders at the meeting, except the election of two members of the Board of Directors, one of whom was elected by the holders of Series A Preferred Stock voting separately as

Edgar Filing: BLUEFLY INC - Form PRE 14A

a class (the

"Series A Preferred Designee"), and one of whom was elected by the holders of Series B Preferred Stock voting separately as a class (the "Series B Preferred Designee" and, together with the Series A Preferred Designee, the "Preferred Designees"). The Series A Preferred Designee was elected by vote of the holders of Series A Preferred Stock in August 2002 and the Series B Preferred Designee was elected by the holders of the Series B Preferred Stock in August 2002. Each share of Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock entitles the holder thereof to the number of votes equal to the number of shares of Common Stock (rounded up to the nearest whole number) into which such share is convertible as of the Record Date. As of that date, each share of Series A Preferred Stock was convertible into approximately 8.5 shares of Common Stock, and therefore, entitles the holder thereof to nine votes on all matters to come before the meeting. As of the Record Date, each share of Series B Preferred Stock was convertible into 2.5 shares of Common Stock and, therefore, entitles the holder thereof to three votes on all matters to come before the meeting. As of the Record Date, each share of Series C Stock was convertible into 1075.27 shares of Common Stock and, therefore, entitles the holder thereof to 1076 votes on all matters to come before the meeting other than the approval of the Series 2002 Conversion Provisions and the Series C Conversion Provisions, on which matters the holders of Series C Preferred Stock are not entitled to vote pursuant to the certificate of designations regarding the Series C Preferred Stock. None of the Common Stock, the Series A Preferred Stock, the Series B Preferred Stock or the Series C Preferred Stock is entitled to cumulative voting.

Holders of a majority of the votes entitled to be cast at the meeting will constitute a quorum for the transaction of business. As of the Record Date, there were 10,391,904 shares of Common Stock outstanding, each entitled to one vote, 500,000 shares of Series A Preferred Stock outstanding, each entitled to nine votes, 8,910,782 shares of Series B Preferred Stock, each entitled to three votes and 1,000 shares of Series C Preferred Stock, each entitled to 1076 votes. The total number of votes entitled to be cast at the meeting is, therefore, 42,700,250. Abstentions and so-called "broker non-votes" (instances in which brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy) are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

The favorable vote of a majority of the votes eligible to be cast by the holders of the outstanding shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, voting together as a class, and the favorable vote of holders of a majority of the outstanding shares of Common Stock, voting separately as a class, is necessary to approve the Charter Amendment; the favorable vote of a majority of the votes cast by holders of shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock present in person or represented by proxy at the meeting, voting together as a class, is necessary to approve the adoption of the Plan Amendments and the ratification of the independent accountants; the favorable vote of a majority of the votes cast by holders of shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock present in person or represented by proxy at the meeting, voting together as a class, is necessary to approve the Series 2002 Conversion Provisions and the Series C Conversion Provisions; and the favorable vote of a plurality of the votes cast by holders of shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock present in person or represented by proxy at the meeting, voting together as a class, is necessary to elect the nominees for the directors of the Corporation. Abstentions and broker non-votes will not be counted as votes cast with respect to, and therefore will have no effect on, the election of directors, the approval of the Plan Amendment, the approval of the

Edgar Filing: BLUEFLY INC - Form PRE 14A

Series 2002 Conversion Provisions, the approval of the Series C Conversion Provisions or the ratification of the independent accountants and will effectively act as votes against the Charter Amendment, since such proposal requires the affirmative vote of a majority of the votes eligible to be cast at the meeting (as opposed to a majority of the votes actually cast at the meeting). The Board of Directors recommends a vote FOR each of the proposals set forth above.

ITEM 1. ELECTION OF DIRECTORS

Five directors are to be elected at the meeting to serve until the next annual meeting of stockholders. The Board of Directors has recommended the persons named in the table below as nominees for election as directors. All such persons are presently directors of the Corporation. Unless otherwise specified in the accompanying proxy, the shares voted pursuant to it will be voted for the persons named below as nominees for election as directors. If, for any reason, at the time of the election, any of the nominees should be unable or unwilling to accept election, such proxy will be voted for the election, in such nominee's place, of a substitute nominee recommended by the Board of Directors. However, the Board of Directors has no reason to believe that any nominee will be unable or unwilling to serve as a director.

2

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Objective and Philosophy. The Option Plan/Compensation Committee works closely with management to design an executive compensation program to assist the Corporation in attracting and retaining outstanding executives and senior management personnel. The design and implementation of such program continually evolves as the Corporation grows, but is based primarily on two elements: (i) providing compensation opportunities that are competitive with competing companies of similar size and (ii) linking executives' compensation with the Corporation's financial performance by rewarding the achievement of short-term

Edgar Filing: BLUEFLY INC - Form PRE 14A

and long-term objectives of the Corporation.

Compensation Program Components. Currently, the three principal components of the Corporation's executive compensation program are: (i) annual base salary, (ii) short-term incentive compensation in the form of performance bonuses payable in cash each year, and (iii) long-term incentive compensation in the form of stock options. These programs are structured in accordance with the Option Plan/Compensation Committee's objectives and philosophy.

Base Salary. Base salary levels for the Corporation's executives are designed to be reflective of competitive conditions in the marketplace for executives of comparable talent and experience and are based on responsibility and performance. Base salaries for executives are generally recommended by executive management for the review and approval of the Option Plan/Compensation Committee and the Board (subject to applicable employment agreements).

Short-Term Incentive Compensation. The short-term incentive compensation component consists of performance bonuses. The amount of any bonus is determined, in part, pursuant to the Corporation's management by objective ("MBO") program. Pursuant to the MBO program, individual and corporate goals are set annually and, in some instances, every six months, and the bonus paid to each executive is based in part on measuring which of these goals have been realized.

Long-Term Incentive Compensation. The long-term incentive compensation component consists of stock option plans under which executives may be granted stock options exercisable to purchase shares of Common Stock. The exercise price of stock options represents the fair market value of the Common Stock on the date of grant, which is the closing sale price of the Common Stock on the Nasdaq SmallCap Market for the business day preceding the date of grant. Generally, the stock options become exercisable in equal annual increments over four years and expire ten years from the date of grant. The deferred vesting provisions of the stock options are designed to reward long-term contributions and create an incentive for executives to remain with the Corporation. The Option Plan/Compensation Committee believes that granting stock options creates an incentive to promote the long-term interests of the Corporation and aligns the economic benefit to be derived therefrom by the Corporation's executives with those of the Corporation's outside shareholders. Stock options are granted by the Option Plan/Compensation Committee (and approved by the Board) to key employees based on management's recommendation, and levels of participation in the plan generally vary based on the employee's position with the Corporation.

CEO Compensation. Mr. Seiff's employment agreement provides for a base salary of \$250,000, subject to increase by the Board of Directors, and an annual bonus to be determined by the Board of Directors, which may, at the discretion of the Board of Directors, be paid through the issuance of capital stock of the Corporation. His compensation is determined annually by the Option Plan/Compensation Committee based on his compensation in prior years and the compensation of CEO's of similarly-sized companies in the internet retailing industry.

Base Salary. During fiscal 2001, Mr. Seiff received an annual base salary of \$267,308.

Short-term Incentive Compensation. Mr. Seiff participated in the short-term incentive compensation plan discussed above and received a performance bonus of \$69,500 for fiscal 2001.

Long-term Incentive Compensation. During fiscal 2001, no options to purchase Common Stock were granted to Mr. Seiff.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the

Edgar Filing: BLUEFLY INC - Form PRE 14A

"Code"), generally disallows a tax deduction for compensation over \$1.0 million paid to a Corporation's chief executive officer and certain other highly

11

compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The short-term incentive compensation plan adopted by the Corporation has been structured to comply with the requirements under Code Section 162(m) regarding qualifying performance-based compensation to provide for the deductibility of compensation payable thereunder. The Option Plan/Compensation Committee does not expect that the total cash and non-cash compensation received by any executive of the Corporation in fiscal 2002 will exceed \$1.0 million.

Employment Agreements

Edgar Filing: BLUEFLY INC - Form PRE 14A

The Corporation has entered into an employment agreement with Mr. Seiff, which provides for a base salary, subject to increase by the Board of Directors, and an annual bonus to be determined by the Board of Directors. Mr. Seiff's employment agreement provides that, at the discretion of the Board of Directors, all or part of such bonus may be paid through the issuance to Mr. Seiff of capital stock of the Corporation, provided that at the request of Mr. Seiff, a portion of such bonus sufficient to pay any income taxes arising from such bonus will be paid in cash rather than in capital stock of the Corporation. Mr. Seiff's base salary under his employment agreement is \$250,000. Mr. Seiff's employment agreement expires at the end of December 2002. Mr. Seiff's employment agreement obligates the Corporation to pay him an amount equal to the greater of one year's base salary and the total amount due to him during the remaining term of the contract in connection with a termination of his employment by the Corporation, other than for cause. Mr. Seiff's employment agreement also provides for the immediate vesting of any stock options held by him in the event that certain events classified as a "Change In Control" occur. In addition, the Corporation maintains a \$1.2 million key person life insurance policy on the life of Mr. Seiff.

