FRANCESCA'S HOLDINGS CORPORATION

(Exact name of registrant as specified in its charter)

Delaware **20-8874704**
(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

8760 Clay Road Houston, TX **77080**
(Address of principal executive offices) (Zip Code)

(713) 864-1358

(Registrant's telephone number, including area code)

None

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒ Accelerated filer ☐
Non-accelerated filer ☐ (Do not check if a smaller reporting company) Smaller reporting company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The registrant had 41,657,350 shares (excluding 4,152,102 of treasury stock) of its common stock outstanding as of November 30, 2015.

Francesca's Holdings Corporation

Notes to Unaudited Consolidated Financial Statements

1. Summary of Significant Accounting Policies

Nature of Business

Francesca's Holdings Corporation is a holding company incorporated in 2007 under the laws of the State of Delaware whose business operations are conducted through its subsidiaries. Unless the context otherwise requires, the "Company," refers to Francesca's Holdings Corporation and its consolidated subsidiaries. The Company operates a nationwide-chain of boutiques providing customers with a unique, fun and differentiated shopping experience. The Company offers a diverse and balanced mix of apparel, jewelry, accessories and gifts at attractive values. At October 31, 2015, the Company operated 619 boutiques, which are located in 47 states throughout the United States and the District of Columbia, and its direct-to-consumer website.

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial statements and are in the form prescribed by the Securities and Exchange Commission ("SEC"). Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, these unaudited financial statements include all adjustments, consisting of normal recurring adjustments, considered necessary for a fair presentation of the Company's financial position, results of operations, changes in equity, and cash flows at the dates and for the periods presented. The financial information as of January 31, 2015 was derived from the Company's audited consolidated financial statements and notes thereto as of and for the fiscal year ended January 31, 2015 included in the Company's Annual Report on Form 10-K filed with the SEC on March 27, 2015.

These unaudited interim consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and related notes as of and for the fiscal year ended January 31, 2015 included in the Company's Annual Report on Form 10-K.

Due to seasonal variations in the retail industry, interim results are not necessarily indicative of results that may be expected for any other interim period or for a full year.

Principles of Consolidation

The accompanying unaudited consolidated financial statements include the accounts of the Company and all its subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

Fiscal Year

The Company maintains its accounts on a 52- or 53-week year ending on the Saturday closest to January 31st. Fiscal years 2015 and 2014 each include 52 weeks of operations. The fiscal quarters ended October 31, 2015 and November 1, 2014 refer to the thirteen-week periods ended on those dates. The year-to-date periods ended October 31, 2015 and November 1, 2014 refer to the thirty nine week periods ended on those dates.

Reclassifications

Certain prior year amounts in the consolidated statements of cash flows have been reclassified to facilitate comparability with the current year's presentation. These reclassifications do not materially impact the consolidated financial statements for the prior periods presented.

Management Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, net of estimated sales returns, and expenses during the reporting periods. Actual results could differ materially from those estimates.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-11, "Inventory (Topic 330): Simplifying the Measurement of Inventory," which changes the measurement principle for inventory from the lower of cost or market to the lower of cost and net realizable value. ASU 2015-11 defines net realizable value as estimated selling prices in the ordinary course of business, less

reasonably predictable costs of completion, disposal, and transportation. The new guidance must be applied on a prospective basis and is effective for periods beginning after December 15, 2016, with early adoption permitted. The Company is currently evaluating the effect that the new guidance will have on its financial statements and related disclosures.

Francesca's Holdings Corporation

Notes to Unaudited Consolidated Financial Statements

In May 2014 the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers." This pronouncement requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration which the entity expects to be entitled to in exchange for those goods or services. In July 2015, the FASB deferred the effective date of ASU 2014-09. Accordingly, this standard is effective for reporting periods beginning on or after December 15, 2017, including interim periods within that fiscal year, with early adoption permitted for interim and annual periods beginning on or after December 15, 2016. The Company is in the process of assessing the provisions of this new guidance and has not determined whether the adoption will have a material impact on our consolidated financial statements.

2.

Earnings Per Share

Basic earnings per common share amounts are calculated using the weighted-average number of common shares outstanding for the period. Diluted earnings per common share amounts are calculated using the weighted-average number of common shares outstanding for the period and include the dilutive impact of stock options and restricted stock grants using the more dilutive of the treasury stock method or the two-class method.

The following table summarizes the potential dilution that could occur if options to acquire common stock were exercised or if restricted stock grants were fully vested and reconciles the weighted-average common shares outstanding used in the computation of basic and diluted earnings per share.

