PROXY STATEMENT
Annual Meeting of Shareholders
February 20, 2008

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the “*Board*”) of IsoRay, Inc. of proxies to be voted at the Company’s 2008 Annual Meeting of Shareholders to be held on February 20, 2008 (the “*Annual Meeting*”), and at any adjournment of the Annual Meeting.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Who may vote at the Annual Meeting?

The Board has set December 31, 2007, as the record date for the Annual Meeting. If you were the owner of Company common or preferred stock at the close of business on December 31, 2007, you may vote at the Annual Meeting. You are entitled to one vote for each share of common or preferred stock you held on the record date.

What proposals will be voted on at the Annual Meeting?

Three proposals are scheduled to be voted on at the Annual Meeting. The first is the election of six directors to hold office until the 2009 Annual Meeting of Shareholders. The second is the approval of the proposal adopting the 2008 Employee Stock Option Plan. The third is the ratification of the appointment by the Audit Committee of DeCoria, Maichel & Teague, P.S. as the Company’s independent registered public accounting firm for the fiscal year ending June 30, 2008.

How many votes are required to approve the proposal?

The presence, in person or by proxy, of a majority of the outstanding shares of our common stock and preferred stock voting together as one class is necessary to constitute a quorum at the Annual Meeting. In counting the votes to determine whether a quorum exists at the Annual Meeting, we will use the proposal receiving the greatest number of all votes “for” or “against” and abstentions (including instructions to withhold authority to vote). As of December 31, 2007, there were 23,090,200 shares of common stock and 59,065 shares of preferred stock outstanding.

In voting with regard to the proposal to elect directors (“*Proposal 1*”), you may vote in favor of all nominees, withhold your vote as to all nominees or vote in favor of or withhold your vote as to specific nominees. The vote required to approve Proposal 1 is governed by Minnesota law and is a plurality of the votes cast by the holders of shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, in accordance with Minnesota law, votes that are withheld will be counted in determining whether a quorum is present but will have no other effect on the election of directors.

In voting with regard to the proposal to adopt the 2008 Employee Stock Option Plan (“*Proposal 2*”) and the proposal to ratify the Audit Committee’s appointment of the independent registered public accounting firm (“*Proposal 3*”), you may vote in favor of either proposal, vote against either proposal or abstain from voting. The vote required to approve each proposal is governed by Minnesota law and is the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, abstentions will be considered in determining whether a quorum is present and

the number of votes required to obtain the necessary majority vote and therefore will have the same legal effect as voting against each proposal.

You may either vote “FOR” or “AGAINST” Proposals 2 and 3, and “FOR” or “WITHHOLD” authority to vote for each nominee for the Board. If you withhold authority to vote for the election of directors, your shares will not be voted with respect to the director or directors identified. If you sign and submit your proxy card without voting instructions, your shares will be voted “FOR” each proposal and all director nominees.

Under the rules of the New York and American Stock Exchanges (the “*Exchanges*”) that govern most domestic stock brokerage firms, member firms that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for shareholder action, vote in their discretion upon proposals which are considered “discretionary” proposals under the rules of the Exchanges. These votes by brokerage firms are considered as votes cast in determining the outcome of any discretionary proposal. Member brokerage firms that have received no instructions from their clients as to “non-discretionary” proposals do not have discretion to vote on these proposals. If the brokerage firm returns a proxy card without voting on a non-discretionary proposal because it received no instructions, this is referred to as a “broker non-vote” on the proposal. “Broker non-votes” are considered in determining whether a quorum exists at the Annual Meeting, but are not considered as votes cast in determining the outcome of any proposal. We believe that Proposals 1, 2 and 3 are discretionary.

As of December 31, 2007, our directors and executive officers held or controlled approximately 1,025,335 shares of our common stock, constituting approximately 4.4% of the outstanding common stock. As of December 31, 2007, our directors and executive officers did not hold or control any shares of our preferred stock. We believe that these holders will vote all of their shares of common stock in favor of each of the proposals.

How does the Board recommend that I vote?

The Board recommends that you vote your shares “FOR” each of the proposals and director nominees.

Can my shares be voted on matters other than those described in this Proxy Statement?

Yes. We have not received proper notice of, and are not aware of, any business to be transacted at the meeting other than as indicated in this Proxy Statement. If any other item or proposal properly comes before the meeting, the proxies received will be voted on those matters in accordance with the discretion of the proxy holders.

How do I vote my shares without attending the Annual Meeting?

For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. If you are a shareholder of record, you may vote by granting a proxy. To vote by proxy, you may vote by mail by signing and dating your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and title or capacity. To be valid, your proxy card must be received by the Company prior to the start of the Annual Meeting.

How do I vote my shares in person at the Annual Meeting?

If you are a shareholder of record and prefer to vote your shares at the Annual Meeting, you should bring the enclosed proxy card or proof of identification to the Annual Meeting. You may vote shares held in street name at the Annual Meeting only if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by proxy card so your vote will be counted even if you later decide not to attend the Annual Meeting.

May shareholders ask questions at the Annual Meeting?

Yes. Representatives of the Company will answer a limited number of shareholders' questions of general interest at the end of the Annual Meeting. In order to give a greater number of shareholders an opportunity to ask questions, individuals or groups will be allowed to ask only one question and no repetitive or follow-up questions will be permitted.

What does it mean if I receive more than one proxy card?

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, sign and return each proxy card.

May I change my vote?

Yes. If you vote by mail, you may later change your vote and revoke your proxy card by:

- Sending a written statement to that effect to the Secretary of the Company on or before February 20, 2008;
- Submitting a properly signed proxy card with a later date; or
- Voting in person at the Annual Meeting.

PROPOSAL 1 - ELECTION OF DIRECTORS

Nominees

Our Board currently consists of seven members. Board Committees and Annual Meetings

During the year ended June 30, 2007, the Board held eight regular meetings. The Board has an Audit Committee, a Compensation Committee and a Nominations and Corporate Governance Committee.

Audit Committee. The Audit Committee is responsible to the Board for the areas of audit and compliance, and oversees the Company's financial reporting process, including monitoring the integrity of the financial statements and the independence and performance of the auditors and supervises the Company's compliance with legal and regulatory requirements. The Committee operates under a charter approved by the Board. The Audit Committee Charter was attached as Appendix A to the Proxy Statement relating to the Annual Meeting held in February 2007. The current members of the Audit Committee are Mr. LaVoy (Chairman), Mr. Kauffman and Mr. Babcock. The Board has determined that Mr. LaVoy and Mr. Kauffman are "audit committee financial experts" as defined under SEC rules. The Board has affirmatively determined that none of the members of the Audit Committee have a material relationship with the Company that would interfere with the exercise of independent judgment and each of the members of the Audit Committee are

“independent” as independence is defined in Section 121(A) of the listing standards of the American Stock Exchange and Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Compensation Committee. The Compensation Committee is responsible for establishing and reviewing the compensation and employee benefit policies of the Company. The members of the Compensation Committee are Mr. Babcock (Chairman) and Mr. Smith, each of whom are “independent” directors within the meaning of SEC rules and AMEX listing standards. The Committee operates under a charter approved by the Board. The Committee’s charter is attached as Appendix 2 to this Proxy Statement.

The Compensation Committee reviews and recommends to the Board for approval the compensation for the Company’s Chief Executive Officer and all of its other executive officers, including salaries, bonuses and grants of awards under, and administration of, the Company's equity incentive plans. The Compensation Committee, among other things, reviews and recommends to the Board employees to whom awards will be made under the Company’s equity incentive plans, determines the number of options to be awarded, and the time, manner of exercise and other terms of the awards. Although the Committee’s charter authorizes the committee to retain an independent consultant, no third party compensation consultant was engaged for fiscal year 2007. The Chief Executive Officer provides input to the Compensation Committee with respect to the individual performance and compensation recommendations for the other executive officers.

