Dear fellow shareholder:

You are cordially invited to attend the annual meeting of shareholders of MMA Capital Management, LLC to be held on Tuesday, May 22, 2018, at 1:00 p.m. Eastern time, at the offices of Gallagher Evelius & Jones, LLP, 218 N Charles Street, Suite 400, Baltimore, MD 21201.

At the meeting, you will be asked to vote on three matters including the election of directors, an advisory vote on executive compensation and the selection of our independent public accounting firm for 2018.

We are pleased to utilize the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their shareholders over the Internet. Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send shareholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice will also provide information on how shareholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources.

I look forward to seeing you at the meeting.

Sincerely,

Francis X. Gallagher, Jr.

Chairman of the Board

YOUR VOTE IS IMPORTANT

In order to ensure your representation at the annual meeting, you may submit your proxy and voting instructions via the Internet or by telephone, or, if you receive a paper proxy card and voting instructions by mail, you may vote your shares by completing, signing and dating the proxy card as promptly as possible and returning it in the enclosed envelope (to which no postage need be affixed if mailed in the United States). Please refer to the section entitled "Voting via the Internet, by Telephone or by Mail" on page ii of the Proxy Statement for a description of these voting methods. Under applicable regulations, if you have not given your broker specific instructions to do so, your broker will NOT be able to vote your shares with respect to the election of directors and executive compensation. If you do not provide voting instructions via the Internet, by telephone or by returning a proxy card or voting instruction card, your shares will not be voted with respect to the election of directors and executive compensation. We strongly encourage you to vote.

If the director nominee is not elected at our annual meeting, or if we are unable to achieve a quorum to transact business at our annual meeting (including any adjournment), then our current directors will continue to serve until their successors have been duly elected and qualified at the next annual meeting or their earlier death, resignation or removal.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 22, 2018

This proxy statement is furnished in connection with the solicitation on behalf of the Board of Directors ("Board") of MMA Capital Management, LLC, a Delaware limited liability company ("we," "us," "our," "MMA" or the "Company"), of proxies to be voted at our annual meeting of shareholders to be held Tuesday, May 22, 2018, at 1:00 p.m. Eastern time at the offices of Gallagher Evelius & Jones, LLP, 218 N Charles Street, Suite 400, Baltimore, MD 21201, including any and all adjournments or postponements of the meeting.

IMPORTANT NOTICE REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL SHAREHOLDERS MEETING TO BE HELD ON MAY 22, 2018. This proxy statement, the accompanying proxy card or voting instruction card and our 2017 Annual Report to Shareholders on Form 10-K are available at www.mmacapitalmanagement.investorroom.com.

The cost of this solicitation of proxies will be borne by us. Solicitation, commencing on or about April 12, 2018 will be made by use of the mail, telephone and fax, by employees of our Manager without additional compensation.

Voting Rights

Only holders of record of our common shares on March 27, 2018, the record date, will be entitled to vote at the annual meeting. Each holder of record will be entitled to one vote on each matter for each common share held on the record date. The share transfer books will not be closed. On the record date, there were 5,650,687 common shares outstanding. A majority of the issued and outstanding common shares (or 2,825,344 common shares) must be present or represented by proxy at the annual meeting in order to have a quorum. Persons voting by proxy will be deemed present at the meeting even if they abstain from voting on any or all of the proposals presented for shareholder action. Shares held by brokers who vote such shares on any proposal and broker non-votes will be counted present for purposes of establishing a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner submits a proxy for the annual meeting but does not vote on a particular proposal, including in this case the election of directors and the advisory vote on named executive officer compensation, because that holder does not have discretionary voting power with respect to those proposals if it has not received instructions from the beneficial owner. In contrast, a bank, broker or other holder of record holding shares for a beneficial owner does have discretionary voting power with respect to the ratification of the appointment of the independent registered public accounting firm.

In the election of directors, a nominee will be elected if the votes cast “for” the nominee constitute a majority of the common shares present or represented by proxy and voted at a meeting at which a quorum is present. Shareholders may not cumulate votes in the election of directors. The advisory votes on named executive officer compensation and the ratification of the appointment of KPMG, LLP (“KPMG”) as our independent registered public accounting firm, also require the affirmative vote of a majority of the common shares present or represented by proxy and voted at a meeting at which a quorum is present. Abstentions and broker non-votes have no effect on the determination of whether a nominee, the advisory vote or the appointment of KPMG has received the vote of a majority of the common shares present or represented by proxy and voting at the meeting.

If the persons present or represented by proxy at the annual meeting constitute the holders of less than a majority of the issued and outstanding common shares as of the record date, the annual meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum. The inspector of elections appointed for the annual meeting will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Internet Availability of Proxy Materials

In accordance with Securities and Exchange Commission rules, we are using the Internet as our primary means of furnishing proxy materials to shareholders for our 2018 annual meeting. Consequently, our shareholders will not receive paper copies of our proxy materials unless they request paper copies by following the instructions in the Notice of Internet Availability of Proxy Materials. On April 12, 2018, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including this proxy statement and our 2017 Annual Report to Shareholders. The Notice of Internet Availability of Proxy Materials also contains instructions for accessing your proxy card to be able to vote via the Internet or by telephone.

Internet distribution of our proxy materials is designed to make the proxy distribution process more efficient and less costly and to help conserve natural resources. However, if you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions for requesting such materials contained on such notice.

Admission to Meeting

You are entitled to attend the annual meeting if you were a holder of record or a beneficial owner of our common shares as of March 27, 2018, the record date, or you hold a valid legal proxy for the annual meeting. If you are a holder of record, you may be asked to present valid picture identification, such as a driver's license or passport, for admission to the annual meeting.

If your shares are registered in the name of a bank or brokerage firm (your record holder), you may be asked to provide proof of beneficial ownership as of the record date, such as a brokerage account statement, a copy of the Notice of Internet Availability or voting instruction form provided by your bank, broker or other holder of record, or other similar evidence of ownership, as well as picture identification, for admission. If you wish to be able to vote in person at the annual meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot at the annual meeting.

Recommendations of the Board of Directors

Our Board of Directors recommends that you vote:

- FOR the nominees of the Board of Directors (Proposal No. 1);
- FOR the non-binding advisory approval of our named executive officer compensation (Proposal No. 2); and
- FOR the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal No. 3).

Voting via the Internet, by Telephone or by Mail

For holders whose shares are registered in their own names, as an alternative to voting in person at the annual meeting, you may vote via the Internet, by telephone or, for those shareholders who request and receive a paper proxy card in the mail, by mailing a completed proxy card. The Notice of Internet Availability of Proxy Materials provides information on how to access your proxy card, which contains instructions on how to vote via the Internet or by telephone. For those shareholders who request and receive a paper proxy card, instructions for voting via the Internet or by telephone are set forth on the proxy card. Those shareholders who request and receive a paper proxy card and voting instructions by mail, and who elect to vote by mail, should sign and return the mailed proxy card in the prepaid and addressed envelope that was enclosed with the proxy materials, and your shares will be voted at the annual meeting in the manner you direct. In the event that you return a signed proxy card (by mail or via the Internet) on which no directions are specified, your shares will be voted FOR the nominees of the Board of Directors (Proposal No. 1), FOR the non-binding advisory approval of our named executive officer compensation (Proposal No. 2), and FOR the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal No. 3), and in the discretion of the proxy holders as to any other matters that may properly come before the annual meeting or any postponement or adjournment of the annual meeting.

If your shares are registered in the name of a bank or brokerage firm (your record holder), you will receive instructions from your record holder that you must follow in order for your record holder to vote your shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or over the telephone. If Internet or telephone voting is unavailable from your bank or brokerage firm, please complete and return the voting instruction card supplied by them in the addressed, postage paid envelope provided.

Revocation of Proxies

You may revoke or change a previously delivered proxy at any time before the annual meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to MMA Capital Management, LLC's Secretary at our principal executive offices before the beginning of the annual meeting. You also may revoke your proxy by attending the annual meeting and voting in person, although attendance at the annual meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You also may revoke any prior voting instructions by voting in person at the annual meeting if you obtain a legal proxy as described under "Admission to Meeting" above.

