Alternatively, you may vote your proxy by telephone or over the Internet by following the instructions on your proxy card. If you decide to attend the meeting, you may, if you wish, revoke the proxy and vote your shares in person.

PROXY STATEMENT

This Proxy Statement and a form of proxy were first mailed to stockholders on or about March 21, 2019. The following information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of Stockholders to be held on April 23, 2019, is submitted by the Company to the stockholders in connection with the solicitation of proxies on behalf of the Company's Board of Directors.

SOLICITATION OF AND POWER TO REVOKE PROXY

A form of proxy is enclosed. Each proxy submitted will be voted as directed, but if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors and in favor of ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019.

A stockholder executing and delivering a proxy has power to revoke the same and the authority thereby given at any time prior to the exercise of such authority, if he so elects, by contacting either proxy holder, by timely submitting a later dated proxy changing his vote, or by attending the meeting and voting in person. However, a beneficial stockholder who holds his shares in street name must secure a proxy from his broker before he can attend the meeting and vote. All costs of solicitation have been, and will be, borne by the Company.

CAPITAL STOCK

The outstanding capital stock of the Company on February 28, 2019 consisted of 34,194,936 shares of Common Stock, par value \$0.10 per share. Holders of Common Stock are entitled to one vote (non-cumulative) for each share of such stock registered in their respective names at the close of business on February 28, 2019 the record date for determining stockholders entitled to notice of, and to vote at, the meeting or any adjournment thereof.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. In accordance with the General Corporation Law of the state of Delaware, the election of the nominees named herein as Directors will require the affirmative vote of a plurality of the votes cast by the shares of Company Common Stock entitled to vote in the election provided that a quorum is present at the Annual Meeting. In the case of a plurality vote requirement (as in the election of directors), where no particular percentage vote is required, the outcome is solely a matter of comparing the number of votes cast for each nominee, with those nominees receiving the most votes being elected, and hence only votes for director nominees (and not abstentions or broker non-votes) are relevant to the outcome. In this case, the three nominees receiving the most votes will be elected. The affirmative vote of a majority of shares of common stock present in person or represented by proxy and entitled to vote at the meeting is required to approve the ratification of the appointment of the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. Abstentions will have the effect of a vote against the proposal for the ratification of the appointment of the Company's independent registered public accounting firm, while broker non-votes will have no effect on the proposal and will be disregarded.

There are no rights of appraisal or similar dissenter's rights with respect to any matter to be acted upon pursuant to this Proxy Statement. It is expected that shares held of record by officers and directors of the Company, which in the aggregate represent approximately 78.5 percent of the outstanding shares of Common Stock, will be voted for the nominees for directors, and for the ratification of the appointment of the Company's independent registered public accounting firm.

Audit Committee

The Audit Committee of the Board of Directors of the Company consists of Messrs. Henry B. Tippie (Chairman), James B. Williams, and Bill J. Dismuke, all of whom are independent, as discussed below. Mr. Larry L. Prince, a long-time independent director of the Company, served on the Audit Committee until he passed away on March 5, 2019. The Audit Committee held five meetings during the fiscal year ended December 31, 2018, including a meeting to review the Company's Form 10-K for the year ended December 31, 2017. The Board of Directors has determined that all of the Audit Committee members are independent as that term is defined by the rules of the U.S. Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE"). The Board of Directors has also determined that all of the Audit Committee members are "Audit Committee Financial Experts" as defined in the SEC rules. The Audit Committee meets with the Company's independent registered public accounting firm, internal auditor, Chief Executive Officer and Chief Financial Officer to review the scope and results of audits and recommendations made with respect to controls over financial reporting and specific accounting and financial reporting issues. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company for outside legal, accounting or other advisors as it deems necessary to carry out its duties. The Audit Committee Charter is available on the Company's website at www.marineproductscorp.com under the Governance section.

Compensation Committee

The Compensation Committee of the Board of Directors of the Company consists of Messrs. Henry B. Tippie (Chairman) and James B. Williams, both of whom are independent, as discussed below. Mr. Larry L. Prince, a long-time independent director of the Company, served on the Compensation Committee until he passed away on

March 5, 2019. It held two meetings during the fiscal year ended December 31, 2018. The function of the Compensation Committee is to review the base salary and cash-based incentive compensation for all of the executive officers. The Compensation Committee also

7

administers the Company's Stock Incentive Plans. The Compensation Committee does not have a formal charter and is not required to have one under the "controlled company" exemption under the NYSE rules, as described in the section titled "Director Independence and NYSE Requirements."