The Corporation is currently negotiating or intends to negotiate employment agreements with Messrs. Barry and Morris to replace recently expired agreements with both of these executive officers. Of course, there can be no assurance that the Corporation will be able to negotiate such employment agreements successfully, or as to the terms that may be contained in any such employment agreement.

Directors' Compensation

The Corporation's non-employee, independent directors are paid a cash stipend of \$500 for each board or committee meeting attended in person and are reimbursed for expenses incurred on behalf of the Corporation. Additionally, each non-employee director receives an option to purchase 3,750 shares of Common Stock under the Plan at the time that such director is appointed and an annual grant of an option to purchase 3,750 shares of Common Stock under the Plan.

Certain Relationships and Related Transactions

In March 2000, the Corporation obtained a commitment from QIP and, to the extent applicable, SFMDI (collectively, "Soros") to provide, at the Corporation's option, up to \$15 million of financing at any time during the year 2000 on terms reflecting market rates for such financings at the time such financing was provided (the "Soros Commitment"). As of December 31, 2000, Soros had provided the Corporation with the aggregate principal amount of \$15 million in convertible debt financing pursuant to the Soros Commitment, in the form of notes that bore interest at the rate of 8% per annum and were due in May 2001 (the "Soros Commitment Notes"). In connection with the Soros Commitment and the Soros Commitment Notes, the Corporation granted Soros warrants to purchase up to 375,000 shares of Common Stock at an exercise price of \$2.29 per share, exercisable at any time during the five years following issuance (the "Soros Commitment Warrants"). The Soros Commitment Warrants have been valued at \$467,000, using the Black-Scholes option pricing model and, accordingly, the Corporation recorded a credit to additional paid in capital and a debt discount, that was amortized over the life of the debt.

In November 2000, the Corporation entered into additional agreements with Soros (the "Additional Soros Financing"), pursuant to which Soros agreed to invest up to an additional \$15 million in the Corporation, subject to certain conditions. Under the terms of the Additional Soros Financing, (a) in November 2000, Soros invested an additional \$5 million in the form of promissory notes (the "Additional Soros Notes"), (b) in February 2001, following the receipt of shareholder approval of certain aspects of the transaction, the Soros Commitment Notes and the Additional Soros Notes converted into Series B Preferred Stock at the rate of \$2.34 per share and the conversion price of the Series A Preferred Stock was reduced to \$2.34 per share, (c) the Corporation offered to its public

shareholders the right to purchase up to an aggregate of \$20 million of Common Stock at a price of \$2.34 per share (the "Rights Offering") and (d) Soros agreed to purchase a total dollar amount of shares of Common Stock equal to the difference between \$20 million and the aggregate total dollar amount of shares of Common Stock purchased by public shareholders in the Rights Offering, subject to a maximum \$10 million commitment on the part of Soros (the "Standby Commitment"). The Rights Offering expired in March 2001. Public shareholders subscribed for 6,921 shares of Common Stock in the Rights Offering for aggregate proceeds of \$16,000, and, in accordance with the Standby Commitment, Soros

Edgar Filing: BLUEFLY INC - Form PRE 14A

purchased an aggregate of 4,273,504 shares of Common Stock for an aggregate of \$10 million in March 2001.

On March 30, 2001, the Corporation entered into an agreement with Soros (the "Reimbursement Agreement") pursuant to which Soros agreed to issue a standby letter of credit at closing in the amount of \$2.5 million in favor of Rosenthal & Rosenthal, Inc. ("Rosenthal") to guarantee (the "Soros Guarantee") a portion of the Corporation's obligations under the agreement (the "Rosenthal Financing Agreement") pursuant to which Rosenthal provides the Corporation with certain credit accommodations, including loans and advances, factor-to-factor guarantees, letters of credit in favor of suppliers and factors and purchases of payables owed to the Corporation's suppliers (the "Loan Facility"). The Corporation agreed to reimburse Soros for any amounts it pays to Rosenthal pursuant to such guarantee and the Corporation granted Soros a subordinated lien on substantially all of its assets, including its cash balances, in order to secure its reimbursement obligations. In addition, during the term of the Rosenthal Financing Agreement, at the Corporation's request, Soros would issue another standby letter of credit for up to an additional \$1.5 million. In consideration for the Soros Guarantee, the Corporation issued to Soros warrants to purchase 100,000 shares of Common Stock at an exercise price equal to \$0.88, exercisable at any time prior to September 16, 2011.

On March 22, 2002, the Corporation amended the Reimbursement Agreement with Soros by reducing the total amount of standby letters of credit that Soros is obligated to issue to secure the Loan Facility to \$1.5 million from \$4 million. In exchange for Soros' agreement to maintain the Soros Guarantee until August 15, 2003, on March 22, 2002, the Corporation issued to Soros warrants to purchase 60,000 shares of Common Stock at an exercise price of \$1.66 per share at any time until March 30, 2007. In connection with the issuance of this warrant, Soros agreed that the issuance of this warrant would not trigger the anti-dilution provision of Section 5.8.6 of the Corporation's certificate of incorporation.

Subject to certain conditions, if the Corporation defaults on any of its obligations under the Rosenthal Financing Agreement, Rosenthal has the right to draw upon the Soros Guarantee to satisfy any such obligations. If and when Rosenthal draws on the Soros Guarantee, pursuant to the terms of the Reimbursement Agreement, the Corporation would have the obligation to, among other things, reimburse Soros for any amounts drawn under such Soros Guarantee plus interest accrued thereon. In addition, to the extent that Rosenthal draws on the Soros Guarantee during the continuance of a default under the Rosenthal Financing Agreement or at any time that the total amount outstanding under the Loan Facility exceeds 90% of the undrawn amount of the Soros Guarantee, the Corporation will be required to issue to Soros a warrant (each, a "Contingent Warrant") to purchase a number of shares of Common Stock equal to the quotient of (a) any amounts drawn under the Soros Guarantee and (b) 75% of the average of the closing price of the Common Stock on the ten days preceding the date of issuance of such warrant. Each Contingent Warrant will be exercisable for ten years from the date of issuance at an exercise price equal to 75% of the average closing price of our Common Stock on the ten days preceding ten days after the date of issuance.

In December 2001, Soros loaned the Corporation an aggregate of \$182,000 in order to pay certain legal expenses of its counsel that the Corporation was required to pay pursuant to its various investment agreements with Soros. The loan, which is evidenced by promissory notes, bears interest at the rate of 9% per year and is payable in December 2004.

On March 27, 2002, the Corporation entered into an agreement (the "Soros Standby Agreement") with Soros, pursuant to which Soros agreed to provide the Corporation with up to four million dollars (\$4,000,000) (the "Standby Commitment Amount") of additional financing on a standby basis at any time prior

Edgar Filing: BLUEFLY INC - Form PRE 14A

to January 1, 2003, all of which has since been funded as described below. The Corporation was permitted to draw down on the Standby Commitment Amount only at such time that the Corporation's total cash balances were less than \$1,000,000. Such financing was permitted to be made in one or more tranches as determined by the members of the Board of Directors

16

who are not Soros designees, and any and all financings made were required to be on terms that were consistent with those in the market at the time the draw was made for similar investments by investors similar to Soros in companies similar to the Corporation. Subject to certain limitations, the Standby Commitment Amount was to be reduced on a dollar-for-dollar basis by the gross cash proceeds received by the Corporation or any of its subsidiaries from the issuance of any equity or convertible securities after March 27, 2002. In exchange for this commitment, but not as a substitute for additional consideration that Soros would receive if and when any financing was made pursuant to the Soros Standby Agreement, the Corporation issued to Soros a warrant to purchase 100,000 shares of Common Stock at an exercise price of \$1.68 per share at any time until March 27, 2007. In connection with the issuance of this warrant, Soros agreed that the issuance of this warrant would not trigger the anti-dilution provision of Section 5.8.6 of the Corporation's certificate of incorporation.

In June 2002, Soros invested \$1.9 million in the Corporation, thereby reducing its standby commitment to \$2.1 million. Under the terms of the transaction, the Corporation issued to Soros 1,186,573 shares of Common Stock at \$1.57 per share, and warrants to purchase 296,644 shares of Common Stock at any time during the next five years at an exercise price of \$1.88 per warrant for a purchase price of \$0.125 per warrant.