I. GOVERNANCE OF THE COMPANY

BOARD OF DIRECTORS MATTERS

Board Composition

Our Board of Directors (or alternatively described as the “Board” in this document) currently consists of six members, all of whom were elected by the Company’s shareholders. Mr. Falcone has been reclassified as a Class III director and we have one open seat reserved for the nominee from Hunt Companies, Inc. to be filled upon the completion of the share purchase requirement pursuant to the Master Transaction Agreement dated January 8, 2018 which we entered into in connection with becoming externally managed, as more fully described below. Until that seat is filled, our Board has appointed James Christopher Hunt as a non-voting observer to the Board, also in accordance with the terms of the Master Transaction Agreement. The Master Transaction Agreement and related transaction are more fully described below under “Related Party and Affiliate Transactions” and “Compensation Discussion and Analysis”.

Corporate Governance Guidelines

We have Corporate Governance Guidelines (“Guidelines”), which are available on our website at www.mmacapitalmanagement.com under “Leadership – Governance,” then “Corporate Governance Guidelines.” These Guidelines contain general principles regarding the function of our Board and Board committees. The Guidelines are reviewed on an annual basis by the Governance Committee of the Board, which submits to the Board for approval any changes deemed desirable or necessary.

Independence of Directors

Our Guidelines require that a majority of the Board of Directors be comprised of independent directors. The listing rules of the Nasdaq Stock Market (“Nasdaq”) for director independence are incorporated in our Guidelines, which are used by the Board in making independence determinations. For a director to be considered independent under the Nasdaq listing rules, the Board must affirmatively determine that the director has no relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has determined that the following directors are independent: Messrs. Bloom, Gallagher, Grant and Puddester.

Board Leadership Structure

Our Board leadership structure currently separates the roles of Chairman and Chief Executive Officer (“CEO”). The Board of Directors of the Company has an independent chair, Mr. Gallagher, who has authority, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the Board Chair has substantial ability to shape the work of the Board. The Company believes that separation of the positions of Board Chair and Chief Executive Officer reinforces the independence of the Board in its oversight of the business and affairs of the Company. In addition, the Company believes that having an independent Board Chair creates an environment that is more conducive to objective evaluation and oversight of management’s performance, increasing management accountability and improving the ability of the Board to monitor whether management’s actions are in the best interests of the Company and its shareholders. As a result, the Company believes that having an independent Board Chair can enhance the effectiveness of the Board as a whole.

Our Chief Executive Officer and President, Michael L. Falcone (“Chief Executive Officer”), is the sole member of the Board who is a current officer of the Company. Our Board’s role in the Company is to provide general oversight of strategy and operations. Four of our six directors are independent under Nasdaq listing standards. Although no longer employed as an officer or consultant to the Company, due to her prior employment, Ms. Kay is not considered to be an independent director under Nasdaq listing standards. In assessing director independence, the Board concluded that the independent directors have no conflict that might discourage critical review of the Company’s management and operations. In addition, chairmanship of the various Board committees is held by independent directors and our internal controls are monitored by the Audit Committee, which is comprised entirely of independent directors in accordance with Nasdaq and Securities and Exchange Commission (“SEC”) requirements.

Role of the Board in Risk Oversight

One of the board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Typically, the entire Board monitors our risks as a Company through a comprehensive risk matrix which is updated by management and reviewed by the Board throughout the year. The matrix details all of our operating, accounting, financial, legal and regulatory risks and assigns a probability and severity analysis to each risk. Significant changes are highlighted and discussed at Board meetings throughout the year. The Board has delegated to the Board's lead independent director, Mr. Gallagher, the responsibility of coordinating between the Board and management with regard to the determination and implementation of responses to any problematic risk management issues.

Qualification for Board Membership

The Board has the responsibility for nominating candidates for election to the Board and for filling vacancies on the Board as they arise, while the Governance Committee is responsible for identifying and recommending qualified individuals to serve as members of the Board. The Guidelines and the Governance Committee's charter require the Board and the Governance Committee to establish criteria for selecting new directors, which reflects at a minimum a candidate's strength of character, judgment, business experience and specific areas of expertise, in addition to factors relating to the composition of the Board, including its size and structure, and principles of diversity, including age, skills, knowledge and other factors needed to maintain a balance of knowledge, experience and capability on the Board. Further, no director of the Company may serve on the boards of more than three other publicly traded companies in addition to serving on our Board, and no management director may serve on the board of more than one publicly traded company in addition to serving on our Board. Currently, all directors are in compliance with these requirements and expectations.

Shareholder Recommendations of Potential Director Candidates

The Governance Committee will consider director candidates recommended by shareholders. The Governance Committee applies the same standards in evaluating candidates submitted by shareholders as it does in evaluating candidates submitted by other sources. Shareholders who wish to submit names to be considered by the Governance Committee for nomination for election to the Board of Directors must send written notice to the Secretary of the Company at least 60 days but no more than 90 days prior to the anniversary of the date on which the proxy statement was first mailed relating to the immediately preceding annual meeting of shareholders, which notice should set forth the required information that is specified in our bylaws. Suggestions regarding potential director candidates, together with the supporting information concerning the potential candidate's qualifications, should be submitted in writing to:

*Committee Chairperson

Below is a description of each committee of the Board of Directors.

Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board of Directors has determined that each member of each committee meets the applicable Nasdaq rules and regulations regarding “independence” and each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee. The Audit Committee of the Board has primary oversight responsibility relating to:

- the integrity of our financial statements, the financial reporting process, and internal controls over financial reporting;
- the performance of our internal audit function;
- the appointment, engagement and performance of our independent registered public accounting firm and the evaluation of the independent registered public accounting firm’s qualifications and independence;
- compliance with our Code of Ethics and Principles of Business Integrity, and legal and regulatory requirements, including our disclosure controls and procedures; and
- oversight and approval of potential related party transactions.

In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between the Audit Committee, our independent registered public accounting firm, the internal auditors and our management, and to resolve any disagreements between management and the independent registered public accounting firm regarding financial reporting. The Audit Committee also performs other duties and responsibilities set forth in a written Charter approved by the Board of Directors. The Charter of the Audit Committee is available on the Company’s website at www.mmacapitalmanagement.com under “Leadership – Governance,” then “Audit Committee Charter.”

During 2017, membership on the Audit Committee consisted of Mr. Bloom, Chairman of the Committee, and Messrs. Gallagher, Grant and Puddester. The Audit Committee held five meetings during 2017.

The Board and the Governance Committee have determined that all members of the Audit Committee satisfy the independence requirements of Nasdaq's listing rules and our Guidelines. No member of the Audit Committee is permitted to serve on the Audit Committee of more than three public companies, including our Company. Currently, no member of the Audit Committee serves on the audit committee of any other public company.

4

The Board has determined that Mr. Puddester qualifies as an “audit committee financial expert” under SEC rules. In accordance with the SEC’s safe harbor relating to audit committee financial experts, a person designated as an audit committee financial expert will not be deemed an “expert” for purposes of the federal securities laws. In addition, such designation does not impose on such person any duties, obligations or liabilities that are greater than those imposed on such person as a member of the Audit Committee and Board of Directors in the absence of such designation, and does not affect the duties, obligations or liabilities of any other member of the Audit Committee or Board of Directors.

Compensation Committee. The Compensation Committee of the Board has the following principal duties and responsibilities:

- to the extent management personnel are provided by the Company’s external manager, the Compensation Committee will, in lieu of the following duties and responsibilities, consult with the manager regarding the compensation of executive officers, to the extent some or all of the cost of such compensation is reimbursable by the Company.
- review our executive compensation policy and programs to ensure that they (1) effectively motivate the Chief Executive Officer and other executive officers and key employees to achieve our financial goals and strategic objectives; (2) properly align the interests of these employees with the long-term interests of our shareholders; and (3) are sufficiently competitive to attract and retain the executive resources necessary for the successful management of our businesses;
- review trends in management compensation, oversee the development of new compensation plans (including performance-based, equity-based and other incentive programs as well as salary, bonus and deferred compensation arrangements) and, when appropriate, make recommendations to the Board regarding new plans and revisions to existing plans; and
- annually review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers and key employees, evaluate the performance of such individuals and approve the compensation for such individuals;
- annually evaluate the compensation of the members of the Board; and
- evaluation of the performance of the Company’s external manager, and reviewing the compensation and fees payable to the manager under the management agreement pursuant to which we are externally managed.

