7,873,494 SHARES OF COMMON STOCK

This prospectus relates to the proposed resale from time to time of up to 7,873,494 shares of common stock by the selling shareholders whose names are set forth in this prospectus. The selling shareholders are offering:

- 6,323,494 shares of common stock; and
- 1,550,000 shares of common stock issuable upon the exercise of warrants held by them.

We will not receive any of the proceeds from the sale of these securities by the selling shareholders. However, if the selling shareholders exercise any of the warrants, we will receive the proceeds from the exercise. If all of the warrants were exercised, these proceeds would total \$2,113,500.

Our common stock currently is quoted on the American Stock Exchange under the symbol "AAC," and is listed on the Third Market Segment of the Zetradox of the Frankfurt Stock Exchange.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

The selling shareholders may sell all or any portion of their shares of common stock in one or more transactions on the American Stock Exchange or in private, negotiated transactions. Brokers or dealers may be engaged by the selling shareholders. The selling shareholders will pay all selling expenses, including any brokerage commissions.

AN INVESTMENT IN OUR SECURITIES INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD PURCHASE OUR SECURITIES ONLY IF YOU CAN AFFORD A COMPLETE LOSS OF YOUR INVESTMENT. SEE "RISK FACTORS" BEGINNING AT PAGE 2.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ADEQUACY OR ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

PROSPECTUS SUMMARY

ABLEAUCTIONS.COM, INC.

Ableauctions.com, Inc. is an early-stage company engaged in the business of auctioning a broad range of merchandise and equipment through our auction houses and on our web site at www.ableauctions.com. We operate our business through our wholly-owned subsidiaries, Able Auctions (1991) Ltd., Jarvis Industries Ltd. and iCollector International Ltd. in Canada, and Ableauctions.com (Washington), Inc., Ehli's Commercial/Industrial Auctions, Inc. and Ableauctions.com (California) in the United States. Our main office in the United States is located at 1222 46th Avenue East, Fife, Washington 98424. Our telephone number at that location is (253) 926-1122.

SUMMARY OF THE OFFERING

This prospectus covers the resale of 6,323,494 shares of our common stock and 1,550,000 shares of our common stock issuable upon the exercise of warrants. The names of the selling shareholders are identified in this prospectus under the section entitled "Selling Shareholders". The selling shareholders may offer and sell these shares from time to time on terms, including price per share, to be determined at the time of sale. Although we will receive proceeds from the exercise of any warrant, we will not receive any of the proceeds from the sale of the shares sold by the selling shareholders. If the selling shareholders exercise all of the warrants, we will receive \$2,113,500 in proceeds. These proceeds will be used for general corporate purposes. The selling shareholders are not obligated to exercise the warrants.

RISK FACTORS

This offering involves a high degree of risk. You should carefully consider the risks described below and the other information in this prospectus before deciding to invest in shares of our common stock. Any of these risk factors could materially and adversely affect our business, financial condition or operating results. In that case, the trading price of our common stock could decline, and you could lose all or part of your investment.

WE HAVE A LIMITED OPERATING HISTORY AND A HISTORY OF LOSSES AND WE MAY NEVER BE PROFITABLE. OUR AUDITORS HAVE NOTED THAT UNLESS WE ACHIEVE PROFITABLE OPERATIONS OR ADDITIONAL FINANCING, THERE IS SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

Before our acquisition of Able Auctions (1991) Ltd. on August 24, 1999, we had no material business or results of operation. We incurred a net loss of \$1,339,492 during the year ended December 31, 1999, \$11,837,363 during the year ended December 31, 2000 and \$11,434,029 during the year ended December 31, 2001. We anticipate that we will continue to incur losses at least through December

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

31, 2002. We do not believe that we will generate sufficient revenues in the year 2002 to support our projected development. We cannot assure you that we will ever be profitable.

Because of our recent losses, it is difficult to evaluate our business and our prospects. Our revenue and income potential is unproven and our business model is still emerging. We cannot assure you that we will attract consignors or bidders to use our web site or that we will generate significant revenues in the future. We cannot guarantee that we will ever establish a sizeable market share or achieve commercial success.

Our auditors, Morgan & Company, Chartered Accountants, have issued a "going concern" opinion for our financial statements at December 31, 2001. In its opinion, the auditor noted that unless we achieve profitable operations or additional financing, there is substantial doubt about our ability to continue as a going concern.

WE WILL CONTINUE TO NEED MONEY TO FUND FUTURE OPERATIONS, AND WE ARE NOT SURE WE CAN OBTAIN ADDITIONAL FINANCING.

We are continuing to seek additional capital, however, we cannot assure you that funds will be available to us on favorable terms, or at all. To the extent that additional money is raised through the sale of our securities, the issuance of those securities could result in dilution to our shareholders. The unavailability of funds could have a material adverse effect on our ability to expand our operations.

OUR ABILITY TO COMPLETE ACQUISITIONS AND TO MEET OUR BUSINESS PROJECTIONS THROUGH DECEMBER 31, 2002 WILL DEPEND ON OUR ABILITY TO RAISE ADDITIONAL CAPITAL.

We need to seek additional capital in the amount of \$750,000 or more to continue our growth strategy, which depends upon establishing relationships with

-2-

or acquiring auction companies in North America. We cannot assure you that financing will be available on terms acceptable to us, or at all. If adequate funds are not available, we will lack sufficient capital to pursue our intended course of action and business strategy in 2002, which will have a material adverse effect on our ability to meet our business projections.

THE ACQUISITIONS WE MAKE, IF ANY, MAY NOT BE SUCCESSFUL AND MAY ADVERSELY AFFECT OUR OPERATING RESULTS.

Our plan to expand our business includes acquiring existing auction businesses. We cannot guarantee that the acquisitions we have made or will make in the future will be profitable, or that we will be able to integrate these acquisitions without substantial costs, delays, or other operational or financial problems. Acquisitions and expansion into new markets involve a number of special risks, including possible adverse effects on our operating results, diversion of management's attention and failure to retain key personnel. Some or all of these risks could have a material adverse effect on our business, financial condition and results of operations. While we made seven acquisitions during 2000 and one acquisition during 2001, we have no plans to acquire auction businesses during 2002 unless we are able to obtain appropriate financing.

OUR ACQUISITION OF ICOLLECTOR, PLC AND OUR DEVELOPMENT AND APPLICATION OF ITS BUSINESS MODEL MAY NOT BE SUCCESSFUL.

We acquired iCollector, PLC, an auction company dedicated to trading

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

antiques, fine art and collectibles on the Internet, in September 2001. At that time, iCollector was insolvent and needed working capital. We agreed to acquire iCollector as long as its majority shareholder was willing to finance iCollector until it met its projected cash flow targets. iCollector did not attain the cash flow targets, and there were not adequate resources to continue its funding. In December 2001, iCollector was restructured, and in January 2002, it was placed in formal liquidation. We will continue to market and develop the iCollector business model, but we cannot assure you that the business model will be profitable or that we will successfully integrate the iCollector PLC operations into our business. The success of the iCollector business model is dependent upon the strengths and relationships of the current sales team, the terms and conditions of our agreement with eBay, the skills of the technology team, and the continued support and generation of new customers.

WE HAVE EXPERIENCED RAPID GROWTH, WHICH HAS PLACED A STRAIN ON OUR RESOURCES. FAILURE TO MANAGE OUR GROWTH EFFECTIVELY COULD CAUSE OUR BUSINESS TO SUFFER.

We do not have a proven record in managing our growth and may not be successful in doing so. We have grown from 12 employees on August 24, 1999 to approximately 98 staff persons on December 31, 2001. We have acquired additional auction businesses, hired key management personnel and added employees in connection with these acquisitions. We plan to continue expanding our business. This expansion will continue to place a significant strain on our management systems and resources.

-3-

IF WE ARE UNABLE TO ACHIEVE A SIGNIFICANT NUMBER OF VISITORS TO OUR WEB SITE AUCTIONS AND SUCCESSFULLY FACILITATE INTERNET TRANSACTIONS, WE MAY BE UNABLE TO GENERATE SUFFICIENT REVENUES TO EARN A PROFIT.

The success of our Ableauctions.com and iCollector.com web sites depends on whether or not there is significant market acceptance of these web sites by consumers. We currently offer only a limited selection of merchandise for sale in our silent auctions, and we are not yet able to broadcast all of our live auctions. We anticipate that we will have very limited market acceptance until we begin broadcasting more of our live auctions and offering more items of merchandise for sale. We cannot assure you that our Internet strategy to broadcast live auctions will be successful, or that it will increase revenues of our live auctions. Our failure to attract visitors to our web sites, successfully complete transactions, and develop an adequate auction house base will seriously harm our business and our ability to earn a profit.

WE HAVE CAPACITY CONSTRAINTS AND SYSTEM DEVELOPMENT RISKS THAT COULD DAMAGE OUR CUSTOMER RELATIONS OR INHIBIT OUR POSSIBLE GROWTH.

Our success and our ability to provide high quality customer service largely depends on the efficient and uninterrupted operation of our computer and communications systems, which must be able to accommodate significant numbers of consumers and businesses using our services. We may experience periodic systems interruptions and down time caused by traffic to our web site and technical difficulties, which may cause customer dissatisfaction and may adversely affect our results of operations. Limitations of our technology infrastructure, and that of our vendors, may prevent us from maximizing our business opportunities.

CHANGING TECHNOLOGY MAY RENDER OUR EQUIPMENT, SOFTWARE, AND PROGRAMMING OBSOLETE OR IRRELEVANT.

The market for Internet-based products and services is characterized by rapid technological developments, frequent new product introductions, and evolving industry standards. The emerging character of these products and services and their rapid evolution will require that we continually improve the

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

performance, features, and reliability of our Internet-based services. We cannot guarantee that we will be successful in responding quickly, cost effectively, and sufficiently to these developments by our competitors. In addition, the widespread adoption of new Internet technologies or standards could require substantial expenditures by us to modify or adapt our Internet sites and services, which could have a material adverse effect on our financial condition.

IF WE CANNOT PROTECT OUR INTERNET DOMAIN NAMES, OUR ABILITY TO CONDUCT OUR OPERATIONS MAY BE IMPEDED.

We anticipate that the Internet domain names "ableauctions.com" and "icollector.com" will be an extremely important part of our business. Governmental agencies and their designees generally regulate the acquisition and maintenance of domain names. Governing bodies may establish additional top-level domains, appoint additional domain name registrars, or modify the requirements for holding domain names. As a result, we may be unable to acquire or maintain relevant domain names in all countries in which we conduct business.

-4-

Furthermore, the relationship between regulations governing domain names and laws protecting trademarks and similar proprietary rights is unclear. Therefore, we may be unable to prevent third parties from acquiring domain names that are similar to, infringe on, or otherwise decrease the value of our trademarks and other proprietary rights. Third parties have acquired domain names that include "auctions" or other variations both in the United States and elsewhere.

POTENTIAL FLUCTUATIONS IN REVENUES MAY CAUSE CASH SHORTFALLS, MATERIALLY AFFECTING OUR RESULTS OF OPERATIONS.

Because of our limited operating history and the emerging nature of the markets in which we compete, it is difficult for us to forecast our revenues or earnings accurately. In addition, we have no backlog and a significant portion of our net revenues for a particular quarter is derived from auctions that are listed and completed during that quarter.

Our current and future expense levels are based largely on estimates of future revenues and are, to a large extent, fixed. We may be unable to adjust spending in time to compensate for any unexpected revenue shortfall. Accordingly, any significant shortfall in revenues would have an immediate adverse effect on our business and financial condition.

OUR SUCCESS DEPENDS ON THE SERVICES OF OUR KEY OFFICERS AND OUR ABILITY TO ATTRACT AND MAINTAIN QUALIFIED, EXPERIENCED PERSONNEL.

Our future success will depend on Abdul Ladha, our President and Chief Executive Officer, Ron Miller, our Chief Financial Officer, Jeremy Dodd, the Vice-President of Operations of Able Auctions (1991) Ltd. and our Secretary and Treasurer, and Randal Ehli, Vice-President of Ehli's Commercial/Industrial Auctions, Inc.

The loss of any of our key personnel could have an adverse effect on our operations. We do not maintain insurance to cover losses that may result from the death of any of our key personnel.

Competition for qualified employees is intense. Our inability to attract, retain, and motivate additional, highly skilled personnel required for expansion of operations and development of technologies could adversely affect our business, financial condition, and results of operations. Our financial situation may adversely affect our ability to retain existing personnel and attract new personnel. We cannot assure you that we will be able to retain our

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

existing personnel or attract additional, qualified persons when required and on acceptable terms.

-5-

THE E-COMMERCE INDUSTRY IS HIGHLY COMPETITIVE, AND WE CANNOT ASSURE YOU THAT WE WILL BE ABLE TO COMPETE EFFECTIVELY.

The market for broadcasting auctions over the Internet is new, rapidly evolving, and intensely competitive. The market for live video-fed auctions is even newer, and we expect competition to intensify further in the future. Many of our competitors have longer operating histories, larger customer bases, greater brand recognition, and significantly greater financial, marketing, technical, and other resources than us. Many of our competitors may be able to devote greater resources to marketing and promotional campaigns, adopt more aggressive pricing policies, and devote substantially more resources to web site and systems development than us or may try to attract traffic by offering services for free. We cannot assure you that we will be able to compete successfully against our competitors.

OUR BUSINESS MAY BE SUBJECT TO GOVERNMENT REGULATION AND LEGAL UNCERTAINTIES THAT MAY INCREASE THE COSTS OF OPERATING OUR WEB SITES OR LIMIT OUR ABILITY TO GENERATE REVENUES.

Our auction houses are generally subject to extensive regulation, supervision, and licensing under various federal, state, and local statutes, ordinances, and regulations. Such laws and regulations may require us to obtain a license or registration, or post a surety or bond as a precondition of doing business within the jurisdiction. In addition, applicable laws may require us to transact business and sell merchandise in accordance with specific guidelines, including the means by which we obtain our merchandise, advertise our auctions, conduct our bidding procedures, close transactions, hold client funds, and other restrictions that may vary from state to state. We cannot guarantee that we will not be subject to actions arising out of violations by our auction houses. Such actions may have a material adverse affect on our business and results of operations.