Diversity Committee

The Diversity Committee of the Board of Directors of the Company consists of Messrs. Henry B. Tippie (Chairman) and James B. Williams, both of whom are independent, as discussed below. Mr. Larry L. Prince, a long-time independent director of the Company, served on the Diversity Committee until he passed away on March 5, 2019. It held one meeting during the fiscal year ended December 31, 2018. The function of the Diversity Committee is to monitor compliance with applicable non-discrimination laws.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors of the Company consists of Messrs. Henry B. Tippie (Chairman) and James B. Williams, both of whom are independent, as discussed below. Mr. Larry L. Prince, a long-time independent director of the Company, served on the Nominating and Governance committee until he passed away on March 5, 2019. The Committee was formed in 2002 pursuant to a resolution passed by the Board of Directors for the following purposes:

- to recommend to the Board of Directors nominees for director and to consider any nominations properly made by a stockholder;
- upon request of the Board of Directors, to review and report to the Board with regard to matters of corporate governance; and
- to make recommendations to the Board of Directors regarding the agenda for annual stockholders' meetings and with respect to appropriate action to be taken in response to any stockholder proposals.

The Nominating and Governance Committee held one meeting during the fiscal year ended December 31, 2018. We are not required by law or by NYSE rules to have a nominating committee since we are a controlled corporation as described below under the heading "Director Independence and NYSE Requirements." We established the Nominating and Governance Committee to promote responsible corporate governance practices and we currently intend to maintain the Committee going forward.

Director Nominations

Under Delaware law, there are no statutory criteria or qualifications for directors. No criteria or qualifications have been prescribed by the Board at this time. The Nominating and Governance Committee does not have a charter or a formal policy with regard to the consideration of director candidates. As such, there is no formal policy relative to diversity, although as noted below, it is one of many factors that the Nominating and Governance Committee has the discretion to factor into its decision making. This discretion would extend to how the Committee might define diversity in a particular instance – whether in terms of background, viewpoint, experience, education, race, gender, national origin or other considerations. The Committee acts under the guidance of the Corporate Governance Guidelines approved by the Board of Directors and posted on the Company's website at www.marineproductscorp.com under the Governance section. The Board believes that it should preserve maximum flexibility in order to select directors with sound judgment and other desirable qualities. According to the Company's Corporate Governance Guidelines, the Board of Directors will be responsible for selecting nominees for election to the Board of Directors. The Board delegates the screening process to the Nominating and Governance Committee. This Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of the then current makeup of the Board. This determination takes into account all factors which the Committee considers appropriate, such as independence, experience, strength of character, mature judgment, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. The By-laws provide that nominations for the election of directors may be made by any stockholder entitled to vote for the election of directors. Nominations

must comply with an advance notice procedure which generally requires, with respect to nominations for directors for election at an annual meeting, that written notice be addressed to: The Corporate Secretary, Marine

8

Products Corporation, 2801 Buford Highway NE, Suite 520, Atlanta, Georgia 30329, and received not less than 90 nor more than 130 days prior to the anniversary of the prior year's annual meeting and set forth among other requirements specified in the By-laws, the name, age, business address and, if known, residence address of the nominee proposed in the notice, the principal occupation or employment of the nominee for the past five years, the nominee's qualifications, the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person and any other information relating to the person that would be required to be disclosed in a proxy statement or other filings. Other requirements related to the notice are contained in the By-laws and stockholders are advised to carefully review those requirements to ensure that nominations comply with the By-laws. The Committee will consider nominations from stockholders that satisfy these requirements.

The Committee is responsible for screening the nominees that are selected by the Board of Directors for nomination to the Board and for service on committees of the Board. To date, the Company has not received a recommendation for a director nominee from a stockholder. All of the nominees for directors being voted upon at the Annual Meeting to be held on April 23, 2019 are currently standing for re-election.

Board Leadership

The Company has had separate persons serving as its Chairman of the Board and Chief Executive Officer since its inception in 2001. Mr. R. Randall Rollins is our Chairman and chairs our Board meetings. Mr. Richard A. Hubbell is our President and Chief Executive Officer. We believe that it represents the appropriate structure for us at this time; the Chairman of the Board provides general oversight and strategic planning for the Company, while the President and Chief Executive Officer focuses on optimizing operational efficiencies.

Risk Oversight by Board of Directors

Our Board's oversight of risk has not been delegated to any Board Committee. "Risk" is an extremely broad concept that extends to multiple functional areas and crosses multiple disciplines. As such, risk may be addressed from time to time by the full Board or by one or more of our Committees. Senior management is responsible for identifying and managing material risks that we face and provides the Board with a summary of insurance coverage annually and updates as deemed necessary. Liquidity risk and cash management are handled primarily by our finance department which regularly provides a financial report to both the Audit Committee and to the full Board. Operational, business, regulatory and political risks are handled primarily by senior executive management which regularly provides various operational reports to, among others, the full Board or to the Executive Committee.