These duties and responsibilities are set forth in a written Charter of the Compensation Committee which has been approved by the Board of Directors and is available on our website at www.mmacapitalmanagement.com under “Leadership – Governance,” then “Compensation Committee Charter.” Pursuant to the Charter, the Compensation Committee has the authority to delegate certain of its responsibilities to a subcommittee.

The Compensation Committee has the authority to administer our equity plans for the Chief Executive Officer and other executive officers. The Compensation Committee is responsible for all determinations with respect to participation, the form, amount and timing of any awards to be granted to any such participants, and the payment of any such awards. Senior management has the authority to administer our equity plans for all other participants.

Effective January 8, 2018, we became externally managed and now have no employees. Until we became externally managed, our Chief Executive Officer provided recommendations to the Compensation Committee with respect to the wage level, base salary amounts, performance targets for annual incentive and long-term incentive bonus programs and any adjustments to the cash value for equity grants for each named executive officer. These compensation recommendations were based on the Chief Executive Officer's subjective review of each officer's overall performance and contribution to MMA during the prior year. While the Compensation Committee considered the recommendations of the Chief Executive Officer with respect to these elements of compensation, the Compensation Committee independently evaluated the recommendations and made all final compensation decisions for those officers. Decisions with respect to the compensation of the Chief Executive Officer were made solely by the Compensation Committee in executive session. Other than our Chief Executive Officer, no other executive officer of MMA had any role in determining or recommending the amount or form of executive officer or director compensation during 2017.

Compensation Committee Interlocks and Insider Participation

During 2017, membership on the Compensation Committee consisted of Messrs. Puddester, Bloom, Gallagher and Grant. Mr. Puddester served as Chairman for the entire year. All members of the Compensation Committee qualify as independent directors under our Guidelines and the Nasdaq listing rules and as "non-employee directors" for purposes of Rule 16b-3 under the Exchange Act. The Compensation Committee held five meetings during 2017.

During 2017, no member of the Compensation Committee was an officer, employee or former officer or employee of ours, or any of our subsidiaries, or had a relationship that would be considered a Compensation Committee interlock that would require disclosure in this proxy statement pursuant to SEC regulations. None of our named executive officers served as a member of a compensation committee or a director of another entity under the circumstances requiring disclosure in this proxy under SEC regulations.

Governance Committee. The Governance Committee of the Board is responsible for:

- developing and implementing corporate governance guidelines;
- identifying and recommending qualified individuals to serve as members of the Board;
- evaluating and recommending the size and composition of the Board and its Committees (including making determinations concerning composition of the Board and its Committees under the applicable requirements of the SEC);
- monitoring a process to assess the effectiveness of the Board and its Committees; and
- review our management succession plan for the Chief Executive Officer and other executive officers and key employees.

The Governance Committee is also responsible for performing other duties and responsibilities set forth in a written Charter approved by the Board of Directors. The Charter of the Governance Committee is available on our website at www.mmacapitalmanagement.com under "Leadership – Governance," in "Governance Committee Charter."

During 2017, membership on the Governance Committee consisted of Messrs. Grant, Bloom, Gallagher and Puddester. Mr. Grant served as Chairman for the entire year. The Governance Committee held five meetings during 2017. All members of the Governance Committee qualify as independent directors under our Guidelines and Nasdaq listing rules.

Director Attendance at Meetings

During fiscal year 2017, there were four regular quarterly meetings of the Board, plus one additional regular meeting in the first quarter. Also, the Board held sixteen (16) special meetings which were conducted as either formal meetings or executive sessions. Each Director attended at least 75% of the total number of combined meetings of the Board and the Board Committees on which he served. We do not have a policy that requires director attendance at the annual meeting. Four members of the Board were present at the 2017 annual meeting.

RELATED PARTY AND AFFILIATE TRANSACTIONS

In accordance with Company policy the Audit Committee has the responsibility to review any transactions between the Company and any parties that are considered related parties to the Company, a member of the Board or any executive officer of the Company. Any proposed transaction with a related party must be approved by a majority of the disinterested, independent members of the Audit Committee. If the counterparty is related to a member of the Audit Committee that member will recuse themselves from the vote.

Since January 1, 2017 there have been no material related party relationships or transactions to report, other than our relationship with Hunt as described below.

Relationship to Hunt Companies, Inc.

On January 8, 2018, the Company entered into a series of material definitive agreements with affiliates of the Hunt Companies, Inc. (collectively, "Hunt"), in which the Company sold certain business lines and assets to Hunt and converted to an externally managed business model by engaging Hunt to manage the Company. All employees of the Company were hired by Hunt. In consideration for the external management services, the Company agreed to pay base and incentive management fees as described below under "Compensation Discussion and Analysis". Details of the management agreement were previously disclosed in the Current Report filed on Form 8-K by the Company on January 9, 2018.

The Company also agreed to issue, and Hunt agreed to acquire, 250,000 of the Company's common shares in a private placement at an average purchase price of \$33.50 per share. Effective as of the closing of the transaction, the Board has defined Hunt and its affiliates as related parties. On March 9, 2018, Hunt completed its initial purchase of shares, buying 125,000 shares at \$33.00 per share. Hunt is required to acquire the balance of 125,000 shares at \$34.00 per share by July 9, 2018.

In addition to the external management agreement, Hunt, by virtue of completing its share purchase requirement by July 9, 2018, will have the right to nominate a person to our Board. At the time of the transaction, Hunt had proposed Mr. James Christopher Hunt, its Chief Executive Officer, as its nominee to the Board. As of January 24, 2018, the Company completed its nominee vetting process and Mr. Hunt was granted non-voting observer status on our Board until the completion of Hunt's share purchase requirement, at which time the Board intends to elect Mr. Hunt as a director, as part of Class II. Mr. Hunt, as an employee of our external manager, will not be considered an independent director and is not eligible for compensation under the 2012 Non-Employee Directors' Compensation Plan.

The independent members of the Board, through the Audit Committee, will maintain oversight responsibility for transactions by and between the Company and affiliates of Hunt, including investment opportunities governed by our investment guidelines and Hunt's allocation policy.

II. MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL 1 -- ELECTION OF DIRECTORS

The Board of Directors of MMA Capital Management, LLC is divided into three classes with the directors in each class serving for a term of three years. PROPOSAL 2 -- ADVISORY VOTE ON OUR NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and Section 14A of the Exchange Act, enable our shareholders to vote, on a non-binding advisory basis, on the compensation of the Company's named executive officers as disclosed in the "Executive Compensation" section of this proxy statement, including the compensation tables, Compensation Discussion and Analysis and the related narrative.

As a result of the external management agreement, we no longer determine the compensation payable by our manager to our named executive officers. The manager and its affiliates determine the salaries, bonuses and other wages earned by our named executive officers from our manager and its affiliates. The manager and its affiliates also determine whether, and to what extent, our named executive officers will be provided employee benefit plans.

While this advisory vote on executive compensation is non-binding, the Board and the Compensation Committee will review the voting results and seek to determine the cause or causes of any significant negative voting result. Voting results provide little detail by themselves, and we may consult directly with shareholders to better understand issues and concerns not previously presented. The Board and management understand that it may be useful and appropriate to seek the views of shareholders when considering the design and implementation of the Company's executive compensation program.

The Board of Directors asks you to indicate your support for our named executive officer compensation as described in this proxy statement and as set forth below:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as described in the "Executive Compensation" section of this proxy statement, including the compensation tables, Compensation Discussion and Analysis and other narrative executive compensation disclosures.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF OUR NAMED EXECUTIVE OFFICER COMPENSATION.

COMPENSATION DISCUSSION AND ANALYSIS

External Management

On January 8, 2018, in connection with a series of other transactions explained more fully above under “Related Party and Affiliated Transactions – Relationship to Hunt Companies, Inc.”, we entered into a Management Agreement with an affiliate of Hunt Companies, Inc., Hunt Investment Management, LLC, which we will refer to as the “Manager”, under which we hired the Manager to externally manage our continuing operations. Under the Management Agreement, the Manager assumed the remaining term of the employment agreements we had with our named executive officers. As a result, Michael L. Falcone, the Company’s CEO, Gary A. Montesana, the Company’s Executive Vice President, and David C. Bjarnason, the Company’s Executive Vice President and CFO, are now employed by the Manager but will serve as the CEO, Executive Vice President and CFO of the Company, respectively, until the expiration of their current employment agreements on December 31, 2018, December 31, 2018 and August 2, 2018, respectively, or earlier termination in accordance with those agreements. The Manager also hired all of our other employees and will provide the personnel necessary to operate our business.