	Thirteen Weeks Ended October 31, 2015		Thirty Nine Weeks Ended October 31, 2015	
	November 1, 2014		November 1, 2014	
	(in thousands, except per share data)			
Numerator:				
Net income	\$6,951	\$ 7,270	\$ 23,496	\$ 26,137
Denominator:				
Weighted-average common shares outstanding - basic	42,148	42,298	42,262	42,246
Options and other dilutive securities	98	91	103	127
Weighted-average common shares outstanding - diluted	42,246	42,389	42,365	42,373
Per common share:				

Edgar Filing: Francesca's Holdings CORP - Form 10-Q

Basic earnings per common share	\$0.16	\$ 0.17	\$ 0.55	\$ 0.62
Diluted earnings per common share	\$0.16	\$ 0.17	\$ 0.55	\$ 0.62

Potentially issuable shares under the Company's stock-based compensation plans amounting to 0.4 million shares in each of the thirteen and thirty nine weeks ended October 31, 2015 and 0.8 million shares in each of the thirteen and thirty nine weeks ended November 1, 2014 were excluded in the computation of diluted earnings per share due to their anti-dilutive effect. The Company also excluded contingently issuable performance awards totaling 1.1 million shares in each of the thirteen and thirty nine weeks ended October 31, 2015 and 0.1 million shares in each of the thirteen and thirty nine weeks ended November 1, 2014 from the computation of diluted earnings per share because the pre-established goals have not been satisfied as of the end of each period.

3. Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying amount reflected in the consolidated balance sheets of financial assets and liabilities, which includes cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, approximated their fair values due to the short term nature of these financial assets and liabilities.

4. Income Taxes

The provision for income taxes is based on the current estimate of the annual effective tax rate. The effective income tax rates for the thirteen and thirty nine weeks ended October 31, 2015 were 36.7% and 37.7%, respectively. The effective tax rates for the thirteen and thirty nine weeks ended November 1, 2014 were 35.7% and 37.4%, respectively. The difference between our effective tax rate and federal statutory rate primarily relates to state income taxes.

Francesca's Holdings Corporation

Notes to Unaudited Consolidated Financial Statements

5. Revolving Credit Facility

On August 30, 2013, Francesca's Collections, Inc. ("Francesca's Collections" or the "Borrower"), as borrower, and its parent company, Francesca's LLC, a wholly owned subsidiary of the Company, entered into a Second Amended and Restated Credit Agreement with Royal Bank of Canada, as Administrative Agent and Collateral Agent, and the lenders party thereto. The credit facility provides capacity of \$75.0 million (including up to \$10.0 million for letters of credit) and matures on August 30, 2018. The facility also contains an option permitting the Borrower, subject to certain requirements and conditions, to arrange with the lenders for additional incremental commitments up to an aggregate of \$25.0 million, subject to reductions in the event the Borrower has certain indebtedness outstanding. At October 31, 2015, no borrowings or letters of credit were outstanding under the credit facility.

The credit facility contains customary events of default and requires the Borrower to comply with certain financial covenants. As of October 31, 2015, the Borrower was in compliance with all covenants under the credit facility. The credit facility restricts the amount of dividends the Borrower can pay; provided that the Borrower is permitted to pay dividends to the extent it has available capacity in its available investment basket (as defined in the Second Amended and Restated Credit Agreement), no default or event of default is continuing, certain procedural requirements have been satisfied and the Borrower is in pro forma compliance with a maximum secured leverage ratio. At October 31, 2015, the Borrower would have met the conditions for paying dividends out of the available investment basket. All obligations under the credit facility are secured by substantially all the assets of the Borrower and any subsidiary guarantor, if any. All obligations under the facility are unconditionally guaranteed by, subject to certain exceptions, Francesca's LLC and each of the Borrower's existing and future direct and indirect wholly-owned domestic subsidiaries.

6. Stock-based Compensation

Stock-based compensation cost is measured at the grant date fair value and is recognized as an expense on a straight-line basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company estimates forfeitures for grants that are not expected to vest. The stock-based compensation cost recognized in the thirteen and thirty nine weeks ended October 31, 2015 totaled \$0.8 million and \$2.4 million, respectively. The stock-based compensation cost recognized in the thirteen and thirty nine weeks ended November 1, 2014 totaled \$0.9 million and \$2.5 million, respectively.

Stock Options

During the thirty nine weeks ended October 31, 2015 and November 1, 2014, the Company granted 81,460 and 77,584 of stock options, respectively, to certain employees and members of its Board of Directors at a weighted grant date fair value of \$8.44 and \$8.03, respectively.

As of October 31, 2015 there was approximately \$7.2 million of unrecognized compensation cost related to non-vested stock options that is expected to be recognized over a weighted-average period of 3 years.