Nominations Committee. The Nominations and Corporate Governance Committee consists of four directors who have all been determined to be “independent” as defined by applicable SEC rules and AMEX listing standards. All Directors except Mr. Girard, Mr. Swanberg and Mr. Boatwright currently serve on the Nominations and Corporate Governance Committee and Mr. Smith serves as its Chairman. The Committee identifies and solicits recommendations from management of qualified individuals as prospective Board members. The Committee also recommends the director nominees to the Board for election at the annual meeting of shareholders. The Committee oversees the annual review and evaluation of the performance of the Board and its committees, and develops and recommends corporate governance guidelines to the Board. In addition, the Committee examines, evaluates, and monitors the independence of directors for general Board positions as well as for specific committee duties; and evaluates specific qualifications for members serving as audit committee financial experts. The Committee’s charter as approved by the Board was attached as Appendix B to the Proxy Statement relating to the Annual Meeting held in February 2007.

The Board and its committees may retain outside advisors as they determine necessary to fulfill their responsibilities. All committees report their activities to the full Board. Each committee charter is posted on the IsoRay website.

Each Board member attended at least 75% of the aggregate meetings of the Board and of the Committees on which he served that were held during the period for which he was a Board or Committee member.

The following table summarizes the membership of the Board and each of its committees, as well as the number of times each committee met during the fiscal year ended June 30, 2007.

Report of the Audit Committee of the Board of Directors

The Audit Committee consists of three outside directors, each of whom is determined to be financially literate and meets the independence standards for members of public company audit committees set forth in SEC rules adopted under the Sarbanes-Oxley Act of 2002 and applicable AMEX listing standards. The Committee operates under a written charter adopted by the Board. Committee members include independent directors Thomas LaVoy (Chair), Robert Kauffman and Dwight Babcock. Both Mr. LaVoy and Mr. Kauffman have each been determined to be qualified as an Audit Committee financial expert as defined in Item 401 of Regulation S-B.

The Committee provides assistance to the Board in fulfilling its oversight responsibilities relating to corporate accounting and reporting practices of the Company toward assurance of the quality and integrity of its consolidated financial statements. The purpose of the Committee is to serve as an independent and objective party to monitor the Company's financial reporting process and internal control system; oversee, review and appraise the audit activities of the Company's independent auditors and internal auditing function, maintain complete, objective and open communication between the Board, the independent accountants, financial management, and the internal audit function. The Audit Committee met three times during the 2007 fiscal year.

The Company's independent auditor reports directly to the Committee. The Audit Committee is solely responsible to appoint or replace the Company's independent auditor, and to assure the independence and to provide oversight and supervision thereof. The Committee determines compensation of the independent auditor and has established a policy for approval of non-audit related engagements awarded to the independent auditor. Such engagements must not impair the independence of the auditor with respect to the Company, as prescribed by the Sarbanes-Oxley Act of 2002; thus payment amounts are limited and non-audit related engagements must be approved in advance by the Committee. The Committee determines the extent of funding that the Company must provide to the Committee to carry out its duties, and has determined that such amounts were sufficient in 2007.

With respect to the fiscal year ended June 30, 2007, in addition to its other work, the Committee:

- Reviewed and discussed with management the audited consolidated financial statements of the Company as of June 30, 2007 and the year then ended;
- Discussed with DeCoria, Maichel & Teague, P.S. the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, with respect to its review of the findings of the independent auditor during its examination of the Company's financial statements; and
- Received from DeCoria, Maichel & Teague, P.S. written affirmation of its independence as required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees". In addition, discussed with the auditors the firm's independence and determined that the provision of non-audit services was compatible with maintaining auditor independence.

The Committee recommended, based on the review and discussion summarized above, that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2007 for filing with the SEC.

Dated: January 14, 2008

Nomination Process

The Nominations and Corporate Governance Committee is the nominating committee of the Board. The Committee is governed by the Company's Articles of Incorporation and Bylaws with respect to the nominations process. The Committee is responsible for recommending nominees for nomination by the Board for election to the Board. The Committee will consider nominations from shareholders, provided that such nominations are received by the Company's Secretary in accordance with the Articles of Incorporation, the Bylaws, and the date set in the prior year's proxy statement.

The Committee will perform the following duties with respect to director nominations: (a) consider the criteria for identifying and recommending individuals who may be nominated for election to the Board; (b) providing a recommendation to the Board of the slate of nominees for election to the Board; (c) as the need arises, make recommendations to fill vacancies and actively seek individuals qualified to become Board members; and (d) consider shareholder nominations for the Board when properly submitted in accordance with the Company's Articles of Incorporation and Bylaws.

The Committee will consider candidates for the Board who are recommended by its members, other Board members, shareholders and management, as well as those identified by a third party search firm the Company may retain to assist in identifying and evaluating possible candidates. The Committee evaluates candidates recommended by shareholders in the same manner that it evaluates other candidates. The Committee's evaluations will be based upon several criteria, including the candidate's broad-based business and professional skills and experiences; commitment to representing the long-term interests of shareholders; an inquisitive and objective perspective; the willingness to take appropriate risks; leadership ability; personal and professional ethics; personal integrity and judgment; and practical wisdom and sound judgement. Candidates should have reputations, both personal and professional, consistent with the Company's image and reputation.

At a minimum, the majority of directors on the Board should be "independent," not only as that term may be legally defined, but also without the appearance of any conflict in serving as a director. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the medical isotope industry. Accordingly, the Committee seeks to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

The Committee will utilize the following process for identifying and evaluating nominees to the Board. In the case of incumbent directors whose terms of office are set to expire, the Committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation and quality of performance. In the case of new director candidates, the members of the Committee will be polled for suggestions as to potential candidates that may meet the criteria above, discuss candidates suggested by Company shareholders and may also engage, if the Board deems appropriate, a professional search firm. To date, the Board and the Committee have not engaged professional search firms to identify or evaluate potential nominees but may do so in the future, if necessary. The Committee will then meet to discuss and consider these candidates' qualifications and then choose a candidate to recommend by majority vote.

- (1) In fiscal year 2007, each non-employee director received cash compensation of \$1,000 per meeting attended. Beginning in fiscal year 2008, each non-employee director will receive cash compensation of \$3,000 per month, except for Mr. Boatwright who will receive \$1,000 per month. In addition, each non-employee director will receive \$1,000 per Board meeting attended in person or \$500 per Board meeting attended via telephone and \$500 per committee meeting attended.
- (2) This represents the value determined in accordance with FAS 123R for the option grant of August 15, 2006. Each non-employee director also received a grant of 50,000 options with an exercise price of \$4.14 per share on June 1, 2007. After a discussion of director compensation with the entire Board, each Board member elected to cancel their June 1, 2007 option grant on July 25, 2007 in exchange for the additional cash compensation discussed in (1) above. Under FAS 123R, these options were valued at \$128,500 per director. The value of these options has been included in the table above and in the financial statements as they were fully vested on the day of grant.
- (3) Each director had stock options to purchase 200,000 shares of the Company's common stock outstanding as of June 30, 2007 including the June 1, 2007 grant (for 50,000 shares per director) that was subsequently cancelled on July 25, 2007.

Code of Ethics

We have adopted a Code of Conduct and Ethics that applies to all of our officers, directors and employees and a separate Code of Ethics for Chief Executive Officer and Senior Financial Officers that supplements our Code of Conduct and Ethics. EQUITY COMPENSATION PLAN INFORMATION

On May 27, 2005, the Company adopted the 2005 Stock Option Plan (the “*Option Plan*”) and the 2005 Employee Stock Option Plan (the “*Employee Plan*”), pursuant to which it may grant equity awards to eligible persons. On August 15, 2006, the Company adopted the 2006 Director Stock Option Plan (the “*Director Plan*”) pursuant to which it may grant equity awards to eligible persons. The Option Plan allows the Board to grant options to purchase up to 1,800,000 shares of common stock to directors, officers, key employees and service providers of the Company, and the Employee Plan allows the Board to grant options to purchase up to 2,000,000 shares of common stock to officers and key employees of the Company. The Director Plan allows the Board to grant options to purchase up to 1,000,000 shares of common stock to directors of the Company. Options granted under all of the Plans have a ten year maximum term, an exercise price equal to at least the fair market value of the Company’s common stock (based on the trading price on the American Stock Exchange or the OTC Bulletin Board) on the date of the grant, and with varying vesting periods as determined by the Board.

