PROXY STATEMENT

FOR THE ANNUAL MEETING OF SHAREHOLDERS, May 21, 2014

Date, Time and Place of Annual Meeting

This proxy statement is being furnished for the solicitation by the Board of Directors (the “Board of Directors” or “Board”) of First National Community Bancorp, Inc. (the “Company”), a Pennsylvania business corporation and registered bank holding company, of proxies to be voted at the Company’s 2014 annual meeting of shareholders. The annual meeting will be held at First National Community Bank’s (the “Bank”) Exeter Branch Office, 1625 Wyoming Avenue, Exeter, Pennsylvania 18643 on Monday, May 21, 2014 at 9:00 a.m., prevailing time. All inquiries regarding the annual meeting should be directed to Michael J. Cestone, Jr., Secretary of the Company. This proxy statement and the enclosed form of proxy are first being sent to shareholders of the Company on or about April 18, 2014.

Internet Availability of Proxy Materials

The proxy materials relating to the 2014 annual meeting of shareholders and the 2013 Annual Report on Form 10-K are available on the Internet. Please go to www.fncb.com/investorrelations to view and obtain the materials online.

Purpose of the Annual Meeting

At the annual meeting, shareholders will be requested:

to elect three (3) directors to the Board of Directors for terms expiring in 2017 and until their successors are duly elected and qualified;

to approve the compensation of the Company's named executive officers (referred to as the Company's "say-on-pay" proposal); and

to transact any other business properly presented at the annual meeting and any adjournment or postponement of the meeting.

We have not authorized anyone to provide you with information about the Company; therefore, you should rely only on the information contained in this document or on documents to which we refer you. Although we believe we have provided you with all the information helpful to you in your decision to vote, events may occur at the Company subsequent to printing this proxy statement that might affect your decision or the value of your stock.

Record Date, Quorum and Voting Rights

The Company's Board of Directors fixed April 8, 2014 as the Record Date for the determination of shareholders entitled to notice of, and to vote at, the annual meeting. On the Record Date, the Company had 16,471,569 shares of common stock, par value \$1.25 per share, outstanding and entitled to vote, held by approximately 2,185 shareholders. The Company's common stock is the only authorized class of stock entitled to vote.

Under Pennsylvania law and the Company's bylaws, the presence of a quorum, in person or by proxy, is required for each matter to be acted upon at the annual meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the annual meeting. Votes withheld and abstentions will be counted in determining the presence of a quorum. A broker nonvote occurs when a member firm of the New York Stock Exchange that holds shares in "street name" for its customer votes the customer's shares on one or more, but not all, matters on the proxy card because: (1) the broker or other nominee was instructed not to vote on certain matters; or (2) the broker or other nominee did not receive instructions from its customer as to how to vote on the unvoted matter, and therefore, does not have authority to vote on the matter. The missing vote on each such matter is a "broker nonvote." Under applicable rules and regulations, member firms are not permitted to vote on certain matters without instructions from the beneficial owner of the underlying shares. We believe that brokers have no authority to vote their customers' shares with respect to any proposal unless instructed how to vote, and as a result, we do not expect broker nonvotes to occur. In general, however, broker nonvotes will be counted in determining the presence of a quorum for the particular matter as to which the broker withheld authority.

Each holder of common stock is entitled to one vote, in person or by proxy, for each share of common stock held in his or her name in the Company's books as of the Record Date. Assuming the presence of a quorum, the three (3) nominees for director receiving the highest number of votes will be elected at the annual meeting. The advisory vote on the compensation of the Company's named executive officers, and any other matters that may come before the annual meeting, will require the affirmative vote of a majority of the votes cast on the proposal. In all matters, any abstention or broker nonvotes will not be counted as a vote cast.

Solicitation of Proxies and Voting

The cost of preparing, assembling, printing, mailing and soliciting proxies, and any additional material that the Company sends to its shareholders in connection with the annual meeting, will be paid by the Company. In addition to solicitation by Registrar and Transfer Company, the directors, officers and employees of the Company and First National Community Bank may solicit proxies from shareholders personally or by telephone, facsimile or other electronic means without additional compensation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of the common stock held of record by these persons, and upon their request, the Company will reimburse them for their reasonable

forwarding expenses.

You can vote your shares by completing and returning a written proxy card. You may also vote your shares using the Internet. To do so, go to www.rtcoproxy.com/fncb and follow the on screen instructions. Have your control number from your proxy card available when you access the web page. Telephone voting is also available, toll free, by calling 1-866-702-2546 from a touch tone phone.

You can also vote in person at the meeting. Submitting your voting instructions by returning a proxy card or by voting over the telephone or over the Internet will not affect your right to attend the meeting and vote. The method by which you vote will in no way limit your right to vote in person at the annual meeting, after giving written notice to Michael J. Cestone, Jr., Secretary of the Company.

If your shares are registered directly in your name with the Company's transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to the proxy holder, to cast your vote electronically or to vote in person at the meeting. The Company has enclosed a proxy card for your use.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of the shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, because you are not the shareholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Shares represented by a properly executed proxy, unless subsequently revoked, will be voted at the annual meeting in accordance with the instructions made by the shareholder. If a proxy is signed, executed and returned without indicating any voting instructions, the shares represented by the proxy will be voted in accordance with the recommendations of the Board of Directors.

Revocation of Proxies

A shareholder of the Company who returns a proxy may revoke the proxy prior to the time it is voted in any one of the following ways:

· by giving written notice of revocation to Michael J. Cestone, Jr., Secretary of First National Community Bancorp, Inc., 102 East Drinker Street, Dunmore, Pennsylvania 18512; or

· by executing a later-dated proxy and giving written notice to the Secretary of the Company; or

· by voting in person after giving written notice to the Secretary of the Company.

Attendance by a shareholder at the annual meeting will not in and of itself constitute a revocation of the proxy.

You have the right to vote and, if so desired, to revoke your proxy any time before the annual meeting. Should you have any questions, please contact Michael J. Cestone, Jr., Secretary of the Company, at (570) 346-7667.

PROPOSAL 1

ELECTION OF DIRECTORS

In accordance with Section 2.02 of the Company's bylaws, the Company has a classified Board of Directors with staggered three-year terms of office. In a classified Board, the directors are generally divided into separate classes of equal number. The terms of the separate classes expire in successive years. The Company's Board of Directors is classified into three classes – Class A, Class B, and Class C. Thus, at each annual meeting of shareholders, successors to the class of directors whose term then expires are elected to hold office for a term of three years. Therefore, the term of office of one class of directors expires in each year. The Board of Directors is authorized to increase the number of directors that constitutes the whole Board of Directors provided that the total number of directors in each class remains relatively proportionate to the others.

Unless otherwise instructed, the proxy holder will vote the proxies received for the election of the three (3) nominees for Class A Director named below. If any nominee should become unavailable to serve for any reason, proxies will be voted in favor of a substitute nominee as designated by the Board of Directors. The Board of Directors currently believes that the nominees named will be able to serve if elected notwithstanding that Louis A. DeNaples' ability to serve may be subject to regulatory approval. Any vacancy on the Board of Directors, including vacancies resulting from an increase in the number of directors, will be filled by a majority of the remaining members of the Board of Directors and each person so appointed will be a director until the expiration of the term of office of the class to which he or she was appointed. Assuming the presence of a quorum, the three (3) nominees for director receiving the highest number of votes will be elected at the annual meeting.

Cumulative voting rights do not exist with respect to the election of directors. Except as may otherwise be provided by statute or by the articles of incorporation, at every shareholders meeting, each shareholder entitled to vote has the right to one vote for each common share owned on the Record Date fixed for the meeting. For example, if a shareholder owns 100 shares of common stock, he or she may cast up to 100 votes for each of the nominees for director in the class to be elected.

The following section contains, as of April 8, 2014, certain information with respect to the nominees for directors for terms to expire in 2017. You will find information about their share ownership on page 10.