Director Independence and NYSE Requirements

Controlled Company Exemption

The Company has elected to be treated as a "controlled company" as defined by NYSE Section 303A.00. This Section provides that a controlled company need not comply with the requirements of Sections 303A.01, 303A.04 and 303A.05 of the NYSE Listed Company Manual. Section 303A.01 requires that listed companies have a majority of independent directors. As a controlled company, this Section does not apply to the Company. Sections 303A.04 and 303A.05 require that listed companies have a nominating and corporate governance committee and a compensation committee, in each case composed entirely of independent directors, and that each of these committees must have a charter that addresses both the committee's purpose and responsibilities and the need for an annual performance evaluation by the committee. While the Company has a nominating and corporate governance committee and a compensation committee, it is not required to and does not comply with all of the provisions of Sections 303A.04 and 303A.05. The Company is a "controlled company" because a group that includes the Company's Chairman, R. Randall Rollins and his brother, Gary W. Rollins, who is a Director of the Company and certain companies under their control, possesses in excess of fifty percent of the Company's voting power. This means that they have the ability to determine the outcome of the election of directors at

the Company's annual meetings and to determine the outcome of many significant corporate transactions, many of which only require the approval of a majority of the Company's voting power. Such a concentration of voting power could also have the effect of delaying or preventing a third party from acquiring the Company at a premium.

The Company's Audit Committee is composed of three "independent" directors as defined by the Company's Corporate Governance Guidelines, the NYSE rules, the Exchange Act, SEC regulations thereunder, and the Company's Audit Committee Charter. All of the members of the Compensation, Diversity and Nominating and Governance Committees are also "independent" directors. The independent directors of the Company are Messrs. Henry B. Tippie, James B. Williams, and Bill J. Dismuke. Mr. Larry L. Prince, a long-time independent director of the Company, served as a member of the Board of Directors until he passed away on March 5, 2019.

Independence Guidelines

Under NYSE listing standards, to be considered independent, a director must be determined to have no material relationship with the Company other than as a director. The NYSE standards set forth a nonexclusive list of relationships which are conclusively deemed material. The Company's Independence Guidelines are posted on the Company's website at www.marineproductscorp.com under the Governance section and include categorical standards for determining independence in specific situations.

Audit Committee Charter

Under the Company's Audit Committee Charter, in accordance with NYSE listing requirements and the Exchange Act, all members of the Audit Committee must be independent of management and the Company. A member of the Audit Committee is considered independent as long as he or she (i) does not accept any consulting, advisory, or compensatory fee from the Company, other than as a director or committee member; (ii) is not an affiliated person of the Company or its subsidiaries; and (iii) otherwise meets the independence requirements of the NYSE and the Company's Corporate Governance Guidelines.

Nonmaterial Relationships

After reviewing all of the relationships between the members of the Audit Committee and the Company, the Board of Directors determined that none of the members of the Audit Committee had any relationships not included within the categorical standards set forth in the Independence Guidelines and discussed above except as follows:

1.

Mr. Tippie was employed by Rollins, Inc. from 1953 to 1970, and held several offices with that company during that time, including as Executive Vice President – Finance, Secretary, Treasurer and Chief Financial Officer. Mr. Dismuke was employed by Rollins from 1979 to 1984 and held various offices within that company including Senior Vice President. Messrs. Randall and Gary Rollins are directors and executive officers of Rollins, Inc. and are part of a group that has voting control of Rollins, Inc.

2.

Mr. Tippie is Chairman of the Board of Directors of Dover Motorsports, Inc. and Dover Downs Gaming & Entertainment, Inc. Mr. Randall Rollins is also a director of these companies.

3.

Mr. Tippie is a co-trustee of The O. Wayne Rollins Foundation and of the Rollins Children's Trust. Mr. O. Wayne Rollins is the father of Messrs. Randall and Gary Rollins. The beneficiaries of the Rollins Children's Trust include the immediate family members of Messrs. Randall and Gary Rollins.

4.

Each of Messrs. Dismuke, Tippie and Williams and Ms. Rollins also serve on the Boards of Rollins, Inc. and RPC, Inc. Messrs. Randall and Gary Rollins are directors of RPC, Inc. and Rollins, Inc., and voting control over these companies is held by a control group of which Messrs. Randall and Gary Rollins are a part; Mr. Randall Rollins is an executive officer of Rollins, Inc. and RPC, Inc.

5.

Mr. Williams is the Chairman of the Board of the Woodruff Foundation, the Ichauway Foundation and the Woodruff Fund, Inc. Mr. Randall Rollins serves on the Woodruff Fund, Inc., Board.