As of June 30, 2007, the following options had been granted under the option plans:

TRANSACTIONS WITH MANAGEMENT AND OTHERS

IsoRay Medical, Inc.’s patent rights to its Cs-131 process were acquired from Lane Bray, a shareholder and employee of the Company, and are subject to a 1% royalty on gross profits and certain contractual restrictions. Pursuant to the royalty agreement, the Company must also pay a royalty of 2% of Gross Sales, as defined, for any sub-assignments of the aforesaid patented process to any third parties. The royalty agreement will remain in force until the expiration of the patents on the assigned technology, unless earlier terminated in accordance with the terms of the underlying agreement. During fiscal year 2007, the

Company achieved its first gross margin and began making quarterly payments to Mr. Bray as outlined in the royalty agreement. The Company recorded royalty expense of \$2,161 for fiscal year 2007 related to these payments.

On January 16, 2005, in addition to certain other shareholders, the following current and former officers and directors of the Company were awarded shares of common stock for guaranteeing a loan with the Benton Franklin Economic Development District (“*BFEDD*”) in the amount of \$230,000, which was funded in December 2004, and a line of credit with Columbia River Bank in the amount of \$395,000: Michael Dunlop guaranteed \$15,000 of the *BFEDD* loan and \$30,000 of the Columbia River Bank line of credit, for which he received 12,888 post-merger shares; Roger Girard guaranteed \$20,000 of the *BFEDD* loan, for which he received 5,728 post-merger shares; John Hrobsky guaranteed \$15,000 of the Columbia River Bank line of credit, for which he received 4,296 post merger shares; and David Swanberg guaranteed \$30,000 of the Columbia River Bank line of credit, for which he received 8,592 post-merger shares. During fiscal year 2006, certain original guarantors, including John Hrobsky, declined to continue guaranteeing the loans and forfeited the shares which had been granted to them. Due to this the following officers agreed to increase the amount of their guarantees as follows: Michael Dunlop guaranteed an additional \$5,000 of the Columbia River Bank line of credit, for which he received an additional 1,432 common shares; and Roger Girard guaranteed an additional \$105,000 of the Columbia River Bank line of credit, for which he received an additional 30,072 common shares.

Mr. Stephen Boatwright, a Company director, has been actively involved in providing various legal services to the Company and IsoRay Medical, Inc. through the law firm of Keller Rohrback, PLC. During the fiscal years ended June 30, 2007 and 2006, the Company paid Keller Rohrback, PLC approximately \$459,000 and \$390,000, respectively, for legal services. In addition, the Company had accrued at June 30, 2007 approximately \$18,000 in legal fees to be paid.

With the September 2007 failure of HAEFIC to renew the undrawn portion of the Company’s loan, the personal guarantees entered into by various individuals, including Roger Girard and David Swanberg, now cover only the minimal amount still due on the loan, and as a result, the Board has decided that no shares will be issued to the guarantors.

On May 27, 2005, the Company, Century Park Transitory Subsidiary, Inc., a Delaware corporation, Thomas Scallen and Anthony Silverman (shareholders of the Company), and IsoRay Medical, Inc., a Delaware corporation, entered into a Merger Agreement. Pursuant to the Merger Agreement, Century Park Transitory Subsidiary, Inc. was merged with and into IsoRay Medical, Inc. and IsoRay Medical, Inc. became a wholly-owned subsidiary of the Company. The Merger Agreement was subject to the satisfaction of certain conditions, including the granting of certain "piggy-back" and demand registration rights to the purchasers of certain convertible debentures of IsoRay Medical, Inc., Anthony Silverman and certain other affiliates of the Company; the agreements of the officers and directors of IsoRay Medical, Inc. to lock-up the shares of common stock of the Company they received in the merger for a period of one year from the closing of the merger; the agreements of Thomas Scallen and Anthony Silverman to escrow certain shares of common stock of the Company; and the receipt by IsoRay Medical, Inc. from Anthony Silverman or his associates of one million dollars as the purchase price of certain securities of IsoRay Medical, Inc. before the closing. These conditions were satisfied prior to the closing of the merger, which occurred on July 28, 2005.

Patent and Know-How Royalty License Agreement

Effective August 1, 1998, Pacific Management Associates Corporation transferred its entire right, title and interest in an exclusive license agreement with Donald Lawrence to IsoRay, LLC (a predecessor company) in exchange for a membership interest. The terms of the license agreement require the payment of a royalty based on the “*Net Factory Sales Price*”, as defined in the agreement, of licensed product sales. Because the licensor’s patent application was ultimately abandoned, only a 1% “know-how” royalty based on Net Factory Sales Price, as defined, remains applicable. To date, management believes that there have been no product

sales incorporating the “know-how” and that therefore no royalty is due pursuant to the terms of the agreement. Management believes that ultimately no royalties should be paid under this agreement as there is no intent to use this “know-how” in the future.

The licensor of the Lawrence “know-how” has disputed management’s contention that it is not using this “know-how”. On September 25, 2007 and again on October 31, 2007, the Company participated in nonbinding mediation and no settlement was reached with the Lawrence Family Trust. The parties have agreed to extend negotiations of a mutually agreeable settlement through January 15, 2008. If no settlement is reached, the parties may demand binding arbitration.

Director Independence

Using the standards of the American Stock Exchange, the Company's Board has determined that Mr. Babcock, Mr. Kauffman, Mr. LaVoy, and Mr. Smith each qualify under such standards as an independent director. Mr. Kauffman and Mr. LaVoy each meet the American Stock Exchange listing standards for independence both as a director and as a member of the Audit Committee, and Mr. Babcock and Mr. Smith each meet the American Stock Exchange listing standards for independence both as a director and as a member of the Compensation Committee. No other directors are independent under these standards. The Company did not consider any relationship or transaction between itself and these independent directors not already disclosed in this report in making this determination.

Vote Required for Election

The six persons receiving the highest number of affirmative votes will be elected as directors of the Company. Votes against a nominee or withheld from voting (whether by abstention, broker non-votes or otherwise) will have no legal effect on the vote.

<p style="text-align: center;">PROPOSAL 2 - APPROVE THE COMPANY'S 2008 EMPLOYEE STOCK OPTION PLAN</p>
--

On January 8, 2008, the Board unanimously adopted, subject to shareholder approval, the Company’s 2008 Employee Stock Option Plan. The purpose of the 2008 Employee Stock Option Plan is to encourage selected employees, consultants and advisors to improve operations and increase profits of the Company and to accept or continue employment or association with the Company or its affiliates, to increase the interest of such persons in the Company’s welfare through participation in the growth in value of the Company’s common stock, and to enable the Company to attract and retain top-quality employees, officers and consultants and provide them with an incentive to enhance shareholder return. Up to 2,000,000 shares of common stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2008 Employee Stock Plan. The full text of the 2008 Employee Stock Option Plan appears as Appendix 1 to this Proxy Statement and the description of the 2008 Employee Stock Option Plan herein is qualified in its entirety by reference to the text of the Plan.

The closing sales price of the Company’s common stock as reported on the American Stock Exchange on January 8, 2008 was \$2.21.

Approval of the proposal adopting the 2008 Employee Stock Option Plan requires the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on that proposal. Abstentions and broker non-votes will not be voted for or against the proposal. Because abstentions from voting will be considered shares present at the Annual Meeting and entitled to vote, the abstentions will have the effect of a negative vote as a majority of the shares represented at the meeting is required for approval of the 2008 Employee Stock Option Plan. Because

broker non-votes are not included in the determination of the number of shares present at the meeting and entitled to vote, broker non-votes will have no legal effect on the vote.

The Board believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel. **Accordingly, the Board believes adoption of the 2008 Employee Stock Plan is in the best interests of the Company and its shareholders and recommends a vote “FOR” the approval of the 2008 Employee Stock Plan.**

Description of the 2008 Employee Stock Option Plan

The 2008 Employee Stock Option Plan provides for the grant of options to selected employees, consultants and advisers of the Company to purchase up to an aggregate of 2,000,000 shares of common stock. At present, there are approximately 72 persons eligible to participate in the 2008 Employee Stock Option Plan. The 2008 Employee Stock Option Plan will be administered by the Board or a committee of the Board. The administrator will have complete discretion to select the optionees and to establish the terms and conditions of each option, subject to the provisions of the 2008 Employee Stock Option Plan. Options granted under the 2008 Employee Stock Option Plan may be “incentive stock options” as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”), or nonqualified options, and will be designated as such.