Certain Legal Proceedings

On May 24, 2012, a putative shareholder by the name of Lori Gray filed a complaint in the Court of Common Pleas in Lackawanna County against certain present and former directors of the Company (including all of the current directors except Steven R. Tokach and Thomas J. Melone) (the “Individual Defendants”) and Demetrius & Company, LLC (“Demetrius”) alleging, inter alia, breach of fiduciary duty, abuse of control, corporate waste, unjust enrichment and, in the case of Demetrius, professional negligence, negligent misrepresentation, breach of contract and aiding and abetting breach of fiduciary duty. The Company was named as a nominal defendant. The Board had appointed a special committee in January 2012 to investigate the matters raised in the Gray complaint. The special committee retained independent counsel to assist with its investigation. Following the investigation, the special committee found that the Individual Defendants had not breached their fiduciary duties to shareholders. Subsequently, the parties commenced settlement discussions and on December 18, 2013, the Court entered an Order Granting Preliminary Approval of Proposed Settlement subject to notice to shareholders. On February 4, 2014, the Court issued a Final Order and Judgment for the matter granting approval of a Stipulation of Settlement (the “Settlement”) and dismissing all claims against the Company and the Individual Defendants. As part of the Settlement, there was no admission of liability by the Individual Defendants. Pursuant to the Settlement, the Individual Defendants, without admitting any fault, wrongdoing or liability, agreed to settle the derivative litigation for \$5 million, which was paid to the Company on March 28, 2014. The Individual Defendants have reserved their rights to indemnification under the Company’s Articles of Incorporation and Bylaws, resolutions adopted by the Board, the Pennsylvania Business Corporation Law and any and all rights they have against the Company’s and the Bank’s insurance carriers. The Company has indemnified the Individual Defendants for a portion of their claim in the amount of \$2.5 million. In addition, in conjunction with the Settlement, the Company has accrued \$2.5 million related to fees and costs of the plaintiff’s attorneys, which has been included in non-interest expense for the year ended December 31, 2013.

CORPORATE GOVERNANCE

Our Board of Directors believes that the purpose of corporate governance is to promote shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices that the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance practices, Pennsylvania law (the state in which we are incorporated), the rules and listing standards of NASDAQ, and Securities and Exchange Commission ("SEC") regulations, as well as best practices suggested by recognized governance authorities to maintain the highest governance standards.

The Board of Directors has four standing committees: Audit Committee, Risk Management Committee, Compensation Committee and Corporate Governance Committee, which is the committee that makes director nominating recommendations to the Board of Directors. The charters of these committees have been approved by the Board and are available on our corporate website at www.fncb.com/investorrelations.

Currently, the Board of Directors has eight members, with one vacancy expected to be filled by Louis A. DeNaples if he is elected at the annual meeting and regulatory approval, if necessary, is received, thereafter. The Company

evaluates the independence of directors under the SEC and NASDAQ stock market's standards for independence. The NASDAQ standards require the Board of Directors to be comprised of a majority of independent directors. The NASDAQ standards also require that, except for exceptional and limited circumstances, the Board of Directors maintain an audit committee comprised only of independent directors and that compensation and nomination decisions must be made only by independent directors.

Independence is reviewed at least annually to determine whether all existing and potential committee members are independent. The Board of Directors has determined that Louis A. DeNaples, Louis A. DeNaples, Jr., Joseph J. Gentile, John P. Moses, Dominick L. DeNaples and Thomas J. Melone met the standards for independence.

In making its independence determinations, the Board considers all relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. The Board considered that in the ordinary course of business the Company and the Bank may provide commercial banking and other services to some of the independent directors and to business organizations and to individuals associated with them. The Board also considered that in the ordinary course of business some business organizations with which an independent director is associated may provide products and services to the Company and the Bank. The Board has determined that, based on the information available to the Board, none of these relationships were material.

Mr. Moses, a director, is Of Counsel at the law firm of Cozen & O'Connor ("Cozen"), which has provided legal services to the Company during 2013. Mr. Moses does not have any ownership or profit sharing interest in Cozen. The Board has considered this relationship and determined that it did not impair Mr. Moses' independence. Please see the relationships discussed under "CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS" for a description of the other relationships considered by our board of directors.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics (the "Code") that applies to the Company's directors and employees, including the President and Principal Executive Officer ("PEO"), Principal Financial Officer ("PFO") and Principal Accounting Officer ("PAO"). The Code includes guidelines relating to compliance with laws, the ethical handling of actual or potential conflicts of interest, the use of corporate opportunities, protection and use of the Company's confidential information, accepting gifts and business courtesies, accurate financial and regulatory reporting, and procedures for promoting compliance with, and reporting violations of, the Code. The Code is available on the Company's website at www.fnbc.com/investorrelations/ under the heading "Governance Documents." The Company intends to post any amendments to the Code on its website and also to disclose any waivers (to the extent applicable to the Company's President, PEO, PFO or PAO) on a Form 8-K within the prescribed time period.

Shareholder Communications

Any shareholder who wishes to communicate with the Board of Directors may send correspondence to Michael J. Cestone, Jr., Secretary, at 102 East Drinker St., Dunmore, PA 18512, or by sending an electronic message to corporatesecretary@fnbc.com. Mr. Cestone will submit your correspondence to the Board of Directors or the appropriate committee as applicable.

Submission of Shareholder Proposals for 2015 Annual Meeting

Shareholder proposals for the 2015 annual meeting of shareholders must comply with applicable SEC rules and regulations and must be received by the Secretary of the Company prior to December 19, 2014 to be considered for inclusion in the Company's Proxy Statement for that meeting. If the December 19, 2014 deadline is missed, a shareholder proposal may still be submitted for consideration at the 2015 annual meeting of shareholders, although it will not be included in the Company's Proxy Statement, if it is received no earlier than February 20, 2015 and no later than March 12, 2015. If notification of a shareholder proposal is not received by December 19, 2014, the Company may vote, in its discretion, any and all of the proxies received in its solicitation against such proposal. See "Director Nominations" on page 22 for more information on director nominations.

In addition, any shareholder who intends to nominate a candidate for election to the Board of Directors (other than a candidate proposed by the Company's then existing Board of Directors) or submit a proposal for consideration at the 2015 annual meeting must comply with the advance notice provisions of the Company's bylaws. The advance notice provisions in the Company's bylaws require that the following additional information must be provided to the Company by a shareholder submitting a shareholder proposal:

- a) the name and address of the shareholder who intends to make the nomination or propose the business, and, as the case may be, of the person or persons to be nominated;
- b) a representation that the shareholder is a holder of record of shares of the Company and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice or to make the proposal;
- c) the number of and class of shares owned by the shareholder and any Shareholder Associated Person (as defined in the bylaws), which information must be supplemented as of the record date;
 - a description of any agreement, arrangement or understandings between the shareholder or any other person or
- d) persons, pursuant to which the nominations or nominations are to be made by the shareholder, or the business is to be proposed, which information must be supplemented as of the record date;
 - information regarding the shareholder's, Shareholder Associated Person's or certain affiliated partnership's ownership
- e) of derivative instruments (such as options, warrants, convertible security, etc.) or any other opportunity of the shareholder or Shareholder Associated Person to profit from a change in the value of shares of the Company and the existence of any hedging transactions, which information must be supplemented as of the record date;
 - f) if applicable, the consent of each nominee to serve as a director of the Company if so elected; and
 - any other information regarding the nominee or each matter of business to be proposed by such shareholder that
- g) would be required under the SEC's proxy rules and regulations had the nominee been nominated, or the matter been proposed, by the Board of Directors.

Copies of the full text of the bylaw provision relating to advance notice can be obtained by writing to Michael J. Cestone, Jr. Secretary, at 102 East Drinker St., Dunmore, PA 18512. A copy of our bylaws was filed with the SEC as Exhibit 3.2 to the Company's Quarterly Report on Form 10-Q for the period ended September 30, 2013, filed November 12, 2013.

The Board of Directors

Our business is managed under the direction of our Board of Directors, in accordance with the Pennsylvania Business Corporation Law and our bylaws. We separate the positions of Chairman of the Board and Chief Executive Officer. We believe separation of these positions enhances the independent oversight of the Company and the monitoring and objective evaluation of the Chief Executive Officer's performance. Mr. Dominick L. DeNaples serves as non-executive Chairman of the Board of Directors and is independent of management.

The Board of Directors is actively involved in the oversight of risks that could affect the Company. For 2013, this oversight was conducted primarily through the Audit Committee, but the full Board retained responsibility for general oversight of risks. The Audit Committee, pursuant to its charter, considers and reviews with the Company's internal audit department, independent registered public accounting firm, and management, the adequacy of the Company's internal controls, including the processes for identifying significant risks or exposures, and elicits recommendations for the improvements of such procedures where desirable. In addition to the Audit Committee's role, the full Board of Directors is involved in oversight and administration of risk and risk management practices by overseeing members of senior management in their risk management capacities, regularly reviewing and analyzing the Company's investment portfolio and accompanying risk levels, and considering the potential impact on our objectives. Members of the Company's senior management have day-to-day responsibility for risk management and establishing risk management

practices, and members of management are expected to report matters relating specifically to the Audit Committee directly thereto, and to report all other matters directly to the Board of Directors as a whole. Members of the Company's senior management have an open line of communication to the Board of Directors and have the discretion to raise issues from time-to-time in any manner they deem appropriate, and management's reporting on issues relating to risk management typically occurs through direct communication with directors or committee members as matters requiring attention typically arise. On February 26, 2014, the Board established a Risk Management Committee. The Board of Directors expects that that Risk Management Committee will take on a primary role in risk management going forward. For further detail about the Risk Management Committee, see "Committees of the Board—Risk Management Committee" below.

