

MGE ENERGY INC
Form U-3A-2
August 09, 2002

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM U-3A-2

*Statement by Holding Company Claiming Exemption under Rule U-3A-2
from the Provisions of the Public Utility Holding Company Act of 1935*

Initial Exemption Statement

MGE Energy, Inc.

(Name of Company)

hereby files with the Securities and Exchange Commission, pursuant to Rule 2, its statement claiming exemption as a holding company from the provisions of the Public Utility Holding Company Act of 1935 and submits the following information.

1. Name, state of organization, location, and nature of business of claimant and every subsidiary thereof, other than any exempt wholesale generator (EWG) or foreign utility company in which claimant directly or indirectly holds an interest.

MGE Energy, Inc. ("MGE Energy") was incorporated in Wisconsin on October 31, 2001. Presently, it is a wholly-owned subsidiary of Madison Gas and Electric Company ("MGE"). It has no assets, other than equity interests in two newly-formed entities, MGE Power, LLC and MGE Construct, LLC, and has no operations. On or about August 12, 2002, it is expected to become the parent holding company for MGE as a result of the consummation of an exchange of MGE Energy common stock for MGE common stock held by the existing shareholders of MGE. Following the share exchange, MGE will transfer by dividend all of the outstanding equity interests of Central Wisconsin Development Corporation, MAGAEL, LLC, and three inactive subsidiaries (Mid-America Technologies, Inc., North Central Technologies, Inc., and Wisconsin Resources Corporation) to MGE Energy. All of the business operations conducted by MGE and its subsidiaries immediately before the effective date of the share exchange will continue to be conducted by MGE and its subsidiaries immediately after the effective date of the share exchange.

Following the share exchange, MGE Energy will own, directly or indirectly, an interest in the following entities:

Madison Gas and Electric Company

MGE Energy will own 100% of MGE. MGE is a utility that generates and distributes electricity to approximately 128,000 customers in Dane County, Wisconsin (250 square miles) and purchases, transports, and distributes natural gas service to approximately 123,000 customers in seven Wisconsin counties: Columbia, Crawford, Dane, Iowa, Juneau, Monroe, and Vernon (1,375 square miles). MGE was organized as a Wisconsin corporation in 1896. Its principal offices are located at 133 South Blair Street, Madison, Wisconsin 53703.

Central Wisconsin Development Corporation

MGE Energy will own 100% of Central Wisconsin Development, a Wisconsin corporation headquartered in Madison, Wisconsin. Central Wisconsin Development assists new and expanding businesses throughout central Wisconsin by participating in planning, financing, property acquisition, joint ventures, and associated activities.

MAGAEL, LLC

MGE Energy will own 100% of MAGAEL, a Wisconsin limited liability company headquartered in Madison, Wisconsin. MAGAEL holds title to property acquired by MGE for future utility plant expansion and non-utility property.

MGE Power, LLC

MGE Energy owns 100% of MGE Power, a Wisconsin limited liability company headquartered in Madison, Wisconsin. MGE Power was formed in 2002 for the purpose of owning real estate and new generating assets. It does not presently have any assets or operations.

MGE Construct, LLC

MGE Energy owns 100% of MGE Construct, a Wisconsin limited liability company headquartered in Madison, Wisconsin. MGE Construct was formed in 2002 for the purpose of providing construction services for building new generation assets. It does not presently have any assets or operations.

Mid-America Technologies, Inc., North Central Technologies, Inc., and Wisconsin Resources Corporation

MGE Energy will own 100% of each of the above inactive subsidiaries. Each entity is a Wisconsin corporation headquartered in Madison, Wisconsin.

ATC Management Inc. / American Transmission Company LLC

MGE owns approximately 6% of the non-voting stock and 20% of the voting stock of ATC Management Inc., a Wisconsin corporation located at N16W23217 Stone Ridge Drive, Waukesha, Wisconsin 53188. ATC Management is the corporate manager of the American Transmission Company LLC ("Transco") and, as such, has full, complete, and exclusive discretion to exercise management control over the business of the Transco. Transco is a Wisconsin corporation located at N16W23217 Stone Ridge Drive, Waukesha, Wisconsin 53188. MGE owns approximately a 6% interest in the Transco, which operates the electric transmission system in Wisconsin.

2. A brief description of the properties of claimant and each of its subsidiary public utility companies used for the generation, transmission, and distribution of electric energy for sale, or for the production, transmission, and distribution of natural or manufactured gas, indicating the location of principal generating plants, transmission lines, producing fields, gas manufacturing plants, and electric and gas distribution facilities, including all such properties which are outside the state in which claimant and its subsidiaries are organized and all transmission or pipelines which deliver or receive electric energy or gas at the borders of such state.

MGE Energy will be a holding company and is not expected to own directly any facilities for the generation, transmission, or distribution of electric energy or for the production, transmission, or distribution of natural or manufactured gas.

