Agenda 5 Prestige's Business and Strategy: The Platform for Future Growth Prestige's Business and Strategy: Platform for Value Creation Current Management's Track Record: Delivering Value and Results Review of Genomma Lab's Unsolicited Proposal 1 2 3 Overview 1 4

Genomma Lab made an unsolicited proposal to acquire Prestige Brands (“Prestige”) for \$16.60 per share, which was unanimously rejected by the Prestige Board of Directors. Genomma Lab’s inadequate proposal is not compelling, highly conditional, and opportunistic – Genomma Lab intercepted Prestige’s rising stock price and expanding trading multiple – We believe Prestige would be trading at \$14.00 – \$15.00 per share absent an offer – 23% premium well below 39% average premium paid in precedent transactions – Implied transaction multiple of 9.3x LTM EBITDA is low even without accounting for our valuable tax asset potentially worth ~\$4 per share (adjusted multiple of 8.3x) – Genomma Lab’s proposal with publicized 20% accretion excluding synergies does not adequately compensate Prestige shareholders for the value of our high - quality, branded OTC portfolio. Prestige’s Board of Directors is open to considering compelling, fully financed proposals that provide certainty of closing and would maximize value for stockholders. Should Genomma Lab make a compelling proposal there would be a basis for engagement. Prestige Rejects Genomma Lab’s Unsolicited Proposal 6

Management has transformed the Company through a strategy focused on: – Driving sustainable core OTC organic growth – Pursuing accretive OTC acquisitions – Transforming Prestige into an OTC focused company This has resulted in increased shareholder value with the stock price up 83% since current Management joined in September 2009, far surpassing the S&P 500 (36%) and its peer group (63%) (1) Prestige’s platform has scarcity value and is well positioned to deliver shareholder value and benefit from continued consolidation in the consumer health industry Prestige’s Management Has a Proven Track Record of Delivering Shareholder Value 7 (1) Peer index includes CHD, ENR, HELE, JAH, NWL, TUP, PRGO, PG, RB, CL, CLX, WNI, WDFC