The Bank maintains a Directors Loan Committee which meets bi-weekly before each Bank board meeting or more often as necessary. In addition to the Bank's Chairman, President and Chief Executive Officer, Chief Operating Officer and Chief Lending Officer, the following Directors are members of this committee: Joseph Coccia, Dominick L. DeNaples, Louis A. DeNaples, Joseph J. Gentile, and Thomas J. Melone. In 2013, this committee met twenty-eight (28) times.

During 2013, the Company's Board of Directors held twenty-two (22) meetings. Each of the directors attended at least 75% of the meetings of the Company's Board of Directors and of the committees on which he served. Pursuant to the Company's policy, the directors are expected to attend the Company's annual meeting of shareholders.

Compensation Committee

The Compensation Committee operates under a written charter that has been approved by the Board of Directors. The Charter is reviewed annually by the Compensation Committee with any recommended changes approved by the Board of Directors. The current Compensation Committee charter is available in the Investor Relations section on the Company's website at www.fnbc.com by clicking on Corporate Information and then Committee Charting under the heading "Compensation Committee Charter." As noted above, each of the directors serving on this committee was determined to meet the standards for independence. The Compensation Committee is responsible for evaluating and approving the Company's compensation plans, policies and programs. The Compensation Committee has the authority to retain and terminate a compensation consulting firm, including the authority to approve the firm's fees and other terms of retention. The Compensation Committee also has the authority to delegate responsibility to subcommittees. For a discussion of the role of the Compensation Committee in determining executive and director compensation, see the discussion under the heading "Compensation Discussion and Analysis."

RISK MANAGEMENT COMMITTEE

On February 26, 2014, the Board of Directors established a new Risk Management Committee. The Risk Management Committee operates under a written charter that has been approved by the Board of Directors. The current Risk Management Committee charter is available in the Investor Relations section on the Company's website at www.fnbc.com by clicking on Corporate Information and then Governance Documents under the heading "Risk Management Committee Charter." The Risk Management Committee is responsible for ensuring management has established an enterprise-wide risk management program and for providing oversight and guidance to management regarding the Company's risks. The Risk Management Committee has authority to retain independent counsel, experts and advisors it believes are appropriate in carrying out its duties, including the authority to approve the advisor's fees and other terms of retention. The Risk Management Committee also has the authority to delegate responsibility to subcommittees. The Risk Management Committee was established in 2014 and therefore did not play a role in risk management oversight for the 2013 fiscal year; however, the Board expects that this committee will play a primary role in risk management oversight during 2014 and going forward.

Corporate Governance Committee

The Corporate Governance Committee operates under a written charter that has been approved by the Board of Directors. The Charter is reviewed annually by the Corporate Governance Committee with any recommended changes approved by the Board of Directors. The current Corporate Governance Committee charter is available in the Investor Relations section on the Company's website at www.fnbc.com by clicking on Corporate Information and then Committee Charting under the heading "Corporate Governance Committee Charter." Each of the directors serving on this committee was determined to meet the standards for independence. The Corporate Governance Committee (1) recommends to the Board of Directors for its selection (i) potential nominees for director to stand for election at the

Company's annual meeting of shareholders, including without limitation, those proposed by shareholders, and (ii) individuals to be considered by the Board of Directors to fill vacancies; (2) in its discretion, considers candidates based on criteria for selecting new directors; (3) evaluates the background and qualifications of new director candidates; and (4) evaluates directors before nomination for reelection. The Corporate Governance Committee also oversees and makes recommendations to the Board of Directors with respect to corporate governance of the Company.

Director Nominations

The Corporate Governance Committee recommends director nominees to the Board of Directors. The Corporate Governance Committee seeks individuals who are qualified to be directors based on the committee's judgment of the potential candidate's experience, skills and knowledge of business and management practices. If needed, the Corporate Governance Committee will use a third party search firm to assist in finding director candidates. No third parties were engaged to evaluate or assist in identifying potential director nominees in 2013 or 2014.

The Corporate Governance Committee and the Board of Directors have not established a specific diversity component in their consideration of candidates for director and instead consider the diversity of directors as part of the overall mix of factors when identifying and evaluating candidates for the Board of Directors. The Company considers diversity broadly to include differences of viewpoint, professional experience, individual characteristics, qualities and skills, resulting in naturally varying perspectives among the directors and individual skills that complement the full Board. Therefore, the Board, as a unit, possesses the appropriate skills and experience to oversee the Company's business.

The Corporate Governance Committee will give appropriate consideration to qualified persons recommended by shareholders for nomination as directors and will evaluate such qualified persons in the same manner as other identified candidates, when submitted prior to the shareholder proposal date referred to in the "Submission of Shareholder Proposals for 2015 Annual Meeting" section of this Proxy Statement (the "Proposals Section"), provided such recommendations comply with the advance notice procedures in the Company's bylaws, which are summarized in the Proposals Section. Such recommendations must also include: (i) sufficient biographical information about the proposed nominee to permit the Corporate Governance Committee to evaluate their qualifications and experience, and (ii) the nominee's consent to serving as a director if elected. Shareholders must deliver any proposals or nominations in writing to the Corporate Governance Committee or the Secretary of First National Community Bancorp, Inc. at its principal executive office, 102 E. Drinker Street, Dunmore, Pennsylvania 18512.

Any nomination for director not made in accordance with Section 1.07 of the Company's bylaws will be disregarded by the presiding officer of the annual meeting, and votes cast for each such nominee will be disregarded by the judge of election. In the event that the same person is nominated by more than one shareholder, if at least one nomination for such person complies with Section 1.07, the nomination will be honored and all votes cast for the nominee will be counted.

AUDIT COMMITTEE

The Board of Directors has a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Board of Directors has determined that each of the members of the Audit Committee is considered independent, as that term is defined by the SEC and in the NASDAQ listing standards related to audit committees. The current Audit Committee charter is available in the Investor Relations section on the Company's website at www.fnrb.com by clicking on Corporate Information and then on Committee Charting under the heading "Audit Committee Charter." The principal duties of the Audit Committee, as set forth in its charter, include reviewing significant audit and accounting principles, policies and practices, reviewing performance of internal auditing procedures, reviewing reports of examination received from regulatory authorities, and recommending, annually, to the Board of Directors the engagement of an independent certified public accountant.

Currently, the Board has identified Thomas J. Melone as the Audit Committee financial expert. Mr. Melone qualifies as a financial expert based on his extensive accounting experience as a certified public accountant and as a partner of the Albert B. Melone Company.

Report of the Audit Committee

To the Shareholders of First National Community Bancorp, Inc.:

The Audit Committee provides oversight of the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the financial statements and the financial reporting process, including internal controls. In fulfilling its oversight responsibilities, the Audit Committee discussed the financial statements in the annual report with management, including a discussion of the quality, not just acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles, and such other matters as required to be discussed with the Audit Committee under generally accepted auditing standards. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company, including the matters in written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on these discussions, the Audit Committee has recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2013, for filing with the Securities and Exchange Commission.

Compensation Discussion and Analysis

The Company is committed to responsible compensation practices and strives to balance sound risk management with the need to attract, hire, motivate and retain executive team members who will maximize successful performance. The Company intends to provide executives with a balanced mix of fixed and variable pay. The purpose of all incentive plans is to motivate, reward and reinforce performance and achievement of team and/or individual goals in support of the Company's strategic objectives for growth and profitability. They provide the opportunity for reward for meeting and exceeding established financial goals as well as recognition of individual achievements.

Under the heading “Executive Compensation Tables,” you will find a series of tables containing specific information about the compensation earned or paid in 2013 to Mr. Steven R. Tokach, the President and Chief Executive Officer and PEO of the Company, and Mr. James M. Bone, Jr., the Chief Financial Officer and PFO of the Company. Compensation information is also presented for Mr. Gerard A. Champi, the Chief Operating Officer of the Bank, Mr. Joseph J. Earyes, the Chief Retail Banking and Operations Officer of the Bank and Mary Griffin Cummings, the General Counsel of the Bank, the three most highly compensated executive officers of the Company (including officers of the Bank) who received total compensation of \$100,000 or more during the fiscal year ended December 31, 2013, referred to as our “named executive officers” or “named executives.”