The June 2002 Soros investment was negotiated as part of an equity financing in which third party investors would also participate. In particular, one third party investor committed to invest approximately \$7 million on the same terms and conditions as those that applied to Soros' investment. However, this third party investment has not been consummated, and the Corporation does not know when or if it will be consummated. To date, the only funds that the Corporation has received from the third party investor is a good faith deposit, for which the Corporation agreed, for a limited period of time, not to pursue remedies against the third party investor as a result of its failure to honor its investment commitment. That period has since expired[, and the Corporation has commenced an action against the investor]. The Corporation believes that the third party investor's obligations to consummate the investment are enforceable. However, litigation is subject to inherent risks and uncertainties. Moreover, given the substantial costs involved with litigation, there can be no assurance that the amount that the Corporation would be able to collect with respect to any judgment rendered in connection with such litigation would exceed the costs associated with obtaining such judgment.

In connection with the June 2002 financing, the Corporation agreed to file a registration statement with the Commission within 45 days of closing, in order to register the Common Stock issued in the financing, as well as the Common Stock underlying the warrants. However, given the failure to date of the third party investors to consummate their investment, Soros has agreed with the Corporation to delay the filing of such registration statement, although the Corporation expects that it will be required to file such registration statement at some point in the future.

As a result of the June 2002 financing, the conversion price of the Series B Preferred Stock, almost all of which is held by Soros, automatically decreased from \$2.34 to \$1.57. In accordance with EITF 00-27, this reduction in

Edgar Filing: BLUEFLY INC - Form PRE 14A

the conversion price of the Corporation's Series B Preferred Stock resulted in the Corporation recording a beneficial conversion feature in the approximate amount of \$10.2 million as part of its second quarter financial results. This non-cash charge, which is analogous to a dividend, resulted in an adjustment to the Corporation's computation of (Loss)/Earnings Per Share.

In August 2002, Soros invested an additional \$2.1 million in the Corporation, thereby reducing its standby commitment to zero. Under the terms of the deal, the Corporation issued to Soros 2,100 shares of newly-designated Series 2002 Convertible Preferred Stock at a price of \$1,000 per share. The Series 2002 Convertible Preferred Stock has a liquidation preference of \$1,000 per share and, subject to shareholder approval as discussed under Item 4 below, is convertible in whole or in part, at the holder's option, into the type of equity securities sold by the Corporation in any subsequent round of equity financing, at the lowest price per share paid by any participant in such financing and upon such other terms and conditions as such securities are sold in such financing. The Series 2002 Convertible Preferred Stock does not have any fixed dividend rate, and does not provide the holders thereof with any voting rights, other than with respect to transactions or actions that would adversely affect the rights, preference, powers and privileges of the Series 2002 Convertible Preferred Stock.

In September 2002, the Corporation and Soros entered into an agreement pursuant to which Soros purchased 1,000 shares of the Series C Preferred Stock and promissory notes convertible into Series C Preferred

17

Stock ("Series C Notes") in the aggregate principal amount of \$2,000,000, all for the aggregate purchase price of \$3,000,000. Each share of Series C Preferred Stock has a face value of \$1,000 and a liquidation preference equal to the greater of (i) \$1,000 plus accrued and unpaid dividends and (ii) the amount the holder of such share would receive if it were to convert such share into Common Stock immediately prior to the liquidation of the Corporation. The Series C Preferred Stock is convertible, subject to shareholder approval as discussed under Item 5 below, at any time and from time to time at the option of the holder into Common Stock at the rate of one to 1,075.27, subject to adjustment, provided that, until such time as the Charter Amendment is approved, the Series C Preferred Stock is not convertible. The conversion price of the Series C Preferred Stock is subject to an anti-dilution adjustment, pursuant to which, subject to certain exceptions, to the extent that the Corporation issues Common Stock or securities convertible into Common Stock at a price per share less than the Series C Preferred Stock conversion price in the future, the conversion price of the Series C Preferred Stock would be decreased so that it would equal the price at which shares of common stock are sold in the new issuance. However, to the extent required by the rules of the Nasdaq SmallCap Market or any other national securities exchange or quotation system upon which the Common Stock may be listed from time to time, until such time as the Series C Conversion Provisions are approved, the total number of shares of Common Stock issuable upon conversion of the Series C Preferred Stock may not exceed 2,077,341 shares (which represents 19.99% of the Corporation's currently outstanding Common Stock), regardless of any adjustment to the Series C Preferred Stock conversion price.

Beginning on November 13, 2002, the Corporation is entitled to redeem all, but not less than all, of the outstanding Series C Preferred Stock for cash at the price of, depending upon the date of such redemption, four times, four and one-half times or five times the market price of the Common Stock on the date of the initial issuance of the Series C Preferred Stock. Dividends accrue on the Series C Preferred Stock at an annual rate equal to 8.0% of the face

Edgar Filing: BLUEFLY INC - Form PRE 14A

value and are payable only upon conversion or redemption of the Series C Stock or upon the liquidation of the Corporation. The Series C Preferred Stock votes on an as converted basis, except with respect to the approval of the Series 2002 Conversion Provisions and the Series C Conversion Provisions, on which matters the Series C Preferred Stock is not entitled to vote pursuant to the certificate of designations regarding the Series C Preferred Stock. Interest on the Series C Notes accrues at an annual rate equal to 3.0% on a cumulative, compounding basis and is payable only upon repayment of the principal amount, whether at maturity or upon a mandatory or optional prepayment. The outstanding principal amount of the Series C Notes and all accrued and unpaid interest is payable in full no later than March 26, 2003. The Series C Notes are subject to (i) mandatory prepayment upon the occurrence of certain bankruptcy events, whether voluntary or involuntary, (ii) prepayment at the option of the holder upon the occurrence of certain events of default, the sale of all or substantially all of the Corporation's assets, the merger or consolidation of the Corporation into another entity or any change of control of the Corporation and (iii) prepayment at the option of the Corporation, at any time or from time to time, upon five days notice to the holder. The principal amount of and interest accrued on the Series C Notes are convertible into Series C Preferred Stock, at the option of the holder and at any time and from time to time, at the rate of \$1,000 per share. The Corporation's obligations under the Series C Notes are subordinated to its obligations under the Rosenthal Financing Agreement although such subordination does not effect Soros's conversion rights with respect to the Series C Notes.

As a result of the September 2002 financing, the conversion price of the Series B Preferred Stock, almost all of which is held by Soros, automatically decreased from \$1.57 to \$0.93. In accordance with EITF 00-27, this reduction in the conversion price of the Corporation's Series B Preferred Stock resulted in the Corporation recording a beneficial conversion feature in the approximate amount of \$5.1 million as part of its third quarter financial results. This non-cash charge, which is analogous to a dividend, resulted in an adjustment to the Corporation's computation of (Loss)/Earnings Per Share.

Until May 2002, Robert G. Stevens, a director of the Corporation, served as an Executive Vice President of the Corporation. In connection with the termination of his employment, the Corporation agreed to pay to Growth Insight, a corporation wholly owned by Mr. Stevens, \$7,000 per month in consideration of consulting services to be performed from June 1, 2002 to November 30, 2002.

The Corporation believes that each of the transactions described above was on terms fair to the Corporation's and its stockholders, and at least as favorable to the Corporation those available from unaffiliated third parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Corporation's directors and executive officers and persons who beneficially own more than ten percent of the Common Stock (collectively, the "Reporting Persons") to file with the Commission initial reports of beneficial ownership and reports of changes in beneficial ownership of the Common Stock. Reporting Persons are required to furnish the Corporation with copies of all such reports. To the Corporation's knowledge, based solely on a review of copies of such reports furnished to the Corporation and certain representations of the Reporting Persons, the Corporation believes that during the 2001 fiscal year all Reporting Persons complied with all applicable Section 16(a) reporting requirements, except that Josephine Esquivel's initial statement of beneficial ownership on Form 3 upon her appointment as a director of the

Edgar Filing: BLUEFLY INC - Form PRE 14A

Corporation was inadvertently filed late but was filed on July 18, 2001.

ITEM 2. APPROVAL OF THE CHARTER AMENDMENT

The Corporation's Certificate of Incorporation presently authorizes the issuance by the Corporation of up to 65,000,000 shares of stock, consisting of 40,000,000 shares of Common Stock and 25,000,000 shares of preferred stock, par value \$.01 per share ("Preferred Stock"). As of the Record Date there were 10,391,904 shares of Common Stock issued and outstanding, and an additional 22,502,598 shares of Common Stock reserved for issuance upon conversion of shares of Preferred Stock or upon the exercise of outstanding warrants or options issued under the Corporation's stock option plans leaving a balance of 7,105,498 shares of Common Stock authorized and available for issuance. Furthermore, the Corporation's stock option plans provide for the issuance of options to purchase up to an additional 3,021,088 shares of Common Stock. Accordingly, the Corporation could not grant the full amount of options provided for under its current stock option plans, unless some of the options were to be granted subject to stockholder approval of an increase in the number of authorized shares of Common Stock. In addition, until such time as the Charter Amendment is approved, the holders of Series B Preferred Stock and Series C Preferred Stock have agreed to certain limitations on their conversion rights in order to ensure that the number of shares of Common Stock issuable exceed the number of such shares authorized for issuance.