We are also subject to the same federal, state, and local laws as other companies conducting business on the Internet. Today there are relatively few laws specifically directed towards online services. However, due to the increasing popularity and use of the Internet and online services, it is possible that laws and regulations will be adopted regarding the Internet or online services. These laws and regulations could cover issues such as online contracts, user privacy, freedom of expression, pricing, fraud, content and quality of products and services, taxation, advertising, intellectual property rights, and information security. The enactment of any such laws could increase the costs of operating our web sites and limit our ability to generate revenues.

EXISTING SHAREHOLDERS WILL BE ABLE TO EXERCISE CONTROL OF OUR COMMON STOCK AND MAY MAKE DECISIONS THAT ARE NOT IN THE BEST INTERESTS OF ALL SHAREHOLDERS.

Insider control of a large amount of our common stock could have an adverse effect on the market price of our common stock. As of May 24, 2002, our executive officers and directors (and their affiliates) as a group beneficially own or control 6,465,475 shares or approximately 25% of our common stock. Of

-6-

that amount, Abdul Ladha, our Chief Executive Officer and Chairman of the Board, beneficially owns a total of 6,281,875 shares, or 24.3% of our common stock, individually and through the Ladha (1999) Family Trust, of which Mr. Ladha is a beneficiary. Although they are under no obligation to do so, if our executive

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

officers and directors (and their affiliates) were to vote together, they would have the ability to control the election of our Board of Directors and the outcome of corporate actions requiring shareholder approval, including mergers and other changes of corporate control, going private transactions, and other extraordinary transactions. This concentration of ownership may have the effect of delaying or preventing a change of control of Ableauctions, even if this change of control would benefit minority shareholders.

OUR STOCK PRICE MAY EXPERIENCE EXTREME PRICE AND VOLUME FLUCTUATIONS, AND INVESTORS IN OUR STOCK MAY NOT BE ABLE TO RESELL THEIR SHARES AT FAVORABLE PRICES.

Due to fluctuations in the market price of our common stock, you may be unable to resell your shares at favorable prices. The market price of our common stock has fluctuated in the past and is likely to continue to be highly volatile. In addition, the stock market in general and the market prices of shares of e-commerce companies in particular have been extremely volatile and have experienced fluctuations that have often been unrelated or disproportionate to the operating performances of such companies. The market price of our common stock could continue to be highly volatile in response to many factors, some of which are largely beyond our control. These factors include:

- quarterly variations in our results of operations;
- adverse business developments;
- changes in financial estimates by securities analysts;
- investor perception of us and online direct marketing services in general; and
- announcements by our competitors of new products and services.

-7-

NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain information included in this prospectus constitutes "forward-looking statements." within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements include words such as "believes," "anticipates," "intends," "expects" and similar kinds of words. Forward-looking statements involve risks, uncertainties and other factors, some of which are not yet known to us. These risks, uncertainties and other factors may cause our actual results or achievements to be materially different from the results or achievements expressed or implied in the forward-looking statements. Such factors include, but are not limited to, the following:

- risks related to our acquisition strategy and our ability to integrate acquired businesses into our operations;
- our ability to obtain financing on acceptable terms;
- competition in the auction industry;
- market acceptance of live auction broadcasts on the Internet;
- our ability to retain our key personnel;
- our dependence on marketing relationships with auction houses and third party suppliers;

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

- government regulation of Internet commerce and the auction industry;
- economic factors affecting the sales of auction merchandise;
- risks related to capacity and systems disruptions;

the factors more fully discussed in this prospectus and other factors, some of which will be outside our control. You are cautioned not to place undue reliance on these forward-looking statements, which relate only to events as of the date on which the statements are made.

SELLING SHAREHOLDERS AND PLAN OF DISTRIBUTION

We are registering the shares offered by selling shareholders. No underwriters are participating in this offering.

The following table sets forth the names of the selling shareholders who may sell their shares in this offering. No selling shareholder has, or within the past three years has had, any position, office or other material relationship with us or any of our predecessors or affiliates, except for the Ladha (1999) Family Trust, Randal Ehli, a director and Vice President of our subsidiary, Ehli's Commercial/Industrial Auctions, Inc., Brett Johnston, Vice President of our California operations and Pollet, Richardson & Patel, our legal counsel.

The following table also sets forth certain information as of the date of this prospectus, to the best of our knowledge, regarding the ownership of our common stock by the selling shareholders. Because the selling shareholders can offer all, some or none of their shares of our common stock, with the exception of Hamilton Trust Company Ltd., trustee of the Ladha (1999) Family Trust, we have no way of determining the number they will hold after this offering. Therefore, we have prepared the table below on the assumption that they will sell all shares covered by this prospectus. Hamilton Trust Company Ltd., trustee of the Ladha (1999) Family Trust, is registering shares which may be sold or used as collateral to secure a credit facility. If the shares are sold, the beneficiaries of the Ladha (1999) Family Trust intend to authorize Hamilton Trust Company Ltd., as trustee of the Ladha (1999) Family Trust, to loan to Ableauctions some or all of the proceeds earned from the sale of the common stock. If a loan is made, it will be at a negotiated interest rate, which may include the lowest rate that may accrue without causing the imputation of interest under the Internal Revenue Code.

- (1) This figure represents 350,000 shares of common stock issuable upon the exercise of a warrant to purchase 350,000 shares of our common stock at an exercise price of \$1.43 per share.
- (2) This figure represents 1,000,000 shares of common stock issuable upon the exercise of a warrant to purchase 1,000,000 shares of our common stock at an exercise price of \$1.43 per share.
- (3) Hamilton Trust Company Ltd. is the Trustee of the Ladha (1999) Family Trust, which is the beneficial owner of the common stock we are registering. Abdul Ladha, our President and Chief Executive Officer, is a beneficiary of the Ladha (1999) Family Trust. Individually, Mr. Ladha owns an additional 500,000 shares of our common stock.
- (4) This figure represents 100,000 shares of common stock issuable upon the exercise of a warrant to purchase 100,000 shares of our common stock at an exercise price of \$0.40 per share.
- (5) This figure represents 100,000 shares of common stock issuable upon the exercise of a warrant to purchase 100,000 shares of our common stock at an exercise price of \$1.43 per share.
- (6) Randal Ehli is one of our directors and the Vice President of our subsidiary, Ehli's Commercial/Industrial Auctions, Inc.
- (7) Brett Johnston is the Vice President of our California operations.

The selling shareholders are entitled to receive all of the proceeds from the sales of their shares of our common stock.

The selling shareholders, from time to time, depending on market conditions and other factors, may offer and/or sell their shares of common stock on the American Stock Exchange, in the over-the-counter market, or otherwise, at prices and terms then prevailing or at prices related to the then-current market price, or in negotiated transactions. The shares of common stock may be sold by one or more of the following methods

- block trades in which a broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by such broker or dealer for its account;
- ordinary brokerage transactions and transactions in which the broker solicits purchases; and
- face to face transactions between sellers and purchasers without a broker or dealer.

In effecting sales, brokers or dealers engaged by the selling shareholders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions or discounts from the selling shareholders in amounts to be

negotiated.

-10-

We will bear all costs and expenses of the registration of the shares of common stock under the Securities Act and certain state securities laws, other than fees of counsel for the selling shareholders and any discounts or commissions payable with respect to sales of the shares of common stock.

We are not aware of any agreements, understandings or arrangements entered into between the selling shareholders and any underwriters or broker-dealers regarding the sale of the shares. To our knowledge there is not an underwriter or coordinating broker acting in connection with the proposed sale of shares by the selling shareholders.

The selling shareholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided they meet the criteria and conform to the requirements of that Rule.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We are a business-to-business and business-to-consumer auctioneer that conducts live auctions in the United States and Canada and simultaneously broadcasts some of these auctions over the Internet. Ableauctions Inc. is a liquidator of a broad range of office products, computer equipment, furniture, and industrial equipment, which it acquires through bankruptcies, insolvencies, and defaults. We also operate an online auction marketplace, located at www.ableauctions.com, that offers brand name and other products to both consumers and businesses at significant discounts to prices found through traditional channels.

Our business model consists of two platforms, namely, our auction operations and our technology operation that facilitates online transactions. We plan to grow our auction operations by acquiring auction companies whose operations are sound, then increasing their sales and profitability through exposure to potential customers by giving them the ability to broadcast auctions over the Internet using our technology.

We have expanded our technology operation by acquiring iCollector PLC, which has been restructured into our wholly owned subsidiary, iCollector International. Through iCollector International, we now represent antique, fine art and collectibles auction houses whose auctions are broadcast live on eBay using our technology.

Currently, approximately 62% of our annual revenues are derived from our Canadian operations and approximately 38% of our annual revenues are derived from our United States operations.

A portion of our revenues are comprised of commissions we earn on the sale of consigned merchandise. We also purchase property to auction. We purchase property from potential consignors or we may purchase, at below normal wholesale prices, merchandise liquidated in bankruptcy estates or by manufacturers as a result of overproduction. When we auction property belonging to us, we receive all the proceeds from the sale as well as any related commissions or fees. A substantial portion of our annual revenues is derived from the sale of property we purchase.

-11-

Operating expenses include expenses relating to the start up of our

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

business as well as costs for salaries and benefits for our employees and consultants, advertising and promotion, and general overhead expenses such as utilities, rent, insurance and reimbursable travel costs.

Costs of goods sold means the cost to us of the inventory we purchase to sell. Gross profit is computed by deducting the costs of goods sold from revenues.

THREE MONTHS ENDED MARCH 31, 2002 COMPARED TO THE THREE MONTHS ENDED MARCH 31, 2001.

REVENUES. During the three months ended March 31, 2002, we had net auction revenues of \$2,699,758 as compared to \$2,316,278 during the same period in 2001, an increase of \$383,480 or approximately 16.6%. Sales of goods were 53.6% of our revenues during the three month period ended March 31, 2002, compared to 59% during the same period in 2001. Due to cash flow constraints in the latter part of 2001 and in 2002, we have not been in a position to acquire as much inventory as our plan demands. As a result we have conducted a larger proportion of our auctions on consignment. We anticipate that revenues from the sales of goods will increase as a percentage of revenues, as we still plan to conduct a greater number of auctions using inventory we purchase in buy-out situations, which generally result in higher gross profit margins.

OPERATING EXPENSES. During the three month period ended March 31, 2002, operating expenses were \$1,815,050 as compared to \$1,639,045 for the same period in 2001. The increase in operating expenses was due primarily to an increase in advertising and promotion expenses, increased expenses for commissions, and increased interest expense as a result of the deferred compensation notes we signed in conjunction with our acquisition of iCollector PLC.

Personnel and consulting expenses were \$870,736 or 48.0% of our operating expenses during the three-month period ended March 31, 2002 as compared to \$770,560 or 47% of our operating expenses during the three-month period ended March 31, 2001. These expenses consisted of salaries and benefits of \$691,560 in the first quarter of 2002 as compared to \$645,443 in the first quarter of 2001, consulting and management fees of \$94,859 in the first quarter of 2002 as compared to \$103,535 in the first quarter of 2001, and commissions of \$84,317 in the first quarter ended March 31, 2002 as compared to \$21,582 in the first quarter of 2001. We anticipate that our personnel and consulting expenses will decrease as a result of our restructuring program to reduce overall operating expenses.

During the three-month period ended March 31, 2002, advertising and promotion expenses were \$280,833 or 15.5% of our operating expenses as compared to \$257,949 or 15.7% of our operating expenses for the three-month period ended

-12-

March 31, 2001. Advertising expenses were higher in comparison to 2001 as our operations have greatly expanded through our acquisitions. We also incurred significant advertising expenses in developing our new auction business in San Francisco, California. We anticipate promotion expenses to remain constant in 2002 as efficiencies in advertising are attained even though promotional and marketing efforts will increase as the number of auctions increase.

For the three month period ended March 31, 2002, general overhead expenses totaled \$429,288, or 23.7% of our total operating expenses and 15.9% of our total revenue, as compared to \$418,503, or 25.5% of our total operating expenses and 18.1% of our total revenue for the corresponding period in 2001. General overhead expenses included rent and utilities totaling \$196,603 as compared to

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

\$207,664 for the corresponding period in 2001, telephone costs totaling \$32,170 as compared to \$47,916 for the corresponding period in 2001, travel related to operations totaling \$8,988 as compared to \$8,558 for the corresponding period in 2001, repairs and maintenance totaling \$11,152 as compared to \$34,725 for the corresponding period in 2001, automotive expenses totaling \$13,369 as compared to \$14,729 for the corresponding period in 2001, insurance totaling \$32,463 as compared to \$20,958 for the corresponding period in 2001 and office expenses totaling \$134,543 as compared to \$83,953 for the corresponding period in 2001.

We anticipate that overhead as a percentage of operating expenses and total revenue will decrease in future periods as we achieve certain economies from our operations. The overall level of general overhead expenses in dollars is expected to increase as we expand our operations.

Professional fees were \$16,234 during the three-month period ended March 31, 2002 as compared to \$16,627 for the three-month period ended March 31, 2001. Professional fees were incurred primarily for preparation of our Securities Exchange Act filings, preparation of our American Stock Exchange filings, and advice and documentation relating to our acquisitions and financings. Professional fees are expected to remain constant in 2002.

Depreciation and amortization expense was \$76,425 for the three-month period ended March 31, 2002 as compared to \$156,637 for the three-month period ended March 31, 2001. Depreciation and amortization expense are lower than the previous year as a result of writing down certain depreciable assets in 2001.

GROSS PROFIT. Cost of goods sold was \$1,253,801 for the three-month period ended March 31, 2002 as compared to \$667,160 for the three-month period ended March 31, 2001. Gross profits were \$1,445,957 or 53% of revenues for the three-month period ended March 31, 2002 as compared to \$1,649,118 or 71.2% of revenues for the period ended March 31, 2001. Until we developed our inventory procurement model, normal gross margins were approximately 25% overall. We believe gross profits will increase in future periods as we realize the benefits of our inventory procurement model by buying large quantities of discount merchandise and distributing this merchandise to our various outlets.

OPERATING INCOME AND NET LOSS. For the three month period ended March 31, 2002, we realized loss from operations of \$368,241 as compared to the three

-13-

month period ended March 31, 2001, in which we had net income of \$13,580. We realized an overall net loss for the first quarter of 2002 of \$368,241 or \$0.01 per share as compared to a net loss of \$453,785 for the first quarter of 2001, or \$0.02 per share. The net loss in 2001 was created primarily as a result of the sale of our subsidiary, Johnston's Surplus Office Systems Ltd.