The exercise price of options granted under the 2008 Employee Stock Option Plan may be not less than the fair market value of the Company’s common stock on the date of grant. Fair market value will be determined as provided in the 2008 Employee Stock Option Plan, which valuation methodology is intended to come within the parameters of Section 409A of the Code and the regulations thereunder. The exercise price of options intended to be incentive stock options must be 110% of fair market value if such option is granted to an employee who holds more than 10% of the total combined voting power of the Company voting securities.

In accordance with the rules under the Code for incentive stock options, the 2008 Employee Stock Option Plan provides that incentive stock options granted to any particular employee under the 2008 Employee Stock Option Plan or any other incentive option plan adopted by the Company may not “vest” for more than \$100,000 in fair market value of the stock (measured on the grant date) in any calendar year. If incentive stock options granted to one optionee would vest for more than \$100,000, then the exercisability of such incentive stock option will be deferred to the extent necessary to satisfy the \$100,000 limit. This restriction does not apply to non-qualified options, which may be granted without regard to any limitation on the amount of common stock for which the option may “vest” in any calendar year.

In general, upon termination of employment of an optionee (except for cause), all options granted to such person which were not exercisable on the date of such termination will immediately terminate, and any options that are exercisable on such termination date will be exercisable for a period of six months (one year in the case of termination by reason of death or disability) following termination of employment.

Options may not be exercised more than ten years after the date of grant (five years after the date of grant if the grant is an incentive stock option to an employee who owns more than 10% of the total combined voting power of all classes of capital stock of the Company). Options granted under the 2008 Employee Stock Option Plan are not transferable and may be exercised only by the respective grantees during their lifetime or by their heirs, executors or administrators in the event of death. The exercise price under any option may be paid in cash or shares of common stock already owned, as may be determined by the administrator. Under the 2008 Employee Stock Option Plan, shares subject to canceled or terminated options are available for subsequently granted options. The number of options outstanding and the exercise price thereof are subject to adjustment in the event of changes in the outstanding common stock by reason of stock dividends, stock splits, reverse stock splits, split-ups, consolidations, recapitalizations, reorganizations or like events. The 2008 Employee Stock Option Plan is effective for ten years, unless sooner terminated or suspended.

The Board may at any time amend, alter, suspend or discontinue this Plan. Without the consent of an optionee, no amendment, alteration, suspension or discontinuance may adversely affect outstanding options

except to conform to the 2008 Employee Stock Option Plan and options granted hereunder to the requirements of federal or other tax laws relating to such stock options. No amendment, alteration, suspension or discontinuance will require shareholder approval unless (a) shareholder approval is required to preserve incentive stock option treatment for federal income tax purposes, or (b) the Board otherwise concludes that shareholder approval is advisable. However, no amendment will, without the approval of the shareholders of the Company, effectuate a change for which shareholder approval is required in order for the Plan to continue to qualify under Rule 16b-3 (while it is in effect) promulgated under the Exchange Act or any successor rule thereto.

Certain Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences to the Company and an eligible person (who is a citizen or resident of the United States for U.S. federal income tax purposes) of non-qualified stock options and incentive stock options granted under the 2008 Employee Stock Option Plan. The summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences. The federal income tax consequences of an eligible person's award under the 2008 Employee Stock Option Plan are complex, are subject to change and differ from person to person. Each person should consult with his or her own tax adviser as to his or her own particular situation.

This discussion is based on the Code, Treasury Regulations promulgated under the Code, Internal Revenue Service rulings, judicial decisions and administrative rulings as of the date of this Proxy Statement, all of which are subject to change or differing interpretations, including changes and interpretations with retroactive effect. No assurance can be given that the tax treatment described herein will remain unchanged at the time that grants of incentive stock options and/or non-qualified stock options are made under the 2008 Employee Stock Option Plan.

Non-Qualified Options - An optionee generally recognizes no taxable income as the result of the grant of a non-qualified stock option. Upon exercise of such an option, the optionee generally recognizes ordinary income in the amount of the excess of the fair market value of the shares on the date of exercise over the option price for such shares. Upon the sale of stock acquired by the exercise of a non-qualified stock option, any gain or loss, based on the difference between the sale price and the amount recognized as ordinary income upon exercise of the option, will be taxed as short-term or long-term capital gain or loss, depending upon the length of time the optionee has held the stock from the date of exercise. Special rules apply under Section 16(b) of the Exchange Act if a participant exercises an option within six months of the date of grant.

No tax deduction is available to the Company upon either the grant of a non-qualified stock option or the sale of stock acquired pursuant to the exercise of such option. Subject to the limits on deductibility of employee remuneration under Section 162(m) of the Code, the Company will generally be entitled to a tax deduction at the time the non-qualified stock option is exercised in an amount equal to the amount of ordinary income recognized by the optionee upon the exercise of the option. Non-qualified stock options granted to executive officers under the 2008 Employee Stock Option Plan are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code, and the Company should be entitled to a tax deduction in the amount of ordinary income recognized by such officers upon the exercise of the options. However, no tax authority or court has ruled on the applicability of Section 162(m) to the 2008 Employee Stock Option Plan. The Company retains the right to grant options under the 2008 Employee Stock Option Plan in accordance with the terms of the 2008 Employee Stock Option Plan regardless of whether the Internal Revenue Service or a court having final jurisdiction with respect to the matter ultimately determines that the non-qualified stock options granted to executive officers are not deductible under Section 162(m) of the Code.

Incentive Stock Options - Upon the grant or exercise of an incentive stock option, the grantee thereof will not recognize any income for regular federal income tax purposes. If a grantee exercises an incentive stock option and retains the shares received for at least two years after the date of grant of such option and at least one year from the

date of the option exercise, any gain realized upon the subsequent sale of the shares will be

-21-

characterized as long term capital gain. If a grantee disposes of shares acquired upon exercise of an incentive stock option within two years after the date of grant of such option or within one year after the date of exercise of such option, the disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the purchase price, or (2) the amount realized on the disposition minus the purchase price, will be taxed as ordinary income to the grantee in the taxable year in which the disposition occurs. The excess, if any, of the amount realized upon disposition over the fair market value at the time of the exercise of the option will be treated as long or short-term capital gain, depending on the length of time the optionee has held the stock from the date of exercise.

The exercise of an incentive stock option may subject a grantee to alternative minimum tax liability because the excess of the fair market value of the shares at the time an incentive stock option is exercised over the exercise price of the shares is included in income for purposes of the alternative minimum tax, even though it is not included in taxable income for purposes of determining the regular tax liability of a grantee. Consequently, a grantee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option. As the application of the alternative minimum tax is complex and depends on each person's individual tax situation, a grantee should consult his or her own tax advisor in order to determine whether the exercise of an incentive stock option will subject the grantee to the alternative minimum tax.

In general, there will be no federal income tax deduction allowed to the Company upon the grant, exercise, or termination of an incentive stock option, or upon the sale of shares acquired pursuant to the exercise of an incentive stock option. However, in the event of a disqualifying disposition, the Company will be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income, if any, recognized by a grantee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Internal Revenue Code.

Both non-qualified stock options and incentive stock options granted pursuant to the 2008 Employee Stock Option Plan are intended to be exempt from Section 409A of the Code. The final Treasury Regulations under Section 409A, issued in April 2007, exclude from the provisions of that section (i) any stock options that are incentive stock options under Section 422 of the Code, and (ii) any non-qualified stock options granted with an exercise price of not less than the fair market value of the stock on the grant date, provided that the number of shares subject to the option is fixed on the grant date. The 2008 Employee Stock Option Plan contains definitions of "fair market value" and "grant date" that are consistent with those set forth in the Treasury Regulations. As a result, both non-qualified stock options and incentive stock options granted pursuant to the 2008 Employee Stock Option Plan should not be subject to the accelerated income tax and excise tax provisions of Section 409A of the Code.