Restricted Stock Awards

In March 2015, the Company established performance goals for fiscal year 2015 applicable to 114,679 target shares of performance-based restricted stock awarded to certain executives and other key employees. Awards are considered “granted” when the performance goals related to those awards have been established. The number of shares that may ultimately vest will equal 0% to 150% of the target shares subject to the achievement of pre-established performance goals for the applicable fiscal year and employees’ continued service through the third anniversary of the date on which the award was originally approved by the Compensation Committee of the Board of Directors. The Company recognized compensation expense of approximately \$0.2 million and \$0.3 million in the thirteen and thirty nine weeks ended October 31, 2015, respectively, and \$0 in each of the thirteen and thirty nine weeks ended November 1, 2014 related to performance-based restricted stock awards.

7.

Share Repurchases

On September 3, 2013, the Company’s Board of Directors authorized a \$100.0 million share repurchase program commencing on the same date. This authorization has no expiration date. Under the repurchase program, purchases can be made from time to time in the open market, in privately negotiated transactions, under Rule 10b5-1 plans or through other available means. The specific timing and amount of the repurchases is dependent on market conditions, securities law limitations and other factors. During the thirteen and thirty nine weeks ended October 31, 2015, the Company repurchased 666,000 shares of its common stock at a cost of approximately \$8.5 million or an average price (including brokers’ commission) of \$12.83 per share. No common stock was repurchased in the thirteen weeks ended November 1, 2014. During the thirty nine weeks ended November 1, 2014, the Company repurchased 285,000 shares of its common stock at a cost of approximately \$5.3 million or an average price (including brokers’ commission) of \$18.49 per share. The cost of repurchased shares is presented as treasury stock in the unaudited consolidated balance sheets. As of October 31, 2015, the remaining balance available for future share repurchase was approximately \$31.4 million.

Francesca's Holdings Corporation

Notes to Unaudited Consolidated Financial Statements

Subsequent to October 31, 2015 through December 7, 2015, the Company repurchased 358,000 shares of common stock for approximately \$5.0 million or an average price (including brokers' commission) of \$13.92 per share.

8. Commitments and Contingencies

Operating Leases

The Company leases boutique space and office space under operating leases expiring in various years through the fiscal year ending 2027. Certain of the leases provide that the Company may cancel the lease, with penalties as defined in the lease, if the Company's boutique sales at that location fall below an established level. Certain leases provide for additional rent payments to be made when sales exceed a base amount. Certain operating leases provide for renewal options for periods from three to five years at their fair rental value at the time of renewal.

Minimum future rental payments under non-cancellable operating leases as of October 31, 2015, are as follows:

Fiscal year	Amount (In thousands)
Remainder of 2015	\$ 9,779
2016	39,420
2017	38,880
2018	37,377
2019	34,668
Thereafter	94,646
	\$ 254,770

Legal Proceedings

On September 27, 2013 and November 4, 2013, two purported class action lawsuits entitled *Ortuzar v. Francesca's Holdings Corp., et al.* and *West Palm Beach Police Pension Fund v. Francesca's Holdings Corp., et al.* were filed in the

United States District Court for the Southern District of New York against the Company and certain of its current and former directors and officers for alleged violations of the federal securities laws. On December 19, 2013, the Court consolidated these actions. On March 14, 2014, lead plaintiff filed a consolidated class action complaint. The consolidated complaint asserted claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Sections 11, 12(a)(2), and 15 of the Securities Act of 1933 for allegedly false and misleading statements in the Company's public disclosures concerning. On May 13, 2014 the defendants moved to dismiss the consolidated complaint. By Order and Judgment entered April 1, 2015, the Court granted defendants' motion to dismiss and dismissed the consolidated complaint in its entirety with prejudice and closed the case. On April 29, 2015, the lead plaintiff filed a notice of appeal to the U.S. Court of Appeals for the Second Circuit of the Court's judgment dismissing the consolidated complaint. On June 12, 2015, the U.S. Court of Appeals for the Second Circuit granted the parties' stipulation of voluntary dismissal, which withdrew the appeal with prejudice.

On each of May 28, 2014 and July 8, 2014, a purported shareholder derivative action entitled Daniell v. De Merritt, et al. and Murphy v. Davis, et al., respectively, purportedly on behalf of the Company, was filed in the Delaware Court of Chancery, naming certain of the Company's current and former officers, directors, and shareholders as defendants and naming the Company as a nominal defendant. On September 3, 2014, the Court of Chancery consolidated the Daniell and Murphy cases. Plaintiffs filed a consolidated amended complaint on September 23, 2014 alleging claims of breach of fiduciary duty and unjust enrichment. The consolidated amended complaint sought damages in an unspecified amount, an order directing the Company "to reform and improve" corporate governance and internal controls, equitable and/or injunctive relief, restitution and disgorgement from the defendants, and costs and attorneys' fees. On October 23, 2014, defendants filed a motion to dismiss the consolidated amended complaint, which was fully briefed. On June 12, 2015, the plaintiff voluntarily dismissed the action with prejudice as to the named plaintiffs, and the Court entered an order dismissing the action with each party bearing its own fees and costs.