The overall executive compensation philosophy and strategy and primary objective of the Board of Directors with respect to executive compensation at the Company is to provide a total compensation package that meets a number of interrelated goals. The Company’s compensation package is designed to:

1. Be balanced and competitive in the external market in a manner consistent with the Company’s size and industry;
2. Correlate with the Company’s strategic business plan;
3. Align the interests of executives with those of shareholders;
4. Drive superior performance and reward executives for achievement;
5. Enable the Company to attract, motivate, develop and retain key executives whose experience, expertise and abilities will promote the Company’s performance for the benefit of its shareholders without encouraging undue risk-taking that could materially threaten the safety and soundness of the Company;
6. Achieve an appropriate mix of fixed and variable compensation;
7. Equally support annual and long-term financial and strategic performance objectives as well as the stability of the organization;
8. Ensure compliance with applicable regulations;
9. Deliver executive compensation in a manner that is prudent and cost-effective; and
10. Support the mission, vision and values of the Company.

Design of Compensation Program

In 2013 and 2014, executive compensation decisions were made by the Compensation Committee of the Board of Directors. The Board of Directors' fundamental policy is to provide our executive officers with competitive compensation for their positions and to provide opportunities based upon their contributions to the Company's development and financial success as well as their personal performance in accordance with the overall design of the Company's compensation package.

The Role of Consultants

In 2012, management engaged Mosteller and Associates (“Mosteller”), a Pennsylvania-based human resources consulting firm, to conduct an Executive Compensation Review (the “2012 Report”). The 2012 Report included: (1) a market review of the Company’s compensation for executive positions against compensation levels of executive positions at other similar financial institutions; and (2) recommendations for enhancements to the Company’s overall executive compensation programs. The Report has served as a foundation for executive compensation decisions in 2012, 2013 and 2014.

The 2012 Report included market data from proxy statement analysis of a peer group of banks as well as three published survey sources. Specific analysis and comments were provided for each of the executive pay components (base, short term incentive, long-term incentive, and all other) as well as total compensation. The 2012 Report provided the Compensation Committee, the Board and management with what they believe was a solid base of relevant information upon which to develop compensation strategy and to base compensation-related decisions throughout the 2012, 2013 and 2014.

In January 2014, management engaged Mosteller and Associates to update the 2012 Report to provide the Compensation Committee with current competitive salary data (the “Updated Report”). This data assisted the Compensation Committee with making initial awards under a new Long-Term Incentive Compensation Plan (the “LTIP”) in February 2014 and with evaluating current executive salaries.

The Company continues to engage Mosteller to provide consulting services on an ongoing basis, advising with regard to executive and broad-based compensation matters as well as a variety of human resources topics. Mosteller was chosen because of its expertise in the field of human resources, the financial services industry and the geographic footprint of the Bank and its understanding of the organization. The Compensation Committee has evaluated the independence of Mosteller and concluded that no conflict of interest exists.

Incentive Plans

On December 19, 2012, upon the recommendation of the Compensation Committee, the Board of Directors approved three Short-Term Incentive Plans (the “Incentive Plans”), which came into effect January 1, 2013. These consist of an Executive Incentive Plan (the “EIP”), a Commercial Incentive Plan (the “CIP”) and a Staff Incentive Plan (the “SIP”). The Incentive Plans are designed to link annual cash compensation awards to specific Bank financial targets and individual performance metrics. According to the terms of these Incentive Plans, the Board of Directors is responsible for establishing the Bank-wide financial targets that are utilized to trigger funding of the Plans. The Board of Directors determines the individual performance goals used to evaluate the President and Chief Executive Officer. For all other

executives and employees, management is responsible for establishing individual performance goals which, in conjunction with achievement of Bank-wide financial goals, are used to determine individual awards. Each of the incentive plans provides for a potential claw-back of award payments if the relevant performance measures on which they are based are restated or otherwise adjusted within a 36-month period following the public release of the financial information.

No annual cash incentive awards were granted under the EIP or the SIP in 2013. Awards were granted to non-executive employees in the commercial division] under the CIP in February 2014, based on 2013 results.

On February 26, 2014 the Board approved a 2014 Performance Target for purposes of the Incentive Plans. The Compensation Committee recommended the use of net income (excluding certain non-core items) as the key measure of performance for the 2014 fiscal year. The Compensation Committee established threshold, budget, stretch and maximum targets for net income. It is expected that decisions regarding compensation and awards under the Incentive Plans for the 2014 fiscal year will be made in the first quarter of 2015 and will be based on the achievement of the net income targets established for 2014.

Upon the recommendation of the Compensation Committee, the LTIP was formally adopted by the Board of Directors on October 23, 2013, subject to approval of the shareholders. The LTIP was approved by the shareholders at the 2013 Annual Meeting of Shareholders on December 23, 2013.

The LTIP is designed to reward directors, executives and key employees for their contributions to the long-term success of the Company, primarily as measured by the increase in the Company's stock price. The LTIP design provides the Board with the authority to offer several different types of long-term incentives, including stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares.

Upon the recommendation of the Compensation Committee, the Board approved initial awards under the terms of the LTIP, which were granted to executives and key employees on March 1, 2014. The initial grant, which was comprised solely of restricted stock, utilized 47,750 common shares of the 1.2 million common shares reserved for issuance under the LTIP.

The Role of Management

Input from senior management, including the President and Chief Executive Officer and the Human Resources Officer, along with our external consultants was critical in order to permit the Board of Directors and Compensation Committee to make informed and appropriate decisions. Input from senior management may include:

- Performance summaries for management team members and recommendations regarding compensation;
- Results from executive compensation studies and related recommendations and analysis; and
- Data and recommendations for changes necessary to ensure the continued market competitive nature of the Company's overall compensation package and/or the individual components of executive compensation.

Each member of senior management excuses himself or herself from all Board and Compensation Committee discussions of that individual's compensation.

Benchmarking and Peer Group

During 2013, the Company utilized a peer group based on industry, asset size, organizational structure, performance levels and geographic location. The Company selected that peer group to provide comparative market data for executive compensation pay levels.

This peer group, which was the same group the Company considered in 2012, included financial organizations from the Mid-Atlantic states with asset size ranging from approximately \$580 million to almost \$2.3 billion as of December 31, 2011, the most recent year for which information was available at the time of the 2012 Report. We believe these companies were an appropriate group against which to benchmark our compensation for 2013.

Below is a listing of the peer group used by the Company in 2013 to benchmark its executive compensation:

ACNB Corp.	Citizens & Northern Corp.	Norwood Financial Corp.
Alliance Financial Corp.	Codorus Valley Bancorp, Inc.	Orrstown Financial Services Inc.
AmeriServe Financial, Inc.	Dimeco, Inc	Penseco Financial Services Corp.
Bryn Mawr Bank Corp.	ESSA Bancorp, Inc.	Republic First Bancorp, Inc.
CNB Financial Corp.	Fidelity D&D Bancorp, Inc.	Univest Corp of Pennsylvania
Canandaigua National Corp.	First United Corporation	VIST Financial Corp.

For purposes of evaluating 2014 executive compensation and the initial group of LTIP awards, the Compensation Committee and management used the Updated Report, which had been updated by Mosteller to include executive compensation information of banks more representative of the Company's asset size as of December 31, 2013.

Material Differences in Named Executive Officers' Compensation

The overall factors that come into consideration when making executive compensation decisions include the following:

- Compensation philosophy and strategy;
- Individual performance relative to goals;
- Corporate performance;
- Budgetary constraints;
- Regulatory requirements;
- Competitive market data received from external compensation consultant including best practices in the marketplace;
- Ability to retain and attract executive employees;
- External economic and industry environment; and
- Risk assessment considerations.

The named executive officers receive base salaries commensurate with their positions and responsibilities. In determining the appropriate types and amounts of compensation for the President and Chief Executive Officer each year, the Board of Directors evaluates both corporate and individual performance. The corporate factors include the financial performance of the Company, including return on stockholders' equity, return on assets, asset quality and trends in the foregoing measures, the performance of the Company's stock price, comparative results achieved by the Company's peer group institutions, and progress in realizing the Company's long-term strategic plan. The individual factors include initiation and implementation of successful business strategies, formation of an effective management team and various personal qualities, including leadership. In determining the appropriate types and amounts of compensation for the named executive officers other than the President and Chief Executive Officer, the Board of Directors takes into consideration the officer's experience, expected personal performance and salary levels for

comparable positions.