We believe that we will incur overall losses in the future only if we are able to obtain additional financing and expand the development and marketing of our Internet technology. The losses will be created to the extent of the excess of technology development and marketing expenses over the income from operations. If we are unable to obtain additional financing, no Internet technology development and marketing will be undertaken.

YEAR ENDED DECEMBER 31, 2001 COMPARED TO THE YEAR ENDED DECEMBER 31, 2000.

REVENUES. During the year ended December 31, 2001, we had revenues of \$10,793,219 as compared to revenues of \$10,647,213 during the year ended December 31, 2000. This 1.4% increase in revenues resulted from increases in commissions generated from the sale of consigned merchandise. Our revenues are derived primarily from the sale of goods and from commissions generated from the sale of consigned merchandise.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

SALES OF GOODS. Sales of goods accounted for \$6,653,656 or 61.6% of revenue as compared to \$8,607,230 or 80.8% of revenue for the 2000 fiscal year. This decrease in the sales of goods resulted from purchase controls on sellable merchandise. We anticipate that revenues from the sales of goods will increase as a percentage of revenues, as we plan to conduct a greater number of auctions using inventory we purchase in buy-out and liquidation situations, which generally results in higher gross profit margins.

OPERATING EXPENSES. Operating expenses totalled \$7,268,723 for the year ended December 31, 2001 as compared to \$10,047,058 for the year ended December 31, 2000. Our operating expenses continue to reflect start-up costs associated with our business, our acquisition growth strategy and the development and maintenance costs related to the auctions we conduct on the Internet. Other costs associated with the start up of our business and our acquisitions include legal and accounting fees, personnel and consulting expenses, management expenses, promotional and advertising costs and general overhead. Of the amount spent on operating expenses during the year ended December 31, 2001, \$434,500 was paid to our President and Chief Executive Officer, Mr. Abdul Lahda, or to entities controlled by Mr. Lahda. This included \$129,770 paid to Derango Resources Inc. for rent, improvements, repairs and maintenance of our facility in Coquitlam, British Columbia, \$149,781 paid to Rapid Fusion Technologies, Inc., formerly a wholly owned subsidiary of Dexton Technologies Corp., for development and maintenance of our website, and \$154,949 paid to Mr. Lahda for a management fee in lieu of a salary.

The lease payments made to Derango Resources Inc. were, and continue to be, significantly below market rates, based upon information provided to us from an independent real estate appraiser and consultant.

-14-

Dexton Technologies Corp. was the owner of Ableauctions (1991) Ltd. and, through Rapid Fusion Technologies, Inc., was developing software for use by Ableauctions (1991) Ltd. In order to preserve continuity in the software development, we continued to employ Rapid Fusion Technologies, Inc. as our software developer after Dexton Technologies Corp. sold Ableauctions (1991) Ltd. to J. B. Financial Services, Inc. Rapid Fusion Technologies, Inc. has been sold by Dexton Technologies Corp. and is no longer its subsidiary. None of our directors or named executive officers has an interest in Rapid Fusion Technologies, Inc. at this time, although Mr. Lahda loaned the company \$100,000 and is currently one of its creditors. We will continue to employ Rapid Fusion Technologies, Inc. as our software developer. Based upon industry information, we believe that the fees paid for the development and maintenance of our website were at market rates.

Based upon information we have regarding the auction industry and information we were able to obtain from data made publicly available by businesses earning revenues comparable to ours, we believe that the management fee paid to Mr. Lahda in lieu of salary is within the range of compensation paid to similarly situated executive officers.

GROSS PROFIT. Cost of goods sold were \$5,243,698 for the year ended December 31, 2001 as compared to \$8,866,530 for the year ended December 31, 2000. Gross profit was \$5,549,521 or 51.4% of total revenue for the year ended December 31, 2001 as compared to \$1,780,683 or 16.7% of total revenue for the year ended December 31, 2000. We believe that gross profit as a percentage of revenue will increase in 2002 if we are able to increase our revenues by conducting auctions of inventory buy outs and liquidations, which typically result in higher gross profit margins.

NET LOSS. We had a net loss of \$11,434,029 or \$0.52 per share for the year

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

ended December 31, 2001 as compared to \$11,837,363 or \$0.58 per share for the year ended December 31, 2000. The net loss is attributable to costs associated with our growth, start-up costs and the costs of developing our business and technologies and the loss sustained from the write-off of iCollector PLC.

Unless we raise additional money through public or private equity financing, we anticipate net operating losses to decrease for the foreseeable future as a result of our restructuring program to control and reduce costs. Unless we can obtain financing, we will discontinue or suspend our acquisition program, we will acquire inventory mainly on consignment or with our limited operating funds, and we will cease operations in geographic regions that are not producing profits. If we are successful in raising money, we anticipate certain expenses such as marketing, research and development and professional fees to significantly increase as we expand our Internet services, auction facilities and acquisition program.

YEAR ENDED DECEMBER 31, 2000 COMPARED TO THE YEAR ENDED DECEMBER 31, 1999

REVENUES. During the year ended December 31, 2000, we had revenues of \$10,647,213 as compared to revenues of \$898,450 during the year ended December

-15-

31, 1999. This 1085% increase in revenues was attributable primarily to the fact that we acquired Able Auctions (1991) Ltd. in August 1999 and it represented our sole operation for the period August through December 1999.

SALES OF GOODS. Sales of goods accounted for \$8,607,230 or 80.8% of revenue for the 2000 fiscal year as compared to \$829,755 or 92.3% of revenue for the 1999 fiscal year. This decrease in the sales of goods resulted from increases in commissions generated from the sale of consigned merchandise. We anticipate that revenues from the sale of goods will increase as a percentage of revenues, as we plan to conduct a greater number of auctions using inventory we purchase in buy-out and liquidation situations, which generally result in higher gross profit margins.

OPERATING EXPENSES. Operating expenses totalled \$10,047,058 for the year ended December 31, 2000 as compared to \$1,673,900 for the year ended December 31, 1999. This increase in operating expenses was attributable primarily to our acquisition of seven auction houses during 2000. During the 2000 fiscal year, our operating expenses reflected start-up costs associated with our business, our acquisition growth strategy and the development and maintenance costs related to the auctions we conduct on the Internet. Other costs associated with the start up of our business and our acquisitions include legal and accounting fees, personnel and consulting expenses, management expenses, promotional and advertising costs and general overhead.

All expenses in the year 2000 compared to 1999 are significantly higher in absolute amounts. The increase was mainly due to the acquisitions we made throughout the year, including the implementation of our accounting and administrative procedures in the new acquisitions as well as the implementation of our auction strategy and inventory procurement models. The effective development of internal control and inventory procurement systems takes time, and additional costs were incurred and redundancies were experienced in implementing these programs. We now believe that we have effective control over these systems and do not expect excess costs of inventory or accounts receivable write downs in the future.

Significant operating expenses incurred during 2000 included \$460,545 for repairs and maintenance for premises we occupy in Surrey, British Columbia and in Coquitlam, British Columbia. We also wrote-down or wrote-off \$781,505 in bad debts representing non-collectible accounts from the start up of our retail

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

store and acquisitions. We no longer accept credit in our retail outlets. Operating expenses also included the amortization of goodwill and capital assets totaling \$965,066. We eventually wrote down goodwill and capital assets totaling \$3,588,019 in the fourth quarter of 2000.

GROSS PROFIT. Cost of goods sold were \$8,866,530 for the year ended December 31, 2000 as compared to \$582,346 for the year ended December 31, 1999. Gross profit was \$1,780,683 or 16.7% of total revenue for the year ended December 31, 2000 as compared to \$316,104 or 35.2% of total revenue for the year ended December 31, 1999. The gross margin for 2000 was lower than expected as we realized significant write-downs of inventory related to the start up of our auction businesses and acquisitions.

-16-

NET LOSS. We had a net loss of \$11,837,363 or \$0.58 per share for the year ended December 31, 2000 as compared to \$1,339,492 or \$0.10 per share for the year ended December 31, 1999. The net loss is attributable to costs associated with our growth, start-up costs and the costs of developing our business and technologies.

LIQUIDITY AND CAPITAL RESOURCES

Since 1999, we have funded our activities principally from cash flow generated from operations and the private placement of our common stock. At this time we are not aware of any trends, nor are we subject to any demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in our liquidity increasing or decreasing in any material way.

QUARTER ENDED MARCH 31, 2002 COMPARED TO THE QUARTER ENDED MARCH 31, 2001

Our working capital position at March 31, 2002 was a negative of \$3,458,147 as compared to having working capital of \$540,600 at March 31, 2001. This significant decrease in working capital arises from recording as a current liability our obligation totaling \$2,841,759 to the shareholders of iCollector PLC, which arose from our acquisition of iCollector PLC. At March 31, 2002 we had cash and cash equivalents of \$526,861 as compared to \$1,299,891 at March 31, 2001, accounts receivable of \$272,618 as compared to \$547,506 at March 31, 2001, inventory of \$279,205 as compared to \$357,628 at March 31, 2001, and prepaid expenses of \$121,399 as compared to \$217,229 at March 31, 2001. The decrease in overall working capital results from the sale of Johnston's Surplus Office Systems Ltd. and a general decline in the level of our auction business. We anticipate that trade accounts receivable and inventory may increase during the remainder of fiscal 2002 as we increase the number and frequency of our auctions and as we expand our business operations. Cash flow used for operating activities required \$277,501 during the quarter ended March 31, 2002 as compared to \$143,147 for the quarter ended March 31, 2001. We anticipate that cash will remain constant for 2002 until our auction houses become profitable. Our cash resources may decrease if we complete additional acquisitions during 2002, or if we are unable to maintain positive cash flow from our business through 2002. We intend to continue our acquisition program only if additional financing is available.

Cash flows from investing activities during the quarter ended March 31, 2002 generated \$100,000, while cash flows from investing activities during the quarter ended March 31, 2001 generated \$17,496. The only investing activities during the quarter ended March 31, 2002 involved the repayment of a note receivable.

Net cash flows used in financing activities during the quarter ended March 31, 2002 was \$846 as compared to net cash flows used in financing activities during the quarter ended March 31, 2001 of \$2,173. The only financing activities

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

during the quarter ended March 31, 2002 involved payments on the principal portion of the promissory note on our Scottsdale, Arizona property.

-17-

We have reduced our operating and capital budget from \$1 million, as stated in our 2001 annual report, to \$750,000. We intend to concentrate our resources on achieving profitability during 2002. Management has currently suspended our acquisition and expansion plans until additional financing is available on acceptable terms and has reduced budgeted expenditures related to development and technology upgrades. We believe that revenues from our operations and current working capital will be sufficient to satisfy our working capital needs for the remainder of 2002.

YEAR ENDED DECEMBER 31, 2001 COMPARED TO THE YEAR ENDED DECEMBER 31, 2000

We had a deficiency of \$3,349,317 in working capital at December 31, 2001 as compared to \$542,069 at December 31, 2000. At December 31, 2001 we had cash and cash equivalents of \$673,829 as compared to \$1,376,814 at December 31, 2000, accounts receivables of \$105,468 as compared to \$864,296 at December 31, 2000, inventory of \$257,832 as compared to \$302,767 at December 31, 2000, and prepaid expenses of \$227,745 as compared to \$113,750 at December 31, 2000. Current assets were lower than the previous year as a result of the sale of Johnston's Surplus Office Systems Ltd. and a general decrease in the number and size of the auctions we conducted. We anticipate that trade accounts receivables and inventory may increase during the year 2002 if we are able to increase the number and frequency of our auctions and if we can expand our business operations. Cash flows used for operating activities required \$520,862 during the year ended December 31, 2001 as compared to \$5,217,667 during the year ended December 31, 2000.

We are restructuring our operations to conserve cash and reduce expenses. Our cash resources may decrease if we complete additional acquisitions during 2002, or if we are unable to maintain positive cash flow from our business through 2002. We intend to continue our acquisition program only if additional financing is available.

Cash flows used for discontinued operations required \$85,574 during the year ended December 31, 2001, as compared to \$0 during the year ended December 31, 2000. Both Johnston's Surplus Office Systems Ltd. and Warex Supply Ltd. were discontinued during 2001.

Cash flows used for investing activities during the year ended December 31, 2001 required \$54,274, relating primarily to the net cash component of acquiring additional computer hardware and the proceeds from the disposition of Johnston's Surplus Office Systems, Ltd. as compared to \$3,569,790 during the year ended December 31, 2000, relating primarily to our purchase of Johnston's Surplus Office Systems Ltd., Ehli's Commercial/Industrial Auctions, Inc. and Jarvis Auctions. Cash flows used for financing activities during the year ended December 31, 2001 were \$24,701 consisting of repayment of a promissory note and share issuance costs in relation to the acquisition of iCollector PLC, as compared to cash flows provided by financing activities of \$10,257,930 relating primarily to the issuance of common stock.

Our operating and capital budget for the year ending December 31, 2002 is approximately \$750,000, to be used primarily for expansion of our inventories, developing and upgrading our technologies, launching a marketing campaign in the United States and Canada, and purchasing additional servers and operating

-18-

systems. If we are unable to raise additional financings, then our operating and

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

capital budget will be neutral and the only cash expended will be those raised from operations.

SUMMARY OF CAPITAL BUDGET

Set forth below is our estimated capital budget for the remainder of the fiscal year ending December 31, 2002:

Marketing	\$ 250,000
Ongoing research and development	200,000
Expansion of inventories	200,000
Servers and operating systems	100,000

REQUIRED CAPITAL:	\$750,000

As of December 31, 2001, we had a working capital deficit of approximately \$3.35 million, including current liabilities related to deferred compensation notes in the principal amount of \$2.7 million issued in connection with our acquisition of iCollector PLC. These deferred compensation notes are convertible at our option into common shares at \$1.43 per share, subject to shareholder approval. We intend to convert these notes into shares if we cannot raise additional capital on acceptable terms to fund payment of the notes.

In the event we determine that we may be unable to meet our on-going capital commitments, we plan to sell certain non-essential assets, including our property located in Scottsdale, Arizona. In addition, we may take some or all of the following actions:

- postpone expenditures on research and development;
- reduce sales and marketing expenditures;
- reduce general and administrative expenses through lay offs or consolidation of our operations;
- suspend operations that are not economically profitable; or
- sell assets, including licenses to our technologies.