Because of the limited number of shares of Common Stock available to be issued, the Board of Directors has unanimously approved, and voted to recommend that the stockholders approve, the Charter Amendment pursuant to which the number of shares of Common Stock which the Corporation would be authorized to issue would be increased from 40,000,000 to 92,000,000 shares. If the Charter Amendment is approved by the stockholders at the annual meeting, the Corporation intends to file an amendment to its certificate of incorporation (substantially in the form attached hereto as Exhibit B) with the Secretary of State of the State of Delaware as soon as reasonably practicable and it will become effective upon filing.

The additional shares of Common Stock, when issued, would have the same rights and privileges as the shares of Common Stock now issued. There are no pre-emptive rights relating to the Common Stock. Any issuance of additional shares of Common Stock would increase the number of outstanding shares of Common Stock and (unless such issuance was pro-rata among existing stockholders) the percentage ownership of existing stockholders would be diluted accordingly. The dilutive effect of such an issuance could discourage a change in control of the Corporation by making it more difficult or costly. The Corporation is not aware of anyone seeking to accumulate Common Stock or obtain control of the Corporation, and has no present intention to use the additional authorized shares to deter a change in control.

Although the Corporation does not presently have any plans, intentions, agreements, understandings or arrangements regarding the issuance of the proposed additional shares of Common Stock, the Board of Directors believes that it will need to do so in the future. The Board of Directors believes that an increase in the authorized Common Stock would provide the Corporation with increased flexibility in the future to issue capital stock in connection with public or private offerings, stock dividends, financing transactions, employee benefit plans and other proper corporate purposes. Moreover, having such additional authorized shares of Common Stock available will give the Corporation the ability to issue stock without the expense and delay of a special meeting of stockholders, which delay might deprive the Corporation of the flexibility the Board views as important in facilitating the effective use of the Corporation's stock. Except as otherwise required by applicable law or stock exchange rules, authorized but unissued shares of Common Stock may be issued at such time, for such purpose and

for such consideration as the Board of Directors may determine to be appropriate, without further authorization by stockholders.

The Board of Directors recommends a vote FOR approval of the Charter Amendment.

ITEM 3. APPROVAL OF THE PLAN AMENDMENT

On March 5, 1997, the Board of Directors adopted, and the stockholders approved, the Bluefly, Inc. 1997 Stock Option Plan. The Plan originally provided for the issuance of options (each an "Option") to purchase up to an aggregate of 200,000 shares of Common Stock. At the 1998, 1999 and 2000 annual meetings, the stockholders approved amendments to the Plan which increased the aggregate number of shares of Common Stock which may be the subject of Options granted pursuant to the Plan to 500,000 shares, 1,500,000 shares and 5,400,000 shares, respectively. These shares are issuable under the Plan pursuant to either Incentive Stock Options ("ISOs") qualifying under Section 422 of the Code, granted to officers and key employees of the Corporation, or Non-Qualified Stock Options ("NQSOs") granted to officers, key employees, consultants and non-employee directors. The Corporation currently has 62 officers and key employees, one consultant who has been granted Options under the Plan and six non-employee directors. The Plan is designed to provide an incentive to officers, key employees, consultants and non-employee directors of the Corporation by making available to them an opportunity to acquire a proprietary interest or to increase their proprietary interest in the growth and performance of the Corporation. As of September 30, 2002, Options to purchase 3,878,912 shares of Common Stock have been granted and remain outstanding under the Plan.

Proposed Amendments

In August 2002, the Board of Directors approved amendments to the Plan, subject to stockholder approval, which would increase the aggregate number of shares of Common Stock which may be the subject of Options granted pursuant to the Plan from 5,400,000 shares to 12,200,000 shares.

The Board of Directors recommended that the Plan Amendment be presented to the Corporation's stockholders for approval. The Board of Directors adopted the Plan Amendment to ensure that the Plan has sufficient shares reserved to allow for future grants under the Plan necessary for the Corporation to remain competitive in its recruiting efforts and for the Corporation to retain existing executives and other key employees. In determining the appropriate size of the increase, the Board of Directors took into account the size of the option programs of a number of similar companies as well as the Corporation's future hiring plans. The Board of Directors also took into account the significant increase in the total number of shares of Common Stock outstanding over the last two years.

If the stockholders fail to approve the Plan Amendment, the Corporation would likely be severely constrained in its ability to attract and retain executives, other key employees, consultants and directors, and in motivating and retaining skilled management personnel and directors necessary for the Corporation's success.

A copy of the Plan as amended by the Plan Amendment is attached hereto as Exhibit C. The following is a summary of the material provisions of the Plan.

Administration of the Plan. The Option Plan/Compensation Committee

Edgar Filing: BLUEFLY INC - Form PRE 14A

administers the Plan. The Option Plan/Compensation Committee has the full power and authority, subject to the provisions of the Plan, to designate participants, grant Options and determine the terms of all Options, except that non-employee directors are, in addition to discretionary grants, automatically granted Options both upon becoming members of the Board of Directors and annually pursuant to the formula described below. The Plan provides that no participant may be granted Options to purchase more than 1,000,000 shares of Common Stock in a fiscal year. The Option Plan/Compensation Committee is required to make adjustments with respect to Options granted under the Plan in order to prevent dilution or expansion of the rights of any holder. The Plan requires that the Option Plan/Compensation Committee be composed of at least two directors, each of whom is an "outside director" as that term is defined for purposes of Section 162(m) of the Code. The Plan also requires that the Option Plan/Compensation Committee members be "Non-Employee Directors" within the meaning of Rule 16b-3 under the

20

Exchange Act. Each member of the Option Plan/Compensation Committee is an "outside director" as that term is defined for purposes of Section 162(m) of the Code and is a "Non-Employee Director" within the meaning of Rule 16b-3 under the Exchange Act.

Amendment. The Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board of Directors, but no amendment without the approval of the stockholders of the Corporation shall be made if stockholder approval would be required under Section 162(m) of the Code, Section 422 of the Code, Rule 16b-3 under the Exchange Act or any other law or rule of any governmental authority, stock exchange or other self-regulatory organization to which the Corporation is subject. Neither the amendment, suspension or termination of the Plan shall, without the consent of the holder of such Option, alter or impair any rights or obligations under any Option theretofore granted.

Options Issued Under Stock Option Plan. The terms of specific Options are determined by the Option Plan/Compensation Committee. The per share exercise price of the Common Stock subject to an ISO shall not be less than 100% of the fair market value of the shares of Common Stock on the date of grant. However, in the case of an ISO granted to a holder of shares representing more than 10% of the total combined voting power of the Corporation (a "10% stockholder"), the per share exercise price shall not be less than 110% of the fair market value of the Common Stock on the date of the grant. The per share exercise price of the Common Stock subject to a NQSO will be the price determined by the Option Plan/Compensation Committee. The term of each NQSO will be specified by the Option Plan/Compensation Committee, which will generally not exceed 10 years from the date of grant. However, the term of ISOs must not exceed 10 years after the date of the grant (five years, if granted to a 10% stockholder). In addition, the fair market value of shares of Common Stock subject to ISOs (determined as of the date such ISOs are granted) exercisable for the first time by any individual during any calendar year may in no event exceed \$100,000.

Upon the exercise of an Option, the Option holder shall pay the Corporation the exercise price plus the amount of the required federal and state withholding taxes, if any. At the Option Plan/Compensation Committee's discretion, the Plan allows the participant to pay the exercise price (i) in cash, shares of Common Stock, outstanding Options or other consideration or any combination thereof or (ii) pursuant to a broker-assisted cashless exercise program established by the Option Plan/Compensation Committee, provided in each case that such methods avoid "short-swing" trading profits to the participant under Section 16(b) of the Exchange Act. To date, the Option Plan/Compensation

Edgar Filing: BLUEFLY INC - Form PRE 14A

Committee has not established a broker-assisted cashless exercise program. The Plan also allows participants to elect to have shares withheld upon exercise for the payment of withholding taxes.

The unexercised portion of any Option granted to an officer or key employee under the Plan generally will be terminated (i) 30 days after the date on which the optionee's employment is terminated for any reason other than (A) Cause (as defined in the Plan), (B) retirement or mental or physical disability, or (C) death; (ii) immediately upon the termination of the optionee's employment for Cause; (iii) (A) in the case of any ISO, three months after the date on which the optionee's employment is terminated by reason of retirement or one year after the optionee's employment is terminated by reason of mental or physical disability and (B) in the case of any NQSO, three months after the date on which the optionee's employment is terminated by reason of retirement or mental or physical disability which period may be extended in the discretion of the Option Plan/Compensation Committee up to one year after the date on which the optionee's employment is terminated by reason of retirement or mental or physical disability; or (iv) (A) 12 months after the date on which the optionee's employment is terminated by reason of his death or (B) three months after the date on which the optionee shall die if such death occurs during the three-month period following the termination of the optionee's employment by reason of retirement or mental or physical disability. The Option Plan/Compensation Committee has in the past, and may in the future, extend the period of time during which an optionee may exercise options following the termination of his or her employment.