As required by the Independence Guidelines, the Board of Directors unanimously concluded that the above-listed relationships would not affect the independent judgment of the independent directors, based on their experience, character and independent means, and therefore do not preclude an independence determination. All of the members of the Audit Committee are also independent under the heightened standards required for Audit Committee members. The Company's non-management directors meet at regularly scheduled executive sessions without management. In accordance with the NYSE corporate governance listing standards, Mr. Henry B. Tippie was elected by the Board of Directors as the Lead Director and presides during these executive sessions.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to formalize and promote better understanding of our policies and procedures. At least annually, the Board reviews these guidelines. As required by the rules of the NYSE, our Corporate Governance Guidelines require that our non-management directors meet in regularly scheduled executive sessions each year without management, and such meetings are currently required to occur at least twice annually. At the Company's website at www.marineproductscorp.com under the Governance section, you may access a copy of its Corporate Governance Guidelines, Audit Committee Charter, Code of Business Conduct and our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy and Independence Guidelines.

Code of Business Conduct

The Company has adopted a Code of Business Conduct applicable to all directors, officers and employees generally, as well as a Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy applicable to the principal executive officer, principal financial officer, and directors. Both codes are available on the Company's website at www.marineproductscorp.com under the Governance section.

REPORT OF THE AUDIT COMMITTEE

Management is responsible for the Company's internal controls, assessing the effectiveness of these controls and the financial reporting process. The Company's independent registered public accounting firm is responsible for performing independent audits of the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing reports thereon. The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles; that is the responsibility of management.

In fulfilling its oversight responsibilities with respect to the year ended December 31, 2018, the Audit Committee:

- Approved the terms of engagement of Grant Thornton LLP as the Company's independent registered public accounting firm for the year ended December 31, 2018;
- Reviewed with management the interim financial information included in the Forms 10-Q prior to their being filed with the SEC. In addition, the Committee reviewed all earnings releases with management and the Company's independent registered public accounting firm prior to their release;
- Reviewed and discussed with the Company's management and the independent registered public accounting firm the audited consolidated financial statements of the Company as of December 31, 2018 and 2017 and for the three years ended December 31, 2018;
- Reviewed and discussed with the Company's management and the independent registered public accounting firm, management's assessment whether the Company maintained effective control over financial reporting as of December 31, 2018;
- Discussed with the independent registered public accounting firm matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board; and
- Received from the independent registered public accounting firm the written disclosures and the letter in accordance with the requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the Committee concerning independence, and discussed with such firm its independence from the Company.

Based upon the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company and subsidiaries as of December 31, 2018 and 2017 and for the three years ended December 31, 2018 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 and for filing with the SEC.

In giving its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and (ii) the report of the Company's independent registered public accounting firm with respect to such financial statements.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

During the fiscal year ended December 31, 2018, the members of our Compensation Committee held primary responsibility for determining executive compensation levels. The Committee is currently composed of two of our non-management directors who do not participate in the Company's compensation plans. The Committee determines the compensation and administers the cash-based incentives for our executive officers. In addition, the Committee also administers our Stock Incentive Plans for all the employees.

The members of our Compensation Committee have extensive and varied experience with various public and private corporations – as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. Henry B. Tippie, the Chairman of the Compensation Committee, has served on the board of directors of twelve different publicly traded companies and has been involved in setting executive compensation levels at all of these companies. Mr. James B. Williams has served on the board of directors of several different publicly traded companies and has similarly been involved in setting executive compensation levels at many of these companies. Mr. Larry L. Prince, a long-time director and member of the Compensation Committee of the Company, who passed away on March 5, 2019, also had similar experience in setting executive compensation levels for publicly traded companies.

The Compensation Committee has authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate and permitted under applicable law. The Committee has not used the services of any compensation consultants in determining or recommending the amount or form of executive compensation.

The Compensation Committee believes that determinations relative to executive compensation levels are best left to the discretion of the Committee. In addition to the extensive experience and expertise of the Committee's members and their familiarity with the Company's performance and the performance of our executive officers, the Committee is able to draw on the experience of other directors and on various legal and accounting executives employed by the Company, and the Committee has access to readily available public information relative to structuring executive compensation programs and setting appropriate compensation levels. The Committee also believes that the structure of our executive compensation programs should not become overly complicated or difficult to understand. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels.

The Role of Shareholder Say-on-Pay Votes

The Company provides its stockholders with the opportunity to cast an advisory vote on executive compensation (a "say-on-pay proposal") once every three years. At the Company's Annual Meeting of Stockholders held in April 2017, a substantial majority of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation. The stockholders voted to hold a say-on-pay advisory vote on executive compensation every three years, and the Board resolved to accept the stockholders' recommendation. As a result, the advisory vote on executive compensation will be held again at the 2020 Annual Meeting of Stockholders. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for its executive officers.

General Compensation Objectives and Guidelines

The Company is engaged in a highly competitive industry. The success of the Company depends on its ability to attract and retain highly qualified and motivated executives. In order to accomplish this objective, the Company structures the executive compensation in a fashion that takes into account the Company's overall performance and the individual performance of the executive.

