Item 2.02 Results of Operations and Financial Condition.

On January 5, 2006, Allegheny Technologies Incorporated issued a press release in which it announced that it expects to record a fourth quarter 2005 net special gain of \$14.5 to \$19.5 million, or \$0.14 to \$0.19 per share. The fourth quarter 2005 special items, which are primarily non-cash, are expected to include:

- O A \$38 to \$42 million, or \$0.37 to \$0.41 per share, net tax benefit related to the reversal of ATI's remaining valuation allowance for Federal net deferred tax assets.
- O A \$14 to \$15 million, or (\$0.14) to (\$0.15) per share, after-tax charge due to asset impairments, which is expected to result in future cash expenditures of less than \$2 million. This asset impairment charge primarily relates to a 2005 year-end decision to indefinitely idle ATI Allegheny Ludlum's West Leechburg, PA flat-rolled products finishing facility. There are approximately 45 hourly production and maintenance employees, and 25 laboratory employees at the West Leechburg plant. These employees will be provided positions at nearby Allegheny Ludlum facilities. ATI expects the consolidation to result in annual cost reductions of approximately \$10 million in its Flat-Rolled Products segment beginning in 2007.
- o A \$6 million, or (\$0.06) per share, after-tax charge for legal matters.
- o A \$2.5 million, or (\$0.02) per share, after-tax charge related to the cumulative effect of accounting change for the adoption of FASB Interpretation No. 47, "Accounting for Contingent Asset Retirement Obligations".

ATI plans to release fourth quarter 2005 earnings on January 25, 2006. A copy of the press release is attached as Exhibit 99.1.

The Company's news release contains forward-looking statements. These statements are based on management's current expectations and are subject to uncertainty and changes in circumstances. Actual results may differ materially from those projected in the forward-looking statements. Additional information concerning factors that could cause actual results to differ materially from those projected in the forward-looking statements is contained in Allegheny Technologies' filings with the Securities and Exchange Commission.

Item 2.06 Material Impairments.

For a description of the asset impairment decision made by the Company on December 30, 2005, see the relevant discussion under Item 2.02 above.

Item 8.01 Other Events.

The Company's appeal of an adverse jury verdict in favor of the San Diego Unified Port District in the amount of \$22.7 million was denied on January 5, 2006. The case concerned a lease of real property located in San Diego, California. These amounts have been fully reserved and no additional charge is required. The Company is evaluating its options for further appeal.