OUR BUSINESS

OVERVIEW

We were incorporated under the laws of the state of Florida as J. B. Financial Services, Inc. on September 30, 1996. We changed our name to Ableauctions.com, Inc. on July 19, 1999. From the date of our incorporation until August 24, 1999, we had no material business and no material revenues, expenses, assets or liabilities.

Our shares began trading on the OTC Bulletin Board under the symbol "ABLC" on July 21, 1999 and on the American Stock Exchange under the symbol "AAC" on June 29, 2000. Our shares are also listed on the Third Market Segment of the Zetradox of the Frankfurt Stock Exchange.

On August 24, 1999, in consideration of shares of our common stock and cash, we acquired all of the assets and the business operations of Able Auctions (1991) Ltd., a British Columbia corporation engaged in the business of auctioning used equipment, office furnishings and equipment, and other merchandise, by acquiring all of its issued and outstanding common shares from Dexton Technologies Corporation, a British Columbia corporation.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Our primary business activity is as a business-to-business and consumer auctioneer. We are an early stage company and we have developed our business through the acquisition of auction houses in the United States and Canada. We conduct our auctions live and simultaneously broadcast approximately 6 auctions, which comprises approximately 20% of our auctions, over the Internet. Generally, we acquire the merchandise we auction through bankruptcies, insolvencies and defaults.

Our business is not seasonal and is not dependent upon a single customer or a few customers.

Our business plan is to expand the scope of our auction business through the following:

- increasing our geographic reach by building an Internet e-commerce site over which we will eventually broadcast all of our auctions;
- expanding our auction business and operations by acquiring existing auction houses in strategic geographic locations primarily in North America;
- expanding our Internet auction business through our acquisition of iCollector, PLC;
- entering into strategic relationships with other auction houses to broadcast their auctions live on our web site for a transaction fee; and
- generating revenues from silent auctions, charity auctions, and specialty e-commerce stores on our web site.

-20-

INDUSTRY BACKGROUND

The Commercial Auction Industry

Based on our discussions with operators of auction houses and our experience in the industry, we believe that most auction houses are regional, owner-operated businesses. Each auction house must make significant investments in real estate, personnel, inventory, and marketing for each location. Most traditional auction houses obtain their inventory locally and must contend with the logistical problems of matching supplies of available merchandise to unpredictable demand.

The Internet Auction Industry

The Internet has become an increasingly significant global interactive medium for communications, information, and commerce. Use of the Internet for business purposes has continued to grow over the past several years. According to a 1999 study by Deloitte Consulting, approximately 60% of all businesses conduct business through the Internet. The study also indicated that approximately 88% of the businesses surveyed stated that their business plans and strategies included conducting a significant amount of business over the Internet. Deloitte Consulting's survey also indicated that 90% of the respondents confirmed that eProcurement was part of their business strategy. eProcurement is the process of securing and sourcing products over the Internet by developing supplier relationships and improving purchasing effectiveness. The survey respondents indicated that 28% of the transactions in their eProcurement strategy were fulfilled through online auctions.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Management believes that online auctions are a fast growing area of electronic commerce. According to a January 1999 survey by Jupiter Communications, the number of people in the United States participating in online auctions will grow from 1.2 million in 1998 to 6.5 million in 2002. Jupiter Communications estimates that auction buyers are projected to represent 11% of the total online shopping population in 2002. Forrester Research estimates that the total value of online auctions will grow from \$1.4 billion in 1998 to \$19 billion in 2003.

Person-to-person auctions, like those conducted on eBay.com, uBid.com, and Amazon.com, currently dominate the market. However, Jupiter Communications has predicted that by 2003, business-to-consumer sales will comprise approximately 66% of total Internet auction sales, representing approximately \$13 billion.

There are five models of online auctions:

- **EVENT-BASED LIVE AUCTIONS:** Bidders participate in live auctions transmitted over the Internet in real-time. Users register to qualify as bidders to participate before the time of the auction and bid for merchandise auctioned at physical auction houses. Online bidders typically bid against bidders present at the physical locations.

-21-

- **BUSINESS-TO-CONSUMER:** Businesses or consumers bid on products that are listed on an auction house's web site within a set time limit. The auctioned merchandise is sold to the highest bidder.
- **CONSUMER-TO-CONSUMER AUCTIONS:** Sellers post merchandise on the web site in one of several categories. Hundreds of thousands of items, at all price ranges, are listed and bidders haggle directly with sellers to purchase the merchandise.
- **SPECIALTY AUCTIONS:** Sellers offer specific types of merchandise for auction on specialty online auctions that serve eclectic collectors or consumers interested in a special product niche.
- **BUSINESS-TO-BUSINESS:** Businesses offer merchandise for auction to other businesses, including items for liquidation, salvaged merchandise, excess inventory, distressed inventory, and other items offered in large lots of several hundred items.

COMPETITION

We believe that the principal competitive factors in the auction market are:

- reputation;
- customer service;
- the ability to provide a variety of merchandise at an exceptional value; and
- the ability to attract the bidders necessary to generate the best possible prices.

We compete with a number of companies with substantially greater financial, technical, and human resources than ours. Our competitors include large and small auction companies, dealers, and retailers, including discount retail stores, liquidation centers, and other retailers of new and previously owned merchandise.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

The used equipment and the industrial equipment auction markets are highly fragmented. The major auctioneers in these markets include Michael Fox International, an international auctioneer of industrial equipment and real estate, Ritchie Bros. Auctioneers, an international auctioneer of industrial equipment and Maynard's Auctioneers, an auctioneer and liquidator of household items, antiques, and commercial goods. We also compete with a number of smaller independent auctioneers as well as with equipment manufacturers, distributors, new or used equipment dealers, and equipment rental companies seeking to sell unwanted merchandise.

The Internet auction industry is new, rapidly evolving, and intensely competitive, and we expect competition to intensify in the future. A variety of auction web sites are presently available on the Internet that are dedicated to facilitating person-to-person and business-to-person transactions on a bid-based format. These auction services allow sellers to post merchandise on their web sites and buyers to locate items and submit bids online. These services generally organize merchandise by categories and provide descriptions, pictures, or video clips of merchandise offered for sale.

-22-

We compete directly with online auction services such as Leftbid, Onsale, uBid, eBay, Yahoo!, Excite, Inc., and a number of other auction based services. We potentially face competition from a number of large online communities and services that have expertise in developing online commerce and in facilitating online business-to-person interaction, including AOL, Lycos, Inc., and Microsoft Corporation.

We believe that the following features, if we are able to fully implement all of them, may allow us to differentiate our web site from the web sites of many of our competitors:

- Live Broadcast. We broadcast live auctions from physical auction sites over the Internet in real time, which allows visitors to our web site to compete against bidders attending the live auction.
- Quality Sound and Video. We are developing technology that will provide quality video and sound to visitors and that will allow bidders to respond immediately to the auctioneer's calls.
- Commercial Goods. We intend to broadcast some live auctions that feature merchandise and equipment targeted at business or commercial buyers.
- Consumer Goods. We also intend to broadcast live auctions targeted at consumers featuring merchandise such as antiques, collectibles, furniture, household items, and other consumer goods.
- Silent and Charity Auctions. Our web site features a silent auction and, from time-to-time, charity auctions. These auctions list items that are sold to the highest bidder.

We believe that potential bidders will save time and effort by previewing merchandise in advance of an auction using video and sound clips posted on our web site.

We believe that our "no minimum price" policy coupled with broadcasting our auctions live on the Internet through our web site will result in a greater volume of consigned equipment and higher gross sales.

OUR AUCTION OPERATIONS

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

We conduct physical auctions from our auction houses located in British Columbia and the states of Washington and California.

Our operations in the United States include:

-23-

Ehli's Commercial/Industrial Auctions, Inc.	Tacoma and Fife, Washington
Ableauctions (California)	San Francisco, California

Our operations in Canada include:

Able Auctions (1991) Ltd.	Surrey, Vancouver and Coquitlam, British Columbia
iCollector International Ltd.	Vancouver, British Columbia

During 2001, \$6,704,375, or approximately 62% of our annual revenues, were derived from our Canadian operations and \$4,088,844, or approximately 38% of our annual revenues, were derived from our United States operations. Currently we hold approximately 18 auctions per month; approximately 8 of these auctions are held in the United States and the remaining 10 auctions are held in Canada. During 2000 and 1999, \$5,302,288 and \$898,450, respectively, of our annual revenues were derived from our Canadian operations and \$5,344,925 and \$0, respectively, were derived from our United States operations.

We auction up to approximately 1,200 items or lots at each auction. We receive revenues from auction fees charged to consignees who consign merchandise to be sold and from the buyer's premiums charged to purchasers of the merchandise. In auctions of consigned goods, we received gross revenues from commissions and fees of approximately \$80,000 from a typical auction during 1999 and of approximately \$100,000 during each of 2000 and 2001.

The costs involved in conducting a typical auction, which average approximately \$45,000, include, among other things, the costs of catalogues, insurance, transportation, auction advertising, auction site rental fees, security, temporary personnel and expenses of certain additional auction-related accounting and shipping functions. In general, we charge purchasers a buyer's premium on auction purchases equal to 10% to 15% of the hammer price of the property and sellers a commission ranging from 5% to 25% of the hammer price.

Like most auctioneers, we do not provide any guarantee or warranty with respect to the property offered for sale at auction except as noted in our terms and conditions of sale for particular auctions. We generally auction each lot as described in our auction catalogue or on an "as is" basis.

Under the standard terms and conditions of our auction sales, we are not obligated to pay the consignor of the property if the purchase price for the property has not been paid by the buyer. In these instances, we will hold auctioned property until we receive payment from the buyer. If the buyer defaults on payment, we may cancel the sale and return the property to the owner, re-offer the property at another auction, or contact other bidders to negotiate a private sale.

Frequently, an owner consigning property to us will request a cash advance when the property is delivered to us and before its ultimate sale at auction or otherwise. The cash advance is in the form of a self-liquidating secured loan, using the consigned property as collateral. We are a secured party with respect

-24-

to the collateral, hold a security interest in the collateral, and maintain

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

possession of the collateral until it is sold.

We sometimes offer potential consignors the option to sell their property to us for an amount determined by our appraisers. In an outright purchase, we establish a price that we are willing to pay for the property and, if the price is acceptable to the seller or if a price can be negotiated between us and the seller, we typically pay the purchase price in full and take possession of the property immediately. We will generally sell this property at auction with other property or, if the purchase is large, at an auction of the purchased property.

Similarly, we also generate revenues by purchasing merchandise from a variety of sources and re-selling it at our auctions. We purchase merchandise below normal wholesale prices as a result of liquidation, generally from bankruptcy or overproduction by manufacturers. In some cases, we purchase used equipment, such as office equipment from bankrupt companies, closing businesses, or merging companies. We normally average over 50% gross margin on sales, before fixed expenses, on the sale of liquidated merchandise.

In auctions where we own the auction merchandise, we receive all of the proceeds from the sale of the merchandise and related commissions and fees. Our gross profit from sales of our own merchandise is between 16% and 40%. During 1999 we had revenues of \$829,755 from the sale of our merchandise, \$8,607,230 for the year ended December 31, 2000 and \$6,653,656 for the year ended December 31, 2001.

Unlike sales of consigned property at auction, when selling our own inventory we earn a profit or incur a loss on the sale of inventory to the extent the purchase price exceeds or is less than the purchase price we paid for the inventory. Generally, we sell our inventory at public auctions. Occasionally, we may sell inventory to a customer directly without placing the inventory for sale at auction. Our goal is to sell all of our inventory as quickly and as efficiently as possible in order to achieve a high level of inventory turnover and maintain maximum liquidity.

OUR WEB SITE

We launched our web site for public viewing in September 1999 and have refined our technology to broadcast live auctions over the Internet. We broadcasted our first live auction in January 2000. We currently broadcast about 6 auctions, which comprises approximately 20% of our live auctions, on the Internet.

Our web site is designed to integrate the traditional auction with electronic commerce by offering bidders with Internet access the ability to bid at our larger auctions. We believe our system will increase the size of our auction audiences, lower our overall transaction costs, and increase interest in our auction houses and events.

We anticipate that our web site will be attractive to business purchasers looking for difficult-to-find equipment, fixtures, office equipment, furniture

-25-

and similar merchandise and to consumers looking for jewelry, consumer electronics, tools, collectibles, cameras and musical instruments. We believe that offering previews of our merchandise over the Internet will save our visitors time and increase the number of serious bidders participating in our auctions. We do not intend to offer or auction firearms, adult materials, or other potentially illegal merchandise on our web site.

Viewers are able to conveniently preview items in advance from their homes or offices and bid on merchandise live as the auction is being conducted.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Currently, we post auction previews that allow visitors to view pictures of certain merchandise prior to the auction. The users will also have the option to submit a bid on an item before it goes to auction.

Our live auctions typically draw an average of 300 to 500 people in person, and auctions broadcasted on the Internet typically draw an average of 300 to 500 registered bidders.

During live auctions, virtual viewers are able to see the auction in progress and follow the lots of merchandise as they are being sold. A picture of each item and the current bid is posted. Internet users are able to bid simultaneously with those attending in person and update bids at their convenience. We post bids received from the Internet on large screen monitors. Unlike eBay, Bid.com, or other web sites, we offer almost every item on an unreserved basis, meaning there is no minimum bid for the merchandise we auction. Every item we auction is physically present at the time of the auction and sold to the highest bidder.

OUR PLAN OF OPERATION

Our plan of operation is based on our operating history, our experience in the industry, our discussions with third parties, the Securities and Exchange Commission filings of our competitors and the decisions of our management.

WE PLAN TO GENERATE REVENUES THROUGH AUCTIONS AND INCREASE OUR VOLUME OF SALES BY INCREASING THE NUMBER OF LIVE AUCTIONS AT OUR EXISTING LOCATIONS.

We will continue to operate auctions at our locations in Surrey, British Columbia, Coquitlam, British Columbia, Vancouver, British Columbia, Tacoma, Washington; Fife, Washington and San Francisco, California. We also hold auctions at customer locations in bankruptcies and insolvencies.

WE PLAN TO INCREASE REVENUES BY BROADCASTING OUR AUCTIONS ON THE INTERNET AND BY SELLING MERCHANDISE ON OUR WEB SITE.