PROPOSAL 3 - RATIFICATION OF RE-APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has re-appointed the firm of DeCoria, Maichel & Teague, P.S. to serve as our independent registered public accounting firm for the year ending June 30, 2008, and has directed that such re-appointment be submitted to our shareholders for ratification at the Annual Meeting. If our shareholders do not ratify the re-appointment of DeCoria, Maichel & Teague, P.S., the Audit Committee will reconsider the appointment.

Representatives of DeCoria, Maichel & Teague, P.S. are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from shareholders.

Audit and Non-Audit Fees

The Company paid or accrued the following fees in each of the prior two fiscal years to its principal accountant, DeCoria, Maichel & Teague, P.S. and to its previous principal accountant, S. W. Hatfield, CPA:

	Year ended June 30, 2007	Year ended June 30, 2006
1. Audit fees ⁽¹⁾	\$ 41,016	\$ 72,292
2. Audit-related fees	1,800	1,150
3. Tax fees	4,250	2,750
4. All other fees	—	—
Totals	\$ 47,066	\$ 76,192

(1) Fees for the year ended June 30, 2006 were as follows: \$49,125 paid to DeCoria, Maichel & Teague, P.S. and \$23,167 paid to S. W. Hatfield, CPA.

As part of its responsibility for oversight of the independent registered public accountants, the Audit Committee has established a pre-approval policy for engaging audit and permitted non-audit services provided by our independent registered public accountants, DeCoria, Maichel & Teague, P.S. In accordance with this policy, each type of audit, audit-related, tax and other permitted service to be provided by the independent auditors is specifically described and each such service, together with a fee level or budgeted amount for such service, is pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chairman to pre-approve additional non-audit services (provided such services are not prohibited by applicable law) up to a pre-established aggregate dollar limit. All services pre-approved by the Chairman of the Audit Committee must be presented at the next Audit Committee meeting for review and ratification. All of the services provided by DeCoria, Maichel & Teague, P.S. described above were approved by our Audit Committee.

The Company's principal accountant, DeCoria, Maichel & Teague P.S., did not engage any other persons or firms other than the principal accountant's full-time, permanent employees.

**CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING
AND FINANCIAL DISCLOSURE**

The Board engaged DeCoria, Maichel & Teague, P.S., then the independent auditor for the Company's wholly-owned subsidiary, to be its new independent auditor effective November 15, 2005, which was also the effective date of S.W. Hatfield, CPA's dismissal as the Company's certifying accountant by the Board.

Except for an expression of doubt about our ability to continue as a going concern, S.W. Hatfield, CPA's audit reports on the Company's financial statements as of June 30, 2005 and September 30, 2004 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two fiscal years ended June 30, 2005 and September 30, 2004, and through November 15, 2005 there were no disagreements with S.W. Hatfield, CPA on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of S.W. Hatfield, CPA would have caused it to make a reference to the subject matter of the disagreements in connection with its report; and there were no reportable events as described in Item 304(a)(1)(iv)(B) of Regulation S-B promulgated by the Securities and Exchange Commission (the "SEC") pursuant to the Securities Exchange Act of 1934, as amended.

During the Company's two fiscal years ended June 30, 2005 and September 30, 2004, and through November 15, 2005, the Company did not consult DeCoria, Maichel & Teague, P.S. with respect to the

-23-

application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any other matters or reportable events listed in Item 304(a)(2) of Regulation S-B. However, IsoRay Medical, Inc., the Company's wholly-owned subsidiary, has consulted with DeCoria, Maichel & Teague, P.S., its independent auditor, during these time periods solely in connection with IsoRay Medical, Inc.'s financial statements.

The Board unanimously recommends that the shareholders vote "FOR" Proposal No. 3 to ratify the re-appointment of DeCoria, Maichel & Teague, P.S. as the independent registered public accounting firm of the Company.

However, if the date of the 2009 annual meeting is a date that is not within 30 days before or after the anniversary date of the 2008 Annual Meeting, notice by the shareholder of a proposal must be received no later than the close of business on the 10th calendar day after the first public announcement of the date of such annual meeting. A public announcement includes disclosure in (1) a document filed by the Company with the SEC, (2) a mailed notice of the 2009 annual meeting, and (3) a press release reported by a national news service. HOUSEHOLDING

Unless contrary instructions are received, we may send a single copy of the Annual Report, Proxy Statement and Notice of Annual Meeting to any household at which two or more shareholders reside if we believe the shareholders are members of the same family. Similarly, if you share an address with another shareholder and the two of you would like to receive only a single set of our annual disclosure documents, follow the instructions below:

Appendix 1

**ISORAY, INC.
2008 EMPLOYEE STOCK OPTION PLAN**

1. Purpose Of Plan.

(a) *General Purpose.* The purpose of the IsoRay, Inc. 2008 Employee Stock Option Plan ("*Plan*") is to further the interests of IsoRay, Inc., a Minnesota corporation (the "*Corporation*"), and its subsidiaries (i) by providing an incentive based form of compensation to the officers, key employees, consultants and service providers of the Corporation and of its subsidiaries, and (ii) by encouraging such persons to invest in shares of the Corporation's Common Stock, thereby acquiring a proprietary interest in its business and the business of its subsidiaries and an increased personal interest in its continued success and progress.

(b) *Tax Treatment.* The Corporation shall have no liability to any optionee hereunder with respect to the tax treatment of any option granted and in effect under the Plan. However, the Plan is designed to be exempt from Section 409A ("*Code Section 409A*") of the Internal Revenue Code of 1986, as amended (the "*Code*").

2. Stock And Maximum Number Of Shares Subject To Plan.

(a) *Description of Stock and Maximum Shares Allocated.* The stock subject to the provisions of the Plan and issuable upon exercise of options granted under the Plan are shares of the Corporation's Common Stock, \$.001 par value, which may be either unissued or treasury shares, as the Corporation's Board of Directors (the "*Board*") may from time to time determine. Subject to adjustment as provided in Section 7, the aggregate number of shares of Common Stock covered by the Plan and issuable upon exercise of all options granted hereunder shall be 2,000,000 shares, which shares shall be reserved for use upon the exercise of options to be granted from time to time.

(b) *Restoration of Unpurchased Shares.* If an option expires or terminates for any reason prior to its exercise in full and before the term of the Plan expires, the shares subject to, but not issued under such option shall again be available for other options thereafter granted.

3. Administration; Amendments.

(a) *Administration.* The Plan shall be administered by the Board or by a committee (the "*Committee*") to which administration of the Plan, or of part of the Plan, is delegated by the Board (in either case, the "*Administrator*"). The Board shall appoint and remove members of the Committee in its discretion in accordance with applicable laws. If necessary in order to comply with Rule 16b-3 promulgated by the Securities and Exchange Commission ("*Rule 16b-3*"), or any successor rule thereto, and Section 162(m)

of the Code, the Committee shall, in the Board's discretion, be comprised solely of "non-employee directors" within the meaning of Rule 16b-3 and "outside directors" within the meaning of Section 162(m) of the Code. The foregoing notwithstanding, the Administrator may delegate nondiscretionary administrative duties to such employees of the Corporation as it deems proper and the Board, in its absolute discretion, may at any time and from time to time exercise any and all rights and duties of the Administrator under the Plan.

(b) Subject to the other provisions of this Plan, the Administrator shall have the authority, in its discretion: (i) to grant options; (ii) to determine the Fair Market Value of the Common Stock subject to options; (iii) to determine the exercise price of options granted; (iv) to determine the persons to whom, and the time or times at which, options shall be granted (each, a "*Grantee*"), and the number of shares subject to each option; (v) to interpret this Plan; (vi) to prescribe, amend, and rescind rules and regulations relating to this Plan; (vii) to determine the terms and provisions of each option granted (which need not be identical), including but not limited to, the time or times at which options shall vest and be exercisable; (viii) with the consent of the Grantee, to modify, amend, terminate or replace any option; (ix) to defer (with the consent of the Grantee) the exercise date of any option; (x) to authorize any person to execute on behalf of the Corporation any instrument evidencing the grant of an option; and (xi) to make all other determinations deemed necessary or advisable for the administration of this Plan. The Administrator may delegate nondiscretionary administrative duties to such employees of the Corporation as it deems proper.