The Company, from time to time, is subject to various claims and legal proceedings arising in the ordinary course of business. While the outcome of any such claim cannot be predicted with certainty, in the opinion of management, the outcome of these matters is unlikely to have a material adverse effect on the Company's business, results of operations or financial condition.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements concerning our business, operations and financial performance and condition as well as our plans, objectives and expectations for our business operations and financial performance and condition, which are subject to risks and uncertainties. All statements other than statements of historical fact included in this report are forward-looking statements. These statements may include words such as “aim”, “anticipate”, “assume”, “believe”, “can have”, “could”, “due”, “estimate”, “expect”, “goal”, “intend”, “likely”, “may”, “objective”, “plan”, “potential”, “should”, “target”, “will”, “would” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events or trends. For example, all statements we make relating to our estimated and projected earnings, sales, costs, expenditures, cash flows, growth rates, market share and financial results, our plans and objectives for future operations, growth or initiatives, strategies or the expected outcome or impact of pending or threatened litigation are forward-looking statements.

These forward-looking statements are based on current expectations, estimates, forecasts and projections about our business and the industry in which we operate and our management's beliefs and assumptions. These statements are not guarantees of future performance or development and involve known and unknown risks, uncertainties and other factors that are in many cases beyond our control. All of our forward-looking statements are subject to risks and uncertainties that may cause our actual results to differ materially from our expectations. These risks and uncertainties include, but are not limited to, the following: the risk that we cannot anticipate, identify and respond quickly to changing fashion trends and customer preferences; our ability to attract a sufficient number of customers to our boutiques or sell sufficient quantities of our merchandise through our direct-to-consumer business; our ability to successfully open and operate new boutiques each year; our ability to efficiently source and distribute additional merchandise quantities necessary to support our growth; and our ability to attract and integrate a new Chief Financial Officer. For additional information regarding these and other risks and uncertainties that could cause actual results to differ materially from those contained in our forward looking statements, please refer to “Item 1A. Risk Factors,” in our Annual Report on Form 10-K for the fiscal year ended January 31, 2015 and filed with the Securities and Exchange Commission (“SEC”) on March 27, 2015 and any risk factors contained in subsequent Quarterly Reports on Form 10-Q we file with the SEC.

We derive many of our forward-looking statements from our own operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and it is impossible for us to anticipate all factors that could affect our actual results. All written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements contained in this report as well as other cautionary statements that are made from time to time in our other SEC filings and public communications. You should evaluate all forward-looking statements made in this report in the context of these risks and uncertainties.

Potential investors and other readers are urged to consider these factors carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on the forward-looking statements. These forward-looking statements speak only as of the date of this report. Except as required by law, we undertake no obligation to update or revise any forward-looking statements publicly after the date of this report whether as a result of new information, future developments or otherwise.

Overview

Unless the context otherwise requires, the “Company,” “we,” “our,” “ours,” “us” and “~~Francesca's~~” refer to Francesca's Holdings Corporation and its consolidated subsidiaries.

francesca's® is a growing specialty retailer which operates a nationwide-chain of boutiques providing customers a unique, fun and differentiated shopping experience. The merchandise assortment is a diverse and balanced mix of apparel, jewelry, accessories and gifts. As of October 31, 2015, francesca's® operated 619 boutiques in 47 states and the District of Columbia and also served its customers through www.francescas.com, its direct-to-consumer website. The information contained on our website is not incorporated by reference into this Quarterly Report on Form 10-Q and you should not consider information contained on our website to be part of this Quarterly Report on Form 10-Q.

During the thirteen weeks ended October 31, 2015, our net sales increased 19% to \$103.7 million from \$87.1 million, income from operations decreased by 3% to \$11.1 million from \$11.4 million and net income decreased 4% to \$7.0 million, or \$0.16 per diluted share, from \$7.3 million, or \$0.17 per diluted share, over the comparable prior year period. During the thirty nine weeks ended October 31, 2015, our net sales increased 13% to \$304.8 million from \$269.9 million, income from operations decreased by 9% to \$38.1 million from \$42.1 million and net income decreased 10% to \$23.5 million, or \$0.55 per diluted share, from \$26.1 million, or \$0.62 per diluted share, over the comparable prior year period.