We are obligated to pay or reimburse the Manager for most of the costs of our operations, including certain general and administrative costs and professional fees incurred by the Manager for work on behalf of the Company, as well as (i) an allocable share of the costs of non-investment personnel of the Manager who spend all or a portion of their time managing our operations and reporting as a public company (based on their time spent on such matters) and (ii) the costs associated with our CEO and CFO. The personnel reimbursement is, however, subject to a cap of \$2.5 million through 2019 and \$3.5 million thereafter, until our GAAP common shareholders’ equity exceeds \$500 million. After our GAAP common shareholders’ equity exceeds \$500 million, we will continue to reimburse the Manager for costs associated with non-investment personnel and the CFO and such reimbursement will no longer be subject to a cap, but the cost of providing us with a CEO will become an expense of the Manager. The Manager is also entitled to receive and retain the administrative expense reimbursements to which our Energy Capital business was previously entitled under the terms of the management agreements of its renewable energy lending ventures.

Under the Management Agreement, the Manager is paid a quarterly management fee in an amount equal to 0.50% of our first \$500 million of GAAP common shareholders’ equity allocable to common shareholders, subject to certain adjustments, and 0.25% of our GAAP common shareholders’ equity in excess of \$500 million, as adjusted. Specifically, the GAAP common shareholders’ equity upon which the quarterly management fee is paid will be adjusted to remove the impact of certain non-cash items, including any future accretion associated with our deferred tax assets. The Manager will also be eligible to receive an annual incentive management fee equal to 20% of the amount by which the year-over-year change in diluted GAAP common shareholders’ equity per share allocable to common shareholders for any given calendar year exceeds 7% of the diluted GAAP common shareholders’ equity per share for the prior calendar year, as adjusted for the deferred tax asset and any dividend distributions. Any gain we recognize in connection with the Hunt transactions and with the potential acquisition of Morrison Grove Management, LLC will be deemed to have occurred in calendar year 2017 for purposes of calculating the incentive management fee on an ongoing basis.

Going forward, we will be externally managed by the Manager and will have no employees. Under the terms of the Master Transaction Agreement we signed with Hunt in connection with the Management Agreement, our former employees, now employed by the Manager, other than our named executive officers, will receive base salary and wages for one year which are no less favorable than the base salary and wages previously provided by us and will receive substantially the same benefits. As discussed above, the Manager assumed the employment contracts of our named executive officers. As a result, we anticipate that 2018 compensation for the named executive officers and our other former employees now employed by Manager will be consistent with our compensation program discussed below, which was our compensation program prior to our becoming externally managed. After 2018, our Manager will determine the compensation of the Manager's employees. However, in either case, we will not have employees, and will pay the management fee and reimbursements described above. We will continue to compensate our non-employee directors.

Prior to becoming externally managed, the Compensation Committee oversaw the development and implementation of the compensation program for our named executive officers. The Chief Executive Officer's compensation had been determined by the independent members of the Board after receiving the Compensation Committee's recommendation. As stated earlier, the Compensation Committee is comprised solely of independent members of the Board. To the extent our management personnel are provided by the Manager or its affiliates, the Compensation Committee, in lieu of its other duties, will consult with the Manager regarding compensation of our named executive officers, to the extent some or all of the cost thereof is reimbursable by the Company; however, compensation for these officers will be determined by the Manager.

Named Executive Officers

The following individuals were the only persons serving as executive officers of the Company in 2017:

Michael L. Falcone, 56, has been the Chief Executive Officer and President of the Company since January 1, 2005 and, effective January 8, 2018, became an Executive Vice President of Hunt Investment Management, LLC, our external manager. Prior to his appointment as our Chief Executive Officer, he served as Chief Operating Officer since 1997. Mr. Falcone has also served as a director of MMA since 1999. Prior to joining MMA, he was a Senior Vice President of Shelter Development Corporation, where he was employed from 1983 to 1996. Mr. Falcone is a graduate of Dartmouth College and the Harvard Business School.

David C. Bjarnason, CPA, 48, was appointed Chief Financial Officer and Executive Vice President of MMA ("Chief Financial Officer") on August 17, 2015 and, effective January 8, 2018, became Chief Financial Officer – Tax Exempt and Solar Investments Division of Hunt Investment Management, LLC, our external manager. Mr. Bjarnason joined the Company from Fannie Mae, where he was a finance officer who served in senior management roles in accounting policy, external reporting and financial planning and analysis functions. Prior to joining Fannie Mae, Mr. Bjarnason served in senior finance, consulting and financial statement audit roles with JPMorgan Chase & Co., CapitalSource, Inc., Freddie Mac, Deloitte LLP and KPMG LLP. Mr. Bjarnason earned his B.B.A. in accounting from the College of William & Mary.

Gary A. Montesana, 53, is an Executive Vice President of MMA ("Executive Vice President") responsible for managing U.S. Operations and, effective January 8, 2018, became an Executive Vice President of Hunt Investment Management, LLC, our external manager. He had been an Executive Vice President of MMA since 2003 and had been in various leadership positions since joining MMA in 1996. Mr. Montesana joined MMA in 1996 from the Company's predecessor, the SCA Tax-Exempt Fund Limited Partnership, which he had been with since 1988. Before SCA Tax-Exempt Fund Limited Partnership, Mr. Montesana was an active Certified Public Accountant and worked for Coopers and Lybrand. Mr. Montesana graduated from the University of Rhode Island.

Executive Summary

The executive compensation program we had in place up through the date of the Hunt transaction was designed to promote a performance-based culture and to align the interests of management with those of our shareholders. To this end, our compensation program consisted of (i) base compensation intended to attract high performing individuals, (ii) annual incentive compensation in the form of cash bonuses for retention and to recognize Company, individual and business segment performance, and (iii) a requirement that executives utilize a portion of their annual incentive compensation to purchase Company shares in order to better align the interests of our executives and our shareholders.

Each named executive officer received annual base compensation and an annual incentive award based on performance in that year, though the annual incentive award is paid in the subsequent calendar year. In 2017, each of our named executive officers received base compensation in accordance with his employment agreement without any discretionary increase. Each of our named executive officers received an incentive award for 2017, which reflected the performance of the Company and individual during the year. Mr. Falcone's annual incentive award for 2017 was \$1,143,042, a 1% decrease from 2016. Of this amount, Mr. Falcone is required to use \$342,900, or 30% of the award, to purchase Company shares on the open market. Mr. Montesana's annual incentive award for 2017 was \$1,000,000, unchanged from 2016. Of this

amount, Mr. Montesana is required to use \$300,000, or 30% of the award, to purchase Company shares on the open market. Mr. Bjarnason's annual incentive award for 2017 was \$425,000, a 31% increase from his 2016 bonus. Mr. Bjarnason is required to use \$127,500 of his annual incentive award, or 30% of the award, to purchase Company shares on the open market.

The Company and each named executive officer experienced exceptional performance against their objectives in both 2016 and 2017. However, total compensation for the named executive officers remained below the median for the Company's peer group in both years (see Independent Compensation Consultant and Benchmarking and Peer Group Data).

We previously had employment agreements with each of our named executive officers and each employment agreement was assumed by our Manager on January 8, 2018. The material terms of their employment agreements are described beginning on page 18, the share purchase agreements related to the incentive cash awards are described on page 21 and the critical terms of the 2017 compensation of the named executive officers are incorporated in the table on page 15.

This Compensation Discussion and Analysis describes the Company's executive compensation program, its philosophy and policies, the manner in which it operates and the decisions made in 2017 in support of that program, along with their supporting rationale.

Roles and Responsibilities

Except for the discussion under "Independent Compensation Consultant", the following discussion describes our policies and practices through January 8, 2018, the date on which all of our employees were hired by the Manager.

Compensation Committee

The Compensation Committee oversees the development and administration of the compensation program for the Company's named executive officers.