(c) All questions of interpretation, implementation, and application of this Plan shall be determined by the Administrator. Such determinations shall be final and binding on all persons.

(d) *Exercise Price.* Upon the grant of any option, the Administrator shall specify the exercise price for the shares issuable upon exercise of options granted, which exercise price shall in no event be less than 100% of the Fair Market Value per share on the date such option is granted. Non-qualified options granted under this Plan shall not be discounted; accordingly they are intended to be exempt from Code Section 409A.

(e) *Fair Market Value.* The Fair Market Value of a share of Common Stock on any particular day shall be determined as follows:

(i) If the Common Stock is readily tradable on an established securities market, its Fair Market Value shall be determined, in accordance with regulations under Code Section 409A, by any of the following methods selected and consistently followed by the Administrator from time to time: (i) the last sale before or the first sale after the grant; (ii) the closing price on the trading day before or the trading day of the grant; (iii) the arithmetic mean of the high and low prices on the trading day before or the trading day of the grant; or (iv) any other reasonable method using actual transactions in the Common Stock as reported by such market.

A-1-2

(ii) If the Common Stock is not readily tradable on an established securities market, its Fair Market Value shall be determined in good faith by the Administrator by a reasonable application of a reasonable valuation method, taking into consideration all relevant factors as provided in regulations under Code Section 409A, or the Administrator may consistently apply, from time to time, one of the valuation methods presumed to be reasonable as set forth in said regulations.

(d) *Option Grant Date.* Except in the case of advance approvals described in Section 4(a), the date of grant of an option under this Plan shall be the date as of which the Administrator approves the grant with respect to at least the following determinable features: the identity of the Grantee, type of grant, number of shares, exercise price, vesting schedule and expiration date. For this purpose, the default provisions of the Plan shall be deemed incorporated into any grant to the extent that other terms are not specified for the grant.

(e) *Interpretation.* The interpretation and construction by the Administrator of the terms and provisions of this Plan and of the agreements governing options and rights granted under the Plan shall be final and conclusive. No member of the Administrator shall be liable for any action taken or determination made in good faith.

(f) *Amendments to Plan.* The Administrator may, without action on the part of the shareholders of the Corporation, make such amendments to, changes in and additions to the Plan as it may, from time to time, deem proper and in the best interests of the Corporation; provided that the Administrator may not, without consent of the Grantee, take any action which disqualifies any option granted under the Plan as an incentive stock option for treatment as such or which adversely affects or impairs the rights of a Grantee of any option outstanding under the Plan.

(g) *Termination of the Plan.* This Plan may be abandoned, suspended, or terminated at any time by the Administrator; provided, however, that abandonment, suspension, or termination of this Plan shall not affect any options then outstanding under this Plan.

4. Participants; Duration Of Plan.

(a) *Eligibility and Participation.* Options may be granted in the total amount for the period as allocated by the Administrator as provided in Section 4(b) below only to persons who at the time of grant are key employees of, consultants to, or service providers to the Corporation or its subsidiaries or others who qualify under the general purpose of the Plan stated above in Section 1. The term "*employee*" includes an officer or director who is an employee of the Company. The term "*consultant*" includes persons employed by, or otherwise affiliated with, a consultant. The Administrator may approve the grant of options under this Plan to persons who are expected to become employees or consultants of the Corporation, but are not employees or consultants at the date of

A-1-3

approval, and the date of approval shall be deemed to be the date of grant unless otherwise specified by the Administrator. However, no such options approved in anticipation of hire by the Corporation shall be exercisable or validly existing and in effect before the actual date of hire. If an incentive stock option is granted in anticipation of employment as provided above, the option shall be deemed granted, without further approval, on the date the grantee assumes the employment relationship forming the basis for such grant, and, in addition, satisfies all requirements of this Plan for options granted on that date.

(b) *Allotment.* The Administrator shall determine the aggregate number of shares of Common Stock which may be optioned from time to time but the Administrator shall have sole authority to determine the number of shares and the recipient thereof to be optioned at any time. The Administrator shall not be required to grant all options allocated by the Administrator for any given period if it determines, in its sole and exclusive judgment, that such grant is not in the best interests of the Corporation. The grant of an option to any person shall neither entitle such individual to, nor disqualify such individual from, participation in any other grant of options under the Plan.

(c) *Duration of Plan.* The term of the Plan, unless previously terminated by the Board, is ten years or until January 8, 2018. No option shall be granted under the Plan unless granted within ten years after the adoption of the Plan by the Board, but options outstanding on that date shall not be terminated or otherwise affected by virtue of the Plan's expiration.

(d) *Approval of Shareholders.* If the Administrator issues any incentive stock options, solely for the purposes of compliance with the Code provisions pertaining to incentive stock options, the Plan shall be submitted to the shareholders of the Corporation for their approval at a regular meeting to be held within twelve months after adoption of the Plan by the Board. Shareholder approval shall be evidenced by the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and voting at the meeting. If the shareholders decline to approve the Plan at such meeting or if the Plan is not approved by the shareholders within twelve months after its adoption by the Board, no incentive stock options may be issued under the Plan but all options granted under the Plan shall remain in full force and effect regardless of shareholder approval and the Plan may be used for future nonincentive stock option issuances. If shareholders fail to approve the Plan, all previously issued incentive stock options shall be automatically converted to non-qualified stock options.

5. Terms And Conditions Of Options.

(a) *Individual Agreements.* Options granted under the Plan shall be evidenced by agreements in such form as the Administrator from time to time approves, which agreements shall substantially comply with and be subject to the terms of the Plan, including the terms and conditions of this Section 5.

A-1-4

(b) *Required Provisions.* Each agreement shall state (i) the total number of shares to which it pertains, (ii) the exercise price for the shares covered by the option, (iii) the time at which the option becomes exercisable, (iv) the scheduled expiration date of the option, (v) the vesting period(s) for such options, (vi) the timing and conditions of issuance of any stock option exercise, and (vii) whether the option is an incentive or non-qualified stock option.

(c) *Period.* No option granted under the Plan shall be exercisable for a period in excess of ten years from the date of its grant. All options granted shall be subject to earlier termination in the event of termination of employment, retirement or death of the Grantee as provided in Section 6 or as otherwise set forth in the agreement granting the option. Unless otherwise provided in the agreement granting the stock option itself, an option may be exercised in full or in part at any time or from time to time during the term thereof, or provide for its exercise in stated installments at stated times during such term.

(d) *No Fractional Shares.* Options shall be granted and exercisable only for whole shares; no fractional shares will be issuable upon exercise of any option granted under the Plan.

(e) *Method of Exercising Option.* Options shall be exercised by written notice to the Corporation, addressed to the Corporation at its principal place of business. Such notice shall state the election to exercise the option and the number of shares with respect to which it is being exercised, and shall be signed by the person exercising the option. Such notice shall be accompanied by payment in full of the exercise price for the number of shares being purchased. Payment may be made in cash or by bank cashier's check, or if required by the terms of the option itself, by allocating compensation due to the Grantee by the Corporation or by any of its subsidiaries to the Corporation as payment for the exercise price. In lieu of cash, if permitted by the option itself, such payment may be made in whole or in part with shares of the same class of stock as are then subject to the option, delivered in lieu of cash concurrently with such exercise, the shares so delivered to be valued on the basis of the fair market value of the stock (determined in a manner specified in the instrument evidencing the option) on the day preceding the date of exercise. In such case, prior to the acceptance of such shares, the Grantee shall supply the Administrator with written representations and warranties, including without limitation a representation and warranty that the Grantee has good and marketable title to such shares free and clear of liens and encumbrances. Alternatively, if permitted by the option itself, the Grantee may, in lieu of using previously outstanding shares therefore, use some of the shares as to which the option is then being exercised. The Corporation shall deliver a certificate or certificates representing the option shares to the purchaser as soon as practicable after payment for those shares has been received. If an option is exercised by any person other than the Grantee, such notice shall be accompanied by appropriate proof of the right of such person to exercise the option. All shares that are purchased and paid for in full upon the exercise of an option shall be fully paid and non-assessable. In any case, no option shall be exercisable until a written stock option agreement in form satisfactory to the Corporation is executed by the Corporation and the Grantee. No

A-1-5

option shares shall be issued until full payment therefor has been made, and until any tax withholding obligations have been satisfied in a manner acceptable to the Corporation.