We have increased our boutique count to 619 boutiques as of October 31, 2015 from 538 boutiques as of November 1, 2014. We expect to finish the year with 616 boutiques as a result of opening 3 new boutiques and closing 6 boutiques in the fourth quarter.

Results of Operations

The following represents operating data for the thirteen and thirty nine weeks ended October 31, 2015 and November 1, 2014.

	Thirteen Weeks Ended		Thirty Nine Weeks Ended	
	October	November	October	November
	31,	1,	31,	1,
	2015	2014	2015	2014
Total net sales growth for period	19	9	13	9
Comparable sales change for period ⁽¹⁾	4	(6)	(1)	(7)
Number of boutiques open at end of period	619	538	619	538
Net sales per average square foot for period (not in thousands) ⁽²⁾	\$ 124	\$ 122	\$ 381	\$ 395
Average square feet per boutique (not in thousands) ⁽³⁾	1,368	1,350	1,368	1,350
Total gross square feet at end of period (in thousands)	847	726	847	726

A boutique is included in comparable sales on the first day of the fifteenth full month following the boutique's opening. When a boutique that is included in comparable sales is relocated, we continue to consider sales from that (1) boutique to be comparable sales. If a boutique is closed for thirty days or longer for a remodel or as a result of weather damage, fire or the like, we no longer consider sales from that boutique to be comparable sales.

Comparable sales results include our direct-to-consumer sales.

Net sales per average square foot is calculated by dividing net sales for the period by the average square feet during the period. Because of our rapid growth, for purposes of providing net sales per square foot measure, we use average square feet during the period as opposed to total gross square feet at the end of the period. For individual (2) quarterly periods, average square feet is calculated as (a) the sum of total gross square feet at the beginning and end of the period, divided by (b) two. There may be variations in the way in which some of our competitors and other retailers calculate sales per square foot or similarly titled measures. As a result, average square feet and net sales per average square foot for the period may not be comparable to similar data made available by other retailers.

(3) Average square feet per boutique is calculated by dividing total gross square feet at the end of the period by the number of boutiques open at the end of the period.

Boutique Count

The following table summarizes the number of boutiques open at the beginning and end of the periods indicated.

⁽¹⁾ Percentage totals or differences in the above table may not equal the sum or difference of the components due to rounding.

Net Sales

Net sales increased 19% to \$103.7 million in the thirteen weeks ended October 31, 2015 from \$87.1 million in the thirteen weeks ended November 1, 2014. This increase is due to the 4% increase in comparable sales, which was primarily driven by a 5% increase in average transaction value partially offset by a 1% decrease in comparable transactions, as well as the increase in the number of boutiques in operation since the third quarter of the prior year period. Our direct-to-consumer sales increased 12% to \$3.8 million from \$3.4 million during the prior year quarter. There were 526 comparable boutiques and 93 non-comparable boutiques open at October 31, 2015 compared to 436 and 102, respectively, at November 1, 2014.

Cost of Goods Sold and Occupancy Costs

Cost of goods sold and occupancy costs increased 21% to \$55.4 million in the thirteen weeks ended October 31, 2015 from \$45.9 million in the thirteen weeks ended November 1, 2014. Cost of merchandise and freight expenses increased by \$6.1 million due to increased sales volume. Occupancy costs increased by \$3.4 million due to the

increase in the number of boutiques in operation during the thirteen weeks ended October 31, 2015 compared to the same period of the prior year.

As a percentage of net sales, cost of goods sold and occupancy costs increased to 53.4% in the thirteen weeks ended October 31, 2015 from 52.7% in the thirteen weeks ended November 1, 2014, an unfavorable variance of 70 basis points. This unfavorable variance was due to 30 basis points of lower merchandise margin due to charges related to the disposal of slow-moving merchandise and 30 basis points of increased depreciation associated with remodeling and updating existing boutique equipment, furniture and fixtures as well as the increasing boutique build-out costs.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased 25% to \$37.3 million in the thirteen weeks ended October 31, 2015 from \$29.8 million in the thirteen weeks ended November 1, 2014. As a percentage of net sales, selling, general and administrative expense increased to 35.9% in the thirteen weeks ended October 31, 2015 as compared to 34.2% in the thirteen weeks ended November 1, 2014. This increase is primarily due to higher boutique and corporate payroll to support the larger boutique base and increased sales as well as higher performance-based incentive bonus expense as a result of improved year-to-date performance.

Income Tax Expense

The provision for income taxes was flat to last year. The effective tax rate was 36.7% and 35.7% in the thirteen weeks ended October 31, 2015 and November 1, 2014, respectively. In both periods, the effective tax rate was impacted by the true-up of state taxes related to their respective prior periods.