Role of Management

While the Compensation Committee makes an independent determination on all matters related to the compensation of the named executive officers, the Compensation Committee seeks the Chief Executive Officer's views on whether the existing compensation policies and practices continue to support the Company's business and performance objectives, utilize appropriate performance targets, and appropriately reward the contributions of the other named executive officers. The Compensation Committee delegates the implementation of its decisions to the Chief Executive Officer, who reports to the Compensation Committee on the actions taken under this delegation at the periodic Compensation Committee meetings throughout the year. The Chief Executive Officer is not involved in the Compensation Committee's decision-making process with respect to his compensation.

Independent Compensation Consultant

The Compensation Committee has the sole authority to retain and terminate a compensation consultant and to approve all the terms of the engagement, including fees. The Compensation Committee has adopted a policy that prohibits compensation consultants it retains from doing any work for the Company during their engagement. The Compensation Committee also considers the independence standards under SEC rules and Nasdaq listing standards when assessing the independence of the compensation consultant. In March 2017, the committee engaged FPL Associates, L.P. ("FPL") to provide a benchmarking analysis for Messrs. Falcone, Mentosana and Bjarnason and for the Board of Directors. The purpose of the study was to provide a comprehensive benchmarking analysis by individual and by component of compensation, including base salary, annual incentive award and long-term incentive compensation in advance of the 2018 expirations of the employment contracts of each executive officer. In addition, the consultant's report discussed compensation trends and the relative levels of compensation for peer organizations.

Benchmarking and Peer Group Data

As part of its 2017 engagement, FPL selected a group of peer companies to evaluate compensation paid to Messrs. Falcone and Montesana. In carrying out this responsibility, FPL reviewed publicly available information to select peer companies based on the following criteria: company size; business strategy; human capital; enterprise ownership structures; asset class focus; and geographic location. Further, FPL sought to include companies that are generally no greater than two times the size of the Company, are direct competitors in one (or more) of our business lines, are similar in complexity, and that may represent a competitor for employee talent. The names and relevant criteria of the 11 companies selected for the peer group are summarized below:

| Company Name | Symbol | Business Focus | Size | Geography |
|---|--------|----------------|------|-----------|
| Altisource Asset Management Corporation | AAMC | | | |
| Armada Hoffer Properties, Inc. | AHH | | | |

Shareholder Feedback on Compensation

Our Board, the Compensation Committee and our management team value shareholder perspectives on our executive compensation program. As part of the Committee's periodic review of compensation, it considers the outcome of the Company's annual shareholder advisory vote on executive compensation. At our annual meeting in May 2017, the compensation of our named executive officers was approved by approximately 97% of votes cast, up from the 79% at the prior annual meeting, demonstrating a high level of support for our compensation program and policies.

Compensation Philosophy and Elements of Compensation

Compensation Philosophy

Prior to becoming externally managed, our compensation program for our named executive officers featured three primary elements that the Compensation Committee believed promoted a performance-based culture and aligned the interests of management and shareholders. Aspects of this compensation program applied to all employees, with the annual incentive compensation representing a higher percentage of total compensation for the named executive officers.

- Base Compensation – The Company established salaries that are fair and competitive in order to allow us to attract and retain high-performing employees.
- Annual Incentive Compensation – The Company utilized annual bonuses for both retention and to recognize Company, individual and business segment performance. The bonus earned by the Chief Executive Officer and Chief Financial Officer depended on achievement of Company and individual performance objectives, while the Executive Vice President’s bonus depended on achievement of Company, business segment and individual performance objectives.
- Share Ownership – The Company utilized, and will continue to utilize, share ownership to align the interests of named executive officers with those of our shareholders. While the Company has granted equity awards in the past, the Company does not currently use stock or option grants to increase employee share ownership. Instead, beginning with their 2014 bonus payments, named

executive officers have been required to use 30% of their annual incentive compensation payments to purchase Company shares on the open market. The Company replaced traditional stock and option grants with the share purchase requirement to avoid diluting our shareholders by issuing stock options or restricted stock awards. The share purchase requirement must be completed within the first nine months of the year in which the bonus is paid and named executive officers are required to hold the shares for at least three years. Any failure to complete required purchases or retain the shares acquired for the minimum ownership period may result in penalties ranging from the reduction of future salary or bonus payments to termination, subject to the discretion of the Compensation Committee. The Compensation Committee established the purchase percentage of 30% to split the after-tax incentive award payments approximately equally between cash and share purchases. In addition, the Compensation Committee added the minimum holding period to ensure the proper alignment of interests, similar to vesting schedules typically associated with share awards. In 2017, the Compensation Committee added a targeted ownership percentage based on a multiple of the salaries of the named executive officers, as more fully described below in Additional Agreements.

Performance Objectives

The Compensation Committee established performance objectives at two levels that impacted annual incentive awards for all three named executive officers:

- Company Performance Objectives - The Company's annual business plan establishes key goals at the Company level.
- Individual Performance Objectives - At the beginning of each year, qualitative and quantitative individual goals were established for each named executive officer. The Compensation Committee established the individual goals of the Chief Executive Officer, with the individual goals of the Executive Vice President and Chief Financial Officer established by the Chief Executive Officer.

In addition to the preceding performance objectives, the Executive Vice President had additional performance objectives, both qualitative and quantitative, related to the key activities of our U.S. Operations business segment.

Prior to becoming externally managed, the Compensation Committee, in its sole discretion, set the company and segment performance requirements for the named executive officers. The Board of Directors reviewed and approved the Company's business plan, which established the performance objectives for the Company and its segments. These Company and segment performance objectives were key determinants of the annual incentive award payment for the Company's named executive officers. In addition, the Compensation Committee set certain qualitative standards for the named executive officers to ensure that they perform their individual duties to shareholders, the Company and its employees in an ethical manner.

The Compensation Committee considered the following factors in setting performance objectives and when evaluating performance:

- the Company's short- and long-term strategy with a focus on positioning the Company to be able to execute on attractive opportunities consistent with its mission and values;
- economic, industry and competitive environments;
- the achievement of performance objectives for the plan year, as described below;
- the maintenance of a corporate culture that fosters performance through integrity, innovation and service; and
- the completion of external financial reporting in a timely fashion.

The Compensation Committee used each of the performance objectives, without over-reliance on any one objective, to determine the annual incentive award for the named executive officers. This provided significant flexibility for the Compensation Committee to reward outperformance in any given year, while also retaining the ability to reduce (or eliminate) the annual incentive award if the objectives are not met or Company performance is below plan.

In establishing the Company's financial performance objectives, the Compensation Committee used certain non-GAAP measures. The primary non-GAAP measurement focuses on growing the intrinsic value of the Company over the long-term. The purpose of using this internal metric was to assess the Company's financial position without giving effect to certain items required by application of accounting assumptions and, by so doing, to incentivize long-term value creation over short-term financial reporting requirements or market pricing. This was intended to discourage management from focusing on quarter-over-quarter market forces that are beyond their ability to control and instead reward the development and execution of long-term value strategies in a responsible and ethical manner. Executive and Company performance were generally measured by achievement of a targeted annual percentage increase in this intrinsic value metric. Another important performance objective in 2016 and 2017 was to raise capital for the renewable energy lending, low-income housing tax credit and international affordable housing business lines.

For 2016 and 2017, when determining the compensation of the named executive officers, the Compensation Committee determined that both the quantitative and qualitative goals were met, and certain objectives significantly exceeded and, as a consequence, that the annual incentive awards would reflect that performance. In addition to growing the intrinsic value of the Company in each year above pre-established growth objectives, the named executive officers effectively executed the business plan by increasing the capital available to the renewable energy lending, low-income housing tax credit and international affordable housing business lines during each year. Finally, the named executive officers implemented strategies consistent with the qualitative measures set forth by the Compensation Committee, including fostering a corporate culture of integrity, innovation and service. When determining the 2016 bonus compensation, the Board considered the 2016 FPL Compensation Study which identified the prior compensation of the named executive officers as below that of their peers, this, in turn, also influenced the determination of the 2017 bonus compensation for the named executive officers.

Compensation Mix

For our named executive officers, total compensation is made up of two parts, base salary and annual incentive award, 30% of which is required to be used to purchase our shares in the open market. Prior to being externally managed, the Compensation Committee used broad discretion in setting annual incentive compensation for the named executive officers in order to maintain flexibility and reward the executives based on how they performed against their annual objectives. This flexibility allowed the Compensation Committee to reward outperformance and keep total compensation to the named executive officers competitive in the marketplace. Given their significant outperformance against their objectives in 2016 and 2017, the Compensation Committee approved the following awards:

2017 Annual Incentive Compensation (paid in 2018):

- Michael L. Falcone's annual incentive compensation was 206% of his base salary.
- Gary A. Mentasana's annual incentive compensation was 200% of his base salary.
- David C. Bjarnason's annual incentive compensation was 97% of his base salary.