Under the Plan, an Option generally may not be transferred by the optionee other than by will or by the laws of descent and distribution. During the lifetime of an optionee, an Option may be exercised only by the optionee or, in certain instances, by the optionee's guardian or legal representative, if any.

Directors' Options. The Plan provides that each non-employee director, who has not previously received a grant of NQSOs, automatically will be granted a NQSO to purchase 3,750 shares of Common Stock on the date of appointment or election, subject to the provisions of the Plan. The Plan further provides that each non-employee

21

director who is serving on the Board of Directors on April 30 of a year during the term of the Plan automatically will receive a NQSO to purchase 3,750 shares of Common Stock on May 1 of the following year. The exercise price of the shares of Common Stock subject to Options granted automatically to each non-employee director shall be 100% of the fair market value of the shares of Common Stock on the date of grant. In addition to Options which may be automatically granted to non-employee directors, the Plan provides that non-employee directors generally may be granted Options at the discretion of the Option Plan/Compensation Committee. Options granted to non-employee directors only may be exercised within ten years of the date of grant. Options granted to non-employee directors terminate (i) 30 days after termination of the director's service as a director of the Corporation for any reason other than retirement or mental or physical disability or death, (ii) three months after the date the director ceases to serve as a director of the Corporation due to retirement or physical or mental disability, which period may be extended at the discretion of the Option Plan/Compensation Committee up to one year after the date on which the director ceases to serve as a director of the Corporation due to retirement physical or mental disability or (iii) (A) 12 months after the date the director ceases to serve as a director due to his death or (B) three months after the death of the director if such death shall occur during the three-month period following the

Edgar Filing: BLUEFLY INC - Form PRE 14A

date the director ceased to serve as a director of the Corporation due to physical or mental disability. Except as discussed herein, Options granted to non-employee directors are on the same terms and conditions as all other NQSOs granted pursuant to the Plan.

As of September 30, 2002, the following individuals and groups had been granted, and are currently holding, Options under the Plan to purchase shares in the amounts indicated: E. Kenneth Seiff (Chairman of the Board, Chief Executive Officer, President and Treasurer): 1,105,000 shares; Patrick C. Barry (Chief Operating Officer and Chief Financial Officer): 644,912 shares; Jonathan B. Morris (Executive Vice President and Secretary): 645,000 shares; Robert G. Stevens (Director): 188,250 shares (including 175,000 shares granted to Mr. Stevens as an executive officer of the Corporation); 188,250 shares Josephine Esquivel (Director): 7,500 shares; Alan Kane (Director): 3,750 shares; Martin Miller (Director): 24,500 shares; Neal Moszkowski (Director): 15,000 shares; David Wassong (Director): 7,500; all current executive officers as a group: 2,998,162 shares; all current non-executive officer directors as a group: 246,500 shares (including 175,000 shares granted to Mr. Stevens as an executive officer of the Corporation); and all employees, including officers other than executive officers, as a group: 1,240,250 shares. As of September 30, 2002, the market value of the Common Stock underlying outstanding Options was approximately \$3.3 million.

Interest of Certain Persons in Matters to be Acted Upon

Although the Corporation cannot currently determine the number of shares subject to Options that may be granted in the future to executive officers or non-employee directors, each of the executive officers and non-employee directors of the Corporation has an interest in the approval of the Plan Amendment in so far as they are likely to be recipients of future Options.

Federal Income Tax Consequences

Set forth below is a description of the federal income tax consequences under the Code of the grant and exercise of the benefits awarded under the Plan.

There will be no federal income tax consequences to employees, directors, consultants or the Corporation on the grant of a NQSO. On the exercise of a NQSO, the employee, director or consultant generally will have taxable ordinary income, subject, in the case of an employee, to withholding, in an amount equal to the excess of the fair market value of the shares of Common Stock received on the exercise date over the option price of the shares. The Corporation will be entitled to a tax deduction in an amount equal to such excess, provided the Corporation complies with applicable reporting and/or withholding rules. Any ordinary income realized by an employee, director or consultant upon exercise of a NQSO will increase his tax basis in the Common Stock thereby acquired. Upon the sale of Common Stock acquired by exercise of a NQSO, employees, directors and consultants will realize capital gain or loss, which capital gain may be subject to reduced rates of tax if such stock was held for more than one year prior to the sale.

An employee, director or consultant who surrenders shares of Common Stock in payment of the exercise price of a NQSO will not recognize gain or loss on his surrender of such shares, but will recognize ordinary income on the exercise of the NQSO as described above. Of the shares received in such an exchange, that number of shares

equal to the number of shares surrendered will have the same tax basis and

Edgar Filing: BLUEFLY INC - Form PRE 14A

capital gains holding period as the shares surrendered. The balance of the shares received will have a tax basis equal to their fair market value on the date of exercise, and the capital gains holding period will begin on the date of exercise.

With respect to ISOs, no compensation income is recognized by an optionee, and no deduction is available to the Corporation upon either the grant or exercise of an ISO. However, the difference between the exercise price of an ISO and the market price of the Common Stock acquired on the exercise date will be included in alternative minimum taxable income of the optionee for the purposes of the "alternative minimum tax." Generally, if an optionee holds the shares acquired upon exercise of ISOs until the later of (i) two years from the grant of the ISOs and (ii) one year from the date of acquisition of the shares upon exercise of an ISO, any gain recognized by the optionee on a sale of such shares will be treated as capital gain. The gain recognized upon the sale is the difference between the Option price and the sale price of the underlying Common Stock. The net federal income tax effect on the holder of ISOs is to defer, other than for alternative minimum tax purposes, until the shares are sold, taxation of any increase in the value of the Common Stock from the time of grant to the time of exercise. If the optionee sells the shares prior to the expiration of the holding period set forth above, the optionee will realize ordinary compensation income in the amount equal to the difference between the exercise price and the fair market value on the date of exercise. The compensation income will be added to the optionee's basis for purposes of determining the gain on the sale of the shares. Such gain will be capital gain if the shares are held as capital assets. If the application of the above-described rule would result in a loss to the optionee, the compensation income required to be recognized thereby would be limited to the excess, if any, of the amount realized on the sale over the basis of the shares sold. If an optionee disposes of shares obtained upon exercise of an ISO prior to the expiration of the holding period described above, the Corporation will be entitled to a deduction in the amount of the compensation income that the optionee recognizes as a result of the disposition, subject to the Corporation satisfying its reporting obligations.

If an optionee is permitted to, and does, make the required payment of the Option price by delivering shares of Common Stock, the optionee generally will not recognize any gain as a result of such delivery, but the amount of gain, if any, which is not so recognized will be excluded from his basis in the new shares received. However, the use by an optionee of shares previously acquired pursuant to the exercise of an ISO to exercise an Option will be treated as a taxable disposition if the transferred shares have not been held by the optionee for the requisite holding period described above.

If the Corporation delivers cash, in lieu of fractional shares, or shares of Common Stock to an employee pursuant to a cashless exercise program, the employee will recognize ordinary income equal to the cash paid and the fair market value of any shares issued as of the date of exercise. An amount equal to any such ordinary income will be deductible by the Corporation, provided it complies with applicable reporting and/or withholding requirements.

If an optionee is permitted to, and does, exercise an ISO later than three months (one year in the event of the optionee's disability, as defined in Code Section 22(e)(3)) of the optionee's termination of employment (other than by reason of death), the optionee will recognize income, and the Corporation generally will be entitled to a deduction, upon exercise of the Option in accordance with the rules for NQSOs described above, provided it complies with applicable reporting and/or withholding requirements.

Section 162(m) of the Code, which generally disallows a tax deduction for compensation over \$1,000,000 paid to the Chief Executive Officer and certain other highly compensated employees ("covered employees") of publicly held

Edgar Filing: BLUEFLY INC - Form PRE 14A

corporations, provides that "performance-based" compensation will not be subject to the \$1,000,000 deduction limitation. Because an employer is not, except in the case of a disqualifying disposition, entitled to a deduction upon the grant or exercise of an ISO in any event, this provision generally does not affect the Corporation's tax treatment with regard to ISOs. The compensation element of NQSOs granted by "outside directors" under a plan approved by stockholders with an exercise price equal to the fair market value of the underlying stock as of the date of grant is considered performance-based compensation, if certain requirements are met. The Plan meets such requirements and, accordingly, the compensation element of NQSOs with an exercise price equal to the fair market value of the underlying stock as of the date of grant will not be subject to the deduction limitation of Section 162(m).