We launched our web site for public viewing in September 1999 and broadcasted our first live auction in January 2000. As funds become available, we will further refine the technologies related to broadcasting live auctions on our web site. If we acquire additional auction locations, our plan is to

-26-

broadcast those auctions on our web site. Likewise, we intend to broadcast the auctions of other auction houses from a variety of locations throughout North America. We also intend to license our software to other auction companies and commence marketing efforts in the remainder of 2002.

IF WE OBTAIN ADEQUATE FINANCING, WE PLAN TO CONTINUE RESEARCH AND DEVELOPMENT TO IMPROVE OUR WEB SITE AND AUCTION BROADCASTING TECHNOLOGIES.

If we obtain the financing to do so or if our operations generate enough money to do so, we plan to continue our research and development efforts to improve our web site and auction broadcasting technologies. Our plan is to refine our live auction broadcasting technologies and develop software and systems that will allow us to improve graphical presentations, the speed of our bidding process, the preview of merchandise and the method of registering bidders.

WE INTEND TO CONTINUE TO INTEGRATE THE ICOLLECTOR PLC OPERATIONS INTO OUR BUSINESS.

Our acquisition of iCollector PLC and its restructuring in the form of iCollector International Ltd is expected to result in a number of strategic

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

relationships with galleries, auction houses and art dealers, and a relationship with eBay to broadcast our live auctions. We believe that the acquisition of iCollector PLC will enable us to more efficiently and quickly deploy our technology to auction houses in Europe, the United Kingdom and the United States. As a result of this acquisition, we expect to realize synergies in the areas of marketing, web and Internet hosting, and Internet and software development.

RESEARCH AND DEVELOPMENT

Our research and development program consists of developing technologies related to our web site and the systems required to broadcast live auctions over the Internet. We spent \$526,787 as of December 31, 1999 and approximately \$1,000,000 as of December 31, 2000 on expenses related to research and development, including consulting fees, technical fees, development of our data base management technologies, research and development of our graphic and video broadcasting technologies, systems design and testing, and other technological aspects of our web site.

Due to budgetary constraints, during 2001 we did not undertake any significant Internet research and development. We will continue developing technologies related to our web site when we are able to obtain financing or if we generate sufficient cash flows from operations.

HISTORY OF OUR ACQUISITION AND DIVESTITURE ACTIVITY

Effective September 20, 1999, we hired all of the employees and acquired all of the business assets of Ross Auctioneers & Appraisers Ltd., a British Columbia based auction company, for 60,000 shares of our common stock with a fair market value of approximately \$175,000.

-27-

Effective February 29, 2000, we hired the founder, Harlan Moore, and acquired all of the business assets of Falcon Trading, Inc., a Washington based auction company, for 53,405 shares of our common stock with a fair market value of approximately \$360,804.

Effective March 20, 2000, we acquired the business assets of Mesler's Auction House of Scottsdale, L.L.C. ("Mesler's"), and real estate and a building from C&C Capital Investment, Inc., an affiliate of Mesler's. Mesler's is an Arizona based company that auctions antiques and other furniture and equipment. We paid \$255,000 cash and issued 30,625 shares of our common stock with a fair market value of approximately \$245,000 for the Mesler's assets. We paid \$1,200,000 in cash, assumed a promissory note with an unpaid balance of \$1,056,110.53 and issued 155,486 shares of our common stock with a fair market value of approximately \$1,245,000 for the real property.

Effective May 5, 2000, we hired the founder, Robert Kavanagh, and acquired all of the business assets of Auctions West Sales Corporation, a British Columbia based auction company, for 10,000 shares of our common stock with a fair market value of approximately \$70,000.

Effective May 16, 2000, we acquired all of the issued shares of Ehli's Commercial/Industrial Auctions, Inc., a Tacoma, Washington based liquidator of automobiles and industrial equipment, from Randal Ehli, the sole shareholder, for \$900,000 cash and 50,000 shares of our common stock with a fair market value of approximately \$350,000.

We acquired Johnston's Surplus Office Supplies Ltd. on July 26, 2000 for \$338,300 in cash and issued 68,182 shares of common stock with a fair market value of approximately \$513,410.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

On July 31, 2000 we acquired Jarvis Industries Ltd. and Warex Supply Ltd. from Mr. Murray Jarvis. We paid \$286,263 for Jarvis Industries Ltd., which is an auction house specializing in distress liquidations, and \$145,672 and 6,900 shares of common stock with a fair market value of approximately \$55,200 for Warex Supply Ltd., which supplies warehouse racking and related equipment to end users. On August 31, 2001 we sold the common stock of Warex Supply Ltd. (See, "Our Divestiture of Warex Supply Ltd.")

On September 27, 2001, we acquired all of the issued shares of iCollector PLC. The consideration for the acquisition was as follows:

- We issued 4,150,357 shares of our common stock to the shareholders of iCollector.
- We issued non-interest bearing and unsecured promissory notes ("deferred consideration notes") in the face amount of \$2,988,258, which are due to be paid on September 13, 2002. These deferred consideration notes are convertible into shares of our common stock at \$1.43 per share at our sole option, subject to regulatory, listing, and shareholder approval.
- We issued non-interest bearing and unsecured promissory notes in the amount of \$5,000,000, which are payable on September 30, 2002, only if iCollector satisfies certain revenue and transaction milestones during the month of

-28-

July, 2002. These notes are convertible into shares of our common stock, at the fair market value of such shares at the date of conversion, at our sole option, subject to a minimum of 2,000,000 shares and a maximum of 3,500,000 shares in the aggregate, as well as regulatory, listing, and shareholder approval. The amount of the obligation to us in respect to the notes, if any, will be recorded at such time as the amount of such obligation can be reasonably determined. Based on its current performance, we do not believe that iCollector will be able to satisfy the revenue and transaction milestones.

Our acquisition cost, including estimated transaction costs of \$342,797, was \$8,957,281.

In November 2001 it was determined that iCollector could not sustain its operations based on its existing cash resources. iCollector then ceased operations and a restructuring plan was adopted. In January 2002 iCollector was placed into formal bankruptcy proceedings pursuant to the laws of the United Kingdom. In December 2001, and as part of a restructuring program, iCollector was recreated in Canada as iCollector International Ltd. iCollector's web site and all of the technology was rebuilt in Canada with the existing services of iCollector still being made available to our customers.

The investment in iCollector has been written off on our financial statements for the year ended December 31, 2001 as a failed acquisition.

OUR DIVESTITURE OF JOHNSTON'S SURPLUS OFFICE SYSTEMS LTD.

Effective March 29, 2001, we agreed to dispose of all of our shares of Johnston's Surplus Office Systems Ltd. ("Surplus"). We also agreed to settle debt owed to us by Surplus in the amount of \$1,191,724. The debt was settled by the issuance by Surplus to us of 1,191,724 common shares of Surplus at a deemed price of \$1.00 per share. We agreed to then sell all of the issued shares of Surplus to an employee of Surplus for \$380,500.

OUR DIVESTITURE OF WAREX SUPPLY LTD.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Effective August 31, 2001, we agreed to dispose of all of our shares of Warex Supply Ltd. to Murray Jarvis, the former owner of Warex Supply Ltd., as severance in conjunction with the termination of his employment with us. We recognized a loss of \$101,245 as a result of this transaction.

OUR CLOSURE OF MESLER'S AUCTION HOUSE OF SCOTTSDALE, L.L.C.

We originally acquired Mesler's Auction House of Scottsdale, L.L.C. to provide us with an auction facility for art, antiques and collectibles. Since our acquisition of iCollector, which has a much broader selection of items for sale as well as many more of them, we have suspended our operations in Arizona and moved our United States headquarters to Fife, Washington.

-29-

GOVERNMENT REGULATION

Our auction houses are generally subject to extensive regulation, supervision, and licensing under various federal, state, and local statutes, ordinances, and regulations. Such laws and regulations may require us to obtain a license or registration, or post a surety or bond as a precondition of doing business within the jurisdiction. In addition, applicable laws may require us to transact business and sell merchandise in accordance with specific guidelines, including the means by which we obtain our merchandise, advertise our auctions, conduct our bidding procedures, close transactions, hold client funds, and other restrictions that may vary from state to state.

There are currently few laws or regulations that directly apply to access to, or commerce on, the Internet. It is possible that governing bodies may adopt a number of laws and regulations governing issues such as user privacy on the Internet and the pricing, characteristics, and quality of products and services offered over the Internet. It is also possible that government authorities will adopt sales or other taxes involving Internet business.

INTELLECTUAL PROPERTY

We have developed the majority of our software internally. We have taken measures to protect our intellectual property, ranging from confidentiality and non-disclosure agreements for contractors and employees to deploying a trans-modular development schedule where individual modules of software developed or coded by employees or contractors have no stand-alone benefits whatsoever until they are integrated with at least three independent modules.

"Ableauctions" and "Ableauctions.com" are our trademarks, which we have registered under Canadian trademark laws and applied for registration under U.S. trademark laws, which applications are still in progress.

We have registered the Internet domain names "ableauctions.com" and "icollector.com".

We use copyright, trademark, service mark, and trade secret laws and contractual restrictions to protect our proprietary rights. We cannot assure you that the measures we take to protect intellectual property will prevent misappropriation of our technology or deter independent third-party development of similar technologies.

EMPLOYEES

As of December 31, 2001 we had a total of 98 staff persons, including 40 full time employees, 12 consultants and 46 part-time and temporary employees. In addition to management, we employ auction staff, sales people, administrative

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

staff, and development and technical personnel. From time to time, we may employ independent consultants or contractors to support our research and development, marketing, sales and support, and administrative operations.

-30-

DESCRIPTION OF PROPERTY

The location of our facilities are as follows.

1963 Lougheed Hwy, Coquitlam, British Columbia, Canada - This property is leased from a company wholly-owned by our President, Abdul Ladha. The lease payments, which are at below-market rates, are \$11,030 per month for a term of 10 years commencing on December 1, 1999. The building is approximately 23,000 square feet on two floors and has recently been renovated. This facility houses our Canadian management team and is a liquidation center for excess inventory.

1055 Vernon Drive, Vancouver, British Columbia, Canada - This property is on a five-year lease that commenced on June 1, 2001. Monthly payments are \$7,500 for the first two years and \$8,100 for the remainder of the lease. This property is used exclusively for auctions and is approximately 15,000 square feet.

Unit 9121 196A Avenue, Surrey, British Columbia, Canada - This property is the new location for our Surrey operation and is on a three-year lease with payments escalating from \$5,800 in the first year to \$6,500 in the third. This property is used exclusively for industrial auctions.

712 Dubuque Avenue, South San Francisco, California - This property houses our California operation and is approximately 12,000 square feet. It is on a month-to-month lease with payments of \$10,000.

7303 East Earl Drive, Scottsdale, Arizona - This building was used for our Arizona operations. We have since ceased operations from that location and the building has been listed for sale. This property is encumbered by a mortgage with a principal balance due of \$1,050,000.

1222 46th Avenue, Fife, Washington - This property was recently leased on a five year term with monthly payments of \$15,600 in the first year, \$16,600 in the second and third year, and \$17,600 in the fourth and fifth year. We also pay the operating costs and property taxes on this facility. This facility is approximately 40,000 square feet located on six acres of fenced property. It is our main corporate office.

We believe our properties are suitable and adequate for our business as it is currently conducted.

LEGAL PROCEEDINGS

We are not a party to any material legal proceeding, nor to the knowledge of management, are any legal proceedings threatened against us. From time to time, we may be involved in litigation relating to claims arising out of operations in the normal course of business.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On November 8, 2000, we dismissed Davidson & Company, Chartered Accountants as our auditor and appointed Shikaze Ralston Tam Kurozumi, Chartered Accountants, of Vancouver, British Columbia, Canada.

Davidson & Company have not been associated with any of our financial statements subsequent to the quarter ended June 30, 2000. The change in

-33-

independent auditors was effective for the fiscal year ended December 31, 2000, was approved by our Board of Directors, and was not due to any disagreement between us and Davidson & Company, Chartered Accountants on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure. Our financial statements for the fiscal year ended December 31, 1999 contain no adverse opinion or disclaimer of opinion and have not been qualified or modified as to audit scope or accounting opinion. The report for 1999 contained a comment related to the uncertainty of Ableacutions continuing as a going concern.

During the period prior to and preceding the change in independent auditors, there were no disagreements with Davidson & Company on any matter of

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

accounting principles or practices, financial statement disclosures, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Davidson & Company would have caused them to make reference thereto in their report on our financial statements for the period. We have authorized Davidson & Company to respond fully to any subject matter of any potential disagreement with respect to our financial statements.

On February 12, 2002, Shikaze Ralston Tam Kurozumi, Chartered Accountants resigned and on February 12, 2002, Morgan & Company, Chartered Accountants, was appointed as our independent certified public accountant.

Shikaze Ralston Tam Kurozumi, Chartered Accountants have not been associated with any of our financial statements subsequent to September 30, 2001. The change in independent auditors was effective for the fiscal year ended December 31, 2001, was approved by our Board of Directors, and was not due to any disagreement between us and Shikaze Ralston Tam Kurozumi, Chartered Accountants on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure. Our financial statements for the fiscal year ended December 31, 2000 contain no adverse opinion or disclaimer of opinion and have not been qualified or modified as to audit scope or accounting opinion. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

We believe that we do not have any material exposure to interest or commodity risks. We are exposed to certain economic and political changes in international markets where we compete, such as inflation rates, recession, foreign ownership restrictions, domestic and foreign government spending, budgetary and trade policies and other external factors over which we have no control.

Our financial results are quantified in U.S. dollars but a majority of our obligations and expenditures with respect to our operations are incurred in Canadian dollars. Although we do not believe we currently have any materially significant market risks relating to our operations resulting from foreign exchange rates, if we enter into financing or other business arrangements denominated in currency other than the U.S. dollar or the Canadian dollar, variations in the exchange rate may give rise to foreign exchange gains or losses that may be significant.

We currently have no material long-term debt obligations other than a promissory note, with interest at 9% per annum, repayable at \$8,569 per month including principal and interest, due July 24, 2028. The promissory note is secured by a mortgage on our Scottsdale property. We do not use financial instruments for trading purposes and we are not a party to any leverage derivatives.