The Compensation Committee endorses the philosophy that executive compensation should reflect Company performance and the contribution of executive officers to that performance. The Company's compensation policy is designed to achieve three fundamental objectives: (i) attract and retain qualified executives, (ii) motivate performance to achieve Company objectives, and (iii) align the interests of our executives with the long-term interests of the Company's stockholders.

The Committee recognizes that there are many intangibles involved in evaluating performance and in motivating performance, and that determining an appropriate compensation level is a highly subjective endeavor. The analysis of the Committee is not based upon a structured formula and the objectives referred to above are not weighted in any formal manner. During the year, none of the executive officers made recommendations or otherwise contributed input on their own compensation. However, the Compensation Committee may from time to time solicit input from the Chairman when reviewing executive compensation.

The Company's executive officers are also executive officers of RPC and receive compensation directly from RPC. The members of the Company's Compensation Committee also constitute the Compensation Committee of RPC. In determining the compensation for the executive officers at the Company, the Committee considers these dual responsibilities and sources of compensation. The Company sets compensation of its executives at such levels so that the aggregate compensation received from both RPC and the Company is reasonable in light of their respective responsibilities and the performance of both companies and so that the compensation from the Company for services solely to the Company is reasonable. A discussion of the Company's executive officers' compensation at RPC is contained in its annual Proxy Statement filed with the SEC.

Pursuant to the Company's compensation philosophy, the total annual compensation of its executive officers is primarily made up of base salary, cash-based incentives and stock-based incentive compensation. In addition, the Company provides retirement compensation plans, group welfare benefits and certain perquisites.

We believe a competitive base salary is important to attract, retain and motivate top executives. We believe a performance-based incentive cash compensation plan is valuable in recognizing and rewarding individual achievement. Finally, we believe stock-based incentives make executives "think like owners" and, therefore, align their interests with those of our stockholders.

The Company does not have any formal stock ownership requirements for its executive officers, but notes that its current directors and executive officers are stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Company is mindful of the stock ownership of our directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. The Company provides in its insider trading policies that directors and executive officers may not sell Company securities short and may not sell puts, calls or other derivative securities tied to our Common Stock.

As a result of the Tax Cuts and Jobs Act, starting with compensation payable in 2018, Section 162(m) of the Internal Revenue Code will limit the Company from deducting compensation, including performance-based compensation, in excess of \$1,000,000 paid to our executive officers. The only exception to this rule is for compensation (including performance-based compensation) that is paid pursuant to a binding contract in effect on November 2, 2017, that would otherwise have been deductible under the prior Section 162(m) rules. Going forward, the Compensation Committee will, as before, retain full discretion to award compensation packages that best attract, retain and reward successful executive officers. Therefore, the Compensation Committee anticipates that it will award compensation that is not fully deductible under Section 162(m).

Our executive bonus agreements contain a provision that provides that, among other things, if any bonus amount is paid as a result of misrepresented or inaccurate performance, the Company may require repayment of some or all of the excess bonus paid, subject to applicable laws. This recoupment policy reflects the Company's high ethical standards and strict compliance with accounting and other regulations applicable to public companies. As all incentives and awards remain within the discretion of the Compensation Committee, the Committee also retains the ability to take any restatements or adjustments into account in subsequent years. In addition, the Sarbanes-Oxley Act requires in the case of accounting

restatements that result from material non-compliance with SEC financial reporting requirements, that the Chief Executive Officer and Chief Financial Officer must disgorge bonuses and other incentive-based compensation and profits on stock sales received during the 12 months following publication of the misstated financials, if the non-compliance results from misconduct.

Base Salary

The salary of each executive officer is determined by the Compensation Committee. In making its determinations, the Committee gives consideration to the recent financial performance of the Company, the magnitude of responsibilities, the scope of the position, individual performance and compensation paid by RPC. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels. There were no changes to officers' base salary in 2018. In January 2019, the base salaries of our executive officers were increased to the following amounts: Mr. Richard A. Hubbell: \$550,000 (\$50,000 increase from 2018); Mr. Ben M. Palmer: \$400,000 (\$50,000 increase from 2018); and Mr. R. Randall Rollins: \$500,000 (\$50,000 increase from 2018).

Cash-Based Incentives

The annual cash-based incentive compensation for the executive officers, is based upon broad performance objectives. The executive officers participate in a variety of individualized performance bonus programs designed by the Committee. These plans all have payouts subjectively based on net sales, net income, budget objectives, and other individual performance objectives. The individual performance objectives relate to each executive officer improving the contribution of his functional area of responsibility to further enhance the operating results of the Company. Bonuses are not made subject to any plan or program, written or unwritten, that is communicated in advance to the executive officers. No specific performance criteria are established in advance, and no specific ranges for bonuses are established in advance. Bonuses for a particular fiscal year are generally determined during the first quarter of the following fiscal year and paid at the discretion of the Compensation Committee. Discretionary bonuses were paid in early 2019 to our executive officers for performance during fiscal year 2018 in the following amounts: Mr. Richard A. Hubbell: \$400,000; Mr. Ben M. Palmer: \$275,000; and Mr. R. Randall Rollins: \$350,000.