23

The Plan is not subject to any provisions of the Employee Retirement Income Security Act of 1974 and is not required to be qualified under Section 401(a) of the Code.

The Board of Directors recommends a vote FOR approval of the Plan Amendment.

The following is a summary of the material provisions of the Bluefly, Inc. 2000 Plan Stock Option Plan (the "2000 Plan"), the only equity compensation plan of the Corporation not approved by the Corporation's security holders.

Eligibility. Key employees of the Corporation who are not officers or directors of the Corporation and its affiliates and consultants to the Corporation are eligible to be granted options.

Administration of the 2000 Plan. The Option Plan/Compensation Committee administers the 2000 Plan. The Option Plan/Compensation Committee has the full power and authority, subject to the provisions of the 2000 Plan, to designate participants, grant options and determine the terms of all options. The 2000 Plan provides that no participant may be granted Options to purchase more than

Edgar Filing: BLUEFLY INC - Form PRE 14A

1,000,000 shares of Common Stock in a fiscal year. The Option Plan/Compensation Committee is required to make adjustments with respect to Options granted under the 2000 Plan in order to prevent dilution or expansion of the rights of any holder. The 2000 Plan requires that the Option Plan/Compensation Committee be composed of at least two directors.

Amendment. The 2000 Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board of Directors, but no amendment without the approval of the stockholders of the Corporation shall be made if stockholder approval would be required under any law or rule of any governmental authority, stock exchange or other self-regulatory organization to which the Corporation is subject. Neither the amendment, suspension or termination of the 2000 Plan shall, without the consent of the holder of an option under the 2000 Plan, alter or impair any rights or obligations under any option theretofore granted.

Options Issued Under 2000 Plan. The Option Plan/Compensation Committee determines the term and exercise price of each option under the 2000 Plan and the time or times at which such option may be exercised in whole or in part, and the method or methods by which, and the form or forms in which, payment of the exercise price may be paid.

24

Upon the exercise of an option under the 2000 Plan, the option holder shall pay the Corporation the exercise price plus the amount of the required federal and state withholding taxes, if any. The 2000 Plan also allows participants to elect to have shares withheld upon exercise for the payment of withholding taxes.

The unexercised portion of any option granted to a key employee under the 2000 Plan generally will be terminated (i) 30 days after the date on which the optionee's employment is terminated for any reason other than (A) Cause (as defined in the 2000 Plan), (B) retirement or mental or physical disability, or (C) death; (ii) immediately upon the termination of the optionee's employment for Cause; (iii) three months after the date on which the optionee's employment is terminated by reason of retirement or mental or physical disability; or (iv) (A) 12 months after the date on which the optionee's employment is terminated by reason of his death or (B) three months after the date on which the optionee shall die if such death occurs during the three-month period following the termination of the optionee's employment by reason of retirement or mental or physical disability. The Option Plan/Compensation Committee has in the past, and may in the future, extend the period of time during which an optionee may exercise options following the termination of his or her employment.

Under the 2000 Plan, an option generally may not be transferred by the optionee other than by will or by the laws of descent and distribution. During the lifetime of an optionee, an option under the 2000 Plan may be exercised only by the optionee or, in certain instances, by the optionee's guardian or legal representative, if any.

ITEM 4. SERIES 2002 CONVERSION PROVISIONS

As discussed above under the caption "Certain Relationships and Related Transactions," on August 9, 2002, the Corporation issued to Soros 2,100 shares of Series 2002 Preferred Stock in consideration of an aggregate of \$2,100,000. The certificate of designations of the Series 2002 Preferred Stock provides that, subject to stockholder approval to the extent required by the rules of the Nasdaq SmallCap Market or any other national securities exchange or quotation system upon which the Common Stock may be listed from time to time, the Series

Edgar Filing: BLUEFLY INC - Form PRE 14A

2002 Preferred Stock is convertible at any time upon the consummation of any subsequent round of financing into the securities issued in such financing at a per share rate equal to \$1,000 divided by the lowest price per share paid by any participant in such financing. The holders of Series 2002 Preferred Stock have waived their conversion rights with respect to the September 2002 issuance of Series C Preferred Stock.

As a Nasdaq SmallCap Market - listed issuer, the Corporation is subject to the requirement that it obtain stockholder approval for any issuance of securities convertible into Common Stock at a price less than the greater of book or market value which equals 20% of the Common Stock or voting power outstanding before such issuance. While it is not clear whether or under what circumstances this rule would apply to the conversion of the Series 2002 Preferred Stock, the Board of Directors has determined that it is advisable to submit the Series 2002 Conversion Provisions to the approval of the Corporation's stockholders. Stockholder approval under Nasdaq's rules requires the vote of a simple majority of the shares present at any meeting and entitled to vote. Therefore, Soros beneficially owns sufficient shares (even excluding its shares of Series C Preferred Stock, which is not entitled to vote on this matter) to determine the outcome of the vote with respect to the Series 2002 Conversion Provisions.

As holder of a majority of the issued and outstanding Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, Soros has substantial influence over whether, and the terms upon which, the Corporation may consummate any subsequent round of financing. Moreover, Soros has historically provided the Corporation with much of its needed equity capital. Although there can be no assurance that the Corporation will be able to raise additional equity capital, the Board of Directors believes that it will be substantially more difficult to raise additional equity capital, either from Soros or a third party, in the event that the Series 2002 Conversion Provisions are not approved.

The Board of Directors recommends a vote FOR approval of the Series 2002 Conversion Provisions.

ITEM 5. SERIES C CONVERSION PROVISIONS

As discussed above under the caption "Certain Relationships and Related Transactions," on September 27, 2002, the Corporation issued to Soros 1,000 shares of Series C Preferred Stock and Series C Notes in the aggregate

25

principal amount of \$2,000,000, all for an aggregate purchase price of \$3,000,000. In connection with this financing, the corporation designated 3,500 shares of Series C Preferred Stock, 1,000 of which were issued as noted above and 2,000 of which may be issued upon conversion of the Series C Notes.

As noted above under Item 4, as a Nasdaq SmallCap Market - listed issuer, the Corporation is subject to the requirement that it obtain stockholder approval for any issuance of securities convertible into Common Stock at a price less than the greater of book or market value which equals 20% of the Common Stock or voting power outstanding before such issuance. While the conversion price of the Series C Preferred Stock was based on the market value of the Common Stock as of the date of issuance, the Corporation understands that Nasdaq may take the position that the inclusion of provisions relating to anti-dilution adjustments to the Series C Preferred Stock conversion price based on future equity issuances may bring the Series C Preferred Stock within the coverage of the Nasdaq stockholder approval rules. Accordingly, the Board of Directors has

Edgar Filing: BLUEFLY INC - Form PRE 14A

determined that it is advisable to submit the Series C Conversion Provisions to the approval of the Corporation's stockholders and the maximum number of shares that may be issued upon conversion of the Series C Preferred Stock has been set at 2,077,431 (which represents 19.99% of the currently outstanding Common Stock) until such time as the Series C Conversion Provisions are so approved. Stockholder approval under Nasdaq's rules requires the vote of a simple majority of the shares present at any meeting and entitled to vote. Therefore, Soros beneficially owns sufficient shares of Common Stock (even excluding its shares of Series C Preferred Stock, which is not entitled to vote on this matter) to determine the outcome of the vote with respect to the Series C Conversion Provisions.

As holder of a majority of the issued and outstanding Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, Soros has substantial influence over whether, and the terms upon which, the Corporation may consummate any subsequent round of financing. Moreover, Soros has historically provided the Corporation with much of its needed equity capital. Although there can be no assurance that the Corporation will be able to raise additional equity capital, the Board of Directors believes that it will be substantially more difficult to raise additional equity capital, either from Soros or a third party, in the event that the Series C Conversion Provisions are not approved.

The Board of Directors recommends a vote FOR approval of the Series C Conversion Provisions.

ITEM 6. RATIFICATION OF APPOINTMENT OF ACCOUNTANTS

The Audit Committee of the Board of Directors has selected PwC as independent accountants for the fiscal year ending December 31, 2002. The Corporation's financial statements for the 2001 fiscal year were examined and reported upon by PwC. The Audit Committee has directed that the appointment of PwC as the Corporation's independent accountants for the fiscal year ending December 31, 2002 be submitted for ratification by the stockholders at the annual meeting.

In the event that the stockholders do not ratify the appointment of PwC, the Audit Committee is not obligated to appoint other accountants, but the Audit Committee will give consideration to such unfavorable vote. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines such a change would be in the best interest of the Corporation and its stockholders.

A representative of PwC will be present at the meeting, will be provided the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions from stockholders.