Dr. David Vogt, a director since April 17, 2000, is a scientist and knowledge engineer. An astronomer by training, he was Director of Observatories at the University of British Columbia in Canada from 1980 to 1992 before becoming Director of Science at Science World, Western Canada's largest public science center. With the development in 1993 of a "virtual science center" to support educational outreach, Dr. Vogt shifted his focus to explore the acquisition of knowledge using new media technologies. Dr. Vogt is a founding

-36-

executive of Brainium.com, an innovative online educational publishing company. Brainium.com pioneers new media learning products for the kindergarten to Grade 12 market. The award winning "Science Brainium", located at www.brainium.com, is an online intermediate science resource currently reaching 7,000 schools internationally. Dr. Vogt has been Vice President, Business Development of Brainium Technologies Inc. since 1996.

In 1977 Dr. Vogt received an undergraduate degree in Physics and Astronomy from the University of British Columbia and in 1978, also from the University of British Columbia, he received a degree in English Literature. He received an interdisciplinary Ph.D. in information science and archaeoastronomy from Simon Fraser University in 1990. Dr. Vogt was also founding director of the British Columbia Shad Valley Program, Chairman of the CBC Advisory Committee on Science and Technology, and a founding member of the SchoolNet National Advisory Board.

Dr. Vogt's professional associations include membership on the Software and Information Industry Association Content Board and sub-committee on Distance Learning, a technology planning committee for Ronald McDonald Houses International, the Education Committee for the Vancouver Foundation, British Columbia's Information Technology Advisory Board, and the Board for Science World.

MICHAEL BOYLING, DIRECTOR

Mr. Boyling, a director since January 1, 2002, is the President of Boyling, Feltham, Rogers & Associates Inc. (BFR), an insurance and financial services company based in Vancouver, British Columbia with regional offices in Edmonton, Alberta, Calgary, Alberta and Winnipeg, Manitoba. BFR's business focuses on providing insurance and financial services to high net worth individuals and medium sized companies.

Mr. Boyling also owns West Coast Global Equity/Ventures Inc., an international consulting company whose main focus is international financing and investing. He has provided services as a consultant and broker to international construction companies as well as to a foreign government agency, arranging equity and debt financing.

Prior to founding BFR, Mr. Boyling was employed in the insurance and financial services industry, where he occupied the positions of Regional Sales

JEREMY DODD - SECRETARY-TREASURER AND CHIEF OPERATING OFFICER

Jeremy Dodd was appointed our Secretary and Treasurer on September 15, 1999. He began his career with Able Auctions Liquidators Limited in 1986. Five years later, he bought Able Auctions Liquidators Limited and formed Able Auctions (1991) Ltd., where he served as President from November 1993 to April 1998 and Secretary and a director from July 1991 to April 1998. In March 1998, he sold Able Auctions (1991) Ltd. to Dexton Technologies Corporation. Mr. Dodd has directed the operations of Able Auctions (1991) Ltd. and its transition to becoming an Internet broadcaster of auctions. Mr. Dodd was appointed Vice President of Operations of Able Auctions (1991) Ltd. on August 24, 1999. Mr. Dodd is an auctioneer and bailiff by trade and has conducted over 1,000 live auctions from Montreal to San Francisco.

RANDAL EHLI - DIRECTOR AND SUBSIDIARY VICE-PRESIDENT

Randal Ehli is a third generation auctioneer with over 24 years of experience in conducting auto auctions, personal property and major consignment auctions. He graduated from the Reish World Wide College of Auctioneering in 1980, the Auction Marketing Institute in 1993, and Auction Marketing Institute's appraisal program in 1997. Mr. Ehli was President of Ehli's Commercial/Industrial Auctions, Inc. in Tacoma, Washington until May 2000, when he sold all of the shares of Ehli's Commercial/Industrial Auctions, Inc. to Ableauctions.com (Washington) and was appointed its Vice-President, Northwest Auctions. He was appointed Vice-President of Ableauctions.com (Washington) on March 12, 2001. He was appointed a director in May 2002.

Mr. Ehli was formerly the president of the following entities and associations: Washington Auctioneer's Association; Sales and Marketing Executives of Tacoma; P.R.I.D.E., which runs one of the largest charity auctions in Tacoma, Washington; Clear Lake Homeowners' Association, which had 1500 members; and Tanglewilde Park Association. In addition, Mr. Ehli developed one of the first auction software packages (Auctionware) in 1982, and Ehli's Commercial/Industrial Auctions, Inc. was one of the first auction companies to begin using the Internet to advertise auctions.

-38-

DAN BOUCHARD - VICE-PRESIDENT, U.S. OPERATIONS

Mr. Bouchard joined us in November 1999 when he was appointed Vice-President, U.S. Operations. Since the early 1980s, Dan Bouchard co-founded or was employed by companies that were predecessors of Able Auctions (1991) Ltd.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

In 1991, Mr. Bouchard co-founded Able Auctions (1991) Ltd. with Jeremy Dodd, our Secretary and Chief Operating Officer. Mr. Bouchard was President of Able Auctions (1991) Ltd. from May 1991 to November 1993. Since 1993, Mr. Bouchard has been President of Trident Management (1993) Ltd., which is a management company specializing in shopping center leases and which manages 14 Trident Keymart locations in major shopping centers in western Canada. In 1996, Mr. Bouchard founded Trident Vending Corp., which supplies Canada Post Corporation with stamp vending machines, and Bouchard Management Inc., which is a management company that provides retail and general business consulting services to various companies.

BRETT JOHNSTON - SUBSIDIARY VICE-PRESIDENT, CALIFORNIA OPERATIONS

Brett Johnston has been an independent business owner for 20 years. In July 2000, we acquired Johnston's Surplus Office Supplies Ltd., a company located in Vancouver, British Columbia of which Brett Johnston was a major shareholder, director and officer. Subsequent to this acquisition, we asked Mr. Johnston to relocate to California to start up our operations there. As the former owner or partner in 20 diverse businesses, Mr. Johnston has developed a wide range of business skills and experience. Mr. Johnston has twice been nominated for the prestigious Entrepreneur of the Year Award in recognition of his abilities with business start-ups. Mr. Johnston's university education is in Forest Engineering and Economics.

Each of our directors is elected for a period of one year at our annual meeting of shareholders and serves until the next annual meeting or until his successor is duly elected and qualified. The executive officers serve at the discretion of the Board of Directors. There are no family relationships among any of our directors and executive officers.

EXECUTIVE COMPENSATION

The table below shows, for the fiscal years ended December 31, 2001, 2000 and 1999, the compensation paid to our Chief Executive Officer and the four most highly paid executive officers serving at December 31, 2001 whose total annual compensation exceeded \$100,000. These officers are referred to as the "named executive officers."

EQUITY INCENTIVE PLANS

Ableauctions.com, Inc. 1999 Stock Option Plan

On October 14, 1999 our Board of Directors adopted, and our shareholders approved, the Ableauctions.com, Inc. 1999 Stock Option Plan. Our Board of Directors administers the Plan. We have set aside 3,000,000 shares of our common stock to use for awards made pursuant to the Plan. Under the Plan, we may grant options to employees or others who render services to us, including officers, directors, consultants and agents. The term of the Plan is 10 years. If an option is classified as an "incentive" option, the option exercise price per share must be the fair market value of the underlying common stock on the date of grant, unless the grant is made to a person who owns more than 10% of our common stock, in which case the exercise price will be 110% of the fair market value of the underlying common stock on the date of grant. If the option is not an incentive option, commonly known as a non-qualified option, the Board of Directors determines the price at which the option may be exercised. Incentive options granted to persons who own less than 10% of our common stock have terms of 10 years. Incentive options granted to persons who own 10% or more of our common stock have terms of five years. The term for non-qualified options is also 10 years. The Board of Directors may grant the options subject to vesting conditions. Vesting conditions may include continued service or performance objectives. Vested options may be terminated immediately if the option holder's employment is terminated for cause, after three months if the option holder's employment is terminated for any reason other than cause, disability or death,

-40-

and after one year if the option holder's employment is terminated due to death or disability. Options are not freely transferable. Options may be transferred only in certain limited circumstances, such as death or pursuant to a qualified domestic relations order.

Ableauctions.com, Inc. 2002 Consultant Stock Plan

On May 28, 2002 our Board of Directors adopted the Ableauctions.com, Inc.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

2002 Consultant Stock Plan. The purpose of this Plan is to allow us to compensate consultants, who do not perform services for us as directors, officers or employees, with common stock or options to purchase common stock. The Plan is administered by our Board of Directors. We have set aside 2,500,000 shares of our common stock to use for awards made pursuant to the Plan. Under the Plan, recipients of awards can receive options to purchase common stock, shares of common stock, or shares of common stock subject to vesting conditions such as performance goals. Shares of common stock may be granted as a "bonus" or "reward" for services rendered, as compensation or in consideration of payment of a purchase price. If the common stock is granted in consideration of payment of a purchase price, the purchase price may not be less than 85% of the fair market value of the common stock on the date of grant. If the shares of common stock are purchased by an award recipient, but the common stock is granted subject to vesting conditions that are not attained, we may require the recipient to sell the common stock to us at the higher of the original purchase price or the fair market value of the common stock or at the original purchase price. If we require the recipient to sell the common stock to us at the original purchase price, our right to purchase the common stock will lapse at the rate of 20% per year over a period of five years from the date of grant. The number of shares of common stock granted pursuant to an option will be adjusted as a result of stock dividends or subdivisions, or in the event of a capital reorganization or reclassification of common stock not involving the consolidation, merger, combination or exchange of shares with another entity.

OPTION GRANTS IN THE LAST FISCAL YEAR

During the fiscal year ended December 31, 2001, no options to purchase our common stock were granted to the named executive officers.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

During the fiscal year ended December 31, 2001, none of the named executive officers exercised options to purchase shares of our common stock.

REPORT OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

During 2001, the Board of Directors was responsible for establishing our compensation policy and administering the compensation programs for our executive officers.

General. During the year 2001, it was the responsibility of the Board of Directors to establish specific awards under our stock option plan and to determine the compensation for our executive officers. Executive compensation can include salary, bonus, and option grants as well as other perquisites that vary with the level of responsibility.

-41-

In determining the compensation for a particular executive officer, the Board of Directors was guided in the year 2001 by the following objectives:

- attracting and retaining officers by maintaining competitive compensation packages; and
- motivating officers to achieve and maintain superior performance levels.

The Board of Directors believes that total compensation for executive officers should be sufficiently competitive with compensation paid by companies of similar size and market place position. Corporate performance was also a factor that was considered by the Board of Directors when determining compensation.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Base Compensation. Base pay is baseline cash compensation and is determined by market forces. The Board of Directors sets base pay based on what it believes is comparable to compensation paid by companies of similar size and market place position.

Annual Cash Bonuses. The Board of Directors, in its sole discretion, may approve the payment of bonuses from time to time to our employees, including our executive officers, as an incentive to influence employees to be productive over the course of each fiscal year. The determination of which executive officers should receive a bonus and what the amount of the bonus should be is based upon a subjective analysis of the executive's level of responsibility and performance of duties, and also takes into consideration other types and amounts of compensation paid to the executive, such as commissions.

Long-term Stock Ownership Plans. During the 2001 fiscal year we had one active stock plan in place, the Ableauctions.com, Inc. 1999 Stock Option Plan. Through the Plan, we have the ability to grant incentive stock options and non-qualified stock options to, among others, our employee-directors, officers and employees. The grant of options is intended to create a more productive workforce by acting as an inducement for long-term employment, thereby lending stability to our employee base and encouraging more long-term productivity by our employees as they see their efforts translate into greater share value.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

We paid \$154,949 in management fees to Abdul Ladha, our Chief Executive Officer, during our 2001 fiscal year. These fees were based on services rendered to us by Mr. Ladha in developing our business strategy and in implementing our business plan and Internet strategy. Mr. Ladha was not paid a bonus nor was he granted stock options during the 2001 fiscal year.

DEDUCTION LIMIT FOR EXECUTIVE COMPENSATION

The Board of Directors has not formulated a policy in qualifying compensation paid to executive officers for deductibility under Section 162(m)

-42-

of the Internal Revenue Code, and does not foresee the necessity of doing so in the near future. Should limitations on the deductibility of compensation become a material issue, the Board of Directors will, at such time, determine whether such a policy should be implemented, either in general or with respect to specific transactions.

EMPLOYMENT CONTRACTS

We have entered into the following employment agreements with named executive officers:

ABDUL LAHDA, CHIEF EXECUTIVE OFFICER AND PRESIDENT

In April 2001 we entered into an employment agreement with our Chief Executive Officer and President, Mr. Abdul Lahda. The agreement has no specific term, but will not terminate unless Mr. Lahda dies or becomes permanently disabled, we and Mr. Lahda agree to terminate the agreement or Mr. Lahda commits an act that would give us cause to terminate the agreement. We and Mr. Lahda may also terminate the agreement on notice. If Mr. Lahda chooses to terminate the agreement, he must give us 90 days notice. If we choose to terminate the agreement, we must give Mr. Lahda the greater of one year's notice or a period of time equal to two months for every one year Mr. Lahda was employed by us. By signing the agreement Mr. Lahda agreed that he would not compete with us for a period of one year following the termination of his employment, that he would

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

not solicit our customers and that all works he created as our employee would be considered works for hire.

In exchange for his agreement to serve as our Chief Executive Officer and President, we will grant to Mr. Lahda an option to purchase 1,000,000 shares of our common stock. We are currently negotiating the terms of the option agreement.

JEREMY DODD, CHIEF OPERATING OFFICER

Under an agreement dated January 1, 2000, our subsidiary, Able Auctions (1991) Ltd., employs Jeremy Dodd to act as Chief Operating Officer, to provide management services, and to oversee worldwide operations for a term of ten years. In consideration of Mr. Dodd's services, Able Auctions (1991) Ltd. will pay him an annual salary of \$100,603. In addition, we may grant to Mr. Dodd, from time to time, options to purchase shares of our common stock.

RANDAL EHLI, VICE-PRESIDENT, NORTHWEST AUCTIONS

Under an agreement dated May 16, 2000, our subsidiary, Ehli's Commercial/Industrial Auctions, Inc., employs Randal Ehli to provide management services in connection with the auction business in Washington, Oregon, Idaho, Montana, and Wyoming, and to hold the position of Vice-President, Northwest Auctions, of Ehli's Commercial/Industrial Auctions, Inc. The term of the employment agreement is three years. In consideration of Mr. Ehli's services, Ehli's Commercial/Industrial Auctions, Inc. pays him an annual salary of \$110,000 and reimburses Mr. Ehli for reasonable out-of-pocket expenses. We have

-43-

also granted to Mr. Ehli options to purchase a total of 80,000 shares of our common stock at the price of \$6.525 per share. Finally, Mr. Ehli is also able to receive cash bonuses based on his achievement of certain gross sales or other performance targets.