Stock-Based Incentive Plans

Our SIP allows for a wide variety of stock-based awards such as stock options and restricted stock awards. We last issued stock options to the executive officers in 2003 and have no current plans to issue additional stock options. We have never issued any stock appreciation rights. Partially in response to changes relative to the manner in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity-based component of our executive compensation. In recent years, we have awarded time-based restricted stock in lieu of granting stock options. The terms and conditions of these awards are described in more detail below.

Awards under the Company's SIP are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. For the past three years, we have granted time-based restricted stock to various employees, including our executive officers, in January during our regularly scheduled meeting of the Compensation Committee during which the Committee reviews executive compensation. Consistent with this practice, we granted restricted stock awards to our executive officers in January 2019, 2018 and 2017. The shares granted in each of these years are as follows:

Name	2019	2018	2017
Richard A. Hubbell	13,000	20,000	20,000
Ben M. Palmer	10,500	16,000	15,900
R. Randall Rollins	13,000	20,000	20,000

When considering the grant of stock-based awards, the Committee gives consideration to the overall performance and the performance of individual employees. The amount of each grant to our executive officers is influenced in part by the Committee's subjective assessment of each individual's respective

contributions to achievement of the Company's long-term goals and objectives, in addition to the stock price around grant-date. In evaluating individual performance for these purposes, the Committee considers the overall contributions of executive management as a group and the Committee's subjective assessment of each individual's relative contribution to that performance rather than specific aspects of each individual's performance over a short-term period. We expect to continue annual grants of restricted stock awards although we reserve the right to modify or discontinue this or any of the other compensation practices at any time.

All of our restricted stock awards granted since 2004 have had the same features. The shares vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to disability or retirement on or after age 65), the unvested shares will be forfeited. In the event of death, or "change in control" as determined by the Board of Directors, all unvested restricted shares shall vest immediately.

Grants are made under our SIP which is administered pursuant to Rule 16b-3 of the Exchange Act.

Employment Agreements

There are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of severance or compensation, including incentive or bonus payments, to the executive officer.

Retirement Plans

The Company maintains a defined benefit pension plan (called the Retirement Income Plan) for all our eligible employees, a non-qualified supplemental retirement plan for our executives and certain other highly compensated employees and a 401(k) Plan for the benefit of all of our eligible employees. Messrs. Richard A. Hubbell, Ben M. Palmer, and R. Randall Rollins are not eligible to participate in the Company's Retirement Income Plan and 401(k) Plan because they participate in the corresponding plans at RPC. In 2002, the Company's Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. During 2002, the Company began permitting selected highly compensated employees to defer a portion of their compensation into the Company's non-qualified Supplemental Retirement Plan ("SRP"). The SRP is described in more detail under the caption "Nonqualified Deferred Compensation" on page 23.

Other Compensation

Messrs. Hubbell, Palmer, and Rollins, are eligible to participate in regular employee benefit programs, including the 401(k) Plan with Company match, group life insurance, group medical and dental coverage and other group benefit plans at RPC.

The following Compensation Committee Report shall not be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

Pay Ratio Disclosure

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), the SEC adopted a rule requiring annual disclosure of the ratio of the median employee’s annual total compensation to the total annual compensation of the principal executive officer (“PEO”). The Company’s PEO is Mr. Richard A. Hubbell. The purpose of the required disclosure is to provide a measure of the equitability of pay within the organization. The Company believes its compensation philosophy and process yield an equitable result.

Median Employee total annual compensation \$ 27,700

Mr. Richard A. Hubbell (PEO) total annual compensation \$ 1,179,400

Ratio of PEO to Median Employee Compensation 42.6:1

The Company has used the same median employee identified as of December 31, 2017 since there has been no significant change to its employee population or employee compensation arrangements that would significantly impact the pay ratio disclosure. The compensation disclosed above represents the total annual compensation of the

median employee for the year ended December 31, 2018. The Company does not have employees in foreign jurisdictions. Employees on leave of absence were excluded from the list and wages and salaries were annualized for those employees that were not employed for the full year of 2017 (other than seasonal and temporary employees). The median amount was selected from the annualized list. For simplicity, the value of the Company's 401(k) Plan and medical benefits provided was excluded since the PEO does not participate in those plans. As of December 31, 2018, the Company employed 976 persons.

The pay ratio disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, our pay ratio disclosure may not be comparable to the pay ratios reported by other companies.

