amount of the Notes, in each case, plus accrued and unpaid interest, if any, to the redemption date. In addition, at any time prior to January 15, 2018, the Company at its option may redeem up to 40% of the aggregate principal amount of the Notes with the proceeds of certain equity offerings at a redemption price of 108.250%, plus accrued and unpaid interest, if any, to the applicable redemption date.

Upon the occurrence of certain events constituting a change of control, the Company is required to make an offer to repurchase all of the Notes (unless otherwise redeemed) at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any to the repurchase date.
