Once authorized, the operation of absorption of the stocks of the stockholders of BBV Banco will have the following characteristics and will take place on 6/9/2003:

1. it will be accomplished by means of: a) the acquisition by Bradesco of 4,631,991,278 stocks issued by BBV Banco and held by Banco Bilbao Vizcaya Argentaria, S.A (BBVA), of which 1,523,283,014 are common and 3,108,708,264 preferred stocks, representing 49% of the common capital and 99.99% of the preferred capital, in the amount of R\$1,849,970,549.00; b) the absorption by Bradesco of the remaining stocks issued by BBV Banco, in the amount established in letter "a" of item "5";

3. in accordance with the specific Balance Sheets of the Companies, surveyed on 3.31.2003, the following Book Values of Stockholders' Equity were determined: BBV Banco - R\$2,584,692,686.24; and Bradesco - R\$11,707,743,139.86;
4. the stockholders of BBV Banco will be attributed 70,431,409,114 new nominative-book entry stocks with no nominal value, 35,482,189,407 of which are common and 34,949,219,707 preferred stocks, representing the capital of Bradesco. For each stock of BBV Banco, 44.422475667 stocks of Bradesco will be attributed, of which 22.379315072 are common and 22.043160595 preferred stocks, in order to maintain the same proportion of common and preferred stocks that currently exist in the capital of Bradesco;
5. the following criteria have been adopted for purposes of determining the stock substitution ratio:
  - a) the amount of R\$630,000,000.00 was attributed to the 1,585,490,409 stocks of BBV Banco, subject to transfer to Bradesco, equivalent to R\$0.397353397 per stock, with a basis on the economic value and as agreed on by the parties;