These amounts represent aggregate grant date fair value for grants of restricted shares of Common Stock awarded in fiscal year 2018 under our Stock Incentive Plan computed in accordance with ASC Topic 718. Please refer to Note 11 to our Financial Statements contained in our Form 10-K for the period ended December 31, 2018 for a discussion of assumptions used in this computation. We do not include an estimate of forfeitures as one of our assumptions. Our Form 10-K has been included in our Annual Report and provided to our stockholders.

The table above reflects grants of restricted shares of Common Stock under the Stock Incentive Plan awarded in fiscal year 2018. All grants of restricted shares of Common Stock vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death, disability, change in control or retirement on or after age 65), the unvested shares will be forfeited. We have not issued any stock options since 2003 to the executive officers and have no immediate plans to issue additional stock options.

There are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of severance or compensation, including incentive or bonus payments, to the executive officer. The existing compensation and benefits received by the Company's Chief Executive Officer and the other executive officers are based on oral, at will arrangements. The Compensation Committee's compensation decisions are based upon broad performance and other objectives.

The executive officers are eligible to receive shares of Company Common Stock subject to options and restricted stock awards for Company Common Stock under the Company's Stock Incentive Plans, in such amounts and with such terms and conditions as determined by the Compensation Committee at the time of grant. All of the executive officers are eligible to participate in the Company's Supplemental Retirement Plan. Messrs. Hubbell, Palmer, and Rollins, are eligible to participate in regular employee benefit programs, including the 401(k) Plan with Company match, group life insurance, group medical and dental coverage and other group benefit plans at RPC. For more information on these plans, see "Compensation Discussion and Analysis" at page 14, and "Benefit Plans" at page 22.

BENEFIT PLANS

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer, under the Retirement Income Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Information regarding the Retirement Income Plan can be found in Note 10 to our Financial Statements contained in our Form 10-K for the period ended December 31, 2018.

(1)

All of the executive officers are eligible to receive benefits under the RPC Retirement Income Plan and therefore do not participate in the Company's Retirement Income Plan.

401(k) Plan

Effective July 1, 1984, the Company adopted a qualified retirement plan designed to meet the requirements of Section 401(k) of the Code. The Company made matching contributions of fifty cents (\$0.50) for each dollar (\$1.00) of a participant's contribution to the 401(k) Plan that does not exceed six percent of his or her annual compensation as of December 31, 2018. Effective January 1, 2019, the Company makes 100 percent matching contributions for each dollar (\$1.00) of a participant's contribution to the 401(k) Plan for the first three percent of his or her annual compensation and fifty cents (\$0.50) for each dollar (\$1.00) of a participant's contribution to the 401(k) Plan for the next three percent of his or her

22

annual compensation. The only form of benefit payment under the 401(k) Plan is a single lump-sum payment equal to the vested balance in the participant's account on the date the distribution is processed. Under the 401(k) Plan, the full amount of a participant's vested accrued benefit is payable upon his termination of employment, retirement, total and permanent disability, or death. Also under the 401(k) Plan, a participant may withdraw his or her pre-tax contributions to the extent of certain specified instances of financial hardship and may withdraw any amount from his or her pre-tax contribution account for any reason after attaining age 59½. In addition, a participant may withdraw any amount from his or her rollover account for any reason. Amounts contributed by the Company to the accounts of the named executive officers under this plan are reported in the "All Other Compensation" column of the Summary Compensation Table on page 19.

NONQUALIFIED DEFERRED COMPENSATION

The SRP has been established as a non-qualified plan that is designed to comply with the provisions of the American Jobs Creation Act of 2004 (including Section 409A of the Internal Revenue Code) for the cash contributions made to certain longer-serviced employees in lieu of freezing of the Retirement Income Plan benefit accruals effective in 2002; the SRP also has a compensation deferral option for eligible employees. The contributions and deferrals to the SRP are invested in funds held in a rabbi trust.

Richard A. Hubbell	—	—	—	—	—
Ben M. Palmer	—	—	—	—	—
R. Randall Rollins	—	—	—	—	—

The deferral option provides that participants may defer up to 50 percent of their base salary and up to 100 percent of their annual bonus with respect to any given plan year, subject to a \$2,000 per plan year minimum. All of the salary and bonus deferrals are fully vested. Accounts are credited with hypothetical earnings, and/or debited with hypothetical losses, based on the performance of certain "Measurement Funds." Account values are calculated as if the funds from deferrals and contributions had been converted into shares or other ownership units of selected Measurement Funds by purchasing (or selling, where relevant) such shares or units at the current purchase price of the relevant Measurement Fund at the time of the participant's selection. The benefits are unsecured general obligations of the Company to the participants, and these obligations rank in parity with the Company's other unsecured and unsubordinated indebtedness. To the extent that the Company's obligations under the SRP exceed assets available under the trust, the Company may be required to seek additional funding sources to fund its liability under the SRP. Generally, the SRP provides for distributions of any deferred amounts upon the earliest to occur of a participant's death, disability, retirement or other termination of employment (a "Termination Event"). However, for any deferrals of salary and bonus (but not Company contributions), participants would be entitled to designate a distribution date which is prior to a Termination Event. The SRP allows a participant to elect to receive distributions in installments or lump-sum payments.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The following table describes the potential payments and benefits under the Company's compensation and benefit plans and arrangements to which the named executive officers would be entitled upon termination of employment. There are no other agreements, arrangements or plans that entitle executive officers to severance, perquisites, or other enhanced benefits upon termination of their employment except as described below. Additional payments or benefits to a terminating executive officer would be at the discretion of the Compensation Committee.