Thirty Nine Weeks Ended October 31, 2015 Compared to Thirty Nine Weeks Ended November 1, 2014

⁽¹⁾ Percentage totals or differences in the above table may not equal the sum or difference of the components due to rounding.

Net Sales

Net sales increased 13% to \$304.8 million in the thirty nine weeks ended October 31, 2015 from \$269.9 million in the thirty nine weeks ended November 1, 2014. This increase is primarily attributable to the increase in the number of boutiques in operation since the third quarter of the prior year period. This change was partially offset by a 1% decrease in comparable sales driven by a 3% decrease in comparable transactions. Our direct-to-consumer sales increased 10% to \$11.0 million from \$10.0 million over the same period primarily due to increased conversion rate. There were 526 comparable boutiques and 93 non-comparable boutiques open at October 31, 2015 compared to 436 and 102, respectively, at November 1, 2014.

Cost of Goods Sold and Occupancy Costs

Cost of goods sold and occupancy costs increased 14% to \$161.2 million in the thirty nine weeks ended October 31, 2015 from \$141.5 million in the thirty nine weeks ended November 1, 2014. Cost of merchandise and freight expenses

increased by \$9.9 million due to increased sales volume. Occupancy costs increased by \$9.8 million due to the increase in the number of boutiques in operation during the thirty nine weeks ended October 31, 2015 compared to the same period of the prior year.

As a percentage of net sales, cost of goods sold and occupancy costs increased to 52.9% in the thirty nine weeks ended October 31, 2015 from 52.4% in the thirty nine weeks ended November 1, 2014, an unfavorable variance of 50 basis points. This unfavorable variance was due to 130 basis points of deleveraging of occupancy costs partially offset by 80 basis points increase in merchandise margin driven by reduced promotional activity during the current year-to-date period.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased 22% to \$105.4 million in the thirty nine weeks ended October 31, 2015 from \$86.3 million in the thirty nine weeks ended November 1, 2014. As a percentage of net sales, selling, general and administrative expense increased to 34.6% in the thirty nine weeks ended October 31, 2015 as compared to 32.0% in the thirty nine weeks ended November 1, 2014. This increase is primarily due to higher boutique and corporate payroll expenses to support the larger boutique base as well as higher performance-based incentive bonus expense as a result of improved year-to-date performance.

Income Tax Expense

The decrease in provision for income taxes of \$1.4 million in the thirty nine weeks ended October 31, 2015 compared to the thirty nine weeks ended November 1, 2014 was primarily due to the decrease in pre-tax income. The effective tax rate was 37.7% and 37.4% in the thirty nine weeks ended October 31, 2015 and November 1, 2014, respectively. In both periods, the effective tax rate was impacted by the true-up of state taxes related to their respective prior periods.

(1)

(1) Excludes gift card breakage income, shipping and change in return reserve.

Liquidity and Capital Resources

Our primary sources of liquidity are cash flows from operations and borrowings under our revolving credit facility. Our primary cash needs are for capital expenditures in connection with opening new boutiques and remodeling existing boutiques, investing in improved technology and distribution facility enhancements, funding normal working capital requirements and payments of interest and principal, if any, under our revolving credit facility. We may use cash or our revolving credit facility to issue letters of credit to support merchandise imports or for other corporate purposes. The most significant components of our working capital are cash and cash equivalents, merchandise inventories, accounts payable and other current liabilities. Our working capital position benefits from the fact that we generally collect cash from sales to customers the day of or, in the case of credit or debit card transactions, within several days of the related sales and we typically have up to 30 days to pay our vendors.

We were in compliance with all covenants under our revolving credit facility as of October 31, 2015. On October 31, 2015, we had \$42.0 million of cash and cash equivalents and \$75.0 million in borrowing availability under our revolving credit facility. There were no letters of credit outstanding at October 31, 2015.

We expect that our cash flow from operations along with borrowings under our revolving credit facility and tenant allowances for new boutiques will be sufficient to fund capital expenditures and our working capital requirements for at least the next twelve months.

Cash Flow

A summary of our operating, investing and financing activities are shown in the following table:

	Thirty Nine Weeks Ended	
	October 31, 2015	November 1, 2014
	(In thousands)	
Provided by operating activities	\$ 30,367	\$ 30,816
Used in investing activities	(19,838)	(16,772)
Used in financing activities	(7,585)	(28,712)
Net increase (decrease) in cash and cash equivalents	\$ 2,944	\$ (14,668)

Operating Activities

Operating activities consist of net income adjusted for non-cash items, including depreciation and amortization, deferred taxes, the effect of working capital changes and tenant allowances received from landlords. Net cash provided by operating activities was \$30.4 million and \$30.8 million in the thirty nine weeks ended October 31, 2015 and November 1, 2014, respectively. The decrease in cash provided by operating activities was primarily due to timing changes and / or payments with respect to income tax receivable, inventory purchases and accrued payroll as well as the decrease in net income. Our inventory increased from the prior year due to the increase in the number of boutiques in operation since the third quarter of the prior year as well as the accelerated timing of inventory receipts in preparation for the holiday season.