(f) *No Rights of a Shareholder.* A Grantee shall have no rights as a shareholder with respect to shares covered by an option. No adjustment will be made for dividends with respect to an option for which the record date is prior to the date a stock certificate is issued upon exercise of an option. Upon exercise of an option, the holder of the shares of Common Stock so received shall have all rights of a shareholder of the Corporation as of the date of issuance.

(g) *Effect of Plan on Employment Status.* The fact that the Administrator has granted an option to a Grantee under this Plan shall not confer on such Grantee any right to employment or continuation of services with the Corporation or to a position as an officer or an employee of the Corporation, nor shall it limit the right of the Corporation to remove such Grantee from any position held by the Grantee or to terminate the Grantee's employment at any time.

(h) *Compliance with Law.* No shares of Corporation Common Stock shall be issued or transferred upon the exercise of any option unless and until all legal requirements applicable to the issuance or transfer of such shares have been completed.

(i) *Other Provisions.* The option agreements may contain such other provisions as the Administrator deems necessary to effectuate the sense and purpose of the Plan, including covenants on the Grantee's part not to compete and remedies to the Corporation in the event of the breach of any such covenant.

(j) *Incentive Stock Options.* Some one or more of the options granted under the Plan may be intended to qualify as an "incentive stock option" as defined in Section 422 of the Code, and any grant of such an option shall clearly specify that such option is intended to so qualify and shall include such provisions and conditions as are necessary to qualify the option as an "incentive stock option" within the meaning of Section 422 of the Code. If no such specification is made, an option granted hereunder shall not be intended to qualify as an "incentive stock option." The employees eligible to be considered for the grant of incentive stock options hereunder are any persons regularly employed by the Corporation in a managerial capacity on a full-time, salaried basis. Options granted under this Plan which are designated as incentive stock options shall be subject to the following terms and conditions:

(i) Exercise Price.

(1) Except as set forth in Section 5(j)(i)(2), the exercise price of an incentive stock option shall be determined in accordance with the applicable provisions of the Code and shall in no event be less than the Fair Market Value (determined in accordance with Section 3(e)) of the stock covered by the option at the time the option is granted.

A-1-6

(2) The exercise price of an incentive stock option granted to any person who owns, directly or by attribution under the Code (currently Section 424(d)), stock possessing more than ten percent of the total combined voting power of all classes of stock of the Corporation or of any subsidiary (a "*Ten Percent Shareholder*") shall in no event be less than 110% of the Fair Market Value (determined in accordance with Section 3(e)) of the stock covered by the option at the time the option is granted.

(ii) Disqualifying Dispositions. If stock acquired by exercise of an incentive stock option granted pursuant to this Plan is disposed of in a "*disqualifying disposition*" within the meaning of Section 422 of the Code, the holder of the stock immediately before the disposition shall promptly notify the Administrator in writing of the date and terms of the disposition and shall provide such other information regarding the option as the Administrator may reasonably require.

(iii) Vesting. Notwithstanding any other provision of this Plan, incentive stock options granted for any particular Grantee under all incentive stock option plans of the Corporation and its subsidiaries may not "vest" for more than \$100,000 in Fair Market Value of stock (measured on the grant date(s)) in any calendar year. For purposes of the preceding sentence, an option "*vests*" when it first becomes exercisable. If, by their terms, such incentive stock options taken together would vest to a greater extent than the foregoing vesting limit in a calendar year, and unless otherwise provided by the Administrator, the vesting limitation described above shall be applied by deferring (only to the extent necessary to satisfy the \$100,000 limit) the exercisability of those incentive stock options or portions of incentive stock options which have the highest per share exercise prices. The incentive stock options or portions of incentive stock options whose exercisability is so deferred shall become exercisable on the first day of the first subsequent calendar year during which they may be exercised, as determined by applying these same principles and all other provisions of this Plan including those relating to the expiration and termination of incentive stock options. In no event, however, will the operation of this Section 5(j)(iii) cause an incentive stock option to vest before its terms or, having vested, cease to be vested. To the extent that any portion of an incentive stock option cannot be deferred to any later calendar year, then the portion of such incentive stock option that exceeds the foregoing annual vesting limit for the last calendar year in which any portion of that incentive stock option is permitted to vest as an incentive stock option, shall be converted and treated thereafter as a non-qualified stock option under the Plan and the Grantee shall be notified of that conversion.

(iv) Term. Notwithstanding Section 5(c), no incentive stock option granted to any Ten Percent Shareholder shall be exercisable more than five years after the date of grant.

A-1-7

6. Termination Of Employment; Assignability; Death.

(a) *Termination of Employment.* Except as otherwise set forth in this Section 6 and except with respect to options granted to consultants and service providers, the termination of which will be determined by the agreement with such consultant or service provider or by the Administrator, if any Grantee ceases to be an employee of the Corporation or of any subsidiary of the Corporation, other than for death, disability or discharge for cause, such holder (or successors or transferees) may, within six months after the date of termination, but in no event after the stated expiration date, purchase some or all of the shares with respect to which such Grantee was entitled to exercise such option, on the date such employment relationship terminated and the option shall thereafter be void for all purposes provided, however, that if such exercise of the option would result in liability for the Grantee under Section 16(b) of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), then such six-month period automatically shall be extended until the tenth day following the last date upon which Grantee has any liability under Section 16(b) (but in no event after the stated expiration date). Any termination of an agreement pursuant to which services are rendered to the Corporation or of any subsidiary of the Corporation by any party who is a Grantee, without a renewal of that agreement or entry into a similar successor agreement, may be treated as a termination of the employment of the Grantee. A Grantee's employment shall not be deemed to terminate by reason of sick leave, military leave or other leave of absence approved by the Corporation, for as long as the period of any such leave does not exceed 90 days or, if longer, the duration of the Grantee's right to reemployment by the Corporation or any subsidiary as guaranteed either contractually or by statute.

(b) *Assignability.* Options granted under the Plan and the privileges conferred thereby shall not be assignable or transferable, unless the Administrator provides otherwise. If an assignment or transfer is permitted by the Administrator, options shall be exercisable by such assignee or transferee as set forth in this Section 6.

(c) *Disability.* If the employment of the Grantee is terminated due to permanent and total disability as defined in Section 22(e)(3) of the Code, the Grantee (or permitted transferee of the Grantee) may exercise the options, in whole or in part, to the extent they were exercisable on the date when the Grantee's employment terminated, at any time prior to the expiration date of the options or within one year of the date of termination of employment, whichever is earlier.

(d) *Discharge for Cause.* If the employment of the Grantee with the Corporation or any of its subsidiaries is terminated due to discharge for cause, the options shall terminate upon receipt by the Grantee of notice of such termination or the effective date of the termination, whichever is earlier. Discharge for cause shall include discharge for personal dishonesty, willful misconduct in performance of duties, failure, impairment or inability to perform required duties, breach of fiduciary duty or conviction of any felony or crime of moral turpitude. The Administrator shall have the sole and exclusive right to determine whether the Grantee has been discharged for cause for purposes of the Plan and the date of such discharge.

A-1-8

(e) *Death of Holder.* If a Grantee dies while in the Corporation's or any of its subsidiaries' employ or while rendering consulting or other services to the Corporation or to any of its subsidiaries, an option shall be exercisable within twelve months after the date of death, but in no event after the stated expiration date thereof, by the person or persons ("*successors*") to whom the Grantee's rights pass under will or by the laws of descent and distribution or by transferees of the Grantee, as the case may be, but only to the extent that the holder was entitled to exercise the option at the date of death. An option may be exercised (and payment of the option price made in full) by the successors or transferees only after written notice to the Corporation, specifying the number of shares to be purchased or rights to be exercised. Such notice shall comply with the provisions of Section 5(e).