Compensation Components

The compensation package for each named executive officer is comprised primarily of base salary, short-term incentives in the form of cash bonuses and long-term stock-based incentive awards. The Company also offers executives who meet the eligibility requirements the opportunity to participate in a nonqualified deferred compensation plan, in addition to a 401(k) Plan and health and welfare benefits available to all of the Bank's employees.

Base Salary - The Bank has established salary ranges that are competitive with our peer group and the banking industry in our local region. Each job classification has been evaluated based upon the required skills, knowledge, responsibility and experience needed. Salary increases are based upon merit, performance, quality of work, and other job related factors. Salary increases are not guaranteed and a satisfactory performance review may not warrant an increase. The base salary for each named executive officer is determined based upon experience, personal performance, salary levels in effect for comparable positions in the banking industry, internal base salary comparability considerations and the responsibilities assumed by the named executive officer. The weights given to these factors differ from individual to individual as the Board determines is appropriate. Base salaries are reviewed annually and adjusted from time to time, based on our review of market data and assessment of Company and individual executive performance.

Please refer to “Executive Compensation Tables” below for additional information on compensation of our named executive officers.

Short-Term Incentive Program/Cash Bonuses

On December 19, 2012, the Board approved the EIP which became effective during calendar year 2013. The EIP is designed to link annual cash bonus awards to specific bank financial targets and individual performance metrics. According to the terms of the EIP, the Board of Directors is responsible for establishing the Bank-wide financial targets which are utilized to trigger funding of the EIP. The Board of Directors determines the individual performance goals used to evaluate the President and Chief Executive Officer. For all other executives, the President and Chief Executive Officer and Chief Operating Officer are responsible for establishing individual performance goals which, in conjunction with achievement of Bank-wide financial goals, are used to determine individual awards. The EIP provides for a potential claw-back of award payments if the relevant performance measures on which they are based are restated or otherwise adjusted with a 36-month period following the public release of the financial information. There were no cash bonuses awarded under the EIP in 2013.

Long-Term Incentive Programs - The Company believes that stock ownership by management and equity-based performance compensation arrangements are useful tools to align the interests of management with those of the Company’s shareholders. Where executives are shareholders themselves, the executives will realize a direct benefit by achieving the objective of maximizing shareholder value.

Prior Plans

During 2013, the Company had in place two expired stock incentive plans: the 2000 Stock Incentive Plan (the “Stock Incentive Plan”) and the 2000 Independent Directors’ Stock Incentive Plan (the “Directors’ Stock Plan,” and together with

the Stock Incentive Plan, the “Company Plans”), each of which expired on August 30, 2010 and, as such, no additional awards have been granted from either plan, though the expiration of these plans does not affect any awards outstanding as of the expiration date of the plan.

Prior to the expiration of the Company Plans, the Company’s executives were eligible to receive “qualified” stock options, “non-qualified” stock options, stock appreciation rights and restricted stock under the Company Plans, which have each been approved by the Company’s shareholders. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally denies publicly-held corporations a federal income tax deduction for compensation exceeding \$1,000,000 paid to the Chief Executive Officer or any of the four other highest paid executive officers, excluding performance-based compensation. The Stock Incentive Plan was designed and has been administered in a manner to enable the Company to deduct compensation attributable to options and without regard to such deduction limitation. The Company has outstanding awards of stock options issued under each of the Company Plans. During 2009, the Company granted 74,600 shares worth of stock options. No stock options or other equity based awards were granted under the Company Plans in 2011, 2012 or 2013.

Under the Stock Incentive Plan, shares of common stock are subject to issuance upon the exercise of incentive stock options (“ISOs”), non-incentive stock options (“Non-ISOs”) and stock appreciation rights (“SARs”), and the award of shares of restricted stock to such key officers or other employees of the Company or the Bank as the Compensation Committee may designate. However, only ISOs were ever awarded under the Stock Incentive Plan. The exercise price of qualified stock options under the Stock Incentive Plan was not permitted to be less than 100% of the fair market value of the common stock on the date of grant, as determined in the Stock Incentive Plan.

If a participant who was awarded a qualified incentive stock option ceases to be employed by the Company or the Bank for any reason other than his or her death or disability, the participant may be permitted to exercise the option during its remaining term for a period of not more than three (3) months after cessation of employment to the extent that the qualified option was then and remains exercisable.

The grants are to be exercised at a fixed price of fair market value on the date of grant. The grant dates are based on the last Company meeting of the applicable year in which they were granted. The awards are not timed to the release of any information. Under the Stock Incentive Plan, the time period during which any qualified incentive stock option is exercisable, as determined by the Compensation Committee, does not commence before the expiration of six (6) months or continue beyond the expiration of ten (10) years after the date such option is awarded.

2013 Long-Term Incentive Compensation Plan

Upon the recommendation of the Compensation Committee, the LTIP was formally adopted by the Board of Directors on October 23, 2013 and was approved by shareholders at the 2013 Annual Meeting of Shareholders on December 23, 2013. We have reserved 1,200,000 shares under the LTIP. The LTIP became effective as of January 1, 2014 and will remain in effect, subject to the right of the Board of Directors to terminate the LTIP at any time, until all awards granted under the LTIP have been paid or otherwise disposed of in accordance with the provisions of the LTIP. Awards may not be made under the LTIP on or after January 1, 2024. The Company has filed a registration statement under the Securities Act of 1933, as amended (the “Securities Act”), that registers the shares to be issued pursuant to the LTIP.

The LTIP is administered by the Compensation Committee. The Compensation Committee has the discretionary authority to: (i) select the persons to be granted awards under the LTIP; (ii) determine the terms, conditions and types of awards to be made to each person selected; (iii) determine when awards are to be made and the conditions that must be satisfied before an award is to be made; (iv) establish objectives and conditions for earning awards; (v) determine the terms of each award agreement; (vi) determine whether the conditions for earning an award have been met and whether an award should be paid at the end of a performance period; (vii) determine if and when an award may be deferred; (viii) determine whether the amount or payment of an award should be reduced or eliminated and (iv) determine the guidelines and procedures for the payment or exercise of an award. The Compensation Committee may delegate to the Chief Executive Officer or to other officers of the Company its authority under the LTIP except with

respect to the grant of awards or the exercise of discretion with respect to awards to employees who are “covered employees” (as defined in the LTIP). The Compensation Committee determines whether to grant awards of stock options, stock appreciation rights, restricted stock and restricted stock units, performance units and performance share awards, each of which is described in further detail below.

Stock Options

The Compensation Committee determines the number of shares of stock subject to each option, the terms and conditions including vesting and expiration, and whether the option is an “incentive stock option” or a “nonqualified stock option.” The exercise price for each option is determined by the Compensation Committee but may not be less than 100% of the fair market value of the stock on the date the option is granted. No option may be exercisable after the expiration date as determined by the Compensation Committee and defined in the award agreement; provided, however, that no incentive stock option is exercisable later than ten years after the date of its grant, and no nonqualified stock option is exercisable later than ten years and one month after the date of its grant. No options were granted in 2013 under the LTIP. The Compensation Committee believes that including stock options in the compensation program serves the Company’s longer-term goals in the same manner as other equity-based compensation.

Stock Appreciation Rights

A stock appreciation right, or “SAR,” may be exercised upon such terms and conditions and for the term the Compensation Committee determines in the award agreement; provided, however, that no stock appreciation right will be exercisable later than ten years after the date of its grant. Upon exercise of a SAR, the participant is entitled to receive an amount determined by multiplying: (i) the difference between the fair market value of a share of stock on the exercise date and the price fixed by the Compensation Committee on the date of the grant (which price may not be less than 100% of the fair market value of a share of stock on the date of the grant); by (ii) the number of shares of stock with respect to which the SAR is exercised. The payment to the recipient of the amount due upon exercise of a SAR is made in shares of stock having a fair market value as of the date of exercise equal to the amount determined by multiplying (i) and (ii) above, unless the Compensation Committee otherwise provides for payment in cash in the applicable award agreement or any amendment or modification of the award agreement. The Compensation Committee believes that stock appreciation rights, which provide value to our executives only if the Company’s share price increases relative to the share price on the date the awards are granted, generally serve the Company’s longer-term goals and fit into the Company’s overall compensation philosophy. No SARs were granted in 2013 under the LTIP.