2016 Annual Incentive Compensation (paid in 2017):

- Michael L. Falcone's annual incentive compensation was 207% of his base salary.
- Gary A. Mentasana's annual incentive compensation was 200% of his base salary.
- David C. Bjarnason's annual incentive compensation was 81% of his base salary.

Other Elements of the Compensation Program

All other elements of the Compensation Program reflected in the following paragraphs were the programs available when the named executive officers were employees of the Company. These programs are discontinued effective with the transition to becoming externally managed. The named executive officers are currently subject to the other compensation programs available through the Manager.

Defined Contribution Savings Plan Matching

Named executive officers were eligible to defer up to 100% of their eligible pay (up to the prescribed IRS qualified plan limitations) into the MMA Capital Management 401(k) Profit Sharing Plan, a qualified

tax-deferred defined contribution plan maintained for all employees. The IRS qualified plan limits were \$18,000 for 2017, with an incremental catch-up of \$6,000 for employees age 50 or older. The base contribution limit was increased for 2018 to \$18,500, while no change was made to the catch-up contribution limit.

For 2016 the Company provided a maximum match of \$7,000 for the Company's 401(k) plan. The maximum matching contribution was the same for all employees of the Company and is based on an employee's elective deferral percentage. For 2017 the Company increased the maximum matching contribution to \$7,500 for all employees.

Long-term Disability Insurance

The Company provided long-term disability insurance on an after-tax basis in an amount equal to 66% of one-year's salary. This benefit was provided to all employees, was treated as additional taxable income to the employee and is included in the named executive officer compensation table below.

Life Insurance

The Company provided life insurance with a benefit equal to the amount specified in the employment agreement for each named executive officer (see below, Employment Agreement Summary)

Severance and Change in Control Benefits

The Company provided severance and change of control benefits as specified in the employment agreement for each named executive officer (see below, Employment Agreement Summary). The post-separation compensation was the full base salary remaining under the current agreement, plus all other benefits to which they are entitled under their employment agreement through the end of the term of the agreement. In addition, upon termination of employment, whether with or without cause, or due to a change-of-control, an additional termination compensation payment would potentially be due to our named executive officers (payable in equal quarterly installments). The estimated amounts payable due to severance and/or change of control are summarized in the Potential Payments Upon Termination or Change-of-Control table.

Tax Deductibility

When determining compensation of the executive officers, the Company does not consider the deductibility of compensation under Section 162(m) of the Internal Revenue Code.

Elements not Included in our Compensation Program

Nonqualified Deferred Contribution and Compensation Plans

For calendar year 2017 the Company did not maintain any nonqualified deferred contribution or compensation plans for any employee.

Pension Benefits

We did not maintain any tax qualified benefit plans, supplemental executive retirement plans or similar plans for which information is required to be reported in a pension benefit table.

Risk Management Associated with the Compensation Program

The named executive officer compensation program set forth by the Compensation Committee focused its risk management in two ways: 1) increasing current ownership through annual required share purchases and 2) setting goals based on the alignment of long-term interests between management and shareholders. The use of annual incentive compensation awards allowed for maximum flexibility by the Compensation Committee to reduce or eliminate bonus awards for performance. In addition, share purchases executed pursuant to annual incentive awards have a minimum holding period of three years to ensure continued alignment of interests with shareholders. Finally, in setting annual performance targets, the Compensation Committee avoided the use of financial statement metrics (such as book value) and stock price

performance. The Company's compensation program was designed to encourage executives to seek long-term value without relying on quarter-to-quarter variations in financial reporting or market performance.

Pay Ratio Information

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related SEC rule (the "Rule"), the Company is required to disclose the ratio of the total compensation of its CEO to the total compensation of its median employee.

For fiscal 2017:

- the median of the annual total compensation of all employees of the Company (other than the CEO) was \$96,967;
- the annual total compensation of the CEO, as reported in the Summary Compensation Table included in this proxy statement, was \$1,722,314; and
- based on this information, the ratio of the annual total compensation of the CEO to the median of the annual total compensation of all employees was 18 to 1.

The pay ratio above represents the Company's reasonable estimate calculated in a manner consistent with the Rule and applicable guidance. The Rule and guidance provide significant flexibility in how companies identify the median employee, and each company may use a different methodology and make different assumptions particular to that company. As a result, as the SEC explained when it adopted the Rule, in considering the pay-ratio disclosure, shareholders should keep in mind that the Rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow shareholders to better understand and assess each particular company's compensation practices and pay-ratio disclosures. Set forth below is a description of the methodology, including any material assumptions, adjustments and estimates, the Company used to identify the median employee for purposes of the Rule.

Approximately 30 of the Company's 66 employees are located in the U.S., while 36 employees are located in South Africa. For purposes of this calculation, we have excluded 150 employees associated with the South African property management business which the Company acquired in the third quarter of 2017.

To identify the "median employee", and based on such population, the Company first measured each employee's total compensation by aggregating their full-year 2017 base salary, incentive bonus paid for 2017 performance and 401(k) match (if any), as reflected in its payroll records. In measuring the total compensation of each employee, we did not make any adjustments for the cost of living difference between South Africa and the United States in this measurement. This compensation measure was consistently applied to all employees included in the calculation and, based on the structure of our compensation program, we believe it reasonably reflects the annual compensation of employees. Because we do not maintain a defined benefit or other actuarial plan for our employees, the median employee's annual total compensation did not include amounts attributable to these arrangements.

After establishing the total compensation for each employee, the Company selected the employee whose total compensation was at the median of the Company's employee population, who was a Senior Accountant based in the United States. The Company then calculated the annual total compensation for this employee using the same methodology used to calculate annual total compensation for the named executive officers as set forth in the Summary

Compensation Table. The Company determined that the median employee's annual total compensation for the fiscal year ended December 31, 2017 was \$96,967.

Grants of Plan-Based Awards

| Name | Grant Date | Estimated Future Payouts Under Non-Equity Incentive Plan Awards Target(1) (\$) |
|------|------------|--|
|------|------------|--|

Michael Falcone 02/02/2017 1,150,000
David Bjarnason 02/01/2017 308,000
Gary Mentasana 02/01/2017 1,000,000

(1) Target is a baseline representative amount based on prior year performance.

The Compensation Committee had broad discretion to set the maximum annual incentive award for the named executive officers, depending on the performance of the Company and the NEOs against the objectives set by the Company. Target is a baseline representative amount based on the prior year performance; however, the Compensation Committee may reduce a named executive officer's award to zero in the event of Company and/or employee does not meet objectives. In addition, the Compensation Committee may exceed target in years where outperformance of objectives warrants greater compensation.

There were no awards of stock options or other equity-based awards in 2017. The use of stock options and other equity awards has been phased out of current compensation for named executive officers.

21

(see prior discussion of Elements of Compensation in the Compensation Discussion and Analysis). The Board retains its ability to reinstate shared-based plan awards in future years.

Outstanding Equity Awards at Fiscal Year-End

The following table shows all outstanding equity awards held by the named executive officers at December 31, 2017, including stock option awards and unvested deferred shares. Our named executive officers did not exercise any options in 2017; however, as a result of the recent externalization of management, they will be required to exercise the options before January 8, 2019 or the options will expire under the terms of those agreements.

Potential Payments Upon Termination or Change-of-Control

The following payments would be due to the named executive officers had a termination or change-of-control occurred on December 31, 2017. In the case of a change-of-control, the termination payment is due in four equal, quarterly installments in the year following termination, while the base salary is payable over the remaining term of their employment agreements. As the annual incentive compensation award is at the discretion of the Compensation Committee, there is no required payment at termination, though the Compensation Committee may elect to provide for a portion of any annual incentive award at that time.