(f) *Employment Agreement Provisions.* Notwithstanding anything to the contrary in this Section 6, the provisions in an employee's employment agreement with the Corporation or any of its subsidiaries relating to vesting and exercise of options upon such employee's termination, resignation, disability or death shall control the vesting and exercise of the options granted to such employee.

7. Certain Adjustments.

(a) *Capital Adjustments.* Except as limited by Section 422 of the Code, the aggregate number of shares of Common Stock subject to the Plan, the number of shares covered by outstanding options, and the price per share stated in such options shall be proportionately adjusted for any increase or decrease in the number of outstanding shares of Common Stock of the Corporation resulting from a subdivision or consolidation of shares or any other capital adjustment or the payment of a stock dividend or any other increase or decrease in the number of such shares effected without receipt by the Corporation of consideration therefor in money, services or property.

(b) *Corporate Reorganizations.* Upon the dissolution or liquidation of the Corporation, or upon a reorganization, merger or consolidation of the Corporation as a result of which the outstanding securities of the class then subject to options hereunder are changed into or exchanged for cash or property or securities not of the Corporation's issue, or any combination thereof, or upon a sale of substantially all of the property of the Corporation to, or the acquisition of stock representing more than eighty percent (80%) of the voting power of the stock of the Corporation then outstanding by another corporation or by a group of persons who are required to file a Form 13D under the Exchange Act, the Plan shall terminate, and all options theretofore granted hereunder shall terminate, unless provision be made in writing in connection with such transaction for the continuance of the Plan or for the assumption of options covering the stock of a successor employer corporation, or a parent or a subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices, in which event the Plan and options theretofore granted shall continue in the manner and under the terms so provided. If the Plan and unexercised options shall terminate pursuant to the foregoing sentence, all persons entitled to exercise any unexercised portions of options then outstanding shall

have the right, at such time prior to the consummation of the transaction causing such termination as the Corporation shall designate, to exercise the unexercised portions of their options, including the portions thereof which would, but for this paragraph entitled "*Corporate Reorganizations*," not yet be exercisable.

8. Compliance With Legal Requirements.

(a) *For Investment Only.* If, at the time of exercise of an option, there is not in effect as to the option shares being purchased a registration statement under the Securities Act of 1933, as amended (or any successor statute) (collectively, the "*1933 Act*"), then the exercise of that option shall be effective only upon receipt by the Corporation from the Grantee (or Grantee's legal representatives or heirs) of a written representation that the option shares are being purchased for investment and not for distribution.

(b) *Listing and Registration of Option Shares.* Any Option granted under the Plan shall be subject to the requirement that if at any time the Administrator shall determine, in its discretion, that the listing, registration, or qualification of the shares covered thereby upon any securities exchange or under any state or federal law or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the granting of such option or the issuance or purchase of shares thereunder, such option may not be exercised in whole or in part unless and until such listing, registration, qualification, consent, or approval shall have been effected or obtained free of any conditions not acceptable to the Administrator.

(c) *Compliance with Section 16 of the Securities Exchange Act of 1934.* It is the intention of the Corporation that the Plan and options hereunder satisfy and be interpreted in a manner, that, in the case of Grantees, satisfies the applicable requirements of Rule 16b-3 promulgated under Section 16(b) of the Exchange Act, so that such persons will be entitled to the benefits of Rule 16b-3 or other exemptive rules under Section 16 of the Exchange Act and will not be subject to avoidable liability thereunder. If any provision of the Plan or of any option agreement would otherwise frustrate or conflict with the intent expressed in this Paragraph 8(c), that provision to the extent possible shall be interpreted and deemed amended so as to avoid such conflict. To the extent of any remaining irreconcilable conflict with such intent, the provision shall be deemed void as applicable to any person who is subject to Section 16 of the Exchange Act. Unless exempted by the Administrator, if an officer or director who is subject to the provisions of Section 16(b) of the Exchange Act exercises an option within six months of the grant of such option, the shares acquired upon exercise of such option may not be disposed of until six months after the date of grant of such option.

(d) *Compliance with Code Section 409A.* Notwithstanding anything to the contrary contained herein, to the extent that the Administrator determines that any option granted under the Plan is subject to Code Section 409A and unless otherwise specified in the applicable option agreement, the option agreement evidencing such option shall incorporate the terms and conditions necessary for such option to avoid the consequences

described in Code Section 409A(a)(1), and to the maximum extent permitted under applicable law (and unless otherwise stated in the applicable option agreement), the Plan and the option agreements shall be interpreted in a manner that results in their conforming to the requirements of Code Section 409A(a)(2), (3) and (4) and any Department of Treasury or Internal Revenue Service regulations or other interpretive guidance issued under Code Section 409A (whenever issued, the "*Guidance*"). Notwithstanding anything to the contrary in this Plan (and unless the option agreement provides otherwise, with specific reference to this sentence), to the extent that a Grantee holding an option that constitutes "*deferred compensation*" under Code Section 409A and the Guidance is a "specified employee" (also as defined thereunder), no distribution or payment of any amount shall be made before a date that is six months following the date of such Grantee's "*separation from service*" (as defined in Code Section 409A and the Guidance) or, if earlier, the date of the Grantee's death.

9. Application Of Funds.

The proceeds received by the Corporation from the sale of Common Stock pursuant to the exercise of options will be used for general corporate purposes.

10. Withholding Of Taxes.

At the time of exercise of an option and as a condition thereto, or at such other time as the amount of such obligations becomes determinable (the "*Tax Date*"), the Grantee shall remit to the Corporation in cash all applicable federal and state withholding and employment taxes. Such obligation to remit may be satisfied, if authorized by the Administrator in its sole discretion, after considering any tax, accounting and financial consequences, by the Grantee's (i) tendering to the Corporation previously owned shares of stock or other securities of the Corporation with a fair market value equal to the required amount, or (ii) agreeing to have shares of common stock (with a fair market value equal to the required amount) which are acquired upon exercise of the option withheld by the Corporation, subject to the following limitations:

(a) Any election pursuant to clause (ii) above by a Grantee subject to Section 16 of the Exchange Act shall either (x) be made at least six months before the Tax Date and shall be irrevocable; or (y) shall be made in (or made earlier to take effect in) any 10-day period beginning on the third business day following the date of release for publication of the Corporation's quarterly or annual summary statements of earnings and shall be subject to approval by the Administrator, which approval may be given at any time after such election has been made. In addition, in the case of (y), the option shall be held at least six months prior to the Tax Date.

(b) Any election pursuant to clause (i) above, where the Grantee is tendering shares issued pursuant to the exercise of an Option, shall require that such shares be held at least six months prior to the Tax Date.

Any of the foregoing limitations may be waived (or additional limitations may be imposed) by the Administrator, in its sole discretion, if the Administrator determines that such foregoing limitations are not required (or that such additional limitations are required) in order that the transaction shall be exempt from Section 16(b) of the Exchange Act pursuant to Rule 16b-3, or any successor rule thereto. In addition, any of the foregoing limitations may be waived by the Administrator, in its sole discretion, if the Administrator determines that Rule 16b-3, or any successor rule thereto, is not applicable to the exercise of the option by the optionee or for any other reason. Any securities tendered or withheld in accordance with this Section 10 shall be valued by the Corporation as of the Tax Date.

11. Expenses Of Administration Of Plan.

All costs and expenses incurred in the operation and administration of this Plan shall be borne by the Corporation or one or more of its subsidiaries.

12. Governing Law.

Without regard to the principles of conflicts of laws, the laws of the State of Minnesota shall govern and control the validity, interpretation, performance, and enforcement of this Plan.

13. Inspection Of Plan.

A copy of this Plan, and any amendments thereto or modification thereof, shall be maintained by the Secretary of the Corporation and shall be shown to any proper person making inquiry about it.

14. Nonexclusivity Of The Plan.

The adoption of the Plan shall not be construed as creating any limitations on the power of the Corporation to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options other than under the Plan.

Dated as of the 8th day of January, 2008.