Restricted Stock and Restricted Stock Units

Shares of restricted stock and restricted stock units may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the termination of the applicable restricted period or for such period of time as is established by the Compensation Committee and as is specified in the award agreement. After the last day of a restricted period, shares of restricted stock covered by such restricted period will become freely transferrable by the recipient, and the recipient will receive one share of stock with respect to each restricted stock unit covered by such restricted period. Participants holding shares of restricted stock may exercise full voting rights with respect to those

shares, unless otherwise specified in the applicable award agreement. The form of award agreement adopted by the Compensation Committee (the “Form of Restricted Stock Agreement”) provides for voting rights with respect to vested shares of restricted stock, but not for unvested shares. During the restricted period, participants holding shares of restricted stock or restricted stock units are entitled to receive all dividends and other distributions paid with respect to those shares while they are so held, unless otherwise specified in the applicable award agreement. The Form of Restricted Stock Agreement only permits participants holding shares of restricted stock to receive dividends and distributions with respect to vested shares of restricted stock, but not for unvested shares. Effective March 1, 2014, grants aggregating to a total of 45,750 shares of restricted stock were made in accordance with the terms of the Form of Restricted Stock Agreement to the named executive officers and to other officers of the Bank. The Compensation Committee believes that restricted stock awards generally share the same beneficial characteristics of stock options, with a significant retention element, and fit into the Company’s overall compensation philosophy in the same manner. No restricted stock or restricted stock units were granted in 2013 under the LTIP.

Performance Unit and Performance Share Awards

The Compensation Committee has discretion in determining the number of performance units or performance shares granted to each participant and the terms and condition of such awards, except that the maximum dollar amount of performance units that may be granted to any single Participant is \$200,000 during any one calendar year. The Compensation Committee may establish in advance performance goals over performance periods for each award. Prior to each grant of performance units or performance shares, the Compensation Committee will establish an initial value for each performance unit and an initial number of shares of stock for each performance share granted to each participant for that performance period. Prior to each grant of performance units or performance shares, the Compensation Committee also will set the performance goals that will be used to determine the extent to which the participant receives a payment of the value of the performance units or number of shares of stock for the performance shares awarded for such performance period. Each performance unit award entitles the participant to a payment in cash or stock upon the attainment of performance criteria and other terms and conditions specified in the award. Subject to limitations applicable to payments to covered employees, the Compensation Committee has the authority to modify, amend or adjust the terms and conditions of any award of performance units or performance shares, including any performance goals that are established. No performance units or performance share awards were granted in 2013.

Tax and Accounting Considerations

To the extent the recipient of an award recognizes ordinary income, generally the Company will be entitled (subject to the requirement of reasonableness, the provisions of Code Section 162(m), and the satisfaction of any tax reporting obligations) to a corresponding income tax deduction. Wherever possible, the Company structures compensation for its executive officers in a way that preserves tax deductibility under Section 162(m).

The Company does not generally consider the tax consequences to named executive officers of cash compensation or of equity-based compensation, though it considers the tax treatment to the Company for non-qualified options and the non-qualifying disposition of qualified options to be favorable.

Employee Stock Grant Plans

On November 28, 2012, the Board of Directors adopted the 2012 Employee Stock Grant Plan (the “2012 Grant Plan”), which became effective upon implementation on December 17, 2012, pursuant to which the Board authorized the grant of up to 16,000 common shares in order to make one-time grants of 50 common shares (plus a one-time payment of \$25 to partially offset such employee’s 2012 tax obligations in connection with the grant) to each active full and part-time employee of the Company, including executive officers. This one-time program was implemented to provide employees with a long-term financial interest in the Company’s future growth and profitability by providing them with

Company ownership in the form of common shares.

On November 27, 2013, the Board of Directors adopted the 2013 Employee Stock Grant Plan (the “2013 Grant Plan”), which became effective upon implementation on December 2, 2013, pursuant to which the Board authorized the grant of up to 15,000 common shares in order to make one-time grants of 50 common shares to each active full and part-time employee of the Company, including executive officers. This one-time program was implemented to provide employees with a long-term financial interest in the Company’s future growth and profitability by providing them with Company ownership in the form of common shares.

Profit Sharing and 401(k) Plan - Supplemental compensation is provided in the form of a profit sharing and 401(k) plan. The profit sharing and 401(k) plan is structured to be moderately competitive within the peer market. The amount of money which the Bank contributed to the profit sharing and 401(k) plan is not taken into account when determining the amounts of other forms of compensation.

The Bank has adopted the First National Community Bank 401(k) Profit Sharing Plan (the "401(k) Plan"), a tax qualified retirement savings plan pursuant to which our employees, including the named executive officers, are able to make pre-tax or Roth contributions from their cash compensation. The 401(k) Plan provides for a discretionary employer contribution, which is determined each year by the Board of Directors, in the form of profit sharing. For the year 2013, the Board of Directors did not declare a profit sharing contribution.

The 401(k) Plan permits the Bank to match employee 401(k) contributions to employees who are 21 on the first day of the month following their day of hire. The Board of Directors has approved a 50% match to an employee's first 4% of payroll contribution. The match is subject to amendment at the Board of Director's discretion.

Deferred Compensation Plan - All officers of the Bank employed at the beginning of a year for at least two (2) years with earnings in excess of \$40,000 annually are entitled to participate in the Bank's Director's and Officer's Deferred Compensation Plan, as amended ("Deferred Compensation Plan"). The Deferred Compensation Plan allows named executive officers who have been employed by the Bank for ten or more years to defer up to 25% of their compensation, including base salary and cash bonuses. All other eligible named executive officers may defer up to 15% of their compensation. The Deferred Compensation Plan is designed to provide a long-term incentive to remain in the employ of the Bank.

An account for each participant is maintained and credited with deferred compensation on the date such compensation would have been paid to a participant had no election to defer been made. The interest rate to be credited on account balances in the Deferred Compensation Plan was reviewed by the Board during 2010 and the Deferred Compensation Plan was amended prior to December 31, 2010. The amendment provides for the interest rate to be determined each year based on the sum of 1% plus the average of the one-year U.S. Treasury Bill rates in effect on and between December 1 and December 15 of the Plan Year to which it applies. There is no minimum rate in this amendment. This amendment was adopted by the Board on December 29, 2010 and applied to accounts for the December 31, 2010 interest crediting and thereafter.

The Bank's obligation under the Deferred Compensation Plan is an unfunded and unsecured promise to pay. The Bank is not obligated to fund any of such obligations, but it may, in its sole discretion, elect to fund the Deferred Compensation Plan in whole or in part. To date, the Company has not funded any Deferred Compensation Plan obligations. As such, executive officer and other participant account balances in the Deferred Compensation Plan are unsecured and at-risk, meaning the balances may be forfeited in the event of the Company's financial distress such as bankruptcy. The Bank does not match executive deferrals to the Deferred Compensation Plan.

Participants, including each of the named executive officers, are immediately vested in their account balance in the deferred compensation plan. The benefit payments to be made to a participant under the Deferred Compensation Plan begin on the first business day of the month after the participant's "normal retirement date," which is the date on which a participant reaches age 60, the date on which he has been a participant for five years, or his or her termination of service, whichever is later. "Termination of service" means the participant's ceasing to serve as a director or officer of the Bank for any reason whatsoever, voluntary or involuntary, including by reason of death or disability. The participant will receive equal monthly or annual installments over the period chosen, the amount of such payments being determined by annuitizing the amount in his Deferred Compensation Plan account, plus interest.

Distributions are paid in a lump sum or in annual or monthly installments according to the participant's designation, provided, however, that the Bank may, subject to approval by the Board of Directors, pay the participant's deferred compensation account in annual payments upon such Participant's termination of service. All distributions are also subject to any regulatory requirements, as in effect from time to time.

Additional Employee Benefit Plans - The Bank also provides additional benefit programs to employees including health, vision and dental insurance, life and long-term and short-term disability insurance.

Supplemental Life Insurance for Certain Executive Officers - Certain executive officers also participate in the Company's supplemental executive life insurance plan which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance and is used to provide an additional benefit to certain executives with a minimal cost to the Company. Split-dollar life insurance plans are widely available in the banking industry, because it allows the employer to recover its plan costs upon the death of the executive, and the executive's beneficiary to receive a split of the insurance proceeds. This benefit provides additional incentive for continued employment with the Company.

These benefits are provided to further incent longevity with the Company and also to provide an executive benefit package that is fully competitive within our industry and market place. The costs of providing such benefits to all eligible employees are not considered when determining specific salaries of the named executive officers and are seen as a worthwhile investment in employees that will help keep the employee productive and engaged.

Perquisites - The Company provides a Company-owned vehicle to several of the named executive officers, as their positions require travel offsite frequently for Bank business. The provision of a Company vehicle to these individuals is viewed by the Board of Directors as a normal benefit in the highly competitive financial services industry.