BRETT JOHNSTON, VICE PRESIDENT, CALIFORNIA OPERATIONS

Under an agreement dated July 26, 2000, our subsidiaries Surplus Office Systems, LLC and Able Auctions (1991) Ltd. employ Brett Johnston to provide management services to Surplus Office Systems in connection with the auction business in the San Francisco Bay Area. The term of the employment agreement is three years. In consideration of Mr. Johnston's services, our subsidiaries will pay him an annual salary of \$125,000, an annual bonus based on a percentage of gross sales, and will also reimburse Mr. Johnston for reasonable out-of-pocket expenses. We have also granted to Mr. Johnston an option to purchase 100,000 shares of our common stock at the price of \$8.66 per share.

RELATED PARTY TRANSACTIONS

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the year ended December 31, 2001, we paid \$129,770 in rent, leasehold improvements, and repairs and maintenance to Derango Resources Inc., a company controlled by Abdul Ladha. We also paid \$149,781 for web site development and maintenance costs to Rapid Fusion Technologies, Inc., a subsidiary of Dexton Technologies Corporation, a company controlled by Abdul Ladha. We paid a management fee of \$154,949 to Mr. Ladha, although we did not pay him a salary for his services as President and Chief Executive Officer.

The lease payments made to Derango Resources Inc. were, and continue to be, significantly below market rates, based upon information provided to us from an independent real estate appraiser and consultant.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

Dexton Technologies Corp. was the owner of Ableauctions (1991) Ltd. and, through its wholly-owned subsidiary, Rapid Fusion Technologies, Inc., was developing software for use by Ableauctions (1991) Ltd. In order to preserve continuity in the software development, we continued to employ Rapid Fusion Technologies, Inc. as our software developer after Dexton Technologies Corp. sold Ableauctions (1991) Ltd. to J. B. Financial Services, Inc. Rapid Fusion Technologies, Inc. has been sold by Dexton Technologies Corp. and is no longer its subsidiary. None of our directors or named executive officers has an interest in Rapid Fusion Technologies, Inc. at this time, although Mr. Ladha loaned the company \$100,000 and is currently one of its creditors. We will continue to employ Rapid Fusion Technologies, Inc. as our software developer. Based upon industry information, we believe that the fees paid for the development and maintenance of our website were at market rates.

Based upon information we have regarding the auction industry and information we were able to obtain from data made publicly available by businesses earning revenues comparable to ours, we believe that the management fee paid to Mr. Ladha in lieu of salary is within the range of compensation paid to similarly situated executive officers.

-44-

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of May 24, 2002, regarding the beneficial ownership of our common stock by any person known to us to be the beneficial owner of more than 5% of our outstanding common stock, by directors and the named executive officers, and by all of our directors and named executive officers as a group.

The term "beneficial ownership" includes shares over which the indicated beneficial owner exercises voting and/or investment power. Pursuant to Rule 13d-3(d)(1) under the Securities Exchange Act, common stock subject to options or warrants currently exercisable, or exercisable within 60 days, is deemed to be outstanding for purposes of computing the percentage ownership of the person holding the options or warrants, but such stock is not deemed to be outstanding for purposes of computing the percentage ownership of any other person. The applicable percentage of ownership for each shareholder is based on 25,843,065 shares of common stock outstanding as of May 24, 2002, together with applicable options and warrants for that shareholder. Except as otherwise indicated, we believe the beneficial owners of the common stock listed below, based on information furnished by them, have sole voting and investment power over the number of shares listed opposite their names.

DESCRIPTION OF SECURITIES

COMMON STOCK

We are authorized to issue up to 62,500,000 shares of common stock at a par value of \$0.001 per share. Each shareholder is entitled to one vote for each share held on all matters to be voted upon by the shareholders. Our shares of common stock have no preemptive, conversion, or redemption rights. If we are liquidated, dissolved or wound up, the holders of common stock are entitled to share in proportion to the percentage of their ownership all assets remaining after payment of liabilities. All of our issued and outstanding shares of common stock are fully paid and non-assessable.

WARRANTS

We currently have outstanding four warrants for the purchase of our common stock. The warrants were granted to three different entities and an individual.

On April 12, 2002 we issued a warrant to purchase 1,000,000 shares of our common stock to Gemini Capital, L.L.C. at a warrant exercise price is \$1.43. The term of the warrant is one year from the date of grant.

On April 25, 2002 we agreed to issue a warrant to purchase 100,000 shares of common stock, to Pollet, Richardson & Patel, our attorneys, at a warrant exercise price is \$0.40. The term of the warrant is five years.

On May 22, 2002 we agreed to issue a warrant to purchase 100,000 shares of our common stock to Nicholas C. Fuller at a warrant exercise price of \$1.43 per share. The warrant term extends to March 31, 2007.

On June 6, 2002 we issued a warrant to purchase 350,000 shares of our common stock to Compass Investment Management Limited at an exercise price of \$1.43 per share. The term of the warrant is five years from the date of grant.

INTERESTS OF NAMED EXPERTS AND COUNSEL

The law firm of Pollet, Richardson & Patel, A Law Corporation, owns a total of 330,719 shares of our common stock, which includes the 200,000 shares of common stock being registered in this offering. Pollet, Richardson & Patel also owns a warrant to purchase an additional 100,000 shares of our common stock at

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

\$0.40 per share. Pollet, Richardson & Patel will render an opinion regarding the validity of the securities offered in this offering.

AVAILABLE INFORMATION

We are subject to the informational requirements of the Securities Exchange Act of 1934 and must file reports, proxy statements and other information with the Securities and Exchange Commission. The reports, information statements and other information we file with the Commission can be inspected and copied at the Commission at Room 1024, 450 Fifth Street, N.W. Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at (800) SEC-0330. The Commission also maintains a Web site (<http://www.sec.gov>) that contains reports, proxy, and information statements and other information regarding registrants, like us, which file electronically with the Commission.

This prospectus constitutes a part of a registration statement on Form S-1 filed by us with the Commission under the Securities Act of 1933. As permitted by the rules and regulations of the Commission, this prospectus omits certain information that is contained in the registration statement. We refer you to the registration statement and related exhibits for further information with respect to us and the securities offered. Statements contained in the prospectus concerning the content of any documents filed as an exhibit to the registration statement (or otherwise filed with the Commission) are not necessarily complete. In each instance you may refer to the copy of the filed document. Each statement is qualified in its entirety by such reference.

No person is authorized to give you any information or make any representation other than those contained or incorporated by reference in this prospectus. Any such information or representation must not be relied upon as having been authorized. Neither the delivery of this prospectus nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in our affairs since the date of the prospectus.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Pursuant to our Articles of Incorporation, we will indemnify any of our officers and directors or any former officer or directors for such expenses and

-48-

liabilities, in such manner, under such circumstances to such extent as permitted by the Florida Business Corporation Act, Section 607.0850, as amended.

Florida law permits a corporation, under specified circumstances, to indemnify its directors, officers, employees or agents against expenses (including attorney's fees), judgments, fines and amounts paid in settlements

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties by reason of the fact that they were or are directors, officers, employees or agents of the corporation, if such directors, officers, employees or agents acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reason to believe their conduct was unlawful. In a derivative action, that is, one by or in the right of the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors, officers, employees or agents in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they will have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification will be made if such person has been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought determines upon application that the defendant directors, officers, employees or agents are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Our Articles of Incorporation contain a provision stating that no director will be liable to Ableauctions or to our stockholders for monetary damages for breach of fiduciary duty as a director. The intention of the foregoing provision is to eliminate the liability of our directors to the fullest extent permitted by Florida law.

We also maintain policies of directors' and officers' liability insurance for the purpose of indemnification and we have entered into indemnity agreements with our directors.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of Ableauctions pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable.

AUDITORS' REPORT

To the Stockholders and the Board of Directors of
Ableauctions.com, Inc.

We have audited the consolidated balance sheet of Ableauctions.com, Inc. as at December 31, 2001 and the consolidated statements of operations, comprehensive loss, cash flows, and changes in stockholders' equity for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with United States generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2001 and the results of its operations and cash flows for the year then ended in accordance with United States generally accepted accounting principles.

These consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, unless the Company attains future profitable operations and/or obtains additional financing, there is substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are discussed in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

INDEPENDENT AUDITORS' REPORT

To the Stockholders and the Board of Directors of
Ableauctions.com, Inc.

We have audited the accompanying consolidated balance sheet of Ableauctions.com, Inc. as at December 31, 2000 and the related consolidated statements of operations, comprehensive loss, changes in stockholders' equity and cash flows for the year then ended. These consolidated financial statements are the

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of Ableauctions.com, Inc. for the year ended December 31, 1999 were audited by other auditors whose report dated March 24, 2000, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with generally accepted auditing standards of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above, present fairly, in all material respects, the financial position of Ableauctions.com, Inc. as at December 31, 2000 and the results of its operations, changes in stockholders' equity and its cash flows for the year then ended in conformity with generally accepted accounting principles of the United States of America.

The accompanying consolidated financial statements have been prepared assuming that Ableauctions.com, Inc. will continue as a going concern. As discussed in Note 2 to the financial statements, unless the Company attains future profitable operations and/or obtains additional financing, there is substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are discussed in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

INDEPENDENT AUDITORS' REPORT

To the Stockholders and the Board of Directors of
Ableauctions.com, Inc.
(formerly J.B. Financial Services, Inc.)

We have audited the accompanying consolidated balance sheets of Ableauctions.com, Inc. (formerly J.B. Financial Services, Inc.) as at December 31, 1999 and 1998 and the related consolidated statements of operations, comprehensive loss, changes in stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2001

1. HISTORY AND ORGANIZATION OF THE COMPANY

Ableauctions.com, Inc. (the 'Company') was organized on September 30, 1996, under the laws of the State of Florida, as J.B. Financial Services, Inc. On July 19, 1999, an Article of Amendment was filed with the State of Florida for the change of the Company's name from J.B. Financial Services, Inc. to Ableauctions.com, Inc.

The Company's primary business activity is as a high-tech business-to-business and consumer auctioneer that conducts its auctions live and simultaneously broadcasts over the Internet. The Company liquidates a broad range of computers, electronics, office equipment, furniture and industrial equipment that it acquires through bankruptcies, insolvencies and defaults.

The Company's primary operating subsidiaries at December 31, 2001 were:

Able Auctions (1991) Ltd., operating a Canadian-based auction business.

Ableauctions.com (Washington) Inc., operating an U.S.-based auction business.

Ehli's Commercial/Industrial Auctions, Inc., an U.S.-based liquidator of automobiles and industrial equipment.

Jarvis Industries Ltd., a Canadian-based auction house.

2. GOING CONCERN

The Company's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company is in the process of expansion and its operating expenses exceed its revenues. Without realization of additional capital or the attainment of profitable operations, it would be unlikely for the Company to continue as a going concern. It is management's plan to seek additional capital through equity financing.

DECEMBER 31, 2001

3. SIGNIFICANT ACCOUNTING POLICIES

a) Principles of Consolidation

These consolidated financial statements include the accounts of Ableauctions.com, Inc. and its wholly owned subsidiaries, from the dates of acquisition.

b) Foreign Currency Translation

The Company accounts for foreign currency transactions and translation of foreign currency financial statements under Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation" ("SFAS 52"). Transaction amounts denominated in foreign currencies are translated at exchange rates prevailing at transaction dates. Carrying values of monetary assets and liabilities are adjusted at each balance sheet date to reflect the exchange rate at that date. Non-monetary assets and liabilities are translated at the exchange rate on the original transaction date. Gains and losses from restatement of foreign currency monetary and non-monetary assets and liabilities are included in income. Revenues and expenses are translated at the rates of exchange prevailing on the dates such items are recognized in earnings.

Financial statements of the Company's Canadian subsidiaries (see Note 1) are translated into U.S. dollars using the exchange rate at the balance sheet date for assets and liabilities. The Company's investments in the structural capital of the Canadian subsidiaries have been recorded at the historical cost in U.S. dollars. The resulting gains or losses are reported as a separate component of stockholders' equity. The functional currency of the Canadian subsidiaries is the local currency, the Canadian dollar.

c) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the period. Actual results could differ from those estimates.

d) Cash and Cash Equivalents

Cash and cash equivalents includes highly liquid investments with original maturities of three months or less.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

e) Financial Instruments

The carrying amounts of financial instruments including cash and cash equivalents, accounts receivable, note receivable, accounts payable and accrued liabilities, deferred compensation notes, and promissory note, approximated fair value at December 31, 2001.

f) Inventory

Inventory is stated at the lower of cost and estimated net realizable value.

g) Software Development

The Company has adopted Statement of Position 98-1 ("SOP 98-1"), "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use", as its accounting policy for internally developed computer software costs. Under SOP 98-1, computer software costs incurred in the preliminary development stage are expensed as incurred. Computer software costs incurred during the application development stage are capitalized and amortized over the software's estimated useful life.

h) Capital Assets, Depreciation and Amortization

Capital assets are recorded at cost. The cost of capital assets is depreciated using the declining balance method at the following annual rates:

Building	4%
Furniture, fixtures and equipment	20%
Computer equipment	30%
Computer software	30%
Vehicles	30%

Leasehold improvements are amortized using the straight-line method over the terms of the leases.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Impairment of Long-Lived Assets

The Company periodically evaluates potential impairments of its long-lived assets, including intangibles. When the Company determines that the carrying value of long-lived assets may not be recoverable based upon the existence of one or more indicators of impairment, the Company evaluates the projected undiscounted cash flows related to the assets. If these cash flows are less than the carrying value of the assets, the Company measures the impairment using discounted cash flows or other methods of determining fair value.

Long-lived assets to be disposed of are carried at the lower of cost or fair

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

value less estimated costs of disposal.

j) Revenue Recognition

The Company generally earns revenues from its auction activities either through consignment sales, or through sales of inventory purchased by the Company. For consignment sales, the Company earns auction fees charged to consignees, and buyer's premiums charged to purchasers, determined as a percentage of the sale price. For inventory sales, the Company earns a profit or incurs a loss on the sale, to the extent the purchase price exceeds or is less than the purchase price paid for such inventory.