Employment Agreements and Other Agreements

Michael L. Falcone

On November 19, 2015, we entered into a new employment agreement with Mr. Falcone pursuant to which Mr. Falcone continued to be employed as Chief Executive Officer. The employment agreement had a three-year term ending on December 31, 2018 and provided for an annual base compensation of \$555,000 for calendar year 2016, subject to annual increases thereafter at the discretion of the Compensation Committee. The employment agreement contained the following terms and conditions:

- In addition to base compensation, Mr. Falcone was eligible to receive annual incentive compensation payable in cash, shares, options or otherwise as determined by the Compensation Committee based on individual and Company performance.

- The Company could terminate the agreement for cause, which included gross negligence, intentional misconduct, conviction of a serious crime, breach of certain non-competition restrictions or breach of the duty of loyalty. "Cause" also included certain violations of law and certain failures by Mr. Falcone to perform services reasonably requested of him. If we terminated the agreement for cause or Mr. Falcone terminated his agreement for other than good reason (as defined in the agreement), he was entitled to receive base salary up through the date of termination but no portion of any incentive compensation for the fiscal year of termination.
- Upon termination of the agreement (i) by the Company without cause, (ii) by Mr. Falcone for good reason or (iii) because of disability, Mr. Falcone was entitled to receive benefits through the date of termination, a cash severance of \$1,000,000, to be paid in four equal quarterly payments beginning on the first day of the first calendar month following the termination date, and any outstanding deferred cash and equity awards will become fully vested.
- In the event there was a change of control, as defined in the MMA Capital Management, LLC 2010 Share Incentive Plan (which did not apply to a change of control approved by the Board of Directors of the Company as constituted immediately prior to the date such change of control occurs or is deemed to occur), any termination event within the first six (6) months following a change of control shall be deemed to be without cause unless the reason for termination was related to: 1) intentional misconduct; 2) receipt of money in connection with his employment in knowing violation of law; 3) breach of the noncompetition provisions of the agreement; or 4) unappealable conviction of a crime (other than traffic violations).
- The agreement provided for a death benefit equal to \$1,000,000 in the event of Mr. Falcone's death.
- The agreement included a covenant not to compete whereby Mr. Falcone agreed not to compete with the Company, not to divulge confidential Company information, and not to solicit Company employees or customers for a period of time following the end of his employment with the Company. The term of the non-compete extended to the later of (i) the date which is 12 months from the date of termination, or (ii) December 31, 2018.
- The agreement required us to indemnify Mr. Falcone from any and all liability for acts or omissions performed in the course of his employment.

In connection with becoming externally managed, our employment agreement with Mr. Falcone was assumed by our Manager on January 8, 2018 and we no longer have an employment agreement with Mr. Falcone.

In April 2012, Mr. Falcone received an option award to purchase 140,000 common shares at an exercise price of \$1.80 per share (all share awards are split-adjusted amounts to reflect the September 29, 2014 1-for-5 reverse stock split). The option award vested in two parts, 1) a time-based component of 80,000 shares that vested in four equal parts, 20,000 upon grant and the remainder in equal annual installments over a 3-year period and 2) a performance based component of 60,000 shares that vested in five equal installments

each time the Company's 30-day average stock price improved \$2.50 per share, starting at \$5.00 per share and concluding at \$15.00 per share. The options are fully vested and will expire on April 24, 2022.

In May 2013, Mr. Falcone received a deferred share award of 22,722 shares, which provided for the issuance of unrestricted shares upon the occurrence of specified vesting conditions. The vesting occurred in two parts, 1) a time-based component of 11,361 shares that vested in three equal annual installments on March 20, 2014, 2015 and 2016 and 2) a performance-based component of 11,361 shares that vested in three equal installments each time the Company's 30-day average stock price improved \$2.50 per share, starting at \$7.50 per share and concluding at \$12.50 per share. The deferred share award has vested in full.

In May 2014, Mr. Falcone received a deferred cash award of \$200,000, under which Mr. Falcone received cash following the occurrence of specified vesting conditions. The vesting occurs in two parts, 1) a time-based component of \$100,000 that vests in three equal annual installments on March 31, 2015, 2016 and 2017 and 2) a performance-based component of \$100,000, which vested in three equal installments each time the Company's 30-day average stock price improved \$2.50 per share, starting at \$8.75 per share and concluding at \$13.75 per share. The estimated after-tax proceeds of the award were required to be used to purchase shares of MMA through open-market purchases. All amounts from this award have vested and required share purchases have been completed.

"Cause" also included certain violations of law and certain failures by Mr. Mentosana to perform services reasonably requested of him. If we terminated the agreement for cause or Mr. Mentosana terminated his agreement for other than good reason (as defined in the agreement), he was entitled to receive base salary up through the date of termination but no portion of any incentive compensation for the fiscal year of termination.
- Upon termination of the agreement (i) by the Company without cause, (ii) by Mr. Mentosana for good reason or (iii) because of disability, Mr. Mentosana was entitled to receive benefits through the date of termination, a cash severance of \$500,000, to be paid in four equal quarterly payments beginning on the first day of the first calendar month following the termination date, and any outstanding deferred cash and equity awards will become fully vested.
- In the event there was a change of control, as defined in the MMA Capital Management, LLC 2010 Share Incentive Plan (which did not apply to a change of control approved by the Board of Directors of the Company as constituted immediately prior to the date such change of control occurs or is deemed to occur), any termination event within the

first six (6) months following a change of control shall be deemed to be without cause unless the reason for termination was related to: 1) intentional misconduct; 2) receipt of money in connection with his employment in knowing violation of law; 3) breach of the noncompetition provisions of the agreement; or 4) unappealable conviction of a crime (other than traffic violations).

- The agreement required us to indemnify Mr. Mentasana from any and all liability for acts or omissions performed in the course of his employment.

In connection with becoming externally managed, our employment agreement with Mr. Mentasana was assumed by our Manager on January 8, 2018 and we no longer have an employment agreement with Mr. Mentasana.

In March 2012, Mr. Mentasana received an option award to purchase 100,000 common shares at an exercise price of \$1.80 per share (all share awards are split-adjusted amounts to reflect the September 29, 2014 1-for-5 reverse stock split). The option award vests in two parts, 1) a time-based component of 70,000 shares that vested in four equal parts, 17,500 upon grant and the remainder in equal annual installments over a 3-year period and 2) a performance-based component of 30,000 shares that vested in five equal installments each time the Company's 30-day average stock price improved \$2.50 per share, starting at \$5.00 per share and concluding at \$15.00 per share. The estimated after-tax proceeds of the award were required to be used to purchase shares of the Company through open-market purchases. All amounts from this award have vested and required share purchases have been completed.

David C. Bjarnason

On July 10, 2015, the registrant and David C. Bjarnason executed an employment agreement effective as of August 3, 2015, pursuant to which Mr. Bjarnason became an Executive Vice President of the Company immediately and became Chief Financial Officer effective August 17, 2015. - The agreement required us to indemnify Mr. Bjarnason from any and all liability for acts or omissions performed in the course of his employment.

In connection with becoming externally managed, our employment agreement with Mr. Bjarnason was assumed by our Manager on January 8, 2018 and we no longer have an employment agreement with Mr. Bjarnason.

Additional Agreements

On February 16 and 18, 2016, the Company entered into share purchase agreements with Messrs. Falcone and Mentasana, respectively, with respect to the use of bonuses paid in calendar year 2016. Further, on February 21, 2017, the Company entered into identical agreements with each Messrs. Falcone, Bjarnason and Mentasana with respect to the use of bonuses paid in calendar year 2017.

The share purchase agreements contain the following material terms and conditions:

- The agreements require the purchase of Company shares through open-market purchases, in an amount equal to the 30% of the employee's annual incentive award paid during a calendar year. Purchases must be completed by September 30th of that same year.
- The agreements shall be considered an amendment to the existing employment agreements for these individuals.
- Shares purchased as a result of these agreements must be held for at least three (3) years, absent prior approval of the Compensation Committee.

Failure to satisfy share purchase obligations by September 30th of a given calendar year, or to hold the shares for the required holding period, may result in disciplinary action, up to and including the reduction of compensation and termination of service.

On January 8, 2018, Messrs. Falcone, Bjarnason and Montesana entered into agreements with the Company whereby they have agreed (i) to use one-third of their bonuses for 2017 (payable in 2018) to acquire shares of the Company and (ii) to retain all of their shareholdings (including their option shares on an as-converted basis) until the end of their current respective employment agreements (subject to downward adjustment solely to take into account any "cashless exercise" of their existing options) and thereafter to retain a portion of their shares equal to five times, three times and three times their base salaries, respectively, throughout the term of their employment agreements, including any new employment agreements entered into with the Manager. While subject to these agreements, the named officers are restricted from selling shares if such a sale would result in their ownership dropping below the prescribed multiple.