Country club memberships, the dues for which are paid by the Company, are provided to certain of our named executive officers and used as a vehicle to attract, retain and expand customer relationships. They are viewed as an important resource for certain named executive officers to further the business of the Bank.

Employment and Severance Arrangements - Other than as described below under the heading "Potential Payments Upon Termination or Change of Control," none of the executive officers or directors of the Company or the Bank is currently a party to an individual employment contract or any other agreement with the Company or the Bank containing severance and/or change in control arrangements with the Company or the Bank.

On July 25, 2013, the Bank submitted for regulatory non-objection/concurrence a proposed Change of Control Agreement (the “Change of Control Agreement”) for Steven R. Tokach, President and Chief Executive Officer. On the same day, the Bank submitted for regulatory non-objection/concurrence proposed employment agreements (the “Employment Agreements”) for Gerard A. Champi, Chief Operating Officer, James M. Bone, Jr., Chief Financial Officer and Brian C. Mahlstedt, Chief Lending Officer. Because they are officers of the Company and the Bank, regulatory non-objection is required for Mr. Tokach’s proposed Change of Control Agreement and Mr. Bone’s proposed Employment Agreement from the Federal Reserve Bank and the Office of the Comptroller of the Currency and regulatory concurrence is required from the Federal Deposit Insurance Corporation. As they are solely officers of the Bank, regulatory non-objection is required for the proposed Employment Agreements for Messrs. Champi and Mahlstedt from the Office of the Comptroller of the Currency and regulatory concurrence is required from the Federal Deposit Insurance Corporation. The proposed Change of Control Agreement and Employment Agreements for Messrs. Tokach, Champi, Bone and Mahlstedt remain under regulatory review. The Company and Bank intend to enter into the proposed Agreements as soon as practical after receiving regulatory non-objection/concurrence.

Inter-Relationship of Elements of Total Compensation

The Company's executive compensation philosophy and strategy is intended to be competitive in the marketplace and reward executives for strong performance through multiple compensation vehicles and to not reward executives for weak performance. All of the components are balanced, integrated, and designed to provide a total compensation environment which will enhance the executives' relationship with the Company and support the growth of overall shareholder value.

The various elements of the total compensation package are subtly interrelated based on a variety of factors. While there is not a direct relationship between components, if in a given year the Board of Directors or Compensation Committee decides, for purposeful reasons, to "overweight" one component of total compensation (as compared to the market) they may "underweight" another so that total compensation remains competitive. The Company held its first "say-on-pay" vote at the 2013 annual meeting and intends to continue to hold an advisory vote on the compensation of executives on an annual basis. In setting 2013 compensation, however, the Company had not previously held or considered the results of a shareholder advisory vote on executive compensation.

Equity Ownership Guidelines

We have no equity or security ownership requirements or guidelines for executive officers; however, all of the executive officers, except those who joined the Bank since 2010 (other than Steven R. Tokach who is required to own shares of the Company as a director of the Bank), own common stock or options to purchase common stock pursuant to our equity compensation plans. Pursuant to the Company's bylaws, shareholders who submit proposals for inclusion in the Company's proxy statement must disclose details regarding hedged positions.

Risk Analysis of Incentive Compensation Programs

The Board of Directors evaluated the Company's compensation policies and practices for its employees and concluded that our compensation programs (1) are appropriately structured to reward prudent risk taking, (2) do not encourage or promote inappropriate risk taking, (3) do not pose a material risk to the Company, and (4) are not reasonably likely to have a material adverse effect on the Company.

The Company's compensation philosophy to provide executives with a balanced mix of compensation components to enable the Company to attract, retain and motivate key executives. It is also the Company's compensation philosophy to provide for base compensation levels that are in line with the market together with a more conservative bonus opportunity also in alignment with the market. Where appropriate, the Company adjusts the base salaries of its key executives to reflect market-competitive compensation levels and to recognize current responsibilities and expectations. As the Company's performance did not warrant bonus payments with respect to 2013, 2012 or 2011, none were made. The Company did, however, make one-time grants of 50 common shares of the Company's common stock pursuant to both the 2013 and 2012 Grant Plans (described above) to each eligible employee, including executive officers, in order to align the employees' interests with the long-term financial interest of the Company.

The Company's equity compensation plans include the Directors' Stock Plan and the Stock Incentive Plan which were approved by shareholders on May 16, 2001. Both of the Company Plans expired on August 30, 2010. No stock options were awarded under either of the Company Plans in 2011, 2012 or 2013.

On November 28, 2012, the Board of Directors adopted the 2012 Grant Plan pursuant to which the Board of Directors granted 50 shares of the Company's common stock to each eligible employee of the Company, including executive officers. On November 27, 2013, the Board of Directors adopted the 2013 Grant Plan pursuant to which the Board of Directors granted 50 shares of the Company's common stock to each eligible employee of the Company, including executive officers. The 2012 and 2013 Grant Plans are described under the heading, "Compensation Components-Employee Stock Grant Plans" on page 28.

On March 1, 2014, the Board of Directors granted awards of restricted stock to executive officers under the terms of the LTIP. No awards under the LTIP were made in 2013.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth, on an award by award basis, information concerning all awards of stock options held by named executive officers at December 31, 2013. All options were granted with an exercise or base price of 100% of market value as determined in accordance with the applicable plan. The number of shares subject to each award as well as the exercise and/or base price has been adjusted to reflect all stock dividends and stock splits effected after the date of such award but have not otherwise been modified.

The following table provides information as of and for the year ended December 31, 2013 for the named executive officers regarding their participation in the Deferred Compensation Plan.

The aggregate earnings listed in this table are included in the non-qualified deferred compensation earnings column of the Summary Compensation Table. For a discussion of the types of compensation permitted to be deferred (and any limitations), the measures for calculating interest and the material terms with respect to payouts, withdrawals and other distributions, see the above discussion under the heading “Compensation Components—Deferred Compensation Plan.”

Potential Payments upon Termination or Change of Control**Directors' and Officers' Deferred Compensation Plan**

The named executive officers and all other participants are vested in their account balance in the Deferred Compensation Plan. As such, upon ceasing to serve as an officer of the Bank for any reason whatsoever, voluntary or involuntary, including involuntary termination for cause, termination on a change of control, voluntary termination, early retirement or by reason of death or disability, the amount of the Deferred Compensation Plan account balance of such named executive officer will be payable pursuant to the terms of the Deferred Compensation Plan. Amounts payable under the Deferred Compensation Plan are unsecured, unfunded obligations of the Bank. Information regarding amounts to which named executives would be entitled under any such termination scenario, in the event of a termination as of December 31, 2013, are set forth in the table below. See the narrative detail above under "Compensation Discussion & Analysis — Deferred Compensation Plan" for additional information on the timing of such payments, which are subject in part to an election by such officer, and the age and length of such officer's service with the Bank.

Represents the amount payable to the indicated named executive officer under the Deferred Compensation Plan upon the following triggering events, assuming that such event occurred as of December 31, 2013: Voluntary Termination; Early Retirement; Normal Retirement, Involuntary Termination — Not for Cause; Involuntary Termination - For Cause; Involuntary Termination - For Good Reason (Change in Control); Disability; Death.

(1) Participants may elect to have their account paid commencing at the time prescribed by the Plan, in equal annual payments beginning with five (5) years and increasing in five (5) year increments up to thirty (30) years. Participants may also elect a lump sum payment or equal monthly payments which correspond to the annual yearly schedule.

Equity Incentive Plans

Options issued under the Company Plans are subject to accelerated vesting and remain exercisable upon or in connection with the occurrence of certain change of control events; all currently outstanding stock options under the Company Plans are fully vested. In addition, any such stock option awards may remain exercisable for up to three months (or longer in the case of death or disability) upon the termination of any of our named executive officers' employment for any reason. As of April 8, 2014 based on the closing market price of \$5.80 per share, the exercise price of all options held by executive officers is greater than the current market price per share. Therefore, we do not expect that the options would be exercised upon a change in control or termination of employment.

Notwithstanding any other provisions of the LTIP, and except as otherwise provided in an award agreement, if there is a change in control, all stock-based awards granted under the LTIP will immediately vest 100% in each Participant, including incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock and restricted stock units. However, no stock-based award granted or made during a period when the Company is subject to FDIC Part 359 golden parachute requirements will be subject to acceleration of vesting pursuant to the LTIP. In addition, no stock-based awards, whenever granted or made, will vest if the Change in Control occurs during a period when the Company is subject to FDIC Part 359. Currently, the Company is subject to FDIC Part 359. As of December 31, 2013, no awards were outstanding under the LTIP.