Audit Fees

The aggregate fees billed for professional services rendered by PwC for the audit of the Corporation's consolidated financial statements, including the reviews of the Corporation's condensed consolidated financial statements included in its quarterly reports on Form 10-Q, for fiscal 2001 were approximately \$61,000.

Financial Information Systems Design And Implementation Fees

Edgar Filing: BLUEFLY INC - Form PRE 14A

PwC did not render any services to the Corporation related to financial information systems design and implementation during fiscal 2001.

Other Fees

PwC did not bill the Corporation for any other professional services rendered during fiscal 2001 other than those described in the previous two paragraphs.

The Board of Directors recommends a vote FOR the ratification of PwC as the Corporation's independent accountants.

However, if any other matters properly come before the meeting, or any adjournment thereof, it is intended that proxies in the accompanying form will be voted in accordance with the judgment of the persons named therein.

The Corporation's bylaws provide that a stockholder who intends to present a proposal for stockholder vote at the Corporation's next annual meeting must give written notice to the Secretary of the Corporation not less than 90 days prior to the date that is one year from the date of this annual meeting. Accordingly, any such proposal must be received by the Corporation before [August 21], 2003. The notice must contain specified information about the proposed business and the stockholder making the proposal. If a stockholder gives notice of a proposal after the deadline, the Corporation's proxy holders will have discretionary authority to vote on this proposal when and if raised at the next annual meeting. In addition, in order to include a stockholder proposal in the Corporation's proxy statement and form of proxy for the next annual meeting, such proposal must be received by the Corporation at its principal executive offices no later than the close of business on [June 20], 2003 and must otherwise comply with the rules of the Commission for inclusion in the proxy materials.

COST OF SOLICITATION

The cost of soliciting proxies in the accompanying form has been or will be borne by the Corporation. Directors, officers and employees of the Corporation may solicit proxies personally or by telephone or other means of communications. Although there is no formal agreement to do so, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Corporation may reimburse them for any attendant expenses.

No Participant shall be granted in any one fiscal year Options to purchase more than 1,000,000 Shares. To the extent that an Option granted to a Participant ceases to remain outstanding by reason of termination of rights granted thereunder, forfeiture or otherwise, the Shares subject to such Option shall again become available for award under the Plan; provided, however, that in the case of the cancellation or termination of an Option in the same fiscal year that such Option was granted, both the canceled Option and the newly granted Option shall be counted in determining whether the recipient has received the maximum number of such Options under the Plan for such fiscal year.

(ii) Accounting for Awards. For purposes of this Section 4, the number of Shares covered by an Option to (A) a Key Employee or Consultant or (B) a Non-Employee Director shall be counted on the date of grant of such Option against the aggregate number of Shares

available for granting Options under the Plan to (x) Key Employees and Consultants or (y) Non-Employee Directors, respectively.

(iii) Sources of Shares Deliverable Under Options. Any Shares delivered pursuant to an Option may consist, in whole or in part, of authorized and unissued Shares or of treasury Shares.

(b) Adjustments. In the event that the Committee shall determine that any (i) subdivision or consolidation of Shares, (ii) dividend or other distribution (in the form of Shares), (iii) recapitalization or other capital adjustment of the Company or (iv) merger, consolidation or other reorganization of the Company or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event (of a type described in Treasury Regulation Section 1.162-27(e)(2)(iii)(C)), affects the Shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem necessary to prevent dilution or enlargement of the benefits or potential benefits intended to be made under the Plan, adjust any or all of (x) the number and type of Shares which thereafter may be made the subject of Options, (y) the number and type of Shares subject to outstanding Options, and (z) the grant, purchase, or exercise price with respect to an Option or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Option, provided, however, in each case, that (i) with respect to Incentive Stock Options no such adjustment shall be authorized to the extent that such adjustment would cause the Plan to violate Section 422 of the Code or any successor provision thereto; (ii) each such adjustment shall be made in such manner as not to constitute a cancellation and reissuance of a Non-Qualified Stock Option for purposes of Section 162(m) of the Code, or the regulations promulgated thereunder, to the extent that such reissuance would result in the grant of such Options in excess of the maximum permitted to be granted to any Participant in any fiscal year; and (iii) the number of Shares subject to any Option denominated in Shares shall always be a whole number.

Section 5. Eligibility

3

Options may be granted only to Key Employees, Consultants and Non-Employee Directors; provided, however, that Incentive Stock Options may be granted only to Key Employees. In determining the Persons to whom Options shall be granted and the number of Shares to be covered by each Option, the Committee shall take into account the nature of the Person's duties, such Person's present and potential contributions to the success of the Company and such other factors as it shall deem relevant in connection with accomplishing the purposes of the Plan. A Key Employee or Consultant who has been granted an Option or Options under the Plan may be granted an additional Option or Options, subject to such limitations as may be imposed by the Code on the grant of incentive Stock Options.

Section 6. Option

The Committee is hereby authorized to grant Options to Participants upon the following terms and the conditions (except to the extent otherwise provided in Section 7) and with such additional terms and conditions, in either case not inconsistent with the provisions of the Plan, as the Committee shall determine:

(a) Exercise Price. The purchase price per Share purchasable under Incentive Stock Options shall not be less than 100% of the Fair

Edgar Filing: BLUEFLY INC - Form PRE 14A

Market Value of a Share on the date of grant; provided that the purchase price per Share purchasable under Incentive Stock Options granted to Ten Percent Shareholders shall be not less than 110% of the Fair Market Value of a Share on the date of grant. The purchase price per Share purchasable under Non-Qualified Stock Options shall be the price determined by the Committee.

(b) Option Term. The term of each Non-Qualified Stock Option shall be fixed by the Committee. The term of each Incentive Stock Option shall in no event be more than 10 years from the date of grant, or in the case of an Incentive Stock Option granted to a Ten Percent Shareholder, 5 years from the date of grant.

(c) Time and Method of Exercise. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, and the method or methods by which, and the form or forms in which, payment of the option price with respect thereto may be made or deemed to have been made (including, without limitation, (i) cash, Shares, outstanding Options or other consideration, or any combination thereof, having a Fair Market Value on the exercise date equal to the relevant option price and (ii) a broker-assisted cashless exercise program established by the Committee), provided in each case that such methods avoid "short-swing" profits to the Participant under Section 16(b) of the Securities Exchange Act of 1934, as amended. The payment of the exercise price of an Option may be made in a single payment or transfer, in installments, or on a deferred basis, in each case in accordance with rules and procedures established by the Committee.

(d) Early Termination. The unexercised portion of any Option granted to a Key Employee or Consultant under the Plan will generally be terminated (i) thirty (30) days after the date on which the Key Employee's employment is terminated or the period of the Consultant's services ceases, as the case may be, for any reason other than (A) Cause (as defined below), (B) retirement or mental or physical disability, or (C) death; (ii) immediately upon the termination of the Key Employee's employment for Cause; (iii) in the case of any Incentive Stock Option, three months after the date on which the Key Employee's employment is terminated by reason of retirement or one year after the Key Employee's employment is terminated by reason of mental or physical disability, or in the case of any Non-Qualified Stock Option, three months after the date on which the Key Employee's employment is terminated or the period of the Consultant's services ceases, as the case may be, by reason of retirement or mental or physical disability, or in the discretion of the Committee up to one year after the date on which the Key Employee's employment is terminated or the period of the Consultant's services ceases, as the case may be, by reason of retirement or

mental or physical disability; or (iv) (A) 12 months after the date on which the Key Employee's employment is terminated or the period of the Consultant's services ceases, as the case may be, by reason of the death of the Key Employee or the Consultant, as the case may be, or (B) three months after the date on which the Key Employee or the Consultant, as the case may be, shall die if such death shall occur during the three-month period following the termination of the Key Employee's employment or the cessation of the Consultant's services, as the case may be, by reason of retirement or mental or physical disability. The term "Cause," as used herein, shall mean (w) the Key

Edgar Filing: BLUEFLY INC - Form PRE 14A

Employee's willful misconduct or fraud in the performance of his duties under such Key Employee's employment arrangement with the Company, (x) the continued failure or refusal of the Key Employee (following written notice thereof) to carry out any reasonable request of the Board for the provision of services under such Key Employee's employment arrangement with the Company, (y) the material breach by the Key Employee of his employment arrangement with the Company or (z) the entering of a plea of guilty or nolo contendere to or the conviction of the Key Employee for a felony or any other criminal act involving moral turpitude, dishonesty, theft or unethical business conduct. For purposes of this paragraph (d), no act shall be considered willful unless done or omitted to be done not in good faith and without reasonable belief that such action or omission was in the best interest of the Company.

(e) Incentive Stock Options. All terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision thereto, and any regulations promulgated thereunder.

(f) No Cash Consideration for Awards. Awards shall be granted for no cash consideration or such minimal cash consideration as may be required by applicable law.