MGE's major electric distribution lines and substations in service at December 31, 2001, are as follows:

| Distribution Lines | <i>Miles</i> | |
|---------------------------|--------------------|---------------------------------|
| | Overhead | Underground |
| 69 kV | 7 | 1 |
| 13.8 kV and under | 994 | 819 |
| Distribution | Substations | Installed Capacity (kVA) |
| 69-13.8 kV | 22 | 723,000 |
| 13.8-4 kV | 32 | 325,000 |

On January 1, 2001, MGE transferred its electric transmission assets to Transco. In exchange for its transmission plant and related deferred taxes and deferred investment tax credits, MGE received approximately a 6% ownership interest in Transco. MGE expects to receive a return on its investment in Transco that is approximately equal to the return it would have earned by retaining its transmission facilities. A small portion of the 69-kilovolt (kV) lines and substations has been classified as distribution assets.

MGE's net generating capability in service at December 31, 2001, was as follows:

| Plants | Location | Fuel | Net Capability (MW) | No. of Units |
|---------------------|---------------|-----------------|----------------------|--------------|
| Steam plants: | | | | |
| Columbia | Portage, WI | Low-sulfur coal | 232 ^(1,2) | 2 |
| Blount (Madison) | Madison, WI | Coal/gas | 99 | 2 |
| | | Gas | 39 | 2 |
| | | Coal/gas | 22 | 1 |
| | | Gas/oil | 35 | 4 |
| Combustion turbines | Madison, WI | Gas/oil | 170 | 6 |
| | Marinette, WI | | | |
| Portable generators | Madison, WI | Diesel | 51 | 55 |
| Wind turbines | Rosiere, WI | Wind | 2 | 17 |
| Total | | | 650 | |

1 - Base load generation

2 - MGE's 22% share of two, 527-MW units located near Portage, Wisconsin. The other owners are Alliant Energy Corp., which operates Columbia, and Wisconsin Public Service Corp.

MGE sold its 17.8% ownership interest in Kewaunee Nuclear Power Plant to Wisconsin Public Service in 2001.

MGE's gas facilities include 2,117 miles of distribution mains.

MGE supplied natural gas service to approximately 123,000 customers in the cities of Elroy, Madison, Middleton, Monona, Fitchburg, Lodi, Prairie du Chien, Verona, and Viroqua; 24 villages; and all or parts of 45 townships, all in Wisconsin.

MGE has physical interconnections with ANR Pipeline Co. (ANR) and Northern Natural Gas Co. (NNG). MGE's primary service territory, which includes Madison and the surrounding area, receives deliveries at one NNG and four ANR gate stations. Interconnections with two major pipelines provide competition in interstate pipeline service and a more reliable and economical supply mix, which includes gas from Canada and the United States mid-continent and Gulf/offshore regions.

3. The following information for the last calendar year with respect to claimant and each of its subsidiary public utility companies:

a. Number of kilowatt-hours (kWh) of electric energy sold (at retail or wholesale) and MCF of natural or manufactured gas distributed at retail.

By MGE:

Retail kWh: 2,936,540,000

Wholesale kWh: 69,544,000

Retail therms: 201,330,000

b. Number of kWh of electric energy and MCF of natural or manufactured gas distributed at retail outside the State in which each such company is organized.

None.

c. Number of kWh of electric energy and MCF of natural or manufactured gas sold at wholesale outside the State in which each such company is organized, or at the State line.

By MGE:

kWh: 9,497,000

therms: 15,621,000

d. Number of kWh of electric energy and MCF of natural or manufactured gas purchased outside the State in which each such company is organized, or at the State line.

By MGE:

kWh: 222,297,000

therms: 201,632,000

4. The following information for the reporting period with respect to claimant and each interest it holds, directly or indirectly, in an EWG or a foreign utility company, stating monetary amounts in united states dollars:

a. Name, location, business address, and description of the facilities used by the EWG or foreign utility company for the generation, transmission, and distribution of electric energy for sale or for the distribution at retail of natural or manufactured gas.

None.

b. Name of each system company that holds an interest in such EWG or foreign utility company, and description of the interest held.

None.

c. Type and amount of capital invested, directly or indirectly, by the holding company claiming exemption; any direct or indirect guarantee of the security of the EWG or foreign utility company by the holding company claiming exemption; and any debt or other financial obligation for which there is recourse, directly or indirectly, to the holding company claiming exemption or another system company, other than the EWG or foreign utility company.

None.

d. Capitalization and earnings of the EWG or foreign utility company during the reporting period.

None.

e. Identify any service, sales, or construction contract(s) between the EWG or foreign utility company and a system company, and describe the services to be rendered or goods sold and fees or revenues under such agreement(s).

None.

EXHIBIT A

The following financial statements of MGE are submitted herewith:

- Consolidated Statements of Income for the year ended December 31, 2001.
- Consolidated Balance Sheets for the year ended December 31, 2001.

MGE Energy presently has no assets or liabilities. Pro forma consolidated financial statements of MGE Energy are not provided since its consolidated assets and liabilities immediately after the completion of the share exchange will be the same as the consolidated assets and liabilities of MGE and its subsidiaries immediately before the completion of the share exchange. Consolidated financial statements of MGE Energy and its subsidiaries will be filed as exhibits to supplements to this Statement by MGE Energy on or before March 1 of each year.

Madison Gas and Electric Company and Subsidiaries

CONSOLIDATED STATEMENTS OF INCOME

| For the years ended December 31, <i>(In thousands, except per-share amounts)</i> | 2001 |