The foregoing narrative regarding payments on a change in control or other termination of employment does not reflect payments that would be provided to each named executive officer under the 401(k) Plan following termination of employment, or under the Company's disability or life insurance plan in the event of death or disability, as applicable, on the last business day of the fiscal year ended December 31, 2013 because these plans are generally available to all regular employees similarly situated in age, years of service and date of hire and do not discriminate in favor of executive officers.

Director Compensation

The following table sets forth information regarding compensation paid to, or earned by, non-employee directors of the Company during the fiscal year ended December 31, 2013 for service as members of the Company and Bank Boards of Directors.

[2] Mr. Tokach does not receive compensation as a member of the Board of Directors.

[3] Mr. Louis A. DeNaples did not receive any director's fees during 2013.

Directors receive no remuneration for attendance at the Company's board meetings. All non-employee members of the Bank's Board of Directors receive an annual retainer of \$30,000, payable at a rate of \$2,500 per month, for each month or portion thereof that the director serves as a director of the Bank. The aggregate amount of director fees paid in 2013 was \$210 thousand. In 2013, Michael J. Cestone, Jr. was compensated \$10,000 for services rendered as Secretary of the Board of Directors to the Bank. Members of committees of the Board of Directors of the Company or the Bank, as applicable, do not receive fees for attending meetings of those committees.

Directors serving on the Board of Directors of the Bank are entitled to participate in the Bank's Deferred Compensation Plan. Under the Deferred Compensation Plan, directors may voluntarily defer up to 50% of the director fees paid to them for service on the Board of Directors of the Bank. Prior to December 31, 2010, the Bank paid interest on deferred amounts on December 31 of each year at a rate equal to 200% of the one-year Treasury Bill rate in effect not more than thirty (30) days nor less than fifteen (15) days prior to the plan year to which the rates apply, but in no case less than 8% (the rate determined as described, the "Plan Rate"). For all participants who had been in the Deferred Compensation Plan for over five years there also was an enhanced interest rate of 1% greater than the Plan Rate, beginning with the sixth year of participation in the Deferred Compensation Plan. An account for each participant is maintained and credited with deferred compensation on the date such compensation would have been paid to a participant had no election to defer been made. The Deferred Compensation Plan was amended on December 29, 2010 to provide for the interest rate to be determined each year based on the sum of 1% plus the average of the one-year U.S. Treasury Bill rates in effect on and between December 1 and December 15 of the Deferred Compensation Plan year to which it applies, with no minimum rate. The amendment applied to accounts for December 31, 2010 and future interest crediting. For additional information regarding the Deferred Compensation Plan, please refer to Executive Compensation — Compensation Disclosure and Analysis - Deferred Compensation Plan."

Directors' Stock Plan

Directors who were not employees or officers of the Company were eligible to be granted options to purchase stock of the Company under the Directors' Stock Plan. The Directors' Stock Plan expired during 2013, and no additional awards may be made thereunder. No awards were made under the Directors' Stock Plan during 2013 and there were no awards outstanding thereunder at December 31, 2013.

Directors who are not employees or officers of the Company are eligible to participate in the LTIP adopted on December 23, 2013 at the annual meeting of shareholders. No awards have been made to directors under the LTIP plan.

Equity Compensation Plan Information

The Company Plans approved by our shareholders expired on August 30, 2010, and as such, no new grants of awards have been or will be made pursuant to these Company Plans. full and part-time employee of the Company, including executive officers.

On November 27, 2013, the Board of Directors adopted the 2013 Grant Plan, which became effective upon implementation on December 2, 2013, pursuant to which the Board authorized the grant of up to 15,000 common shares in order to make one-time grants of 50 common shares to each active full and part-time employee of the Company, including executive officers.

STOCK PERFORMANCE GRAPH AND TABLE

The following graph compares the cumulative total shareholder return (i.e. price change, reinvestment of cash dividends and stock dividends received) on our common shares against the cumulative total return of the NASDAQ Stock Market (U.S. Companies) Index, the SNL Bank Index for banks with \$500 million to \$1 billion in assets and the SNL Bank Index for banks with \$1 billion to \$5 billion in assets. The stock performance graph assumes that \$100 was invested on December 31, 2008. The graph further assumes the reinvestment of dividends into additional shares of the same class of equity securities at the frequency with which dividends are paid on such securities during the relevant fiscal year. The yearly points marked on the horizontal axis correspond to December 31 of that year. The Company calculates each of the referenced indices in the same manner. All are market-capitalization-weighted indices, so companies judged by the market to be more important (i.e. more valuable) count for more in all indices.

This proposal, commonly known as a "Say-on-Pay" proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive pay program and policies through a non-binding advisory vote on the following resolution:

"Resolved, that the Shareholders approve the compensation of the Company's named executives, as disclosed in the Compensation Discussion and Analysis, the compensation tables and any related material contained in this Proxy Statement."

The vote on this proposal is advisory and non-binding. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Board Recommendation

*The Company's Board of Directors recommends that shareholders vote **FOR** this proposal to approve, on an advisory basis, the named executive officers' compensation as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and any related information contained in this Proxy Statement. Proxies solicited by the Board of Directors will be voted in favor of PROPOSAL 2 unless shareholders specify otherwise.*

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company and the Bank have engaged in and intend to continue to engage in banking and financial transactions in the ordinary course of business with directors and officers of the Company and the Bank and their affiliates on

comparable terms and with similar interest rates as those prevailing from time to time for other Bank customers not related to the Bank. The Code applies to all directors, officers and employees of the Company and provides guidelines for those covered persons who may have a potential or apparent conflict of interest. Pursuant to the Code, a “conflict of interest” exists any time a covered person’s private interest interferes/conflicts, or even appears to interfere/conflict, in any way with the interests of the Company and the Bank. Under the Code, if a conflict of interest arises, the Board must act with care to avoid even the appearance that any actions were not in the best interest of the Company and the Bank.

Board of Directors approval is required for the Company to do business with a company in which a member of the Board of Directors, an officer, an employee or a family member of a director, officer or employee owns, directly or indirectly, an interest. To identify related party transactions, each year, we submit and require our directors and officers to complete Director and Officer Questionnaires identifying any transaction with the Company or any of its subsidiaries in which the officer or director or their family members have an interest. The Board of Directors reviews related party transactions due to the potential for a conflict of interest. Each year, our directors and executive officers also review our Code.

Additionally, the Company has further obligations for the review and approval of loans that are made to directors and officers pursuant to Regulation O (Loans to Executive Officers, Directors and Principal Shareholders of Member Banks) and the Company's written Loan Policy. Any business dealing, including extensions of credit, between the Company or the Bank and a director or officer of the Company or the Bank, or with an affiliate of a director or officer, other than a deposit, trust service or other product or service provided by a bank in the ordinary course of business, is required to be approved by a majority of disinterested directors. In considering a proposed insider transaction, the disinterested directors are to reasonably determine whether the transaction would be in the best interest of the Company or the Bank and on the terms and conditions, including price, substantially the same as those prevailing at the time for comparable transactions with non-insiders. The responsibility for monitoring compliance with Regulation O rests with the Bank's Credit Administration Unit and Internal Auditor as required by the Bank's Loan Policy.

There have been no loan transactions originated during 2013 which were required to be reported where such policy and procedures were not followed. McGladrey LLP ("McGladrey"), an independent registered public accounting firm, audited the consolidated financial statements of the Company for the years ended December 31, 2013, 2012, 2011 and 2010. As the Company disclosed in the Current Report on Form 8-K, filed with the SEC on March 28, 2014 (the "Form 8-K"), McGladrey advised the Company on March 25, 2014, that it will not seek reappointment as the independent registered public accounting firm for the Company. McGladrey has agreed to perform review services through the filing of the Company's Form 10-Q for the quarter ending March 31, 2014. The Audit Committee has instituted a search for an independent registered public accounting firm to replace McGladrey for the year ending December 31, 2014.

McGladrey's reports on the financial statements for the fiscal years ended December 31, 2013 and 2012 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2013 and 2012 and from January 1, 2014 through March 25, 2014, there were no disagreements between the Company and McGladrey on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of McGladrey would have caused it to make reference thereto in its reports on the Company's financial statements for such periods.

A copy of that letter from McGladrey dated March 28, 2014 is filed as Exhibit 16.1 to the Form 8-K.

Representatives of McGladrey are not expected to be present at the 2014 annual meeting of shareholders. Therefore, they will not be making a statement and will not be available to respond to appropriate questions.