(g) Limits on Transfer of Options. Subject to Code Section 422, no Option and no right under any such Option, shall be assignable, alienable, saleable, or transferable by a Participant otherwise than by will or by the laws of descent and distribution; provided, however, that, if so determined by the Committee, a Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the rights of the Participant, and to receive any property distributable, with respect to any Option upon the death of the Participant. Each Option, and each right under any such Option, shall be exercisable during the Participant's lifetime, only by the Participant or, if permissible under applicable law with respect to any Option that is not an Incentive Stock Option, by the Participant's guardian or legal representative. No Option and no right under any such Option, may be pledged, alienated, attached, or otherwise encumbered, and any purported pledge, alienation, attachment, or encumbrance thereof shall be void and unenforceable against the Company or any Affiliate.

(h) Term of Options. Except as set forth in Section 6(b) and Section 7, the term of each Option shall be for such period as may be determined by the Committee.

(i) Share Certificates. All certificates for Shares or other securities of the Company delivered under the Plan pursuant to any Option or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other restrictions of the Securities and Exchange Commission, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal or state securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

Section 7. Options Awarded to Non-Employee Directors

Edgar Filing: BLUEFLY INC - Form PRE 14A

Each Non-Employee Director who was a member of the Board on the Effective Date (defined hereafter) shall automatically be granted on such date a Non-Qualified Stock Option to purchase 5,000 Shares, subject to all of the provisions of the Plan. Each person who is either elected or appointed a Non-Employee Director, and who has not previously received a grant of Non-Qualified Stock Options pursuant to the Plan, shall automatically be granted a Non-Qualified Stock Option to purchase 3,750 Shares on the date of their appointment or election, subject to the provisions of the Plan. In addition, each Non-Employee Director who is a member of the Board on April 30 of a year during the term of the Plan beginning in calendar year 1998 shall automatically be granted a Non-Qualified Stock Option to purchase 3,750 Shares on May 1 of the following year. All Options granted to Non-Employee Directors pursuant to the Plan shall (a) be (in the case of a grant under this Section 7) at an exercise price per Share equal to 100% of the Fair Market Value of a Share on the date of the grant; (b) have (in the case of a grant under this Section 7) a term of 10 years; (c) terminate (i) thirty (30) days after termination of a Non-Employee Director's service as a director of the Company for any reason other than retirement or mental or physical disability or death, (ii) thirty (30) days after the date the Non-Employee Director ceases to serve as a director of the Company due to retirement or physical or mental disability, or in the discretion of the Committee up to one year after the date the Non-Employee Director ceases to serve as a director of the Company due to retirement or physical or mental disability or (iii) (A) 12 months after the date the Non-Employee Director ceases to serve as a director due to the death of the Non-Employee Director or (B) three months after the death of the Non-Employee Director if such death shall occur during the three month period following the date the Non-Employee Director ceased to serve as a director of the Company due to physical or mental disability; and (d) be otherwise on the same terms and conditions as all other Options granted pursuant to the Plan.

Section 8. Amendment and Termination

Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Option Agreement or in the Plan:

(a) Amendments to the Plan. The Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board, but no amendment without the approval of the shareholders of the Company shall be made if shareholder approval would be required under Section 162(m) of the Code, Section 422 of the Code, Rule 16b-3 or any other law or rule of any governmental authority, stock exchange or other self-regulatory organization to which the Company is subject. Neither the amendment, suspension or termination of the Plan shall, without the consent of the holder of such Option, alter or impair any rights or obligations under any Option theretofore granted.

(b) Adjustments of Options Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee shall be authorized to make adjustments in the terms and conditions of, and the criteria included in, Options in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4(b) hereof) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent enlargement of the benefits or potential benefits to be made available under the Plan.

(c) Correction of Defects, Omissions, and Inconsistencies. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Option in the manner and to the extent it shall deem desirable to carry the Plan into effect.

Section 9. Election to Have Shares Withheld

(a) In combination with or in substitution for cash withholding or any other legal method of satisfying federal and state withholding tax liability, a Participant may elect to have Shares withheld by the Company or to

6

have Shares sold in a broker-assisted transaction in order to satisfy federal and state withholding tax liability (a "share withholding election"), provided (i) the Committee shall have adopted procedures providing for a withholding election; and (ii) the share withholding election is made on or prior to the date on which the amount of withholding tax liability is determined (the "Tax Date"). If a Participant elects within thirty (30) days of the date of exercise to be subject to withholding tax on the exercise date pursuant to the provisions of Section 83(b) of the Code, then the share withholding election may be made during such thirty (30) day period. Notwithstanding the foregoing, a holder whose transactions in Common Stock are subject to Section 16(b) of the Securities Exchange Act of 1934, as amended, may make a share withholding election only if the following additional conditions are met: (i) the share withholding election is made no sooner than six (6) months after the date of grant of the Option, except, however, such six (6) month condition shall not apply if the Participant's death or disability (as shall be determined by the Committee) occurs within such six (6) month period; and (ii) the share withholding election is made (x) at least six (6) months prior to the Tax Date, or (y) during the period beginning on the third business day following the date of release of the Company's quarterly or annual financial results and ending on the twelfth business day following such date.

(b) A share withholding election shall be deemed made when written notice of such election, signed by the Participant, has been hand delivered or transmitted by registered or certified mail to the Secretary of the Company at its then principal office. Delivery of said notice shall constitute an irrevocable election to have Shares withheld.

(c) If a Participant has made a share withholding election pursuant to this Section 9, and (i) within thirty (30) days of the date of exercise of the Option, the Participant elects pursuant to the provisions of Section 83(b) of the Code to be subject to withholding tax on the date of exercise of the Option, then such Participant will be unconditionally obligated to immediately tender back to the Company the number of Shares having an aggregate fair market value (as determined in good faith by the Committee), equal to the amount of tax required to be withheld plus cash for any fractional amount, together with written notice to the Company informing the Company of the Participant's election pursuant to Section 83(b) of the Code; or (ii) if the Participant has not made an election pursuant to the provisions of Section 83(b) of the Code, then on the Tax Date, such Participant will be unconditionally obligated to tender back to the Company the number of Shares having an aggregate fair market value (as determined in good faith by the Committee), equal to the amount of tax required to be withheld plus cash for any fractional amount.

Section 10. Vesting Limitation on Incentive Stock Options

The Fair Market Value of Shares subject to Incentive Stock Options (determined as of the date such Incentive Stock Options are granted) exercisable for the first time by any individual during any calendar year shall in no event exceed \$100,000.

Section 11. General Provisions

Edgar Filing: BLUEFLY INC - Form PRE 14A

(a) No Rights to Awards. No Key Employee or Consultant shall have any claim to be granted any Option under the Plan, and there is no obligation for uniformity of treatment of Key Employees or Consultants or holders or beneficiaries of Options under the Plan. The terms and conditions of Options need not be the same with respect to each recipient.

(b) No Limit on Other Plans. Nothing contained in the Plan shall prevent the Company or any Affiliate from adopting or continuing in effect other or additional compensation arrangements and such arrangements may be either generally applicable or applicable only in specific cases.

7

(c) No Right to Employment. The grant of an Option shall not be construed as giving a Participant the right to be retained in the employ of the Company or any Affiliate. Further, the Company or an Affiliate may at any time dismiss a Participant from employment, free from any liability, or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Option Agreement.

(d) Governing Law. The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of New York and applicable Federal law.

(e) Severability. If any provision of the Plan or any Option is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or would disqualify the Plan or any Option under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan, such provision shall be deemed void, stricken and the remainder of the Plan and any such Option shall remain in full force and effect.

(f) No Trust or Fund Created. Neither the Plan nor any Option shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Affiliate pursuant to an Option, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

(g) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Option, and the Committee shall determine whether cash, other securities, or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated, or otherwise eliminated.

(h) Headings. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision hereof.

Section 12. Deductibility of Compensation

Prior to the end of the "reliance period" as defined in Treasury Regulation Section 1.162-27(f)(2), the Committee shall take such actions, if any, that it deems necessary or appropriate so that the compensation element of Non-Qualified Stock Options will qualify as "qualified performance-based compensation," within the meaning of Treasury Regulation Section 1.162-27(e).

Edgar Filing: BLUEFLY INC - Form PRE 14A

Section 13. Effective Date of the Plan

The Plan is effective as of the closing of the Company's initial public offering (the "Effective Date").

Section 14. Term of the Plan

The Plan shall continue until the earlier of (i) the date on which all Options issuable hereunder have been issued, (ii) the termination of the Plan by the Board or (iii) March 4, 2007. However, unless otherwise expressly provided in the Plan or in an applicable Option Agreement, any Option theretofore granted may extend beyond such date and the authority of the Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Option or to waive any conditions or rights under any such Option, and the authority of the Board to amend the Plan, shall extend beyond such date.