Following the expiration of the current employment agreements which were assumed by Manager on January 8, 2018, and which expire on December 31, 2018 for Messrs. Falcone and Montesana and August 2, 2018 for Mr. Bjarnason, any new agreements with the named executive officers will be with the Manager, not the Company. Under the management agreement, all, or a portion, of the compensation determined under the new agreements for the named executive officers may be allocable to Company matters and, as such, subject to reimbursement as described in the External Management section of this CD&A.

| Lisa Kay | 2017 | 45,000 | 45,000 | – | 90,000 |

- (1) Mr. Bloom is Chairman of the Audit Committee, Mr. Gallagher is the Chairman of the Board, Mr. Grant is Chairman of the Governance Committee and Mr. Puddester is Chairman of the Compensation Committee.
- (2) Pursuant to the 2012 Non-Employee Directors' Compensation Plan, fees earned in 2017 were to be paid one-half in cash and one-half in equity, which can be in the form of deferred shares, restricted shares, or non-qualified stock options. For 2017, all directors received deferred shares.

There were no stock options held by non-employee directors as of December 31, 2017.

Narrative to the Director Compensation Table

Directors who are employees of either MMA or the Manager, or affiliates of the Manager, do not receive additional fees for their service as a director; therefore, Mr. Falcone does not receive any fees for his service as a director and Mr. Hunt, upon his appointment to the Board, will also not be eligible for compensation.

On August 3, 2017, the Board approved changes to the compensation rate paid under the 2012 Non-Employee Directors' Compensation Plan (the "2012 Plan"), which increased annual director compensation from \$60,000 to \$120,000. No change was made in the requirement under the 2012 Plan that one-half be paid in cash and one-half be paid as an equity award of shares. In addition, the 2012 Plan provides for an additional fee payable to directors that chair a committee of the Board as follows: a \$10,000 fee to be paid for chairmanship of either the Compensation or Governance Committees; a \$15,000 fee payable for chairmanship of the Audit Committee; and a \$20,000 fee payable for chairmanship of the Board. In each case, the additional fee is payable one-half in cash and one-half in equity awards.

A director may elect to defer his or her annual equity award compensation. The election to defer compensation must be made prior to the start of the calendar year in which the compensation is to be earned. If the director elects to defer the receipt of shares, the director will receive dividends on the shares (to the extent declared by the Board for all common shares) during the deferral period. Director participants may elect that the deferred amounts, plus earnings, be distributed either upon retirement from the Board or on an interim distribution date. If a distribution date is not specified in the election, shares will be settled no more than 90 days after the participant's separation from service on the Board. Distributions are either in a lump sum, or based on the director's election made at the time of the deferral, in two-to-10 year installments. Once a distribution election is made, the election is irrevocable. Notwithstanding the foregoing, a participant may receive any amounts deferred by the participant in the event of an "Unforeseeable Emergency" as defined by the 2012 Plan.

Description of Plans Not Approved by Shareholders

The 2009 and 2010 MMA Capital Management, LLC Non-Employee Directors' Compensation Plans (the "2009 Plan," "2010 Plan," respectively) and the 2012 Plan (collectively with the 2009 Plan and 2010 Plan, the "DSP Plans") serve the interests of the Company and its shareholders by providing a means to attract and retain highly qualified persons to serve as non-employee directors of the Company and to promote ownership by such directors of a greater proprietary interest in the Company, thereby aligning such directors' interests more closely with the interests of shareholders of the Company. Collectively the DSP Plans provide for certain equity awards as part of the general compensation of the directors. With respect to the 2009 Plan and 2012 Plan, types of awards include shares in lieu of cash, restricted shares and non-qualified stock options. For the 2010 Plan, only shares in lieu of other awards, share awards, or restricted shares were permitted. All vesting terms of the DSP Plans are set at the discretion of the Compensation Committee subject to certain operating provisions of the DSP Plans, such as the change of control provisions of the respective DSP Plans.

The 2010 MMA Capital Management, LLC Share Incentive Plan (“2010 ESP”) serves the interests of the Company and its shareholders by providing a means to attract, retain, and reward executive officers and other key individuals of the Company and its subsidiaries, to link compensation to measures of the Company’s performance in order to provide additional share-based incentives to such individuals for the creation of shareholder value, and to promote a greater proprietary interest in the Company, thereby aligning such individuals’ interests more closely with the interests of shareholders of the Company. The 2010 ESP provides for up to 600,000 shares to be awarded at the discretion of the Compensation Committee. The types of awards available under the 2010 ESP include non-qualified stock options, stock appreciation rights, restricted shares, deferred shares, and shares granted as a bonus or in lieu of other awards.

Beginning in March 2013 no participant may receive greater than 50,000 share awards during any calendar year. All vesting terms are set at the discretion of the Compensation Committee subject to certain operating provisions of the 2010 ESP, such as the change of control provisions of the plan.

PROPOSAL 3 -- RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED ACCOUNTING FIRM

Upon the recommendation of the Audit Committee, the Board of Directors has appointed KPMG as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018. Representatives from KPMG are expected to be present at the meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate inquiries.

Before making its recommendation to the Board of Directors for appointment of KPMG, the Audit Committee carefully considered that firm's qualifications as the Company's independent registered public accounting firm, which included a review of KPMG's performance in prior years, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee expressed its satisfaction with KPMG in these respects.

The Company is asking its shareholders to ratify the selection of KPMG as the Company's independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board of Directors is submitting the selection of KPMG to shareholders for ratification because the Company values its shareholders' views on the Company's independent registered public accounting firm and as a matter of good corporate governance practice. If ratification is not obtained, the Audit Committee intends to continue the engagement of KPMG at least through the end of the 2018 fiscal year but will consider whether it is appropriate to select a different independent registered public accounting firm for 2019. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year or in subsequent years if it determines that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AS SET FORTH ABOVE.

Independent Registered Public Accounting Firm

In addition, the Audit Committee is responsible for monitoring the independence and performance of the Company's independent registered public accounting firm and internal audit function and for presenting its conclusions with respect to the independent registered public accounting firm to the full Board of Directors.

Pre-approval Policies and Procedures

The Audit Committee has written policies and procedures regarding pre-approval of services to MMA by its principal independent registered public accountants. Its policy is to pre-approve all auditing services and non-audit services (subject to de minimis exceptions). All of the audit, audit-related, tax and other services for which we were billed by our principal independent public accounting firm for 2017 and 2016 were pre-approved by the Audit Committee.

In addition, certain expenses related to the 2016 audit were not included in the prior year proxy as they were not accrued or determinable at the time the proxy was published. The 2016 amounts are updated to reflect approximately \$160.0 thousand of audit and related fees not previously reported for 2016.

Prior to the exercise of options that would result in greater than 4.9% ownership, the Board of Directors would need to classify each of Messrs. Falcone and Mentasana as an exempted person in order to avoid the potential dilution of his ownership interest under the Rights Plan. For purposes of the Rights Plan adopted by the Company in 2015, Mr. Falcone owns 3.2% of our shares and Mr. Mentasana owns 2.9%.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers to file reports of changes in ownership of our equity securities with the SEC. SEC regulations require that directors and executive officers furnish to us copies of all Section 16(a) forms they file. To the best of our knowledge, based solely on review of the copies of the reports that were furnished to us and written representations that no other reports were required, we believe that, all required filings were made in a timely manner during the fiscal year ended December 31, 2017.

SHAREHOLDERS SHARING THE SAME ADDRESS

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple shareholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials, unless the affected shareholder has provided contrary instructions. This procedure reduces printing costs and postage fees.

Once again this year, a number of brokers with account holders who beneficially own our common shares will be “householding” our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of the annual report and other proxy materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Shareholders may revoke their consent at any time by contacting Investor Relations Department, MMA Capital Management, LLC, 3600 O’Donnell Street, Suite 600, Baltimore, Maryland 21224.

Upon written or oral request, MMA Capital Management, LLC will promptly deliver a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate set of proxy materials to any beneficial owner at a shared address to which a single copy of any of those documents was delivered.