Investing Activities

Investing activities consist primarily of capital expenditures for new boutiques, improvements to existing boutiques, as well as investment in information technology and our distribution facility.

	Thirty Nine Weeks Ended	
	October 31, 2015	November 1, 2014
	(In thousands)	
Capital expenditures for:		
New boutiques	\$ 12,572	\$ 11,746
Existing boutiques	5,243	3,939
Technology	1,498	811
Corporate and distribution	537	289
Total capital expenditures	\$ 19,850	\$ 16,785

Our total capital expenditures for the thirty nine weeks ended October 31, 2015 and November 1, 2014 were \$19.9 million and \$16.8 million, respectively, with new boutiques accounting for most of our spending at \$12.6 million and \$11.7 million, respectively. Spending for new boutiques included amounts associated with boutiques that will open subsequent to the end of each fiscal quarter. We opened 80 boutiques in the thirty nine weeks ended October 31, 2015 compared to 87 boutiques in the thirty nine weeks ended November 1, 2014. The average cost of the leasehold improvements, equipment, furniture and fixtures, excluding tenant allowances which are reflected in operating cash flows, for new boutiques opened in the thirty nine weeks ended October 31, 2015 and November 1, 2014 was \$220,000 and \$197,000, respectively. The increase in the average boutique build-out costs was principally due to opening larger boutiques in the current year-to-date period, which averaged approximately 1,481 square feet per boutique, compared to the prior year period, which averaged approximately 1,316 square feet per boutique. The average tenant allowance per new boutique in the thirty nine weeks ended October 31, 2015 and November 1, 2014 was \$78,000 and \$87,000, respectively. The decrease in the average tenant allowance per boutique was principally due to opening more boutiques in non-mall locations. Tenant allowances are amortized as a reduction in rent expense over the term of the lease. The average collection period for these allowances is approximately six months after boutique opening. As a result, we fund the cost of new boutiques with cash flow from operations, build-out allowances from our landlords, or borrowings under our revolving credit facility. Our spending for existing boutiques totaled \$5.2 million and \$3.9 million during the thirty nine weeks ended October 31, 2015 and November 1, 2014, respectively. The majority of the current year spending was for updating display fixtures and equipment and remodeling 25 boutiques while the prior year amount was for remodeling 43 boutiques.

Management anticipates that capital expenditures for the remainder of fiscal year 2015 will be approximately \$5.0 million to \$6.0 million. The majority of this amount will be spent on investments in new and existing boutiques as well as investments in our merchandising and direct-to-consumer information technology systems.

Financing Activities

Financing activities consist of borrowings and payments under our revolving credit facility, repurchases of our common stock, and proceeds from the exercise of stock options and the related tax consequence.

Net cash used in financing activities was \$7.6 million during the thirty nine weeks ended October 31, 2015 compared to net cash used in financing activities of \$28.7 million during the thirty nine weeks ended November 1, 2014. During the current year-to-date period, the Company spent \$7.9 million to repurchase common stock which was partially offset by \$0.3 million proceeds from the exercise of stock options and the related tax consequence. In the prior year period, the Company repaid \$25.0 million of borrowings under our revolving credit facility and repurchased common stock at a total cost of \$5.3 million. This was partially offset by \$1.6 million proceeds from the exercise of stock options and the related tax consequence.

Revolving Credit Facility

On August 30, 2013, Francesca's Collections, Inc. ("Francesca's Collections" or the "Borrower"), as borrower, and its parent company, Francesca's LLC, a wholly owned subsidiary of the Company, entered into a Second Amended and Restated Credit Agreement with Royal Bank of Canada, as Administrative Agent and Collateral Agent, and the lenders party thereto. The credit facility provides capacity of \$75.0 million (including up to \$10.0 million for letters of credit) and matures on August 30, 2018. The facility also contains an option permitting the Borrower, subject to certain requirements and conditions, to arrange with the lenders for additional incremental commitments up to an aggregate of \$25.0 million, subject to reductions in the event the Borrower has certain indebtedness outstanding. At October 31, 2015, no borrowings or letters of credit were outstanding under the credit facility.