In accordance with the terms of the defined benefit plan, the executive officers are not entitled to additional benefits at death or disability. The amounts payable at retirement are described in the "Benefit Plans" section on page 22. The executive officers can choose to receive the amounts accumulated in the SRP either as a lump-sum or in installments at retirement, death or disability. These amounts have been disclosed under the "Nonqualified Deferred Compensation" section on page 23. The table below reflects the incremental restricted shares and their values that would become vested as of December 31, 2018 using the closing market price of \$16.91 per share for our Common Stock, as of that date, in the case of retirement, disability, death or change in control.

Accrued Pay and Regular Retirement Benefits

The amounts shown in the preceding table do not include the following since they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

-

Accrued salary and vacation pay.

-

Distributions of plan balances under the 401(k) Plan.

Pension Benefit and Deferred Compensation

The Retirement Income Plan does not provide for lump sum payments for a participant including executive officers for instances other than retirement. The Retirement Income Plan is described above. Upon termination, the executive officers will receive a distribution of the balance in their SRP account. These amounts are disclosed under the “Nonqualified Deferred Compensation” section on page 23.

Change in Control or Severance. The Company does not have any severance for its executive officers. However, upon the occurrence of a “Change in Control,” as determined by the Board of Directors, all unvested time-lapse restricted stock shall immediately vest.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Effective with the spin-off in 2001, RPC began providing certain administrative services to the Company. The service agreements between RPC and the Company provide for the provision of services on a cost reimbursement basis and are terminable on six months' notice. The services covered by these agreements include administration of certain employee benefit programs and other administrative services. Charges from RPC (or from corporations that are subsidiaries of RPC) for such services aggregated approximately \$873,000 in 2018.

RPC and Marine Products own 50 percent each of a limited liability company called 255 RC, LLC that was created for the joint purchase and ownership of a corporate aircraft. Each of RPC and Marine Products is a party to an operating lease agreement with 255 RC, LLC for a period of five years. During 2018, Marine Products recorded certain net operating costs comprised of rent and an allocable share of fixed costs of approximately \$159,000 for the corporate aircraft.

A group that includes the Company's Chairman of the Board, R. Randall Rollins, his brother, Gary W. Rollins, who is also a director, and certain companies under their control, possesses in excess of fifty percent of the Company's voting power. Please refer to the discussion above under the heading, "Corporate Governance and Board of Directors Committees and Meetings, Director Independence and NYSE Requirements, Controlled Company Exemption." The group discussed above also controls in excess of fifty percent of RPC's voting power.

Our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy provides that related party transactions, as defined in Regulation S-K, Item 404(a) must be reviewed, approved and/or ratified by our Nominating and Governance Committee. As set forth in our Code, our Nominating and Governance Committee has the responsibility to ensure that it only approve or ratify related party transactions that are in compliance with applicable law, consistent with the Company's corporate governance policies (including those relative to conflicts of interest and usurpation of corporate opportunities) and on terms that are deemed to be fair to the Company. The Committee has the authority to hire legal, accounting, financial or other advisors as it may deem necessary or desirable and/or to delegate responsibilities to executive officers of the Company in connection with discharging its duties. A copy of the Code is available on our website at www.marineproductscorp.com under the Governance section. All related party transactions for the fiscal year ended December 31, 2018 were reviewed, approved and/or ratified by the Nominating and Governance Committee in accordance with the Code.

Grant Thornton has served as the Company's independent registered public accounting firm for many years and is considered by management to be well qualified. Representatives of Grant Thornton are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Pre-approval of Services

All of the services described above were pre-approved by the Company's Audit Committee. The Audit Committee has determined that the payments made to its independent registered public accounting firm for these services are compatible with maintaining such auditors' independence. A majority of the hours expended on the principal accountant's engagement to audit the financial statements of the Company for the fiscal year ended December 31, 2018 was attributable to work performed by full-time, permanent employees of the principal accountant.

The Audit Committee is directly responsible for the appointment and termination (subject, if applicable, to shareholder ratification), compensation, and oversight of the work of the independent registered public accounting firm, including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting. The Audit Committee is responsible for pre-approving all audit and non-audit services provided by the independent registered public accounting firm and ensuring that they are not engaged to perform the specific non-audit services proscribed by law or regulation.