For each type of auction revenue, an invoice is rendered to the purchaser, and revenue is recognized by the Company, at the date of the auction. The auction purchase creates a legal obligation upon the purchaser to take possession of, and pay for the merchandise. This obligation generally provides the Company with reasonable assurance of collection of the sale proceeds, from which the Company's earnings are derived, including the fees from consignees and purchasers, as well as resale profits.

k) Trademark

The cost of a trademark acquired is being amortized on a straight-line basis over its life of fifteen years.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

l) Acquisitions and Goodwill

All business acquisitions have been accounted for under the purchase method and, accordingly, the excess of the purchase price over the fair value of the net assets acquired has been recorded as goodwill in the consolidated balance sheet. The results of operations, changes in equity and cash flows of acquired companies are included in operations only for the period between the date of acquisition and the end of the financial year.

Goodwill arising from acquisitions of businesses is amortized on a straight-line basis over periods ranging from three to twenty years.

m) Advertising Costs

The Company recognizes advertising expenses in accordance with Statement of Position 98-7, "Reporting on Advertising Costs". As such, the Company expenses the cost of communicating advertising in the period in which the advertising space or airtime is used.

n) Loss Per Share

In February 1997, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 128, "Earnings Per Share" ("SFAS 128"). Under SFAS 128, basic and diluted earnings per share are to be presented. Basic earnings per share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding in the period. Diluted earnings per share takes into consideration common shares outstanding (computed under basic earnings per share) and potentially dilutive common shares.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

o) Income Taxes

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes". A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carryforwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities.

Deferred tax assets are reduced by a valuation allowance when, based upon currently available information, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

p) Segment information

Statement of Financial Accounting Standards No. 131, "Disclosures About Segments of an Enterprise and Related Information", establishes standards for reporting information about the operating and geographic segments of the Company's business. Currently, the nature and extent of the Company's operations are such that it operates in only one reportable segment, as an auction house and liquidator. Information regarding the Company's geographic segments is set forth in Note 18.

q) Stock Based Compensation

Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," encourages, but does not require, companies to record compensation cost for stock-based employee compensation plans at fair value. The Company has chosen to account for stock-based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees." Accordingly compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee is required to pay for the stock.

r) Accounting for Derivative Instruments and Hedging Activities

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133 "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133") which establishes accounting and reporting standards for derivative instruments and for hedging activities. SFAS 133 is effective for all fiscal quarters of fiscal years beginning after June 15, 1999. In June 1999, the FASB issued SFAS 137 to defer the effective date of SFAS 133 to fiscal quarters of fiscal years beginning after June 15, 2000. Adoption of the statement has not had a significant impact on its financial statements.

s) Comprehensive Income

In 1998, the Company adopted Statement of Financial Accounting Standards No. 130 ("SFAS 130"), "Reporting Comprehensive Income". This statement establishes rules for the reporting of comprehensive income and its components.

8. BUSINESS COMBINATIONS

a) On March 29, 2001, the Company disposed of its 100% interest in Johnston's Surplus Office Systems Ltd. ("Surplus").

The Company also agreed to settle debt owed to the Company by Surplus in the amount of \$1,191,724 by the issue of 1,191,724 common shares of Surplus at a deemed price of \$1.00 per share.

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

The Company agreed to then sell all of the issued shares of Surplus to an employee of Surplus, for consideration of \$380,500.

The purchase price is to be paid as follows:

- a) Cash of \$47,568 due on the closing date of March 31, 2001.
- b) Cash of \$79,280 payable as to \$2,202 per month for three years after the closing date, without interest, evidenced by a promissory note and secured by the pledge and escrow to the Company of the shares.
- c) An amount of \$253,696 payable by the provision to the Company of goods or services of Surplus at an agreed discount.

The proceeds described in (a) and (b) have been recorded as at the effective date of sale. The benefit, if any, derived by the Company from the discount described in (c) will be reflected in the gross profit of the Company as earned.

The carrying values of assets and liabilities of Surplus that were sold were as follows:

Cash	\$ 24,361
Goodwill	200,000
Other assets	569,868
Liabilities	(236,299)

	\$ 557,930
	=====

The revenues and expenses of Surplus, until the date of disposition, have been presented as discontinued operations.

Under the acquisition agreement, dated July 14, 2000, the Company issued 68,182 shares of common stock and guaranteed a selling price of \$3.765 on those shares to the vendors of Surplus. Pursuant to this guarantee, the Company paid \$77,000 in 2001. This amount has been included in the loss on disposition of subsidiaries.

9. FAILED ACQUISITION

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

On September 24, 2001, the Company acquired all of the issued and outstanding shares of iCollector PLC ("iCollector") for consideration as follows:

- i) The issue of 4,150,357 shares of common stock at a value of \$5,935,014.
- ii) The issue of non-interest bearing and unsecured promissory notes ("deferred consideration notes") for a face amount of \$2,988,258, which are due to be repaid September 13, 2002. These deferred consideration notes are convertible into shares of common stock of the Company at \$1.43 per share at the option of the Company, subject to regulatory listing and shareholder approvals as required.

The deferred consideration notes have been recorded at fair market value based on an implicit interest rate of 12% per annum, such that an unamortized discount to face value of \$2,679,471 has been recorded. As at December 31, 2001, the discounted amount of the deferred compensation notes is \$2,762,808.

9. FAILED ACQUISITION (Continued)

- iii) The Company has also issued non-interest bearing unsecured promissory notes ("earnout consideration notes") in the amount of \$5,000,000, which are payable on September 30, 2002, only if iCollector satisfies certain revenue and transaction milestones during the month of July 2002. These earnout consideration notes are convertible into shares of common stock of the Company, at the fair market value of such shares at the date of conversion, at the sole option of the Company, subject to a minimum of 2,000,000 shares and a maximum of 3,500,000 shares in aggregate, as well as regulatory, listing and shareholder approval. The amount of the obligation to the Company in respect to the earnout consideration notes, if any, will be recorded at such time as the amount of such obligation can be reasonably determined.

The total recorded cost to the Company of the acquisition including estimated transaction costs of \$342,797, was \$8,957,281. In December 2001, the Company realized that it was not able to finance the ongoing operations of iCollector and, as a result, the Company was placed into formal liquidation. The investment, net of reimbursed expenses by iCollector, has been written off as loss from failed acquisition.

16. STOCK BASED COMPENSATION EXPENSE

Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation", encourages but does not require companies to record compensation cost for stock-based employee compensation plans at fair value. The Company has chosen to account for stock-based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees". Accordingly, compensation cost for stock options is measured as the excess, if any, of quoted market price of the Company's stock at the date of grant over the option price. During the 2001 year, compensation costs of \$Nil (2000 - 640,108) were incurred based on options granted. These costs will be recognized over a period of three years, which is the average vesting period of options.

During the year ended December 31, 2001, stock based compensation expense of \$210,204 (2000 - \$120,019) was recognized in the consolidated statement of operations.

19. RECENT ACCOUNTING PRONOUNCEMENTS

In July 2001, the Financial Accounting Standards Board ("FASB") issued SFAS No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangibles Assets." SFAS No. 141 eliminates the pooling-of-interests method of accounting for business combinations, except for qualifying business combinations that were initiated prior to July 1, 2001. Under SFAS No. 142, goodwill and indefinite-lived intangible assets are no longer amortized, but are reviewed annually, or more frequently if impairment indicators arise, for impairment. The Company is required to adopt SFAS No. 142 on January 1, 2002. The Company does not believe the adoption of SFAS Nos. 141 and 142 will have a material effect on its consolidated financial statements.

In August 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations." SFAS No. 143 requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. The associated asset retirement costs are capitalized as part of the carrying amount of the long-lived assets. The Company is required to adopt SFAS No. 143 on January 1, 2003, and it does not believe the adoption of SFAS No. 143 will have a material effect on its consolidated financial statements.

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," which supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and provides a single accounting model for long-lived assets to be disposed of. The Company is required to adopt SFAS No. 144 on January 1, 2002, and it

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

does not believe the adoption of SFAS No. 144 will have a material effect on its consolidated financial statements.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2002

1. BUSINESS AND BASIS OF ORGANIZATION

Ableauctions.com, Inc. (the 'Company') was organized on September 30, 1996, under the laws of the State of Florida, as J.B. Financial Services, Inc. On July 19, 1999, an Article of Amendment was filed with the State of Florida for the change of the Company's name from J.B. Financial Services, Inc. to Ableauctions.com, Inc.

The Company's primary business activity is as a high-tech business-to-business and consumer auctioneer that conducts its auctions live and simultaneously broadcasts over the Internet. The Company liquidates a broad range of computers, electronics, office equipment, furniture and industrial equipment that it acquires through bankruptcies, insolvencies and defaults.

The Company's primary operating subsidiaries at December 31, 2001 were:

Able Auctions (1991) Ltd., operating a Canadian-based auction business.

Ableauctions.com (Washington) Inc., operating an U.S.-based auction business.

Ehli's Commercial/Industrial Auctions, Inc., an U.S.-based liquidator of automobiles and industrial equipment.

Icollector International Ltd., a Canadian-based Internet auction facility.

Jarvis Industries Ltd., a Canadian-based auction house.

The unaudited consolidated financial statements of the Company at March 31, 2002 include the accounts of the Company and its wholly-owned subsidiaries, and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim period. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted in these interim statements under the rules and regulations of the Securities and Exchange Commission ("SEC"). Accounting policies used in

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

fiscal 2002 are consistent with those used in fiscal 2001. The results of operations for the three month period ended March 31, 2002 are not necessarily indicative of the results for the entire fiscal year ending December 31, 2002. These interim financial statements should be read in conjunction with the financial statements for the fiscal year ended December 31, 2001 and the notes thereto included in the Company's Form 10-KSB filed with the SEC on April 23, 2001. The consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States.

2. LIQUIDITY AND FUTURE OPERATIONS

- (i) The Company has sustained net losses and negative cash flows from operations since its inception. At March 31, 2002 the Company has negative working capital of \$3,458,147. The Company's ability to meet its obligations in the ordinary course of business is dependent upon its ability to establish profitable operations and to obtain additional funding through public or private equity or debt financing. Management is seeking to increase revenues through continued marketing of its services; however, additional funding is required.
- (ii) Management is working to obtain sufficient working capital from external sources in order to continue operations. There is, however, no assurance that the aforementioned events, including the receipt of additional funding, will occur or be successful.

ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Pursuant to our Articles of Incorporation, we will indemnify any of our officers and directors or any former officers or directors for such expenses and liabilities, in such manner, under such circumstances to such extent as permitted by the Florida Business Corporation Act, Section 607.0850, as amended.

Florida law permits a corporation, under specified circumstances, to indemnify its directors, officers, employees or agents against expenses (including

Edgar Filing: ABLEAUCTIONS COM INC - Form S-1

attorney's fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties by reason of the fact that they were or are directors, officers, employees or agents of the corporation, if such directors, officers, employees or agents acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reason to believe their conduct was unlawful. In a derivative action, that is, one by or in the right of the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors, officers, employees or agents in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they will have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification will be made if such person has been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought determines upon application that the defendant directors, officers, employees or agents are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Our Articles of Incorporation contain a provision stating that no director will be liable to Ableauctions or to our stockholders for monetary damages for breach of fiduciary duty as a director. The intention of the foregoing provisions is to eliminate the liability of our directors to the fullest extent permitted by Florida law.

We also maintain policies of directors' and officers' liability insurance for the purpose of indemnification and have entered into indemnity agreements with our directors.

ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES

Since August 24, 1999, Ableauctions.com has issued and sold the following securities. All information has been adjusted to give effect to the four-for-one stock dividend effective July 20, 1999, the five-for-one forward stock split effective August 9, 1999, and the one-for-four reverse split effective September 2, 1999.

On August 24, 1999, we completed a private placement of 1,094,057 units at the price of \$3.20 per unit to one person for proceeds of \$3,500,980. Each unit consisted of one share of common stock and one-half of one non-transferable share purchase warrant. Each whole warrant is exercisable to acquire one additional share of our common stock at a price of \$3.20 until August 24, 2000, and thereafter at a price of \$4.00 until August 24, 2001. The issuance of the shares was outside the United States to non-U.S. persons in reliance upon an exemption from registration pursuant to Regulation S promulgated under the Securities Act of 1933, as amended.

On September 27, 2001, we acquired all of the issued shares of iCollector PLC. In consideration of this acquisition we issued 4,150,357 shares of our common

stock to the shareholders of iCollector. The issuance of the shares was outside the United States to non-U.S. persons in reliance upon an exemption from registration pursuant to Regulation S promulgated under the Securities Act of 1933, as amended. Aside from the common stock, we also issued non-interest bearing and unsecured promissory notes ("deferred consideration notes") in the face amount of \$2,988,258, which are due to be paid on September 13, 2002. These deferred consideration notes are convertible into shares of our common stock at \$1.43 per share at our sole option, subject to regulatory, listing, and shareholder approval. We also issued non-interest bearing and unsecured promissory notes in the amount of \$5,000,000, which are payable on September 30, 2002, only if iCollector satisfies certain revenue and transaction milestones during the month of July, 2002. These notes are convertible into shares of our common stock, at the fair market value of such shares at the date of conversion, at our sole option, subject to a minimum of 2,000,000 shares and a maximum of 3,500,000 shares in the aggregate, as well as regulatory, listing, and shareholder approval.

On April 12, 2002 we issued to Gemini Capital, L.L.C. 20,000 shares of common stock and a warrant to purchase 1,000,000 shares of our common stock in connection with an agreement by Gemini Capital, L.L.C. to render to us certain consulting and capital raising services. The price per share for the common stock was \$1.00. The warrant exercise price is \$1.43. The issuance of these securities was exempt from registration under section 4(2) of the Securities Act.

On April 25, 2002 we agreed to issue 150,000 shares of common stock, and a warrant to purchase 100,000 shares of common stock, to Pollet, Richardson & Patel, our attorneys, in connection with an agreement by Pollet, Richardson & Patel to render legal services to us. The price per share for the common stock was \$0.54. The warrant exercise price is \$0.40. The issuance of these securities was exempt from registration under section 4(2) of the Securities Act.

On May 22, 2002 we issued to Nicholas C. Fuller a warrant to purchase 100,000 shares of our common stock at a price of \$1.43 per share. The warrant was issued in conjunction with the execution of a Settlement and Release Agreement. ITEM 17. UNDERTAKINGS

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) that, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.