The credit facility contains customary events of default and requires the Borrower to comply with certain financial covenants. As of October 31, 2015, the Borrower was in compliance with all covenants under the credit facility. The credit facility restricts the amount of dividends the Borrower can pay; provided that the Borrower is permitted to pay dividends to the extent it has available capacity in its available investment basket (as defined in the Second Amended and Restated Credit Agreement), no default or event of default is continuing, certain procedural requirements have been satisfied and the Borrower is in pro forma compliance with a maximum secured leverage ratio. At October 31, 2015, the Borrower would have met the conditions for paying dividends out of the available investment basket. All obligations under the credit facility are secured by substantially all the assets of the Borrower and any subsidiary guarantor, if any. All obligations under the facility are unconditionally guaranteed by, subject to certain exceptions, Francesca's LLC and each of the Borrower's existing and future direct and indirect wholly-owned domestic subsidiaries.

Share Repurchase Program

For additional information regarding our share repurchase program, please refer to Note 7 to our unaudited consolidated financial statements included in Part I of this report, which is incorporated herein by reference.

Critical Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses, as well as the related disclosures of contingent assets and liabilities at the date of the financial statements. A summary of the Company's significant accounting policies is included in Note 1 to the Company's annual consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2015.

Certain of the Company's accounting policies and estimates are considered critical, as these policies and estimates are the most important to the depiction of the Company's consolidated financial statements and require significant, difficult, or complex judgments, often about the effect of matters that are inherently uncertain. Such policies are summarized in the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section of our Annual Report on Form 10-K for the fiscal year ended January 31, 2015. As of October 31, 2015, there were no significant changes to any of our critical accounting policies and estimates as disclosed in our Annual Report on Form 10-K for the fiscal year ended January 31, 2015.

Recent Accounting Pronouncements

For information regarding recent accounting pronouncements, please refer to Note 1 to our unaudited consolidated financial statements included in Part I of this Report, which is incorporated herein by reference.

Contractual Obligations

There were no significant changes to our contractual obligations and commercial commitments as disclosed in our Annual Report on Form 10-K for the fiscal year ended January 31, 2015, other than those which occur in the normal

course of business.

Off Balance Sheet Arrangements

We are not party to any off balance sheet arrangements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our principal exposure to market risk relates to changes in interest rates. Our revolving credit facility, if drawn upon, carries floating interest rates that are tied to LIBOR, the federal funds rate and the prime rate, and therefore, our statements of operations and our cash flows could be exposed to changes in interest rates to the extent that we do not have effective hedging arrangements in place. We historically have not used derivative financial instruments for speculative or trading purposes; however, this does not preclude our adoption of specific hedging strategies in the future. At October 31, 2015, no borrowings or letters of credit were outstanding under our revolving credit facility.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) that are designed to ensure that information required to be disclosed in our reports under the Exchange Act is processed, recorded, summarized and reported within the time periods specified in the SEC’s rules and regulations and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

At the end of the period covered by this Quarterly Report on Form 10-Q, we carried out an evaluation, under the supervision and with the participation of our Disclosure Committee and management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of the Company’s disclosure controls and procedures pursuant to Rule 13a-15 of the Exchange Act. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company’s disclosure controls and procedures were effective at the reasonable assurance level as of October 31, 2015.

There were no changes in our internal control over financial reporting during the quarter ended October 31, 2015 that materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

For information regarding legal proceedings involving us, please refer to Note 8 to our unaudited consolidated financial statements included in Part I of this Report, which is incorporated herein by reference.

ITEM 1A. RISK FACTORS

There have been no material changes to our risk factors as previously disclosed in Item 1A contained in Part I of our Annual Report on Form 10-K for the fiscal year ended January 31, 2015 and filed with the SEC on March 27, 2015.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table provide information about the Company's share repurchase activity during the thirteen weeks ended October 31, 2015.

Period ⁽¹⁾	Total number of shares purchased	Average price paid per share⁽²⁾	Total number of shares purchased as part of a publicly announced plans or programs ⁽³⁾	Approximate dollar value of shares that may yet be purchased under the plans or programs
August 2, 2015 – September 29, 2015	—	—	—	\$ 39,933,273
September 30, 2015 – October 3, 2015	321,130	\$ 12.16	321,130	\$ 36,033,442
October 4, 2015 – October 31, 2015	344,896	\$ 13.46	344,896	\$ 31,394,956

Total	666,026	\$ 12.83	666,026
-------	---------	----------	---------

(1) Periodic information is presented by reference to our fiscal monthly periods during the third quarter of fiscal year 2015.

(2) Average price paid per share includes brokers' commission.

On September 3, 2013, the Company's Board of Directors authorized a \$100 million share repurchase program commencing on the same date. This authorization has no expiration date. Under the repurchase program, purchases (3) can be made from time to time through open market purchases, in privately negotiated transactions, under a Rule 10b5-1 plans or through other available means. The specific timing and amount of repurchases is dependent on market conditions, securities law limitations and other factors.
